PROXY STATEMENT

This Proxy Statement is being furnished to shareholders of MESA AIR GROUP, INC., a Nevada corporation (the "Company"), in connection with the solicitation of proxies by the board of directors of the Company (the "Board") for use at the 2003 Annual Meeting of Shareholders of the Company to be held on February 11, 2003, at 10:00 a.m., Arizona time, at the Phoenix Airport Marriott, 1101 North 44th Street, Phoenix, Arizona, and any adjournment or postponement thereof (the "Annual Meeting"). A copy of the Notice of the Meeting accompanies this Proxy Statement. This Proxy Statement and the accompanying form of Proxy Card are being mailed on or about January 10, 2003.

Solicitation and Voting of Proxies

Only shareholders of record at the close of business on December 20, 2002 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting and at any adjournment or postponement of the meeting. On the Record Date, 31,645,837 shares of the Company's common stock, no par value per share (the "Common Stock"), were issued and outstanding.

Each shareholder present at the Annual Meeting, either in person or by proxy, will be entitled to one vote for each share of Common Stock held of record on the Record Date on each matter of business to be considered at the Annual Meeting. The nine (9) nominees receiving a plurality of votes by shares represented and entitled to vote at the Annual Meeting, if a quorum is present, will be elected as directors of the Company.

All valid proxies received before the Annual Meeting and not revoked will be exercised. All shares represented by proxy will be voted, and where a shareholder specifies by means of his or her proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specifications so made. If no specification is indicated and authority to vote is not specifically withheld, the shares will be voted (i) for the election of the persons named in the proxy to serve as directors; (ii) for the proposal to amend the Company's Outside Directors Stock Option Plan (the "Outside Directors Option Plan") to increase the aggregate number of shares available for issuance thereunder from 275,000 to 475,000; (iii) against the shareholder proposal to redeem any poison pill previously issued and not adopt or extend any poison pill unless such adoption or extension has been submitted to a shareholder vote; and (iv) for the ratification of Deloitte & Touche LLP ("Deloitte & Touche") as the independent auditors of the Company. Abstentions and broker non-votes will be included in the determination of the number of shares represented for a quorum and have the same effect as no votes in determining whether the proposals are approved.

The Board does not know of any matters other than the election of directors, the proposal to amend the Outside Directors Plan, the shareholder proposal, and the ratification of independent auditors that are expected to be presented for consideration at the Annual Meeting. However, if other matters properly come before the meeting, the persons named in the accompanying proxy intend to vote thereon in accordance with their judgment.

Revocability of Proxies

Proxies may be revoked at any time prior to the time they are voted by: (a) delivering to the Secretary of the Company a written instrument of revocation bearing a date later than the date of the proxy; (b) duly executing and delivering to the Secretary of the Company a subsequent proxy relating to the same shares; or (c) attending the meeting and voting in person, provided that the shareholder notifies the Secretary at the meeting of his or her intention to vote in person at any time prior to the voting of the proxy. In order to vote their shares in person at the meeting, shareholders who own their shares in street name (i.e., in the name of a bank, broker or other record holder) must obtain a special proxy card from their broker or bank.

Table of Contents**Solicitation**

The cost of soliciting proxies, including the cost of preparing and mailing the Notice and Proxy Statement, will be paid by the Company. Solicitation will be primarily by mailing this Proxy Statement to all shareholders entitled to vote at the meeting. Proxies may also be solicited by officers and directors of the Company personally or by telephone or facsimile, without additional compensation. Board and Committee Meetings

The Board held six meetings during the 2002 fiscal year. No director attended less than 75% of the Board meetings while serving as such director, or less than 75% of all committee meetings on which he or she served as a committee member.

The audit, nominating and compensation committees are the standing committees of the Board. These committees are comprised as follows:

<u>Audit</u>	<u>Nominating</u>	<u>Compensation</u>
Ronald R. Fogleman	Daniel J. Altobello	Daniel J. Altobello
Maurice A. Parker(1)	Maurice A. Parker	Maurice A. Parker
Julie Silcock	James E. Swigart	Joseph L. Manson
Joseph L. Manson		

(1) Mr. Parker resigned from the Board’s audit committee effective September 5, 2002.

The audit committee of the Board (the Audit Committee) held seven meetings during fiscal 2002. The Audit Committee, among other things, recommends the Company’s independent auditors, reviews the Company’s financial statements, reports and recommendations regarding the adequacy of internal accounting controls made by the independent auditors and considers such other matters with respect to the accounting, auditing and financial reporting procedures as it may deem appropriate or as may be brought to its attention.

