	<b>Six Months</b>		<b>Years Ended in December</b>

- (1) For purposes of calculating the ratio of earnings to fixed charges, fixed charges include interest and one-third of rental expense (which we estimate to be the interest factor of rental expense); earnings available for fixed charges represent earnings before fixed charges and income taxes.

**DESCRIPTION OF THE DEBT SECURITIES**

The following description of the debt securities sets forth the material terms and provisions of the debt securities. The debt securities will be issued under an indenture, dated as of March 15, 2000, between us and The Bank of Nova Scotia Trust Company of New York, a copy of which is incorporated by reference as an exhibit to the registration statement of which this prospectus forms a part. The specific terms applicable to a particular issuance of debt securities and any variations from the terms set forth below will be set forth in the applicable prospectus supplement.

The following is a summary of the material terms and provisions of the indenture and the debt securities. You should refer to the indenture and the applicable prospectus supplement for complete information regarding the terms and provisions of the indenture and the debt securities.

**Table of Contents**

**General**

The debt securities will be our unsecured senior obligations and will rank equally with all of our other unsecured senior indebtedness from time to time outstanding.

We currently conduct significant operations through our subsidiaries and, as a result, our cash flows depend in part upon the cash flows of these subsidiaries and the availability of those cash flows to us. In addition, the payment of dividends, distributions and certain loans and advances to us by our subsidiaries may be subject to statutory or contractual restrictions, depend upon the earnings of the subsidiaries and are subject to various business considerations. Any right to receive the assets of any of our subsidiaries upon their liquidation, reorganization or recapitalization will be structurally subordinated to the claims of the creditors and any preferred shareholders of the respective subsidiaries. These creditors would include trade creditors and in the future may include lenders of additional debt for borrowed money. As a result of this subordination, the rights of the holders of the debt securities to participate in any distribution of assets in the situations referred to above will be similarly subordinated. Even if we are recognized as a creditor of the subsidiary, our claims would still be subordinated to the claims of any creditor having any security interests in the assets of the subsidiary (to the extent of these assets) and any indebtedness of the subsidiary senior in right of payment to that held by us.

A prospectus supplement relating to any series of debt securities being offered will include specific terms relating to the offering. Under the indenture, the specific terms of a particular series of debt securities will include the following:

the title of the debt securities;

any limit on the amount(s) that may be issued;

the maturity date(s) or the method by which this date or these dates will be determined;

the interest rate, if any, or the method of computing the interest rate;

the date or dates from which interest will accrue, or how this date or these dates will be determined, and the interest payment date or dates, if any, and any related record dates;

any mandatory or optional sinking fund or similar provisions;

if other than the principal amount, the portion of the principal amount, or the method by which the portion will be determined, of the debt securities that will be payable upon declaration of acceleration of the maturity of the debt securities;

the terms and conditions on which we may redeem the debt securities;

the terms and conditions on which we may be required to redeem the debt securities;

the place(s) where payments, if any, will be made on the debt securities and the place(s) where debt securities may be presented for transfer;

if other than denominations of \$1,000 and any integral multiple of \$1,000, the denominations in which any debt securities to be issued in registered form will be issuable;

whether the debt securities are issuable as registered securities, bearer securities or both, and the terms upon which bearer securities may be exchanged for registered securities;

special provisions relating to the issuance of any bearer securities of any series;

whether the debt securities are to be issued in the form of one or more global securities and, if so, the identity of the depository for the global security or securities;

the currency in which payments may be payable;

any changes to or additional events of default or covenants;

the form of debt securities and coupons, if any; and

any other terms of the debt securities.

We will have the ability under the indentures to reopen a previously issued series of debt securities and issue additional debt securities of that series or establish additional terms of that series.

## **Table of Contents**

Unless otherwise indicated in the applicable prospectus supplement, the covenants contained in the indenture may not protect holders of the debt securities in the event of a highly leveraged or other transaction involving us or our subsidiaries that may adversely affect the holders of the debt securities.

Debt securities may be issued under the indentures as original issue discount securities. An original issue discount security is a security, including any zero-coupon security, which:

is issued at a price lower than the amount payable upon its stated maturity and

provides that upon redemption or acceleration of the maturity, an amount less than the amount payable upon the stated maturity shall become due and payable.

