PROSPECTUS SUPPLEMENT**(To Prospectus dated May 5, 2004)****\$39,366,000**

**The Procter & Gamble Company
Floating Rate Notes due 2056**

We will pay interest on the notes on March 1, June 1, September 1 and December 1 of each year and on the maturity date. The first interest payment date is September 1, 2006. Interest on each note will be reset on March 1, June 1, September 1 and December 1 of each year, beginning on September 1, 2006, based on the 3-month LIBOR rate less 0.30%. The stated maturity of the notes is June 1, 2056.

We have the right to redeem all or a portion of the notes beginning on June 1, 2036 and at any time thereafter at the redemption prices listed in this prospectus supplement, plus accrued interest on the notes to the date we redeem the notes.

The holders of the notes may require us to repurchase all or a portion of the notes on June 1, 2007, on every June 1 thereafter through and including June 1, 2017, and thereafter on June 1 of every subsequent third year, at the redemption prices listed in this prospectus supplement, plus accrued interest on the notes to the date we repurchase the notes.

If there is a tax event, we have the right to shorten the maturity of the notes to the extent needed, so that the interest we pay on the notes will be deductible for United States federal income tax purposes. On the new maturity date, we will pay 100% of the principal amount of the notes, plus accrued interest on the notes to the new maturity date.

	Per Note	Total
Public offering price (1)	100%	\$ 39,366,000
Underwriting discount	1%	\$ 393,660
Proceeds, before expenses, to Procter & Gamble	99%	\$ 38,972,340

(1) Plus accrued interest from May 30, 2006, if settlement occurs after that date.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus supplement or the accompanying prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The notes will be ready for delivery in book-entry form only through The Depository Trust Company on or about May 30, 2006.

DESCRIPTION OF THE NOTES

The following descriptions of the particular terms of the notes (referred to in the accompanying prospectus as the Offered Debt Securities) supplements the more general description of the debt securities contained in the accompanying prospectus. If there are any inconsistencies between the information in this section and the information in the prospectus, the information in this section controls.

Investors should read this section together with the section entitled Description of Debt Securities in the accompanying prospectus. Any capitalized terms that are defined in the prospectus have the same meanings in this section unless a different definition appears in this section. We qualify the description of the notes by reference to the indenture as described below.

General

The notes:

will be initially limited to \$39,366,000 aggregate principal amount, subject to our ability to reopen and issue additional notes which may be of the same series as the notes as described under Further Issues,

will mature on June 1, 2056,

will be senior debt of Procter & Gamble, ranking equally with all other present and future unsecured and unsubordinated indebtedness of Procter & Gamble,

will be issued as a separate series under the indenture between Procter & Gamble and J.P. Morgan Trust Company, National Association, successor in interest to Bank One Trust Company, National Association, dated as of September 28, 1992, in registered, book-entry form only,

will be issued in U.S. dollars in denominations of \$1,000 and integral multiples of \$1,000,

will be redeemable by us prior to the stated maturity at the times and prices described herein,

will be repayable at the option of the holders prior to the stated maturity at the times and prices described herein,

will be subject to defeasance and covenant defeasance, and

will not be subject to any sinking fund.

The indenture and the notes do not limit the amount of indebtedness which may be incurred or the amount of securities which may be issued by us or our subsidiaries, and contain no financial or similar restrictions on us or our subsidiaries, except as described in the prospectus under the caption Description of Debt Securities Restrictive Covenants.

Interest and Principal

Payment of Interest and Principal

We will pay interest on the notes quarterly on March 1, June 1, September 1 and December 1 of each year and on any maturity date (each, an interest payment date), commencing September 1, 2006, to the persons in whose names the notes are registered at the close of business on February 15, May 15, August 15 or November 15, as applicable (in each case, whether or not a business day), immediately preceding the related interest payment date; *provided, however,* that interest payable on any maturity date shall be payable to the person to whom the principal of such notes shall be payable. Interest on the notes will be computed on the basis of the actual number of days elapsed over a 360-day year.