The Audit Committee acts under a written charter adopted and approved by the Board in May 2000. A copy of the original Audit Committee Charter is attached as an exhibit to the Company’s 2001 Annual Meeting Proxy Statement. The Charter was amended in April 2002. A copy of the amended Audit Committee Charter is attached as Exhibit A to this Proxy Statement. The Audit Committee is composed of outside directors who are not officers or employees of the Company or its subsidiaries. In the opinion of the Board and as independent is defined under current standards of the NASD, these directors are independent of management and free of any relationship that would interfere with their exercise of independent judgment as member of this committee.

The nominating committee of the Board (the Nominating Committee) did not meet in fiscal 2002. The Nominating Committee is responsible for the nominations of persons to serve as directors and corporate officers of the Company. The Nominating Committee will consider, but is not required to approve, nominations for directors by shareholders for any annual meeting of the Company, provided a written recommendation is received by the Company no later than the date shareholder proposals must be submitted for consideration prior to such annual meeting.

The compensation committee of the Board (the Compensation Committee) held one meeting during the 2002 fiscal year. The Compensation Committee is responsible for allocating cash compensation and stock options to senior executive officers of the Company.

Table of Contents

It is expected that all current committee members will be nominated for re-election to such committees at a Board meeting to be held immediately following the Annual Meeting.

Compensation of Directors

Directors who are full-time employees of the Company receive no additional compensation for serving as directors. Each non-employee director receives an annual retainer of \$15,000. Non-employee directors are also paid \$1,000 per meeting attended in person, \$500 per committee meeting attended in person, \$500 for each telephonic Board meeting attended and reimbursement of all expenses associated with attending committee or Board meetings.

In addition, under the Outside Director's Option Plan, each non-employee director receives an annual grant of options to purchase 3,000 shares of Common Stock, plus the number of options to purchase Common Stock equivalent to a cash value of \$20,000 as calculated pursuant to the Black-Scholes Valuation Method (collectively, the Formula Amount), at a risk-free rate of a ten-year zero coupon bond. Each non-employee director receives an additional Formula Amount on April 1st of each year thereafter. If there are an insufficient number of options available for grants, a pro-rata amount of the options available under the Plan will be granted to each non-employee director. Upon being appointed a non-employee director after April 1, such director is granted a pro-rata portion of the Formula Amount and receives options pursuant to the plan on April 1st of each succeeding year. The amount of pro rata options granted to each new non-employee director is calculated by dividing the number of days prior to April 1st by the number of days in the calendar year and multiplying the quotient by the Formula Amount.

Each non-employee director, and certain family members of such director, receives free travel on Mesa Air and free or reduced-fare travel on certain air carriers at no cost to the Company or the director. The Company believes that the directors' use of free air travel is *de minimis* and did not maintain any records of non-employee directors' travel during fiscal 2002.

Compensation Committee Interlocks

During the fiscal year 2002, the Compensation Committee consisted of Messrs. Altobello, Parker and Manson. Mr. Manson was elected to the Compensation Committee in October 2002. None of the members of the committee held any executive officer position or other employment with the Company prior to or during such service. *See* Certain Relationships and Related Transactions later in this proxy statement for a discussion of payments made by the Company to certain entities in which Messrs. Manson and Parker have an interest.

REPORT OF AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee is responsible for, among other things, reviewing and discussing the audited financial statements with management, discussing with the Company's independent auditors information relating to the auditors' judgments about the quality of the Company's accounting policies and financial reporting practices, recommending to the Board that the Company include the audited financials in its Annual Report on Form 10-K and overseeing compliance with the Securities and Exchange Commission requirements for disclosure of auditors' services and activities.

Review of Audited Financial Statements

The Audit Committee has reviewed the Company's financial statements for the fiscal year ended September 30, 2002, as audited by Deloitte & Touche, the Company's independent auditors, and has discussed these financial statements with management. In addition, the Audit Committee has discussed with Deloitte & Touche the matters required to be discussed by Statement of Auditing Standards No. 61, as amended, regarding the codification of statements on auditing standards. Furthermore, the Audit Committee has received the written disclosures and the letter from Deloitte & Touche required by the Independence Standards Board Standard No. 1 and has discussed with Deloitte & Touche its independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements for the fiscal year ended September 30, 2002 be included in the Company's Annual Report on Form 10-K, for filing with the Securities and Exchange Commission.

