Item 1.01.

Entry into a Material Definitive Agreement.

Item 3.02

Unregistered Sales of Equity Securities

On July 2, 2008, we executed a \$30.0 million common stock purchase agreement with Fusion Capital Fund II, LLC, a Illinois limited liability company. Concurrently with entering into the common stock purchase agreement, we entered into a registration rights agreement with Fusion Capital. Under the registration rights agreement, we agreed to file a registration statement related to the transaction with the U.S. Securities & Exchange Commission (“SEC”) covering the shares that have been issued or may be issued to Fusion Capital under the common stock purchase agreement. After the SEC has declared effective the registration statement related to the transaction, we have the right over a 25-month period to sell our shares of common stock to Fusion Capital from time to time in amounts between \$120,000 and \$1 million, depending on certain conditions as set forth in the agreement, up to a maximum of \$30.0 million.

In consideration for entering into the common stock purchase agreement, upon execution of the agreement we issued to Fusion Capital 650,000 shares as a commitment fee. Also, we will issue to Fusion Capital up to an additional 650,000 shares as a commitment fee pro rata as we receive up to the maximum \$30.0 million of future funding. The purchase price of the shares related to this future funding will be based on the prevailing market prices of the Company’s shares at the time of sales as computed under the agreement without any fixed discount, and the Company will control the timing and amount of any sales of shares to Fusion Capital. Fusion Capital shall not have the right or the obligation to purchase any shares of our common stock on any business day that the price of our common stock is below \$0.40. The common stock purchase agreement may be terminated by us at any time at our discretion without any cost to us. There are no negative covenants, restrictions on future fundings, penalties or liquidated damages in the agreement. This offering was made pursuant to an exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended.

The Company anticipates using the proceeds from this financing to fund infrastructure growth including manufacturing, regulatory compliance and market development, as well as to prospectively fund market opportunities and strategic partnerships.

The foregoing description of the common stock purchase agreement and the registration rights agreement are qualified in their entirety by reference to the full text of the common stock purchase agreement and the registration rights agreement, a copy of each of which is attached hereto as Exhibit 10.1 and 10.2, respectively, and each of which is incorporated herein in its entirety by reference.
