At August 31, 2006, the concentration of the Trust s investments in the various states, determined as a percentage of net assets, is as follows:

California	14.6	%
Colorado	13.3	%
Illinois	11.6	%
Texas	15.9	%
Others, representing less than 10% individually	92.0	%

The Trust invests primarily in debt securities issued by municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at August 31, 2006, 33.1% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 1.2% to 10.9% of total investments.

- (1) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be sold in transactions exempt from registration, normally to qualified institutional buyers. At August 31, 2006, the aggregate value of the securities is \$83,681,076 or 31.4% of the Trust s net assets.
- (2) Security has been issued as a leveraged inverse floater bond. The stated interest rate represents the rate in effect at August 31, 2006.
- (3) Security valued at fair value using methods determined in good faith by or at the direction of the Trustees.
- (4) Security is subject to a shortfall agreement which may require the Fund to pay amounts to a counterparty in the event of a significant decline in the market value of the security.
- (5) Security is in default and making only partial interest payments.
- (6) Security has been issued as an inverse floater bond. The stated interest rate represents the rate in effect at August 31, 2006.
- (7) Security (or a portion thereof) has been segregated to cover margin requirements on open financial futures contracts.
- (8) Security is in default with respect to principal payments.