Table of Contents

We will pay the principal of and interest on each note to the registered holder in immediately available funds upon presentation of the notes if in certificated form at the office or agency we maintain for this purpose in the Borough of Manhattan, The City of New York, currently the corporate trust office of the trustee, in any coin or currency of the United States of America which at the time of payment is legal tender for payment of public and private debts; *provided, however*, that payment of interest may be made at our option by check mailed to the registered holder at the close of business on the regular record date at such address as shall appear in the security register or by wire transfer of immediately available funds to an account specified in writing by such holder to us and the trustee prior to the relevant record date. Notwithstanding anything to the contrary in this prospectus supplement or the accompanying prospectus, so long as the notes are in book-entry form, we will make payments of principal and interest through the trustee to DTC.

Interest payable on any interest payment date or maturity date shall be the amount of interest accrued from, and including, the immediately preceding interest payment date in respect of which interest has been paid or duly provided for (or from and including the original issue date, if no interest has been paid or duly provided for with respect to the notes) to, but excluding, such interest payment date or maturity date, as the case may be. If any interest payment date (other than the maturity date) would otherwise be a day that is not a business day, such interest payment date will be postponed to the immediately succeeding day that is a business day, except that if such business day is in the immediately succeeding calendar month, such interest payment date (other than the maturity date) shall be the immediately preceding business day. If the maturity date of the notes falls on a day that is not a business day, the related payment of principal and interest will be made on the immediately succeeding business day as if it were made on the date such payment was due, and no interest will accrue on the amounts so payable for the period from and after such date to the immediately succeeding business day.

By *business day* we mean a day which is not a day when banking institutions in the city in which the trustee administers its corporate trust business, currently New York City, or in the place of payment, are authorized or required by law or regulation to be closed, and that is also a *London business day*, which is a day on which dealings in deposits in U.S. dollars are transacted in the London interbank market.

The term *maturity*, when used with respect to a note, means the date on which the principal of such note or an installment of principal becomes due and payable as therein provided or as provided in the indenture, whether at the stated maturity or by declaration of acceleration, call for redemption, repayment or otherwise.

Rate of Interest

The interest rate on the notes will be reset quarterly on March 1, June 1, September 1 and December 1 of each year, commencing September 1, 2006 (each, an *interest reset date*), and the notes will bear interest at a per annum rate equal to three-month LIBOR (as defined below) for the applicable interest reset period or initial interest period (each as defined below), less 0.30% (30 basis points). The interest rate for the initial interest period will be three-month LIBOR, determined as of two London business days prior to the original issue date, less 0.30% per annum. The *initial interest period* will be the period from and including the original issue date to but excluding the initial interest reset date. Thereafter, each *interest reset period* will be the period from and including an interest reset date to but excluding the immediately succeeding interest reset date; *provided* that the final interest reset period for the notes will be the period from and including the interest reset date immediately preceding the maturity date of such notes to but excluding the maturity date.

If any interest reset date would otherwise be a day that is not a business day, the interest reset date will be postponed to the immediately succeeding day that is a business day, except that if that business day is in the immediately succeeding calendar month, the interest reset date shall be the immediately preceding business day.

The interest rate in effect on each day will be (i) if that day is an interest reset date, the interest rate determined as of the interest determination date (as defined below) immediately preceding such interest reset date or (ii) if that day is not an interest reset date, the interest rate determined as of the interest determination date immediately preceding the most recent interest reset date or the original issue date, as the case may be.

Table of Contents*Interest Rate Determination*

The interest rate applicable to each interest reset period commencing on the related interest reset date, or the original issue date in the case of the initial interest period, will be the rate determined as of the applicable interest determination date. The interest determination date will be the second London business day immediately preceding the original issue date, in the case of the initial interest reset period, or thereafter the applicable interest reset date.

J.P. Morgan Trust Company, National Association, or its successor appointed by us, will act as calculation agent. Three-month LIBOR will be determined by the calculation agent as of the applicable interest determination date in accordance with the following provisions:

(i) LIBOR is the rate for deposits in U.S. dollars for the 3-month period which appears on Moneyline Telerate Page 3750 (as defined below) at approximately 11:00 A.M., London time, on the applicable interest determination date.

Moneyline Telerate Page 3750 means the display designated on page 3750 on Moneyline Telerate (or such other page as may replace the 3750 page on that service, any successor service or such other service or services as may be nominated by the British Bankers Association for the purpose of displaying London interbank offered rates for U.S. dollar deposits). If no rate appears on Moneyline Telerate Page 3750, LIBOR for such interest determination date will be determined in accordance with the provisions of paragraph (ii) below.