Table of Contents

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting. Members of the Audit Committee rely, without independent verification, on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles and that the Company's independent accountants are in fact independent.

The agreement provides that upon Mr. Ornstein's disability, as defined in the agreement, he will receive on a monthly basis, his base salary, plus an annualized amount equal to his historical bonuses. The Company will make such disability payments for as long as the disability lasts, up to 48 months, and payments will continue to be made even if they extend beyond the term of the agreement. COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee consists of three directors, Messrs. Altobello, Parker and Manson, who are not employees of the Company. Mr. Manson was elected to the Compensation Committee in October 2002. The Compensation Committee has the responsibility for allocation of cash compensation and stock options to senior executive officers of the Company. The Compensation Committee primarily administers the Company's cash compensation plans and employee stock option plans. In those instances in which Rule 16b-3 of the Securities Exchange Act of 1934 requires grants or awards of stock options to be made by a disinterested committee, the Compensation Committee is solely responsible for the administration of such plans.

The entire Board regularly reviews the Compensation Committee decisions relating to executive compensation. The Company's executive compensation policies, as endorsed by the Compensation Committee, have been designed to provide a balanced compensation program that will assist the Company in its efforts to attract, motivate and retain talented executives who the Compensation Committee and senior management believe are important to the long-term financial success of the Company. The employment contracts of Messrs. Ornstein, Lotz and Murnane provide for bonuses. Bonuses are limited to prescribed percentages of base salary, based upon the percentage growth in earnings per share of the Company. Growth in earnings per share (EPS) is categorized at four levels: (1) Minimum any growth in EPS during the prior fiscal year; (2) Threshold 5.0% to 9.9% growth in EPS; (3) Target 10.0% to 14.9% growth in EPS; and (4) Maximum 15.0% or greater growth in EPS. The Board may also approve discretionary bonuses. In addition to salaries and bonuses, an integral part of executive compensation is the issuance of stock options on an annualized basis to key employees under the Key Officer Stock Option Plan and the 1996 Stock Option Plan (together, the Stock Option Plans).

The Key Officer Stock Option Plan provides for options to be issued to the CEO and President at set dates for prescribed amounts. The 1996 Stock Option Plan provides for options to be issued to officers and key employees at the discretion of the Compensation Committee upon recommendation by the Chief Executive Officer. The options granted under the foregoing Stock Option Plans vest at the rate of approximately one-third per year commencing one year after the grant date. The options have a 10-year term and are subject to standard option provisions, including the requirement of continued employment and provisions to deal with termination of employment due to retirement, death or disability. Under the Stock Option Plans, options will be issued at the weighted average price of Common Stock on the date of grant. The total number of options granted under all Stock Option Plans in fiscal 2002 was 1,397,829. The Compensation Committee believes

that the issuance of stock options to officers and key employees related to the appreciation of the Common Stock provides equitable incentives to increase the profitability of the Company.

AMENDMENT TO MESA AIR GROUP, INC.

OUTSIDE DIRECTORS STOCK OPTION PLAN

(PROPOSAL NO. 2)

To amend the Company's Outside Directors Stock Option Plan (the Outside Directors Option Plan) to increase the aggregate number of shares available for issuance thereunder from 275,000 to 475,000.

At the Annual Meeting, the Company will seek shareholder approval of an amendment (the Directors Amendment) to the Outside Directors Option Plan to increase the number of shares authorized for issuance thereunder from 275,000 to 475,000. The Outside Directors Option Plan provides outside (non-employee) Directors with an incentive to invest in shares of the Common Stock to increase the directors' personal interest in the success of the Company. The Board has approved the Directors Amendment and has directed that the Directors Amendment be submitted as a proposal for shareholder approval at the Annual Meeting.

Current Plan Provisions

The Outside Directors Option Plan authorizes grants of non-qualified stock options (NQSOs) to independent directors of the Company. The Company currently has seven (7) directors who are eligible to receive option grants under the Outside Directors Option Plan.

The Board believes that use of stock options authorized under the Outside Directors Option Plan is beneficial to the Company as a means of promoting the success and enhancing the value of the Company by linking the personal interests of its outside directors to those of its shareholders and by providing outside directors with an incentive for outstanding performance.

These incentives also provide flexibility to the Company in its ability to attract and retain the services of outside directors, upon whose judgment, interest and special effort the successful conduct of the Company's operation is largely dependent.

