PROXY STATEMENT
For the Annual Meeting of Stockholders
To Be Held on May 26, 2005

This proxy statement is furnished in connection with the solicitation by the board of directors of SS&C Technologies, Inc., a Delaware corporation, of proxies for use at the annual meeting of stockholders to be held on Thursday, May 26, 2005 at 9:00 a.m. at the offices of SS&C Technologies, Inc., 80 Lamberton Road, Windsor, Connecticut 06095 and at any adjournments thereof. Except where the context otherwise requires, references to SS&C, we or us in this proxy statement will mean SS&C Technologies, Inc. and any of its subsidiaries.

The notice of meeting, this proxy statement, the enclosed proxy card and our Annual Report on Form 10-K for the year ended December 31, 2004 are first being mailed or given to stockholders on or about April 29, 2005. We will furnish, upon written request of any stockholder and the payment of an appropriate processing fee, copies of the exhibits to our Annual Report on Form 10-K. Please address all such requests to SS&C Technologies, Inc., 80 Lamberton Road, Windsor, Connecticut 06095, Attention: Secretary.

Proxies will be voted in accordance with the instructions of the stockholders. If no choice is specified, proxies will be voted in favor of the matters set forth in the accompanying notice of meeting. A proxy may be revoked by a stockholder at any time before its exercise by delivery of a written revocation to our secretary. Attendance at the annual meeting will not itself be deemed to revoke a proxy unless the stockholder gives affirmative notice at the annual meeting that the stockholder intends to revoke the proxy and vote in person.

On April 15, 2005, the record date for determination of stockholders entitled to vote at the annual meeting, 22,970,130 shares of our common stock, \$0.01 par value per share, were outstanding and entitled to vote. Each share of common stock entitles the record holder to one vote on each matter to be voted upon at the annual meeting.

Votes Required

The holders of a majority of the shares of common stock issued and outstanding and entitled to vote at the annual meeting will constitute a quorum for the transaction of business at the annual meeting. Shares of common stock present in person or represented by proxy, including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval, will be counted for the purpose of determining whether a quorum exists at the annual meeting.

The affirmative vote of the holders of a plurality of the votes cast by the stockholders entitled to vote at the annual meeting is required for the election of directors.

Shares which abstain from voting as to a particular matter, and shares held in street name by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be counted as votes in favor of such matter, and will also not be counted as votes cast or shares voting on such matter. Abstentions and broker non-votes will have no effect on the election of directors, which requires the affirmative vote of a plurality of the votes cast.

PROPOSAL 1 ELECTION OF DIRECTORS

Directors and Nominees for Director

SS&C has a classified board of directors currently consisting of two Class I directors, Albert L. Lord and Jonathan M. Schofield, two Class II directors, David W. Clark, Jr. and Joseph H. Fisher, and three Class III directors, Patrick J. McDonnell, William C. Stone and James L. Sullivan. The Class I, Class II and Class III directors will serve until the annual meetings of stockholders to be held in 2006, 2007 and 2005, respectively, and until their respective successors are elected and qualified. At each annual meeting of stockholders, directors are elected for full three-year terms to succeed those directors whose terms are expiring.

In connection with the annual meeting and in accordance with our by-laws, the board of directors has reduced the number of Class III directors from three to two, effective immediately prior to the annual meeting. Unless the proxy is marked otherwise, the persons named in the enclosed proxy will vote to elect, as Class III directors, William C. Stone and William C. (Curt) Hunter, to serve for the ensuing three-year term. Patrick J. McDonnell and James L. Sullivan are not standing for reelection as Class III directors.

Each Class III director will be elected to hold office until the 2008 annual meeting of stockholders and until his successor is elected and qualified. Each nominee has indicated his willingness to serve, if elected; however, if any nominee should be unable to serve, the person acting under the proxy may vote the proxy for a substitute nominee. The board of directors has no reason to believe that the nominees will be unable to serve if elected.

