MERCHANTS GROUP, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Principles of Consolidation and Basis of Presentation

The consolidated balance sheet as of June 30, 2003 and the related consolidated statements of operations, and of comprehensive income for the three and six month periods ended June 30, 2003 and, of changes in stockholders' equity and of cash flows for the six month periods ended June 30, 2002 and 2003, respectively, are unaudited. In the opinion of management, the interim financial statements reflect all adjustments necessary for a fair presentation of financial position and results of operations. Such adjustments consist only of normal recurring items. Interim results are not necessarily indicative of results for a full year.

The consolidated financial statements include the accounts of Merchants Group, Inc. (the Company), its wholly-owned subsidiary, Merchants Insurance Company of New Hampshire, Inc. (MNH), and M.F.C. of New York, Inc., an inactive premium finance company which is a wholly-owned subsidiary of MNH. The accompanying consolidated financial statements should be read in conjunction with the following notes and the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002.

The consolidated financial statements have been prepared in conformity with

Edgar Filing: MERCHANTS GROUP INC - Form 10-Q

generally accepted accounting principles (GAAP) which differ in some respects from those followed in reports to insurance regulatory authorities. All significant intercompany balances and transactions have been eliminated.

2. Related Party Transactions

With the exception of the individual who serves as both the President of the Company and the Chief Operating Officer of MNH, the Company and MNH have no paid employees. Under a management agreement dated September 26, 1986 (the Management Agreement), Merchants Mutual Insurance Company (Mutual), which owned 12.1% of the Company's common stock at June 30, 2003, provided the Company and MNH with the facilities, management and personnel required to manage their day-to-day business through December 31, 2002. All underwriting, administrative, claims and investment expenses incurred on behalf of Mutual and MNH were shared on an allocated cost basis. Effective January 1, 2003, the Company, MNH and Mutual entered into a new agreement (the Services Agreement) for Mutual to provide underwriting, administrative, claims and investment services to the Company and MNH and to manage the traditional property and casualty insurance business of MNH on substantially the same terms as under the Management Agreement. As of January 1, 2003 MNH and Mutual entered into a reinsurance pooling agreement (the Reinsurance Pooling Agreement) that provides for the pooling, or sharing, of the insurance business traditionally written by Mutual and MNH. The Reinsurance Pooling Agreement applies to premiums earned and losses incurred on or after its effective date. The terms of these agreements are more fully described in the Company's Annual Report of Form 10-K for the year ended December 31, 2002.

9

3. Earnings Per Share

Basic and diluted earnings per share were computed by dividing net income by the weighted average number of shares of common stock outstanding during each period. For diluted earnings per share, the weighted number of shares outstanding was increased by the assumed exercise of options for 35,500 shares of common stock in the six month period in 2003 and in the three and six month periods in 2002, which would have resulted in 704 additional shares outstanding for the six month period ended June 30, 2003 and 5,044 and 3,976 additional shares outstanding for the three and six month periods in 2002, respectively, assuming the proceeds to the Company from exercise were used to purchase shares of the Company's common stock at its average market value per share during the applicable period. Options to purchase 35,500 shares of common stock at \$21.00 per share were outstanding during the three months ended June 30, 2003 but were not included in the computation of diluted earnings per share because the options' exercise price was greater than the average market price of the common shares.

4. Income Taxes

The provision for income taxes for the three and six month periods ended June 30, 2003 includes the effect of a May 2003 change in New York State law with respect to the taxation of insurance companies. This change eliminates state income taxes for all non-life insurance companies and increases the premium tax rate from 1.3% to 2.0%. As a result of this change, the Company reduced its deferred tax liability with respect to New York State income taxes to \$0, and recorded a one time benefit, net of federal income taxes, to its income tax provision of \$505,000 during the three and six month periods ended June 30,

Edgar Filing: MERCHANTS GROUP INC - Form 10-Q

2003. This one time benefit reduced the Company's effective income tax rate for the three and six month periods ended June 30, 2003 by 18 and 16 percentage points, respectively.

