PROXY STATEMENT  
AMEN Properties, Inc.  
303 W. Wall Street, Suite 2300  
Midland, Texas 79701

Annual Meeting of Shareholders of the Company to be held on December 17, 2008  
Some Questions You May Have Regarding this Proxy Statement

Q: Why am I receiving these materials?

A: The accompanying proxy is solicited on behalf of the Board of Directors of AMEN Properties, Inc. (the "Company"). We are providing these proxy materials to you in connection with our Annual Meeting of Shareholders, to be held at 303 W. Wall Street, Suite 2300, Midland, Texas 79701, on December 17, 2008 at 8:30 a.m., local time. As a Company shareholder, you are invited to attend the Annual Meeting and are entitled and requested to vote on the proposals described in this proxy statement.

Q: Who may vote at the meeting?

A: You may vote all of the shares of our common stock that you owned at the close of business on October 27, 2008, the record date. On the record date, AMEN Properties, Inc. had 3,777,655 shares of common stock outstanding and entitled to be voted at the meeting. You may cast one vote for each share of common stock held by you (or deemed to be held by you due to your ownership of preferred stock) on all matters presented at the meeting.

Q: What proposals will be voted on at the meeting?

A: There are two Company proposals to be considered and voted on at the meeting, which are:

1. To elect six directors to the Board of Directors of the Company to serve one-year terms expiring at the later of the annual meeting shareholders in 2009 or upon a successor being elected and qualified.
2. To approve and ratify the issuance of up to 450,000 shares of the Company's common stock upon exercise of warrants issued in connection with the Company's investment in SFF Royalty, LLC ("SFF Royalty") and SFF Production, LLC ("SFF Production").

Q: How does the Board of Directors recommend I vote?

A: Please see the information included in the proxy statement relating to the proposals to be voted on. Our Board of Directors unanimously recommends that you vote:

1. "FOR: each of the nominees to the Board of Directors
2. "FOR" approval and ratification of the issuance of up to 450,000 shares of the Company's common stock upon exercise of warrants issued in connection with the Company's investment in SFF Royalty and SFF Production (the "Warrants").

Q: What happens if additional matters are presented at the annual meeting?

A: Other than the items of business described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy, the persons named as proxy holders, Eric L. Oliver and Jon Morgan, will have the discretion to vote your shares on certain additional matters properly presented for a vote at the meeting.

Q: How do I vote?

A: If your shares are registered directly in your name with our transfer agent, American Stock Transfer, you are considered a shareholder of record with respect to those shares and the proxy materials and proxy card are being sent directly to you. Please carefully consider the information contained in this proxy statement and, whether or not you plan to attend the meeting, complete, date, sign and return the accompanying proxy card promptly so that we can be assured of having a quorum present at the meeting and so that your shares may be voted in accordance with your wishes even if you later decide not to attend the annual meeting. If you attend the meeting, you will be able to vote using a ballot provided at the meeting or by bringing the enclosed proxy card, but we recommend that you complete, sign and return the proxy card in case you later decide not to attend the meeting.

3

---

If like most shareholders of the Company, you hold your shares in street name through a stockbroker, bank or other nominee rather than directly in your own name, you are considered the beneficial owner of shares, and the proxy materials are being forwarded to you together with a voting instruction card. Please carefully consider the information contained in this proxy statement and, whether or not you plan to attend the meeting, complete, date, sign and return the accompanying proxy card promptly as instructed by your broker or nominee so that we can be assured of having a quorum present at the meeting and so that your shares may be voted in accordance with your wishes.

Q: What constitutes a quorum and why is a quorum required?

A: A quorum is required for the Company shareholders to conduct business at the meeting. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares entitled to vote on the record date will constitute a quorum, permitting us to conduct the business of the meeting. Proxies received but marked as abstentions, if any, will be included in the calculation of the number of shares considered to be present at the meeting for quorum purposes.

Q: What if I don't vote or abstain? How are broker non-votes counted?

A: Abstentions are included in the determination of shares present for quorum purposes. Because abstentions represent shares entitled to vote, the effect of an abstention will be the same as a vote against a proposal. However, abstentions will have no effect on the election of directors.

