Forward-Looking Statements This filing contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including statements about our financial condition, results of operations, earnings outlook, asset quality trends and profitability. Forward-looking statements are not historical facts but instead represent only management's current expectations and forecasts regarding future events, many of which, by their nature, are inherently uncertain and outside of Key's control. Key's actual results and financial condition may differ, possibly materially, from the anticipated results and financial condition indicated in these forward-looking statements.

Factors that may cause actual results to differ materially include, among other things: (1) changes in interest rates; (2) changes in trade, monetary or fiscal policy; (3) continued disruption in the fixed income markets; (4) adverse capital markets conditions; (5) continuation of the recent deterioration in general economic conditions, or in the condition of the local economies or industries in which we have significant operations or assets, which could, among other things, materially impact credit quality trends and our ability to generate loans; (6) continued disruption in the housing markets and related conditions in the financial markets; (7) increased competitive pressure among financial services companies due to the recent consolidation of competing financial institutions and the conversion of certain investment banks to bank holding companies; (8) heightened legal standards and regulatory practices, requirements or expectations; (9) the inability to

successfully execute strategic initiatives designed to grow revenues and/or manage expenses; (10) increased FDIC deposit insurance premiums; (11) consummation of significant business combinations or divestitures; (12) operational or risk management failures due to technological or other factors; (13) changes in accounting or tax practices or requirements; (14) new legal obligations or liabilities or unfavorable resolution of litigation; and (15) disruption in the economy and general business climate as a result of terrorist activities or military actions. For additional information on KeyCorp and the factors that could cause Key's actual results or financial condition to differ materially from those described in the forward-looking statements consult Key's Annual Report on Form 10-K for the year ended December 31, 2007, and subsequent filings with the Securities and Exchange Commission available on the Securities and Exchange Commission's website (www.sec.gov).
