Item 1.01 Entry into a Material Definitive Agreement.

On September 18, 2007, First Interstate BancSystem, Inc., (Registrant) entered into a Stock Purchase Agreement (the Purchase Agreement) with First Western Bancorp, Inc. (First Western) to acquire First Western's banking and related data service subsidiaries. The Purchase Agreement was previously filed as an exhibit to the Registrant's Current Report on Form 8-K, as filed with the Securities and Exchange Commission on September 19, 2007. Effective January 10, 2008, the Purchase Agreement was amended to reduce both the purchase price and the required adjustments to the acquired banks' loan loss reserves by \$2,300,000. The First Amendment to the Stock Purchase Agreement is attached hereto as Exhibit 10.20 and is incorporated herein by reference. The description of the First Amendment to the Stock Purchase Agreement set forth above is not necessarily complete and is qualified in its entirety by reference to the full text of the amendment.

On January 10, 2008, the Registrant completed the acquisition pursuant to the Purchase Agreement, as amended. See disclosure in Item 2.01 below. In conjunction with the completion of the acquisition, the Registrant entered into various material agreements to secure financing for the acquisition. These agreements are identified and summarized in Item 2.03 below.

Item 1.02 Termination of a Material Definitive Agreement.

On January 10, 2008, the Registrant entered into a Termination of Credit Agreement (Termination Agreement) terminating the Registrant's unsecured revolving term loan (Terminated Loan) with its primary lender, Wells Fargo Bank, National Association. Under the terms of the Terminated Loan, the Registrant was able to borrow up to \$25 million with interest payable monthly either at (i) a fluctuating rate equal to prime, or (ii) at a fixed rate equal to the London Interbank Offered Rate for the three-month U.S. Dollar deposits in Europe (LIBOR) plus 1.25%, as elected by the Registrant at the date of each advance. There were no amounts outstanding on the Terminated Loan as of the date of termination and no termination penalties were assessed.

The Termination Agreement is attached hereto as Exhibit 10.21 and is incorporated herein by reference. The description of the Termination Agreement set forth above is not necessarily complete and is qualified in its entirety by reference to the full text of the Termination Agreement.

Concurrent with execution of the Termination Agreement, the Registrant entered into a separate syndicated credit agreement with Wells Fargo Bank, National Association, as administrative agent, and various other lenders. The syndicated credit agreement supersedes the Terminated Loan. See disclosures related to the syndicated credit agreement under Item 2.03 below.

Item 2.01 Completion of Acquisition or Disposition of Assets.

On January 10, 2008, the Registrant completed the acquisition of all of the outstanding stock of The First Western Bank Sturgis, Sturgis, South Dakota; First Western Bank, Wall, South Dakota; and, First Western Data, Inc., a South Dakota corporation. Total assets of the acquired entities aggregated approximately \$925,000,000.

The entities were purchased from Christen Group, Inc. (Seller), formerly known as First Western Bancorp, Inc., pursuant to the Purchase Agreement, as amended. Consideration for the acquisition of \$248,080,678, consisted of cash of \$198,080,678 and 5,000 shares of newly issued 6.75% Series A Noncumulative Redeemable Preferred Stock (Preferred Stock) with an aggregate value of \$50,000,000.

The Credit Agreement supersedes the Registrant s previous credit agreement with Wells Fargo Bank, National Association, as described in Item 1.02 above. The Credit Agreement is secured by all of the outstanding stock of First Interstate Bank, a wholly-owned bank subsidiary of the Registrant.

Under the terms of the Credit Agreement, the Registrant borrowed an aggregate amount of \$50,000,000 on four variable rate term notes (collectively the Term Notes) maturing January 10, 2013. The Term Notes are payable in equal quarterly installments of \$1,785,714 beginning March 31, 2008, with one final installment of \$14,285,714 due at maturity. The initial interest rate on the Term Notes is 7.25%.

Under the terms of Credit Agreement, the Registrant may also borrow up to \$25,000,000 on a revolving credit facility (Revolving Notes) with interest payable quarterly either at (i) a fluctuating rate equal to the higher of the Federal Funds rate plus 0.50% or prime or, (ii) at a fixed rate equal to LIBOR divided by a percentage equal to 1.00 minus the applicable percentage prescribed by the Board of Governors of the Federal Reserve System for determining the maximum reserve requirements applicable to eurodollar fundings plus 1.125%, as elected by the Registrant at the date of each advance. On January 10, 2008, the Registrant borrowed \$9,000,000 on Revolving Notes maturing January 10, 2011 and bearing interest at an initial rate of 7.25%.

The Credit Agreement requires payment of an annual commitment fee ranging from 0.125% to 0.175% of the average daily unused Revolving Notes amount (depending on the Registrant s funded debt ratio at the date of determination) and an annual administrative agency fee equal to \$5,000 times the number of lenders existing when such fee is due. In the event of payment or performance default and continuing until the default is remedied, the Registrant is required to pay additional interest of 2.50% on all principal balances outstanding under the Credit Agreement. In addition, all outstanding principal and interest may become immediately due in the event of default by the Registrant.

The Credit Agreement contains various covenants that, among other things, establish minimum capital and financial performance ratios; and, place certain restrictions on indebtedness, nonperforming assets, the allowance for loan losses, the redemption and issuance of common stock and the amounts of dividends payable to shareholders.

Significant covenants include the following:

Registrant s double leverage ratio (as defined in the Credit Agreement) may not be more than 1.25 to 1.

Registrant must remain well-capitalized under regulatory capital adequacy guidelines.

Registrant s allowance for loan losses must equal at least 100% of non-performing loans.

Item 3.02 Unregistered Sales of Equity Securities.

As indicated in Item 2.01 above, consideration for the acquisition included the issuance of 5,000 shares Preferred Stock. The Preferred Stock is no par 6.75% Series A noncumulative redeemable preferred stock with an aggregate value of \$50,000,000. The Registrant may, at its option, redeem all or any part of the Preferred Stock at any time after the fifth anniversary of the date issued, subject to certain conditions. The cash redemption price is equal to \$10,000 per share, plus all accrued but unpaid dividends. The Preferred stock may be redeemed prior to the fifth anniversary of the date issued only in the event the Registrant is entitled to exercise its right of setoff for any obligation of Seller to indemnify the Registrant pursuant to the Purchase Agreement.

Following the tenth anniversary of the date issued, the Preferred Stock may be converted, at the option of the holder, into shares of the Registrant's common stock at a ratio of 80 shares of common stock for every one share of Preferred Stock. Prior to conversion of the Preferred Stock, holder is required to enter a shareholder agreement with the Registrant that may restrict the holder's right to transfer converted shares, including the creation of an irrevocable right of first refusal in the Registrant and provisions requiring the holder to transfer the shares to the Registrant in certain circumstances.