Eric L. Oliver and Jon Morgan are officers of the Company and were named by our Board of Directors as proxy holders. They will vote all proxies, or record an abstention or withholding, in accordance with the directions on the proxy. If no contrary direction is given, the shares will be voted as recommended by the Board of Directors. For beneficial shareholders, your broker or nominee may not be permitted to exercise voting discretion with respect to certain matters to be acted upon. If you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be considered as present and entitled to vote with respect to those matters. Shares represented by such "broker non-votes," however, will be counted in determining whether there is a quorum present.

Q: If my shares are held in street name by my broker, will my broker vote my shares for me?

A: Your broker will vote your shares only if the proposal is a matter on which your broker has discretion to vote (such as the election of directors), or if you provide instructions on how to vote by following the instructions provided to you by your broker. Your broker likely does not have discretion to vote on the issuance of shares upon exercise of the Warrants, and therefore you will need to provide voting instructions to your broker with respect to that proposal.

Q: Can I change my vote after I have delivered my proxy?

A: Yes. You may revoke your proxy at any time before its exercise. You may also revoke your proxy by voting in person at the Annual Meeting. If you are a beneficial shareholder, you must contact your brokerage firm or bank to change your vote or obtain a proxy to vote your shares if you wish to cast your vote in person at the meeting.

Q: Who will count the votes?

A: Stockholder votes by proxy will be tabulated by ADP Investor Communication Services.

Q: Where can I find voting results of the meeting?

A: We will announce preliminary voting results at the meeting and publish final results in our periodic report on Form 10-K for the fiscal year 2008 or in an earlier filed Form 8-K.

4

---

Q: Who will bear the cost for soliciting votes for the meeting?

A: We will bear all expenses in conjunction with the solicitation of the enclosed proxy, including the charges of brokerage houses and other custodians, nominees or fiduciaries for forwarding documents to security owners. We may hire a proxy solicitation firm at a standard industry compensation rate. In addition, proxies may be solicited by mail, in person, or by telephone or fax by certain of our officers, directors and regular employees.

Q: Whom should I call with other questions?

A: If you have additional questions about this proxy statement or the meeting or would like additional copies of this document or our 2007 Annual Report on Form 10-KSB, please contact: AMEN Properties, Inc. P. O. Box 835451, Richardson, Texas 75083, Attention: Investor Relations Dept., Telephone: (972) 664-1670.

Q: What vote is required for approval of the proposals presented?

A: Directors are elected by a plurality of votes cast in the election of directors. The other proposals require the affirmative vote of at least a majority of the votes present at the meeting and entitled to be cast.

The election of directors will be decided by a plurality of the votes cast in such election at the meeting by the shareholders, and accordingly, abstentions and “broker non-votes” will have no effect on the election of directors. Shareholders may not cumulate their votes in the election of directors. All nominees have consented to be named in this proxy statement and to serve if elected, but if any nominee becomes unable to serve, the persons named as proxies may exercise their discretion to vote for a substitute nominee. ## Corporate Governance

### Board Independence

Messrs. Edgington, Gjelde, Blake and Nicholson are independent directors under the rules of the NASDAQ Stock Market. If elected, Mr. Correll will be an independent director under such rules. All of the Board's standing committees (described below) are comprised entirely of independent directors.

### Meeting Attendance

AMEN's business is managed under the direction of the Board of Directors. The Board meets during our fiscal year to review significant developments and to act on matters requiring Board approval. The Board of Directors held five formal meetings and acted by unanimous written consent on other occasions during the fiscal year ended December 31, 2007. None of the Company's directors attended fewer than 75% of the aggregate of the total number of meetings of the Board of Directors and their respective committee meetings held subsequent to their election to the Board in 2007.

### Board Committees

The Board of Directors has established an Audit Committee, a Compensation Committee, and a Nominating Committee to devote attention to specific subjects and to assist the Board in the discharge of its responsibilities. The Board committees are currently comprised of independent directors in accordance with the NASDAQ rules. The functions of these committees and their members as of the date of the Annual Meeting are described below.

#### Audit Committee

The Audit Committee is comprised of Messrs. Edgington (Chair), Nicholson, and Blake, Jr. all of whom are independent directors. The Audit Committee held four meetings during 2007. The Audit Committee, among other things, oversees the accounting and financial reporting practices of the Company and reviews the annual audit with the Company's independent accountants. In addition, the Audit Committee has the sole authority and responsibility to select, evaluate, and where appropriate, replace the independent auditors. The general responsibilities of the Audit Committee are set forth in the Audit Committee Charter, a copy of which can be seen on the Company's web site at <http://www.amenproperties.com>. The Board has determined that no member of the Committee meets all of the criteria needed to qualify as an "audit committee financial expert" as defined by the Commission regulations. The Board believes that each of the current members of the Committee has sufficient knowledge and experience in financial matters to perform his duties on the Committee.

