PROXY STATEMENT

INFORMATION CONCERNING THE SOLICITATION

The Board of Directors of Movado Group, Inc. (the "Company") is soliciting proxies for our 2007 Annual Meeting of Shareholders. The Annual Meeting will be held on Thursday, June 14, 2007 at 10:00 a.m. at the Company's New York office and showrooms located at 25 West 39th Street, 15th Floor, New York, NY 10018. This proxy statement and the accompanying proxy card will first be sent to shareholders on or about May 24, 2007.

WHY AM I RECEIVING THIS PROXY STATEMENT?

You are receiving this proxy statement and the accompanying Notice of Meeting and proxy card because you owned shares of the Company's Common Stock and/or its Class A Common stock on May 18, 2007, the record date for this year's Annual Meeting.

WHO IS ASKING ME FOR MY VOTE?

The Company is soliciting your proxy on behalf of the Board and has retained Georgeson Stockholder Communications, Inc., professional proxy solicitors, to assist with the solicitation. We will pay the entire cost of this proxy solicitation, including Georgeson's fee, which we expect to be approximately \$1,500.

WHAT IS THE PURPOSE OF THE ANNUAL MEETING?

The two matters scheduled to be voted on at the Annual Meeting are:

1. The election of nine directors to serve on the Board; and

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

2. The ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent accountants for the fiscal year ending January 31, 2008.

In addition, such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof may be voted on.

WHAT ARE MY VOTING RIGHTS?

All owners of the Company's Common Stock and its Class A Common Stock on the record date are entitled to attend and to vote on all items properly presented at the Annual Meeting. Each share of Common Stock is entitled to one vote and each share of Class A Common Stock is entitled to 10 votes on each such matter. On May 7, 2007 there were 19,277,378 shares of Common Stock outstanding and 6,638,239 shares of Class A Common Stock outstanding. A list of all shareholders as of the record date will be available during ordinary business hours at the Company's principal place of business located at 650 From Road, Paramus, NJ 07652, from the Secretary of the Company, at least 10 days before the Annual Meeting and will also be available at the Annual Meeting.

HOW DOES THE BOARD RECOMMEND THAT I VOTE?

The Board recommends that you vote:

1. FOR the election of each of the director nominees; and
2. FOR the appointment of PricewaterhouseCoopers LLP as our independent public accounting firm for the current fiscal year.

HOW DO I VOTE?

If you are a shareholder on the record date you may vote by mail or by voting in person at the Annual Meeting.

To vote by mail, sign, date and mail your proxy card in the enclosed prepaid envelope and it will be voted by one of the individuals indicated on the card (your "proxy") as you direct. If you return your signed proxy card but do not mark the boxes showing how you wish to vote, your shares will be voted FOR the election of the director nominees and FOR the appointment of PricewaterhouseCoopers LLP as our independent public accounting firm for the current fiscal year. If your shares are held by your broker in "street name," you will receive a form from your broker seeking instruction as to how your shares should be voted. We urge you to complete this form and instruct your broker how to vote on your behalf.

You may also vote in person at the Annual Meeting. If you wish to vote your shares in person at the Annual Meeting and they are held by your broker in "street name," you must bring a letter from the broker to the meeting showing that you were the beneficial owner of the shares on May 18, 2007.

CAN I CHANGE MY VOTE AFTER I HAVE RETURNED MY PROXY CARD?

Yes. You may change your vote at any time before voting concludes at the Annual Meeting by:

- o Sending in another proxy with a later date; or
- o Notifying the Company's Secretary in writing before the Annual Meeting that you wish to revoke your proxy; or

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

- o Voting in person at the Annual Meeting.

WHAT IS A QUORUM?

For the purposes of the Annual Meeting, a "quorum" is a majority in voting power of the outstanding shares of Common Stock and Class A Common Stock owned by shareholders on the record date who are present in person or represented by proxy at the Annual Meeting. There must be a quorum for the Annual Meeting to be held. If you submit a properly executed proxy card, even if you abstain from voting, your shares will be considered part of the quorum. Broker "non-votes" are not considered a part of the quorum. Broker non-votes occur when a broker holding shares for a beneficial owner does not vote on a particular matter because the broker does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

WHAT IS BROKER "DISCRETIONARY" VOTING?

Under the rules of the New York Stock Exchange ("NYSE"), if you hold your shares through a broker, your broker is permitted to vote your shares on the election of directors and the ratification of our independent registered public accounting firm in its discretion if it has transmitted the proxy materials to you and has not received voting instructions from you on how to vote your shares before the deadline set by your broker.

HOW ARE MATTERS PRESENTED AT THE ANNUAL MEETING APPROVED?

Directors are elected by a plurality of the votes cast at the Annual Meeting. The approval of the proposal to ratify the selection of PricewaterhouseCoopers LLP as the Company's independent accountants for fiscal 2008 requires the affirmative vote of a majority of the votes cast at the Annual Meeting.

MAY I VOTE CONFIDENTIALLY?

Yes. Our policy is to keep your vote confidential, except as otherwise legally required, to allow for the tabulation and certification of votes and to facilitate proxy solicitation.

2

WHO WILL COUNT THE VOTES?

A representative of Bank of New York will count the votes and act as the inspector of election for the Annual Meeting.

WHAT IF ADDITIONAL MATTERS ARE PRESENTED TO THE ANNUAL MEETING?

We do not know of any business to be considered at the Annual Meeting other than the proposals described in this proxy statement. If any other business is presented at the Annual Meeting, your signed proxy card gives authority to each of Timothy F. Michno, our General Counsel and corporate Secretary, and to Tasha Cooper Coleman, our Assistant General Counsel to vote on such matters at his or her discretion.

WHERE CAN I FIND THE VOTING RESULTS FROM THE ANNUAL MEETING?

We will announce preliminary voting results at the Annual Meeting and will publish final results in our quarterly report on Form 10-Q for the second quarter of fiscal 2008.

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

HOW CAN I OBTAIN INFORMATION ABOUT THE COMPANY?

Shareholders may also obtain a free copy of our Annual Report on Form 10-K by visiting our website or by sending a request in writing to Suzanne Rosenberg, Vice President of Corporate Communications at the Company's address set forth in the Notice of Meeting.

WHEN ARE SHAREHOLDER PROPOSALS DUE FOR CONSIDERATION AT NEXT YEAR'S ANNUAL MEETING?

Under the Securities and Exchange Commission rules, for shareholder proposals to be considered for inclusion in the proxy statement for the 2008 Annual Meeting, they must be submitted in writing to our corporate Secretary, Movado Group, Inc., 650 From Road, Paramus, NJ 07652 on or before January 26, 2008. THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

BOARD MEETINGS AND COMMITTEES

In fiscal 2007, the Board of Directors held 11 meetings. All directors attended at least 75% of the meetings of the Board and of the committees on which they served.

The Board of Directors has three committees:

- o Audit
- o Compensation
- o Nominating/Corporate Governance.

The members of the committees and their chairs are selected by the Nominating and Corporate Governance Committee and then appointed by the Board annually. Each committee is comprised entirely of independent directors in accordance with NYSE listing standards. Each committee operates under a written charter which is available at the Company's website at WWW.MOVADOGROUP.COM by clicking on "Investor Center", "Corporate Governance", "Committee Composition" and then the name of the respective committee. Committee charters are also available in print upon the written request of any shareholder. A copy of the charter of the Audit Committee is attached to this proxy statement as Appendix "A". The current committee membership is as follows:

AUDIT COMMITTEE

The Board of Directors believes that each member of the Audit Committee is an "audit committee financial expert" as defined under the rules adopted by the SEC and, therefore, has accounting or related financial expertise in accordance with the NYSE listing standards. The Audit Committee held four meetings in fiscal 2007.

