GENERAL INFORMATION

Why did I receive this proxy statement?

This proxy statement is furnished in connection with the solicitation of proxies on behalf of our Board of Directors (the Board) to be voted at the annual meeting of our stockholders to be held on May 30, 2007, and any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. The meeting will be held at our headquarters, 4300 Wildwood Parkway, Atlanta, Georgia 30339, on Wednesday, May 30, 2007 at 2:00 p.m. local time. This proxy statement and accompanying form of proxy are being first sent or given to our stockholders on or about April 27, 2007. Our annual report on Form 10-K for the year ended December 30, 2006 accompanies this proxy statement.

Who is soliciting my vote?

Our Board is soliciting your vote at the 2007 Annual Meeting of BlueLinx Stockholders.

Who is entitled to vote?

Only our stockholders of record at the close of business on April 9, 2007, the Record Date, are entitled to receive notice of the meeting, attend the meeting and to vote the shares of our common stock that they held on that date at the meeting, or any adjournment thereof. Each outstanding share that you own as of the Record Date entitles you to cast one vote on each matter to be voted upon.

Who can attend the meeting?

All stockholders of record as of the close of business on the Record Date, or their duly appointed proxies, may attend the meeting. Each stockholder may be asked to present valid picture identification, such as a driver's license or passport.

Please note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the Record Date. If you are a stockholder of record, your name will appear on our stockholder list.

What will I vote on?

Two items:

the election of ten directors to our Board; and

the ratification of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2007.

Will there be any other items of business on the agenda?

We do not expect any other items of business at the meeting. Nonetheless, if there is an unforeseen matter raised, your proxy will give discretionary authority to the persons named on the proxy to vote on any other matters that may be brought before the meeting. These persons will use their best judgment in voting your proxy.

How many votes must be present to conduct business at the meeting?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock outstanding on the Record Date will constitute a quorum, permitting business to be conducted at the meeting. As of the Record Date, we had 31,213,712 shares of common stock outstanding. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

How do I vote?

If you complete and properly sign the accompanying proxy card and return it to us, it will be voted as you direct. If you are a registered

Table of Contents

stockholder and attend the meeting, you may deliver your completed proxy card in person. Street name stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing either a notice of revocation or a duly executed proxy bearing a later date with our secretary, Barbara V. Tinsley, at our principal executive offices, 4300 Wildwood Parkway, Atlanta, Georgia 30339. The powers of the proxy holder(s) will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What are the recommendations of our Board of Directors?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of our Board. Our Board recommends a vote **FOR** election of the nominated slate of directors, and **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2007.

What vote is required to approve each item?

Election of Directors. A nominee will be elected as a director if he receives a plurality of the votes cast at the meeting. Plurality means that the nominees receiving the largest number of votes cast are elected as directors up to the maximum number of directors to be chosen at the meeting. In other words, the ten director nominees receiving the most votes will be elected. Broker non-votes and marking your proxy card to withhold authority for all or some nominees will not be counted either for or against a director nominee.

Ratification of Independent Registered Public Accounting Firm. The affirmative vote of the holders of a majority of the votes cast is required to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2007. Abstentions and broker non-votes will not be counted either for or against this proposal.

Are abstentions and broker non-votes part of the quorum?

Abstentions, broker non-votes and votes withheld for director nominees or the ratification of our independent registered public accounting firm count as shares present at the meeting for purposes of determining whether a quorum is present.

What if I don't vote for some or all of the matters listed on my proxy card?

If you are a registered stockholder and you return a signed proxy card without indicating your vote for some or all of the matters, your shares will be voted as follows for any matter you did not indicate a vote on:

FOR the director nominees to the Board listed on the proxy card; and

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2007.

How will proxies be solicited?

Proxies will be solicited by mail. Proxies may also be solicited by our officers and regular employees personally or by telephone or facsimile, but such persons will not be specifically compensated for such services. Banks, brokers, nominees and other custodians and fiduciaries will be reimbursed for their reasonable out-of-pocket expenses in forwarding soliciting material to their principals, the beneficial owners of our common stock. We will pay the expense of preparing, assembling, printing, mailing and soliciting proxies.

Is there electronic access to the proxy materials and annual report?

Yes. This proxy statement and our annual report on Form 10-K are available on our website, www.bluelinxco.com.

Who are our largest stockholders?

As of the date of this proxy statement, Cerberus ABP Investor LLC, an affiliate of Cerberus Capital Management, L.P., or Cerberus, owned 18,100,000 shares of our common stock, representing approximately 58% of the then outstanding shares of common stock of BlueLinx.

PROPOSAL 1:

ELECTION OF DIRECTORS

Our Board currently consists of ten members. Each of our current directors has been nominated for reelection and has consented to stand for reelection.

The terms of all of the members of our Board will expire at the next annual meeting after their election, or until their successors, if any, are elected and appointed. If you do not wish your shares of common stock to be voted for particular nominees, you may so indicate on the enclosed proxy card. If, for any reason, any of the nominees become unavailable for election, the individuals named in the enclosed proxy card may exercise their discretion to vote for any substitutes proposed by the Board. At this time, the Board knows of no reason why any nominee might be unavailable to serve.

