PROXY STATEMENT

Rochester, New York 14615**

**Annual Meeting of Shareholders
August 21, 2007**

SOLICITATION OF PROXIES

The accompanying proxy is solicited by the Board of Directors of Monroe Muffler Brake, Inc., a New York corporation (the "Company" or "Monro"), for use at the Annual Meeting of Shareholders (the "Annual Meeting") to be held at the Genesee Valley Club, 421 East Avenue, Rochester, New York 14607, on Tuesday, August 21, 2007, commencing at 10 a.m., or at any adjournment or postponement thereof.

A shareholder who executes a proxy may revoke it at any time before it is voted. Attendance at the meeting shall not have the effect of revoking a proxy unless the shareholder so attending shall, in writing, so notify the secretary of the meeting at any time prior to the voting of the proxy. A proxy which is properly signed and not revoked will be voted for the nominees for election as directors listed herein, the approval of the proposal to amend the Restated Certificate of Incorporation to increase the number of authorized shares of Common Stock from 20,000,000 to 45,000,000, for the ratification of the adoption of the Monroe Muffler Brake, Inc. 2007 Stock Incentive Plan, and for the ratification of the proposal regarding reevaluating the selection of independent public accountants as proposed herein, unless contrary instructions are given, and such proxy may be voted by the persons named in the proxy in their discretion upon such other business as may be properly brought before the meeting.

The cost of soliciting proxies will be borne by the Company. In addition to solicitation by mail, directors, officers and employees of the Company may solicit proxies by telephone or otherwise. The Company will reimburse brokers or other persons holding shares in their names or in the names of their nominees for their charges and expenses in forwarding proxies and proxy material to the beneficial owners of such shares. It is anticipated that the mailing of this Proxy Statement will commence on or about July 16, 2007.

VOTING SECURITIES

Only shareholders of record at the close of business on Thursday, July 5, 2007, the record date, will be entitled to vote. At June 1, 2007, the Company had outstanding 13,928,105 shares of Common Stock, par value \$.01 per share ("Common Stock"). Each share of Common Stock is entitled to one vote on each matter as may properly be brought before the meeting.

The voting rights of holders of Common Stock are subject to the voting rights of the holders of 65,000 shares outstanding of the Company's Class C Convertible Preferred Stock, par value \$1.50 per share ("Class C Preferred Stock"). The vote of the holders of at least 60% of the shares of Class C Preferred Stock at the time outstanding, voting as a separate class, or, alternatively, the written consent of the holders of all outstanding shares of Class C Preferred Stock, is needed to effect or validate any action approved by a vote of the holders of shares of Common Stock.

Therefore, such preferred shareholders have an effective veto over all matters put to a vote of common shareholders, and such veto power could be used, among other things, to block the election of directors, the proposal to amend the Restated Certificate of Incorporation, the adoption of the 2007 Stock Incentive Plan, the proposal regarding selection of independent public accountants, or any other transaction that the holders of the Common Stock might otherwise approve at the Annual Meeting. It is expected that the holders of the Class C Preferred Stock will approve, by unanimous written consent, all matters currently proposed to be put to a vote of common shareholders at the Annual Meeting.

With regard to the election of directors, votes may be cast in favor of or withheld from each nominee. A director nominee must receive a majority of the votes cast at the meeting to be elected. Votes that

Table of Contents

are withheld from any nominee are counted as present for purposes of determining the existence of a quorum but are not deemed cast at the meeting and, thus, have no effect on the determination of a majority. Abstentions may be specified on proposals other than the election of directors, which proposals require a majority of the votes cast at the meeting for approval. Abstentions will be counted as present for purposes of determining the existence of a quorum but are not deemed cast at the meeting and, thus, have no effect on the determination of a majority. With respect to shares of Common Stock held in street name, where no vote is indicated on a matter because the nominee or broker lacks authority to vote such shares without specific instructions from the beneficial owner, and the nominee or broker has received no such instructions (a broker non-vote), such shares are not counted as present for the purpose of determining the existence of a quorum and are not counted as votes cast with respect to any such matter.

ELECTION OF DIRECTORS

The Board of Directors of the Company is divided into two classes having terms which expire at the Annual Meeting (Class 2) and at the 2008 annual meeting of shareholders (Class 1). Four Class 2 directors are proposed for re-election at the Annual Meeting.

Current Nominees

It is proposed to elect at the Annual Meeting four persons to Class 2 of the Board of Directors to serve (subject to the Company's by-laws) until the election and qualification of their successors at the 2009 annual meeting of shareholders. If any such person should be unwilling or unable to serve as a director of the Company (which is not anticipated), the persons named in the proxy will vote the proxy for substitute nominees selected by the Board of Directors unless the number of directors to be elected has been reduced to the number of nominees willing and able to serve.

Stock Ownership Guidelines

On November 30, 2006, the Board of Directors adopted the Monroe Muffler Brake, Inc. Stock Ownership Guidelines. The purpose of the guidelines was to further engage certain senior executives and the members of the Board in the long-term success of the Company.

The guidelines require each affected executive to maintain ownership of Monroe's Common Stock in an amount equal to a multiple of such executive's annual base salary. Specifically, Mr. Gross, as Monroe's President and Chief Executive Officer, is required under the guidelines to maintain ownership of an amount of stock equal in value to two and one-quarter (2.25) times his annual base salary. In addition, each of the four next most highly-compensated employees of the Company, Ms. D'Amico and Messrs. Tomarchio, Van Heel and Hoornbeck, is required to maintain ownership of an amount of Monroe Common Stock equal in value to one and one-half (1.5) times his or her respective annual base salary. Each affected executive is required to achieve his or her required ownership level within four years of the commencement date of his or her employment or promotion, or, in the case of the five executives identified above, within four years of the adoption of the guidelines by the Board. As of the date of this proxy statement, Messrs. Gross and Hoornbeck and Ms. D'Amico are in full compliance with the ownership levels required by the guidelines. Under the guidelines, Messrs. Each affected director is required to achieve his required ownership level within four years of his joining the Board. As of the date of this proxy statement, all of the Company's non-employee directors are in full compliance with the ownership levels required by the guidelines.

awards under, interpret and administer the employee benefit plans of the Company. It operates under a formal charter approved by the Board, a copy of which can be found in the Investor Information-Corporate Governance Section of the Company's website at www.monro.com. The Compensation Committee held two meetings in fiscal 2007. It consists of three members: Frederick M. Danziger, Chairman, Robert E. Mellor and Francis R. Strawbridge, each of whom is an independent director.

The Nominating Committee was formed by the Board in fiscal 2007 and operates under a formal charter adopted by the Board, a copy of which is available on the Company's website. The Committee did not meet during fiscal year 2007.

The Nominating Committee is responsible for identifying, screening and recommending candidates for membership on the Board pursuant to written guidelines approved by the Board. In assessing potential new directors, these directors consider individuals from various disciplines and diverse backgrounds. The selection of qualified directors is complex and crucial to Monroe's long-term success. Board candidates are considered based upon various criteria, such as their broad-based business skills and experiences, a global business perspective, concern for the long-term interests of the shareholders, and personal integrity and judgment. In addition, directors must have time available to devote to Board activities and to enhance their knowledge of Monroe and the automotive service industry.

The Nominating Committee will consider recommendations from shareholders of potential candidates for the Board of Directors. A shareholder wishing to recommend a potential candidate must submit the recommendation in writing, addressed to the Secretary, Monroe Muffler Brake, Inc., 200 Holleder Parkway, Rochester, NY 14615, Attention: Nominating Committee, so that the Secretary receives the recommendation not less than 120 days (nor more than 180 days) prior to the meeting. Each recommendation must set forth the information required by the Certificate of Incorporation for shareholders submitting a nomination. Additional information and a copy of the Certificate of Incorporation may be obtained by submitting a written request to the Secretary of the Company.

Under the Company's Certificate of Incorporation, each year prior to the annual meeting of shareholders, the Nominating Committee recommends the Board's nominees to serve as Monroe's directors for the next two years. The Board is soliciting proxies to elect these individuals. All candidates nominated by the Board of Directors, except for Mr. Gross, have been determined to be independent directors.

All correspondence to non-management directors will be acknowledged by the Secretary and may also be forwarded within Monroe to the subject matter expert for investigation. COMPENSATION DISCUSSION AND ANALYSIS

The following compensation discussion and analysis summarizes the Company's philosophy and objectives regarding the compensation of its executives, including how the Company determines elements and amounts of executive compensation. The following discussion and analysis should be read in conjunction with the tabular disclosures regarding the compensation of Named Executive Officers in fiscal 2007 and the report of the Compensation Committee of the Board of Directors (the Committee), which immediately follow below. For purposes of this analysis, the executive officers named in the Summary Compensation Table below, including the Chief Executive Officer, are referred to as the Named Executive Officers.

Compensation Philosophy and Objectives

The Company's executive compensation program is overseen and administered by the Committee, which is comprised entirely of independent directors as determined in accordance with various NASDAQ and Internal Revenue Code rules. The Committee operates under a written charter adopted by the Committee and ratified by the Board of Directors (the Board). A copy of the charter is available at www.monro.com.

Monro's compensation program is intended to meet three principal objectives: (1) attract, reward and retain officers and other key employees; (2) motivate these individuals to achieve short-term and long-term corporate goals and enhance shareholder value; and (3) support Monro's core values and culture, by promoting internal equity and external competitiveness. To meet these objectives, Monro has adopted the following overriding policies:

Pay compensation that is competitive with the practices of other leading automotive and retail companies; and

Pay for performance by:

setting challenging performance goals for our officers and providing short-term incentive through a bonus plan that is based upon achievement of these goals; and

providing long-term, significant incentives in the form of stock incentives, in order to retain those individuals with the leadership abilities necessary for increasing long-term shareholder value while aligning the interests of our officers with those of our shareholders.

The above policies guide the Committee in assessing the proper allocation between long-term compensation, current cash compensation and short-term bonus compensation. Other considerations include Monro's business objectives, its fiduciary and corporate responsibilities (including internal equity considerations and affordability), competitive practices and trends, and regulatory requirements.

The program rewards the executive officers for attaining established goals that require the dedication of their time, efforts, skills and business experience to the success of the Company. The compensation program is designed to reward both annual and long-term performance. Annual performance is rewarded through salary and annual bonus. Long-term performance is rewarded through stock incentives, the value of which is measured in the performance of the Company's stock price. In addition, the Named Executive Officers receive other benefits, certain of which are available to all other salaried employees of the Company.

Oversight of the Executive Compensation Program

The Committee administers the Company's executive compensation program on behalf of the Board and its shareholders. The Committee has not retained a compensation consultant to review its policies and procedures with respect to executive compensation. However, in the past, the Company has retained the services of PricewaterhouseCoopers, its independent auditors, Towers Perrin, an outside executive compensation firm, and others to provide insight and advice regarding current trends in the area of executive compensation.

Table of Contents

In determining the appropriate compensation packages for the Company's executives, the Committee reviews, on an annual basis, spreadsheets which summarize each executive's past and present compensation, including equity and non-equity based compensation. In addition, the Company's President and Chief Executive Officer annually reviews the performance of each of the executives (other than the Chief Executive Officer, whose performance is reviewed annually by the Committee). The conclusions reached and recommendations made based on these reviews for base salary levels and annual bonus amounts are presented to the Committee in May each year. The Committee relies to a large extent on the Chief Executive Officer's evaluations of each executive's performance. However, it is the Committee which makes all final compensation decisions regarding the Company's executives.