If a series of debt securities is issued as original issue discount securities, the special U.S. federal income tax, accounting and other considerations applicable to original issue discount securities will be discussed in the applicable prospectus supplement.

## **Form, Exchange and Transfer**

The debt securities will be issuable as registered securities, as bearer securities or both. Ownership and transfer of debt securities which are issued as bearer securities will be based upon possession or delivery of the actual certificate; that is, the owner of a debt security issued as a bearer security will presumptively be the bearer of the security. By contrast, the ownership or transfer of debt securities issued as registered securities will be listed in the security register described in the indenture. If the debt securities are issued in bearer form, any restrictions and considerations, including offering restrictions and U.S. federal income tax considerations applicable to these debt securities, and to payment on and transfer and exchange of, these debt securities, will be described in the applicable prospectus supplement.

The indenture provides that debt securities may be issuable in global form which will be deposited with, or on behalf of, a depository, identified in an applicable prospectus supplement. If debt securities are issued in global form, one certificate will represent a large number of outstanding debt securities which may be held by separate persons, rather than each debt security being represented by a separate certificate.

If the purchase price, or the principal of, or any premium or interest on any debt securities is payable in, or if any debt securities are denominated in, one or more foreign currencies, the restrictions, elections, U.S. federal income tax considerations, specific terms and other information will be set forth in the applicable prospectus supplement.

Unless otherwise specified in the applicable prospectus supplement, registered securities denominated in U.S. dollars will be issued only in denominations of \$1,000 and whole multiples of \$1,000 and bearer securities denominated in U.S. dollars will be issued only in denominations of \$5,000 and whole multiples of \$5,000.

Debt securities may be presented for exchange, and registered securities other than book-entry securities, may be presented for registration of transfer with the applicable form of transfer duly executed, at the office of any transfer agent or at the office of the Security Registrar, as defined in the indenture, without service charge and upon payments of any taxes and other governmental charges as described in the indenture. This registration of transfer or exchange will be effected upon the transfer agent or the Security Registrar, as the case may be, being satisfied with the documents of title and identity of the person making the request. Bearer securities will be transferable by delivery.

A debt security in global form may not be transferred except as a whole by or between the depository for the debt security and any of its nominees or successors. If any debt security of a series is issuable in global form, the applicable

prospectus supplement will describe:

any circumstances under which beneficial owners of interests in that global debt security may exchange their interests for definitive debt securities of that series of like tenor and principal amount in any authorized form and denomination,

the manner of payment of principal, premium and interest, if any, on that global debt security and

the specific terms of the depositary arrangement with respect to that global debt security.

## **Table of Contents**

### **Payment and Paying Agents**

Unless otherwise specified in an applicable prospectus supplement, we will pay principal, any premium and interest on registered securities at the office of the paying agents we have designated, except that we may pay interest by check mailed to, or wire transfer to the account of, the holder. Unless otherwise specified in any applicable prospectus supplement, payment of any installment of interest on registered securities will be made to the person in whose name the registered security is registered at the close of business on the record date for this interest payment.

We will pay principal, any premium and interest on bearer securities in the currency and in the manner specified in the applicable prospectus supplement, subject to any applicable laws and regulations, at the paying agencies outside the United States we have designated. The paying agents outside the United States initially appointed by us for a series of debt securities will be named in the applicable prospectus supplement. In addition:

if debt securities of a series are issuable as registered securities, we will be required to maintain at least one paying agent in each place of payment for the series;

if debt securities of a series are issuable as bearer securities, we will be required to maintain a paying agent in a place of payment outside the United States where debt securities of the series and any coupons appertaining thereto may be presented and surrendered for payment; and

if the debt securities of a series are listed on any stock exchange located outside the United States and any such stock exchange requires us to maintain a paying agent in a city located outside the United States, we will comply with these requirements.

### **Covenants**

#### ***Certain Definitions***

For purposes of the following discussion, the following definitions are applicable.

