PROXY STATEMENT

General Information

This Proxy Statement is furnished to the shareholders of Lancaster Colony Corporation (the Corporation) in connection with the solicitation by the Board of Directors of the Corporation of proxies to be used in voting at the Annual Meeting of Shareholders to be held November 19, 2007, in the Lilac Room of The Hilton Columbus at Easton, 3900 Chagrin Drive, Columbus, Ohio 43219, at 11:00 a.m., Eastern Standard Time (the Annual Meeting). The enclosed white proxy card, if completed and forwarded to the Corporation prior to the Annual Meeting, will be voted in accordance with the instructions contained therein. The proposals referred to on the enclosed white proxy card are described in this Proxy Statement. This Proxy Statement and enclosed white proxy card are first being mailed to shareholders on or about October 1, 2007.

A proxy may be revoked by the person giving it any time before it is exercised. Such revocation, to be effective, must be communicated to the Secretary or Assistant Secretary of the Corporation prior to the Annual Meeting. The presence of a shareholder at the Annual Meeting will not revoke his or her proxy unless specific notice thereof is given to the Secretary or Assistant Secretary of the Corporation.

The Corporation will bear the cost of solicitation of proxies, including any charges and expenses of brokerage firms and others for forwarding solicitation material to the beneficial owners of the Corporation's shares. The Corporation has retained the services of Georgeson Inc. (Georgeson), a professional proxy solicitation firm, to aid in the solicitation of proxies. Georgeson may solicit proxies by personal interview, mail, telephone and electronic communications. The Corporation expects that it will pay or reimburse Georgeson (i) a base fee of \$17,500, (ii) additional fees of up to \$75,000 in the event that proxy materials are mailed by Barington Companies Equity Partners, L.P. in connection with their nomination of an alternative slate of director nominees (as described under the caption Advance Notice of Shareholder Nominees), and (iii) for costs and expenses incurred by Georgeson in connection with Georgeson's performance of these services. In addition, proxies may be solicited by personal interview, mail, telephone and electronic communications through the efforts of officers and regular employees of the Corporation.

The Board of Directors has fixed the close of business on September 21, 2007 as the record date for the determination of shareholders entitled to receive notice and to vote at the Annual Meeting or any adjournments or postponements thereof. At September 21, 2007, the Corporation had outstanding and entitled to vote 30,200,812 shares of Common Stock, without par value (Common Stock), with each share of Common Stock entitling its holder to one vote. The Corporation has no other class of stock outstanding.

The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock of the Corporation is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Proxies reflecting abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum. Broker non-votes are those where brokers, who hold their customers' shares in street name, sign and submit proxies for such shares and fail to vote such shares on some matters.

If you are the beneficial owner of shares held in street name by a broker, bank or other nominee, the broker, bank or nominee, as the record holder of the shares, should have enclosed a voting instruction card for you to use in directing it on how to vote your shares.

Table of Contents

The election of the director nominees requires the favorable vote of a plurality of all votes cast by the holders of the Common Stock at a meeting at which a quorum is present. Broker non-votes and proxies marked "Withhold Authority" will not be counted toward the election of directors or toward the election of individual nominees specified in the form of proxy and, thus, will have no effect. The ratification of the Corporation's independent registered public accounting firm for the year ending June 30, 2008 also requires the favorable vote of a plurality of all votes cast by the holders of the Common Stock at a meeting at which a quorum is present. Broker non-votes and abstentions will have no effect on the outcome of this proposal. The approval of the proposed amendment to the Corporation's Code of Regulations regarding uncertificated shares requires the affirmative vote of a majority of the holders of the Common Stock entitled to vote for the election of directors. For purposes of determining the outcome of this proposal, abstentions and broker non-votes will have the same effect as a vote against the proposed amendment.

PROPOSAL NO. 1**NOMINATION AND ELECTION OF DIRECTORS**

The Board of Directors of the Corporation currently consists of nine members and is divided into three classes of three members each. The members of the three classes are elected to serve for staggered terms of three years. Pursuant to Section 2.04 of the Corporation's Code of Regulations, the number of directors constituting each class will, as nearly as practicable, be equal.

The names and ages of the Corporation's nominees for director and continuing directors, their principal occupations during the past five years and certain other information are listed below. Each of the nominees is a director standing for re-election and has consented to stand for election to a term as described above. In the event that any of the nominees becomes unavailable to serve as a director before the Annual Meeting, the Board of Directors will designate a new nominee, and the persons named as proxies will vote for that substitute nominee.

The Board of Directors recommends a vote FOR the election of each of the nominees listed below by executing and returning the ENCLOSED WHITE PROXY CARD or voting by one of the other ways indicated thereon.

CORPORATE GOVERNANCE

The Board of Directors has standing Audit, Compensation, and Nominating and Governance Committees. In addition, the Board of Directors has adopted a Corporate Governance Program that includes Corporate Governance Principles and a Code of Business Ethics. The charters of each of the committees and the Corporate Governance Principles and Code of Business Ethics are posted on the corporate governance page of the Corporation's web site at www.lancastercolony.com.

Director Independence The Board of Directors and the Nominating and Governance Committee have reviewed and evaluated transactions and relationships with Board members to determine the independence of each of the members. The Board of Directors does not believe that any of its non-employee members have relationships with the Corporation that would interfere with the exercise of independent judgment in carrying out his or her responsibilities as a director. The Board and the Nominating and Governance Committee have determined that a majority of the Board's members are independent directors, as that term is defined in the applicable listing standards of The NASDAQ Stock Market LLC (NASDAQ). The Board of Directors of the Corporation has identified and determined that Ms. Bendapudi and Messrs. Bachmann, Fox, Hamilton, Jennings, O'Neill and Sofia are independent directors. In determining that Ms. Bendapudi is an independent director, the Board considered that, in April 2007, Ms. Bendapudi became an Executive Vice President and Chief Customer Officer of Huntington National Bank, which is one of the Corporation's lenders. Ms. Bendapudi is primarily responsible for various customer service matters in connection with her employment with Huntington National Bank. In her work for Huntington, Ms. Bendapudi has no direct or indirect involvement with the Corporation's relationship with Huntington National Bank.

Board Attendance Each member of the Board of Directors is expected to make a reasonable effort to attend all meetings of the Board of Directors, all applicable committee meetings, and each annual meeting of shareholders. All members of the Board of Directors attended the 2006 Annual Meeting of Shareholders, and each of the current members of the Board of Directors is expected to attend the 2007 Annual Meeting. The Board of Directors held a total of nine meetings during fiscal 2007. Each director attended at least 75% of the aggregate meetings of the Board of Directors and the committees on which they served during fiscal 2007.

Corporate Governance Principles The Board of Directors, on the recommendation of the Nominating and Governance Committee, adopted a set of Corporate Governance Principles in August 2005. The Corporate Governance Principles relate to the role, composition, structure and functions of the Board of Directors. The Nominating and Governance Committee is responsible for periodically reviewing these Corporate Governance Principles and recommending any changes to the Board of Directors.