(ii) With respect to an interest determination date on which no rate appears on Moneyline Telerate Page 3750 as of approximately 11:00 a.m., London time, on such interest determination date, the calculation agent shall request the principal London offices of each of four major reference banks (which may include affiliates of the underwriter) in the London interbank market selected by the calculation agent (after consultation with us) to provide the calculation agent with a quotation of the rate at which deposits of U.S. dollars having a three-month maturity, commencing on the second London business day immediately following such interest determination date, are offered by it to prime banks in the London interbank market as of approximately 11:00 a.m., London time, on such interest determination date in a principal amount equal to an amount of not less than U.S. \$1,000,000 that is representative for a single transaction in such market at such time. If at least two such quotations are provided, LIBOR for such interest determination date will be the arithmetic mean of such quotations as calculated by the calculation agent. If fewer than two quotations are provided, LIBOR for such interest determination date will be the arithmetic mean of the rates quoted as of approximately 11:00 a.m., New York City time, on such interest determination date by three major banks (which may include affiliates of the underwriter) selected by the calculation agent (after consultation with us) for loans in U.S. dollars to leading European banks having a three-month maturity commencing on the second London business day immediately following such interest determination date and in a principal amount equal to an amount of not less than U.S. \$1,000,000 that is representative for a single transaction in such market at such time; *provided, however*, that if the banks selected as aforesaid by the calculation agent are not quoting such rates as mentioned in this sentence, LIBOR for such interest determination date will be LIBOR determined with respect to the immediately preceding interest determination date.

All percentages resulting from any calculation of any interest rate for the notes will be rounded, if necessary, to the nearest one hundred thousandth of a percentage point, with five one-millionths of a percentage point rounded upward and all dollar amounts will be rounded to the nearest cent, with one-half cent being rounded upward.

Promptly upon such determination, the calculation agent will notify us and the trustee (if the calculation agent is not the trustee) of the interest rate for the new interest reset period. Upon request of a holder of the notes, the calculation agent will provide to such holder the interest rate in effect on the date of such request and, if determined, the interest rate for the next interest reset period.

All calculations made by the calculation agent for the purposes of calculating interest on the notes shall be conclusive and binding on the holders and us, absent manifest error.

Table of Contents**Optional Redemption**

The notes may be redeemed at any time, at our option, in whole or in part, in amounts of \$1,000 or any multiple of \$1,000, at the following redemption prices (in each case expressed as a percentage of the principal amount), if redeemed during the 12-month period beginning on June 1 of any of the following years:

Year	Redemption Price
2036	105.00%
2037	104.50%
2038	104.00%
2039	103.50%
2040	103.00%
2041	102.50%
2042	102.00%
2043	101.50%
2044	101.00%
2045	100.50%
2046	100.00%

and thereafter at 100% of the principal amount, in each case, together with any accrued and unpaid interest to the redemption date (subject to the right of holders of record on relevant record dates to receive interest due on an interest payment date).

We must mail notice of any redemption at least 30 days but not more than 60 days before the redemption date to each holder of the notes to be redeemed. Unless we default in the payment of the redemption price, on and after the redemption date, interest will cease to accrue on the notes or portions of the notes called for redemption.

In the event of any redemption of less than all the outstanding notes, the particular notes (or portions of notes in multiples of \$1,000) to be redeemed shall be selected by the trustee by the method the trustee considers fair and appropriate.

Repayment at Option of Holder

The notes will be repayable at the option of the holder of the notes, in whole or in part, on the repayment dates and at the repayment prices (in each case expressed as a percentage of the principal amount) set forth in the following table:

Date	Redemption Price
June 1, 2007	98.00%
June 1, 2008	98.00%
June 1, 2009	98.00%
June 1, 2010	98.00%
June 1, 2011	98.00%
June 1, 2012	99.00%
June 1, 2013	99.00%
June 1, 2014	99.00%
June 1, 2015	99.00%
June 1, 2016	99.00%
June 1, 2017	100.00%

Table of Contents

and on June 1 of every third year thereafter at 100% of the principal amount, through and including June 1, 2056, in each case, together with any accrued and unpaid interest to the redemption date (subject to the rights of holders of record on relevant record dates to receive interest due on an interest payment date).