10

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Results of Operations for the Six Months Ended June 30, 2003 As Compared to the Six Months Ended June 30, 2002

The following discussion should be considered in light of the statements under the heading "Safe Harbor Statement under the Securities Litigation Reform Act of 1995," at the end of this Item. All capitalized terms used in this Item that are not defined in this Item have the meanings given to them in the Notes to Consolidated Financial Statements contained in Item 1 of this Form 10-Q, which is incorporated herein by reference.

Results of operations for the six months ended June 30, 2003 reflect the effects of the Services Agreement and the Reinsurance Pooling Agreement between the Company and its wholly-owned insurance subsidiary, Merchants Insurance Company of New Hampshire, Inc. (MNH) and Merchants Mutual Insurance Company (Mutual), effective January 1, 2003. The Services Agreement calls for Mutual to provide underwriting, administrative, claims and investment services to the Company and MNH. The Reinsurance Pooling Agreement provides for the pooling, or sharing, of insurance business traditionally written by Mutual and MNH on or after the effective date. MNH's share of pooled (combined Mutual and MNH) premiums earned and losses and loss adjustment expenses (LAE) for 2003 in accordance with the Reinsurance Pooling Agreement is 40%. In addition to comparisons of the Company's share of pooled premiums for 2003 to its unpooled premiums for the same period in 2002, this item includes comparisons of the pooled, or combined Mutual and MNH, premiums written for 2003 to the combined business of Mutual and MNH for the same period in 2002, even though the companies were not party to a reinsurance pooling agreement in 2002.

Total combined Mutual and MNH or "group-wide" direct premiums (DWP) written for the six months ended June 30, 2003 were \$86,398,000, an increase of \$753,000 or 1% from \$85,645,000 for the six months ended June 30, 2002. The Company's share of combined direct premiums written for the six months ended June 30, 2003, in accordance with the Reinsurance Pooling Agreement, was \$34,559,000. The Company recorded \$38,120,000 of direct premiums written for the six months ended June 30, 2002. The table below shows a comparison of direct premiums written by major category for the six months ended June 30, 2003 and 2002:

Group-wide DWP			MNH Pooled Share	MNH DWP
-----			-----	---
Six months ended			Six months ended	
June 30,			June 30,	
2003	2002	Variance	2003	2002
----	----	-----	----	----

(000's omitted)

Edgar Filing: MERCHANTS GROUP INC - Form 10-Q

Voluntary Personal Lines	\$31,452	\$32,339	(3%)	\$12,581	\$18,582
Voluntary Commercial Lines	51,635	50,070	3%	20,654	16,670
Involuntary	3,311	3,236	2%	1,324	2,868
	-----	-----		-----	-----
Total Direct Written Premiums	\$86,398	\$85,645	1%	\$34,559	\$38,120
	-----	-----		-----	-----

11

The 3% decrease in group-wide voluntary personal lines direct premiums written, which represented 36% and 38% of total group-wide direct premiums written, for the six month periods ended June 30, 2003 and 2002, respectively, resulted from a 5% decrease in private passenger automobile (PPA) direct premiums written, somewhat offset by a 5% increase in homeowners direct premiums written. The decrease in PPA direct premiums written is primarily the result of the group's policy, implemented in 2002, not to write new PPA policies in certain jurisdictions.

The 3% increase in group-wide voluntary commercial lines direct premiums written, which comprised 60% and 58% of total group-wide direct premiums written, for the six month periods ended June 30, 2003 and 2002, respectively, primarily resulted from higher pricing.

Group-wide pooled net premiums written for the six months ended June 30, 2003 were \$81,101,000, a decrease of \$120,000, or less than 1% from \$81,221,000 for the six months ended June 30, 2002. The Company's share of pooled net premiums written in accordance with the Reinsurance Pooling Agreement for the six months ended June 30, 2003 was \$31,944,000. Net premiums written for the six months ended June 30, 2002 were \$36,520,000.