For each member of the board of directors whose term of office as a director continues after the annual meeting, including those who are nominees for election as Class III directors, there follows information given by each concerning his principal occupation and business experience for at least the past five years, the names of other publicly held companies for which he serves as a director, his age and his length of service as a director of SS&C. There are no familial relationships among any of our directors, nominees for director and executive officers.

See Security Ownership of Certain Beneficial Owners and Management above for a summary of the shares of our common stock owned by each of the directors and director nominees.

Board Determination of Independence

Under applicable NASDAQ rules, a director will only qualify as an independent director if, in the opinion of our board of directors, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our board of directors has determined that none of Messrs. Clark, Fisher, Lord, McDonnell, Schofield or Sullivan has a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an independent director as defined under Rule 4200(a)(15) of The NASDAQ Stock Market, Inc. Marketplace Rules.

Board Meetings and Attendance

The board of directors met six times during 2004, either in person or by teleconference. During 2004, each director attended at least 75% of the meetings of the board of directors and of the committees on which he then served.

Director Attendance at Annual Meetings of Stockholders

Although we do not have a formal policy with respect to director attendance at annual meetings of stockholders, we try to schedule a regular meeting of the board each year on the same date as the annual

Table of Contents

meeting to facilitate director attendance. All of our directors attended the 2004 annual meeting of stockholders.

Board Committees

The board of directors has established three standing committees – audit, compensation and nominating – each of which operates under a charter that has been approved by the board of directors. Current copies of each committee’s charter are posted under Corporate Governance in the Investor Information section of our website, www.ssctech.com.

The board of directors has determined that all of the members of each of its three standing committees are independent – as defined under the rules of the NASDAQ Stock Market, including, in the case of all members of the audit committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934.

Audit Committee

The audit committee’s responsibilities include:

appointing, approving the compensation of, and assessing the independence of our registered public accounting firm;

overseeing the work of our registered public accounting firm, including through the receipt and consideration of certain reports from such firm;

reviewing and discussing with management and our registered public accounting firm SS&C’s annual and quarterly financial statements and related disclosures;

monitoring SS&C’s internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics;

establishing policies for the receipt and retention of accounting-related complaints and concerns; and

preparing the audit committee report required by SEC rules.

The audit committee met five times during 2004. The current members of the audit committee are Joseph H. Fisher (Chairman), Patrick J. McDonnell and James L. Sullivan. The board of directors has determined that each of Messrs. Fisher, McDonnell and Sullivan is an audit committee financial expert – as defined in Item 401(h) of Regulation S-K.

Compensation Committee

The compensation committee’s responsibilities include:

establishing the compensation of, and compensation policies applicable to, our chief executive officer;

establishing the compensation of, and compensation policies applicable to, our other executive officers;

overseeing and administering SS&C’s cash and equity incentive plans; and

reviewing and making recommendations to the board of directors with respect to director compensation.

The compensation committee met once during 2004. The current members of the compensation committee are Messrs. Clark, Lord and Schofield (Chairman).

Table of Contents

Nominating Committee

The responsibilities of the nominating committee include:
identifying individuals qualified to become board members;

recommending to the board the persons to be nominated for election to the board and to each of the board's committees; and

overseeing the evaluation of the board of directors.

The current members of the nominating committee are Messrs. Clark (Chairman), Fisher and Lord.

Director Candidates

The process followed by the nominating committee to identify and evaluate director candidates includes requests to board members, management and others for recommendations. If appropriate, the nominating committee intends to evaluate biographical information and background material relating to potential candidates and interview selected candidates.

In considering whether to recommend any particular candidate for inclusion in the board of directors slate of recommended director nominees, the nominating committee considers criteria established by the committee, including the candidate's integrity, business acumen, knowledge of SS&C's business and industry, experience, conflicts of interest and the ability to act in the interests of all stockholders. The nominating committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the board of directors to fulfill its responsibilities.