In order for a note to be repaid, the paying agent must receive, at least 30 but not more than 60 calendar days before the optional repayment date, (1) the note with the form entitled *Option to Elect Repayment* on the reverse of the note duly completed or (2) a telegram, facsimile transmission or a letter from a member of a national securities exchange or a member of the National Association of Securities Dealers, Inc. or a commercial bank or trust company in the United States which must set forth:

the name of the holder of the note;

the principal amount of the note;

the principal amount of the note to be repaid;

the certificate number or a description of the tenor and terms of the note;

a statement that the option to elect repayment is being exercised; and

a guarantee that the note is to be repaid.

These items, together with the duly completed form entitled *Option to Elect Repayment* on the reverse of the note, must be received by the Paying Agent not later than the fifth business day after the date of that telegram, facsimile transmission or letter. The repayment option may be exercised by the holder of a note for less than the entire principal amount of the note but, in that event, the principal amount of the note remaining outstanding after repayment must be in an authorized denomination.

Conditional Right to Shorten Maturity

We intend to deduct interest paid on the notes for United States Federal income tax purposes. However, there have been proposed tax law changes in the past that, among other things, would have prohibited an issuer from deducting interest payments on debt instruments with a maturity of more than 40 years. While none of these proposals has become law, we cannot assure you that similar legislation affecting our ability to deduct interest paid on the notes will not be enacted in the future or that any such legislation would not have a retroactive effective date. As a result, we cannot assure you that a tax event (as defined below) will not occur.

If a tax event occurs, we will have the right to shorten the maturity of the notes, without the consent of the holders of the notes, to the minimum extent required, in the opinion of nationally recognized independent tax counsel, so that, after shortening the maturity, interest paid on the notes will be deductible for United States Federal income tax purposes or, if that counsel cannot opine definitively as to such a minimum period, the minimum extent so required to maintain our interest deduction to the extent deductible under current law as determined in good faith by our board of directors, after receipt of an opinion of that counsel regarding the applicable legal standards. In that case, the amount payable on those notes on that new maturity date will be equal to 100% of the principal amount of those notes plus interest accrued on those notes to the date those notes mature on that new maturity date. We cannot assure you that we would not exercise our right to shorten the maturity of those notes if a tax event occurs or as to the period that the maturity would be shortened. If we elect to exercise our right to shorten the maturity of the notes when a tax event occurs, we will mail a notice to each holder of notes by first-class mail not more than 60 days after the occurrence of the tax event, stating the new maturity date of the notes. This notice shall be effective immediately upon mailing.

We believe that the notes should constitute indebtedness for United States Federal income tax purposes under current law and, in that case, an exercise of our right to shorten the maturity of the notes should not be a taxable event to holders for those purposes. Prospective investors should be aware, however, that our exercise of our right to shorten the maturity of the notes will be a taxable event to holders for United States Federal income tax

Table of Contents

purposes if the notes are treated as equity for United States Federal income tax purposes before the maturity is shortened, assuming that the notes of shortened maturity are treated as debt for those purposes.

Tax event means that we shall have received an opinion of nationally recognized independent tax counsel to the effect that, as a result of:

any amendment to, clarification of, or change (including any announced prospective amendment, clarification or change) in any law, or any regulation thereunder, of the United States;

any judicial decision, official administrative pronouncement, ruling, regulatory procedure, regulation, notice or announcement, including any notice or announcement of intent to adopt or promulgate any ruling, regulatory procedure or regulation (any of the foregoing, an administrative or judicial action); or

any amendment to, clarification of, or change in any official position with respect to, or any interpretation of, an administrative or judicial action or a law or regulation of the United States that differs from the previously generally accepted position or interpretation,

in each case, occurring on or after May 30, 2006, there is more than an insubstantial increase in the risk that interest paid by us on the notes is not, or will not be, deductible, in whole or in part, by us for United States Federal income tax purposes.