The Audit Committee oversees our financial reporting, internal controls and audit functions on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Committee has reviewed the audited consolidated financial statements in the Annual Report on Form 10-KSB with management including discussions of accounting principles, reasonableness of judgments, and the clarity of financial disclosures. The Committee also reviewed with the independent auditors their assessment of financial statements and of management's judgments in deriving the financial statements. In addition, the Committee has discussed with the independent auditors the matters required by SAS 61 and the matters in the written disclosures required by the Independence Standards Board and discussed with the independent accountant the independent accountant's independence. The Committee also met with the independent auditors, with and without management present, to discuss their examinations, evaluations of our internal controls and the overall quality of our financial reporting.

Based on the review and discussions referred to above, the Committee recommended to the Board of Directors that the audited consolidated financial statements be included in AMEN's Annual Report on Form 10-KSB for filing with the

Commission.

### Nominating Committee

The Nominating Committee is comprised of Messrs. Blake, Jr., (chair), Edgington and Gjelde, all of whom are independent directors. The Nominating Committee did not meet during 2007. The Nominating Committee operates pursuant to a Nominating Committee Charter which can be seen on the Company's web site at <http://www.amenproperties.com>.

The Nominating Committee identifies nominees for directors of the Company by first evaluating the current members of the Board of Directors willing to continue in service. If any Board member does not wish to continue in service, if the Nominating Committee decides not to nominate a member for re-election or if the Board desires to increase the size of the Board by adding new director positions, then the Nominating Committee establishes a pool of potential director candidates from recommendation from the Board, senior management and shareholders, who are then evaluated through the review process outlined below. All of the nominees named in this Proxy Statement are current directors standing for re-election, except Mr. Correll who was recommended as a nominee by Bruce Edgington.

The Nominating Committee reviews the credentials of potential director candidates (including potential candidates recommended by shareholders), conducts interviews and makes formal nominations for the election of directors. In making its nominations, the Nominating Committee considers a variety of factors, including the following factors: integrity, high level of education, skills, background, independence, financial expertise, experience or knowledge with businesses relevant to the Company's current and future business plans, experience with business of similar size, all other relevant experience, understanding of the Company's business and industry diversity, compatibility with existing Board members, and such other factors as the Nominating Committee deems appropriate in the best interests of the Company and its shareholders. Proposed nominees are not evaluated differently depending upon who has made the proposal. The Company has not to date paid any third party fee to assist in this process.

The Company will consider proposed nominees whose names are submitted to the Nominating Committee by shareholders. Proposals made by shareholders for nominees to be considered by the Nominating Committee with respect to an annual shareholders meeting must be in writing and received by the Company prior to the end of the fiscal year preceding such annual meeting.

### Compensation Committee

The Compensation Committee is comprised of Messrs. Gjelde (Chair), Edgington and Nicholson, and did not meet during 2007. The Compensation Committee was established to advise the Board and consult with management concerning the salaries, incentives and other forms of compensation for the officers and other employees of the Company. The committee also administers the Company's stock option plans. The Compensation Committee operates pursuant to a Compensation Committee Charter which can be reviewed at the Company's website at <http://www.amenproperties.com>.

### Shareholder Communication

Shareholders may send other communications to the Board of Directors, a committee thereof or an individual Director. Any such communication should be sent in writing addressed to the Board of Directors, the specific committee or individual Director in care of the Company's Secretary at the address on the front of this Proxy Statement. The Company's Secretary is responsible for determining, in consultation with other officers of the Company, counsel and other advisers, as appropriate, which stockholder-communications will be relayed to the Board, committee or individual Director. The Secretary may determine not to forward any letter to the Board, committee or individual Director that does not relate to the business of the Company.

### Annual Reports / Code of Conduct and Ethics

The Company makes available, free of charge, its Annual Report on Form 10-KSB, Quarterly Reports on Form 10-QSB, Current Reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(a) of the Securities Exchange Act of 1934 as soon as reasonably practicable after we electronically file or furnish them to the Securities and Exchange Commission (the "SEC"). These reports may also be obtained directly from the SEC via an Internet site (<http://www.sec.gov>) and at the SEC's Public Reference Room at 450 Fifth Street, N.W., Washington, D.C. 20549. You may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330.