The Company does not have a pre-established policy for the allocation between annual executive compensation and long-term incentive-based executive compensation. Instead, the Committee uses a flexible approach so that it may reward recent performance and create incentives for long-term enhancements in shareholder value. However, the Committee does seek to have a substantial portion of each executive's compensation be incentive-based, with the most senior executives having the highest portion dedicated to incentive-based compensation.

Elements of Executive Compensation

The principal elements of the Company's executive compensation program are:

- base salary;
- an annual cash-based incentive opportunity;
- long-term equity incentive awards;
- retirement and other benefits; and
- perquisites and other personal benefits.

Base Salary

The Company provides Named Executive Officers and other employees with a base salary to compensate them for services rendered during the fiscal year. For executives, the amount of base salary is meant to reflect the primary responsibilities of his/her position and is set at a level that the Committee believes will enable the Company to attract and retain talent. Increases to the base salaries of executives are not preset, and take into account the individual's performance, responsibilities of the position, experience and the methods used to achieve results, as well as external market practices.

The Committee generally targets executive base salaries to be at levels comparable to those paid to executives holding similar positions at other automotive service companies of comparable size. However, variations to the target may occur as dictated by the experience and skill level of the individual in question and market factors. The Committee considers a number of criteria in establishing and adjusting the base salary of a particular executive officer, including, among other things, recent hiring experience, individual performance, individual experience and longer term potential.

Annual salary planning begins with a percentage guideline for increases, based upon the Company's annual budget, which is adjusted upward or downward for individual performance based on recommendations from the Chief Executive Officer. The guidelines are set after considering competitive market data, affordability and current salary levels, as appropriate. The performance of each executive officer is evaluated annually following the close of the fiscal year so that each executive's performance can be assessed within the context of the Company's performance

against its financial and strategic goals for the year. Individual performance is evaluated based on the specific responsibilities and accountabilities of the executive, the value of the services provided, the executive's management skills and experience, and the individual's contribution to the performance and profitability of the Company. Base salary adjustments for officers, other than the Named Executive Officers, during fiscal 2007, averaged approximately 3.9%.

Table of Contents

Salaries for executive officers are reviewed annually or when there is a particular change, such as a promotion. The Committee typically approves the base salary increases in May, which are effective retroactive to April of that same year. In May 2006, the Committee increased base salaries for the Named Executive Officers, retroactive to April 1, 2006. The salaries the Company paid to the Named Executive Officers during fiscal 2007 are shown in the Summary Compensation Table.

Base salary increases for all executives generally ranged from 3.0 to 6.0 percent and were established after considering job performance, internal pay alignment and equity, and marketplace competitiveness. Mr. Van Heel's base pay was increased by 16.6% to reflect his performance during the prior fiscal year as Senior Vice President-Store Support, and the additional responsibilities connected to his promotion, effective October 2006, to Executive Vice President-Store Support and Chief Administrative Officer. Mr. Tomarchio's base pay was increased 14.3% in fiscal year 2007 to reflect his performance during the prior fiscal year as Divisional Vice-President-Tire Stores, his promotion to President Tire Group in May 2006, and his promotion to Executive Vice President of Store Operations, effective October 2006.

Annual Incentive Bonus

The Committee has the authority to award annual incentive bonuses to the Company's officers. Each May, the Committee establishes targets for annual incentives in the form of performance-based cash bonuses to compensate executive officers, as well as other management employees. Each Named Executive Officer, other than the Chief Executive Officer, receives his or her annual incentive bonus pursuant to the Company's Executive Bonus Plan. The Company's Chief Executive Officer primarily receives his annual incentive bonus pursuant to a separate, shareholder approved, Management Incentive Compensation Plan, designed to comply with the requirements of the Internal Revenue Code Section 162(m). However, the Committee may also award a discretionary bonus to the Chief Executive Officer under the Executive Bonus Plan, although it has never done so.

Annual incentive bonuses are intended to compensate officers for the Company's achievement of stated corporate financial goals. The structure of the Executive Bonus and Management Incentive Compensation Plans for each year, including the incentive formula, the performance measures, and the corporate targets, are established and approved during the first quarter of the year to which the bonus relates.

The actual amount of each executive's bonus under the Executive Bonus Plan is determined based on the Committee's review of the Company's level of achievement of the stated corporate financial goals, as well as the Chief Executive Officer's recommendations. The actual amount of the Chief Executive Officer's bonus under the Management Incentive Compensation Plan is based solely on the Company's achievement of a desired level of pre-tax income established in the first quarter of the fiscal year. All bonus awards made under the Plans are subject to the Committee's approval. In addition, the Committee has the sole authority to determine whether the corporate goals have been achieved by the Company and, if so, the applicable bonus award percentages to be paid. The Committee may use its discretion to include or exclude extraordinary or unusual items in determining the level of achievement of corporate financial goals.

In fiscal 2007, the Committee established company-wide performance measures based upon the Company's achievements of pre-tax earnings and earnings per share targets that are based upon the Board-approved annual budget, thus linking compensation to the Company's overall performance. The Committee establishes performance targets after carefully reviewing the state of the business, as expressed in the Company's annual budget and business plan, and determining what measures are most likely, in present circumstances, to drive results and lead to sustainable growth.

The Company's practice is to pay cash awards based upon the achievement of its annual financial performance goals. The Committee carefully considers any exceptions. Absent extraordinary circumstances, there are no payouts for

below threshold performance.

Each Named Executive Officer is eligible for an annual incentive bonus up to a specified percentage of such executive's base salary. Target amounts payable under the Executive Bonus and Management Incentive Plans are proportionate to each officer's accountability for the Company's business plans and

Table of Contents

currently range from 20% to 90% of the officer's base salary. However, the Committee has the discretionary authority to increase or decrease the target amounts annually.

Under the Plans for 2007, the Committee targeted bonus amounts to be paid at (a) 20% of base salary for each of the Company's Vice Presidents, (b) 25% of base salary for each of the Company's Senior Vice Presidents, (c) 35% of base salary for each of the Company's Executive Vice Presidents, and (d) 90% of base salary for the Company's Chief Executive Officer. Historically, the Committee has fixed the maximum payout for any officer's annual incentive bonus at 250% of the participant's targeted bonus. However, the Chief Executive Officer's maximum payout is currently set at 167% of his targeted bonus. Payouts between the targeted amount and the maximum amount are based upon attainment of pre-established financial goals at varying levels, approved at the beginning of each fiscal year by the Committee.

Long-Term Compensation

The long-term incentive compensation that the Committee generally employs is the granting of stock option awards to eligible employees, including, but not limited to, all executives. The purpose of granting such awards is to provide equity compensation that provides value to these employees when value is also created for the shareholders. Specifically, this form of equity compensation provides the employee with value only if the price of the Company stock, when the option is exercised, exceeds the option's exercise price. For Company executives, the amount of long-term incentive compensation is intended to motivate executives to make stronger business decisions, improve financial performance, focus on both short-term and long-term objectives and encourage behavior that protects and enhances the long-term interests of the Company's shareholders. The Committee believes that stock option awards are a significant portion of the total compensation package for executives and are an important retention tool.

The Committee determines grant levels of stock option awards based on individual performance, job positions within the Company, potential and level of responsibility. It also considers history of past grants, length of time in current position and any change in responsibility, as well as the financial statement expense associated with the options. Stock option awards for a fiscal year are typically approved and granted in May of the following fiscal year in order to coincide with the timing of annual reviews and compensation determinations. However, newly appointed and promoted executives or management personnel may receive an additional stock option grant at other times during the year. The options are awarded under the Company's employee stock option plans, which require that the option exercise price be based on the closing market price of the Company's common stock on the date the option is granted. The eventual value received by an executive depends on the overall performance of the Company's stock. An executive may receive no value if the Common Stock underlying an option does not increase in value above the option's strike price.

The Committee considered the following factors in establishing the 2007 stock option grants for the Named Executive Officers: recommendation by the Chief Executive Officer, the recipient's level within the Company's overall workforce, prior equity compensation awards, the value of the stock option award as a percentage of the recipient's total compensation and the expense associated with the awards.

The Company requires its Named Executive Officers to achieve and maintain a certain minimum level of ownership of the Company's Common Stock. These requirements are described in detail under "Stock Ownership Guidelines" in this Proxy Statement.

Retirement Benefits under the 401(k) Plan, Executive Perquisites and Generally Available Benefit Programs

The Company also provides the Named Executive Officers with perquisites and other personal benefits that the Committee believes are reasonable and consistent with the Company's overall executive compensation program, the

Committee's executive compensation philosophy, as well as the Committee's objective to better enable the Company to attract and retain the most talented and dedicated executives possible. The Committee periodically reviews the levels of perquisites and other personal benefits provided to the Named Executive Officers.

Table of Contents

The Company sponsors, for all employees, a profit sharing plan with a 401(k) feature, which is intended to qualify under Section 401(a) of the Code. The Company will match 50% of the first 4% of pay that is contributed to the 401(k) plan. Participants are 100% vested in their own contributions at all times. Matching contributions vest 25% after two years of service, 50% after three years of service, 75% after four years of service and 100% after five years of service. In addition, any employee whose plan benefit is limited by Internal Revenue Code limitations (including each of our Named Executive Officers), may participate in the Deferred Compensation Program. The purpose of the Deferred Compensation Plan is to provide affected employees with the opportunity to receive a retirement benefit that bears a comparable ratio to compensation as is provided to employees whose retirement benefit is not limited by the Internal Revenue Code.

The Deferred Compensation Plan provides the opportunity for eligible employees, including the Named Executive Officers, to defer the receipt of certain compensation, including base salary and short-term incentives. Under the plan, the Company matches base salary deferral amounts for salary over the Internal Revenue Service compensation limit (applicable to qualified employee 401(k) plans) using the same matching formula as under the Company qualified 401(k) Profit Sharing Plan. No amounts credited under this plan are funded, and the right of a participant or beneficiary to receive a distribution is an unsecured claim against the general assets of the Company. The Nonqualified Deferred Compensation Plan is part of the Company's competitive total compensation and benefits package that helps it attract and retain key talent. The costs of the Nonqualified Deferred Compensation Plan are included in the Nonqualified Deferred Compensation Table .

The Company's other benefit plans primarily include medical and other health care benefits, group life insurance, disability and an employee stock purchase plan which allows eligible employees to utilize a percentage of their base salary to purchase Company stock. Certain Named Executives are also covered under a noncontributory retirement plan (the Pension Plan). As of September 30, 1999, the Pension Plan was frozen, such that participants ceased to accrue benefits and there were no new participants in the plan. Costs associated with the Pension Plan are included in the Pension Benefits table which follow.

Each Named Executive Officer is provided with the use of a company-owned vehicle or a car allowance, as well as participation in the plans and programs described above.

The Committee may, in its discretion, revise, amend or add to an executive officer's perquisites and benefits as, when and if it deems advisable or appropriate. The Committee believes, based upon publicly available information, that the benefits described above are typical for senior executives at comparable companies.

Attributed costs of the perquisites and personal benefits described above for the Named Executive Officers for fiscal year 2007 are included in the column entitled All Other Compensation of the Summary Compensation Table appearing below.