The principal functions of the Audit Committee are to (i) appoint, approve the compensation of, terminate and oversee the work of the Company's independent auditors; (ii) approve in advance all audit and permissible non-audit services provided to the Company by independent auditors; (iii) review, in consultation with the Company's independent auditors, management and the Company's internal auditors, the Company's financial reporting process, including its internal controls; (iv) review with management and the Company's independent auditors, the Company's annual and quarterly financial statements before the same are publicly filed, and (v) report regularly to the Board with respect to any issues that arise concerning, among other things, the quality or integrity of the Company's financial statements, the performance of the internal audit function, the Company's compliance with legal requirements and the performance and independence of the Company's independent auditors.

COMPENSATION COMMITTEE

The Compensation Committee held seven meetings in fiscal 2007. The principal functions of the Compensation Committee are to (i) review and approve corporate goals and objectives relevant to CEO compensation, evaluate the CEO's performance in light of those goals and objectives and set the CEO's compensation level based on that evaluation; (ii) review and approve compensation levels for executive non-CEO officers and key employees of the Company; (iii) review significant employee benefit programs and (iv) establish and administer executive compensation programs, including bonus plans, stock option and other equity-based programs, deferred compensation plans and any other cash or stock incentive programs.

For additional information concerning the operation of the Compensation Committee, including the role of outside compensation consultants and management in the process of determining the amount and form of executive compensation, see "Compensation Discussion and Analysis" below.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Company's Compensation Committee was at all times during fiscal year 2007 comprised entirely of independent directors who at no time were executive officers or employees of the Company. Mr. Silverstein, a member of the Committee, is a partner at the law firm of Silverstein & Mullens, a division of Buchanan Ingersoll & Rooney, P.C. That firm rendered legal services to the Company during fiscal 2007 for which it was paid \$19,417. The Board of Directors determined that such relationship was immaterial. No executive

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

officer of the Company has ever served as a member of the board of directors or compensation committee of any company whose executive officers include a member of the Board of Directors or the Compensation Committee.

NOMINATING/ CORPORATE GOVERNANCE COMMITTEE

The Nominating/Corporate Governance Committee held two meetings in fiscal 2007. The principal functions of the Nominating/Corporate Governance Committee are to (i) identify individuals qualified to become directors, consistent with criteria approved by the Board, and recommend director candidates to the Board of Directors; (ii) develop and recommend corporate governance principles to the Board of Directors; (iii) oversee the adoption of a code of ethics for directors, officers and employees of the Company and assure that procedures are in place for disclosure of any waivers of that code

9

for directors or executive officers; and (iv) facilitate an annual assessment of the performance of the Board and each of its committees.

IDENTIFYING AND EVALUATING CANDIDATES FOR THE BOARD

In considering possible candidates to serve on the Board of Directors, the Nominating/Corporate Governance Committee will take into account all appropriate qualifications, qualities and skills in the context of the current make-up of the Board and will consider the entirety of each candidate's credentials. In addition, the Nominating/Corporate Governance Committee will evaluate each nominee according to the following criteria: personal character, accomplishments, integrity, and reputation in the business community; knowledge of the industry in which the Company does business; sound business judgment; leadership ability and capacity for strategic thinking; experience working constructively with others; sufficient time to devote to Board matters; diversity of viewpoints and backgrounds and the absence of any conflict of interest that might interfere with performance as a director.

Shareholders may recommend director candidates for consideration by the Nominating/Corporate Governance Committee. To have a candidate considered by the Nominating/Corporate Governance Committee, a shareholder must submit the recommendation in writing and must include the following information:

- o The name of the shareholder and evidence of the shareholder's ownership of Company stock, including the number and class of shares owned and the length of time of ownership; and
- o The name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company and the person's consent to be named as a director if nominated by the Board of Directors.

Each such recommendation must be sent to the Secretary of the Company at Movado Group, Inc., 650 From Road, Paramus, New Jersey 07652 and must be received within the time indicated above on page 3 under "WHEN ARE SHAREHOLDER PROPOSALS DUE FOR CONSIDERATION AT NEXT YEAR'S ANNUAL MEETING?". The Nominating/Corporate Governance Committee will evaluate shareholder recommended director candidates in the same manner as it evaluates director candidates identified by other means.

CORPORATE GOVERNANCE GUIDELINES

The Company's Corporate Governance Guidelines and its Code of Business Conduct and Ethics are available on the Company's website at

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

WWW.MOVADOGROUP.COM by clicking on "Investor Center" and then "Corporate Governance". The Corporate Governance Guidelines and the Code of Business Conduct and Ethics are also available in print upon the written request of any shareholder.

DIRECTOR INDEPENDENCE

The listing standards of the NYSE require that a majority of the Board of Directors be independent. No director qualifies as independent unless the Board of Directors affirmatively determines that the director has no material relationship with the Company (directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). The Board of Directors broadly considers all relevant facts and circumstances relative to independence and considers the issue not merely from the standpoint of the director, but also from the viewpoint of persons or organizations with which the director has an affiliation. Material relationships can include commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships (among others). In accordance with the NYSE listing standards, the Board has adopted categorical standards of director independence that provide that none of the following relationships will be considered a material relationship that would impair a director's independence:

- o A director who is a director, an executive officer or an employee, or whose immediate family member is a director, an executive officer or an employee, of a company that makes payments to, or receives payments from, the Company for goods or services in an amount which, in any single fiscal year, is less than the greater of \$1,000,000 and 2% of such other company's consolidated gross revenues; or
- o A director who serves, or whose immediate family member serves, as an executive, officer, director, trustee or employee of a charitable organization and the Company's

10

discretionary charitable contributions to the organization are less than the greater of \$1,000,000 and 2% of that organization's consolidated gross revenues.

The Board of Directors has determined that all of the members of the Board of Directors, with the exception of those three members who are employees of the Company (namely Messrs. E. Grinberg, G. Grinberg and R. Cote), representing a majority of the entire Board, are independent under the NYSE listing standards and satisfy the Company's categorical standards set forth above.

In addition, in accordance with the NYSE listing standards, the Board of Directors has determined that the Compensation Committee and Nominating/Corporate Governance Committee are composed entirely of independent directors. The Board of Directors has also determined that each member of the Audit Committee is independent under the applicable rules of the SEC and under the NYSE listing standards.

EXECUTIVE SESSIONS OF NON-MANAGEMENT DIRECTORS

The non-management directors hold regular executive sessions without management at least once each quarter. The chairman of the Nominating/Corporate Governance Committee is designated to chair these executive sessions under the Company's Corporate Governance Guidelines.

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Shareholders may communicate directly with the full Board of Directors, the Audit Committee of the Board of Directors or any individual director by sending such communication in writing to the attention of the General Counsel of the Company, 650 From Road, Paramus, NJ 07652. Such communications should indicate to whom they are intended to be directed. All communications received that relate to accounting, internal accounting controls or auditing matters will be referred to the chairman of the Audit Committee unless the communication is otherwise addressed. Parties may communicate anonymously and/or confidentially if they desire. All communications received will be forwarded to the appropriate director or directors.

DIRECTOR ATTENDANCE AT ANNUAL MEETING

The Company encourages all of the directors to attend each annual meeting of shareholders. To the extent reasonably practicable, the Company regularly schedules a meeting of the Board of Directors on the same day as the Annual Meeting of Shareholders. All members of the Board of Directors attended the 2006 Annual Meeting of Shareholders.

DIRECTOR COMPENSATION

No executive officer of the Company receives any additional compensation for serving on the Board of Directors. In fiscal 2007, we paid each director who was not an employee of the Company an annual retainer of \$30,000. In addition, in fiscal 2007, we paid the Chair of the Audit Committee an annual fee of \$10,000, and the Chairs of the Compensation and Nominating/Corporate Governance Committees an annual fee of \$5,000 for service in these capacities. Each committee member was also paid \$1,500 for each committee meeting attended, and we reimbursed reasonable out-of-pocket expenses incurred by directors in connection with attending meetings and performing other Board-related services for the Company in accordance with the same policies applicable to our employees generally.