The Company will also provide to any person, free of charge, a copy of the Company's Code of Business Conduct and Ethics upon request made to the Company at 303 West Wall St., Suite 2300, Midland, Texas 79701, attn: Mr. Kris Oliver.

#### Attendance of Directors at Annual Shareholders Meeting

The Corporation expects all Board members and nominees to attend the annual meeting of shareholders, but from time to time, other commitments may prevent all directors from attending each meeting. All directors attended the most recent annual meeting of shareholders, which was held on May 30, 2007.

#### Board of Directors Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" EACH OF THE NOMINEES FOR DIRECTOR SET FORTH IN THIS PROPOSAL.

PROPOSAL TWO—APPROVAL AND RATIFICATION OF THE ISSUANCE OF UP TO 450,000 SHARES OF THE COMPANY’S COMMON STOCK UPON EXERCISE OF WARRANTS ISSUED IN CONNECTION WITH THE COMPANY’S INVESTMENT IN SFF ROYALTY, LLC AND SFF PRODUCTION, LLC.

Background

Effective December 17, 2007, the Company invested \$7.6 million in SFF Royalty, LLC (“SFF Royalty”) and \$2.4 million in SFF Production, LLC (“SFF Production”) in exchange for a one-third ownership interest in each entity. Also on December 17, 2007, SFF Royalty and SFF Production acquired the following properties (the “Acquired Properties”) from Santa Fe Energy Trust (the “Trust”) and Devon Energy Production Company, LP (“Devon”).

Acquiring Entity	Acquired from the Trust		Acquired from Devon		Total Purchase
	Description	Purchase Amount	Description	Purchase Amount	
SFF Royalty	Net profits interests in royalty interests owned by Devon	\$ 21,077,688	Royalty interests subject to Trust’s net profits interests	\$ 2,254,662	\$ 23,332,350
SFF Production	Net profits interests in working interests owned by Devon	6,072,125	Working interests subject to Trust’s net profits interests	649,531	6,721,656
Totals		\$ 27,149,813		\$ 2,904,193	\$ 30,054,006

To obtain the \$10 million required for its investments in SFF Royalty and SFF Production, the Company secured stub financing and issued Preferred Stock, short-term promissory notes and the Warrants for the purchase of shares of the Company’s common stock.

Stub Financing

In order to secure the cash required for the Company’s contribution to SFF Royalty and SFF Production on December 17, 2007, stub financing was arranged via the execution of two promissory notes with SoftVest, LP totaling \$3.5 million. These notes accrued interest at an annual rate of 8.5%. The Company repaid these notes on March 13, 2008 after receiving its final distribution from the Trust based upon its ownership of Trust securities.

As discussed under “Certain Relationships and Related Transactions”, Mr. Eric L. Oliver, the Company’s Chairman of the Board, is the Managing Partner of SoftVest, LP.

Series D Preferred Stock

429,100 shares of Series D Preferred Stock (“Preferred D”) were issued at a share price of \$10 for total proceeds of \$4,291,000. Below is a summary of the significant characteristics of the Preferred D:

- Pays a coupon of 8.5% annually.
- Has limited voting rights.
- Is not convertible into common stock.
- Is redeemable upon demand by the Company.

- Holders can elect up to two directors

11

---

## Promissory Notes

The Company also signed promissory notes with the recipients of the Preferred D totaling \$2,709,000. Below is a summary of the significant characteristics of the promissory notes:

- Due and payable on June 30, 2009.
- Variable interest rate of the Prime rate plus 1%.

## Warrants

Holders of the promissory notes were issued the Warrants to purchase a total of up to 450,000 shares of common stock of the Company at an exercise price of \$6.02 per share (subject to anti-dilution adjustments), which was the market value per share at the time the transaction was agreed to. Under the rules of the Nasdaq Stock Market, the issuance of Company common stock upon the exercise of the Warrants requires stockholder approval, which is being requested in this Proposal Two. The Company plans to use the proceeds from the exercise of the Warrants, if approved by shareholders, to pay all or a portion of the above-described promissory notes.