Code of Business Ethics The Corporation has adopted a Code of Business Ethics that informs the Corporation's directors and employees of their legal and ethical obligations to the Corporation and sets a high standard of business conduct. The Code of Business Ethics applies to all employees and, where applicable, to directors of the Corporation. The Corporation intends to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding any amendment to, or waiver from, any provision (including the standards listed under Item 406(b) of Regulation S-K) of the Code of Business Ethics that applies to the

Corporation's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions by posting such information on the Corporation's web site.

Shareholder Communication with the Board of Directors Any of the directors may be contacted by writing to them at: Board of Directors, c/o Corporate Secretary's Office, Lancaster Colony Corporation, 37 West Broad Street, Columbus, Ohio 43215. The independent directors have requested that the Secretary of the Corporation act as their agent in processing any communications received. All communications that relate to matters that are within the scope of responsibilities of the Board of Directors and its committees will be forwarded to the independent directors. Communications relating to matters within the responsibility of one of the committees of the Board of Directors will be forwarded to the Chairperson of the appropriate committee. Communications relating to ordinary business matters are not within the scope of the Board of Directors' responsibility and will be forwarded to the appropriate officer at the Corporation. Solicitations, advertising materials, and frivolous or inappropriate communications will not be forwarded.

BOARD COMMITTEES AND MEETINGS

Audit Committee The Board of Directors has established an audit committee (the Audit Committee) in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended, that currently consists of Messrs. Bachmann, Hamilton, Jennings and Sofia. Mr. Bachmann serves as Chairperson of the Audit Committee. It has been determined by the Corporation's Board of Directors that each member of the Audit Committee meets the applicable NASDAQ independence requirements and that Mr. Bachmann is an Audit Committee financial expert, as defined in Item 407(d)(5) of Regulation S-K, due to his business experience and educational background described previously within this Proxy Statement. The Audit Committee operates pursuant to a charter that was approved by the Corporation's Board of Directors in May 2004 and amended in May 2007. A copy of the Audit Committee charter is attached to this Proxy Statement as Appendix A. The duties of the Audit Committee include the responsibility of reviewing financial information (both external and internal) about the Corporation and its subsidiaries so as to assure (i) that the overall audit coverage of the Corporation and its subsidiaries is satisfactory and appropriate to protect the shareholders from undue risks and (ii) that an adequate system of internal financial control has been designed and implemented throughout the Corporation and is being effectively maintained. Additionally, the Audit Committee has sole authority and direct responsibility with respect to the appointment, compensation, retention and oversight of the Corporation's independent registered public accounting firm. Also, as part of its duties, the Audit Committee has adopted procedures for receiving and acting on complaints received by the Corporation regarding accounting, internal accounting controls and auditing issues. Such complaints should be sent to the attention of the Corporate Secretary's Office, Lancaster Colony Corporation, 37 West Broad Street, Columbus, Ohio 43215. The Audit Committee held seven meetings during fiscal 2007.

Compensation Committee The Board of Directors has established a compensation committee (the Compensation Committee) that currently consists of Messrs. Fox, Hamilton, Jennings and O'Neill. Mr. Jennings serves as Chairperson of the Compensation Committee. It has been determined by the Corporation's Board of Directors that each member of the Compensation Committee meets NASDAQ independence requirements. The Committee operates pursuant to a charter that was approved by the Board of Directors in May 2004. The duties of the Compensation Committee include annual determination of the compensation of the Chief Executive Officer and review and approval of goals and objectives relevant to his activities, review and approval of the Chief Executive Officer's recommendations as to the compensation to be paid other executive officers of the Corporation, establishing that all compensation for executive officers is in compliance with securities law provisions, and review and approval of the

Table of Contents

Corporation's equity-based incentive programs. The charter does not provide the Compensation Committee with any delegation authority regarding its duties. See the discussion below under "Compensation Discussion and Analysis" and "Compensation of Directors" for more information about the Compensation Committee's processes and procedures. The Compensation Committee held four meetings during fiscal 2007.

Nominating and Governance Committee The Board of Directors has established a nominating and governance committee (the "Nominating and Governance Committee") that currently consists of Messrs. Fox, O'Neill and Sofia and Ms. Bendapudi. Mr. Sofia serves as Chairperson of the Nominating and Governance Committee. It has been determined by the Corporation's Board of Directors that each member of the Nominating and Governance Committee meets NASDAQ independence requirements. The Committee operates pursuant to a charter that was approved by the Board of Directors in May 2004 and amended in August 2005. The duties of the Nominating and Governance Committee include identification and nominations to the Board of Directors of candidates for election as directors of the Corporation and the development and review of a set of Corporate Governance Principles. The Nominating and Governance Committee held three meetings during fiscal 2007. As part of its assigned duties, the Nominating and Governance Committee has reviewed the Corporate Governance Principles and found them to be acceptable in scope and application and has so reported to the Board of Directors.

The Nominating and Governance Committee uses different sources to identify Board of Directors candidates, including the Corporation's executive officers and current members of the Board of Directors. The Nominating and Governance Committee also considers the nomination of director candidates recommended by shareholders in conformance with the tests and standards outlined in the Nominating and Governance Committee's charter. The Nominating and Governance Committee uses the same manner and process for evaluating every candidate for Board of Directors membership, regardless of the original source of the candidate's nomination. Recommendations to the Nominating and Governance Committee from shareholders regarding candidates must be delivered to the Corporation's Corporate Secretary no later than June 30 of the year in which such shareholder proposes that the recommended candidate stand for election. Section 2.03 of the Corporation's Code of Regulations authorizes director nominations to be made by shareholders if the conditions specified therein are met, including the giving of advance notice and the furnishing of certain personal background information and a written statement from the proposed candidate agreeing to be identified in the proxy statement as a nominee and, if elected, to serve as a director. The Nominating and Governance Committee currently has not set specific, minimum qualifications or criteria for nominees that it proposes for Board of Directors membership, but evaluates the entirety of each candidate's credentials. The Nominating and Governance Committee believes, however, that the Corporation will be best served if its directors bring to the Board a variety of experience and backgrounds and, among other things, demonstrated integrity, executive leadership and financial, marketing or business knowledge and experience.

COMPENSATION DISCUSSION AND ANALYSIS

The rules regarding disclosure of executive compensation were greatly altered by the Securities and Exchange Commission in 2006, which impacts disclosure in our proxy statements beginning with this proxy statement. In addition to new and revised tables, greater emphasis is placed on providing discussion and analysis of our compensation practices. Further, the content of our Compensation Committee Report has been reduced. Due to these changes, the information in this proxy statement is not directly comparable to that in our 2006 proxy statement.

In this section, we discuss the principles underlying our executive compensation policies and decisions and the most important factors relevant to an analysis of these policies and decisions. We provide qualitative information regarding the manner and context in which compensation is awarded to, and earned by, our executive officers to give perspective to the data we present in the compensation tables, as well as the narratives that follow the tables.

Executive Compensation Program Philosophy and Objectives

As we discussed in our 2007 annual report, we are shifting away from our historical diversity of operations, instead choosing to follow a more food-focused strategy that we believe will best enhance long-term shareholder value. As we make this shift, we continue to reward our named executive officers (identified in our 2007 Summary Compensation Table below) for their efforts in helping us achieve market or above-market results, particularly within our Specialty Foods operations, and for helping us take important steps to meet our long-term strategic goals. As a result, our basic executive compensation philosophy remains to pay for performance.