*Attributable Debt* in respect of a Sale and Leaseback Transaction means, as of any particular time, the present value of the obligation of the lessee for rental payments during the remaining term of the lease (including any period for which such lease has been extended or may, at the option of the lessor, be extended). The present value will be discounted at the rate of interest implicit in the terms of the lease involved in this Sale and Leaseback Transaction, as determined in good faith by us.

*Consolidated Net Tangible Assets* means, as determined at any time, the aggregate amount of assets included on our consolidated balance sheet, less applicable reserves, after deducting therefrom:

all current liabilities of us and our Subsidiaries, which includes current maturities of long-term indebtedness and

the total of the net book values of all assets of us and our Subsidiaries properly classified as intangible assets under U.S. generally accepted accounting principles,

in each case as of the end of the last fiscal quarter for which financial information is available at the time of this calculation.

*Funded Debt* means all indebtedness which by its terms matures more than 12 months after the time of the computation of this amount or which is extendible or renewable at the option of the obligor on this indebtedness to a time more than 12 months after the time of the computation of this amount or which is classified, in accordance with generally accepted accounting principles, on our balance sheet as long-term debt.

*Principal Property* means any real property, manufacturing plant, warehouse, office building or other physical facility or other like depreciable physical assets of us or of any Subsidiary, whether owned at or acquired after the date of the senior indenture, having a net book value at the time of the determination in excess of the greater of 5% of Consolidated Net Tangible Assets or \$50 million. This definition excludes, in

**Table of Contents**

each case, any of the above which in the good faith opinion of our Board of Directors is not of material importance to the total business conducted by us and our Subsidiaries as a whole. As of the date of this Prospectus none of our assets constitute Principal Property as defined above.

*Sale and Leaseback Transaction* means any arrangement with any person providing for the leasing or use by us or any Subsidiary of any Principal Property, whether owned at the date of the indenture or thereafter acquired, excluding temporary leases of a term, including any renewal period, of not more than three years, which Principal Property has been or is to be sold or transferred by us or a Subsidiary to a person with an intention of taking back a lease of this property.

*Secured Debt* means indebtedness, other than indebtedness among us and our Subsidiaries, for money borrowed by us or a Subsidiary which is secured by:

a mortgage or other lien on any Principal Property, or

a pledge, lien or other security interest on any shares of stock or evidences of indebtedness of a Subsidiary.

If any amount of indebtedness among us and our Subsidiaries that is secured by any of these assets is transferred in any manner to any person other than us or a Subsidiary, this amount shall be deemed to be Secured Debt issued on the date of transfer.

*Subsidiary* means any corporation of which we, or we and one or more Subsidiaries, or any one or more Subsidiaries, directly or indirectly own a majority of the outstanding voting securities having voting power, under ordinary circumstances, to elect the directors of the corporation.

***Restrictions on Secured Debt***

If we or our Subsidiaries incur, assume or guarantee any Secured Debt, we must secure the debt securities equally and ratably with or, at our option, prior to the incurrence, assumption or guarantee of that Secured Debt. The foregoing restrictions are not applicable to:

any security interest on any property acquired by us or a Subsidiary and created within 180 days after the acquisition to secure or provide for the payment of all or any part of the purchase price of the property;

any security interest on any property improved or constructed by us or a Subsidiary and created within 180 days after the completion and commencement of commercial operation of the property to secure or provide for the payment of all or any part of the construction price of the property;

any security interest existing on property at the time of acquisition by us or a Subsidiary;

any security interest existing on the property or on the outstanding shares or indebtedness of a corporation at the time it becomes a Subsidiary, but not created in anticipation of the transaction in which the corporation becomes a Subsidiary;

any security interest on the property, shares or indebtedness of a corporation existing at the time the corporation is merged or consolidated with us or a Subsidiary or at the time of a sale, lease or other disposition of all or substantially all of the properties of a corporation or firm to us or a Subsidiary, but not created in anticipation of any such transaction;

any security interest in favor of governmental bodies to secure payments of any amounts owed under contract or statute; or

any extensions, renewals or replacements of any of the security interests referred to above.