Total revenues for the six months ended June 30, 2003 were \$39,193,000, a decrease of \$12,623,000 or 24% from \$51,816,000 for the six months ended June 30, 2003.

The Company's share of pooled net premiums earned in accordance with the Reinsurance Pooling Agreement for the six months ended June 30, 2003 was \$32,356,000. Net premiums earned for the six months ended June 30, 2002 were \$44,699,000. The decrease in net premiums earned was due to the allocation of group-wide net premiums earned caused by the Reinsurance Pooling Agreement.

Net investment income was \$4,514,000 for the six months ended June 30, 2003, a decrease of 15% from \$5,297,000 for the six months ended June 30, 2002. The average pre-tax yield associated with the investment portfolio decreased 102 basis points to 4.6% for the six months ended June 30, 2003 compared to the six months ended June 30, 2002. Average invested assets for the six months ended June 30, 2003 decreased 4% compared to the year earlier period.

Net realized investment gains were \$2,166,000 for the six months ended June 30, 2003 compared to \$1,383,000 for the six months ended June 30, 2002. The majority of the net realized gains for 2003 resulted from the Company taking advantage of a share repurchase program related to an otherwise illiquid equity security. Equity securities comprised less than 1% of the Company's investment portfolio at June 30, 2003.

Other revenues decreased \$280,000 or 64% to \$157,000 for the six months ended June 30, 2003 from \$437,000 for the six months ended June 30, 2002. This decrease resulted primarily from a 29% decrease in service fee income which in

Edgar Filing: MERCHANTS GROUP INC - Form 10-Q

turn was due to a reduction in policies in force and a \$132,000 increase in charge-offs related to uncollectable premiums receivable.

Net losses and LAE, which include the Company's share of pooled 2003 accident year losses, were \$25,268,000 for the six months ended June 30, 2003, a decrease of \$8,481,000, or 25%, from \$33,749,000

12

for the six months ended June 30, 2002. The loss and LAE ratio increased to 78.1% for the six months ended June 30, 2003 from 75.5% for the six months ended June 30, 2002.

The ratio of amortized deferred policy acquisition costs and other underwriting expenses to net premiums earned decreased to 33.4% for the six months ended June 30, 2003 from 33.5% for the six months ended June 30, 2002. An increase in the premium tax rate in New York State, which is discussed in the following paragraph, added .4 percentage points to the Company's ratio of amortized deferred policy acquisition costs and other underwriting expenses to net premiums earned. Other underwriting expenses included \$253,000 of retrospective commission income to be received from Mutual in accordance with the Reinsurance Pooling Agreement. This retrospective commission income reduced the ratio of deferred policy acquisition costs and other underwriting expenses to net premiums earned by .8 percentage points. Commissions, premium taxes and other state assessments that vary directly with the Company's premium volume represented 19.6% of net premiums earned in the six months ended June 30, 2003 compared to 20.1% in the six months ended June 30, 2002.

The provision for income taxes for the six months ended June 30, 2003 includes the effect of a May 2003 change in New York State law with respect to the taxation of insurance companies. This change eliminates state income taxes for all non-life insurance companies and increases the premium tax rate from 1.3% to 2.0%. As a result of this change, the Company reduced its deferred tax liability with respect to New York State income taxes to \$0, and recorded a one-time benefit, net of federal income taxes, to its income tax provision of \$505,000 during the six months ended June 30, 2003. This one time benefit reduced the Company's effective income tax rate for the six month period ended June 30, 2003 by 16 percentage points.