## Related Party Participation

Certain of the Company's Directors and nominees for director participated in this transaction as shown below:

## Related Financial Information

Audited and pro forma financial statements for the Acquired Properties were disclosed by the Company on Form 8-K on October 14, 2008. Those financial statements are attached hereto as Schedule A and Schedule B and should be reviewed by shareholders in evaluating this proposal.

## Effects on Shareholders

The issuance of shares of common stock upon the exercise of the Warrants will result in an increase in the total number of shares outstanding and an adjustment of percentage ownership, and thus the voting power, of the shareholders at the time of such issuance. Additionally, to the extent the exercise price of \$6.02 per share is less than the market price per share at the time of exercise, the issuance may have a dilutive affect on the then existing shareholders.

Proposal:

That the Company's shareholders approve the issuance of up to 450,000 shares of the Company's common stock upon exercise of the warrants issued in connection with the Company's purchase of interests in SFF Royalty and SFF Production.

Board of Directors Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" APPROVAL AND RATIFICATION OF THE ISSUANCE OF UP TO 450,000 SHARES OF THE COMPANY'S COMMON STOCK UPON EXERCISE OF THE WARRANTS ISSUED IN CONNECTION WITH THE COMPANY'S INVESTMENT IN SFF PRODUCTION AND SFF ROYALTY.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors  
AMEN Properties, Inc.  
Midland, Texas

We have audited the accompanying Combined Statements of Revenues and Direct Operating Expenses of the Oil and Gas Properties Purchased from Santa Fe Energy Trust (the "Trust") and Devon Energy Production Company, L. P. ("Devon"), as defined in Note 1, by AMEN Properties, Inc. (the "Company") on December 17, 2007, for each of the two years in the period ended December 31, 2007. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these combined financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As disclosed in Note 2, the accompanying combined financial statements are prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission for inclusion in Form 8-K of AMEN Properties, Inc. and are not intended to be a complete financial presentation of the results of operations of the acquired oil and gas properties described above.

In our opinion, the financial statements referred to above present fairly, in all material respects, the revenues and direct operating expenses of the oil and gas properties purchased from the Trust and Devon, for each of the two years in the period ended December 31, 2007 in conformity with accounting principles generally accepted in the United States of America.

NOTES TO COMBINED STATEMENTS OF REVENUES AND  
DIRECT OPERATING EXPENSES OF THE  
OIL AND GAS PROPERTIES PURCHASED FROM  
SANTA FE ENERGY TRUST AND DEVON ENERGY PRODUCTION COMPANY, L.P.

## (1) THE PROPERTIES

On November 8, 2007, AMEN Minerals, LLC, a wholly owned subsidiary of AMEN Properties, Inc. (collectively, the “Company”), entered into Purchase Agreements with Santa Fe Energy Trust (the “Trust”) and Devon Energy Production Company, L. P. (“Devon”) to acquire the Trust’s net profits interests and Devon’s working and royalty interests (collectively, the “Acquired Properties”) in oil and gas properties in a number of different states effective October 1, 2007 for a total purchase price of \$56 million, subject to customary closing adjustments. Subsequently, both the Trust Purchase Agreement and the Devon Purchase Agreement were amended to add an independent third party (the “Third Party”) as the purchaser of approximately one-half of the Trust’s net profits interest and Devon’s royalty interests of the Acquired Properties.

The closing for the acquisition occurred on December 17, 2007. After all closing adjustments were applied and \$27 million was paid by the Third Party for their portion of the Acquired Properties, the Company’s net purchase price for its portion of the Acquired Properties was \$30.1 million. The Company instructed the Trust and Devon to convey its portion of the Acquired Properties into two new entities: the royalty interests were conveyed to SFF Royalty, LLC and the working interests were conveyed to SFF Production, LLC (collectively, the “SFF Group”). In exchange for contributing \$10 million in capital, the Company received a one third ownership interest in the SFF Group. The remaining ownership in the SFF Group is divided amongst the acquisition investment group proportionately based on the percentage of capital provided. The investment group and management group of the new entities includes two of the Company’s Directors, Eric Oliver and Jon Morgan. Additionally, the two new entities have entered into a management agreement with Anthem Oil and Gas, Inc. to manage the interests in exchange for compensation equal to 5% of the gross proceeds. One of the Company’s directors, Jon Morgan, is the president of Anthem Oil and Gas.