Notes Used as Qualified Replacement Property

Prospective investors seeking to treat the notes as qualified replacement property for purposes of section 1042 of the Internal Revenue Code of 1986, as amended (the Code), should be aware that section 1042 requires the issuer to meet certain requirements in order for the notes to constitute qualified replacement property. In general, qualified replacement property is a security issued by a domestic corporation that did not, for the taxable year preceding the taxable year in which such security was purchased, have passive investment income in excess of 25 percent of the gross receipts of such corporation for such preceding taxable year (the Passive Income Test). For purposes of the Passive Income Test, where the issuing corporation is in control of one or more corporations, all such corporations are treated as one corporation (the Affiliated Group) for the purposes of computing the amount of passive investment income for purposes of section 1042.

We believe that less than 25 percent of our Affiliated Group s gross receipts is passive investment income for the taxable year ending June 30, 2005. In making this determination, we have made certain assumptions and used procedures which we believe are reasonable. We cannot give any assurance as to whether we will continue to meet the Passive Income Test. It is, in addition, possible that the Internal Revenue Service may disagree with the manner in which we have calculated our Affiliated Group s gross receipts (including the characterization of those gross receipts) and passive investment income and the conclusions reached in this discussion. Prospective purchasers of the notes should consult with their own tax advisors with respect to these and other tax matters relating to the notes.

Further Issues

We may from time to time, without notice to or the consent of the registered holders of the notes, create and issue further notes of this series ranking equally with the notes of this series in all respects (or in all respects other than the payment of interest accruing prior to the issue date of such further notes or except for the first payment of interest following the issue date of such further notes). Such further notes may be consolidated and form a single series with the notes of this series and have the same terms as to status, redemption or otherwise as the notes of this series.

Book-Entry System

We have obtained the information in this section concerning The Depository Trust Company (DTC) and its book-entry system and procedures from sources that we believe to be reliable, but we take no responsibility for the accuracy of this information. In addition, the description of the clearing system in this section reflects our understanding of the rules and procedures of DTC as they are currently in effect. DTC could change its rules and procedures at any time.

The notes will initially be represented by one or more fully registered global notes. Each such global note will be deposited with, or on behalf of, DTC or any successor thereto and registered in the name of Cede & Co. (DTC's nominee). You may hold your interests in the global notes in the United States through DTC, either as a participant in that system or indirectly through organizations which are participants in that system.

So long as DTC or its nominee is the registered owner of the global securities representing the notes, DTC or such nominee will be considered the sole owner and holder of the notes for all purposes of the notes and the indenture. Except as provided below, owners of beneficial interests in the notes will not be entitled to have the notes registered in their names, will not receive or be entitled to receive physical delivery of the notes in definitive form and will not be considered the owners or holders of the notes under the indenture, including for purposes of receiving any reports delivered by us or the trustee pursuant to the indenture. Accordingly, each person owning a beneficial interest in a note must rely on the procedures of DTC or its nominee and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, in order to exercise any rights of a holder of notes.

Unless and until we issue the notes in fully certificated, registered form under the limited circumstances described below under the heading **Book-Entry System – Certificated Notes** :

you will not be entitled to receive a certificate representing your interest in the notes;

all references in this prospectus supplement or in the accompanying prospectus to actions by holders will refer to actions taken by DTC upon instructions from its direct participants; and

all references in this prospectus supplement or the accompanying prospectus to payments and notices to holders will refer to payments and notices to DTC or Cede & Co., as the registered holder of the notes, for distribution to you in accordance with DTC procedures.

The Depository Trust Company

DTC will act as securities depository for the notes. The notes will be issued as fully registered notes registered in the name of Cede & Co. DTC has advised us as follows: DTC is

a limited-purpose trust company organized under the New York Banking Law;

a banking organization under the New York Banking Law;

a member of the Federal Reserve System;

a clearing corporation under the New York Uniform Commercial Code; and

a clearing agency registered under the provisions of Section 17A of the Securities Exchange Act of 1934.

DTC holds securities that its direct participants deposit with DTC. DTC facilitates the settlement among direct participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in direct participants' accounts, thereby eliminating the need for physical movement of securities certificates.

Table of Contents

Direct participants of DTC include securities brokers and dealers (including underwriters), banks, trust companies, clearing corporations, and certain other organizations. DTC is owned by a number of its direct participants. Indirect access to the DTC system is also available to securities brokers and dealers, banks and trust companies that maintain a custodial relationship with a direct participant.