Other Matters

Employment Agreements

The Company has entered into employment agreements with each of Mr. Robert G. Gross, Ms. Catherine D. Amico and Mr. Joseph Tomarchio, Jr. Each of these employment agreements was reviewed and approved by the Committee. In addition, the Committee is negotiating the terms of an employment agreement with Mr. John W. Van Heel. The Committee believes that these employment agreements are an important part of the overall executive compensation program and serve as a recruitment and retention device.

Pursuant to the employment agreement between the Company and Mr. Gross (the Executive), the Company remains obligated to continue to pay base salary compensation to the Executive for one year if his employment is terminated by the Company without Cause , as defined in the agreement. If the Executive s employment is terminated by the Company for Cause or by the Executive without Cause, the Company is generally obligated to pay compensation and benefits only to the date of termination. Cause generally means (i) the conviction or plea of guilty or no contest by the Executive of a felony crime or any criminal act

Table of Contents

involving the Company; (ii) failure or refusal by the Executive in any material respect (a) to perform the duties of his employment or to follow lawful directives of the Board; or (b) to comply with Company policies; (iii) any intentional conduct by the Executive committed for the purpose, or having the reasonably foreseeable effect, of injuring the Company, its business or reputation; or (iv) any breach of the confidentiality provisions of the agreement.

The agreement provides that certain benefits, such as participation in the Company's medical and dental plans, continue for specified periods in the event that the Executive becomes totally disabled. Upon the death of the Executive, his estate is to be paid a lump sum equal to one year's base salary in effect as of the date of termination.

Upon a change in control of the Company, the employment agreement shall continue. If, following a change in control, the Executive's employment with the Company is terminated by the Company without Cause or by the Executive following a material diminution in his duties, the Executive shall continue to receive his base salary for the remainder of the term of the employment agreement.

A change in control is generally deemed to occur (i) when a person or group who was not an affiliate as of the date the Company entered into the agreement (a Non-Affiliate) acquires beneficial ownership of 50% or more of the Company's Common Stock; (ii) upon the sale of the Company substantially as an entirety to a Non-Affiliate; or (iii) when there occurs a merger, consolidation or other reorganization of the Company with a Non-Affiliate, in which the Company is not the surviving entity.

Upon a termination of the Agreement, the Executive is generally prohibited for two years from the date of such termination from directly or indirectly competing with the Company or soliciting its employees. However, in the case of a termination by the Company without Cause, the time period is limited to one year.

Mr. Gross's contract expires on December 31, 2007, and the Company expects to finalize a new agreement with him before the end of its second fiscal quarter of 2008.

The employment agreement entered into by the Company with each of Ms. D'Amico and Mr. Tomarchio, as well as the agreement currently being negotiated with Mr. Van Heel, contain provisions relating to termination, disability, death and change in control of the Company (the Change Provisions) substantially similar to the provisions in Mr. Gross's employment agreement described above, except that only Mr. Gross's estate is entitled to a lump sum payment upon his death. The Change Provisions described above and other material provisions of the Company's employment agreements with Messrs. Gross and Tomarchio and Ms. D'Amico are discussed in the narrative following the Grants of Plan-Based Awards Table, and in the Potential Payments Upon Termination section of this proxy.

Ms. D'Amico's and Mr. Tomarchio's contracts both expire on June 30, 2008.

At this time, the Committee has not determined that it is necessary to enter into employment agreements with any other executives. However, Vice President-level employees and above, including Zone Managers, are entitled to between one and six months' base salary, depending on an individual's length of service, as severance pay should they be terminated by the Company for reasons other than cause.

Resale Restriction Agreement

In the fourth quarter of fiscal 2006, prior to the Company's fiscal year 2007 adoption of Statement of Financial Accounting Standard No. 123R (SFAS 123R), the Board of Directors approved the accelerated vesting of all unvested stock options previously awarded to employees. In connection with this acceleration, the Company's executive officers and certain senior level managers have agreed that they will hold the shares related to the accelerated vesting at least through the original vesting date of the corresponding options. Except for the accelerated vesting, all other material

terms and conditions of the previously granted awards remain unchanged.

Impact of Accounting and Tax Treatment of Compensation

The accounting and tax treatment of compensation generally has not been a significant factor in determining the amounts of compensation for our executive officers. However, the Committee and management have considered the accounting and tax impact of various program designs to balance the potential cost to the Company with the benefit/value to the executive.

Section 162(m) of the Internal Revenue Code limits to \$1,000,000 the annual tax deduction for compensation paid to the Company's employees, unless paid pursuant to a performance-based shareholder approved plan. With regard to Section 162(m), it is the Committee's intention to maximize deductibility of executive compensation while retaining some discretion needed to compensate executives in a manner commensurate with performance and the competitive demand for executive talent. The Committee intends that the total direct compensation payable to the Named Executive Officers (base salary, short-term incentive and long-term incentive) be deductible by Monro and much of the other compensation, such as the supplemental retirement plan, be paid at a time when not subject to the limitations of Section 162(m). The Management Incentive Compensation Plan, approved by the Company's shareholders in August 2002, is designed to allow for the grant of annual incentive awards to certain executive officers of Monro that meet the qualified performance-based compensation requirements of Section 162(m) of the Code and the Regulations so as to preserve the deductibility of compensation payments to executive officers.

Beginning on March 26, 2006, the Company began accounting for stock-based compensation paid to its executives in accordance with the requirements of SFAS 123R.

Policy Concerning Additional Tax on Nonqualified Deferred Compensation Plan Benefits

Monro's compensation and benefit plans and arrangements have been designed and administered with the objective of not triggering the additional tax under Section 409A of the Internal Revenue Code.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee oversees the Company's executive compensation program on behalf of the Board. In fulfilling its oversight responsibilities, the Compensation Committee reviewed and discussed with Company management the Compensation Discussion and Analysis set forth in this Proxy Statement. Based on such review and discussion, the Compensation Committee recommended to the Board of Directors the inclusion of the Compensation and Discussion Analysis in this Proxy Statement and its incorporation by reference into the Company's 2007 Annual Report on Form 10-K.

(1) The salaries for Messrs. Tomarchio and Van Heel represent the salaries actually earned by them in fiscal 2007. Mr. Tomarchio's annual salary was increased from \$318,000 to \$343,000 on October 9, 2006 in connection with his promotion to Executive Vice President – Store Operations. Mr. Van Heel's annual salary was increased on October 9, 2006 from \$150,000 to \$175,000 in connection with his promotion to Executive Vice President and Chief Administrative Officer.

- (3) Amounts do not reflect compensation actually received by the Named Executive Officer. Instead, the amounts shown are the compensation costs recognized by the Company in fiscal 2007 for options awards as determined pursuant to SFAS 123R. The assumptions used in calculating compensation costs are described in footnote 1 in the Company's financial statements in the Form 10-K for the year ended March 31, 2007, as filed with the SEC. These compensation costs reflect costs associated with option awards granted in fiscal 2007. There was no expense in fiscal 2007 associated with options granted prior to fiscal 2007 because, in the fourth quarter of fiscal 2006, the Board of Directors approved the accelerated vesting of all unvested stock options previously awarded to employees. See the Grants of Plan-Based Awards table for further information on options granted in 2007.
- (4) This column represents the amounts earned by the Named Executive Officer in 2007 pursuant to the Company's annual incentive bonus plans. Additional information regarding the potential threshold, target and maximum payouts underlying the *Non-Equity Incentive Plan Compensation* column is included in the Grants of Plan-Based Awards table.
- (5) The Company did not pay above-market or preferential earnings to Named Executive Officers on deferred compensation in 2007. Additionally, since the Company's Pension Plan was frozen as of September 30, 1999, there was no change in pension value for any participants.
- (6) The following table shows each component of the *All Other Compensation* column in the Summary Compensation table. For each Named Executive Officer, these components consist of the Company's matching contributions to the 401(k) and the Nonqualified Deferred Compensation Plans, payment of life insurance premiums on behalf of the Named Executive Officers and the incremental cost to the Company of automobiles provided to the Named Executive Officers. The Company does not provide any tax gross-ups on these perquisites.

Pension Plan

The Company sponsors a noncontributory retirement plan (the "Pension Plan") which is intended to qualify under Section 401(a) of the Code, as amended (the "Code"). As of September 30, 1999, participants ceased to accrue benefits under the Pension Plan and no employees will become plan participants after this date. Compensation and services after this date are not taken into consideration in determining benefits under the Pension Plan. Prior to September 30, 1999, each employee who attained age 21 became a participant on the April 1 or October 1 following the date the employee completed one year of service. Benefit payments generally begin upon retirement at age 65 or age 60 with 20 years of service.

Benefits under the Pension Plan are 100% vested in each participant upon completion of five years of service, attainment of age 65 or the termination of the Pension Plan. Lump sum distributions are available at termination or retirement only for accrued benefits of \$5,000 or less.

The following table shows the estimated annual benefits payable to participants under the Pension Plan upon retirement at age 65. The table does not show the reduction for Social Security benefits (see formula below).

PENSION PLAN TABLE

For the purpose of determining amounts payable under the Pension Plan for each of the Named Officers, compensation includes the average of ten years (i) base salary (including the amount of any reductions in the executive's otherwise payable compensation attributable to any cafeteria plan) plus (ii) cash bonuses. Base salaries and bonuses of each Named Officer are shown in the Summary Compensation table. Compensation does not include stock options or the Company's contributions to the Profit Sharing Plan shown in the Summary Compensation table. Compensation is limited to \$100,000 for determining amounts payable under the Pension Plan.

(1) Actuarial assumptions used in calculating the present value of accumulated benefits are described in footnote 12 of the Company's financial statements in the Form 10-K for the year ended March 31, 2007, as filed with the SEC.

The basic benefit under the Pension Plan is a straight life annuity. Subject to certain limits required by law, benefits are payable monthly in an amount equal to (i) 45% of a participant's average monthly earnings for the highest ten consecutive years prior to September 30, 1999, less (ii) 45% of the monthly primary Social Security benefit payable to the participant at retirement. The amount of the benefit is also reduced for short service participants and participants terminating employment prior to retirement.

Due to the fact that the Pension Plan was frozen as of September 30, 1999, the amount of the benefit will be multiplied by a fraction (not greater than one), the numerator of which is the participant's total number of years of service as of September 30, 1999, and the denominator of which is the number of years of service the participant would have accumulated if he had continued his employment until the earlier of (i) age 65 or (ii) the date after age 60 but before age 65 on which the participant had at least 20 years of vesting service under the Pension Plan.

In connection with the purchase of Kimmel Automotive, Inc. (KAI) in April 2002, the Company also sponsors a non-contributory retirement plan covering certain employees of KAI. Participants ceased to accrue benefits under this plan prior to April 2002. No Named Officers are covered under this plan. This plan merged with the Pension Plan during fiscal year 2005.

Profit Sharing Plan

The Company sponsors a profit sharing plan with a 401(k) feature (the Profit Sharing Plan). The Profit Sharing Plan is intended to qualify under Section 401(a) of the Code.

Each employee who has attained age 21 becomes a participant as of the first day of the month following completion of three months of service. Participants may elect to reduce their compensation by up to the lesser of 30% of their annual

compensation or the statutorily prescribed annual limit (\$15,000 in calendar 2006) and to have the amount of the reduction contributed to their account in the Profit Sharing Plan. One of the investment options available to participants is the Company's Common Stock.

The Company may make discretionary matching contributions to the matching accounts of those employees who are contributing to the Profit Sharing Plan. The Board approves matching contributions quarterly. A discretionary Company profit sharing contribution may also be made on an annual basis.