For us, a pay for performance philosophy means providing market compensation packages when performance meets our expectations, but also realizing that results below our expectations may result in below-market compensation packages. To further this philosophy, we have designed our executive compensation program to achieve the following objectives:

attract, motivate and retain key executive talent;

incentivize our named executive officers to help us achieve superior financial and operational performance;
and

continue to align our named executive officers' compensation interests with our goal of creating long-term shareholder value.

We believe that our executive compensation program should not be overly influenced by the short-term performance of our stock, but should instead promote long-term shareholder value. Our named executive officers are already individually focused on promoting long-term shareholder value because they are each significantly invested in our common stock. Our experience, however, has been that utilizing salary, annual cash incentive awards, and long-term equity-based awards as the primary elements of our executive compensation program is the best way to continue to align our executives' compensation interests with our goal of promoting long-term shareholder value. We also understand that our executive compensation program provides a starting point, or baseline of comparison, for the compensation that we pay to our other employees. For this reason, we believe our executive compensation program should strike an appropriate balance among rewards, incentives and expectations.

While these broad concepts generally govern our executive compensation program, we also take into account specific factors particular to each executive officer when making individual compensation decisions, which we describe in detail below. These factors consist of the executive's range of

Table of Contents

responsibilities and related performance measures, amounts paid to executive officers with similar responsibilities in similarly situated companies and other individual factors affecting each executive's performance.

Compensation Administration and Consultant

The Compensation Committee of our Board of Directors, which we refer to as our Compensation Committee, reviews and determines the compensation for our named executive officers. The compensation that we paid our named executive officers for fiscal year 2007 is disclosed in detail in the tables and narratives below under the heading

Executive Compensation. Our Compensation Committee is also responsible for, among other things, structuring and administering the compensation programs and plans in which our named executive officers participate.

During fiscal year 2007, our Compensation Committee retained the services of an independent executive compensation consultant, Pearl Meyer & Partners, which we refer to as PM&P, to:

identify a peer group of firms comparable in size and industry to us so that we may look to them for the range of market compensation offered by other companies in our industry;

conduct a competitive assessment of our executive compensation program; and

reassess our traditional reliance on stock options as our long-term equity compensation instrument.

PM&P's recommendations following the competitive assessment of our executive compensation program were based on our compensation philosophy and information it derived from our peer group's compensation programs. Our Compensation Committee took these recommendations into consideration when it established executive compensation for fiscal year 2008. Given our more food-focused strategy, we asked PM&P to select entities for our peer group primarily from the food and beverage industries. The peer group identified by PM&P (and reviewed in advance by our Compensation Committee for appropriateness) was comprised of the following companies:

The Andersons, Inc.

Church & Dwight Co., Inc.

Coca-Cola Bottling Co. Consolidated

Flowers Foods, Inc.

The Hain Celestial Group, Inc.

Imperial Sugar Company

The J. M. Smucker Company

Lance, Inc.

Pilgrim's Pride Corporation of Georgia, Inc.

Premium Standard Farms, Inc.

Ralcorp Holdings, Inc.

Revlon, Inc.

Sanderson Farms, Inc.

Seneca Foods Corporation

TreeHouse Foods, Inc.

PM&P also provided our Compensation Committee with recommendations regarding changes in our long-term equity incentive program based on characteristics of our competitive market, our goal to utilize equity compensation in a way that is more aligned with our compensation program philosophy and objectives and our overall corporate strategic objectives over the next several years (including primarily our decision to increase our focus on our food business). These recommendations were presented to management and our Compensation Committee at its February 2007 meeting.

Compensation Processes, Procedures and Benchmarking

Generally, our Compensation Committee establishes salaries for the current fiscal year and annual cash incentive award payouts for the prior fiscal year at its regularly scheduled August meeting. Historically, at this meeting, our Compensation Committee first reviews the elements of each named executive officer's total compensation during the previous fiscal year. Our Chief Executive Officer then makes compensation recommendations to our Compensation Committee with respect to the executive officers who report to him, but those executive officers are not present in the meeting during compensation deliberations. The chairman of our Compensation Committee then makes compensation recommendations in executive session to our Compensation Committee with respect to our Chief Executive Officer, who is absent from the meeting at that time. Beginning with its August 2007 meeting, however, our Compensation Committee has compared our executive officers' compensation with that offered by executive officers employed by companies in our peer group, based on information supplied by PM&P, during the first part of the review process.

Our Compensation Committee may accept or make adjustments to the recommendations it receives in establishing the final compensation for each of the named executive officers. In general, when setting each component of compensation for our named executive officers, our Compensation Committee considers the following performance factors:

our previous year's operating results and whether we achieved our performance objectives;

the relative value of the executive's unique skills, competencies and institutional knowledge;

the executive's performance of management and officer responsibilities; and

the executive's contribution toward our long-term strategic objectives and our goal of creating long-term shareholder value.

Our Chief Executive Officer's compensation is also approved by the full Board of Directors.

Our Compensation Committee has historically granted equity incentive awards every other year at its regularly scheduled February meeting. However, we last granted equity incentive awards in 2005 due, in part, to a reevaluation of our equity incentive program that began in fiscal 2007. We discuss this in more detail below. Our Compensation Committee currently does not intend to grant any equity incentive awards until calendar year 2008. Due to his already significant equity interest in our company, we generally do not award equity compensation to Mr. Gerlach.

With the exception of our Chief Executive Officer, as discussed in more detail below, we believe the total cash compensation paid to our named executive officers (the combination of salary and annual cash incentives) for fiscal 2007 was in line with the median compensation paid for executives holding similar positions in our peer group.

Primary Elements of Compensation

We have established executive compensation objectives that are primarily focused on helping us create long-term shareholder value. We believe that we can best achieve all of our executive compensation program objectives by offering competitive short-term cash compensation combined with appropriate long-term equity-based compensation tied to our operating results and our achievement of incremental shareholder value. To this end, the primary elements of our executive compensation program are salary, annual cash incentive awards, and long-term equity-based incentive awards, which are each described in

Table of Contents

detail below. Generally, we look at our named executive officers' complete compensation arrangements when establishing salaries, annual cash and long-term equity incentive awards.

Salaries. We provide our named executive officers with annual salaries both to attract and retain the executives and to provide them with a steady source of annual cash-based income. For each named executive officer, salary represents a non- at risk cash component of compensation. We establish our salaries at levels designed to reward our named executive officers for their overall level of expertise, responsibilities, experience and other factors unique to each individual executive officer, as determined by our Compensation Committee. However, our policy is that salaries for our named executive officer should not exceed median salaries for executive officers with similar responsibilities within our peer group.

For fiscal year 2007, the amount of each named executive officer's salary increase, expressed as a percentage of such officer's fiscal year 2006 salary, was as follows: Mr. Gerlach, 0.0%; Mr. Boylan, 3.9% and Mr. Rosa, 3.0%. Salaries earned by our named executive officers for 2007 appear below in the Salary column of our 2007 Summary Compensation Table. For fiscal year 2008, Mr. Gerlach will not receive a raise, but we have increased our other named executive officers' salaries by an average of 3.5%.