If you are not a direct participant or an indirect participant and you wish to purchase, sell or otherwise transfer ownership of, or other interests in, notes, you must do so through a direct participant or an indirect participant. DTC agrees with and represents to DTC participants that it will administer its book-entry system in accordance with its rules and by-laws and requirements of law. The Securities and Exchange Commission has on file a set of the rules applicable to DTC and its direct participants.

Purchases of notes under DTC's system must be made by or through direct participants, which will receive a credit for the notes on DTC's records. The ownership interest of each beneficial owner is in turn to be recorded on the records of direct participants and indirect participants. Beneficial owners will not receive written confirmation from DTC of their purchase, but beneficial owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct participants or indirect participants through which such beneficial owners entered into the transaction. Transfers of ownership interests in the notes are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in notes, except as provided below in *Book-Entry System - Certificated Notes*.

To facilitate subsequent transfers, all notes deposited with DTC are registered in the name of DTC's nominee, Cede & Co. The deposit of notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the notes. DTC's records reflect only the identity of the direct participants to whose accounts such notes are credited, which may or may not be the beneficial owners. The participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Book-Entry Format

Under the book-entry format, the trustee will pay interest or principal payments to Cede & Co., as nominee of DTC. DTC will forward the payment to the direct participants, who will then forward the payment to the indirect participants or to you as the beneficial owner. You may experience some delay in receiving your payments under this system. Neither we, the trustee under the indenture nor any paying agent has any direct responsibility or liability for the payment of principal or interest on the notes to owners of beneficial interests in the notes.

DTC is required to make book-entry transfers on behalf of its direct participants and is required to receive and transmit payments of principal, premium, if any, and interests on the notes. Any direct participant or indirect participant with which you have an account is similarly required to make book-entry transfers and to receive and transmit payments with respect to the notes kept on your behalf. We and the trustee under the indenture have no responsibility for any aspect of the actions of DTC or any of its direct or indirect participants. We and the trustee under the indenture have no responsibility or liability for any aspect of the records kept by DTC or any of its direct or indirect participants relating to or payments made on account of beneficial ownership interests in the notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. We also do not supervise these systems in any way.

The trustee will not recognize you as a holder under the indenture, and you can only exercise the rights of a holder indirectly through DTC and its direct participants. DTC has advised us that it will only take action regarding a note if one or more of the direct participants to whom the note is credited directs DTC to take such action and only in respect of the portion of the aggregate principal amount of the notes as to which that participant or participants has or

Table of Contents

have given that direction. DTC can only act on behalf of its direct participants. Your ability to pledge notes to non-direct participants, and to take other actions, may be limited because you will not possess a physical certificate that represents your notes.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the notes unless authorized by a direct participant in accordance with DTC's procedures. Under its usual procedures, DTC will mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts the notes are credited on the record date (identified in a listing attached to the omnibus proxy).

Same-Day Settlement and Payment

The underwriter will settle the notes in immediately available funds. We will make principal and interest payments on the notes in immediately available funds or the equivalent.

Secondary market trading between DTC direct participants will occur in accordance with DTC rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity (if any) in the notes.

Certificated Notes

Unless and until they are exchanged, in whole or in part, for notes in definitive form in accordance with the terms of the notes, the notes may not be transferred except (1) as a whole by DTC to a nominee of DTC or (2) by a nominee of DTC to DTC or another nominee of DTC or (3) by DTC or any such nominee to a successor of DTC or a nominee of such successor.

We will issue notes to you or your nominees, in fully certificated registered form, rather than to DTC or its nominees, only if:

we advise the trustee in writing that DTC is no longer willing or able to discharge its responsibilities properly or that DTC is no longer a registered clearing agency under the Securities Exchange Act of 1934, and the trustee or we are unable to locate a qualified successor within 90 days;

an event of default has occurred and is continuing under the indenture; or

we, at our option, elect to terminate the book-entry system through DTC.

If any of the three above events occurs, DTC is required to notify all direct participants that notes in fully certificated registered form are available through DTC. DTC will then surrender the global note representing the notes along with instructions for re-registration. The trustee will re-issue the notes in fully certificated registered form and will recognize the registered holders of the certificated notes as holders under the indenture.