Results of Operations for the Three Months Ended June 30, 2003 As Compared to

the Three Months Ended June 30, 2002

Total combined Mutual and MNH direct premiums written for the three months ended June 30, 2003 were \$45,645,000, an increase of \$1,890,000 or 4% from \$43,755,000 for the three months ended June 30, 2002. The Company's share of combined direct premiums written for the three months ended June 30, 2003, in accordance with the Reinsurance Pooling Agreement was \$18,257,000. The Company recorded \$17,639,000 of direct premiums written for the three months ended June 30, 2002. The table below shows a comparison of direct premiums written by major category for the three months ended June 30, 2003 and 2002:

Total Direct Written Premiums	\$45,645	\$43,755	4%	\$18,257	\$17,639
	-----	-----		-----	-----

13

The 5% decrease in group-wide voluntary personal lines direct premiums written resulted from an 8% decrease in PPA direct premiums written, somewhat offset by a 3% increase in homeowners direct premiums written. The decrease in PPA direct premiums written is primarily the result of the group's policy, implemented in 2002, not to write new PPA policies in certain jurisdictions.

The 13% increase in group-wide voluntary commercial lines direct premiums written primarily resulted from higher pricing.

Group-wide pooled net premiums written for the three months ended June 30, 2003 were \$42,743,000, an increase of \$957,000, or 2% from \$41,786,000 for the three months ended June 30, 2002. The Company's share of pooled net premiums written in accordance with the Reinsurance Pooling Agreement for the three months ended June 30, 2003 was \$17,097,000. Net premiums written for the three months ended June 30, 2002 were \$17,398,000.

Total revenues for the three months ended June 30, 2003 were \$20,572,000, a decrease of \$5,244,000 or 20% from \$25,816,000 for the three months ended June 30, 2003.

The Company's share of pooled net premiums earned in accordance with the Reinsurance Pooling Agreement for the three months ended June 30, 2003 was \$16,215,000. Net premiums earned for the three months ended June 30, 2002 were \$21,569,000. The decrease in net premiums earned was a result of the Company's allocated share of group-wide net premiums earned under the Reinsurance Pooling Agreement.

Net investment income was \$2,183,000 for the three months ended June 30, 2003, a decrease of 20% from \$2,727,000 for the three months ended June 30, 2002. The average pre-tax yield associated with the investment portfolio decreased 109 basis points to 4.5% for the three months ended June 30, 2003 when compared to the three months ended June 30, 2002. Average invested assets for the three months ended June 30, 2003 decreased 3% compared to the year earlier period.

Net realized investment gains were \$2,050,000 for the three months ended June 30, 2003 compared to \$1,310,000 for the three months ended June 30, 2002. The majority of the net realized gains for 2003 resulted from the Company taking advantage of a share repurchase program related to an illiquid security.

Net losses and LAE, which include the Company's share of pooled 2003 accident year losses, were \$12,351,000 for the three months ended June 30, 2003, a decrease of \$3,502,000, or 22%, from \$15,853,000 for the three months ended June 30, 2002. The loss and LAE ratio increased to 76.2% for the three months ended June 30, 2003 from 73.5% for the three months ended June 30, 2002.

Edgar Filing: MERCHANTS GROUP INC - Form 10-Q

The ratio of amortized deferred policy acquisition costs and other underwriting expenses to net premiums earned increased to 33.4% for the three months ended June 30, 2003 from 33.0% for the three months ended June 30, 2002. The aforementioned increase in the New York State premium tax rate added .9 percentage points to the ratio of amortized deferred policy acquisition costs and other

14

underwriting expenses to net premiums earned. Other underwriting expenses included \$165,000 of retrospective commission income to be received from Mutual in accordance with the Reinsurance Pooling Agreement. This retrospective commission income reduced the ratio of deferred policy acquisition costs and other underwriting expenses to net premiums earned by 1 percentage point. Commissions, premium taxes and other state assessments that vary directly with the Company's premium volume represented 19.7% of net premiums earned in the three months ended June 30, 2003 compared to 19.8% in the three months ended June 30, 2002.