Stockholders may recommend individuals to the nominating committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made, to Nominating Committee, c/o Stephen V. R. Whitman, Secretary, SS&C Technologies, Inc., 80 Lambertson Road, Windsor, Connecticut 06095. Assuming that appropriate biographical and background material has been provided on a timely basis, the nominating committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Stockholders also have the right under our bylaws to directly nominate director candidates, without any action or recommendation on the part of the nominating committee or the board of directors, by following the procedures set forth below under Stockholder Proposals for 2006 Annual Meeting. The required notice must set forth the nominee's name, age, business address and, if known, residence address and principal occupation or employment, the number of shares of stock of SS&C which are beneficially owned by such nominee, and any other information concerning the nominee that must be disclosed as to nominees in proxy solicitations pursuant to Regulation 14A under the Exchange Act, including such person's written consent to be named as a nominee and to serve as a director if elected. The notice must also include the name and address, as they appear on SS&C's books, of the stockholder providing the notice and the class and number of SS&C shares which are beneficially owned by such stockholder. We may require any proposed nominee to furnish such other information as may reasonably be required by us to determine the eligibility of such proposed nominee to serve as a member of our board of directors.

At the annual meeting, stockholders will be asked to consider the election of William C. (Curt) Hunter, who has been nominated for election as a director for the first time. Dr. Hunter was originally proposed to the nominating committee by Mr. Stone, our chief executive officer, and the board determined to include him among its nominees.

Table of Contents

Communicating with the Independent Directors

The board of directors will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. The chairman of the nominating committee, with the assistance of our general counsel, is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he considers appropriate. Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the chairman of the nominating committee, in consultation with the general counsel, considers to be important for the directors to know. In general, communications relating to corporate governance and corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the board of directors should address such communications to Board of Directors, c/o Stephen V. R. Whitman, Secretary, SS&C Technologies, Inc., 80 Lambert Road, Windsor, Connecticut 06095.

Code of Business Conduct and Ethics

Upon the recommendation of our audit committee, our board of directors has adopted a code of business conduct and ethics that applies to all of our executive officers, directors and employees. We have posted a current copy of our code under Corporate Governance in the Investor Information section of our website, www.ssctech.com. To the extent permitted by applicable rules of the NASDAQ Stock Market, we intend to satisfy the disclosure requirements under Item 5.05 of Form 8-K regarding an amendment to, or waiver from, a provision of the code of business conduct and ethics with respect to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, by posting such information on our website.

Compensation of Directors

Each non-employee director is paid (1) an annual payment of \$10,000, (2) \$1,000 for attendance at each meeting of the board of directors and (3) \$500 for each committee meeting attended. Directors who are employees of SS&C are not entitled to compensation for attendance at these meetings in their capacities as directors. The chairman of the audit committee is also paid an annual payment of \$5,000, and the chairmen of the compensation and nominating committees are each paid an additional fee of \$2,500 per year for service as the head of a committee. All of the directors are reimbursed for expenses incurred in connection with their attendance at board and committee meetings. Non-employee directors are also awarded options under our 1996 Director Stock Option Plan.

1996 Director Stock Option Plan

Under the terms of the 1996 Director Stock Option Plan, our directors who are not employees of SS&C or any subsidiary of SS&C are eligible to receive non-statutory options to purchase shares of our common stock. A total of 675,000 shares of our common stock have been authorized for issuance under the director plan. As of February 28, 2005, 360,000 shares of our common stock were subject to issuance upon the exercise of outstanding options granted under the director plan.

Each eligible director receives options to purchase 5,000 shares of our common stock upon his or her initial election to the board of directors. In addition, options to purchase 5,000 shares of our common stock are granted to each eligible director on the date of each annual meeting of stockholders, provided that such director continues to serve as a director immediately after such annual meeting. All options granted under the director plan vest immediately on the date of grant, and the exercise price of options granted under the director plan equals the closing price of our common stock on the date of grant as reported on the NASDAQ National Market (or such other nationally recognized exchange or trading system if our common stock is no longer traded on the NASDAQ National Market).