The Outside Directors Option Plan may be administered by the Board or by any person or persons chosen by the majority of the Board.

Options are automatically granted to all present and future directors of the Company who are not employees of the Company or of any subsidiary of the Company (each a Qualified Director). Each Qualified Director currently receives annual option grants to purchase 3,000 shares plus the number of options to purchase Common Stock equivalent to a cash value of \$20,000 as calculated pursuant to the Black-Scholes valuation method at a risk-free rate of ten-year zero coupon bond (the Formula Amount). Any Qualified Director who is serving as Chairman of the Board receives, in addition to the Formula Amount, an annual grant of the number of options equal to a value of \$20,000 calculated in accordance with the Black-Scholes method as specified above. The option price per share is not to be less than the fair market value of the underlying shares. Options granted to Qualified Directors vest and become exercisable six (6) months after their grant.

Non-Qualified Stock Options

A NQSO is any stock option other than an incentive stock option (ISO). Such options are referred to as non-qualified because they do not meet the requirements of, and are not eligible for, the favorable tax treatment provided by Section 422 of the Internal Revenue Code of 1986, as amended (the Code).

No taxable income is realized by an optionee upon the grant of a NQSO, nor is the Company entitled to a tax deduction by reason of such grant. Upon the exercise of a NQSO, the optionee realizes ordinary income in an amount equal to the excess of the fair market value of the Common Stock on the date of exercise over the exercise price, and the Company is entitled to a corresponding tax deduction.

Upon a subsequent sale or other disposition of Common Stock acquired through exercise of a NQSO, the optionee realizes a short-term or long-term capital gain or loss to the extent of any intervening appreciation or depreciation. Such a resale by the optionee has no tax consequence to the Company.

Amendments to Option Plan

The Board has reviewed the options currently remaining in the option pool for the Outside Directors' Option Plan and has determined that it is appropriate to increase the number of shares authorized for issuance under the Outside Directors' Option Plan. As of September 30, 2002, option grants representing 53,615 shares were outstanding under the Outside Directors' Option Plan. The Board believes that an increase in the number of authorized shares is necessary for the continued optimal use of the Outside Directors' Option Plan to attract and retain Qualified Directors through the use of equity-based incentives aligned with the interests of the Company's shareholders. Therefore, the Board is proposing the Directors' Amendment in order to increase the number of shares authorized for issuance under the Outside Directors' Option Plan from 275,000 to 475,000.

Required Vote

Approval of the Directors' Amendment requires the affirmative vote of a majority of shares of Common Stock present at the Annual Meeting in person or by proxy. Abstentions are considered present for this proposal, so they will have the same effect as votes against the Amendment. Broker non-votes are not considered present for this proposal.

SHAREHOLDER PROPOSAL RELATING TO POISON PILLS

(PROPOSAL NO. 3)

One of the Company's shareholders has given notice of her intention to introduce the following proposal for consideration and action by the shareholders at the Annual Meeting. The proposed resolution and accompanying supporting statement has been provided by the shareholder/proponent. The affirmative vote of at least a majority of the Company's outstanding Common Stock on the Record Date is required for approval of the proposal.

This shareholder proposal is submitted by E. Pauline Berberian, 801 Viewpointe Drive, St. Charles, IL 60174, who owns 92 shares of Common Stock.

3 Shareholder Vote on Poison Pills

This topic won an average 60%-yes vote at 50 companies in 2002

This is to recommend that the Board of Directors redeem any poison pill previously issued and not adopt or extend any poison pill unless such adoption or extension has been submitted to a shareholder vote.

This proposal is submitted by E. Pauline Berberian.

Harvard Report

A 2001 Harvard Business School study found that good corporate governance (which took into account whether a company had a poison pill) was positively and significantly related to company value. This study, conducted with the University of Pennsylvania's Wharton School, reviewed the relationship between the corporate governance index for 1,500 companies and company performance from 1990 to 1999.

Some believe that a company with good governance will perform better over time, leading to a higher stock price. Others see good governance as a means of reducing risk, as they believe it decreases the likelihood of bad things happening to a company.

Since the 1980s Fidelity, a mutual fund giant with \$800 billion invested, has withheld votes for directors at companies that have approved poison pills, *Wall Street Journal*, June 12, 2002.

I believe that shareholder oversight of the poison pill could prevent a sense of entrenchment and give our management and directors greater incentive to deal effectively with key shareholder value issues such as:

Mesa has a big stake in the survival of bankrupt US Airways.