The provision for income taxes for the three month period ended June 30, 2003 includes the effect of the May 2003 change in New York State law with respect to the taxation of insurance companies. This change eliminates state income taxes for all non-life insurance companies and increases the premium tax rate from 1.3% to 2.0%. As a result of this change, the Company reduced its deferred tax liability with respect to New York State income taxes to \$0, and recorded a one-time benefit, net of federal income taxes, to its income tax provision of \$505,000 during the three months ended June 30, 2003.

Liquidity and Capital Resources

In developing its investment strategy the Company determines a level of cash and short-term investments which, when combined with expected cash flow, is estimated to be adequate to meet expected cash obligations. The reduction in the Company's share of net premiums written under the Reinsurance Pooling Agreement will likely result in continued negative cash flows from operations. The Company believes that careful management of the relationship between assets and liabilities will minimize the likelihood that investment portfolio sales will be necessary to fund insurance operations and that the effect of any such sale on the Company's stockholders' equity will not be material.

The Company's objectives with respect to its investment portfolio include maximizing total return within investment guidelines while protecting policyholders' surplus and maintaining flexibility. Like other property and casualty insurers, the Company relies on premiums as a major source of cash, and therefore liquidity. Cash flows from the Company's investment portfolio, either in the form of interest or principal payments, are an additional source of liquidity. Because the duration of the Company's investment portfolio relative to the duration of its liabilities is closely managed, increases or decreases in market interest rates are not expected to have a material effect on the Company's liquidity or its results of operations.

The Company designates newly acquired fixed maturity investments as available for sale and carries these investments at fair value. Unrealized gains and losses related to these investments are recorded as accumulated other comprehensive income within stockholders' equity. At June 30, 2003, the Company recorded as accumulated other comprehensive income in its Consolidated Balance Sheet \$2,053,000 of unrealized gains, net of taxes, associated with its investments classified as available for sale. During the six months ended June 30, 2003 the Company recorded \$116,000 of unrealized gains, net of tax,

Edgar Filing: MERCHANTS GROUP INC - Form 10-Q

associated with its available for sale investments as other comprehensive income.

At June 30, 2003, the Company's portfolio of fixed maturity investments represented 93.9% of invested assets. Management believes that this level of bond holdings is consistent with the Company's liquidity needs because it anticipates that cash receipts from net premiums written and investment income will enable the Company to satisfy its cash obligations. Furthermore, a portion of the Company's bond portfolio

15

is invested in mortgage-backed and other asset-backed securities which, in addition to interest income, provide monthly paydowns of bond principal.

At June 30, 2003, \$95,983,000 or 46.8%, of the Company's fixed maturity portfolio was invested in mortgage-backed and other asset-backed securities. The Company invests in a variety of collateralized mortgage obligation ("CMO") products but has not invested in derivative types of CMO products such as interest only, principal only or inverse floating rate securities. All of the Company's CMO investments have a secondary market and their effect on the Company's liquidity does not differ from that of other fixed maturity investments.

At June 30, 2003 \$4,890,000, or 2.2%, of the Company's investment portfolio was invested in non-investment grade securities compared to \$4,965,000, or 2.4%, at December 31, 2002.

The balance at June 30, 2003 classified in the Company's Consolidated Balance Sheet as "short term borrowings" represents amounts owed to a broker. The Company borrows funds bearing interest at the London Interbank Offered Interest Rate (LIBOR) which is reset monthly and invests those funds in longer term securities.

The Company has arranged for a \$2,000,000 unsecured credit facility from a bank in the form of a master grid note. Any borrowings under this facility are payable on demand and carry an interest rate which can be fixed or variable and is negotiated at the time of each advance. This facility is available for general working capital purposes and for repurchases of the Company's common stock. At June 30, 2003, no amount was outstanding on this loan.