Table of Contents

In the event an optionee under the director plan ceases to serve as a director of SS&C, each option may be exercised by the optionee at any time within 60 days after the date that the optionee ceases to serve as a director; provided, however, that in the event that the optionee ceases to serve as a director due to his or her death or disability, then the optionee, or his or her administrator, executor or heirs (as determined by the laws of descent and distribution) may exercise the option for up to 180 days after the date that the optionee ceases to serve as a director. No option granted under the director plan will be exercisable after the expiration of ten years from the date of grant.

Options to purchase 7,500 shares of our common stock at an exercise price of \$21.69 per share were granted under the director plan to each of Messrs. Clark, Fisher, Lord, McDonnell, Schofield and Sullivan on May 20, 2004, the date of our 2004 annual meeting of stockholders. On March 11, 2005, our board of directors amended the director plan to reduce from 7,500 to 5,000 the number of shares issuable upon the exercise of initial and annual director option grants.

Employment Agreements

In March 1996, SS&C and William C. Stone entered into an employment agreement providing for the employment of Mr. Stone as its president, chief executive officer and chairman of the board of directors. The agreement had an initial term of three years, which ended in March 1999. The agreement is automatically renewed for additional one-year terms until terminated either by Mr. Stone or us. Originally, the agreement provided for an annual base salary of \$250,000 and annual incentive compensation in an amount to be determined by the board of directors or the compensation committee in their respective discretion. In May 1999, the compensation committee increased Mr. Stone's base salary under the agreement to \$400,000 per year, and, in February 2004, the compensation committee increased Mr. Stone's base salary under the agreement to \$500,000 per year. If SS&C refuses to renew Mr. Stone's employment agreement at the conclusion of any one-year term, Mr. Stone will be entitled to receive an amount equal to his annual base salary at the time of non-renewal, payable without interest in twelve equal monthly installments. In the event of any disability that renders Mr. Stone unable to perform his duties under the agreement for six consecutive months, the agreement will terminate and Mr. Stone or his representative will be entitled to receive his base salary and incentive compensation prorated to the last day of the calendar month in which the termination occurs. The employment agreement will also terminate upon Mr. Stone's death, whereupon Mr. Stone's representative will be entitled to receive Mr. Stone's base salary and incentive compensation prorated for six months following Mr. Stone's death. The agreement contains a non-competition covenant pursuant to which Mr. Stone is prohibited from competing with us during his employment with us, and (1) for a period of two years after his termination, if Mr. Stone's employment is terminated for cause by us or voluntarily by Mr. Stone, or (2) for a period of one year if we refuse to

renew Mr. Stone's employment agreement pursuant to its terms.

Report of the Compensation Committee on Executive Compensation*Overview and Philosophy*

The compensation committee is responsible for establishing the compensation of, and the compensation policies with respect to, SS&C's executive officers, including the chief executive officer, and administering SS&C's stock option and equity plans. The compensation committee currently consists of Messrs. Clark, Lord and Schofield.

The objectives of SS&C's executive compensation program are to:

Attract and retain key executives critical to SS&C's long-term success;

Align the interests of executive officers with the interests of stockholders and SS&C's success; and

Recognize and reward individual performance and responsibility.

Executive Compensation Program

General. SS&C's executive compensation program consists of base salary, short-term incentive compensation in the form of cash bonuses and long-term incentive compensation in the form of stock options. In addition, executive officers are entitled to participate in benefit programs that are available generally to SS&C employees. These benefit programs include medical benefits, the employee stock purchase plan and the 401(k) profit sharing plan and trust.

For 2004, SS&C's management recommended the executive compensation packages, subject to approval and oversight by the compensation committee.

Base Compensation. William C. Stone is a party to an employment agreement with SS&C which is automatically renewed each year until terminated by either SS&C or Mr. Stone. For 2004, Mr. Stone's employment agreement provided for an annual base salary of \$500,000, subject to any increase as may be

Table of Contents

approved by the board of directors or the compensation committee and agreed to by Mr. Stone. The compensation committee generally assesses the level of Mr. Stone's salary based on the highly competitive market for executives in the software industry, the comparable compensation received by other SS&C executives and the compensation committee's qualitative judgment of Mr. Stone's contributions to SS&C and SS&C's performance. During 2004, Mr. Stone was instrumental in SS&C's growth in revenues and SS&C's increased profits.