Deferred Compensation Plan

The Company has adopted the Monro Muffler Brake, Inc. Deferred Compensation Plan (the Plan) to provide an opportunity for additional tax-deferred savings to a select group of management or highly compensated employees. The Plan is an unfunded arrangement and the participants or their beneficiaries have an unsecured claim against the general assets of the Company to the extent of their Plan benefits.

Table of Contents

The Compensation Committee designates the individuals eligible to participate in the Plan. Currently, only those employees, who are highly compensated employees, as that term is defined under Section 414(q) of the Code, have been designated as eligible to participate in the Plan.

The Plan permits participants to defer all or any portion of the compensation that would otherwise be payable to them for the calendar year. In addition, the Company will credit to the participants' accounts such amounts as would have been contributed to the Monro Muffler Brake, Inc. Profit Sharing Plan but for the limitations that are imposed under the Code based upon the participants' status as highly compensated employees. The Company may also make such additional discretionary allocations as are determined by the Compensation Committee.

No amounts credited under the Plan are funded and the Company maintains accounts to reflect the amounts owed to each participant. At least annually, the accounts are credited with earnings or losses calculated on the basis of an interest rate or other formula as determined by the Compensation Committee.

Benefits are payable at a participant's election in a single cash sum or in monthly installments for a period not to exceed 10 years at the date designated by the participant upon his or her initial enrollment in the Plan, but in no event later than the date the participant attains age 65. Payments are made earlier in the event a participant dies or incurs an unanticipated emergency.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following is a summary setting forth potential payments payable to the Named Executive Officers upon termination of employment or a change in control of the Company under their current employment arrangements and our other compensation programs. Specifically, compensation payable to each Named Executive Officer upon voluntary termination, involuntary termination without cause, retirement, termination following a change in control, and in the event of death or disability of the executive is discussed below. The amounts shown in the tables below assume that such termination was effective as of March 31, 2007, and, therefore, includes amounts earned through such time and are estimates of the amounts which would be paid out to the executives (or their beneficiaries) upon their termination. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be different. Factors that could affect these amounts include the timing during the year of any such event, the price of the Company's Common Stock and the

executive's age. These benefits are in addition to benefits available generally to salaried employees upon termination, such as earned but unpaid salary through the date of termination, amounts accrued and vested under the Company's Pension, Profit Sharing and Deferred Compensation Plans, as applicable and accrued vacation pay.

Table of Contents**Payments Made Upon Any Termination**

Regardless of the manner in which a Named Executive Officer's employment terminates, the executive is entitled to receive amounts earned during his or her term of employment. Such amounts include:

earned but unpaid salary through date of termination;

non-equity incentive compensation earned and payable prior to the date of termination;

option grants received which have already vested and are exercisable prior to the date of termination (subject to the terms of the applicable option agreement);

unused vacation pay; and

amounts accrued and vested under the Company's 401(k), Pension and Deferred Compensation Plans.

Payments Made Upon Involuntary Termination Without Cause

As a result of their employment agreements (in the case of Messrs. Gross and Tomarchio and Ms. D'Amico) and severance arrangements (in the case of Messrs. Van Heel and Hoornbeck) entered into by the Company with the Named Executive Officers, in the event that a Named Executive Officer's employment is involuntarily terminated without cause, the executive would receive, in addition to the items identified under the heading "Payments Made Upon Any Termination" above:

in the case of Mr. Gross, Ms. D'Amico and Mr. Tomarchio, 12 months of base salary continuation and payment of the non-equity incentive compensation (i) for the prior fiscal year, to the extent not yet paid; and (ii) for the then-current fiscal year, to the extent paid and *pro rata*, to the date of the executive's termination;

in the case of Messrs. Van Heel and Hoornbeck, 6 months of base salary continuation; and

in the case of Ms. D'Amico and Mr. Tomarchio, all then outstanding unvested options will immediately and automatically vest and be exercisable for ninety (90) days.

the executive will receive benefits under the Company's disability plan or payments under the Company's life insurance plan, as appropriate;

in the case of the death or disability of Mr. Gross, base salary will continue until December 31, 2007, the end of the term of his employment agreement with the Company;

The Company does not pay any director who is also an employee of Monroe or its subsidiary for his service as director.

In fiscal 2007, non-employee directors received the following compensation:

\$16,000 annual retainer, a \$15,000 annual retainer for the audit committee chairman and a \$5,000 annual retainer for each other committee chairman;

an annual grant of an option to purchase 4,559 shares of Common Stock, valued at \$30.93 per share, which was the closing price of a share of the Company's Common Stock on the date of the 2006 Annual Meeting of Shareholders;

\$3,000 for each meeting of the Board of Directors or \$1,000 for a committee meeting attended; and

reasonable travel expenses to attend meetings.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review and Approval of Related Person Transactions

The Company reviews all relationships and transactions in which the Company and its directors, executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. The Company's finance and legal staff are primarily responsible for the development and implementation of processes and controls to obtain information from the directors and executive officers with respect to related party transactions, and then determining, based on the facts and circumstances, whether the Company or related person has a direct or indirect material interest in the transactions. As required under SEC rules, transactions that are determined to be material to the Company or a related person must be disclosed in the Company's proxy statement.

Related Party Transactions

The Company has a management agreement, effective July 1, 1991, with Peter J. Solomon Company, L.P. (PJSC), pursuant to which PJSC provides strategic and financial advice relating to financing, capital structure, mergers and acquisitions and offensive/defensive positioning to the Company, for a fee of \$300,000 per year (plus reimbursement of out-of-pocket expenses). Pursuant to such agreement, the Company has agreed to indemnify PJSC against certain liabilities. In addition, PJSC, from time to time, provides additional investment banking services to the Company for customary fees. No additional fees were paid in fiscal 2005, 2006 and 2007. Peter J. Solomon, Chairman of the Board and principal shareholder of the Company, is Chairman of PJSC. Of the fees paid by the Company to PJSC, approximately half were paid to Donald Glickman, a director and principal shareholder of the Company, by PJSC for consulting services.

In May 2003, the annual fee was increased to \$300,000 from \$160,000 per year effective July 1, 2003, with approval from the independent Compensation Committee of the Company's Board of Directors. The total amount of fees paid to PJSC was \$300,000 in each of the years 2007, 2006 and 2005.

The Company leases six stores from lessors in which Joseph Tomarchio, Jr. has beneficial ownership interests. In fiscal 2007, the Company expensed \$588,000 as rent for these stores. Mr. Tomarchio is an officer of the Company.

Aside from the six leases assumed as part of the Mr. Tire acquisition in March 2004, the Company has not entered into any affiliate leases, other than renewals or modifications of existing leases, since May 1989, and as a matter of policy, will not do so.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires the Company's directors and executive officers, and persons who beneficially own more than ten percent of the Company's Common Stock, to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock. Officers, directors and greater than ten-percent shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during fiscal 2007, all Section 16(a) filing requirements applicable to its officers, directors and greater than ten-percent beneficial owners were complied with, except that Peter J. Solomon reported the sale of 6,300 shares held in trusts for Mr. Solomon's children on a Form 4 that was filed

late, and Donald Glickman reported the gift of 325 shares on a Form 4 that was filed late.

PROPOSAL TO APPROVE THE AMENDMENT TO THE COMPANY S RESTATED CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK FROM 20,000,000 TO 45,000,000

On May 15, 2007, the Board of Directors approved a resolution to amend the Company s Restated Certificate of Incorporation, subject to shareholder approval, to increase the number of authorized shares of Common Stock from 20,000,000 to 45,000,000. Subsequently, the Company announced the Board s intention to declare a three-for-two stock split of the Company s Common Stock to be effected in the form of a 50% stock dividend, assuming shareholder approval of the increase in authorized common shares.

The shares of Common Stock to be distributed in the stock split would be identical in all respects to the previously outstanding shares. Certificates that currently represent outstanding shares of Common Stock will continue to represent the same number of shares of Common Stock after distribution. Shareholders whose shares are held by a broker, bank or other nominee in street name will not receive certificates representing additional shares, but will be credited with additional shares of Common Stock in accordance with the procedures used by their brokers, banks or nominees. Shareholders are not being asked to vote on the stock split.

Although the absolute number of shares of Common Stock held by all shareholders, including the Company s officers, directors and other affiliates, will increase as a result of the stock split, the stock split does not alter any shareholder s proportionate ownership of the Company. On June 1, 2007, the Company s officers, directors and other affiliates held approximately 17.2% of the issued and outstanding shares of Common Stock.

After the proposed stock split, it is expected (based on the number of shares of Common Stock outstanding on June 1, 2007) that the Company will have approximately 20,891,000 shares of Common Stock outstanding. As a result, there are not enough shares currently available for the proposed stock split. Should the stock split be approved by the Board of Directors, there would also be no shares available for future issuance for corporate purposes such as acquisitions, financings, joint ventures, capital-raising transactions, further stock splits, conversion of existing Class C Preferred Stock and incentive compensation, including to fulfill the Company s obligations under existing stock option plans and the proposed 2007 Stock Incentive Plan.

Accordingly, the Board of Directors has determined that the number of authorized shares of Common Stock is inadequate and has unanimously recommended the authorization of 25,000,000 additional shares of Common Stock. The Board of Directors believes that the additional authorized shares would facilitate the Company s issuance of Common Stock without the delay of a special meeting and, accordingly, enable the Company to act with greater speed and flexibility in connection with corporate purposes such as those listed above. Although the Company has investigated, and may continue to investigate, potential acquisition candidates, the Company currently has no arrangements, understandings, agreements or commitments, written or oral, with respect to the issuance of the proposed additional authorized shares of Common Stock.

The Company s Restated Certificate of Incorporation currently authorizes the issuance of a total of 25,000,000 shares, consisting of 20,000,000 shares of Common Stock and 5,000,000 shares of preferred stock. The proposed amendment would increase the total number of authorized shares to 50,000,000, with the number of shares of Common Stock authorized being increased to 45,000,000. The proposed amendment does not seek to increase the currently authorized number of shares of preferred stock, which will remain at 5,000,000. The amendment would modify the first sentence of Section 4 of the Company s Restated Certificate of Incorporation as follows:

(i) by deleting the number 25,000,000 therein and replacing it with the number 50,000,000 so that the introductory language thereof will read, The aggregate number of shares which the Corporation shall have the authority to issue is 50,000,000 shares, consisting of: and

Table of Contents

(ii) by deleting the number 20,000,000 therein and replacing it with the number 45,000,000 so that Item (1) thereof will read, 45,000,000 shares of Common Stock, \$.01 par value per share (the Common Stock); .

If shareholders approve the amendment, it will take effect when the Company files a Certificate of Amendment or Third Restated Certificate of Incorporation with the Secretary of State of the State of New York.

The additional authorized shares of Common Stock, like the existing authorized Common Stock and preferred stock, will be available for issuance without further action by shareholders except as required by law or by requirements of the National Association of Securities Dealers, Inc. Each of the additional authorized shares of Common Stock will have the same rights and privileges as the currently authorized Common Stock. Preferred stock may be issued by resolution of a majority of the Board of Directors then in office in one or more series with such designations, powers, preferences and rights, including without limitation dividend rights, conversion rights, voting rights, redemption terms and liquidation preferences, and such qualifications and limitations, as the Board of Directors shall determine. The amendment will not change the par value of the Common Stock or of any preferred stock. Current shareholders do not have preemptive rights, which means they do not have the right to purchase any new issuance of Common Stock in order to maintain their proportionate interests in the Company. The additional shares of Common Stock, like the currently authorized shares, will not have preemptive rights. In connection with stock dividends, stock splits and similar transactions, proportionate adjustments will be made to the ratio at which Class C Preferred Stock is convertible into Common Stock.