Annual Cash Incentive Awards. We also provide our named executive officers with annual cash incentive awards designed to motivate them to help us achieve our annual financial goals. For each named executive officer, his annual cash incentive award represents a performance-based, variable and at-risk cash component of compensation. Under this program, our two named executive officers other than our Chief Executive Officer were each granted the opportunity to earn for fiscal year 2007 an annual cash incentive payment based on our achievement of certain financial targets. We granted this award to Mr. Rosa based on his responsibility for supervising the operations of our Specialty Foods segment, and to Mr. Boylan based on his responsibilities as Chief Financial Officer.

For each award, our Chief Executive Officer retains discretionary authority to modify the financial targets and raise or lower the computed incentive payment by up to 5% based on his qualitative assessment of the executive's overall development during the course of the fiscal year. Our Compensation Committee also retains authority to make further adjustments to the computed annual cash incentive payments. An annual cash incentive payment, if earned, is made in the fiscal year following the year in which it is earned. Annual cash incentive payments earned by our named executive officers for fiscal year 2007 appear below in the Bonus and Non-Equity Incentive Plan Compensation columns of our 2007 Summary Compensation Table.

For fiscal year 2007, Mr. Rosa received the opportunity to earn a cash incentive payment equal to 0.35% of our Specialty Foods segment's value-added income for fiscal year 2007. Our Compensation Committee first established 0.35% of Specialty Foods' value-added income as the annual incentive opportunity for Mr. Rosa in 2004, and we have continued to view this as a fair annual incentive opportunity from year to year since 2004. We define value-added income as the amount by which the fiscal year operating income of our Specialty Foods segment exceeds a target level of income. We determine the applicable target level of income by multiplying the segment's pre-tax cost of capital by the segment's average net assets (defined as including accounts receivable; inventory; prepaid expenses; property, plant and equipment; other assets; goodwill; current liabilities; deferred taxes and other non-current liabilities). We then calculate value-added income by subtracting target income from operating income. For our Specialty Foods segment in fiscal year 2007, average net assets equaled \$255,496,000, pre-tax cost of capital was approximately 19.05%, target income equaled \$48,666,000, and operating income exceeded target income by \$52,852,000. We utilized operating income and average net assets as the performance metrics for Mr. Rosa's award because we believe use of these metrics was the best way to incentivize him to

Table of Contents

employ the Specialty Foods segment's net assets efficiently. For fiscal year 2007, neither our Chief Executive Officer nor our Compensation Committee exercised any discretion to modify the annual cash incentive payment to Mr. Rosa, except for rounding his cash incentive payment up to the nearest thousand.

Mr. Boylan's fiscal year 2007 award represented the opportunity to earn a cash incentive payment equal to 0.179% of our consolidated value-added income for fiscal year 2007. For purposes of Mr. Boylan's award opportunity, we define value-added income as the amount by which fiscal year consolidated operating income exceeds a target level of income. We determine the applicable target level of income by multiplying consolidated pre-tax cost of capital by consolidated average net assets (defined as including accounts receivable; inventory; prepaid expenses; property, plant and equipment; other assets; goodwill; current liabilities; deferred taxes and other non-current liabilities). We then calculate value-added income by subtracting target income from operating income. For our consolidated operations in fiscal year 2007, average net assets equaled \$460,403,000, pre-tax cost of capital was approximately 19.05%, target income equaled \$87,696,000, and operating income exceeded target income by \$12,759,000. We utilized consolidated operating income and average net assets as the performance metrics for Mr. Boylan's award because we believe use of these metrics was the best way to incentivize him to employ our company's consolidated net assets efficiently. We then rounded the annual cash incentive payment to Mr. Boylan down to the nearest hundred.

During fiscal year 2007, our Compensation Committee exercised substantial discretion under the plan to increase the annual cash incentive payment to Mr. Boylan from the formula-calculated \$22,800 to a total of \$157,800. In making this decision, our Compensation Committee considered the following three factors:

Mr. Boylan's successful management of our restructuring program, including his substantial involvement in managing our facility closure and dispositions activities during fiscal year 2007;

The cash incentive formula described above, approved by our Compensation Committee prior to our dispositions during fiscal year 2007, ultimately failed to take into account financial losses that we experienced regarding the operations we disposed of during the fiscal year, which losses resulted in a much lower calculated incentive payment than was anticipated by or acceptable to the Compensation Committee when establishing the annual incentive opportunity for Mr. Boylan; and

Mr. Boylan's computed incentive payment would have resulted in his total compensation falling significantly below the compensation of his peers at the companies in our peer group. Based on our compensation philosophy of providing market compensation packages when performance meets our expectations, our Compensation Committee's determination that Mr. Boylan's performance met or exceeded our expectations for fiscal year 2007, and our desire to retain Mr. Boylan, our Compensation Committee determined that a substantial increase to Mr. Boylan's computed annual incentive payment for fiscal year 2007 was appropriate.

The discretionary portion of Mr. Boylan's annual cash incentive is reflected in the "Bonus" column of our 2007 Summary Compensation Table.

As noted above, our Chief Executive Officer does not receive an annual cash incentive award. Our Compensation Committee views Mr. Gerlach's salary as sufficient cash compensation for the performance of his responsibilities and believes that his participation in the annual cash incentive program is not necessary to align Mr. Gerlach's interest with the long-term interest of our shareholders, especially given his significant direct ownership interest in our company. Because Mr. Gerlach does not receive any annual

Table of Contents

incentive compensation, his total cash compensation falls below the median of peer company chief executive officers. Our Compensation Committee and Mr. Gerlach consider this result acceptable given his significant ownership interest and the resulting low probability of his leaving the company.

Long-Term Equity-Based Incentive Awards. Historically, we have used stock options as the primary vehicle for providing long-term incentives to and rewarding our named executive officers for their efforts in helping to create long-term shareholder value. We have also considered stock options as a retention tool for executive talent. Both of these factors have helped our Compensation Committee determine in past years the type of award and the number of underlying shares that it granted in connection with an equity incentive award. For each named executive officer, any equity incentive award represented a performance-based, variable and at-risk equity-based component of compensation.

However, during fiscal year 2007, with the assistance of PM&P, we have been reassessing our traditional reliance on stock options as our equity incentive compensation instrument. We had historically believed that granting stock options was the best method for motivating named executive officers to manage our company in a manner consistent with the long-term interests of our shareholders because of the direct relationship between the value of a stock option and the market price of our common stock. The following factors, however, have caused us to reevaluate this approach, and we are considering using other forms of equity incentives in the future:

- the evolution of regulatory, tax and accounting treatment of equity incentive programs;

- developments in our strategic objectives; and

- the study of our equity-based incentive program that took place during fiscal year 2007.

We have historically granted stock awards to our named executive officers bi-annually in conjunction with our Compensation Committee's regular February meeting. Due to our reassessment of stock option awards and because we are also considering granting restricted stock units and stock appreciation rights instead of stock options as equity incentive awards going forward, we did not grant any equity incentive awards to our named executive officers during fiscal year 2007. We believe that our reassessment of our equity incentive award program, however, is consistent with our pay for performance philosophy. We believe that reevaluating our use of equity incentive awards is an important step in enhancing long-term shareholder value.