Our Board unanimously recommends a vote FOR each of the following nominees:

Jeffrey J. Fenton

Richard S. Grant

Stephen E. Macadam

Richard B. Marchese

Steven F. Mayer

Charles H. McElrea

Alan H. Schumacher

Mark A. Suwyn

Lenard B. Tessler

PROPOSAL 2:

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board has selected Ernst & Young LLP to serve as our independent registered public accounting firm for fiscal year 2007. Ernst & Young LLP has served as our independent registered public accounting firm since our inception. While stockholder ratification of the selection of Ernst & Young LLP as our independent

registered public accounting firm is not required by our bylaws or otherwise, our Board is submitting the selection of Ernst & Young LLP to our stockholders for ratification. If our stockholders fail to ratify the selection, the Audit Committee may, but is not required to, reconsider whether to retain that firm. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent auditing firm at any time during the fiscal year if it determines that such a change would be in our best interests and that of our stockholders.

Ernst & Young LLP has advised us that it has no direct, nor any material indirect, financial interest in us or any of our subsidiaries. We expect that representatives of Ernst & Young LLP will be present at the meeting to make any statement they may desire and to respond to appropriate questions from our stockholders.

Table of Contents**Fees Paid To Independent Registered Public Accounting Firm**

The following table presents the aggregate fees billed by Ernst & Young LLP for professional services for fiscal years 2006 and 2005, by category as described in the notes to the table:

	2006	2005
Audit Fees(1)	\$ 2,799,605	\$ 3,430,096
Audit-Related Fees(2)	108,282	199,896
Tax Fees		
All Other Fees		
TOTAL	\$ 2,907,887	\$ 3,629,992

- (1) Primarily includes fees related to audits of our consolidated financial statements, and reviews of interim financial statements and disclosures in filings with the Securities and Exchange Commission (SEC). Audit fees also include fees related to the audit of internal control over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act of 2002.
- (2) Primarily consists of fees billed for assurance and services reasonably related to the performance of the audit or review of our financial statements, including consultations on accounting matters, services related to certain SEC filings and benefit plan audits.

Pre-Approval of Audit and Non-Audit Services

The charter of the Audit Committee provides that the Committee is responsible for the pre-approval of all material audit services and non-audit services to be performed for us by our independent registered public accounting firm. There were no non-audit related services performed by Ernst & Young LLP for us during either fiscal year 2006 or fiscal year 2005. To the extent required by applicable law, the fees paid to the independent registered public accounting firm described above for fiscal years 2006 and 2005 were pre-approved by the Audit Committee. The Audit Committee may delegate to one or more of its members the authority to grant such pre-approvals. The decisions of any such member shall be presented to the full Audit Committee at each of its scheduled meetings.

Our Board unanimously recommends a vote FOR the ratification of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2007.

INFORMATION ABOUT THE BOARD OF DIRECTORS

Our Board met seven times during our 2006 fiscal year. Each incumbent director attended at least 75% of the total of all board and committee meetings he was entitled to attend during the 2006 fiscal year.

Our Board has reviewed the independence of each of its members based on the criteria for independence set forth under applicable securities laws, including the Securities Exchange Act of 1934, as amended (the Exchange Act), applicable rules and regulations of the SEC and applicable rules and regulations of the New York Stock Exchange (NYSE). The NYSE Listed Company Manual and corresponding listing standards provide that, in order to be

independent, the Board must determine that a director has no material relationship with the Company other than as a director. The Board has reviewed the relationships between each Board member and the Company. Based on its review, the Board has affirmatively determined, by resolution of the Board as a whole, that the following directors have no material relationship with us and satisfy the requirements to be considered independent under the NYSE listing standards applicable to audit committee membership: Richard S. Grant, Richard B. Marchese and Alan H. Schumacher. The Board determined that Messrs. Grant and Marchese have no relationship with us or any other matter of any kind that would impair their independence for purposes of serving on our Board. With respect to Mr. Schumacher, the Board considered the fact that Mr. Schumacher serves on the board of another Cerberus controlled company. The Board affirmatively determined Mr. Schumacher serving on the board of directors of two Cerberus portfolio companies is not a material relationship and does not preclude Mr. Schumacher from exercising independent judgment in carrying out his responsibilities.

Table of Contents

As further described under **Controlled Company**, below, because we are a controlled company, we are exempt from the requirement that our Board be comprised of a majority of independent directors. Five members of our current Board are current or former employees of, or advisors to, Cerberus Capital Management, L.P., or Cerberus, the indirect holder of a majority of the outstanding shares of our common stock, and as such are not independent.

Our business and affairs are managed by our Board. To assist it in carrying out its responsibilities, our Board has established the two standing committees described below, under **Committees of the Board of Directors**. The charter for each of these committees, as in effect from time to time, may be found on our website, www.bluelinxco.com. Each of these committees has the right to retain its own legal counsel and other advisors. All directors are encouraged to attend the annual meeting of stockholders. On the date of the 2006 annual meeting of stockholders there were ten members of the Board and six members were present at the meeting.

Lead Director

The lead director's duties generally include serving as the chairperson for all executive sessions of the non-management directors and communicating to the Chief Executive Officer the results of non-management executive board sessions. Mr. Fenton, the Chairman of the Board, currently serves as the Company's lead director. Any interested party may contact the lead director by directing such communications to the lead director c/o Barbara V. Tinsley, Secretary, 4300 Wildwood Parkway, Atlanta, Georgia 30339. Any such correspondence received by us will be forwarded to the lead director.