For 2004, compensation for the other executive officers was set within the range of compensation for executives with comparable qualifications, experience and responsibilities at other companies in the same or similar businesses, based on the determination of management and approved by the compensation committee. In recommending and approving executive officer compensation levels for 2004, management and the compensation committee did not rely on any formal comparison with the compensation paid to executives by companies included in the NASDAQ's Computer and Data Processing Index, due to differences in the size, management structure, location and performance of these companies. Base compensation for each executive officer was set within a particular range on a case-by-case basis in light of each individual's contribution to SS&C as a whole, including his ability to motivate others, to develop the necessary skills to grow as SS&C matures, and to contribute to the success of the business.

Short-Term Incentive Compensation. Under SS&C's senior officer short-term incentive program, the compensation committee has discretionary authority to award cash bonuses to individual executive officers. The compensation committee believes the short-term incentive program provides significant incentive to SS&C's executive officers because it enables the compensation committee to reward outstanding individual achievement. The total amount of funds available for bonuses to executive officers and other employees in the incentive program is tied to SS&C's overall financial performance. In light of SS&C's successful financial performance during 2004, the compensation committee elected to award significantly higher bonuses to SS&C's executive officers, including SS&C's chief executive officer, for services rendered during 2004. The specific elements of SS&C's financial performance considered in setting Mr. Stone's bonus at \$700,000 included SS&C's improvements in revenue and profits during each quarter of 2004, reductions in operating costs and expansion of SS&C's client base.

Long-Term Incentive Compensation. SS&C provides long-term incentives to its executive officers and key employees in the form of stock options. The objectives of this program are to align executive and stockholder long-term interests by creating a strong and direct link between executive compensation and stockholder return, and to enable executives to develop and maintain a significant, long-term stock ownership position in the common stock. Stock options are granted at an option exercise price that is determined by the compensation committee as of the date of grant. Historically, the option exercise price has been the fair market value of the common stock at the time the option is granted. Accordingly, these stock options will only have value if SS&C's stock price increases above the fair market value of the common stock at the time the options were granted. In selecting executives eligible to receive option grants and determining the amount and frequency of such grants, the compensation committee evaluates a variety of factors, including (1) the job level of the executive and (2) past, current and prospective service to SS&C rendered, or to be rendered, by the executive. During 2004, SS&C granted options to purchase an aggregate of 87,500 shares of common stock to SS&C's executive officers. Mr. Boulanger received an option to purchase 50,000 shares in conjunction with his promotion to President and Chief Operating Officer, and Mr. Milne received an option to purchase 37,500 shares of common stock when he commenced work as Senior Vice President-International. In 2004, SS&C did not grant any options to Mr. Stone in light of his significant equity ownership in the company.

Section 162(m). Section 162(m) of the Internal Revenue Code of 1986 generally disallows a tax deduction to public companies for compensation over \$1 million paid to its chief executive officer and its four other most highly compensated executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. In general, SS&C structures and administers the long-term incentive compensation granted to executive officers under its 1998 Stock Incentive Plan in a manner intended to comply with the performance-based exception to Section 162(m). Nevertheless, there can be no assurance that

Table of Contents

compensation attributable to awards granted under the Plan will be treated as qualified performance-based compensation under Section 162(m). In addition, the compensation committee reserves the right to use its judgment to authorize compensation payments that may be subject to the limit when the compensation committee believes such payments are appropriate and in the best interests of SS&C and its stockholders, after taking into consideration changing business conditions and the performance of its employees.

Report of the Audit Committee of the Board of Directors

The audit committee is composed of three independent directors as defined by its charter and the rules of the NASDAQ Stock Market. The audit committee operates under a written charter, which was first adopted by the board of directors in May 2000 and replaced by a written charter adopted by the board of directors in March 2004.