Also in fiscal 2007, we granted each non-employee director a stock option to purchase 1,500 shares of Common Stock and a stock award for 750 shares of Common Stock under the Company's 1996 Stock Incentive Plan, as amended. The stock option and the stock award each vest on the one year anniversary of the grant date (May 31, 2006). The exercise price of each option is the fair market value of our Common Stock on the date of grant. The option expires ten years from the grant date.

The following chart shows the cash amounts and the value of other compensation paid to each non-employee director for their service in fiscal 2007:

Each non-employee director was granted one stock award in fiscal 2007 for 750 shares of the Company's Common Stock, the grant date fair value of which, computed in accordance with FAS 123(R), disregarding the effect of forfeitures, is \$9,795. At January 31, 2007 each non-employee director held no other stock awards except this one, unvested stock award.

Instead, the dollar value of these awards is the compensation cost recognized for financial statement reporting purposes for the fiscal year ended January 31, 2007 in accordance with the provisions of FAS 123(R) for grants made in fiscal 2006 and fiscal 2007. A discussion of the relevant assumptions made in the valuations may be found in Notes 1 and 13 to the financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2007. Each non-employee director was awarded one stock option in fiscal 2007 to purchase 1,500 shares of the Company's Common Stock, the grant date fair value of which, calculated in accordance with FAS 123(R), disregarding the effect of forfeitures, is \$14,018. At January 31, 2007, the non-employee directors held unexercised options to purchase Company Common Stock, whether or not vested, in the following amounts: Ms. Hayes Adame and Mssrs. Howard, Oresman and Silverstein: 15,000 shares each; and Mssrs. Isserman and Leventhal 3,000 shares each.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

ROLE OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors (for purposes of this analysis, the "Committee") is responsible for reviewing and approving annually corporate goals relative to the compensation of the Company's Chief Executive Officer ("CEO"), evaluating the performance of the CEO against those goals and determining the CEO's compensation based on that evaluation. In addition, the Committee also reviews and approves the structure and levels of compensation for the Company's other executive officers and senior management; reviews and approves significant compensation programs generally; and reviews and administers the Company's 1996 Stock Incentive Plan which, as amended and restated, was approved by the shareholders in 2004. Throughout this proxy statement, the individuals who served as the Company's CEO or Chief Financial Officer during fiscal 2007, as well as the other individuals included in the Summary Compensation Table on page 20, are referred to as the "named executive officers".

COMPENSATION PHILOSOPHY AND OBJECTIVES

The compensation philosophy of the Company, as reflected in its compensation programs in effect during fiscal year 2007, is to attract, retain, motivate and appropriately reward a group of highly qualified individuals who are expected to contribute to the Company's continued success. The Committee believes that the most effective executive compensation programs are those designed to reward the achievement of specific annual and long-term strategic goals set by the Company. These programs closely link executives' interests with those of the Company's shareholders by rewarding performance meeting or exceeding the established goals, with the ultimate objective of enhancing shareholder value.

SETTING EXECUTIVE COMPENSATION

Based on the foregoing objectives, the Committee has structured the Company's incentive-based annual cash compensation and incentive-based long-term equity compensation to motivate the named executive officers and the Company's other management level employees to achieve the business goals set by the Company and to appropriately reward those executives and managers for achieving such goals. To assist it in evaluating the competitiveness of the Company's executive compensation programs and in setting compensation for fiscal 2007, the Committee engaged Frederic W. Cook & Co., Inc. ("FW Cook"), a nationally recognized executive compensation consulting firm, to conduct a review of the Company's compensation programs for the CEO and the other named executive officers and to analyze the Company's long-term equity incentive plans generally. FW Cook did not receive professional fees from the Company in fiscal 2007 other than in connection with advising the Committee on executive compensation matters.

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

FW Cook compared base salary levels, annual cash bonuses and long-term incentive awards paid to the CEO and the other named executive officers in fiscal 2005 and 2006 to data available from a peer group of publicly-traded consumer products companies of similar size in terms of revenue and market capitalization (collectively, the "COMPENSATION PEER GROUP"). The Compensation Peer Group is periodically reviewed and updated by the Committee and consists of companies against which the Committee believes the Company competes for talent. The companies currently comprising the Compensation Peer Group are:

- o Finlay Enterprises
- o Fossil
- o Guess?
- o Hartmax
- o Kenneth Cole
- o K-Swiss
- o Oakley
- o Perry Ellis
- o Steven Madden
- o Tandy Brands
- o Accessories

Recognizing that the Company competes with these and many other, larger companies for top executive-level talent, the Committee sets compensation for the CEO, the other named executive officers and the Company's executive management team generally no lower than the 50th percentile of compensation paid to similarly situated executives of the companies comprising the Compensation Peer Group. Variations to this objective may occur as dictated

13

by Company performance, the experience level and performance of the individual and market factors. For example, for certain positions that are particularly important for the Company's ability to achieve its strategic goals and for which the competition for experienced, highly successful executives is especially acute, the Committee targets compensation as high as the 75th percentile.

In accordance with the Company's compensation philosophy, a significant percentage of total compensation is allocated to incentives. There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Rather, the Committee reviews all available information including that provided by FW Cook and other third party data gathered by the Company's Human Resources department to determine the appropriate level and mix of incentive compensation.

The Committee makes all compensation decisions in respect of the compensation awarded to the CEO. The CEO annually reviews the performance of the Chief Operating Officer ("COO") who in turn annually reviews the performance of each other named executive officer (with the exception of the Chairman of the Board). The CEO and COO present their conclusions and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, to the Committee. The Committee considers these recommendations with respect to the compensation of the other named executive officers and other senior executives and, subject to any applicable plan limitations, can exercise its discretion in modifying any recommended adjustments or awards to executives. The Committee also reviews total compensation earned by and awarded to such individual for the prior three years.

FISCAL 2007 EXECUTIVE COMPENSATION COMPONENTS

For the fiscal year ended January 31, 2007, the principal components of compensation for the named executive officers were:

- o base salary;

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

- o performance-based annual cash compensation;
- o long-term equity incentive compensation;
- o retirement and other post-employment benefits; and
- o perquisites and other benefits

BASE SALARY

The Company provides named executive officers and other employees with base salary to compensate them for services rendered during the fiscal year. Base salaries for named executive officers are determined by the Committee for each individual in light of the Committee's assessment of the responsibilities relative to the position under consideration, as well as each individual's background, training, experience and by reference to the competitive marketplace for comparable talent. Annual increases in base salary levels, if warranted, are reviewed with reference to the individual's performance, the performance of the Company as a whole and the prevailing rate of increase in base salary levels generally in the competitive marketplace with respect to similar executive positions. During its review of base salaries for executives, the Committee primarily considers:

- o market data provided by FW Cook and obtained from other third party sources;
- o internal review of the executive's compensation, both individually and relative to other executive officers; and
- o individual performance of the executive.

At its meeting on March 27, 2007, the Committee approved a recommendation by management not to increase the base salaries of the CEO, COO or the Chairman for fiscal 2008, and to increase by 4.0% and 9.1%, respectively, the base salary levels for Mr. Michno and Mr. Karpovich.

14

PERFORMANCE-BASED ANNUAL CASH COMPENSATION

The Company has two plans under which it provides its named executive officers, other executives and key management level employees annual performance-based opportunities for cash bonuses: the Movado Group, Inc. Executive Performance Plan (the "EPP") in which only the named executive officers participate (with the exception of the Chairman, who does not participate in any cash incentive plan), and the Annual Incentive Compensation Plan, in which the remaining bonus-eligible employees (except the named executive officers) participate. Both plans are designed to tie a significant portion of participants' annual cash compensation to the Company's annual financial performance.