We currently do not anticipate granting any further equity awards to our named executive officers until after the beginning of calendar year 2008. We also anticipate refining the details of our equity award program, including revisiting our policies and practices regarding the timing of awards and Compensation Committee approval, when we re-commence granting equity awards to named executive officers.

Other Benefits

Our named executive officers are also eligible to participate in our employee benefit plans available to all salaried employees, including our 401(k) savings plans, health insurance plan and group life insurance plan. These other benefits are discussed in detail below. In addition, our named executive officers participate in our deferred compensation program. We also make some post-termination payments and

Table of Contents

benefits available to our named executive officers, as described in detail below. The value of these benefits are reviewed annually by our Compensation Committee, but are not generally considered as part of the overall compensation program for purposes of allocating among cash, equity and other compensation.

Perquisites. We do not believe that providing perquisites to our named executive officers helps us achieve any of our compensation program objectives, including the promotion of long-term shareholder value. We limit the perquisites made available to our named executive officers that are not otherwise available to all salaried employees, and believe that this arrangement is consistent with our pay for performance philosophy. During fiscal year 2007, we offered our named executive officers only the following perquisites: corporate automobile allocations and related insurance premium payments; and life insurance and travel insurance premium payments. More detailed information about perquisites is presented below in the All Other Compensation column of our 2007 Summary Compensation Table and related narrative.

Executive Deferred Compensation Program. The Lancaster Colony Corporation Executive Employee 2005 Deferred Compensation Plan, which we refer to as our deferred compensation plan, allows our named executive officers to defer up to \$50,000 of their annual base compensation for future payment. Under the deferred compensation plan, amounts deferred by our named executive officers are maintained in separate book-entry accounts. Interest on the deferred amounts are credited semi-annually on June 30 and December 31 with an annual rate of interest equal to the prime interest rate reported in the Wall Street Journal on the first business day in January (for the June 30 credit) and July (for the December 31 credit). We do not match amounts that are deferred. Distributions from the deferred compensation plan are paid upon termination of employment (including death or disability), and the named executive officer may elect to receive payments in either a lump sum or a series of installments upon termination. We do not fund the deferred compensation plan, and participants have only an unsecured contractual commitment from us to pay the amounts due. More detailed information about the deferred compensation plan is presented below in our 2007 Non-Qualified Deferred Compensation Table and related narrative.

Health and Welfare Benefits. We provide healthcare, life and disability insurance and other employee benefits programs to our employees, including our named executive officers. We believe that these benefits are competitive within our peer group and, while not separate incentives by themselves because they do not help us achieve any of our compensation program objectives, are essential and expected parts of any compensation program. Our benefits and risk management department is responsible for overseeing the administration of these programs. Our employee benefits programs are provided on a non-discriminatory basis to all employees. These benefits include vacation and personal time; paid holidays; medical and long and short-term disability insurance programs.

Retirement Benefits

Pension Benefits. We do not provide defined pension arrangements or post-retirement health coverage for our named executive officers, as we do not believe that providing these types of benefits to our named executive officers helps us achieve any of our compensation program objectives, including the promotion of long-term shareholder value.

401(k) Savings Plan. All of our named executive officers participate in our Lancaster Colony Corporation 401(k) Savings Plan, a tax-qualified defined contribution plan that we refer to as our 401(k) Plan. We believe that this benefit is competitive within our peer group and, while not a separate incentive by itself because it does not help us achieve any of our compensation program objectives, it is an essential and expected part of any compensation program. Under the 401(k) Plan, each employee may contribute up to 25% of eligible compensation on a before-tax basis into an individual account (subject to limits established by the Internal Revenue Service). In any fiscal year, we will contribute to each participant a matching contribution equal to 40% of the first 4% of the participant's compensation that has been

Table of Contents

contributed to the 401(k) Plan. Partial withdraws from the 401(k) Plan are permitted through a loan or based on financial hardship. Single lump sum withdrawals are permitted upon an employee's termination of employment.

Effective for calendar year 2007, the 401(k) Plan limits the so-called annual additions that can be made to an employee's account to \$45,000 per year. Annual additions include matching contributions and before-tax contributions made by the employee. Of those annual additions, the current maximum before-tax contribution is \$15,500 per year and no more than \$225,000 of annual compensation may be taken into account in computing benefits under the 401(k) Plan.

Participants age 50 and over may also contribute, on a before-tax basis, and without regard to the \$45,000 limitation on annual additions or the \$15,500 general limitation on before-tax contributions, a catch-up contribution of up to \$5,000 per year. Matching contributions from us that were paid to our named executive officers during fiscal year 2007 are included in the "All Other Compensation" column of our 2007 Summary Compensation Table.

Employee Stock Ownership Plan. The Lancaster Colony Corporation Employee Stock Ownership Plan, or ESOP, is another of our tax-qualified retirement plans. The ESOP was "frozen" on December 31, 1997 when it was amended to prevent further participation and contributions and to vest fully existing account balances. The ESOP was designed to invest primarily in "employer securities" as defined in Section 409(l) of the Internal Revenue Code. The ESOP continues to offer a pre-retirement diversification right, and dividends are distributed (upon election by the participant) in the form of cash or can be reinvested in our stock and credited to a participant's account. Distributions in the form of a single lump sum or in five annual installments are made upon a participant's termination of employment.

Employment and Severance Agreements

We do not maintain employment agreements with any of our named executive officers. We have entered into Key Employee Severance Agreements with Mr. Boylan and Mr. Rosa that specify cash payments in the event the named executive officer's employment is terminated other than for cause or terminated by the executive officer for good reason within one year after a change in control (the terms cause, good reason and change in control are each defined in the agreement). In addition, the named executive officer will be entitled to participate in any health, disability and life insurance plans in which the executive participated at the time of termination, on the same basis, for a period of one year following termination. The agreements do not require the named executive officers to mitigate the amount of benefits paid by seeking other employment, and the benefits payable under the agreements are not subject to reduction for other compensation earned by the named executive officers after termination. The agreements do not have an expiration date. We believe that these agreements were necessary for us to attract and retain these two named executive officers. See the further disclosure below under "Potential Payments Upon Termination or Change in Control" for more information.

Stock Ownership Guidelines

As discussed above and as disclosed above in our beneficial ownership tables, our named executive officers already have a substantial equity interest in our company. As a result, we do not have a formal policy requiring that our named executive officers own any predetermined amount of our stock. However, as indicated above, a primary objective of our "pay for performance" philosophy is to align our named executive officers' compensation interests with our goal of creating long-term shareholder value. We therefore encourage our current named executive officers to continue to maintain an equity ownership in the company, which ownership further aligns their compensation interests with the interests of our shareholders.

Table of Contents**Recoupment of Incentive Payments**

We do not have a formal policy regarding adjusting or recovering annual cash incentive payments or long-term equity-based incentive awards if the relevant performance metrics upon which such awards or payments are based are later restated or otherwise adjusted in a manner that reduces the actual size of the award or payment. Instead, we will consider making adjustments or recoveries on a case-by-case basis if those situations arise.

