Report of Independent Registered Public Accounting Firm

Plan Administrator
Starbucks Corporation
Employee Stock Purchase Plan 1995
Seattle, Washington

We have audited the accompanying statements of financial condition of the Starbucks Corporation Employee Stock Purchase Plan 1995 (the Plan) as of June 30, 2008 and 2007, and the related statements of income and equity for each of the three years in the period ended June 30, 2008. These financial statements are the responsibility of the Plan Administrator. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above, present fairly, in all material respects, the financial condition of the Starbucks Corporation Employee Stock Purchase Plan 1995 as of June 30, 2008 and 2007, and the related statements of income and equity for each of the three years in the period ended June 30, 2008, in conformity with accounting principles generally accepted in the United States of America.

NOTE A PLAN DESCRIPTION

The following description of the Starbucks Corporation Employee Stock Purchase Plan 1995 (the Plan) provides only general information. Participants should refer to the Plan prospectus for a more complete description of the Plan's provisions.

1. General

The Plan Administrator believes the Plan meets the qualification standards of Section 423 and 421 of the Internal Revenue Code of 1986, as amended (IRC). The Plan is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

The Plan generally covers all regular employees of Starbucks Corporation (the Company) who have been employed for at least 90 consecutive days and have been paid an average of approximately 20 hours or more per week during the three months preceding the quarterly offering.

On September 19, 2006, the Compensation and Management Development Committee of the Company's Board of Directors approved a technical amendment to the Plan effective October 1, 2006 to make appropriate adjustments mandatory to the number, kind, and the price of shares in the event of changes in capitalization such as a stock split.

2. Contributions

Participants may make contributions in whole percent increments to the Plan through after tax payroll deductions (not exceeding 10% of their base pay) for the purpose of purchasing the Company's common stock. The Plan commenced on July 1, 1995, and participants may purchase shares on each subsequent September 30, December 31, March 31, and June 30, until such time as the Plan is terminated (see Termination of the Plan). A maximum of 32,000,000 shares will be offered under the Plan.

3. Purchases and withdrawals

Participants may elect to purchase shares of Starbucks Corporation common stock from the Company at a price equal to 85% of the lesser of the fair market value on the first or last business day of each three-month period ending September 30, December 31, March 31, or June 30. If a participant elects to withdraw from the Plan, or exceeds the \$25,000 limit (see Limitations), the Company refunds the participant for amounts withheld but not yet used to purchase shares. The Plan purchased 2,662,856 shares during the year ended June 30, 2008 at prices ranging from \$13.38 to \$32.10. The Plan purchased 1,751,161 shares during the year ended June 30, 2007 at prices ranging from \$22.30 to \$32.10; and 1,566,541 shares during the year ended June 30, 2006 at prices ranging from \$21.29 to \$32.10. The Plan has purchased a total of 20,334,342 shares since the beginning of the Plan, leaving 11,665,658 shares reserved for future issue.

4. Assets

Assets are comprised of cash in participant accounts that were less than the amount necessary to purchase a full share, and cash contributed to the Plan greater than the cost of the maximum number of shares allowed to be purchased in any one calendar year (see Limitations). Fractional share amounts are deferred and are carried over to the next period.

5. Limitations

No employee shall be permitted to subscribe for any shares under the Plan if such employee would then own shares representing 5% or more of the total combined voting power or value of all classes of shares of the Company. Additionally, no participant may purchase shares under the Plan with an aggregate fair market value (determined at the time such right to subscribe is granted) in excess of \$25,000 in any one calendar year. Amounts in excess of \$25,000 are refunded to the participant.

6. Termination of the Plan

Upon termination of the Plan, the Company shall refund to each participant the balance of each participant's account. The Plan shall terminate at the earliest of the following:

The date of the filing of a Statement of Intent to Dissolve by the Company or the effective date of a merger or consolidation where the Company is not to be the surviving corporation, which merger or consolidation is not between or among corporations related to the Company. In such event, the Company may permit a participating employee to carry out the right to purchase to the extent that employee payroll deductions have accumulated;

The date the Board acts to terminate the Plan;

The date when all shares reserved under the Plan have been purchased.

7. Plan administration

All expenses for administration of the Plan are paid directly by the Company and are not reflected in the accompanying statements.

8. Plan accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

9. Use of estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP), management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

10. Tax status

The plan intends to operate under Section 423 and 421 of the IRC. In the opinion of the Plan Administrator, the Plan is currently operating in compliance with the applicable requirements of the IRC. During the years ended June 30, 2008, 2007, and 2006 there was no tax effect on the Plan, because there was no income. Participants are required to hold shares for a holding period that is the later of (a) the two-year period after the Commencement Date (as defined in the Plan) or (b) the one-year period after transfer to a participant of any shares under the Plan.