Under the EPP and consistent with the requirements of Section 162(m) of the Internal Revenue Code of 1986, as amended ("Section 162(m)"), within 90 days after the beginning of each fiscal year the Committee establishes target and maximum cash incentive levels for the named executive officers that are expressed as a percentage of their respective base salaries. At the same time it sets cash incentive targets, the Committee also establishes an earnings per share objective that must be met before any cash incentive payments can be made under the EPP to any of the named executive officers.

For fiscal 2007, the Committee set the target cash incentive payments

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

for each of the CEO and COO at 75% of their respective base salaries and set the target payments for Mr. Karpovich and for Mr. Michno at 50% and 30% of their respective base salaries. In addition, the Committee established the maximum cash incentives payable under the EPP to any of the named executive officers at 150% of their target cash incentive amounts. The EPP provides that total cash incentives payable thereunder to all the named executive officers in any year may not exceed \$5 million. Please see the "Grants of Plan-Based Awards" table for the threshold, target and maximum cash incentive awards payable to each of the named executive officers in respect of fiscal 2007.

No cash incentives are paid to any of the named executive officers under the EPP unless the threshold earnings per share objective for the year, as determined by the Committee in or before each April, is achieved. If the Company achieves the earnings per share goal set by the Committee under the EPP, the Committee then assesses the Company's overall financial performance and the named executive officers' individual performance in exercising its discretion to determine the cash incentive actually paid to any of them under the EPP, which may not, in any event, exceed the maximum set at the beginning of the year.

To assess corporate performance for the fiscal year, the Committee considers the extent to which the Company met the criteria for funding the bonus pool under the Annual Incentive Compensation Plan and the other criteria for measuring corporate performance that are established as financial targets under the Annual Incentive Compensation Plan as part of the annual budgeting process and approved by the Committee at the beginning of each fiscal year.

In fiscal 2007, the Annual Incentive Compensation Plan provided for 100% funding of the bonus pool if the Company achieved specified earnings per share ("EPS") and return on capital employed ("ROCE") goals for the year. These two funding criteria, weighted 75% for EPS and 25% for ROCE, were aligned with the Company's financial objectives for the fiscal year and were set at levels that the Committee believed were reachable if strong results were achieved. If the EPS goal and the ROCE goal are both met, the bonus pool is 100% funded. If either goal is exceeded, bonus pool funding is increased up to a maximum of 150% of target funding, as illustrated in the following table.

GOAL ACHIEVED (%)	POOL FUNDING (%)
-----	-----
125	150
110	120
105	110
100	100

Unless the applicable funding goal is met, the Annual Incentive Compensation Plan provides that any funding of the bonus pool based on that goal is entirely within the discretion of the Committee.

If the bonus pool is funded, the Committee also considers the extent to which the other corporate objectives under the Annual Incentive Compensation Plan have been met in determining final cash incentive amounts, if any, to pay to each named executive officer under the EPP. The Committee has the discretion to decrease or eliminate, but not to increase, the maximum cash incentive payable to each named executive officer under the EPP. In fiscal 2007, the

Committee approved the following corporate performance objectives under the Annual Incentive Compensation Plan.

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

- o Net sales;
- o Operating expenses;
- o Gross margin (%);
- o Net income;
- o Operating cash flow; and
- o Inventory and accounts receivable.

The Committee approved these measures and the level at which each was set to ensure an appropriate focus on growth and profitability consistent with the Company's strategic plan. Each measure was set at a level reflecting significant improvement over the corresponding financial results for the prior year and required the successful execution of a number of initiatives to increase efficiency, reduce costs and continue to grow sales in the Company's brands and business units. The degree of improvement varied by individual financial target. Certain targets were set at levels from 11% to 14 % above the prior year's results. The performance target for inventory and accounts receivable was set at a level flat with the prior year's achievement.

In fiscal 2007 the Company exceeded the earnings per share objective under the EPP and met both the EPS and ROCE goals for bonus pool funding under the Annual Incentive Compensation Plan. Therefore the bonus pool was funded at 100% of target. In addition, the Company met or exceeded substantially all of the other financial metrics under the Annual Incentive Compensation Plan for measuring corporate performance for the year. The named executive officers substantially achieved their individual performance objectives. Therefore the Committee approved the following bonus payments which are also shown in column (g) of the Summary Compensation Table on page 20.

NAME	TARGET AS % OF BASE SALARY	ACTUAL BONUS AS % OF BASE SALARY	% OF TARGET	AMOUNT EARNED (\$)
Efraim Grinberg	75	71.25	95	675,000
Richard Cote	75	71.25	95	410,000
Eugene Karpovich	50	47.50	95	131,000
Timothy Michno	30	30.00	100	90,000

In March 2007, the Committee approved the earnings per share objective and the cash incentive targets under the EPP, and the EPS and ROCE goals for bonus pool funding and the other performance criteria under the Annual Incentive Compensation Plan for fiscal 2008. The Committee retained the same 75%/25% weighting of the EPS and ROCE goals and substantially the same additional measures of corporate performance because it believes that those objectives and the relative significance given to each of them are the most effective way to focus the executive officers and key management of the Company to achieve specific financial results linked most closely with increasing shareholder value. The target levels at which the corporate performance goals were set for fiscal 2008 again reflect significant improvement in both growth and profitability, with certain targets representing an improvement of from approximately 7.0 % to 13.5 % compared to actual performance for fiscal 2007.

LONG-TERM EQUITY INCENTIVE COMPENSATION

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

STOCK INCENTIVE PLAN

Stock ownership is a key element of the Company's compensation program. Under the Company's 1996 Stock Incentive Plan, which was amended, restated and approved by the shareholders in 2004 (the "SIP"), the Committee generally makes long term equity grants to executive officers and senior and mid-level management employees at its regularly scheduled meeting each March. Beginning in fiscal 2008, the Committee has determined to make all such grants at its first regular meeting held approximately 30 days after the release of the Company's fourth quarter and year-end earnings.

Under the SIP, the Committee may grant participants shares of the Company's Common Stock, restricted stock, share units, stock options, stock appreciation rights, performance units and/or performance bonuses. In granting

16

these awards, the Committee may establish any conditions or restrictions it deems appropriate. Most grants under the SIP were in the form of stock options until March 2003. At that time, the Committee decided to utilize primarily stock awards for most grants and to use stock options primarily for grants to certain newly hired and/or newly promoted employees and to the CEO and the COO. The Committee believes that for the CEO and the COO stock options are an effective means to closely tie individual performance directly to that of the Company's stock price since the options (unlike stock awards which will have some value upon vesting even if the price of the Company's stock has declined since the date of grant) will have no value unless the Company's share price has increased from the date of grant. Option grants to the CEO and COO last year are reflected on the Summary Compensation table on page 20 and the Grants of Plan Based Awards table on page 22. Newly hired and promoted employees who receive options are granted them by the Committee either prospectively, effective on the specified date of their hire or the date of their promotion, or after their hiring or promotion on the next regularly scheduled meeting date of the Committee.

The Committee grants stock awards and stock options based on market data obtained by FW Cook and the Company's Human Resources department. Award levels vary among participants and generally reflect the position held by the grantee, contributions made by the person in the prior fiscal year as well as expectations of future contributions. For certain newly hired employees, the Committee may also take into account any equity compensation that the individual is forfeiting from his or her former position in determining equity grant amounts. Both option and stock grants are designed to retain executive officers and management level employees by generally vesting either entirely on the third anniversary of the grant date (in the case of stock awards) or incrementally over three years from the grant date (in the case of options). Options and stock awards also encourage recipients to focus on enhancing shareholder value over the long term by directly aligning the grantee's financial interests with the interests of the Company's shareholders. All options granted under the SIP have an exercise price equal to or greater than the fair market value of the Company's common stock on the grant date.