If additional shares of Common Stock are authorized, their issuance in the future may have the effect of diluting the earnings per share and book value per share, as well as the stock ownership and voting rights, of the currently outstanding shares of Common Stock. In addition, the additional authorized shares of Common Stock could be used to discourage persons from attempting to gain control of the Company, by diluting the voting power of shares then outstanding or increasing the voting power of persons who would support the Board of Directors in opposing a takeover bid or a solicitation in opposition to management. The Company is not currently aware of any effort to obtain control of the Company, and has no plans to use the new shares for the purposes of discouraging any such effort.

The Board of Directors has unanimously approved the amendment of the Restated Certificate of Incorporation to increase the number of authorized shares of Common Stock from 20,000,000 to 45,000,000, and believes that the amendment is in the best interests of the Company and its shareholders. Accordingly, the Board of Directors unanimously recommends that shareholders vote FOR the amendment.

PROPOSAL TO APPROVE THE 2007 STOCK INCENTIVE PLAN

The following description of the 2007 Stock Incentive Plan (2007 Plan) is a summary and is qualified in its entirety by reference to the 2007 Plan as proposed to be adopted, which is attached hereto as Exhibit A.

Purpose of the Plan

On June 28, 2007, the Compensation Committee of the Board of Directors (the Committee), subject to approval by the shareholders of the Company, approved the adoption of the 2007 Plan for eligible employees and all non-employee directors of Monro and its subsidiaries. On June 29, 2007, the Company's Board ratified the Committee's actions in adopting the 2007 Plan. The 2007 Plan permits the grant of non-qualified stock options, incentive stock options and restricted stock. There are seven non-employee directors and approximately 3,900 employees, including all executive officers of the Company, currently eligible to participate.

The 2007 Plan is designed to provide a means of giving existing and new employees and non-employee directors an increased opportunity to acquire an investment in the Company, thereby maintaining

Table of Contents

and strengthening their desire to remain with or join the Company, and stimulating their efforts on the Company's behalf.

This 2007 Plan will replace the Company's 1998 Employee Stock Option Plan (the "1998 Plan") and 2003 Non-Employee Directors' Stock Option Plans (the "2003 Plan"). Immediately upon the shareholders' approval of the 2007 Plan, any shares of Common Stock available for award under either the 1998 or 2003 Plans (the "Remaining Shares") shall be transferred to, and made available for award under, the 2007 Plan. Stock options currently outstanding under the 1998 and 2003 Plans will remain outstanding in accordance with the terms of those plans and the stock option agreements entered into under those plans.

Description of the 2007 Plan

In addition to the Remaining Shares, a maximum of an additional 575,000 shares of Common Stock may be subject to awards under the 2007 Plan. The number of shares issued or reserved pursuant to the 2007 Plan (or pursuant to outstanding awards) is subject to adjustment on account of mergers, spin-offs, recapitalizations, consolidations, reorganizations, combinations, stock splits, stock dividends and other dilutive changes in the common stock. The Committee currently plans to adjust the number of shares following the anticipated three-for-two stock split. Shares of common stock covered by awards that expire, terminate or lapse will again be available for grant under the 2007 Plan. No awards may be granted under the 2007 Plan after the tenth anniversary of its date of adoption by the shareholders, provided that any awards granted prior to such date may extend beyond that date.

Administration. The 2007 Plan is administered by the Committee. The Committee has the sole discretion to determine the employees and directors to whom awards may be granted under the 2007 Plan and the manner in which such awards will vest. The Committee is authorized to establish the terms and conditions of awards granted under the 2007 Plan and to waive any such terms and conditions at any time (including, without limitation, accelerating or waiving any vesting conditions). Options and restricted stock awards will be granted by the Committee to employees and directors in such numbers and at such times during the term of the 2007 Plan as the Committee shall determine. The Committee is authorized to interpret the 2007 Plan, to establish, amend and rescind any rules and regulations relating to the 2007 Plan, and to make any other determinations that it deems necessary or desirable for the administration of the 2007 Plan. The Committee may correct any defect, supply any omission or reconcile any inconsistency in the 2007 Plan and related stock incentive awards in the manner and to the extent the Committee deems necessary or desirable.

Options. The Committee will determine the exercise price and term for each option; provided, however, that options must have an exercise price that is at least equal to the fair market value of the common stock on the date the option is granted. Options may be exercised in whole or in part. An option holder may exercise an option by written notice and payment of the exercise price in (i) cash, (ii) by the surrender of a number of shares of common stock already owned by the option holder for at least six months with a fair market value equal to the exercise price or (iii) partly in cash and partly in such shares or (iv) through irrevocable instructions to a broker to deliver promptly to the Company an amount equal to the aggregate option price for the shares being purchased.

Options granted under the 2007 Plan may be nonqualified stock options or incentive stock options. Awards of incentive stock options under the 2007 Plan will be subject to certain additional restrictions.

Restricted Stock Awards. The Committee may grant awards of restricted stock. These stock-based awards will be subject to the terms and conditions established by the Committee. Certain restricted stock awards may be granted in a manner which is deductible under Section 162(m) of the Code. These awards shall vest based on the attainment of written performance goals approved by the Committee for a performance period established by the Committee (i) while the outcome for that performance period is substantially uncertain and (ii) no more than 90 days after the commencement of the performance period to which the performance goals relates or, if less, the number of days which

is equal to 25% of the relevant performance period. The performance goals, which must be objective, shall be based upon one or more of the following criteria: (i) consolidated earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization); (ii) net income; (iii) operating income; (iv) earnings per share; (v) book value per share;

Table of Contents

(vi) return on shareholders' equity; (vii) expense management; (viii) return on investment; (ix) improvements in capital structure; (x) profitability of an identifiable business unit or product; (xi) maintenance or improvement of profit margins; (xii) stock price; (xiii) market share; (xiv) revenues or sales; (xv) costs; (xvi) cash flow; (xvii) working capital and (xviii) return on assets. The foregoing criteria may relate to the Company, one or more of its subsidiaries or one or more of its divisions or units, or any combination of the foregoing, and may be applied on an absolute basis and/or be relative to one or more peer group companies or indices, or any combination thereof, all as the Committee shall determine. In addition, to the degree consistent with Section 162(m) of the Code, the performance goals may be calculated without regard to extraordinary items. The maximum amount of these awards during a calendar year to any employee or director shall be 500,000 shares.

Termination of Employment or Service. Generally, a participant in the 2007 Plan may exercise his options during his lifetime provided he is employed or serves as a member of the Board. In the event a participant's employment or service is terminated, a participant may exercise his options to the extent exercisable at such time for 30 days from his date of termination. Except as expressly determined by the Committee in its sole discretion, if a participant's employment or service is terminated as a result of a Disability (as defined in the 2007 Plan) or the participant Retires (as defined in the 2007 Plan), the 30 day period after cessation of employment or service during which such options may be exercised (as described above) is extended to one year. If a participant dies while employed by or serving as a director of the Company, the 30 day period is also extended to one year and all unvested options vest upon death. Except as expressly determined by the Committee, the unvested portion of a restricted stock award shall terminate upon the termination of employment or service for any reason. Notwithstanding the foregoing, in the event of the death of a recipient of a restricted stock award while an employee or director, the unvested portion of the restricted stock award shall become fully vested.

Transferability. Unless otherwise determined by the Committee, awards granted under the 2007 Plan are not transferable other than by will or by the laws of descent and distribution.

Change of Control. In the event of a change of control (as defined in the 2007 Plan), (i) all options shall become exercisable immediately prior to the change in control and (ii) all restrictions on restricted stock shall lapse. In addition, the Committee may provide for the (i) termination of an award upon the consummation of the change of control, but only if the award has vested and been paid out or the participant has been permitted to exercise an option in full for a period of not less than 20 days prior to the change of control, (ii) acceleration of all or any portion of an award, (iii) payment in exchange for the cancellation of an award and/or (iv) issuance of substitute awards that will substantially preserve the terms of any awards.

Amendment and Termination. The Committee may amend, alter or discontinue the 2007 Plan in any respect at any time. However, shareholder approval is required to give effect to any amendment which would increase the maximum number of shares for which options may be granted, increase the benefits accruing under the 2007 Plan or change the eligibility requirements for participation in the 2007 Plan. In any case, no amendment may adversely effect any of the rights of a participant under any awards previously granted, without his or her consent.

Federal Income Tax Consequences of the Issuance and Exercise of Options. The following summary describes the principal federal income tax consequences of grants made under the 2007 Plan. The summary is based upon an analysis of the Code, as currently in effect, judicial decisions, administrative rulings, regulations and proposed regulations, all of which are subject to change. Any such change could have retroactive effect and could affect the consequences described in the summary. The summary does not purport to cover all federal income tax consequences that may apply to an optionee or restricted stock holder, and does not contain any discussion of foreign, state or local tax laws. Participants are urged to consult their own tax advisors regarding the tax consequences to them of acquiring and exercising stock incentive awards and upon the sale or other disposition of any Common Stock acquired under the 2007 Plan, as well as any tax consequences that may arise under the laws of any state, local or foreign jurisdiction.

Options granted or to be granted under the 2007 Plan will be either incentive stock options or non-qualified stock options. In general, neither the grant nor the exercise of an incentive stock option granted

Table of Contents

under the 2007 Plan will result in taxable income to the employee or a deduction to the Company. The sale of Common Stock received pursuant to the exercise of such an option will result in a long-term capital gain or loss to the employee equal to the difference between the amount realized on the sale and the exercise price and will not result in a tax deduction to the Company. However, the excess of the fair market value of the Common Stock acquired upon the exercise of an incentive stock option over the option price is included in the alternative minimum taxable income of the optionee for the year in which such option is exercised and may subject the optionee to increased taxes under the alternative minimum tax. In general, the current maximum Federal ordinary income tax rate is 35% while the maximum tax rate on long-term capital gains is 15% (the phase-out of certain deductions and exemptions for amounts may result in a marginal tax rate in excess of such rates on certain items of income). To receive incentive stock option treatment, the employee must not dispose of the Common Stock within two years after the option is granted and must hold the Common Stock itself for at least one year after the transfer of such Common Stock to such employee upon exercise.

If the holding period rules for incentive stock option treatment are not satisfied, income is recognized by the employee upon disposition of the Common Stock (a disqualifying disposition). Any gain realized by the employee will be taxable at the time of such disqualifying disposition as (i) ordinary income to the extent of the difference between the option price and the lesser of (a) the fair market value of the Common Stock on the date the incentive stock option is exercised or (b) the amount realized on such disqualifying disposition and (ii) short-term or long-term capital gain to the extent of any excess of the amount realized on the disposition over the fair market value of the Common Stock on the date the incentive stock option is exercised. With respect to officers, directors and persons deemed to be beneficial owners of more than 10% of the Common Stock, the date an incentive stock option is exercised for purposes of determining the tax consequences of a disqualifying disposition is generally deemed to be the later of the actual exercise date or the date the restrictions of Section 16(b) of the Exchange Act lapse (generally six months after the date of grant). The Company will be entitled to a deduction equal to the amount of ordinary income recognized by the employee at the time such income is recognized.