Committees of the Board of Directors

The Audit Committee

Our Board established a separately-designated standing Audit Committee in accordance with Section 3(a)(58)(A) of the Exchange Act. The purpose of the Audit Committee is to assist our Board in fulfilling its responsibilities to oversee our financial reporting process, including monitoring the integrity of our financial statements and the independence and performance of our internal and external auditors. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of our independent registered public accounting firm.

The Audit Committee met 13 times in fiscal 2006. The Audit Committee currently consists of Messrs. Grant, Marchese and Schumacher. As discussed above, our Board has affirmatively determined that Messrs. Grant, Marchese and Schumacher are each independent, as such term is defined under the rules of the SEC and the listing standards of the NYSE applicable to audit committee membership, and each meets the NYSE's financial literacy requirements. Pursuant to its charter, the Audit Committee is comprised of at least three members appointed by our Board. Our Board has determined that Mr. Schumacher is an audit committee financial expert, as such term is defined under the applicable rules of the SEC.

The Audit Committee operates pursuant to a written charter, a copy of which can be found on our website at www.bluelinxco.com. Additionally, the audit committee charter is available in print to any shareholder who requests it by writing to BlueLinx Holdings Inc., attn: Corporate Secretary, 4300 Wildwood Parkway, Atlanta, Georgia 30339.

The Audit Committee has adopted a procedure to receive allegations on any fraudulent accounting issues through a toll-free telephone number as set out in our Code of Ethical Conduct. See **Corporate Governance Guidelines and Code of Ethical Conduct**, below.

The Compensation Committee

The Compensation Committee oversees the determination of all matters relating to employee compensation and benefits and is empowered to: (1) establish a compensation policy for executive officers, including setting base salaries and incentive compensation; (2) review compensation practices and trends; (3) make recommendations as to compensation levels for executive officers; (4) approve employment contracts;

Table of Contents

(5) administer our equity and other incentive plans; and (6) undertake administration of other employee benefit plans. The Compensation Committee currently consists of Messrs. Fenton, Schumacher and Suwyn, and met five times during 2006. As further described under **Controlled Company**, below, because we are a controlled company, we are exempt from the requirement that the Compensation Committee be comprised solely of independent directors. Mr. Fenton is an employee of Cerberus and Mr. Suwyn was formerly an advisor to Cerberus.

The Compensation Committee formally engaged Hewitt Associates to serve as a regular advisor to the Committee on executive compensation issues and to provide recommendations and advice as to executive compensation levels. Pursuant to the terms of its written charter, the Compensation Committee may delegate certain of its duties and responsibilities to a subcommittee consisting of one or more members of the Committee, or to executive officers of the Company. The Compensation Committee operates pursuant to a written charter, a copy of which can be found on our website at www.bluelinxco.com. Additionally, the charter is available in print to any shareholder who requests it by writing to BlueLinx Holdings Inc., attn: Corporate Secretary, 4300 Wildwood Parkway, Atlanta, Georgia 30339.

For more information on the role of the Compensation Committee and its processes and procedures for considering and determining executive officer compensation, see **Compensation Discussion and Analysis** beginning on page 12 of this proxy statement.

Controlled Company

We are a controlled company for purposes of the NYSE listing requirements. Our basis for this determination is that Cerberus ABP Investor LLC, an affiliate of Cerberus, owns 18,100,000, or approximately 58% of the outstanding shares of our common stock as of the date of this proxy statement. Accordingly, we are exempt from the NYSE listing requirements that would otherwise mandate (1) a majority of independent directors on our Board, (2) a nominating committee of our Board, comprised solely of independent directors, to select or recommend nominees to our Board, and (3) a compensation committee of our Board, comprised solely of independent directors, to determine the compensation of our executive officers.

Nomination Process

Because we are a controlled company, we do not have a standing nominating committee comprised solely of independent directors or any other committee performing similar functions. Such matters are considered at meetings of our full Board. Due to the size of our Board, we do not foresee an immediate need to establish a separate nominating committee or adopt a charter to govern the nomination process. In addition, because we are a controlled company, we do not have a policy regarding our consideration of nominations or recommendations for director candidates by other shareholders. To the extent we receive any such nominations or recommendations, they will be considered at such time based on such factors as the Board considers relevant.

Our Board has generally used an informal process to identify and evaluate director candidates. We believe that identifying and nominating highly skilled and experienced director candidates is critical to our future. Our Board has previously engaged third parties to assist it in identifying qualified independent director candidates. Our Board encourages all directors, independent or otherwise, to identify potential director nominees. As a result, our Board believes that it is presented with a diverse and experienced group of candidates for discussion and consideration.

During the evaluation process, our Board seeks to identify director candidates with the highest personal and professional ethics, integrity and values. In the context of the needs of our Board at any given point in time, our Board will seek candidates with diverse experience in business, finance and other matters relevant to a company such as ours, prominence in their profession, concern for the interests of our stockholders and an understanding of our business. Additionally, our Board requires that director nominees have sufficient time to devote to our business and

affairs.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee of the Board of Directors, referred to in this discussion as the Committee, is responsible for reviewing, establishing and approving the compensation of our named executive officers. Compensation paid to our Chief Executive Officer, Chief Financial Officer and the other named executive officers identified in the Summary Compensation Table is set forth under Compensation of Executive Officers below. New rules regarding the disclosure of compensation to named executive officers became effective with this proxy statement, so disclosures contained in this discussion and the tables and other disclosures under Compensation of Executive Officers may not be comparable to prior years.