Last year, as part of its engagement by the Committee to review and make recommendations with respect to the Company's long-term incentive grant practices, FW Cook supported management's recommendation to replace the use of time-vesting restricted stock for the Company's senior executives with performance awards. Accordingly, the Committee limited the grant of annual stock awards at its regular March 2006 meeting to the Company's middle management and did not make any equity grants to executives at that time. After consideration of the issue and the recommendations made by FW Cook and review

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

of a proposed long-term incentive plan, the Committee adopted in May 2006 a long-term equity incentive program under the SIP.

LONG-TERM INCENTIVE PLAN

Under the Executive Long-Term Incentive Plan (the "LTIP") adopted by the Committee on May 31, 2006, key employees of the Company (currently approximately 40 executives worldwide) were granted "Performance Share Units" by the Committee for the three-year performance period ending January 31, 2009. Each Performance Share Unit represents the right to receive a share of Common Stock if the predetermined performance goal is satisfied in the applicable three-year period ("Award Period"). Under the LTIP, Performance Share Units vest based upon the Company's achievement of a specified operating margin (calculated as operating profit / net sales) for the final fiscal year in the Award Period (the "Performance Goal"). The Committee established operating margin as the performance goal to support the Company's strategic plan of increasing profitability. At its meeting on April 30, 2007, the Committee granted Performance Share Units to the named executive officers and certain other key employees and established the Performance Goal for the Award Period ending January 31, 2010.

The objectives of the LTIP are to:

- o Link compensation directly to the achievement of specific corporate goals, namely improvement of operating margin;
- o Utilize best competitive practices in executive compensation to attract, retain and motivate key employees; and
- o Enhance the connection between the Company's operating performance, creation of shareholder value and long-term executive compensation.

17

The actual number of shares of Common Stock earned by a participant is based on the Company's actual performance at the end of the Award Period relative to the Performance Goal and can range from 0% to 150% of the target award. No participant receives any Performance Share Units unless at least 89.5% of the Performance Goal (threshold performance) is achieved. Depending on the extent to which the Performance Goal is achieved, up to 50% of the shares of Common Stock equal to the target Award will be distributed within 75 days after the completion of the Award Period and the remainder of the earned shares will be distributed on the second anniversary of the completion of the Award Period. Participants must be employed at the completion of the Award Period to receive any shares. The amount deferred to the second anniversary is subject to forfeiture only in the event of the participant's voluntary resignation or termination of the participant's employment for cause. A pro-rata payout will be made for "retirement" (as defined in the LTIP), permanent disability (as determined by the Committee) or death occurring during the Award Period based on actual performance at the end of the Award Period.

For further discussion of dividend rights and vesting of the Performance Share Units in the event of a change in control, see the discussion following the Grants of Plan-Based Awards table below. LTIP grants to the named executive officers in fiscal 2007 are reflected in the Summary Compensation table on page 20 and the Grants of Plan-Based Awards table on page 22.

RETIREMENT AND POST EMPLOYMENT BENEFITS

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

401(K) PLAN

All employees in the United States including the named executive officers are eligible to participate in the Company's Employee Savings and Investment Plan ("401(k) Plan"). In addition, the named executive officers as well as certain other executives selected by the Committee are eligible to participate in the Deferred Compensation Plan for Executives.

DEFERRED COMPENSATION PLAN

The Company's Deferred Compensation Plan for Executives ("DCP") was originally adopted effective June 1, 1995, and was approved by the Company's shareholders on June 14, 1996. It was amended most recently at the annual shareholders meeting in 2004 to extend its term through June 17, 2014. The plan is designed to offer retirement benefits to the named executive officers, senior management and key employees, consistent with overall market practices to attract and retain the talent needed in the Company. Under the DCP, participants may defer up to 10% of their base salary annually and the Company will credit to the account of each participant a matching contribution in an amount equal to one hundred percent of the salary deferral up to a maximum match equal to either 10% (for "group I" participants) or 5% (for "group II" participants) of the participant's base salary. Twenty percent of the Company's matching contribution is in the form of rights to Common Stock vesting ratably in annual installments over five years. Participants may direct the investment of amounts in their accounts (other than rights to Common Stock) among investment funds that are made available to them under the plan. Those funds and their returns for calendar year 2006 are shown on page 25 under NONQUALIFIED DEFERRED COMPENSATION.

Further information regarding the participation by the named executive officers in the DCP is discussed in further detail under the heading NONQUALIFIED DEFERRED COMPENSATION on page 24.

SEVERANCE AGREEMENTS

The Company has severance agreements with Mr. Cote, Mr. Karpovich and Mr. Michno. Under the agreement with Mr. Cote, he will continue to be paid his then current base salary for 24 months after the termination of his employment following a change in control unless termination was by the Company for cause (or as a result of his death or disability) or was voluntary by Mr. Cote without good reason. Under their agreements, Mr. Karpovich and Mr. Michno will each continue to be paid their then current base salary plus costs for COBRA coverage for up to 12 months if the Company terminates their employment without cause. For a detailed description of the agreements between the Company and each of Mr. Cote, Mr. Karpovich and Mr. Michno, please refer to the discussion under the heading "Severance Agreements" on page 26.

PERQUISITES AND OTHER BENEFITS

As part of providing a competitive executive compensation program, the Company provides the CEO, COO and Chairman of the Board with certain perquisites that the Company and the Committee believe are reasonable and consistent with its overall compensation program. The Committee reviews annually the levels of perquisites provided to these named executive officers.

The Company reimburses the CEO and COO for certain automobile related expenses incurred by them in connection with their commuting to the Company's offices and pays directly for similar commuting expenses for the Chairman of

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

the Board, including the cost of a driver on an as-needed basis.

The Company has purchased life insurance policies insuring both the CEO and the Chairman of the Board and pays the premiums for that insurance. Under this arrangement, the named insureds are entitled to the cash surrender value in respect of these life insurance policies and their respective beneficiaries are entitled to the applicable death benefits without, in either event, reimbursement to the Company.

Under a Death and Disability Benefit Plan agreement with Mr. G. Grinberg, dated September 23, 1994, in the event of Mr. G. Grinberg's death or disability while employed by the Company, the Company will pay to his spouse, if she is then living, an annual benefit equal, as of fiscal 2007, to \$380,474 (increased October 1 each year by an amount equal to two percent of the benefit that would have been payable in the prior year). Benefits are payable for the lesser of 10 years or the life of Mr. G. Grinberg's spouse, and are payable only from the general assets of the Company. Neither Mr. G. Grinberg nor his spouse may assign the agreement or any of the benefits payable thereunder and none of the benefits are payable to the estates or any of the heirs of Mr. G. Grinberg or his spouse. The agreement provides that it automatically terminates in the event of the termination of Mr. G. Grinberg's employment with the Company for any reason other than his death or disability. For purposes of the agreement "disability" means the inability of Mr. G. Grinberg to perform the duties pertaining to his job because of accident, sickness or other illness as determined by a majority of disinterested directors.

Attributed costs of the perquisites described above for the named executive officers for the fiscal year ended January 31, 2007, are included in column (i) of the Summary Compensation Table on page 20.

TAX AND ACCOUNTING IMPLICATIONS

DEDUCTIBILITY OF EXECUTIVE COMPENSATION

As part of its role, the Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that the Company may not deduct compensation of more than \$1,000,000 that is paid to certain individuals. The Company believes that compensation paid under the management incentive plans are generally fully deductible for federal income tax purposes. However, in certain situations, the Committee may approve compensation that may not meet these requirements in order to ensure competitive levels of total compensation for its executive officers.

NONQUALIFIED DEFERRED COMPENSATION

On October 22, 2004, the American Jobs Creation Act of 2004 was signed into law, changing the tax rules applicable to nonqualified deferred compensation arrangements. While the final regulations have not become effective yet, the Company believes it is operating in good faith compliance with the statutory provisions which were effective January 1, 2005.