Unless and until we issue the notes in fully certificated, registered form, (1) you will not be entitled to receive a certificate representing your interest in the notes; (2) all references in this prospectus supplement or in the accompanying prospectus to actions by holders will refer to actions taken by the depository upon instructions from their direct participants; and (3) all references in this prospectus supplement or the accompanying prospectus to payments and notices to holders will refer to payments and notices to the depository, as the registered holder of the notes, for distribution to you in accordance with its policies and procedures.

Governing Law

The indenture and the notes for all purposes shall be governed by and construed in accordance with the laws of the State of New York.

UNDERWRITING

We intend to offer the notes through UBS Securities LLC, as underwriter. Subject to the terms and conditions contained in an underwriting agreement and the related pricing agreement between us and the underwriter, we have agreed to sell to the underwriter and the underwriter has agreed to purchase from us, \$39,366,000 aggregate principal amount of the notes.

The underwriter has agreed to purchase all of the notes sold pursuant to the underwriting agreement. If the underwriter defaults, the underwriting agreement may be terminated.

We have agreed to indemnify the underwriter against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriter may be required to make in respect of those liabilities.

The underwriter is offering the notes, subject to prior sale, when, as and if issued to and accepted by it, subject to approval of legal matters by its counsel, including the validity of the notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriter of officer's certificates and legal opinions. The underwriter reserves the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The underwriter has advised us that it proposes initially to offer the notes to the public at the public offering price on the cover page of this prospectus supplement. After the initial public offering, the public offering price, concession and discount may be changed.

The expenses of the offering, not including the underwriting discount, are estimated to be \$100,000 and are payable by us.

New Issue of Notes

The notes are a new issue of securities with no established trading market. We do not intend to apply for listing of the notes on any national securities exchange or for quotation of the notes on any automated dealer quotation system. We have been advised by the underwriter that it presently intends to make a market in the notes after completion of the offering. However, it is under no obligation to do so and may discontinue any market-making activities at any time without any notice. We cannot assure the liquidity of the trading market for the notes or that an active public market for the notes will develop. If an active public trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected.

Price Stabilization and Short Positions

In connection with the offering, the underwriter is permitted to engage in transactions that stabilize the market price of the notes. Such transactions consist of bids or purchases to peg, fix or maintain the price of the notes. If the underwriter creates a short position in the notes in connection with the offering, i.e., if it sells more notes than are on the cover page of this prospectus supplement, the underwriter may reduce that short position by purchasing notes in the open market. Purchases of a security to stabilize the price or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases.

Neither we nor the underwriter make any representation or prediction as to the direction or magnitude or any effect that the transactions described above may have on the price of the notes. In addition, neither we nor the underwriter make any representation that the underwriter will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Other Relationships

The underwriter and its affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us. It has received customary fees and commissions for these transactions.

VALIDITY OF THE NOTES

The validity of the notes will be passed upon for Procter & Gamble by R. Adam Newton, Senior Counsel, The Procter & Gamble Company, One Procter & Gamble Plaza, Cincinnati, Ohio 45202, and for the underwriter by Fried, Frank, Harris, Shriver & Jacobson LLP, New York, New York. Mr. Newton may rely as to matters of New York law upon the opinion of Fried, Frank, Harris, Shriver & Jacobson LLP, and Fried, Frank, Harris, Shriver & Jacobson LLP may rely as to matters of Ohio law upon the opinion of Mr. Newton. Fried, Frank, Harris, Shriver & Jacobson LLP from time to time performs legal services for Procter & Gamble.

RECENT DEVELOPMENTS

In March, 2003, the Company entered into an agreement to acquire a controlling interest in Wella AG from the majority shareholders and, in June, 2003, the Company completed a tender offer for the remaining outstanding voting class shares and preference shares. On September 2, 2003, the Company completed the previously announced purchase of the shares of Wella AG held by the majority shareholders. On September 10, 2003, the Company purchased the shares secured through the tender offer. As a result of these purchases, the Company acquired approximately 81% of the outstanding Wella shares (99% of the voting class shares and 45% of the preference shares) for a total purchase price of 4.67 billion Euros, excluding acquisition costs (approximately \$5.1 billion based on actual exchange rates on the date of the transaction). The acquisition was financed by a mixture of available cash balances and debt. Wella AG is a leading beauty care company selling its products in more than 150 countries, focused on professional hair care, retail hair care and cosmetics and fragrances.
