### REPORT OF INDEPENDENT ACCOUNTANTS

To the Participants and Administrator  
of the Michael Baker Corporation  
Employee Stock Ownership Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Michael Baker Corporation Employee Stock Ownership Plan (the Plan) at December 31, 2001 and 2000, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for the our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of Assets (Held at End of Year) and Reportable Transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the

Edgar Filing: BAKER MICHAEL CORP - Form 11-K

responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### 1. DESCRIPTION OF PLAN

#### GENERAL

The following description of the Michael Baker Employee Stock Ownership Plan (the ESOP, or the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The ESOP is a defined contribution plan that provides all eligible employees of Michael Baker Corporation (the Company) with an opportunity to accumulate additional retirement benefits as well as invest in Company stock. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

#### PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings or losses, and charged with an allocation of certain administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### CONTRIBUTIONS

Participants contribute to the ESOP through a Section 401(k) Employee Salary Redirection Election, whereby participants may choose to have a percentage of their salaries (including commissions and overtime) withheld and contributed to the ESOP up to the lower of 18% of the participant's salary or the annual limitation established by the Internal Revenue Service in both 2001 and 2000. The maximum amount of a participant's salary which may be eligible for withholding for any Plan year cannot exceed \$170,000. The ESOP also allows participants to roll over funds from a previous employer's tax-qualified plan or tax-qualified individual retirement account. Effective January 1, 2002, the Plan participants may choose to contribute up to the lower of 50% of their salaries or the annual limitation established by the Internal Revenue Service.

#### COMPANY MATCHING CONTRIBUTIONS

Under the provisions of the Plan, the Company will make a matching contribution to the participants' accounts in an amount of 100% of the first 5% and 50% of the next 1% of eligible salary (including commissions but excluding overtime) contributed by each participant. Contribution amounts over the 6% limit are not required to be matched by the Company. The Company's matching contributions are invested in not less than 25% of

## Edgar Filing: BAKER MICHAEL CORP - Form 11-K

Michael Baker Corporation Common Stock or Series B Common Stock with the remaining 75% invested in accordance with the participants' investment elections for participant contributions.

The Board of Directors of the Company is authorized to make additional discretionary contributions to the ESOP from time to time. However, no discretionary contributions were made in 2001 or 2000.

### VESTING

Participants are vested immediately in their contributions plus actual earnings thereon. All amounts in the participants' ESOP accounts that are attributable to the transfer of funds from a previously terminated retirement plan, the rollover from a previous employer's tax-qualified plan, and participant contributions are 100% vested and nonforfeitable at all times.

All Company matching contributions will become 100% vested upon attainment of 3 years of service with the Company or earlier, upon attainment of normal retirement date, disability or death. If a participant leaves employment with the Company before attaining a vested interest in his or her Company contribution, the contributions are forfeited and will reduce future Company matching contributions.

### DISTRIBUTIONS

The Plan provides for distribution of benefits upon retirement, total and permanent disability, death, or termination of employment for any other reason. The amount of distribution the participant or his or her beneficiary is entitled to is based on the vesting requirements discussed above. All distributions will be made in the form of a single, lump-sum distribution or in substantially equal annual installments over a period not exceeding 5 years. Distributions may be made in cash and/or shares of common stock, at the discretion of the participant.

### PARTICIPANT LOANS

A participant may borrow money from the portion of his or her account attributable to his or her own 401(k) plan contributions. Participant loans may be obtained in the sole event of immediate and heavy financial need, where the participant lacks other available resources. Loan amounts shall not exceed the lesser of: (a) 50% of the participant's account attributable to his or her own contributions, including rollovers, (b) \$50,000 adjusted for pre-existing loans, or (c) such amount as may be determined by the plan administrator. All loans will be drawn against the participant's account among the respective investment options as directed, and are secured by the assets within the participant's accounts. Interest rates on outstanding notes receivable ranged from 9.5% to 10.5% at December 31, 2000 and 6% to 10.5% at December 31, 2001.

### FORFEITED ACCOUNTS

At December 31, 2001 and 2000, forfeited nonvested accounts totaled \$68,168 and \$89,621, respectively. These accounts will be used to reduce

## Edgar Filing: BAKER MICHAEL CORP - Form 11-K

future employer contributions. Also, in 2001 and 2000, employer contributions were reduced by \$829,880 and \$296,245, respectively, from forfeited nonvested accounts.

### COMMON STOCK

The ESOP enables participating employees to acquire an equity interest in Michael Baker Corporation (the Company); as such, contributions to the ESOP can be invested in the Company's common stock (Common Stock and Series B Common Stock).