ACCOUNTING FOR STOCK-BASED COMPENSATION

Beginning on January 1, 2006, the Company began accounting for stock-based payments in accordance with the requirements of FASB Statement 123(R). The Committee considers the expense implications of the equity compensation awards in determining the aggregate annual award levels.

COMPENSATION COMMITTEE REPORT

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and the Company's Annual Report on Form 10-K for the year ended January 31, 2007.

- (1) Includes annual cash incentive opportunities for the named executive officers in fiscal 2007 under the Company's EPP. See "Compensation Discussion and Analysis - Fiscal 2007 Executive Compensation Components - Performance Based Annual Cash Compensation" on page 15.
- (2) Reflects Performance Share Units, each of which represents the right to receive a share of Common Stock if the predetermined performance goal under the Company's LTIP is met in fiscal 2009. The LTIP is discussed on page 17 under "Compensation Discussion and Analysis - Fiscal 2007 Executive Compensation Components - Long-Term Equity Incentive Compensation". See also the discussion following this table for more information regarding the Performance Share Units
- (3) All stock options granted under the Company's SIP have an exercise price equal to or greater than the fair market value of the Company's Common Stock on the grant date. Prior to December 5, 2006, the SIP defined "fair market value" on any date as the mean between the highest and lowest sale prices of the Company's Common Stock as reported on the NYSE on the last business day immediately prior to that date. The Board of Directors amended this definition on December 5, 2006 so that "fair market value" now means the closing price of the Company's Common Stock on the grant date. The options granted to Mr. E. Grinberg and to Mr. Cote in fiscal 2006 vest in equal increments over three years beginning on the first anniversary of the grant date and expire on the tenth anniversary of the grant date.
- (4) Mr. G. Grinberg was not a participant in any of the Company's incentive plans in fiscal 2007.

Each Performance Share Unit, reflected in columns (f), (g) and (h) in the Grants of Plan-Based Awards table above, is credited with dividend equivalents equal to the dividends paid on one share of Common Stock during the three-year Award Period and the subsequent two-year mandatory deferral period. Dividend equivalents are in the form of phantom stock units, with each unit representing one share of Common Stock. The number of shares of Common Stock underlying the phantom stock units will be distributed at the same time as the distribution of earned shares in respect of the Performance Share Units.

Upon the occurrence of a "Change in Control" (as defined in the SIP), all or a portion of the Performance Share Units awarded will be converted on a one-for-one basis to time-based phantom stock units without pro-ration based on the chart below, vesting at the end of the Award Period. Upon vesting, one share of Common Stock will be distributed for each phantom stock unit not

22

previously forfeited. The number of Performance Share Units that are converted into time-based phantom stock units depends on the time during an Award Period when the Change in Control occurs as follows:

TIME OF THE CHANGE IN CONTROL	SHARES CONVERTED BASED ON:
Months 1 through 12	Threshold performance (89.5%)
Months 13 through 24	Target performance (100%)
Months 25 through 36	Actual performance to date

If a participant's employment is terminated without cause within 24 months

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

after the Change in Control, any unvested phantom stock units will become immediately vested and payable. Any Performance Share Units not converted will be forfeited.

NONQUALIFIED DEFERRED COMPENSATION

Under the Company's DCP, participants may defer up to 10% of their base salary annually and the Company will credit to the account of each participant a matching contribution in an amount equal to the salary deferral, up to a maximum match of either 10% or 5% of the participant's base salary (depending on whether the participant is included in group I or group II). Of the named executive officers, Mr. E. Grinberg, Mr. G. Grinberg and Mr. Cote are in group I and Mr. Karpovich and Mr. Michno are in group II. Deferral elections must be made no later than December 31 of the year before the year in which the

24

salary will be deferred. Twenty percent of the Company's matching contribution is made in the form of rights to the Company's Common Stock representing the number of shares (including fractional shares) of Common Stock that the matching contribution could purchase based upon the New York Stock Exchange's closing price of the stock on the date when the matching contribution is made. Matching contributions are made on the last business day of each calendar quarter. Participants may direct the investment of amounts in their accounts (other than rights to Common Stock) among investment funds that are made available to them under the plan. The table below shows the funds available under the DCP and their annual rate of return for calendar 2006 as reported by the plan administrator.

A participant's salary deferrals and any earnings on those deferrals are immediately vested. Company matching contributions and any discretionary contributions vest at the rate of 20% per year as long as the participant remains employed by the Company. A participant who attains the age of 65 or whose employment terminates due to death or disability automatically vests in all amounts in such participant's account. A participant whose employment terminates for other reasons forfeits unvested amounts. If there is a "change in control" (as defined in the DCP) of the Company, all amounts attributable to matching contributions (but not discretionary Company contributions) become fully vested on the date of such change in control.

Distributions from the DCP commence in the January following termination of the participant's employment, unless such termination was less than six months before January 1, in which case distributions commence the next following January 1. Benefits, including shares of Company Common Stock, are paid in 10 annual installments unless (i) the Company determines to pay the benefits in a lump sum or (ii) a participant who is a former employee provides services to a competitor within two years following termination of employment, in which case all remaining benefits will be paid to the participant in a lump sum. Rights to Common Stock are distributed by the Company issuing to the participant or to his or her beneficiary the number of shares of Common Stock equal to the number of full shares then credited in such participant's account. Any credited dividend amounts and any fractional shares are paid in cash.

The following table shows the deferrals made by the named executive officers and the contributions made by the Company under the DCP in fiscal 2007.

POTENTIAL PAYMENTS ON TERMINATION OR CHANGE IN CONTROL

None of the named executive officers have employment agreements. The Company has entered into severance agreements with Mr. Cote, Mr. Karpovich and Mr. Michno which are described below. In addition, the DCP and the SIP provide for accelerated vesting, respectively, of Company matching contributions and of equity compensation (stock options and stock awards) in the event of a change in control. The SIP also provides for accelerated vesting of equity awards in the event of a participant's death, disability or retirement.

SEVERANCE AGREEMENTS

Mr. Cote's agreement provides for the continuation of his then applicable annual base salary, paid bi-weekly for 24 months following the termination of his employment within two years after a change in control. (defined as the acquisition by a person or group of more than 50% of the combined aggregate voting power represented by the Company's then outstanding shares; or certain mergers and asset sales; or a liquidation or dissolution), except that nothing is due if his termination is because of his death or disability, or is by the Company for cause or is by Mr. Cote other than because of an "adverse change" in the conditions of his employment. Mr. Cote's agreement defines such an adverse change as any of the following by the Company:

- o altering his duties or responsibilities so that his position becomes one of substantially less importance, dignity or scope;
- o reducing his base salary;
- o discontinuing his participation in any compensation or benefit plan in which (and on at least as favorable a basis as) he was participating before the change in control or barring him from participating in any other plan that may be adopted in which other key employees are entitled to participate;
- o requiring that he be based more than 50 miles from the principal office location where he worked before the change in control.

"Cause" is defined as gross negligence or willful misconduct that has resulted

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

in or is likely to result in material economic damage to the Company. The agreement also obligates Mr. Cote to keep confidential and to not use any confidential information pertaining to the Company obtained by him in the course of his employment.

If there had been a change in control of the Company on January 31, 2007 and Mr. Cote's employment had been terminated immediately thereafter by the Company without cause then he would have been entitled to the continuation of his then current annual base salary of \$575,000 paid in bi-weekly installments through January 31, 2009.