Nonqualified stock options are not intended to qualify as incentive stock options under Section 422 of the Code. In general, no taxable income will be recognized by the optionee and no deduction will be allowed to the Company upon the grant of an option. Upon exercise of an option, except as described below, an optionee will recognize an amount of ordinary income equal to the excess of the fair market value on the exercise date of the shares of Common Stock issued to an optionee over the exercise price. The Company will be entitled to a corresponding tax deduction equal to the amount included in the optionee's income.

As some optionees will be directors of the Company, the stock received upon the exercise of an option may be subject to restrictions under Section 16(b) of the Exchange Act if the option is exercised and the underlying stock is sold within six months after the grant date (the Restriction Period). Options exercised during the Restriction Period will not be deemed to be exercised for purposes of the above income recognition rules until the date that the Restriction Period ends, unless the optionee makes an election to be taxed currently under Section 83(b) of the Code. If such an election is made within 30 days after the transfer of Common Stock pursuant to the exercise of the option, the optionee will recognize ordinary income on the date of the actual exercise of options (and the Company will be entitled to a corresponding tax deduction equal to the amount included in the optionee's income).

Generally, if an optionee delivers previously-acquired Common Stock, in payment of all or part of the exercise price of a nonqualified stock option, the optionee will not, as a result of such delivery, be required to recognize as taxable income or loss any appreciation or depreciation in the value of the previously-acquired Common Stock after its acquisition date. The fair market value of the shares received in excess of the fair market value of the shares surrendered and any cash paid constitutes compensation taxable to the optionee as ordinary income. Such fair market value is determined on the date of exercise. The Company is entitled to a tax deduction equal to the compensation income included by the optionee in his income. Subject to Section 162(m) of the Code, discussed below, the Company

receives a deduction and the holder recognizes ordinary income equal to the fair market value of the restricted stock award at the time the

Table of Contents

restrictions on the stock awarded lapse, unless the holder elects to be taxed currently under Section 83(b) of the Code. As discussed above, if such an election is made within 30 days after the date of grant by the Company to the holder of a restricted stock award, the holder will recognize ordinary income on the date of grant equal to the fair market value of the shares on the date of grant and the Company will be entitled to a corresponding deduction.

Section 162(m) of the Code limits the deduction for certain compensation paid to certain senior executive officers of the Company in a taxable year to \$1 million for each such officer. Compensation includes all salary and other amounts paid to such officers as remuneration for services, but would not include the gain realized upon the exercise of a nonqualified stock option or an incentive stock option or certain shares of restricted stock granted under the 2007 Plan.

The preceding summary is based upon an analysis of the Code as currently in effect, existing laws, judicial decisions, administrative rulings, regulations and proposed regulations, all of which are subject to change. Moreover, the preceding summary relates only to United States income taxation and employees subject to taxation in other jurisdictions may have different tax consequences, either more or less favorable, from those described above.

Approval of the 2007 Plan

The adoption of the 2007 Plan requires the approval of a majority of the votes cast at the Annual Meeting (in person or by proxy) by the holders of shares entitled to vote thereon.

The Board of Directors recommends that shareholders vote their shares FOR approval of the 2007 Plan as described above.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors (the Committee) is composed of three non-employee directors and operates under a written charter adopted by the Board of Directors. Each member of the Committee is an independent director as defined by rules of the Securities and Exchange Commission (the SEC) and NASDAQ. In addition, the Board of Directors has determined that Richard A. Berenson is an audit committee financial expert as defined by SEC rules, and is independent from management.

In fiscal 2007, the Audit Committee, as a matter of routine, reviewed its charter and practices. The Committee determined that its charter and practices are consistent with listing standards of NASDAQ.

Management is responsible for the Company's internal controls and the financial reporting process. The external auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board. The Committee's responsibility is to monitor and oversee these processes.

In this context, the Committee has met and held discussions with management and the external auditors. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated financial statements with management and the external auditors. The Committee discussed with the external auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended.

The Company's external auditors also provided to the Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the external auditors that firm's independence.

Based on the Committee's discussion with management and the external auditors and the Committee's review of the representation of management and the report of the external auditors to the Committee, the Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended March 31, 2007, for filing with the SEC. The Committee has also approved, subject to shareholder ratification, the decision to reevaluate the selection of PricewaterhouseCoopers as the Company's external auditors for fiscal 2008.

Table of Contents**APPROVAL OF INDEPENDENT ACCOUNTANTS**

Shareholder ratification of the Company's independent public accountants is not required by the Company's Amended and Restated By-laws or otherwise. The Audit Committee may direct the appointment of different independent accountants at any time during the fiscal year if it determines that such a change would be in the best interests of the Company and its shareholders. However, as good corporate practice, the Audit Committee is requesting that the shareholders approve its proposal to reevaluate the selection of independent public accountants to audit the books and accounts for fiscal 2008.

PricewaterhouseCoopers LLP (PWC) has been engaged as the Company's independent accountants since 1984. A representative of PWC will be present at the Annual Meeting to respond to questions and will have an opportunity to make a statement if he or she desires to do so.

In addition to retaining PWC to audit the Company's consolidated financial statements for fiscal 2007, the Company retained PWC and other consulting firms to provide advisory, auditing, and consulting services in fiscal 2007. The Company understands the need for PWC to maintain objectivity and independence in its audit of its financial statements. To minimize relationships that could appear to impair the objectivity of PWC, the Audit Committee has restricted the non-audit services that PWC may provide primarily to tax services, merger and acquisition due diligence services and audit services. They also determined that the Company would obtain non-audit services from PWC only when the services offered by PWC are more effective or economical than services available from other service providers, and, to the extent possible, only after competitive bidding.

The Audit Committee has also adopted policies and procedures for pre-approving all non-audit work performed by PWC after May 5, 2003. Specifically, the Committee has pre-approved the use of PWC for the following categories of non-audit service: merger and acquisition due diligence and audit services; tax services; internal control reviews; and reviews and procedures that the Company requests PWC to undertake to provide assurances on matters not required by laws or regulations. In each case, the Committee requires management to report the specific engagements to the Committee on a regular basis, and also obtain specific pre-approval on any engagement over \$25,000.

Aggregate fees billed to the Company for services rendered by PWC for fiscal 2007 and 2006 were:

	2007	2006
Audit Fees, including quarterly reviews	\$ 465,000	\$ 447,600
Audit Related Fees	26,100	132,000
Tax Fees	124,300	148,700
All Other Fees		1,600
Total Fees	\$ 615,400	\$ 729,900

In the table above, in accordance with SEC definitions and rules, "audit fees" are fees the Company paid to PWC for professional services for the audit of the Company's consolidated financial statements included in Form 10-K and review of financial statements included in Form 10-Qs, for the Sarbanes-Oxley Section 404 internal control audit or for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements; "audit-related fees" are comprised of assurance and related services that are traditionally performed by the

external auditor; tax fees are fees related to preparation of the Company's tax returns, as well as fees for tax compliance, tax advice, and tax planning; and all other fees are fees billed by PWC to the Company for any services not included in the first three categories including services such as benefit plan services and merger and acquisition due diligence.

The Audit Committee has considered whether the non-audit services provided by PWC are compatible with PWC maintaining its independence and has determined that they are compatible.

The Board of Directors recommends the shareholders vote FOR ratification of the proposal regarding reevaluating the selection of independent public accountants of the Company for the fiscal year ending March 29, 2008.

MONRO MUFFLER BRAKE, INC.

2007 STOCK INCENTIVE PLAN

ARTICLE 1

ESTABLISHMENT AND PURPOSE

1.1 Establishment and Effective Date. Monro Muffler Brake, Inc., a New York corporation (the Company), hereby establishes a plan to be known as the Monro Muffler Brake, Inc. 2007 Stock Incentive Plan (the Plan). The Plan shall become effective as of June 29, 2007 (the Effective Date), subject to the approval of the Company's stockholders.

1.2 Purpose. The purpose of the Plan is to encourage and enable all eligible employees and directors (subject to such requirements as may be prescribed by the Compensation Committee (the Committee)) of the Company and its subsidiaries to acquire a proprietary interest in the Company through the ownership of the Company's common stock, par value \$0.01 per share (Common Stock). Such ownership will provide such employees and directors with a more direct stake in the future welfare of the Company and encourage them to remain with the Company and its subsidiaries. It is also expected that the Plan will encourage qualified persons to seek and accept employment or a directorship with the Company and its subsidiaries.

ARTICLE 2

AWARDS

2.1 Form of Awards. Awards under the Plan may be granted in the form of incentive stock options (Incentive Stock Options) meeting the requirements of Section 422 of the Internal Revenue Code of 1986, as amended (the Code), or nonqualified stock options (Nonqualified Stock Options) that are not intended to qualify as incentive stock options under Section 422 of the Code (collectively, Options) or shares of restricted Common Stock (Restricted Stock), and, together with Options, Awards); provided, that Incentive Stock Options may only be granted to employees of the Company.

2.2 Maximum Shares Available. The maximum aggregate number of shares of Common Stock available for Awards under the Plan is 575,000, plus any shares of Common Stock available for award under the Monro Muffler Brake, Inc. 1998 Employee Stock Option Plan and the 2003 Non-Employee Directors' Stock Option Plan immediately prior to the shareholder approval of the Plan, all as subject to adjustment pursuant to Article 10 hereof. Shares of Common Stock issued pursuant to the Plan may be either authorized but unissued shares or issued shares reacquired by the Company. In the event that prior to the end of the period during which Awards may be granted under the Plan, any Option expires unexercised or Award is terminated, surrendered or canceled without being exercised in whole for any reason, the shares of Common Stock covered by such Award shall be available for subsequent Awards under the Plan upon such terms as the Committee may determine.

2.3 Return of Prior Awards. As a condition to any subsequent Award, the Committee shall have the right, at its discretion, to require employees or directors to return to the Company Awards previously granted under the Plan. Subject to the provisions of the Plan, such new Award shall be upon such terms and conditions as are specified by the Committee at the time the new award is granted.

2.4 Substitute Awards. Awards granted in assumption of, or in substitution or exchange for, awards previously granted by a company acquired by the Company or any subsidiary with which the Company or any subsidiary combines shall not reduce the shares of Common Stock authorized for grant under the Plan or authorized for grant to an employee in any fiscal year. Additionally, in the event that a company acquired by the Company or any subsidiary or with which the Company or any subsidiary combines has shares available under a pre-existing plan approved by stockholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such

acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may be used for Awards under the Plan and shall not reduce the shares of Common Stock authorized for grant under the Plan; provided that Awards using such available shares shall not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who were not employees or directors prior to such acquisition or combination.

ARTICLE 3

ADMINISTRATION

3.1 Committee. Awards shall be determined, and the Plan shall be administered by, the Committee as appointed from time to time by the Board of Directors of the Company (the Board), which Committee or subcommittee thereof shall consist solely of at least two individuals who are each non-employee directors within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 (or any successor rule thereto) and outside directors within the meaning of Section 162(m) of the Code (or any successor section thereto).

3.2 Powers of Committee. Subject to the express provisions of the Plan, the Committee shall have the power and authority (i) to grant Awards and to determine the purchase price of the Common Stock covered by each Award, the term of each Award, waive any terms or conditions of any Award (including, without limitation, accelerating or waiving any vesting conditions subject to an Award), the number of shares of Common Stock to be covered by each Award and any performance objectives or vesting standards applicable to each Award; (ii) to designate Options as Incentive Stock Options or Nonqualified Stock Options; and (iii) to determine the employees or directors to whom, and the time or times at which, Awards shall be granted.