Table of Contents

The Committee regularly consults with management regarding employee compensation matters. The compensation of our Chief Executive Officer is largely determined by his employment agreement. The terms of his employment agreement were established based on a review of the compensation he was receiving from his former employer as well as our review of the market data for chief executive officer compensation at comparator companies which was provided by Hewitt Associates (Hewitt) in the 2005 compensation benchmarking survey. Our Chief Executive Officer makes compensation recommendations to the Committee for the other named executive officers. The Committee also considers market factors in making decisions about our compensation program. In this regard, in 2005, the Committee retained an outside compensation consultant, Hewitt, to advise it on executive compensation matters and to provide compensation recommendations as to our executive officers. The Committee and the Company periodically discuss compensation issues and solicit compensation advice and recommendations from Hewitt. The following discussion and analysis, which was reviewed and approved by the Committee, analyzes the objectives and results for 2006 of our named executive officer compensation policies and procedures.

Compensation Policies and Objectives

Our primary goal is to establish a compensation program that serves the long-term interests of the Company and our stockholders by aligning management's interests with that of our stockholders through equity ownership and by promoting the attainment of individual and corporate goals. In addition, our compensation program is designed to attract and retain top quality executives with the qualifications necessary for the long-term financial success of the Company.

Our executive compensation program is based on the following principles:

Compensation decisions are driven by a pay-for-performance philosophy, which takes into account performance by both the Company and the individual;

Performance is determined with reference to pre-established goals, both with respect to the Company and the individual, which we believe enhances the individual executive's performance;

Where possible, a significant component of total direct compensation should consist of variable compensation;

Total compensation opportunity should be comparable to the marketplace; and

Increased compensation can be earned through an individual's increased contribution to the Company.

Compensation programs in which our named executive officers participate are designed to be competitive with the compensation programs of companies with whom we compete for executive talent in order to enhance our ability to attract and retain key executive leadership. In this regard, the Committee directed the Company to engage Hewitt to perform a benchmark study of the Company's compensation structure in 2005. In evaluating our compensation program, the Committee considered the level of compensation paid to executive officers in comparable executive positions within two comparator groups. Hewitt developed a list of companies for the Committee to consider for use in the comparator groups. The Committee and the Company's Chief Executive Officer and Vice President, Human Resources reviewed the lists of companies selected by Hewitt. The Committee then determined what companies were ultimately included in the comparator groups.

The first comparator group consists of 23 general industry companies with a focus on distribution, building products and other manufacturing and annual revenues between \$1.2 and \$12.2 billion. This group comprised the following companies: American Standard Companies Inc.; Anderson Corporation; Beazer Homes USA, Inc.; Boise Cascade

Corporation; Goodrich Corporation; Ingersoll-Rand Company; Jacuzzi Brands Inc.; Kohler Company; Lennox International Inc.; Masco Corporation; Maytag Corporation; Owens Corning; Pactiv Corporation; Schneider National Inc.; Steelcase Inc.; Temple-Inland Inc.; The Black & Decker Corporation; The Scotts Company; The Sherwin-Williams Company; USG Corporation; Vulcan Materials Company; W.W. Grainger Inc.; and Whirlpool Corporation.

Table of Contents

The second comparator group consists of 21 companies representing the distribution and building products industries with annual revenues between \$638 million and \$9.3 billion. This group comprised the following companies: Amcon Distributing Company; Andersons Inc.; Applied Industrial Technologies Inc.; Beacon Roofing Supply Inc.; Building Materials Holding Corporation; Builders FirstSource Inc.; Fastenal Company; Genuine Parts Company; Handleman Company; Hughes Supply Inc.; Huttig Building Products Inc.; Interline Brands Inc.; MSC Industrial Direct; Rush Enterprises Inc.; Russel Metals Inc.; UAP Holding Corporation; United Rentals Inc.; Universal Forest Products; Watsco Inc.; Wesco International Inc.; and WW Grainger Inc.

Hewitt's comprehensive benchmarking study focused on a number of elements to compare the Company to companies within these comparator groups, including base salaries, target bonuses and actual bonuses paid, actual annual equity awards, total cash compensation, benefits and total compensation. The Company and the Committee reviewed information from these comparator companies to assist them in establishing the compensation program for the Company, setting our executive officers' compensation and benefits to be competitive with those of executive officers in similar positions at these comparator companies and to achieve a balance of incentives to help achieve our performance objectives. The Committee periodically consults with Hewitt on compensation issues and may periodically engage consultants in the future to advise on the ongoing competitiveness of our compensation programs as warranted. In addition, the Committee periodically reviews and revises salary ranges and total compensation programs to develop compensation ranges that it believes will position us within the same range as market salaries for similar positions in our industry based on market information obtained from consultation with Hewitt, informal market surveys, various trade group publications and other publicly available information.

Elements of Compensation

Compensation for our named executive officers consists of four general components:

- Base salary;
- Annual performance-based cash awards;
- Long-term equity incentive compensation; and
- Other perquisite and benefit programs.

The appropriate mix and amount of compensation for each executive officer varies based on the level of the executive's responsibilities, as determined by the Committee in consultation with the Chief Executive Officer. The Chief Executive Officer's compensation structure is largely established by his employment agreement, although the Committee may increase any component of compensation provided by such agreement. There is no established policy or formula for allocating any individual's total compensation between cash and non-cash, or between short-term and long-term incentives. This approach is designed to provide the Company with flexibility to respond to marketplace and individual factors in attracting and retaining executive talent and encouraging performance.

