THE PROXY AND SOLICITATION

This Proxy Statement is being mailed on or about April 15, 2003, to the shareholders of Olympic Steel, Inc. (the Company) in connection with the solicitation by the Board of Directors of the enclosed form of Proxy for the 2003 Annual Meeting of Shareholders to be held on Thursday, May 8, 2003 at 2:00 p.m. local time, at Olympic Steel, Inc., 5096 Richmond Road, Bedford Heights, OH 44146. Pursuant to the Ohio General Corporation Law, any shareholder signing and returning the enclosed Proxy has the power to revoke it by giving notice of such revocation to the Company in writing or in the open meeting before any vote with respect to the matters set forth therein is taken. The representation in person or by Proxy of at least a majority of the outstanding shares of Common Stock entitled to vote is necessary to provide a quorum at the Annual Meeting. The election of Directors requires approval only by a plurality of the votes cast. As a result, although abstentions and broker non-votes will not be counted in determining the outcome of the vote, they will be counted in determining whether a quorum has been achieved. The cost of soliciting the Proxy will be borne by the Company.

PURPOSES OF ANNUAL MEETING

The Annual Meeting has been called for the purposes of (1) electing three Directors of the class whose two-year terms of office will expire in 2005, and

Edgar Filing: OLYMPIC STEEL INC - Form DEF 14A

(2) transacting such other business as may properly come before the meeting.

The two persons named in the enclosed Proxy have been selected by the Board of Directors and will vote Common Shares represented by valid Board of Directors' Proxies. Unless otherwise indicated in the enclosed Proxy, they intend to vote for the election of the Director nominees named herein.

VOTING SECURITIES

The Board of Directors has established the close of business on March 10, 2003, as the record date for determining shareholders entitled to notice of the meeting and to vote. On that date, 9,644,006 shares of Common Stock were outstanding and entitled to one vote on all matters properly brought before the Annual Meeting.

1

PROPOSAL ONE ELECTION OF DIRECTORS

The Board of Directors is divided into two classes of three Directors each, whose members serve for a staggered two-year term. One class of Directors' term expires in 2003 and the other class term expires in 2004.

The Board of Directors has nominated Michael D. Siegal, Thomas M. Forman, and James B. Meathe to stand for reelection as Directors for a two-year term. The two-year term will end upon the election of Directors at the 2005 Annual Meeting of Shareholders.

At the Annual Meeting, the shares of Common Stock represented by valid Proxies, unless otherwise specified, will be voted to reelect the Directors. Each individual nominated for election as a Director of the Company has agreed to serve if elected. However, if any nominee becomes unable or unwilling to serve if elected, the Proxies will be voted for the election of such other person as may be recommended by the Board of Directors. The Board of Directors has no reason to believe that the persons listed as nominees will be unable or unwilling to serve.

The Board of Directors recommends that each shareholder vote "FOR" the Board of Directors' nominees. Directors will be elected by a plurality of the votes cast at the Annual Meeting.

(1) Stock Options were awarded with an exercise price equal to the fair market value per share of the Common Stock on the grant date.

(2) In accordance with the rules of the United States Securities and Exchange Commission, the Black-Scholes option pricing model was chosen to estimate

Edgar Filing: OLYMPIC STEEL INC - Form DEF 14A

the grant date present value of the options set forth in this table. The Company cannot predict or estimate the future price of the Company's Common Stock, and neither the Black-Scholes model nor any other model can accurately determine the value of an option. Accordingly, there is no assurance that the value realized by an officer, if any, will be at or near the value estimated in the Black-Scholes model. The Black-Scholes valuation was determined using the following assumptions: an average volatility of 57.49%, no dividend yield, a risk-free interest rate of 5.13% and a projected exercise period of 10 years.

The following table sets forth certain information concerning the number and value of unexercised options held by each of the Named Executive Officers at December 31, 2002.

AGGREGATED OPTION EXERCISES IN 2002 AND DECEMBER 31, 2002 VALUES

Retention Agreements. The Company has executed Management Retention Agreements (the "Retention Agreements") with Messrs. Siegal, Wolfort, and Marabito. Under the Agreements, which do not become operative unless there is a Change-in-Control of the Company (as defined in the Retention Agreements), the Company agrees to continue the employment of the manager for a one-year period (the "Contract Period") following the Change-in-Control in the same position with the same duties and responsibilities and at the same compensation level as existed prior to the Change-in-Control. If during the Contract Period the manager's employment is terminated without cause, or the manager terminates his employment for "good reason," the manager shall receive a lump-sum severance payment (the "Severance Amount") of an amount equal to the average of the manager's salary over the last three years, together with continuation of insurance coverage for one year. The Contract Period for Messrs. Siegal and Wolfort is two years and their Severance Amount equals 2.99 times the average of the last three years' compensation. Each of the Retention Agreements contains a non-competition prohibition for one year post-employment (two years in the cases of Messrs. Siegal and Wolfort).