The ESOP's investment in the Company's Common Stock comprises 2,038,031 shares (cost of \$14,232,668) and 2,220,159 shares (cost of \$14,065,803) at December 31, 2001 and 2000, respectively.

---

The ESOP's investment in the Company's Series B Common Stock comprises 1,217,221 shares (cost of \$7,401,968) and 1,223,477 shares (cost of \$7,436,107) at December 31, 2001 and 2000, respectively.

### INVESTMENT OPTIONS

Each participant may direct Putnam Investments, Inc. (Putnam) to invest certain portions of his or her account in investment funds. Investment funds available to participants are the Michael Baker Common Stock Fund (invests in common stock of the Company), the Putnam New Opportunities Fund (invests in long-term growth stocks within emerging industries), the Putnam International Growth Fund (invests in diversified corporate stocks outside of North America), the Putnam Voyager Fund (invests in diversified corporate stocks), the Putnam Money Market Fund (invests in short-term money market securities), the Putnam Investors Fund (invests in large capitalization stocks), the Putnam S&P 500 Index Fund (invests with the objective of achieving a return that approximates the return of the S&P 500 Composite Stock Price Index), the AIM Balance Fund (invests in equity and fixed-income securities), the MFS Massachusetts Investors Trust (invests primarily in common stock, seeking current income and long-term growth of capital and income), the PIMCO Total Return Fund (invests in debt securities, seeking a total return consistent with the preservation of capital), the Franklin Small Cap Growth Fund (invests in equity securities of small companies, seeking long-term capital growth) and the Putnam Asset Allocation Funds (includes the Growth Portfolio, which invests with the goal of seeking maximum growth of an investment over time, the Balanced Portfolio, which invests with the goal of seeking a total return for investors in their peak accumulation years and the Conservative Portfolio, which invests primarily in domestic fixed-income securities).

### PLAN ADMINISTRATION AND FEES

The Company provides certain administrative and accounting services to the ESOP at no cost. In addition, the Company pays the cost of services provided to the ESOP by Putnam, legal counsel and independent accountants. Certain reasonable distribution and loan processing fees charged by Putnam are deducted from the respective participant account balances.

## Edgar Filing: BAKER MICHAEL CORP - Form 11-K

### TRANSFERS OUT OF PLAN

In connection with the sale of Baker Heavy & Highway and Baker Support Services, Inc. during 2000, \$3.9 million was transferred out of the Plan to other qualifying plans.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### BASIS OF ACCOUNTING

Putnam Investments, Inc. (Putnam) performs the recordkeeping function for the ESOP and the records are maintained on a cash basis. The financial statements included herein include all adjustments to reflect the financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Certain plan investments are shares of mutual funds managed by Putnam. These transactions qualify as party-in-interest transactions.

### INVESTMENTS

Investments are stated at fair value based upon quoted market values. Purchases and sales of securities are recorded on a trade-date basis. The investment in common stock of the Company is

- 6 -

MICHAEL BAKER CORPORATION  
EMPLOYEE STOCK OWNERSHIP PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2001 AND 2000

---

stated at publicly-traded closing market values as of December 31, 2001 and 2000. As of December 31, 2001 and 2000, the ESOP owned approximately 39% and 40%, respectively, of the outstanding shares of the Company's common stock; therefore, such valuation might be subject to significant fluctuation in the event of a substantial liquidation of such holdings by the ESOP.

The difference between the cost and current market value of investments purchased since the beginning of the period and the increase or decrease in such stated market value of investments held at the beginning of the period reported is included in the net depreciation in fair market value of investments in the statements of changes in net assets available for benefits.

### CONTRIBUTIONS

Employee and employer contributions are recorded in the period during which the Company makes payroll deductions from Plan participants' earnings.

### DISTRIBUTIONS

Distributions to participants are recorded when paid.

### USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make certain estimates and assumptions that may affect the reported amounts of assets,

## Edgar Filing: BAKER MICHAEL CORP - Form 11-K

liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### CONCENTRATION OF RISK

Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statements of changes in net assets available for benefits.

5. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 21, 2000, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. In 2002, the Company filed for a new determination letter for the Plan.

6. PLAN TERMINATION

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. SUBSEQUENT EVENTS

During the fourth quarter of 2001, the Company entered into discussions with the ESOP Trustee concerning the possible exchange of its Series B Common Stock for Common Stock. The Trustee retained a valuation professional and subsequently agreed that the ESOP would be willing to exchange each Series B share held by the ESOP for 1.018 shares of Common Stock. This exchange was completed on February 28, 2002. Immediately

## Edgar Filing: BAKER MICHAEL CORP - Form 11-K

following this exchange, the Company's remaining Series B shares were automatically converted into Common equivalents in accordance with provisions of the Company's Articles of Incorporation.