Several members of the Company's executive team are relatively new to BlueLinx and therefore certain elements of their compensation, including base salary and, in some cases, short and long-term incentives, were established in an effort to attract them to join BlueLinx. In establishing these compensation structures, the Committee applied the principles described in this discussion, as well as individual considerations to attract the executive officer to join BlueLinx.

Mr. Macadam, our Chief Executive Officer, entered into an employment agreement with the Company in October 2005, which was approved by the full Board. Pursuant to the agreement, his base salary was \$700,000 in 2006 and will be adjusted to \$750,000 in 2007 and \$800,000 in 2008. In addition, he is entitled to receive a minimum cash bonus award of \$350,000 for 2006, with any bonuses earned for 2007 and 2008 to be paid pursuant to the terms of the Company's annual short term incentive plan, or STIP, which is described below. Finally, he is entitled to an annual equity grant, payable in Company stock or options, valued at \$750,000 in each of 2006, 2007 and 2008.

Table of Contents

Mr. Skinner, our Senior Vice President, Industrials, joined the Company in December 2005 with an annual base salary established at \$250,000. This compensation level was established based on a review of the market data for compensation of executive officers in similar positions at comparator companies which was provided by Hewitt in the 2005 compensation benchmarking survey.

The annual base salary of Mr. Judd, our President and Chief Operating Officer, was adjusted to \$310,000 in May 2006 to reflect his increasing responsibilities and performance. Mr. Macadam recommended, and the Committee approved, a further adjustment to Mr. Judd's annual salary in February 2007 to \$450,000. This subsequent adjustment was based on (1) Mr. Judd's performance and his critical role within the Company related to our operating results and future growth objectives, (2) competitive market salaries for similar positions in the industry, based on data provided in the Hewitt benchmarking survey, and (3) the need to equitably balance Mr. Judd's compensation in relation to his peers on the Company's executive team. Mr. Judd is not covered by an employment agreement that governs the terms of his compensation.

Mr. Morris, who departed as the Company's Chief Financial Officer on December 31, 2006, had an annual base salary of \$226,000 for 2006. His salary was established at that level in 2005 based on his role within the Company and in order to balance his compensation in relation to the compensation of the other executives employed by the Company at such time. We hired Lynn Wentworth as our Chief Financial Officer pursuant to an employment agreement effective January 22, 2007. Pursuant to the agreement, her base salary is \$400,000 for 2007. In addition, she is entitled to receive a minimum cash bonus award of \$240,000 for 2007, with any future bonuses to be paid pursuant to the terms of the STIP. She is also entitled to an annual equity grant, payable in Company stock or options, valued at \$400,000 in each of 2007, 2008 and 2009. Ms. Wentworth's compensation was established based on a review of the compensation she was receiving from her former employer at that time as well as our review of the market data for chief financial officer compensation at comparator companies which was provided by Hewitt in the 2005 compensation benchmarking survey.

The annual base salary of Mr. Dalton, our Senior Vice President, West, was adjusted to \$250,000 in June 2006 in connection with his assuming the role of Senior Vice President, West and relocating from Atlanta to Denver. Pursuant to the terms of his letter agreement, he is also entitled to receive a minimum cash bonus award of \$100,000 in 2006 and \$50,000 in 2007, with any future bonuses to be paid pursuant to the terms of the STIP.

The Committee typically reviews and adjusts base salaries and awards of cash bonuses and equity-based compensation on an annual basis. Our Chief Executive Officer presented recommendations and proposals on 2006 compensation, which were developed in consultation with our Vice President, Human Resources and other Company representatives, to the Committee, including recommended base salaries, recommended structure, target levels and payout levels for the annual cash bonus program under the Company's STIP, and recommended equity awards to executive officers, and management's rationale for its recommendations. The Compensation Committee considered these recommendations before determining compensation. The Chief Executive Officer's minimum compensation is established through 2008 in his employment agreement.

Base Salary

Base salaries represent a fixed portion of named executive officer compensation and vary by job responsibility. We provide base salary because it is standard in the marketplace and provides a stable part of compensation to encourage retention. Named executive officer salaries generally are reviewed and approved annually by the Committee. Additionally, periodic salary adjustments are considered upon a promotion, change in job responsibility or when otherwise necessary for equitable reasons. The Chief Executive Officer's base salary is established in his employment agreement, and the Committee consults with the Chief Executive Officer regarding the salaries of the other named

executive officers. The Committee then considers such matters and approves base salary as to the named executive officers. The Committee primarily considers the recommendations of the Chief Executive Officer, market data, a general review of the executive's compensation (individually and relative to the other executives), and the individual performance of the executive.

Table of Contents***Annual Bonuses***

We utilize cash bonuses as an incentive to promote achievement of individual and Company performance goals. This component of compensation places more emphasis on our annual profitability and the potential rewards associated with future performance of the Company and the individual executive. Annual bonuses are determined based on agreements with the individual executive as well as pursuant to the Company's STIP. Cash incentives are designed to:

- Support our strategic business objectives;
- Promote the attainment of specific financial goals;
- Reward achievement of specific performance objectives; and
- Encourage teamwork.

In February 2006, the Committee approved the STIP goals for fiscal 2006, which provide for cash incentives upon the achievement of pre-established corporate goals. At such time, the Committee established the financial goals used in establishing bonus targets for fiscal 2006 under the STIP. These criteria are applicable to all participants under the STIP, including the Company's named executive officers. There are approximately 275 participants eligible for awards under the STIP, consisting of the Company's manager level employees through the named executive officers.