Accounting and Tax Considerations

Regulations issued under Section 162(m) of the Internal Revenue Code provide that compensation in excess of \$1 million paid to our named executive officers will not be deductible unless it meets specified criteria required for it to be performance based. In general, our Compensation Committee considers the potential impact of Section 162(m) in its review and establishment of compensation programs and payments. However, our Compensation Committee also reserves the right to provide compensation that does not meet the exemption criteria if, in its sole discretion, it determines that doing so advances our business objectives. Currently, we have no individuals with non-performance based compensation paid in excess of the Internal Revenue Code Section 162(m) tax deduction limit.

EXECUTIVE COMPENSATION**Executive Officers**

The following is a list of names and ages of all of the executive officers of the Corporation indicating all positions and offices held by such person and each person's principal occupation or employment during the past five years. No person other than those listed below has been chosen to become an executive officer. The executive officers are elected annually by the Board of Directors:

John B. Gerlach, Jr.											
John L. Boylan			\$ 22,800								
Bruce L. Rosa			\$ 185,000								

(1) As we described in Compensation Discussion and Analysis above, under our annual cash incentive program, each named executive officer other than Mr. Gerlach receives a fiscal year bonus payment primarily determined based on the application of a discretionary bonus rate percentage to either the value-added income attributable to the entire company or the value-added income attributable to our Specialty Foods segment, as applicable. The resulting bonus payment is subject to

discretionary adjustment by either our Chief Executive Officer or our Compensation Committee. For fiscal year 2007, our Compensation Committee exercised discretion in increasing Mr. Boylan's annual cash incentive payment by \$135,000, but did not alter Mr. Rosa's payment, as more fully described in Compensation Discussion and Analysis above.

Because value-added income changes from year-to-year, we are unable to determine in advance the target amounts for bonus awards under our annual cash incentive program. The amounts reflected in column (d) of the above table equal the annual cash incentive payment computed for our named

executive officers for fiscal year 2007, which amounts (plus the discretionary increase approved for Mr. Boylan as described in this footnote) we believe to be a reasonable representation of annual cash incentive payments that our named executive officers will be eligible to receive for our performance in fiscal year 2008. The total annual cash incentive payments for our named executive officers for our performance in fiscal year 2007 were determined by our Compensation Committee on August 22, 2007, and are reflected in columns (d) and (g) of our 2007 Summary Compensation Table above. For more information about our annual cash incentive program, see Compensation

Discussion and
Analysis above.

None of our named executive officers are parties to employment agreements with us, but Mr. Boylan and Mr. Rosa are parties to Key Employee Severance Agreements with us. Potential Payments Upon Termination or Change in Control

Our named executive officers may terminate employment with us under a number of different scenarios, including retirement, voluntary termination for good reason, voluntary termination without good reason, involuntary termination without cause, involuntary termination for cause, termination in connection with a change in control, death and disability. Except as discussed below, we generally limit the payments or other forms of compensation that we will provide our named executive officers when their employment with us is terminated to compensation elements that we provide all our employees upon termination, namely payment of any earned but unpaid salary and accrued but unpaid vacation benefits.

Table of Contents

During fiscal year 2007, we were a party to Key Employee Severance Agreements with Mr. Boylan and Mr. Rosa that provide for them to receive certain cash payments and other benefits if their employment with us is terminated other than for cause or they resign for good reason, within one year of a change in control of our company. The terms cause, good reason and change in control are defined under these agreements. Cause generally means the employee's willful engaging in malfeasance or felonious conduct that in any material respect impairs the reputation, goodwill or business position of our company or involves misappropriation of our funds or other assets. Good reason generally means termination triggered by certain reductions in compensation, duties and responsibility and authority or certain changes in place of employment. Change in control generally means an event reportable by us on Form 8-K as a change in control and certain significant changes in the ownership of our common stock or in the makeup of our Board of Directors.

Upon such a termination or resignation within one year of a change in control, we will pay to the terminated named executive officer in a lump sum cash payment an amount equal to the lesser of (1) the sum of (A) the executive officer's highest annual salary within the immediately preceding three full fiscal years plus (B) the executive officer's highest total annual bonus paid within the immediately preceding three full fiscal years, or (2) two times the executive officer's salary and bonus paid for the immediately preceding fiscal year. We will also pay to the terminated named executive officer any accrued but unpaid base salary at the officer's then-current salary rate, and will provide the terminated named executive officer with continued coverage under our health, disability and life insurance plans in which the named executive officer participated for one year. The terminated named executive officer has no duty to mitigate the amount of benefits paid by us while seeking other employment, and the benefits are not subject to reduction for other compensation earned by the terminated named executive officer after termination.

As stated above, upon termination of employment for any reason regarding Mr. Gerlach, he would be entitled to his earned unpaid salary as well as his accrued unpaid vacation benefits.

Tabular Disclosure. The tables below reflect the estimated amounts of payments or compensation our named executive officers may receive under particular termination scenarios. The amounts shown in the tables below assume that the named executive officer is terminated as of June 29, 2007, and that the price per share of our common shares equals \$41.89, which was the closing price of our common shares on June 29, 2007, as reported on the NASDAQ Global Select Market. Actual amounts that we may pay to any named executive officer upon termination of employment, however, can only be determined at the time of such named executive officer's actual termination.

(1) The amounts shown in column (b) represent compensation amounts discussed in the narrative below.

(2) The amounts shown in column (c) do not reflect compensation actually received by the directors. These amounts are the amounts of compensation cost recognized in fiscal year 2007 for financial reporting purposes related to restricted stock awards in fiscal year 2007, excluding the effect of certain

forfeiture assumptions. See Notes 1 and 11 to our unaudited condensed consolidated financial statements for the twelve months ended June 30, 2007 for details as to the assumptions used to determine the fair value of the restricted stock awards. The non-employee directors had restricted stock awards outstanding as of June 30, 2007 for the following number of shares:

Mr. Bachmann, 500;
Ms. Bendapudi, 500; Mr. Fox, 500;
Mr. Hamilton, 500; Mr. Jennings, 500;
Mr. O'Neill, Jr., 500; and
Mr. Sofia, 500.

Each non-employee director received a grant of restricted shares as follows: 500 shares on November 20, 2006 under our 2005 Stock

Plan. The restricted shares will vest on November 20, 2007, and vesting would accelerate upon a change in control, death or disability. The grant fair value of the stock awards issued to each non-employee director in fiscal year 2007 is \$21,350.

Our Compensation Committee reviews the level of compensation of our non-employee directors on an annual basis. We have historically obtained data from a number of different sources to determine the appropriateness of the current level of compensation for our non-employee directors, including:

Publicly available data describing director compensation at companies in our peer group;

Data collected by our corporate administration; and

Table of Contents

Information obtained directly from other companies.

In fiscal year 2007, we also requested competitive data from PM&P. We have not yet made any changes in our non-employee director compensation based upon specific recommendations from PM&P, but we may revisit these recommendations by the end of calendar 2007.