Mr. Karpovich and Mr. Michno each have a severance agreement with the Company providing that, although each is employed at will, he will be entitled to receive severance payments in the form of salary continuation upon termination of his employment by the Company without cause. For this purpose, "cause" is defined as conviction of a felony, the knowing violation of a material Company policy, the failure to perform any material obligation owed to the Company or the gross negligence in the performance of duties or breach of fiduciary duty as determined by the CEO. The severance payments will be paid for 12 months after termination, in bi-weekly installments. The employee will also be entitled to post-termination medical benefit coverage continuation

26

under COBRA for the 12 month severance period or, if shorter, until becoming eligible for Medicare or accepting employment with another employer which provides medical benefits. The agreements also contain a non-competition clause which proscribes employment in the watch or jewelry industry for six months after termination of employment with the Company, a twelve month non-solicitation clause and a confidentiality provision. If the Company had terminated the employment of Mr. Karpovich and Mr. Michno without cause on January 31, 2007 then they would have been entitled to receive, respectively, \$275,000 and \$300,000 in severance paid in bi-weekly installments through January 31, 2008. Each of them also would have been entitled to maximum COBRA benefits valued at \$14,282, representing total maximum COBRA payments the Company would be obligated to make for each of them through January 31, 2008.

CHANGE IN CONTROL

In the event of a change in control of the Company, all unvested matching contributions under the DCP and all unvested options and time-vesting stock awards then outstanding under the SIP immediately vest. Both plans have similar definitions for what is considered a "change in control" including:

- o (under both plans) dissolution or liquidation of the Company;
- o (under both plans) sale of substantially all of the Company's assets;
- o a change in the composition of the Board of Directors such that: (under the SIP) individuals who were on the Board of Directors on April 8, 2004 (or their successors who were approved by at least two-thirds of the directors then on the Board) cease to constitute a majority; or (under the DCP) individuals who were on the Board on July 1, 2002 (or their successors who were approved by at least two-thirds of the directors then on the Board) cease to constitute at least two-thirds of the members of the Board;
- o a merger, consolidation or reorganization unless:

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

- o shareholders in the Company immediately before any such transaction control at least 50% (under the SIP) or 70% (under the DCP) of the total voting power in the resulting corporation immediately after any such transaction; and
- o no person (meaning an individual, entity or group acting in concert) acquires (under the SIP) at least 20% of the voting power or (under the DCP) at least 30% of the voting power in the resulting corporation (unless, under the DCP, such person had 20% or more of the voting power before the transaction); and
- o a majority (under the SIP) or at least two-thirds (under the DCP) of the members of the Board after the transaction were members of the Board immediately before the transaction; and
- o the acquisition by any person (with certain exceptions) of 20% or more of the combined voting power of the Company's outstanding voting securities (or, under the DCP, the commencement of a tender offer for such securities).

Under the Company's Long-Term Incentive Plan ,which was adopted by the Compensation Committee under the SIP and is discussed at page 17 under "Compensation Discussion and Analysis - Fiscal 2007 Executive Compensation Components - Long-Term Equity Incentive Compensation" and at page 22 following the Grants of Plan-Based Awards table, Performance Share Units do not become immediately vested upon a change in control but, instead, convert one for one into time-vesting phantom stock units (without pro-ration) which vest at the end of the applicable Award Period. Upon vesting, one share of Common Stock is distributed for each phantom stock unit not previously forfeited.

The following table shows the value of accelerated vesting of stock options and stock awards under the SIP and of Company contributions under the DCP that would have been provided to the named executive officers in the event that a change in control of the Company had occurred immediately after the close of business on January 31, 2007.

27

VESTING UPON CHANGE IN CONTROL WITH OR WITHOUT TERMINATION OF EMPLOYMENT			
NAME	EARLY VESTING OF DEFERRED COMPENSATION PLAN (\$)	EARLY VESTING OF STOCK OPTIONS (\$) (1)	EARLY VESTING OF STOCK AWARDS (\$) (2)
Efraim Grinberg	226,759	1,205,160	0
Eugene Karpovich	30,722	219,750	215,250
Gedaliao Grinberg	0	0	0
Richard Cote	131,645	654,030	861,000
Timothy Michno	31,571	293,000	79,786

- (1) The value of early vesting of stock options was determined as the amount by which \$28.70/share (which was the closing price of the Company's Common Stock as reported on the NYSE on January 31, 2007) exceeded the exercise price of such options.
- (2) The value of early vesting of stock awards was determined based on a value of \$28.70/share (which was the closing price of the Company's Common Stock as reported on the NYSE on January 31, 2007).

DEATH OR DISABILITY; RETIREMENT

If any of the named executive officers had died, become permanently disabled or retired on January 31, 2007, their unvested stock options and stock awards would have immediately vested on that date. Under the SIP, retirement as a trigger to immediate vesting may occur either when an employee reaches the age of 65 or upon reaching the age of 55 provided, in that case, the employee has been employed continuously by the Company for at least 10 years and the Compensation Committee approves. As part of its approval, the Compensation Committee may impose any conditions as it deems to be appropriate which are not inconsistent with the express terms of the SIP, including covenants dealing with non-competition, non-disparagement, non-solicitation and confidentiality. The values of such early vesting are shown in the table above under the columns "Early Vesting of Stock Options" and "Early Vesting of Stock Awards".

Under the Long Term Incentive Plan, in the event of a participant's death, permanent disability or retirement during any Award Period, his or her award is only determined at the end of that Award Period based on actual performance and will be prorated based on the time employed during the Award Period. After the prorated award is determined, it will be paid out within 75 days after the end of the Award Period. The definition of retirement under the Long Term Incentive Plan is the same as the definition under the SIP.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company has a Death and Disability Benefit Plan Agreement with Mr. G. Grinberg, dated September 23, 1994. Under that agreement, in the event of Mr. G. Grinberg's death or disability while employed by the Company, the Company will pay to his spouse, if she is then living, an annual benefit equal, as of fiscal 2007, to \$380,474 (increased October 1 each year by an amount equal to two percent of the benefit that would have been payable in the prior year). Benefits are payable for the lesser of 10 years or the life of Mr. G. Grinberg's spouse, and are payable only from the general assets of the Company. Neither Mr. G. Grinberg nor his spouse may assign the agreement or any of the benefits payable thereunder and none of the benefits are payable to the estates or any of the heirs of Mr. G. Grinberg or his spouse. The agreement also provides that it automatically terminates in the event of the termination of Mr. G. Grinberg's employment with the Company for any reason other than his death or disability and further provides that it is not to be considered a contract of employment. For purposes of the agreement, "disability" means the

28

inability of Mr. G. Grinberg to perform the duties pertaining to his job because of accident, sickness or other illness as determined by a majority of disinterested directors.

In fiscal 1996, the Company entered into an agreement with a trust

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

which, at that time, owned an insurance policy issued on the lives of Mr. G. Grinberg and his spouse. The insurance policy provides for a death benefit of \$27 million. The trustees of the trust are the three children of Mr. G. Grinberg and his spouse, namely, Efraim Grinberg, Alexander Grinberg and Miriam Phalen. Under the agreement, the trust assigned the insurance policy to the Company as collateral to secure repayment by the trust of interest-free loans made by the Company to the trust in amounts equal to the premiums on the insurance policy (approximately \$740,000 per annum). The agreement required the trust to repay the loans from the death benefit proceeds of the policy. At January 31, 2003 the Company had loaned the trust \$5,186,860 under this agreement. On April 4, 2003, the agreement was amended and restated to transfer the policy (which at that time had a cash surrender value of \$4,595,591) from the trust to the Company in partial repayment of the then outstanding loan balance which, as of that date, was reduced to \$591,269. If the policy is terminated prior to the death of the insureds, the trust must repay the Company the amount of the accumulated premiums which the Company would also recover from the death benefit in the event it is paid.

Mr. Alex Grinberg, a beneficial owner of more than five percent of the Company's Class A Common Stock and the brother of Efraim Grinberg, is the President of the Company's Concord brand in the United States and earned \$320,809 in salary and annual cash incentive compensation in fiscal 2007. In addition, as a participant in the Company's Long Term Incentive Plan, Mr. Alex Grinberg received an award of 2,000 Performance Share Units last year, subject to the same terms and conditions applicable to similar awards made to the other participants in that plan.