Further detail on the assets conveyed into SFF Royalty and SFF Production is shown below:

Acquiring Entity	Acquired from the Trust		Acquired from Devon		Total Purchase
	Description	Purchase Amount	Description	Purchase Amount	
SFF Royalty	Net profits interests in royalty interests owned by Devon	\$ 21,077,688	Royalty interests subject to Trust’s net profits interests	\$ 2,254,662	\$ 23,332,350
	Net profits interests in working interests owned by Devon	6,072,125	Working interests subject to Trust’s net profits interests	649,531	6,721,656
Totals		\$ 27,149,813		\$ 2,904,193	\$ 30,054,006

## (2) BASIS FOR PRESENTATION

The Acquired Properties are owned by SFF Royalty and SFF Production and reflected in the financial statements of those entities. The Company does not control the SFF Group and has no direct ownership of the Acquired Properties and does not consolidate the financial statements of the SFF Group into its financial statements. Rather, the Company accounts for its investment in the SFF Group using the equity method. The accompanying combined statements of direct revenues and direct operating expenses reflect approximately one-third of the Acquired Properties owned by the SFF Group, which is representative of the Company's ownership position in those entities.

A-3

---

Prior to the acquisition, the Trust properties were owned by Devon, subject to a 90% net profits interest owned by the Trust. All Trust revenue and expenses were accounted for by Devon. In accordance with SAB 47, the Trust's financial statements were prepared on a cash basis of accounting. During the periods presented, the Devon acquired interests were not accounted for or operated as a separate division. Certain Devon costs, such as depreciation, depletion and amortization ("DD&A"), general and administrative expenses and corporate income taxes were not allocated to the Devon acquired properties. Devon accounts for its oil and gas activities using the full cost method. Full separate financial statements for the Acquired Properties prepared in accordance with accounting principles generally accepted in the United States do not exist and are not practicable to obtain in these circumstances. Accordingly, the accompanying statements include only revenues and direct operating expenses applicable to the Acquired Properties and are prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission for inclusion in Company's Form 8-K and are not intended to be a complete financial presentation of the acquired oil and gas properties described in Note 1 above. The Company does not have information for the financing and investing activities from the Acquired Properties.

The Company's historical balance sheet for the year ended December 31, 2007 includes the Company's portion of the adjusted purchase price of \$30.1 million. The Company's Consolidated Statement of Operations for the period ended December 31, 2007 included the Company's share of the earnings generated by the SFF Group's ownership of the Acquired Properties from December 17 through December 31.

The accompanying Combined Statements of Revenue and Direct Operating Expense are presented on the accrual basis of accounting. Direct operating expenses include lease operating expense, severances taxes and ad valorem taxes. DD&A, general and administrative expenses and corporate income taxes have been excluded for the reasons discussed above. The oil and gas industry, as with other extractive industries, is a depleting one that is not always constant with respect to production streams and each barrel of oil equivalent produced must be replaced or the critical source of revenue and cash flows will shrink. Past results are not necessarily indicative of future results. For reasons including those noted, the financial statements and other information presented herein are not indicative of the financial condition or results of operations of the Acquired Properties going forward or indicative of results had the acquisition been consummated in the periods presented.

### (3) OIL AND GAS RESERVES - UNAUDITED

Proved reserves are estimated quantities of oil and natural gas which geological and engineering data demonstrate with reasonable certainty to be recoverable in future years from known reservoirs under existing economic and operating conditions. Proved developed reserves are proved reserves that can reasonably be expected to be recovered through existing wells with existing equipment and operating methods. Proved oil and natural gas reserve quantities and the related discounted future net cash flows before income taxes (see Standardized Measure) for 2007 are based on estimates prepared by Ryder Scott Company. Such estimates have been prepared in accordance with guidelines established by the Securities and Exchange Commission. Reserve studies were not available for 2006, and the reserve quantities and related discounted future net cash flows for that period were estimated based on the Ryder Scott reserve estimates for 2007 and historical production volumes obtained from Devon.

There are numerous uncertainties inherent in estimating quantities of proved reserves and projecting future rates of production. The following estimated quantities of proved oil and natural gas reserves and changes in net proved reserves of the Acquired Properties represent estimates only and should not be construed as being exact.

Standardized Measure - The Standardized Measure of Discounted Future Net Cash Flows relating to the Acquired Properties' ownership interests in the proved oil and natural gas reserves for each of the two years ended December 31, 2006 and 2007 is shown below.

