EX-99.1	Press Release
----------------	----------------------

**Item 2.02. Results of
Operations and
Financial
Condition**

On January 19, 2006, Cavco Industries, Inc. a Delaware corporation (the Corporation), announced its financial results for its fiscal third quarter and nine months ended December 31, 2005. A copy of the Corporation s press release announcing these financial results is attached as Exhibit 99.1 hereto and incorporated in this Item 2.02 by reference.

**Item 5.02. Departure of
Directors or
Principal
Officers;
Election of
Directors;
Appointment
of Principal
Officers**

On January 19, 2006, the Corporation announced that Daniel L. Urness has been named Vice President and Chief Financial Officer. The appointment of Mr. Urness was effective January 18, 2006.

Daniel L. Urness, 37, joined the Corporation in May 1999 as Controller. Mr. Urness left the Corporation in June 2002 and served as a financial consultant to several businesses including the Corporation. In June 2004, he returned to the Corporation on a full-time basis and was directly responsible for the successful implementation of the requirements of Section 404 of the Sarbanes-Oxley Act. In May 2005, Mr. Urness became Corporate Controller of the Corporation, and in August 2005, he was named Interim Chief Financial Officer. Prior to joining Cavco Mr. Urness, a Certified Public Accountant, was an Audit Manager with Deloitte & Touche LLP, which he joined in 1993.

Item 8.01. Other Events

On January 19, 2006, the Corporation announced that it had decided to open the idle Texas manufacturing plant purchased in the second quarter of this year. Initially the plant will be a low volume builder of the Corporation s specialty line of park homes and vacation/resort cabins. As the market for traditional manufactured homes improves in Texas, Louisiana and other nearby states the Corporation may decide to produce homes to meet those needs as well. While the initial capital investment will be modest at approximately \$2.5 million, the new facility will incur operating losses estimated to be in a range of \$900,000 to \$1,100,000 during the anticipated six month start-up phase. Longer-term this decision should provide the opportunity for profitable growth in what has historically been a large market for factory built products.