Under the STIP, an annual bonus pool is established and funded based solely on performance as measured against established business and/or financial goals at different levels of the Company's operating structure. The Committee establishes the bonus pool based on Company performance. In general, the bonus pool is allocated to each participant based on the participant's target bonus percentage (a percentage of such participant's current base salary) and the extent to which the Company and/or such participant's operating group(s) meets the established business and/or financial goals. Each of the named executive officers is a participant in the STIP, and each of their annual bonuses are subject to adjustment by the Committee, in its discretion, based on the executive's individual performance and contribution to the Company during the year.

The Committee established the financial performance metrics for the STIP for 2006 as: (i) corporate earnings before interest, tax, depreciation and amortization; (ii) corporate return on net assets; (iii) branch or region earnings before interest and taxes, for branch and region level participants, and (iv) branch or region return on working capital, for branch and region level participants. The threshold, target and maximum bonus percentages for 2006 for each of the named executive officers as a percentage of each executive's base salary were as follows:

	Threshold	Target	Maximum
Stephen E. Macadam	37.5%	75%	150%
George R. Judd	32.5%	65%	130%
Steven G. Skinner	30%	60%	90%
David J. Morris	27.5%	55%	110%
David J. Dalton	25%	50%	100%

Generally, the Committee sets the target levels for financial performance metrics for the STIP in alignment with the Company's strategic plan. In making the annual determination of the threshold, target and maximum levels, the Committee may consider specific circumstances facing the Company during the year. For fiscal 2006, 60% of a

named executive officer's potential STIP award was based on (i) corporate earnings before interest, tax, depreciation and amortization and (ii) corporate return on assets; with each component accounting for 60% and 40% respectively, of the total corporate financial objective portion of the potential award. The other 40% of the named executive officer's potential STIP award in 2006 was allocated based on individual performance.

The Committee determined that the Company did not achieve the pre-established threshold level for either of the financial performance targets in 2006, so no incentive compensation payments were awarded to the named executive officers under the 2006 STIP. However, cash bonuses were paid to certain named

Table of Contents

executive officers based on prior agreements. Pursuant to the terms of his employment agreement, Mr. Macadam received a one time guaranteed cash bonus of \$350,000 for 2006. Mr. Skinner received a one time guaranteed cash bonus of \$150,000 for 2006 that was agreed to when Mr. Skinner joined the Company in December 2005. Mr. Dalton received a cash bonus of \$200,000 in connection with his promotion to Vice President, West and his relocation from Atlanta to Denver. The Committee may in the future exercise similar discretion as to awards outside the STIP based on relevant factors at such time.

Long Term Equity Incentive Plan

The purpose of our Long Term Equity Incentive Plan, or LTIP, is to provide an incentive to our employees to work towards the achievement of our long term performance goals. A further purpose of the LTIP is to provide a means through which we may better attract able individuals to become employees of the Company by providing these individuals with stock ownership. We also consider the program a key retention tool. For all of these reasons, we believe this component of compensation further advances and aligns the interests of the Company and its stockholders.

In making decisions regarding long-term equity incentive awards for named executive officers, the Committee reviews the comparable equity award data for similar positions in our industry, market data and data from our compensation consultant, and also considers other relevant factors, such as each individual's performance and responsibilities.

In June 2006, the Committee awarded a total of 355,942 options and 147,412 shares of restricted stock to the Company's executives, which included the following grants to the named executive officers: Mr. Macadam (110,619 options and 45,774 shares); Mr. Judd (78,647 options and 32,543 shares); Mr. Dalton (10,000 options and 5,055 shares); and Mr. Skinner (21,169 options and 8,760 shares). These options were issued with a strike price of \$14.01, which was the closing price of the stock on the New York Stock Exchange on the date preceding the grant.

The option awards vest ratably over five years assuming the participant's continued employment and vest immediately in the event of the participant's death, permanent disability, or upon a change in control of the Company. The restricted stock awards vest five years from the date of the grant but are subject to accelerated vesting in the event the Company's stock price reaches the following pre-established levels for at least 90 consecutive days:

	Cumulative Percentage of Award Shares Vested
Average Company Share Price Increases to \$16.11	33.333%
Average Company Share Price Increases to \$18.53	66.66%
Average Company Share Price Increases to \$21.31	100%

In no event can greater than 33.333% of the awards vest before one year from the date of the grant. These vesting targets were determined based on compounded stock price appreciation of 15% from the market price of our common stock of \$14.01 on the date of the grant and are used for compensatory purposes only. This rate of stock price appreciation is not the Committee's or the Company's estimate or projection of future prices for the Company's stock.

Additionally, Mr. Skinner was awarded 185,000 options on January 3, 2006 as part of his incentive package to join the Company. The options were issued with a strike price of \$11.25, which was the closing price of the stock on the New York Stock Exchange on the date preceding the grant. The options vest ratably over a five year period.

Defined Contribution Plan

The Company provides retirement benefits to the named executive officers, including matching contributions, under the terms of its tax-qualified 401(k) defined contribution plan. The named executive officers participate in the plan on substantially the same terms as our other participating employees. We believe that

Table of Contents

these benefits are comparable to those provided by comparable companies. The Company does not maintain any defined benefit or supplemental retirement plans.