	2007	2006
	(in thousands)	
Future Cash Flows	\$ 16,844	\$ 18,092
Future Production Costs	(2,762)	(2,967)
Future Net Cash Inflows	14,082	15,125
Discounted at 10% For Timing	(5,493)	(5,899)
Discounted Future Net Cash Inflows	\$ 8,589	\$ 9,226

Future cash flows are computed by applying fiscal year-end prices of oil and natural gas to year-end quantities of proved oil and natural gas reserves. For 2007, future operating expenses and development costs were computed primarily by Ryder Scott by estimating the expenditures to be incurred in developing and producing the proved oil and natural gas reserves at the end of year, based on year-end costs and assuming the continuation of existing economic conditions.

A discount factor of 10 percent was used to reflect the timing of future net cash flows. The Standardized Measure of Discounted Future Net Cash Flows is not intended, nor should it be interpreted, to represent the replacement cost or fair market value of the Acquired Properties' oil and natural gas reserves, anticipated future changes in prices and costs, a discount factor more representative of the time value of money and the risks inherent in reserve estimates of oil and natural gas producing operations.

Since reserve studies were not available for 2006, the Standardized Measure was computed in the following manner:

- To compute Future Cash Flows, fiscal year-end prices of oil and natural gas published by the United States Department of Energy were applied to year-end quantities of proved oil and natural gas reserves calculated by adding 2007 production volumes obtained from Devon to the December 31, 2007 reserve estimates prepared by Ryder Scott.
- Future Production Costs were computed by applying the ratio of Future Production Costs to Future Cash Flows found in the 2007 Ryder Scott estimate to Future Cash Flows for 2006, the effect of which is to assume that production costs were approximately the same at 12/31/06 as at 12/31/07.
- The 10% Discount for Timing was computed by applying the discount factor used in the 2007 Ryder Scott estimate to the Future Net Cash Inflows for 2006.

Changes in Standardized Measure - Changes in Standardized Measure of Discounted Future Net Cash Flows relating to proved oil and gas reserves are summarized below:

	2007	2006
	(in thousands)	
Balance beginning of the year	\$ 15,125	\$ 20,277
Sales, net of production costs and taxes	(3,014)	(2,511)
Changes in prices	2,909	(2,106)
Interest Factor and Other	(938)	(535)
Balance end of the year	\$ 14,082	\$ 15,125

Sales of oil and natural gas, net of oil and natural gas operating expenses, are based on historical results. Since reserve studies were not available for prior years, Changes in Standardized Measure were estimated for those periods using reserve quantities calculated as described above and commodity prices published by the United States Department of Energy.

AMEN PROPERTIES, INC.  
UNAUDITED PRO FORMA CONDENSED CONSOLIDATED  
FINANCIAL STATEMENTS

### Background

The following unaudited pro forma condensed consolidated financial statements and related notes have been prepared to show the effect of the acquisition of oil and gas interests from Santa Fe Energy Trust (the "Trust") and Devon Energy Production Company, L. P. ("Devon") and the financing thereof.

On November 8, 2007, AMEN Minerals, LLC, a wholly owned subsidiary of AMEN Properties, Inc. (collectively, the "Company"), entered into Purchase Agreements with the Trust and Devon to acquire the Trust's net profits interests and Devon's working and royalty interests (collectively, the "Acquired Properties") in oil and gas properties in a number of different states effective October 1, 2007 for a total purchase price of \$56 million, subject to customary closing adjustments (the "Acquisition"). Subsequently, both the Trust Purchase Agreement and the Devon Purchase Agreement were amended to add an independent third party (the "Third Party") as the purchaser of approximately one-half of the Trust's net profits interests and Devon's royalty interests of the Acquired Properties.

The closing for the Acquisition occurred on December 17, 2007. After all closing adjustments were applied and \$27 million was paid by the Third Party for their portion of the Acquired Properties, the Company's net purchase price for its portion of the Acquired Properties was \$30.1 million. The Company instructed the Trust and Devon to convey its portion of the Acquired Properties into two new entities: the royalty interests were conveyed to SFF Royalty, LLC and the working interests were conveyed to SFF Production, LLC (collectively, the "SFF Group"). In exchange for contributing \$10 million in capital, the Company received a one third ownership interest in the SFF Group. The remaining ownership of the SFF Group is divided amongst the Acquisition investment group proportionately based on the percentage of capital provided. The investment group and management group of the new entities includes two of the Company's Directors, Eric Oliver and Jon Morgan. Additionally, the two new entities have entered into a management agreement with Anthem Oil and Gas, Inc. to manage the Acquired Properties in exchange for compensation equal to 5% of the gross proceeds. One of the Company's directors, Jon Morgan, is the president of Anthem Oil and Gas.

