Item 1.01. Entry into a Material Definitive Agreement.

On June 24, 2011, United Therapeutics Corporation (the *Company*) agreed to the guaranteed maximum price terms of a construction management agreement (the *Agreement*) with DPR Construction, a General Partnership (*DPR*). Under the terms of the Agreement, DPR will manage the construction of a 180,000 square foot expansion of the Company's existing manufacturing and office facility in Research Triangle Park, North Carolina on land already owned by the Company. The expansion is intended to meet anticipated future needs for additional warehouse, packaging and office space.

Under the terms of the Agreement, DPR is responsible for the construction of the expanded facility and has agreed that construction costs will not exceed approximately \$49.9 million, which amount is subject to change based on agreed-upon changes to the scope of work. DPR will be responsible for covering any costs in excess of the guaranteed maximum price. If the ultimate cost of the project is less than the guaranteed maximum price, the Company will share a portion of these savings with DPR. In addition, DPR must pay liquidated damages to the Company if the construction is not substantially completed by May 30, 2012, which date may be adjusted based on agreed-upon changes to the scope of work. DPR previously managed the construction of the Company's existing facility in Research Triangle Park, and is currently managing another construction project for the Company in Silver Spring, Maryland. Otherwise, DPR has no material relationship with the Company or any of its affiliates.

The Company intends to fund the construction costs for this project from working capital.

The foregoing summary is qualified by reference to the copy of the Agreement that will be filed as an exhibit to the Company's Quarterly Report on Form 10-Q for the three months ending June 30, 2011.