As a holding company, the Company is dependent on cash dividends from MNH to meet its obligations, pay any cash dividends and repurchase its shares. MNH is subject to New Hampshire insurance laws which place certain restrictions on its ability to pay dividends without the prior approval of state regulatory authorities. These restrictions limit dividends to those that, when added to all other dividends paid within the preceding twelve months, would not exceed 10% of the insurer's statutory policyholders' surplus as of the preceding December 31st. The maximum amount of dividends that MNH could pay during any twelve month period ending in 2003 without the prior approval of the New Hampshire Insurance Commissioner is \$5,492,000. MNH paid \$3,700,000 of dividends to the Company in 2002. Dividends were paid in February 2002, May 2002 and November 2002, of \$2,300,000, \$900,000 and \$500,000, respectively. MNH paid dividends to the Company of \$600,000 in April of 2003. The Company paid cash dividends to its common stockholders of \$.10 per share in the first and second quarters of 2003 amounting to \$422,000. On July 31, 2003 the Company declared a quarterly cash dividend of \$.10 per share payable on September 5, 2003 to shareholders of record as of the close of business on August 20, 2003.

Under the Management Agreement and the Services Agreement, Mutual has provided

Edgar Filing: MERCHANTS GROUP INC - Form 10-Q

services and facilities for MNH to conduct its insurance business on a cost reimbursed basis. The balance in the payable to or receivable from affiliate account represents the amount owing to or owed by Mutual by or to the Company for the difference between premiums collected and payments made for losses, employees, services and facilities by Mutual on behalf of MNH.

16

Regulatory guidelines suggest that the ratio of a property-casualty insurer's annual net premiums written to its statutory surplus should not exceed 3 to 1. MNH has consistently followed a business strategy that would allow it to meet this 3 to 1 regulatory guideline. For the first six months of 2003, MNH's ratio of net premiums written to statutory surplus, annualized for a full year, was 1.1 to 1.

Relationship with Mutual

The Company's and MNH's business and day-to-day operations are closely aligned with those of Mutual. This is the result of a combination of factors. Mutual has had a historical ownership interest in the Company and MNH. Prior to November 1986 MNH was a wholly-owned subsidiary of Mutual. Following the Company's initial public offering in November 1986 and until a secondary stock offering in July 1993 the Company was a majority-owned subsidiary of Mutual. Mutual currently owns 12.1% of the Company's common stock. Under the Management Agreement, which was effective from 1986 through December 31, 2002, Mutual provided the Company and MNH with facilities and personnel to conduct the traditional Merchants insurance business and other services. With the exception of the individual who serves as both the President of the Company and the Chief Operating Officer of MNH, the officers of the Company and MNH are paid full time employees of Mutual whose services are provided under the Services Agreement. Also, effective January 1, 2003, the Reinsurance Pooling Agreement between MNH and Mutual provides for MNH to cede all of its net risk on its traditional insurance business to Mutual and then to assume from Mutual an agreed percentage (40% in 2003) of the combined traditional insurance business of both MNH and Mutual. This will create a common underwriting result for MNH and Mutual under the Reinsurance Pooling Agreement and further align the interests of the parties.

The Services Agreement and the Reinsurance Pooling Agreement have been approved by the New Hampshire and New York Insurance Departments.

"Safe Harbor" Statement under the Private Securities Litigation Reform Act of 1995:

With the exception of historical information, the matters and statements discussed, made or incorporated by reference in this Quarterly Report on Form 10-Q constitute forward-looking statements and are discussed, made or incorporated by reference, as the case may be, pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include, without limitation, statements relating to the Company's plans, strategies, objectives, expectations and intentions. Words such as "believes," "forecasts," "intends," "possible," "expects," "anticipates," "estimates," or "plans" and similar expressions are intended to identify forward looking statements. Such forward-looking statements involve certain assumptions, risks and uncertainties that include, but are not limited to, those associated with factors affecting the property-casualty insurance industry generally, including price competition, the Company's dependence on state insurance departments for approval of rate increases; size and frequency of claims, escalating damage awards, natural disasters, fluctuations in interest