We compensate our non-employee directors through a mix of cash and, beginning in November 2006, equity-based compensation. Except as noted in the footnotes above, our non-employee directors received the following compensation for fiscal year 2007:

a quarterly retainer paid at an annual rate of \$28,000;

a \$1,500 fee for participation in each meeting of the Board of Directors or Committee of the Board of Directors;

an additional quarterly retainer paid at an annual rate of \$7,500 for the Chair of the Audit Committee for serving in that capacity; and

additional quarterly retainers paid at an annual rate of \$3,000 for the Chairs of the Compensation and Nominating and Governance Committees for serving in those respective capacities.

We also reimburse expenses incurred by our non-employee directors to attend Board and committee meetings. These compensation amounts are unchanged from the amounts we paid our non-employee directors for fiscal year 2006. Directors who are also our employees do not receive cash or equity compensation for services on our Board in addition to compensation payable for their services as employees.

Additionally, on November 20, 2006, each of our non-employee directors received a grant of 500 restricted shares pursuant to the terms of our 2005 Stock Plan. These restricted shares vest one year from the grant date, or earlier upon a change in control of the company, or the death or disability of the recipient. Dividends on the restricted shares are held in escrow until the shares vest. The Board will consider whether an additional equity grant should be made to our non-employee directors at its November 2007 meeting to be held on the same day as our next annual meeting of shareholders.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

PROPOSAL NO. 2
RATIFICATION OF THE SELECTION OF THE
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Deloitte & Touche LLP, an independent registered public accounting firm, has served as the Corporation's independent auditors since 1961 and audited the consolidated financial statements for the year ended June 30, 2007. The Audit Committee is directly responsible for the appointment of the Corporation's independent registered public accounting firm and has appointed Deloitte & Touche LLP to audit the Corporation's financial statements for the year ending June 30, 2008. Although it is not required to do so, the Audit Committee has determined to submit its selection of the independent registered public accounting firm to the Corporation's shareholders for ratification of its action as a matter of good corporate governance. In the event that Deloitte & Touche LLP is not ratified by the holders of a majority of the shares represented at the Annual Meeting, the Audit Committee will evaluate such shareholder vote when considering the selection of an independent registered public accounting firm to serve as the Corporation's auditors for the 2009 fiscal year.

Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The Board of Directors recommends a vote FOR the ratification of Deloitte & Touche LLP as the Corporation's independent registered public accounting firm for the year ending June 30, 2008 by executing and returning the ENCLOSED WHITE PROXY CARD or voting by one of the other ways indicated thereon.

The Audit Committee considers whether the provision of non-audit services, if any, are compatible with maintaining the independence of Deloitte & Touche LLP. The Audit Committee's pre-approval policies and procedures for non-audit services are described in the Statement of Policy of the Audit Committee of Lancaster Colony Corporation Pre-Approval of Engagements With the Independent Registered Public Accounting Firm for Non-Audit Services, attached as Appendix A to the Corporation's Audit Committee charter, which itself is attached to this Proxy Statement as Appendix A. For the fiscal year ended June 30, 2007, all of the services described above were pre-approved by the Audit Committee.

PROPOSAL NO. 3

APPROVE AN AMENDMENT TO THE CODE OF REGULATIONS

The Board of Directors has considered and recommends that the shareholders approve an amendment and restatement of the first sentence of Section 6.01 of the Corporation's Code of Regulations to add language relating to a new requirement of NASDAQ that will become effective January 1, 2008 concerning uncertificated shares. The Board believes that the amendment is necessary to make it clear that the Corporation may provide for uncertificated shares in conformity with the new NASDAQ requirement regarding direct registration program eligibility.

As of January 1, 2008, NASDAQ is requiring that listed companies allow for uncertificated shares in order to be eligible for a direct registration program. A direct registration program permits share ownership to be recorded and maintained on the books of a company or its transfer agent without the issuance of a physical stock certificate. The Corporation is not participating in a direct registration program or eliminating physical stock certificates. However, the new NASDAQ rule requires the Corporation's Common Stock be eligible for such a program. The existing Code of Regulations does not specifically provide for uncertificated shares, although uncertificated shares are allowed under Ohio law. The Board of Directors therefore recommends that the Corporation's shareholders adopt an amendment to the Corporation's Code of Regulations that will amend and restate in its entirety the first sentence of Section 6.01 of the Corporation's Code of Regulations as follows in this excerpt (marked to show the proposed changes as compared to the currently-existing first sentence):

SECTION 6.01. STOCK CERTIFICATES. ~~The shares~~ **Shares** of stock ~~of in the Corporation shall be represented by~~ **may be certificated or uncertificated as provided by the Ohio general corporation law, provided that every holder of stock in the Corporation shall be entitled to** certificates signed by the President or a Vice President and by a second officer who may be the Treasurer, an Assistant Treasurer, the Secretary, or an Assistant Secretary of the Corporation, certifying the number of shares evidenced thereby. The following version of the first sentence of Section 6.01 of the Corporation's Code of Regulations indicates how the first sentence will appear after the changes made by the proposed amendment:

SECTION 6.01. STOCK CERTIFICATES. Shares of stock in the Corporation may be certificated or uncertificated as provided by the Ohio general corporation law, provided that every holder of stock in the Corporation shall be entitled to certificates signed by the President or a Vice President and by a second officer who may be the Treasurer, an Assistant Treasurer, the Secretary, or an Assistant Secretary of the Corporation, certifying the number of shares evidenced thereby.

The proposed amendment makes it clear that the Corporation may issue uncertificated shares as

Table of Contents

provided by Ohio law. Shareholders will be entitled to hold their shares in certificated form if they prefer.

The Board of Directors recommends a vote FOR approval of the proposed amendment to the Corporation's Code of Regulations relating to a new requirement of NASDAQ regarding uncertificated shares by executing and returning the ENCLOSED WHITE PROXY CARD or voting by one of the other ways indicated thereon.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Corporation contracts with John Gerlach & Company, an accounting partnership, to provide certain internal auditing, general accounting and tax services of a type generally available from an independent accounting firm. A brother-in-law of the Corporation's Chief Executive Officer, Mr. T. J. Conger, is a partner with John Gerlach & Company. The fees paid to John Gerlach & Company for its services are determined based on the hours of work performed and are reviewed by the Audit Committee. The fees incurred for services rendered for the fiscal year ended June 30, 2007 were \$314,000.

The Corporation's Audit Committee reviews and approves or ratifies any transaction between the Corporation and a related person (as that term is defined under Item 404 of Regulation S-K) that is required to be disclosed under the SEC's related person transaction rules. In general, the Audit Committee charter provides that, when reviewing related person transactions, the Audit Committee will consider the following:

the nature of the related person's interest in the transaction;

the material terms of the transaction;

the significance of the transaction to the related person;

the significance of the transaction to the Corporation;

whether the transaction would impair the judgment of a director or executive officer to act in the best interest of the Corporation; and

any other matters the Audit Committee deems appropriate.

In the event of any conflict between this related persons transaction policy and any similar policies contained in the Corporation's Code of Business Ethics, Standards of Conduct or other corporate governance documents, the terms of the related persons transaction policy will control. This related persons transaction policy is contained in the Audit Committee charter, a copy of which is attached to this Proxy Statement as Appendix A and is posted on the corporate governance page of the Corporation's web site at www.lancastercolony.com.