Management is responsible for SS&C's internal controls and the financial reporting process. The registered public accounting firm is responsible for performing an independent audit of SS&C's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The audit committee's responsibility is to monitor and oversee these processes.

In this context, the audit committee has met and held discussions with management and SS&C's registered public accounting firm. Management represented to the audit committee that SS&C's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the audit committee has reviewed and discussed the consolidated financial statements with management and SS&C's registered public accounting firm.

The audit committee has discussed with SS&C's registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended by the Auditing Standards Board of the American Institute of Certified Public Accountants.

SS&C's registered public accounting firm also provided the audit committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). Independence Standards Board Standard No. 1 requires a registered public accounting firm annually to disclose in writing all relationships that in the firm's professional opinion may reasonably be thought to bear on independence, confirm its independence and engage in discussion of independence. In addition, the audit committee discussed with the registered public accounting firm its independence from SS&C. The audit committee also considered whether the registered public accounting firm's provision of certain other, non-audit related services to SS&C was compatible with maintaining such firm's independence.

Based on its discussions with management and the registered public accounting firm, and its review of the representations and information provided by management and the registered public accounting firm, the audit committee recommended to the board of directors that the audited consolidated financial statements be included in SS&C's Annual Report on Form 10-K for the year ended December 31, 2004.

1999 Non-Officer Employee Stock Incentive Plan

In October 1999, our board of directors adopted the 1999 Non-Officer Employee Stock Incentive Plan, pursuant to which nonstatutory stock options to purchase shares of common stock may be granted to employees, consultants and advisors of SS&C, other than executive officers.

The board of directors administers the non-officer plan. Our board of directors is authorized to adopt, amend and repeal the administrative rules, guidelines and practices relating to the non-officer plan and to interpret the provisions of the non-officer plan. The board of directors may amend, suspend or terminate the non-officer plan at any time. The board of directors has delegated the authority to administer certain aspects of the non-officer plan to the compensation committee and to William C. Stone.

The board of directors and the compensation committee have the authority to select the recipients of options under the non-officer plan and determine (1) the number of shares of common stock covered by such options, (2) the dates upon which such options become exercisable, which is typically one fourth on the first anniversary of the date of grant and one thirty-sixth at the end of each month thereafter until fully vested, (3) the exercise prices for such options, which may be less than, equal to or greater than the fair market value of the common stock on the date of grant, and (4) the expiration dates of such options.

Table of Contents

Mr. Stone, as chief executive officer, has the authority to award options under the non-officer plan, subject to parameters set by the board and to the extent permitted by applicable law.

The non-officer plan permits the following forms of payment of the exercise price of options: (1) payment by cash, check or in connection with a cashless exercise through a broker, (2) surrender to SS&C of shares of common stock, (3) delivery to SS&C of a promissory note, (4) any other lawful means, or (5) any combination of these forms of payment.

If any option granted under the non-officer plan expires or is terminated, surrendered, canceled or forfeited, the unused shares of common stock covered by such option will again be available for grant under the non-officer plan. No option may be granted under the non-officer plan on or after October 19, 2009, but awards previously granted may extend beyond the date.

Warrant

On March 29, 2002, SS&C granted Conseco, Inc., one of its customers, a warrant to purchase 90,000 shares of common stock. The warrant is exercisable in whole or in part at an exercise price of \$4.67 per share, provided that no individual exercise is for fewer than 7,500 shares. The warrant expires on March 29, 2007.

REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee has not yet selected a registered public accounting firm for the year ending December 31, 2005 and is in the process of evaluating firms, including PricewaterhouseCoopers LLP, our registered public accounting firm for 2004. Representatives of PricewaterhouseCoopers LLP are expected to be present at the annual meeting to respond to appropriate questions and to make statements if they so desire. If the audit committee has selected a registered public accounting firm for 2005 by the date of the annual meeting, representatives of such firm will be invited to attend the annual meeting, respond to appropriate questions and make statements if they so desire.