Notwithstanding the above restriction, we and any one or more Subsidiaries may create, incur, assume or guarantee Secured Debt, including, for purposes of this paragraph, pursuant to a transaction to which the

**Table of Contents**

covenants described in the last item under the covenants described in Consolidation, Merger, Sale or Conveyance applies, without equally and ratably securing the debt securities to the extent that the sum of:

the amount of all Secured Debt then outstanding, other than Secured Debt referred to in the bullet points in the immediately preceding paragraph and Secured Debt deemed outstanding under the last item under the covenants described in Consolidation, Merger, Sale or Conveyance in connection with which we secure obligations on the debt securities then outstanding in accordance with the provisions of that item, plus

the amount of Attributable Debt in respect of Sale and Leaseback Transactions, other than Sale and Leaseback Transactions described in the bullet points in the immediately succeeding paragraph,

does not at the time exceed the greater of 10% of our Consolidated Net Tangible Assets or \$100 million.

***Restrictions on Sale and Leaseback Transactions***

Sale and Leaseback Transactions by us or any Subsidiary of any Principal Property are prohibited unless at the effective time of the Sale and Leaseback Transaction:

we or the Subsidiary would be entitled, without equally and ratably securing the senior debt securities, to incur Secured Debt secured by a mortgage or security interest on the Principal Property to be leased pursuant to the covenant described in Restrictions on Secured Debt above, or

we or the Subsidiary would be entitled, without equally and ratably securing the senior debt securities, to incur Secured Debt in an amount at least equal to the Attributable Debt, or

we shall apply an amount equal to the Attributable Debt, within 180 days after the effective date of the Sale and Leaseback Transaction, to the prepayment or retirement of senior debt securities or other indebtedness for borrowed money which was recorded as Funded Debt of us and our Subsidiaries, including the prepayment or retirement of any mortgage, lien or other security interest in the Principal Property existing prior to the Sale and Leaseback Transaction. The aggregate principal amount of the senior debt securities or other indebtedness required to be so retired will be reduced by the aggregate principal amount of

any senior debt securities delivered within 180 days after the effective date of any the Sale and Leaseback Transaction to the trustee for retirement, and

other indebtedness retired by us or a Subsidiary within 180 days after the effective date of the Sale and Leaseback Transaction.

**Consolidation, Merger, Sale or Conveyance**

We have the ability to merge or consolidate with, or sell, convey, or lease all or substantially all of our property, to another corporation, provided that:

it is a corporation incorporated in the United States;

the corporation assumes all of our obligations under the indentures and the debt securities;

no event of default would occur; and

prior to any transaction or any acquisition by us of the properties of any other person, which would result in any Principal Property or any shares of capital stock or indebtedness of any Subsidiary owned by us or any Subsidiary becoming subject to any lien or other security interest not permitted by the covenant described under Restrictions on Secured Debt, we, by supplemental indenture, secure the payment of the principal and any premium and interest, on the debt securities then outstanding, equally and ratably with any other indebtedness also entitled to security immediately following the transaction.

**Table of Contents**

**Events of Default**

The following are events of default with respect to any series of debt securities issued:

we fail to pay the principal or any premium when due;

we fail to deposit any sinking fund payment when due;

we fail to pay interest when due and our failure continues for 30 days;

we fail to observe or perform any other covenant, other than a covenant specifically relating to another series of debt securities and our failure continues for 90 days after receipt of written notice as provided in the indenture;

events of bankruptcy, insolvency or reorganization involving us or a Significant Subsidiary;

acceleration of indebtedness of us or a Significant Subsidiary aggregating more than \$50 million;

final and non-appealable judgments or orders to pay against us or a Significant Subsidiary, in the aggregate at any one time, of more than \$50 million, rendered by a court of competent jurisdiction, continued for 90 days during which execution shall not be effectively stayed or bonded, without discharge or reduction to \$50 million or less; and

any other events of default provided with respect to debt securities of that series.