Mr. David Phalen is the spouse of Miriam Phalen, a beneficial owner of more than five percent of the Company's Class A Common Stock, and the brother-in-law of Efraim Grinberg. Mr. Phalen is President of Movado Company Stores and earned \$496,058 in salary and annual bonus in fiscal 2007. In addition, as a participant in the Company's Long Term Incentive Plan, Mr. Phalen received an award of 6,000 Performance Share Units last year, subject to the same terms and conditions applicable to similar awards made to the other participants in that plan.

The Board of Directors has adopted a code of business conduct and ethics which provides for the review, approval and ratification of transactions with the Company (or any of its subsidiaries) in which any officer or employee of the Company or any of its subsidiaries or any director has any direct or indirect material interest. Such transactions involving any executive officer of the Company or any member of the Board of Directors are referred to the Nominating/Corporate Governance Committee. Other transactions are referred to the Company's General Counsel. In each case, the standard applied under the Company's code is whether the transaction, when considered in the context of all the relevant facts and circumstances, including the person's position with the Company, the nature of the transaction and the amount involved, could reasonably appear to present a conflict of interest.

See "COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION" for information regarding certain business relationships between the Company and Mr. Silverstein's law firm.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Notwithstanding anything to the contrary set forth in any of the Company's previous or future filings under the Securities Act of 1933 or the Exchange Act, the following report of the Audit Committee shall not be deemed to be incorporated by reference into any such filing and shall not otherwise be deemed filed under such acts.

The Audit Committee has reviewed and discussed with the Company's management and with PricewaterhouseCoopers LLP management's assessment of the effectiveness of the Company's internal control over financial reporting, the evaluation by PricewaterhouseCoopers LLP of the Company's internal control over financial reporting and the audited financial statements of the Company for the fiscal year ended January 31, 2007. The Audit Committee has discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communications with Audit Committees) by the Auditing Standards Board of the American Institute of Certified Public Accountants.

The Audit Committee has also received the written disclosures and the letter from PricewaterhouseCoopers LLP required by the Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and the Audit Committee has discussed the independence of PricewaterhouseCoopers LLP with that firm.

Edgar Filing: MOVADO GROUP INC - Form DEF 14A

Based on the Audit Committee's review and discussions noted above, the Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2007 for filing with the SEC.

FISCAL 2007 AND 2006 AUDIT FIRM FEE SUMMARY

The following table presents the aggregate fees billed for professional services rendered by the Company's independent auditors, PricewaterhouseCoopers LLP, in the "audit fees", "audit - related fees", "tax fees", and "all other fees" categories, in each case as such terms are defined by the SEC, for the fiscal years ended January 31, 2007 and 2006.

YEAR	AUDIT (\$)	AUDIT RELATED (\$)	TAX (\$)	ALL OTHERS (\$)	TOTALS (\$)
2006	1,312,200	61,000	51,050	2,320	1,426,570

Audit fees include fees for audit or review services in accordance with generally accepted auditing standards and fees for services that generally only the Company's auditors provide, such as statutory audits and review of documents filed with the SEC.

Audit related fees include fees for assurance and related services that are traditionally performed by the Company's auditors. The services include audits of employee benefit plans and consultation in connection with financial and accounting standards.

Tax fees include fees for services that are performed by professional tax staff other than in connection with the audit. The services include tax compliance, tax advice and tax planning services.

All other fees are subscription fees for the use of the independent auditors' database of authoritative literature and accounting and financial guidance.

The Audit Committee reviews and approves all audit and non-audit services to be rendered in every instance by the Company's independent auditors before such auditors are engaged to render any such services. Therefore the Audit Committee has not adopted a pre-approval policy with respect to such services.

PROPOSAL 2 - RATIFICATION OF APPOINTMENT OF ACCOUNTANTS

The Audit Committee has appointed PricewaterhouseCoopers LLP to be the Company's independent accountants for the year ending January 31, 2008, subject to ratification of such appointment by the Company's shareholders. PricewaterhouseCoopers LLP has served as the Company's independent accountants since fiscal year 1977 and is considered by the Audit Committee and the Board to be well qualified. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting. Such representatives will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions. THE BOARD RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR SUCH RATIFICATION. PROXIES SOLICITED BY THE BOARD WILL BE SO VOTED UNLESS SHAREHOLDERS SPECIFY IN THEIR PROXIES A CONTRARY CHOICE.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's executive officers, directors, and persons who own more than 10% of a registered class of the Company's equity securities (the "10% Stockholders") to file reports of ownership and changes of ownership with the SEC. As a practical matter, the Company assists its directors, officers and certain 10% Stockholders by completing and filing Section 16 reports on their behalf. The Company's executive officers, directors and 10% Stockholders timely complied with all such filing requirements applicable to them with respect to their beneficial ownership of the Company's securities, except that one Form 4 ("Statement of

31

Changes in Beneficial Ownership") reporting a share distribution made by Grinberg Partners L.P., which should have been filed on or before March 10, 2006, was inadvertently filed late on March 22, 2006 by each of the limited partners in Grinberg Partners L.P., namely: Efraim Grinberg, Gedalio Grinberg, Alexander Grinberg, Grinberg Group Partners and Miriam Phalen. In addition, Ms. Phalen inadvertently omitted to timely file one Form 5 reporting a year-end gift to each of two trusts for her children for which she is the trustee. The Form 5, which was due on March 17, 2006 was filed on June 23, 2006.

OTHER MATTERS

The Board of Directors, at the time of the preparation of this Proxy Statement, knows of no business to come before the Annual Meeting other than that referred to herein. If any other business should come before the Annual Meeting, the persons named in the enclosed proxy will have discretionary authority to vote all proxies received and not theretofore revoked in accordance with their best judgment.

Upon the written request of any record holder or beneficial owner of Common Stock or Class A Common Stock entitled to vote at the Annual Meeting, the Company, without charge, will provide a copy of its Annual Report on Form 10-K for the fiscal year ended January 31, 2007, as filed with the SEC. Unless a Chair is elected by the full Board of Directors, the Committee shall designate one by majority vote of the full Committee membership. No member of the Committee may serve on the audit committees of more than two other public companies, unless the Board of Directors determines that such simultaneous service will not impair the ability of such member to effectively serve on the Committee.
2. No member of the Committee shall receive any compensation from the Company other than compensation for service as a director of the Company, compensation for serving on the Committee and compensation under a retirement plan for prior services with the Company (if such compensation is not contingent on continued service with the Company).

accordance with generally accepted accounting principles or to assure compliance with laws. These are the responsibilities of management and the internal audit department. 5. Review and approve in advance any audit and permitted non-audit services and fees to be provided by the Company's independent auditor. The Committee has the sole authority to make these approvals.
6. At, or shortly after the end of each fiscal year, review with the independent auditor, the internal auditor and Company management, the audited financial statements and related opinion and costs of the audit of that year.
7. Annually obtain and review a report by the independent auditor describing: the audit firm's internal quality-control procedures; any material issues raised by the most recent internal quality-control review, or peer review of the firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years regarding one or more independent audits carried out by the firm, and any steps taken to deal with any such issues; and, to assess the auditor's independence, all relationships between the independent auditor and the Company.

The review shall also include a discussion of the reasonableness of judgments and estimates made in the preparation of the financial statements that may be viewed as critical, as well as the clarity of financial statement disclosure. In addition, the Committee shall discuss the results of the annual audit and any other matters required to be communicated to the Committee by the independent auditor under generally accepted auditing standards, including the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Committees)), as it may be modified or supplemented. 18. Review periodically major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles, and major issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies; analyses prepared by management and/or the independent auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including analyses of the effects of alternative GAAP methods on the financial statements; and the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company.
19. Review with the independent auditor any audit problems or other difficulties encountered by the auditor in the course of the audit process, including any restrictions on the scope of the independent auditor's activities or on access to requested information, and any significant disagreements with management and management's responses to such matters.
