WASHINGTON, DC, May 3, 2002---Strayer Education, Inc. (Nasdaq:STRA) today announced financial results for the three months ended March 31, 2002. Financial highlights are as follows:

THREE MONTHS ENDED MARCH 31

- o Revenues for the three months ended March 31, 2002 increased 26% to \$29.7 million, compared to \$23.6 million for the same period in 2001, due to increased enrollment and a 5% tuition increase commencing with the Winter quarter.
- o Operating income (EBIT) grew 3% to \$11.8 million from \$11.5 million for the same period in 2001. Operating income margin was 39.8%, compared to 48.5% for the same period in 2001, reflecting operating expenses associated with the opening of the three campuses in 2001 and the funding of the Company's announced growth strategy.
- o Net income was \$7.4 million compared to \$8.1 million for the same period in 2001. This decrease was largely attributable to a \$1.5 million reduction in investment income associated with the successful recapitalization of the Company, which decreased the Company's cash position, and a lower interest rate environment. Earnings per diluted share were \$0.52, compared to \$0.53 for the same period in 2001, as diluted weighted average shares outstanding decreased to 14,381,000 from 15,470,000 for the same period in 2001.

Commenting on the first quarter financial results, Robert S. Silberman, President and Chief Executive Officer of Strayer Education, Inc. stated, "We are very pleased with our revenue growth and EPS for the first quarter, as our course load per student and our drop rate were both better than we expected. In addition, strong operating margin performance at our mature campuses offset accelerated expenditures on the opening of our three new campuses in North Carolina."

Mr. Silberman continued, "Our 19% enrollment growth for the Spring term is a record for the University for any term. The enrollment growth was strong for both new and continuing students, and across all areas of our academic curriculum. We are pleased with the continued strong performance of our ONLINE organization as our new asynchronous offerings are proving very attractive to our students."

Capital expenditures for the quarter were \$12.8 million, of which \$12.0 million was for the purchase of three campus facilities. Bad debt expense declined from 1.6% of revenue in the first quarter 2001 to 1.5% for the same period in 2002. Days sales outstanding, adjusted to exclude tuition receivable related to future quarters, also improved from 8 days in the first quarter of 2001 to 6 days for the same period in 2002.

STUDENT ENROLLMENT

The Company reported that Spring 2002 Quarter total enrollment at its subsidiary, Strayer University, increased 19% to 14,335 students compared to 12,044 for the same quarter in 2001. Enrollment at mature campuses (those in operation greater than three years) was up slightly to 9,275 students from 9,273. Enrollments at new campuses (those in operation three years or less) increased 59% to 1,288 students from 810. Strayer ONLINE enrollments increased 92% to 3,772 students from 1,961. Total students taking courses online (including students at brick and mortar campuses taking at least one ONLINE course) in the Spring 2002 Quarter is 4,970. Across the Strayer University campus network, new student enrollments increased 17.4% and continuing student enrollments increased 19.4%.

EXPANDED ONLINE COURSE OFFERINGS

Strayer University began an asynchronous course pilot program in 2001 which featured five classes in the initial Summer 2001 Quarter rollout, increasing to 18 classes in the Fall 2001 Quarter and 63 in the Winter 2002 Quarter. The University is offering 153 asynchronous classes in the current Spring 2002 Quarter, and all required courses for its degree programs will be available asynchronously by the Fall 2002 Quarter.

NORTH CAROLINA EXPANSION

During the first quarter, the Company received regulatory approval to offer its programs in the state of North Carolina from the University of North Carolina Board of Governors, the applicable post-secondary regulatory authority in North Carolina, and the Middle States Commission on Higher Education. Strayer University plans to open three new campuses in North Carolina in 2002, two of which will be located in Charlotte and one in Raleigh-Durham.

6

The Company is on schedule to open all three campuses in time for the Summer Quarter classes commencing July 1st.

CORPORATE/GOVERNMENT SPONSORSHIPS

Also during the first quarter, Strayer University added two new sponsorship agreements: one with the World Bank, covering both Washington, D.C. based students and worldwide through Strayer ONLINE, and one with Northrop Grumman Information Technology.