As used above, the term **Significant Subsidiary** has the meaning ascribed to it in Regulation S-X under the Securities Act. Generally, a Significant Subsidiary is a subsidiary, together with its subsidiaries, that satisfies any of the following conditions:

we and our other subsidiaries' investments in and advances to the subsidiary exceed 10% of our total consolidated assets;

we and our other subsidiaries' proportionate share of the total assets of the subsidiary exceeds 10% of our total consolidated assets; or

we and other subsidiaries' equity in the income from continuing operations before income taxes, extraordinary items and cumulative effect of a change in accounting principle of the subsidiary exceeds 10% of our consolidated income.

If an event of default occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series may declare each debt security of that series due and payable immediately by a notice in writing to us, and to the applicable trustee if given by holders. No notice is required in the event of a bankruptcy, insolvency or reorganization involving us or a Significant Subsidiary.

A holder of the debt securities of any series will only have the right to institute a proceeding under the indenture or to seek other remedies if:

the holder has given written notice to the trustee of a continuing event of default;

Edgar Filing: HASBRO INC - Form S-3ASR

the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made written request;

these holders have offered reasonable indemnity to the trustee to institute proceedings as trustee;

the trustee does not institute a proceeding within 60 days; and

the trustee has not received written directions inconsistent with the request from the holders of a majority of the principal amount of the outstanding debt securities of that series during that 60-day period.

**Table of Contents**

We will annually file statements with the trustee regarding our compliance with the covenants in the indenture. The trustee will generally give the holders of debt securities notice within 90 days of the occurrence of an event of default known to the trustee.

**Waiver, Modifications and Amendment**

The holders of a majority of the principal amount of the outstanding debt securities of any particular series may waive past defaults with respect to that particular series, except for:

defaults on any required payments; or

defaults relating to any covenants of the indenture which cannot be changed without the consent of each holder of a debt security affected by the change.

The holders, voting as a single class and not by individual series, of a majority in aggregate principal amount of the outstanding senior debt securities of each series affected may waive our compliance with some of the restrictive provisions of the indenture.

We and the trustee may amend the indenture with the consent of the holders of a majority in aggregate principal amount of the debt securities outstanding thereunder. In addition, the rights of holders of a series of debt securities may be changed by us and the trustee with the written consent of the holders of a majority of the principal amount of the outstanding debt securities of each series that is affected. However, the following changes may only be made with the consent of each affected holder:

changing the stated maturity of principal or of any installment of principal or interest;

reducing the principal amount or any premium;

reducing the rate of interest;

reducing any premium payable upon redemption;

reducing the principal amount of an original issue discount security due and payable upon an acceleration of maturity;

changing the currency of payment of, or deleting any country from places of payment on, the debt securities or changing the obligation to maintain paying agencies;

impairing the right to sue for any payment on a debt security;

reducing the percentage of debt securities referred to above, the holders of which are required to consent to any waiver or amendment; or

modifying any of the above requirements.

For purposes of computing the required consents referred to above, and for all other purposes under the indenture, the aggregate principal amount of any outstanding debt securities not payable in U.S. dollars is the amount of U.S. dollars that could be obtained for this principal amount based on the spot rate of exchange for the applicable foreign currency

or currency unit as determined by us or by an authorized exchange rate agent.

**Defeasance and Covenant Defeasance**

Unless otherwise specified in the applicable prospectus supplement, subject to certain conditions, we may elect either:

defeasance, whereby we are discharged from any and all obligations with respect to the debt securities, except as may be otherwise provided in the indenture; or

We may do so by depositing with the trustee money, and/or certain government securities which through the payment of principal and interest in accordance with their terms will provide money in an amount sufficient to pay the principal and any premium and interest on the debt securities, and any mandatory sinking fund or analogous payments on their scheduled due dates. This type of a trust may only be established if, among other things, we have delivered to the trustee an opinion of counsel meeting the requirements set forth in the indenture. The applicable prospectus supplement may further describe the provisions, if any, permitting this type of defeasance or covenant defeasance with respect to debt securities of a particular series.