The Committee shall not undertake to provide any expert or other special assurance as to the content of the Company's financial statements or any expert or professional certification as to the work of the Company's independent registered public accounting firm.

APPENDIX A
STATEMENT OF POLICY
OF THE
AUDIT COMMITTEE OF
LANCASTER COLONY CORPORATION
PRE-APPROVAL OF ENGAGEMENTS WITH THE INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM FOR NON-AUDIT SERVICES

The Sarbanes-Oxley Act of 2002 (the Act) vests the Committee with the responsibility to appoint and to oversee the work of the independent registered public accounting firm of the Company. Under the Act and SEC Rules that the SEC has issued pursuant to the Act, that responsibility includes in particular the requirement that the Committee review and pre-approve all audit and non-audit services performed by the independent registered public accounting firm. In exercising that responsibility with respect to proposed engagements for non-audit services, it is the policy of the Committee to give paramount consideration to the question of whether the engagement of the independent registered public accounting firm to perform those services is likely to create a risk that the independent registered public accounting firm's independence may be compromised. To that end, the Committee will endeavor to exercise its discretion in a manner that will minimize the risk of compromising the independence of the independent registered public accounting firm.

In making this determination, the Committee is mindful of the guidance provided by the SEC: The Commission's principles of independence with respect to services provided by auditors are largely predicated on three basic principles, violations of which would impair the auditor's independence: (1) an auditor cannot function in the role of management, (2) an auditor cannot audit his or her own work, and (3) an auditor cannot serve in an advocacy role for his or her client. Thus, in evaluating whether a proposed engagement presents a risk of compromising the independence of the independent registered public accounting firm, the factors that the Committee will typically consider will include whether the service in question is likely to cause the independent registered public accounting firm to function in a management role, to be put in the position of auditing its own work, or to serve in an advocacy role for the Company. In addition, the Committee believes that the risk of such compromise may increase in direct proportion to the volume of non-audit services performed by the independent registered public accounting firm. Accordingly, it is the policy of the Committee that, in the absence of very strong countervailing considerations, the total amount of fees payable to the independent registered public accounting firm on account of non-audit services with respect to any fiscal year should not exceed the total amount of audit fees plus audit-related fees (as both such terms are used in the SEC Rules) plus tax-compliance/return-preparation services payable to the independent registered public accounting firm with respect to such year. Solely for purposes of the preceding sentence, amounts payable with respect to audit-related services and tax-compliance/return-preparation services will not be considered fees payable on account of non-

Table of Contents

audit services. This policy is adopted with the intent to maintain Committee flexibility in circumstances under which the proposed engagement is likely to provide the Company with benefits that substantially outweigh the risk to independence.

In order to assist the Committee in applying this policy, any officer or other employee of the Company who proposes to engage the independent registered public accounting firm to perform non-audit services will be expected to submit such a proposal in writing to the Committee accompanied by the following supporting materials:

1. A detailed description of each service proposed to be provided by the independent registered public accounting firm.
2. A description of the extent, if any, to which the non-audit services in question are likely to cause the independent registered public accounting firm to function in the role of management, to recommend actions by the Company that the independent registered public accounting firm may be called upon to review in its role as the Company's independent registered public accounting firm, or to serve as an advocate for the Company.
3. A description of the qualifications of the independent registered public accounting firm that demonstrate its capability to perform each of the non-audit services in question.
4. The name or names of service-providers who were considered as alternatives to the independent registered public accounting firm to perform the services in question, and a description of the qualifications of each such alternative service-provider relating to its capability to perform the services in question.
5. A detailed explanation of the benefits that the Company is expected to enjoy as a result of engaging the independent registered public accounting firm, rather than an alternative service-provider, to perform the non-audit service in question.
6. An estimate of the amount of fees that the independent registered public accounting firm is likely to be paid for performance of the non-audit services in question.

The Committee will typically be inclined to approve requests to engage the independent registered public accounting firm to provide those types of non-audit services that are closely related to the audit services performed by the independent registered public accounting firm, such as audit-related services, tax-compliance/return preparation services, and due diligence services relating to transactions that the Company may be considering from time to time. Because such non-audit services bear a close relationship to the audit services provided by the independent registered public accounting firm, the Committee believes that they will not ordinarily present a material risk of compromising the independent registered public accounting firm's independence, subject to the Committee's policy concerning the total amount payable to the independent registered public accounting firm for non-audit services with respect to any fiscal year.

Between meetings of the Committee, any two Committee members are authorized to concurrently and jointly review and, where consistent with this policy, to pre-approve non-audit services proposed to be performed by the independent registered public accounting firm that are budgeted for fees of Fifty Thousand Dollars (\$50,000) or less. Any such pre-approval decisions shall be reported to the Committee as soon as practicable and in any event at its next meeting. Under no circumstances will the Audit Committee approve the engagement of the independent registered public accounting firm for the performance of services that are prohibited by section 201(a) of the Act (15

Table of Contents

U.S.C. §78j-1(g)), or by §210.2-01(4) of the SEC Rules (17 CFR Part 210.2-01(c)(4)). Such prohibited services include the following:

1. Bookkeeping or other services related to the accounting records or financial statements of the Company, unless the results of those services will not be subject to audit procedures during an audit of the Company's financial statements;
2. Services relating to the design or implementation of financial information systems, unless the results of such services will not be subject to audit procedures during an audit of the Company's financial statements;
3. Services relating to appraisals or valuations, fairness opinions, or contribution-in-kind reports, unless the results of such services will not be subject to audit procedures during an audit of the Company's financial statements;
4. Any actuarially-oriented services (other than assisting the Company in understanding the methods, models, assumptions, and inputs used in computing an amount), unless the results of those services will not be subject to audit procedures during an audit of the Company's financial statements;
5. Internal audit outsourcing services relating to the Company's internal accounting controls, financial systems, or financial statements, unless the results of such services will not be subject to audit procedures during an audit of the Company's financial statements;
6. Any management functions, whether or not temporary, including any decision-making, supervisory, or ongoing monitoring function for the Company;
7. Any services relating to human resources of the Company, including searching for, testing, investigating, negotiating, or providing recommendations or advice with respect to human resources or prospective human resources;
8. Any services relating to acting as a broker-dealer, promoter, or underwriter for the Company, including providing advice, exercising discretionary authority, or assuming custodial responsibility with respect to investment decisions or assets of the Company;
9. Any service that can be provided only by a person licensed, admitted, or otherwise qualified to practice law in the jurisdiction in which the service is to be rendered;
10. Providing an expert opinion or other expert service for the Company, or for the Company's legal representative, for the purpose of advocating the Company's interests in litigation or in a regulatory or administrative proceeding or investigation, except for factual accounts or testimony explaining work that the independent registered public accounting firm has performed, positions that the independent registered public accounting firm has taken, or conclusions that the independent registered public accounting firm has reached during the performance of any permitted service for the Company; and
11. Any other service determined to be impermissible by SEC rules, the Public Company Accounting Oversight Board and the regulations adopted from time to time thereby, or any other applicable law, rule or regulation.