3.3 Delegation. The Committee may delegate to one or more of its members or to any other person or persons such ministerial duties as it may deem advisable. The Committee may also delegate to the Chief Executive Officer of the Company the authority, subject to such terms as the Committee shall determine, to perform any and all functions as the Committee may determine. The Committee may also employ attorneys, consultants, accountants or other professional advisors and shall be entitled to rely upon the advice, opinions or valuations of any such advisors.

3.4 Interpretations. The Committee shall have sole discretionary authority to interpret the terms of the Plan, to adopt and revise rules, regulations and policies to administer the Plan and to make any other factual determinations which it believes to be necessary or advisable for the administration of the Plan. All actions taken and interpretations and determinations made by the Committee in good faith shall be final and binding upon the Company, all employees and directors who have received awards under the Plan and all other interested persons.

3.5 Liability; Indemnification. No member of the Committee, nor the Chief Executive Officer, or any person to whom ministerial duties have been delegated, shall be personally liable for any action, interpretation or determination made with respect to the Plan or Awards granted thereunder, and each member of the Committee, the Chief Executive Officer and each person to whom ministerial duties have been delegated shall be fully indemnified and protected by the Company with respect to any liability he or she may incur with respect to any such action, interpretation or determination, to the extent permitted by applicable law and to the extent provided in the Company's Certificate of Incorporation and Bylaws, as amended from time to time, or under any agreement between such member, the Chief Executive Officer and the Company.

ARTICLE 4

ELIGIBILITY

Awards may be granted to all employees and directors of the Company or any of its subsidiaries (subject to such requirements as may be prescribed by the Committee), including officers of the Company; provided, however, that no employee or director may receive a grant of an Option to purchase more than 500,000 shares of Common Stock in the aggregate in any fiscal year of the Company. In determining the employees and directors to whom Awards shall be granted and the number of shares to be covered by each

A-2

Award, the Committee shall take into account the nature of the services rendered by such employees or directors, their present and potential contributions to the success of the Company and its subsidiaries, and such other factors as the Committee in its sole discretion shall deem relevant.

As used herein, the term subsidiary shall mean any present or future corporation, partnership or joint venture in which the Company owns, directly or indirectly, 40% or more of the economic interests. Notwithstanding the foregoing, only employees of the Company and any present or future corporation which is or may be a subsidiary corporation of the Company (as such term is defined in Section 424(f) of the Code) shall be eligible to receive Incentive Stock Options.

ARTICLE 5

STOCK OPTIONS

5.1 Grant of Options. Options may be granted under the Plan for the purchase of shares of Common Stock. Options shall be granted in such form and upon such terms and conditions, including the satisfaction of corporate or individual performance objectives and other vesting standards, as the Committee shall from time to time determine.

5.2 Designation as Nonqualified Stock Option or Incentive Stock Option. In connection with any grant of Options, the Committee shall designate in the written agreement required pursuant to Article 12 hereof whether the Options granted shall be Incentive Stock Options or Nonqualified Stock Options, or in the case both are granted, the number of shares of each. All Options granted under the Plan are intended to be nonqualified stock options, unless the applicable written agreement expressly states that the Option is intended to be an Incentive Stock Option.

5.3 Option Price. The purchase price per share under each Option shall be the Market Price (as hereinafter defined) of the Common Stock on the date the Option is granted. In no case, however, shall the purchase price per share of an Option be less than the par value of the Common Stock (\$0.01). In the case of an Incentive Stock Option granted to an employee owning (actually or constructively under Section 424(d) of the Code), more than 10% of the total combined voting power of all classes of stock of the Company or of a subsidiary (a 10% Stockholder), the option price shall not be less than 110% of the Market Price of the Common Stock on the date of grant.

The Market Price of the Common Stock on any day shall be determined as follows: (i) if the Common Stock is listed on a national securities exchange or quoted through the NASDAQ National Market System, the Market Price on any day shall be the closing price, or if no such sale is made on such day, the average of the closing bid and asked price reported on the Consolidated Trading listing for such day; (ii) if the Common Stock is quoted on the NASDAQ inter dealer quotation system, the Market Price on any day shall be the average of the representative bid and asked prices at the close of business for such day; or (iii) if the Common Stock is not listed on a national stock exchange or quoted on NASDAQ, the Market Price on any day shall be the average of the closing bid and asked prices reported by the National Quotation Bureau, Inc. for such day; provided, that if there is no trading of the Common Stock, the Market Price shall be measured on the first day that there is trading of the Common Stock.

5.4 Incentive Stock Options. In the case of Incentive Stock Options, the aggregate Market Price (determined at the time the Incentive Stock Option is granted) of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any optionee during any calendar year (under all plans of the Company and any subsidiary) shall not exceed \$100,000. Any employee who disposes of shares acquired upon the exercise of an Incentive Stock Option either (i) within two years after the date of grant of such Incentive Stock Option or (ii) within one year after the transfer of such shares to the employee, shall notify the Company of such disposition and of the amount realized upon such disposition. If an Option is intended to be an Incentive Stock Option, and if for any reason such Option (or portion thereof) shall not qualify as an Incentive Stock Option, then, to the extent of such nonqualification, such Option (or portion thereof) shall be regarded as a Nonqualified Stock Option granted under the

Plan; provided that such Option (or portion thereof) otherwise complies with the Plan's requirements relating to Nonqualified Stock Options. In no event shall any member of the Committee, the Company or any of its subsidiaries (or their respective

A-3

employees, officers or directors) have any liability to any employee (or any other person) due to the failure of an Option to qualify for any reason as an Incentive Stock Option.

5.5 Limitation on Time of Grant. No grant of an Incentive Stock Option shall be made under the Plan more than ten (10) years after the date the Plan is approved by stockholders of the Company.

5.6 Exercise and Payment. Except as otherwise provided in the Plan or in a written agreement, an Option may be exercised for all, or from time to time any part, of the shares of Common Stock for which it is then exercisable. The exercise date of an Option shall be the later of the date a notice of exercise is received by the Company and, if applicable, the date payment is received by the Company pursuant to clauses (i), (ii), (iii) or (iv) in the following sentence. The purchase price for the shares of Common Stock as to which an Option is exercised shall be paid to the Company in full at the time of exercise at the election of the optionee (i) in cash or its equivalent (e.g., by check), (ii) in Shares having a Market Price equal to the aggregate option price for the shares of Common Stock being purchased and satisfying such other requirements as may be imposed by the Committee; provided, that such shares of Common Stock have been held by the optionee for no less than six months (or such other period as established from time to time by the Committee or generally accepted accounting principles), (iii) partly in cash and partly in such Shares, (iv) subject to the terms and conditions established by the Committee, through the delivery of irrevocable instructions to a broker to deliver promptly to the Company an amount equal to the aggregate option price for the shares being purchased or (v) such other method approved by the Committee.

5.7 Term. The term of each Option granted under the Plan shall be determined by the Committee; provided, however, that, notwithstanding any other provision of the Plan, in no event shall an Incentive Stock Option be exercisable after ten (10) years from the date it is granted, or in the case of an Incentive Stock Option granted to a 10% Stockholder, five (5) years from the date it is granted.

5.8 Rights as a Stockholder. A recipient of Options shall have no rights as a stockholder with respect to any shares issuable or transferable upon exercise thereof until the date a stock certificate is issued to such recipient representing such shares. Except as otherwise expressly provided in the Plan, no adjustment shall be made for cash dividends or other rights for which the record date is prior to the date such stock certificate is issued.

5.9 General Restrictions. Each Option granted under the Plan shall be subject to the requirement that, at any time the Board shall determine, in its discretion, that the listing, registration or qualification of the shares issuable or transferable upon exercise of an Option upon any securities exchange or under any state or Federal law, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the granting of an Option or the issue, transfer, or purchase of shares thereunder, such Option may not be exercised in whole or in part unless such listing, registration, qualification, consent, or approval shall have been effected or obtained free of any conditions not acceptable to the Board.

ARTICLE 6

RESTRICTED STOCK

6.1 Grant of Restricted Stock. Awards of Restricted Stock may be issued hereunder to employees or directors either alone or in addition to Options granted under the Plan (a Restricted Stock Award). A Restricted Stock Award shall be subject to vesting restrictions imposed by the Committee covering a period of time specified by the Committee. The Committee has absolute discretion to determine whether any consideration (other than services) is to be received by the Company or any subsidiary as a condition precedent to the issuance of Restricted Stock.

6.2 Rights as a Stockholder. Unless otherwise provided in the written agreement, beginning on the date of grant of the Restricted Stock Award, the employee or director shall become a stockholder of the Company with respect to all shares of Common Stock subject to the written agreement and shall have all of the rights of a stockholder, including the right to vote such shares and the right to receive distributions made with respect to such shares. Except as otherwise provided in a written agreement, any shares or any other property (other than cash) distributed as a dividend or otherwise with respect to any Restricted Stock Award

as to which the restrictions have not yet lapsed shall be subject to the same restrictions as such Restricted Stock Award.

6.3 Issuance of Shares. Any Restricted Stock Award granted under the Plan may be evidenced in such manner as the Committee may deem appropriate, including book-entry registration or issuance of a stock certificate or certificates, which certificate or certificates shall be held by the Company. Such certificate or certificates shall be registered in the name of the employee or director and shall bear an appropriate legend referring to the restrictions applicable to such Restricted Stock.

6.4 Performance-Based Awards. Notwithstanding anything to the contrary herein, certain Restricted Stock Awards granted under this Article 6 may be granted in a manner which is deductible by the Company under Section 162(m) of the Code (Performance-Based Awards). A Performance-Based Award shall vest based on the attainment of written performance goals approved by the Committee for a performance period established by the Committee (i) while the outcome for that performance period is substantially uncertain and (ii) no more than 90 days after the commencement of the performance period to which the performance goals relates or, if less, the number of days which is equal to 25% of the relevant performance period. The performance goals, which must be objective, shall be based upon one or more of the following criteria: (i) consolidated earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization); (ii) net income; (iii) operating income; (iv) earnings per share; (v) book value per share; (vi) return on shareholders equity; (vii) expense management; (viii) return on investment; (ix) improvements in capital structure; (x) profitability of an identifiable business unit or product; (xi) maintenance or improvement of profit margins; (xii) stock price; (xiii) market share; (xiv) revenues or sales; (xv) costs; (xvi) cash flow; (xvii) working capital and (xviii) return on assets. The foregoing criteria may relate to the Company, one or more of its subsidiaries or one or more of its divisions or units, or any combination of the foregoing, and may be applied on an absolute basis and/or be relative to one or more peer group companies or indices, or any combination thereof, all as the Committee shall determine. In addition, to the degree consistent with Section 162(m) of the Code, the performance goals may be calculated without regard to extraordinary items. The maximum amount of a Performance-Based Award during a calendar year to any employee or director shall be 500,000 shares of Common Stock. The Committee shall determine whether, with respect to a performance period, the applicable performance goals have been met with respect to a given Award and, if they have, the Committee shall so certify and ascertain the amount of the applicable Performance-Based Award. No Performance-Based Awards will vest for such performance period until such certification is made by the Committee.