Wolfort Employment Agreement. Mr. Wolfort serves as President and Chief

Edgar Filing: OLYMPIC STEEL INC - Form DEF 14A

Operating Officer of the Company pursuant to an employment agreement terminating December 31, 2005. Under the Agreement, Mr. Wolfort receives a Base Salary of \$385,000, subject to possible increases as determined by the Compensation Committee of the Board. Bonus compensation will be determined by the Committee under the Senior Management Compensation Program, subject to a minimum annual bonus of \$20,000. Under the Agreement, Mr. Wolfort was granted an option to purchase 300,000 shares at \$1.97 per share, the fair market value of the Company's Common Stock on the date of grant. The option vests in annual installments of 20%, commencing January 1, 2002. If the Company terminates Mr. Wolfort's employment without "cause" during the employment term, he shall continue to receive his compensation under the Agreement for a period ending on the earlier of (i) December 31, 2005 or (ii) the second anniversary of his termination of employment. The employment agreement contains a one-year non-competition prohibition.

EMPLOYEE BENEFIT PLANS

Incentive Bonus Plans. Each of the Executive Officers participated in the Senior Management Compensation Program which focuses on pre-tax income and other key operating metrics. Under the program, each of the Executive Officers can be granted stock options based on the Company's performance. The determination of the stock option grants is made by the Compensation Committee. The Committee believes that this program further aligns the interests of management and shareholders and will provide long-term incentive for maximizing shareholder value.

Stock Option Plan. Pursuant to the provisions of the Company's Stock Option Plan (the "Plan"), key employees of the Company, non-employee Directors of the Company and consultants may be offered the opportunity to acquire shares of

9

Common Stock by the grant of stock options including both incentive stock options (ISO's), within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended, and nonqualified stock options. ISO's are not available to consultants. The Plan authorizes up to 1,300,000 shares of Common Stock of the Company (the "Shares") to be issued pursuant to the exercise of options under the Plan. As of December 31, 2002, a total of 982,833 options were issued and outstanding. Currently, 317,167 shares remain available for grant. The Plan will terminate in January 2009; however, termination of the Plan will not affect outstanding options. The Compensation Committee of the Board of Directors administers the Plan. The Committee has broad discretion to set the terms and conditions of the options, provided that no option may be exercisable more than ten years after the date of grant. Currently, there are approximately 28 employees and outside directors eligible to participate in the Plan.

RELATED PARTY TRANSACTIONS

A corporation owned by family members of Mr. Siegal since 1978 handled a portion of the freight activity for the Company's Cleveland operation. COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is responsible for setting and administering the policies that govern the base salaries, bonuses and other compensation matters of the executive officers of the Company. The Committee consists entirely of non-employee Directors of the Company. The Committee meets once annually to review the compensation program for the executive officers of the Company. This report documents the basis of compensation for 2002, with regard to the Company's Chief Executive Officer and other executive officers.

Compensation Policy. The executive compensation policy of the Company is based on the following philosophy: (i) the need to retain and, as necessary, attract highly qualified executives with a compensation plan that is competitive with both public and privately held steel and steel-related companies; (ii) emphasizing variable, performance-based compensation tied to the overall profitability of the Company;

10

(iii) creating a system that would not be overly complicated or conflict with the bonus system used at the senior manager level; and (iv) devising a compensation program that appropriately aligns the interests of executive officers with those of the Company's shareholders in increasing shareholder value.

Base Salaries. The annual base salary of the executive officers is based upon an evaluation of their significant contributions as individuals and as a team, as subjectively determined by the Compensation Committee. The Committee reviewed the cash compensation of numerous senior executives in positions in other steel and steel-related companies to determine the range of the base salaries. Base salaries for 2002 were reviewed and approved by the Compensation Committee, and the amounts paid are included in the Summary Compensation Table.

Incentive Compensation. A significant portion of the executive officers' compensation is incentive bonus-based and tied to the overall pretax income of the Company. Under the provisions of the Incentive Plan, no bonuses were awarded in 2002 to the principal executive officers; however, Messrs. Wolfort and MacWilliams received contractual minimum bonuses. The Company considers stock options to be another award of compensation. Stock options were granted to each of the executive officers as included in the "Individual Option Grants 2002" table.

Chief Executive Officer Compensation. The Chief Executive Officer participates in the same compensation plan provided to the other executive officers of the Company. The base salary for the Chief Executive Officer, Michael D. Siegal, was based upon the Compensation Committee's subjective evaluation of his performance, considering his years of experience, contributions and accomplishments, and his commitment to increasing shareholder value. The Compensation Committee also considered the base compensation packages of other chief executive officers for comparable companies. Consistent with the philosophy of the Incentive Bonus Compensation Plan, the overall pretax income of the Company is a primary variable in determining the total compensation paid to the Chief Executive Officer. Mr. Siegal owns a significant number of shares