## **Governing Law**

**Item 15. *Indemnification of Directors and Officers***

The Registrant is incorporated in Rhode Island. Under Section 7-1.2-814 of the Rhode Island Business Corporation Act, a Rhode Island corporation has the power, under specified circumstances, to indemnify any individual made a party to any threatened, pending or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative, by reason of the fact that he or she is or was an officer or director if:

he or she conducted himself or herself in good faith,

he or she reasonably believed, in the case of conduct in his or her official capacity with the corporation, that his or her actions were in the corporation's best interests, and in all other cases, that his or her conduct was at least not opposed to the corporation's best interests,

in criminal proceedings, he or she had no reasonable cause to believe that his or her conduct was unlawful, or

he or she engaged in conduct for which broader indemnification has been made permissible or obligatory under a provision of the articles of incorporation.

The foregoing statement is subject to the detailed provisions of 7-1.2-814 of the Rhode Island Business Corporation Act.

Article X of the By-Laws of the Registrant provides that the Registrant shall indemnify its directors and officers to the full extent permitted by Section 7-1.2-814 of the Rhode Island Business Corporation Act, as the same may be

amended from time to time.

Section 7-1.2-202 of the Rhode Island Business Corporation Act provides that articles of incorporation may contain a provision eliminating or limiting the personal liability of a director to the corporation or its shareholders for monetary damages for breach of fiduciary duty as a director provided that the provision shall not eliminate or limit the liability of a director:

for any breach of the director's duty of loyalty to the corporation or its shareholders,

for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law,

under Section 7-1.2-811 of the Rhode Island Business Corporation Act, which relates to liability for unauthorized acquisitions or redemptions of, or dividends or distribution on, capital stock, or

for any transaction from which the director derived an improper personal benefit, unless said transaction is permitted by Section 7-1.2-807 of the Rhode Island Business Corporation Act, which relates to director conflicts of interest.

No provision eliminating or limiting the personal liability of a director will be effective with respect to causes of action arising prior to the inclusion of the provision in the articles of incorporation of the corporation.

Article Thirteenth of the Registrant's Articles of Incorporation contains such a provision.

Section 7-1.2-814(i) of the Rhode Island Business Corporation Act empowers a Rhode Island corporation to purchase and maintain insurance on behalf of any individual who is or was a director, officer, employee, or agent of the corporation, or who, while a director, officer, employee, or agent of the corporation, is or was serving at the request of the corporation as a director, officer, partner, trustee, employee, or agent of another foreign or domestic corporation, partnership, joint venture, trust, other enterprise, or employee benefit plan, against any liability asserted against him or her and incurred by him or her in any corporate capacity or arising out of his or her status as a director, officer, employee, or agent of the corporation, whether or not the corporation would have the power to indemnify him or her against the liability under the provisions of such section. The Registrant has a directors and officers liability insurance policy.

The Registrant has entered into an indemnification agreement with each of its directors, whereby the Registrant has agreed to indemnify each such director for amounts which the director is legally obligated to pay, including judgments, settlements of fines, including certain related expenses to be advanced by the Registrant, due to any actual or alleged breach of duty, neglect, error, misstatement, misleading statement or other act or omission by a director in his capacity as a director. This indemnification excludes claims:

covered by the Registrant's directors and officers liability insurance policy,

for which the director is otherwise indemnified or reimbursed,

relating to certain judgments or adjudications under which the director is liable for breaches of duty of loyalty, acts or omissions not in good faith or involving intentional misconduct or involving knowing violations of law, actions or certain transactions from which the director derives an improper personal benefit,

relating to the director's liability for accounting for profits under Section 16 of the Exchange Act,

in respect of remuneration, if found unlawful, and

as to which a final and non-appealable judgment has determined that payment to the director thereunder is unlawful.

**Item 16. Exhibits**

A list of exhibits filed herewith or incorporated by reference is contained in the Index to Exhibits beginning on page E-1, which is incorporated herein by reference.

**Item 17. *Undertakings***

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration

statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

*provided, however*, that paragraphs (a)(1)(i), (a)(1)(ii), and (a)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act, to any purchaser:

(i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act, shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at the date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act, to any purchaser in the initial distribution of the securities: The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned

**Table of Contents**

registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby further undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of any employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act, and will be governed by the final adjudication of such issue.

(d) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act, or the Act, in accordance with the rules and regulations prescribed by the SEC under Section 305(b)2 of the Act.