Perquisites and Other Personal Benefits

The Company provides the named executive officers with perquisites and other personal benefits that the Company believes are reasonable, competitive in the market and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions. The named executive officers are generally provided a car allowance, payment of certain club dues, life insurance and reimbursement for relocation expenses, if applicable. The Committee periodically reviews the levels of perquisites and other personal benefits provided to named executive officers.

Costs of the perquisites and personal benefits described above for the named executive officers for fiscal 2006 that meet the threshold established by SEC regulations are included in the Summary Compensation Table in this Proxy Statement in the All Other Compensation column. See Compensation of Executive Officers.

Employment Agreements and Change in Control Agreements

Employment Agreement with Chief Executive Officer

We entered into an employment agreement with Stephen E. Macadam to serve as our Chief Executive Officer effective October 20, 2005. The employment agreement expires on December 31, 2008, except that it will be renewed automatically for one additional year unless either party provides prior written notice of non-renewal thirty days in advance of the original expiration date. Pursuant to his employment agreement, Mr. Macadam received a \$600,000 signing bonus from the Company in October 2005 and his annual base salary was paid at the rate of \$700,000 for 2005 and 2006, and is to be paid at the rate of \$750,000 for 2007 and \$800,000 for 2008. Mr. Macadam is also eligible to receive an annual bonus pursuant to the terms of the Company's annual bonus plan, with the annual bonus potential to be a target of 75% of his base salary up to a maximum of 150% of base salary, based upon satisfaction of performance goals and bonus criteria to be defined and approved by the Committee in advance for each fiscal year in accordance with the terms of the bonus plan. For 2006, Mr. Macadam was guaranteed to receive a minimum bonus of 50% of his base salary, and in 2007 and thereafter Mr. Macadam will participate in the STIP. For each of fiscal years 2006, 2007 and 2008, Mr. Macadam is also entitled to receive an annual equity grant equivalent to \$750,000 in value, payable in the form of awards of stock options and/or shares of restricted stock under the Company's long-term equity incentive plan as then in effect, all on such terms and conditions as the Committee shall determine in accordance with the provisions of such plan. In addition, the employment agreement provides that Mr. Macadam is eligible to participate in all benefit programs for which senior executives are generally eligible.

The employment agreement also provided that Mr. Macadam receive an option to purchase 750,000 shares of the Company's common stock. This option was granted under the Company's 2004 Equity Incentive Plan pursuant to a stock option agreement dated October 20, 2005 that provides, among other things, that the exercise price of the option is \$13.50 per share, and that the option vests in five equal annual installments beginning on October 20, 2006. The exercise price of the option of \$13.50 per share was determined based on the price of the Company's common stock for its initial public offering. These options were issued with a strike price above the then current market price of the Company's common stock, which was \$12.80 per share based on the closing price of the Company's common stock on the day preceding the grant date.

Under his employment agreement, the Company may terminate Mr. Macadam's employment for cause or without cause. If Mr. Macadam's employment is terminated without cause or he resigns for good reason, the agreement provides Mr. Macadam with, among other things, payment equal to two times his annual base salary in effect

immediately prior to the date of termination, plus two times the cash bonus amount received by Mr. Macadam for the fiscal year prior to the year of the termination of his employment, payable in twenty-four equal monthly installments commencing six months after the date of termination. If the Company terminates the agreement for cause, or it is terminated due to death, disability, or the voluntary termination of Mr. Macadam, then the Company will make no further payments except those obligations already accrued.

The employment agreement also contains confidentiality provisions, as well as a covenant not to compete during the employment term and continuing until the second anniversary of his date of termination.

Ms. Wentworth also received an option to purchase 100,000 shares of the Company's common stock on January 22, 2007. The option was granted under the Company's 2006 LTIP. The option exercise price of \$11.25 was determined based on the closing price of the Company's common stock on the day preceding the grant date of January 3, 2006.

Mr. Skinner is entitled to certain benefits if his position is eliminated or the Company relocates his office more than 50 miles from Atlanta, Georgia within 180 days of a change in control occurring before December 30, 2008. Under these circumstances, the Company is required to pay Mr. Skinner a lump sum amount equal to twelve months of his base salary, at the rate in effect immediately prior to the elimination or relocation.

If terminated, other than for cause, within 18 months, he will receive 36 months severance pay. If terminated, other than for cause, after 18 months of employment, such severance pay will be reduced by one month for each additional month worked until severance pay reaches 12 months. Thereafter, Mr. Dalton will receive 12 months severance pay if terminated other than for cause. Severance pay will be based on the combined amount of salary and bonus for the year preceding the termination. Internal Revenue Code Section 162(m)

In making compensation decisions, the Committee also considers the potential impact of Section 162(m) of the Internal Revenue Code of 1986, as amended (Section 162(m)). Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the Chief Executive Officer and the other executive officers, other than compensation that is performance-based under a plan that is approved by the stockholders of the Company and meets other technical requirements. However, the Committee reserves the right to provide for compensation to executive officers that may not be deductible if it believes such compensation is in the best interests of the Company and its stockholders.

The Compensation Committee reviewed and discussed the Compensation Discussion and Analysis set forth above with management. Based on such review and discussions, the Compensation Committee recommended to the Board that such Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into the Company's 2006 Annual Report on Form 10-K.