Edgar Filing: MERCHANTS GROUP INC - Form 10-Q

rates and general business conditions; the Company's dependence on investment income; the geographic concentration of the Company's business in the northeastern United States and in particular in New York, New Hampshire, New Jersey, Rhode Island, Pennsylvania and Massachusetts; the adequacy of the Company's loss reserves; the Company's dependence on the general reinsurance market; government regulation of the insurance industry; exposure to environmental claims; dependence of the Company on its

17

relationship with Mutual; and the other risks and uncertainties discussed or indicated in all documents filed by the Company with the Securities and Exchange Commission. The Company expressly disclaims any obligation to update any forward-looking statements as a result of developments occurring after the filing of this report.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Market Risk

Market risk represents the potential for loss due to changes in the fair value of financial instruments. The market risk related to the Company's financial instruments primarily relates to its investment portfolio. The value of the Company's investment portfolio of \$218,446,000 at June 30, 2003 is subject to changes in interest rates and to a lesser extent on credit quality. Further, certain mortgage-backed and asset-backed securities are exposed to accelerated prepayment risk generally caused by interest rate movements. If interest rates were to decline, mortgage holders would be more likely to refinance existing mortgages at lower rates. Acceleration of future repayments could adversely affect future investment income, if reinvestment of the accelerated receipts was made in lower yielding securities.

The following table provides information related to the Company's fixed maturity investments at June 30, 2003. The table presents cash flows of principal amounts and related weighted average interest rates by expected maturity dates. The cash flows are based upon the maturity date or, in the case of mortgage-backed and asset-backed securities, expected payment patterns. Actual cash flows could differ from those shown in the table.

18

Fixed Maturities

Expected Cash Flows of Principal Amounts (\$ in 000's):

The discussion and the estimated amounts referred to above include forward-looking statements of market risk which involve certain assumptions as to market interest rates and the credit quality of the fixed maturity investments. Actual future market conditions may differ materially from such assumptions. Accordingly, the forward-looking statements should not be considered projections of future events by the Company.

Item 4. Controls and Procedures

The Company's chief executive officer and chief financial officer, after evaluating the effectiveness of the Company's "disclosure controls and procedures" (as defined in Rules 13a-14(c) and 15d-14(c) under the Securities Exchange Act of 1934) as of a date (the "Evaluation Date") within 90 days before the filing date of this quarterly report, concluded that as of the Evaluation Date the Company's disclosure controls and procedures were effective to ensure that material information relating to the Company was being made known to them by others within the Company in a timely manner, including the period when this quarterly report was being prepared.

There were no significant changes in the Company's internal controls or, to the knowledge of the Company's chief executive officer and chief financial officer, in other factors that could significantly affect the Company's

Edgar Filing: MERCHANTS GROUP INC - Form 10-Q

disclosure controls and procedures subsequent to the Evaluation Date.

20

PART II. OTHER INFORMATION

Item 1. Legal Proceedings.
None.

Item 2. Changes in Securities and Use of Proceeds.
None.

Item 3. Defaults Upon Senior Securities.
None.

Item 4. Submission of Matters to a Vote of Security Holders
On May 7, 2003 the Company held its annual meeting of stockholders. During the meeting Thomas E. Kahn, Henry P. Semmelhack and Robert M. Zak were re-elected Directors of the Company for three year terms to expire at the annual meeting in 2006. Andrew A. Alberti, Brent D. Baird, Frank J. Colantuono and Richard E. Garman are Directors of the Company whose terms of office as Director continue beyond the date of the meeting. Mr. Baird's and Mr. Garman's terms expire in 2004 and Mr. Alberti and Mr. Colantuono's terms expire in 2005.

A summary of stockholder voting with respect to the election of Directors is as follows:

	Election of Thomas E. Kahn -----	Election of Henry P. Semmelhack -----	Election Robert M. -----
For	1,869,870	1,869,870	1,869,870
Withheld	11,600	11,600	11,600