Mesa stands to lose \$1.7 million on an investment in US Airways stock.

Council of Institutional Investors Recommendation

The Council of Institutional Investors www.cii.org, an organization of 120 pension funds which invests \$1.5 trillion, called for shareholder approval of poison pills. In recent years, various companies have been willing to redeem existing poison pills or seek shareholder approval for their poison pill. This includes Columbia/HCA, McDermott International and Bausch & Lomb. I believe that our company should follow suit and allow shareholder input.

Shareholder Vote on Poison Pills

Yes on 3

MESA AIR BOARD RECOMMENDS AGAINST THIS PROPOSAL

The Board of Directors has not adopted a poison pill, also known as a shareholder rights plan, and has no present intention of adopting such a plan. However, the Board believes that circumstances could arise in the future where the adoption of such a plan would be necessary to protect the interests of the Company's shareholders.

Shareholder rights plans are designed to encourage potential acquirors to negotiate directly with the Board, which is in the best position to negotiate on behalf of all shareholders, evaluate the adequacy of any potential offer and protect shareholders against unfair and abusive takeover tactics. Without the protection of a shareholder rights plan, the Board could lose important bargaining power in negotiating with a potential acquiror or pursuing potentially superior alternatives.

Table of Contents

There is compelling evidence that shareholder rights plans are beneficial to shareholders' interests. Approximately 2,164 companies have adopted shareholder rights plans, including more than half of the companies in the Standard & Poor's 500 Index. Studies have shown that companies adopting such plans receive higher takeover premiums than those companies without rights plans. For example, a 1997 study by Georgeson and Company, Inc. found that premiums paid to acquire companies with shareholder rights plans were 8% higher than premiums paid to companies without shareholder rights plans. At the same time, shareholder rights plans do not prevent companies from being acquired at prices that are fair and adequate to shareholders. Furthermore, it is consistent with corporate governance principles that decisions involving a potential sale of the Company rest with the Board of Directors which will evaluate the merits of any acquisition proposal in accordance with its fiduciary duty to shareholders. Because a shareholder rights plan can be an effective tool in a takeover attempt, the Company believes the adoption of such a plan is appropriately within the scope of the Board's responsibilities.

Requiring shareholder approval of a rights plan would not give management and directors greater incentive to deal effectively with shareholder value issues because the Board has a fiduciary duty to act in the interests of the Company and shareholders on all matters affecting the Company's business. In addition, the Company is not currently considering the adoption of a shareholder rights plan, so it is not in any way interfering with management's or the Board's ability to deal effectively with the US Airways bankruptcy. Requiring shareholder approval of a shareholder rights plan could in fact impede the Board's ability to maximize shareholder value because the Company would not be able to adopt a plan in time to be effective against any unfair and abusive takeover attempt.

For the reasons discussed above, the Board believes that the Company should retain the ability to adopt a shareholder rights plan for the protection of shareholders.

ABOVE PROPOSAL.**

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

(PROPOSAL NO. 4)

Deloitte & Touche has been selected as the Company's independent auditors for the fiscal year ending September 30, 2003. Shareholder ratification of the selection of Deloitte & Touche as the Company's independent auditors is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of Deloitte & Touche for shareholder ratification as a matter of good corporate practice. Deloitte & Touche has audited the Company's financial statements since 2000. Notwithstanding the selection, the Board, in its discretion, may direct appointment of a new independent accounting firm at any time during the year if the Board feels that such a change would be in the best interests of the Company and its shareholders. A representative of Deloitte & Touche is expected to be present at the Annual Meeting with the opportunity to make a statement if he or she so desires and to be available to respond to appropriate questions.

Ratification of the appointment of Deloitte & Touche as the Company's independent auditors for fiscal year 2002 will require the affirmative vote of the holders of at least a majority of the outstanding Common Stock represented in person or by proxy at the Annual Meeting. All of the directors and executive officers of the Company have advised the Company that they will vote their shares of Common Stock FOR the ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors for fiscal year 2002. If the holders of at least a majority of the outstanding Common Stock fail to ratify the appointment of Deloitte & Touche as the Company's independent auditors, the Audit Committee will consider such failure at a subsequent meeting of the Audit Committee and determine, in its discretion, what actions it should take, if any.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU

**VOTE FOR RATIFICATION OF THE APPOINTMENT OF
DELOITTE & TOUCHE LLP AS THE COMPANY'S INDEPENDENT
AUDITORS FOR FISCAL YEAR 2003.**