- (1) Both stock and option awards are valued based on fair value of the entire grant as calculated under Statement of Financial Accounting Standards (SFAS) 123R, Share Based Payment, on the grant date. The amounts in these columns represent the compensation cost recognized by the Company for financial statement reporting purposes during fiscal 2006 for grants made in 2006 and prior years. Stock and option awards generally vest in various increments over multi-year periods. As a result, this fair value may not be indicative of the ultimate value the executive may receive under these grants. Moreover, in valuing stock and option awards, forfeitures will be disregarded. Therefore, calculations of stock and option award

values will deviate from the information in the financial statements to the extent of forfeitures. See Note 5 to the consolidated financial statements included in our Annual Report on Form 10-K for fiscal 2006 for the valuation assumptions used in determining the fair value of the awards.

The following table describes the estimated present value of unvested stock options and restricted stock awards that would have immediately vested in the event that the named executive officer's employment was terminated by reason of death, disability, without cause, or by executive for good reason on December 30, 2006 or if a change in control of the Company occurred on such date.

	Value of Options(1)	Value of Restricted Stock(1)	Total(1)
Stephen E. Macadam	\$ 0	\$ 476,050	\$ 476,050
George R. Judd	\$ 0	\$ 338,447	\$ 338,447
David J. Morris(2)			
Steven G. Skinner	\$ 0	\$ 91,104	\$ 91,104

(2) Mr. Morris did not own any options or restricted shares when he left the Company effective December 31, 2006.

In addition to accelerated vesting of outstanding equity awards, our named executive officers are entitled to receive certain other payments in connection with certain termination events and/or a change in control of the Company. In the case of Messrs. Macadam and Judd, any of the Company's obligations to make cash payments following the termination of their respective employment is contingent upon the executive complying with the restrictive covenants contained in their respective agreements. These restrictive covenants prohibit, during periods defined in the agreements and subject to certain limited exceptions, (i) competing with the Company, (ii) employing or soliciting Company employees, (iii) interfering with Company relationships with its customers or vendors and (iv) disclosing or using in an unauthorized manner any of the Company's confidential or proprietary information. These restrictive covenants generally limit the employee's competitive activities for a period of eighteen months to two years following the later of the expiration or termination of employment under the agreement.

In the event that any of the named executive officers' employment is terminated by the Company for cause, we are only obligated to pay the executive his salary and provide the executive with fringe benefits through the date of termination.

As described above under Employment Agreements and Change in Control Agreements, certain of our named executive officers are entitled to receive payments in connection with their termination by the Company. The following table describes the estimated present value of payments that would have been due to the named executive officers in the event that certain termination events described below had occurred on December 30, 2006. Such amounts would be payable pursuant to the terms of their agreements with Company as described in the footnotes to the table as well as above under Employment Agreements and Change in Control Agreements.

receive additional consideration for serving as directors, except that all directors are entitled to reimbursement for travel and out-of-pocket expenses in connection with their attendance at board and committee meetings. Historically, we have granted each outside director options to purchase 10,000 shares of our common stock upon joining our Board. Such options generally vest one year from the date of the grant.

- (2) Option awards are valued based on fair value of the entire grant as calculated under SFAS 123R, Share Based Payment, on the grant date. The amounts in these columns represent the compensation cost recognized by the Company for financial statement reporting purposes during fiscal 2006 for grants made to Mr. Grant and Mr. Marchese, respectively, when they joined our Board in 2005. Their stock option awards vested in 2006, one year from the date of each grant. As a result, this fair value may not be indicative of the ultimate value the executive may receive under these grants. See Note 5 to our consolidated financial statements included in our Annual Report on Form 10-K for fiscal 2006, for the valuation assumptions used in determining the fair value of option awards.
- (3) Mr. Grant serves as a member of the Audit Committee of the Board. As of December 30, 2006, Mr. Grant had fully vested options to purchase 10,000 shares of the Company's common stock at the exercise price of \$11.40 per share, which was the closing price of the stock on the New York Stock Exchange on the date preceding the grant.
- (4) Mr. Marchese serves as a member of the Audit Committee of the Board. As of December 30, 2006, Mr. Marchese had fully vested options to purchase 10,000 shares of the Company's common stock at the exercise price of \$11.69 per share, which was the closing price of the stock on the New York Stock Exchange on the date preceding the grant.
- (5) Mr. Schumacher serves as the Chairman of the Audit Committee of the Board and as a member of the Compensation Committee of the Board of Directors.
- (6) Mr. McElrea, the Company's former Chief Executive Officer, retired from that position in October 2005. In connection with his retirement, the Company and Mr. McElrea entered into a retirement and consulting agreement pursuant to which the Company agreed to pay Mr. McElrea a consulting fee of \$58,890 per month, payable in 24 monthly installments. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review and Approval or Ratification of Related Person Transactions

Our law department and Corporate Secretary are primarily responsible for identifying and reviewing relationships and transactions in which the Company and our directors, executive officers, certain of our shareholders or their immediate family members are participants to determine whether any of these related persons had or will have a direct or indirect material interest. In order to identify potential related person transactions, our law department annually prepares and distributes to all directors and executive officers a written questionnaire which includes questions intended to elicit information about any related person transactions. Information regarding transactions with related persons or any violation of policy, including transactions involving a potential conflict of interest in violation of our Code of Ethical Conduct, may be anonymously reported by employees through our Business Conduct and Ethics Hotline.

In evaluating related person transactions, our Audit Committee members apply the same standards of good faith and fiduciary duty they apply to their general responsibilities as a committee of the Board and as individual directors.