6.5 Effect of Termination of Employment or Service. Except as expressly determined by the Committee in its sole discretion, the unvested portion of a Restricted Stock Award shall terminate upon the termination of employment or service with the Company or a subsidiary for any reason. Notwithstanding the foregoing, in the event of the death of a recipient of a Restricted Stock Award while an employee or director of the Company or any subsidiary, the unvested portion of the Restricted Stock Award shall become fully vested.

ARTICLE 7

NONTRANSFERABILITY OF AWARDS

Except as otherwise permitted by the Committee, no Award may be transferred, assigned, pledged or hypothecated (whether by operation of law or otherwise), except as provided by will or the applicable laws of descent and distribution, and no Award shall be subject to execution, attachment or similar process. Any attempted assignment, transfer, pledge, hypothecation or other disposition of an Award not specifically permitted herein shall be null and void and without effect. An Option may only be exercised during his or her lifetime by the recipient, or following his or her death pursuant to Section 8.3 hereof.

ARTICLE 8

EFFECT OF TERMINATION OF EMPLOYMENT OR
SERVICE ON OPTIONS

8.1 General Rule. Except as expressly determined by the Committee in its sole discretion or as set forth in this Article 8, (x) the unvested portion of an Option shall terminate upon the termination of employment or service with the Company or a subsidiary for any reason and (y) the vested portion of an Option shall not be exercisable after thirty (30) days following the recipient's termination of employment or service with the Company or a subsidiary.

Options shall not be affected by any change of employment so long as the recipient continues to be employed by either the Company or a subsidiary. An Option shall be forfeited upon an employee's termination of employment or a director's termination of service if the employee or director was terminated for one (or more) of the following reasons: (i) the conviction, or plea of guilty or nolo contendere to the commission of a felony; (ii) the commission of any fraud, misappropriation or misconduct which causes demonstrable injury to the Company or a subsidiary; (iii) an act of dishonesty resulting or intended to result, directly or indirectly, in gain or personal enrichment at the expense of the Company or a subsidiary; or (iv) any breach of the employee's or director's fiduciary duties to the Company. It shall be within the sole discretion of the Committee to determine whether the termination was for one of the foregoing reasons, and the decision of the Committee shall be final and conclusive.

8.2 Disability or Retirement. Except as expressly provided otherwise in the written agreement relating to any Option granted under the Plan, in the event of the Disability or Retirement of a recipient of Options, the Options which are held by such recipient on the date of such Disability or Retirement, to the extent exercisable on the date of Disability or Retirement, shall be exercisable for one (1) year following such Disability or Retirement.

Disability shall mean any termination of employment or service with the Company or a subsidiary because of a Disability as such term is defined in Section 22(e) of the Code. Retirement shall mean a termination of employment or service with the Company or a subsidiary either: (i) on a voluntary basis by a recipient who, if a non-employee director, is at least sixty-five (65) years of age, or if an employee, is at least fifty-five (55) years of age and has at least ten (10) years of service with the Company or a subsidiary; or (ii) otherwise with the written consent of the Committee in its sole discretion. The decision of the Committee with respect to a determination regarding Disability or Retirement shall be final and conclusive.

8.3 Death. In the event of the death of a recipient of Options while an employee or director of the Company or any subsidiary, Options which are held by such employee or director at the date of death, whether or not otherwise exercisable on the date of death, shall be exercisable by the beneficiary designated by the employee or director for such purpose (the Designated Beneficiary) or if no Designated Beneficiary shall be appointed or if the Designated Beneficiary shall predecease the employee or director, by the employee's or director's personal representatives, heirs or legatees, at any time within one (1) year from the date of death, at which time such Options shall terminate.

In the event of the death of a recipient of Options following a termination of employment or service due to Retirement or Disability, if such death occurs before the Options are exercised, the Options which are held by such recipient on the date of termination of employment or service, to the extent exercisable on such date shall be exercisable by such recipient's Designated Beneficiary, or if no Designated Beneficiary shall be appointed or if the Designated Beneficiary shall predecease such recipient, by such recipient's personal representatives, heirs or legatees, to the same extent such Options were exercisable by the recipient following such termination of employment.

ARTICLE 9

LEAVE OF ABSENCE, CHANGE IN CONTROL

9.1 Leave of Absence. In the case of an employee on an approved leave of absence, the Awards of such employee shall not be affected unless such leave is longer than three (3) months. The date of

A-6

Table of Contents

exercisability of any Options of an employee which are unexercisable or the date of vesting of Restricted Stock of an employee at the beginning of an approved leave of absence lasting longer than three (3) months shall be postponed for a period equal to the length of such leave of absence. Notwithstanding the foregoing, the Committee may, in its sole discretion, waive in writing any such postponement of the date of exercisability of any Options or the vesting of Restricted Stock due to a leave of absence.

9.2 Change in Control. Notwithstanding any provisions of the Plan to the contrary, if there should be a Change in Control (i) the Company shall give each recipient of Options or Restricted Stock written notice of such Change in Control as promptly as practicable prior to the effective date thereof, and (ii) all of the Options held by employees or directors not currently exercisable shall become exercisable immediately prior to the effective date of such Change in Control and all restrictions with respect to Restricted Stock shall lapse; provided, however, that, unless otherwise provided in a written agreement between the Company and an employee or director, (x) all or a portion of such Options shall not be exercisable to the extent that the accelerated exercisability would cause the employee or director to be subject to taxes under Section 4999 of the Code and (y) the restrictions on all or a portion of such Restricted Stock shall not lapse if such lapse of restrictions would cause the employee or director to be subject to taxes under Section 4999 of the Code. In addition, if there should be a Change in Control, the Committee may, in its sole discretion, provide for (i) the termination of an Option upon the consummation of the Change of Control, but only if the optionee has been permitted to exercise the Option in full for a period of not less than 10 days prior to the Change in Control, (ii) the payment of any amount (in cash or, in the discretion of the Committee, in the form of consideration paid to shareholders of the Company in connection with such Change in Control) in exchange for the cancellation of an Award which, in the case of an Option, may equal the excess, if any, of the Market Price of the shares of Common Stock subject to such Options over the aggregate option price of such Options, and/or (iii) issuance of substitute Awards that will substantially preserve the otherwise applicable terms of any affected Awards previously granted hereunder. Change in Control shall mean any of the following: (i) any person who is not an affiliate (as defined in Rule 12b-2 of the Act) of the Company as of the Effective Date becomes the beneficial owner, directly or indirectly, of 50% or more of the combined voting power of the then outstanding securities of the Company except pursuant to a public offering of securities of the Company; or (ii) the sale of the Company substantially as an entirety (whether by sale of stock, sale of assets, merger, consolidation, or otherwise) to a person who is not an affiliate of the Company as of the Effective Date.

ARTICLE 10

ADJUSTMENT UPON CHANGES IN CAPITALIZATION

In the event of any change in the outstanding shares of Common Stock after the Effective Date by reason of any share dividend or split, reorganization, recapitalization, merger, consolidation, spin-off, combination or transaction or exchange of shares or other corporate exchange, or any distribution to shareholders of shares other than regular cash dividends or any transaction similar to the foregoing, the Committee in its sole discretion and without liability to any person shall make such substitution or adjustment, if any, as it deems to be equitable, as to (i) the number or kind of shares or other securities issued or reserved for issuance pursuant to the Plan or pursuant to outstanding Awards, (ii) the option price and/or (iii) any other affected terms of such Awards.

ARTICLE 11

AMENDMENT AND TERMINATION

The Board may suspend, terminate, modify or amend the Plan, provided that any amendment that would (i) materially increase the aggregate number of shares which may be issued under the Plan, (ii) materially increase the benefits accruing to employees under the Plan, or (iii) materially modify the requirements as to eligibility for participation in

the Plan, shall be subject to the approval of the Company's stockholders, except that any such increase or modification that may result from adjustments authorized by Article 10 hereof shall not require such stockholder approval. If the Plan is terminated, the terms of the Plan shall, notwithstanding such termination, continue to apply to awards granted prior to such termination. No suspension, termination, modification or amendment of the Plan may, without the consent of the employee

or director to whom an Award shall theretofore have been granted, adversely affect the rights of such employee or director under such Award.

ARTICLE 12

WRITTEN AGREEMENT

Each Award shall be evidenced by a written agreement containing such restrictions, terms and conditions, if any, as the Committee may require. In the event of any conflict between a written agreement and the Plan, the terms of the Plan shall govern.

ARTICLE 13

MISCELLANEOUS PROVISIONS

13.1 Tax Withholding. The Company shall have the right to require employees or their Designated Beneficiaries, personal representatives, heirs or legatees to remit to the Company an amount sufficient to satisfy Federal, state and local withholding tax requirements, or to deduct from all payments under the Plan amounts sufficient to satisfy all withholding tax requirements. The Committee may, in its sole discretion, permit an employee to satisfy his or her minimum statutory tax withholding obligation either by: (i) surrendering shares of Common Stock owned by the employee; or (ii) having the Company withhold from shares of Common Stock otherwise deliverable to the employee. Shares of Common Stock surrendered or withheld shall be valued at their Market Price as of the date on which income is required to be recognized for income tax purposes.

13.2 Investment Intent. The Board or the Committee may, in connection with the granting of any Award, require the individual to whom the Award is to be granted to enter into an agreement with the Company stating that as a condition precedent to each grant or the exercise of an Option, in whole or in part, such individual shall if then required by the Company represent to the Company in writing that such exercise is for investment only and not with a view to distribution, and also setting forth such other terms and conditions as the Board or the Committee may prescribe.

13.3 Successor. The obligations of the Company under the Plan shall be binding upon any successor Company or organization resulting from the merger, consolidation or other reorganization of the Company, or upon any successor Company or organization succeeding to all or substantially all of the assets and business of the Company.

13.4 General Creditor Status. Employees and directors shall have no right, title, or interest whatsoever in or to any investments which the Company may make to aid it in meeting its obligations under the Plan. Nothing contained in the Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any employee, director or Designated Beneficiary, personal representative, heir or legatee of such employee or director. To the extent that any person acquires a right to receive payments from the Company under the Plan, such right shall be no greater than the right of an unsecured general creditor of the Company. All payments to be made under the Plan shall be paid from the general funds of the Company and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in the Plan.

13.5 No Right to Employment/Service or Awards. Nothing in the Plan or in any written agreement entered into pursuant to Article 12 hereof, nor the grant of any award, shall confer upon any employee or director any right to continue in the employ or service of the Company or a subsidiary or to be entitled to any remuneration or benefits not set forth in the Plan or such written agreement or interfere with or limit the right of the Company or a subsidiary to modify the terms of or terminate such employee's employment or director's service at any time. No employee or

director or other person shall have any claim to be granted an Award, and there is no obligation for uniformity of treatment of employees and/or directors, or holders or beneficiaries of Awards. The terms and conditions of Awards and the Committee's determinations and interpretations with respect thereto need not be the same with respect to each employee and/or director (whether or not such employees or directors are similarly situated).

A-8

Table of Contents

13.6 Notices. Notices required or permitted to be made under the Plan shall be sufficiently made if personally delivered to the employee or director or sent by regular mail addressed: (i) to the employee or director at the employee's or director's address as set forth in the books and records of the Company or its subsidiaries; or (ii) to the Company or the Committee at the principal office of the Company clearly marked "Attention: Compensation Option Committee".

13.7 Severability. In the event that any provision of the Plan shall be held illegal or invalid for any reason, such illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

13.8 Governing Law. The Plan, and all agreements thereunder, shall be construed in accordance with and governed by the laws of the State of New York, without regard to conflicts of laws principles thereof.