The Company does not control the SFF Group and uses the equity method of accounting to record its one third interest in the net income (loss) of the SFF Group.

Further detail on the assets conveyed into SFF Royalty and SFF Production is shown below:

To secure the \$10 million required for the investments in SFF Royalty and SFF Production, the Company issued Preferred Stock, warrants and short-term promissory notes and secured stub financing as described below.

## Class D Preferred Stock

429,100 shares of Class D Preferred Stock (“Preferred D”) were issued at a share price of \$10 for total proceeds of \$4,291,000. Below is a summary of the significant characteristics of the Preferred D:

- Pays a coupon of 8.5% annually.
  - Has limited voting rights.
- Is not convertible into common stock.
- Is redeemable upon demand by the Company.
  - Election of up to two directors

## Promissory Notes

The Company also signed promissory notes with the recipients of the Preferred D totaling \$2,709,000. Below is a summary of the significant characteristics of the promissory notes:

- Due and payable on June 30, 2009.
- Interest rate of Prime plus 1% (6.00% at June 30, 2008).

## Warrants

The holders of the promissory notes were issued warrants to purchase a total of 450,000 shares of the Company’s common stock at a strike price of \$6.02 per share. These warrants expire on June 30, 2009 and the Company intends to use the proceeds from their issuance to pay all or a portion of the balance of the related promissory notes. No value has been assigned to these warrants as shareholder approval is required before the warrants can be exercised.

## Stub Financing

In order to secure the cash required for the Company’s contribution to SFF Royalty and SFF Production on December 17, 2007, stub financing was arranged via the execution of two promissory notes with SoftVest, LP totaling \$3.5 million. These notes were paid on March 13, 2008. Mr. Eric Oliver, the Company’s Chairman of the Board, is the Managing Partner of SoftVest, LP.

Certain of the Company’s Directors participated in this transaction as shown below:

Director	# Shares Preferred D Purchased	Preferred D Purchase Price	Promissory Note Amount	# Warrants Received @ \$6.02 Strike Price
Eric Oliver	164,376	\$ 1,643,760	\$ 1,037,741	172,382
Bruce Edgington	6,130	61,300	38,700	6,429

## Sources of Information and Basis of Presentation

The unaudited pro forma condensed consolidated statement of operations and condensed consolidated balance sheet as of and for the year ended December 31, 2007 is derived from the audited consolidated financial statements of AMEN Properties, Inc. for the year ended December 31, 2007, the audited Combined Statement of Revenues and Direct Operating Expenses for the Acquired Properties for the year ended December 31, 2007 and the adjustments and assumptions described below.

B-2

---

The unaudited pro forma condensed consolidated financial statements should be read in conjunction with the notes thereto, our Annual Report on Form 10-K for the year ended December 31, 2007, and the Combined Statements of Revenues and Direct Operating Expenses for the Acquired Properties included herein as Schedule A. Pro forma data are based on assumptions and include adjustments as explained in the notes to the unaudited pro forma condensed consolidated financial statements. Certain information (including substantial footnote disclosures) included in the annual historical financial statements has been excluded in these condensed pro forma financial statements. The pro forma data presented is not necessarily indicative of the financial results that would have been attained had the Acquisition occurred on January 1, 2007, and should not be viewed as indicative of operations in future periods.

#### How the Pro Forma Financial Statements Were Prepared

The pro forma condensed consolidated statement of operations for the year ended December 31, 2007 was prepared without audit assuming we completed the Acquisition on January 1, 2007.

The Acquired Properties were not accounted for or operated as a separate division by Devon. Certain costs, such as depreciation, depletion and amortization (“DD&A”), general and administrative expenses, and corporate income taxes were not allocated to the individual properties comprising the Acquired Properties. Full separate financial statements prepared in accordance with accounting principles generally accepted in the United States do not exist for the Acquired Properties and are not practicable to obtain in these circumstances. Therefore, on a historical basis, the Company is presenting only the revenues and direct operating expenses for the Acquired Properties. Certain estimates and judgments were made in preparing the pro forma adjustments as discussed in the notes. With these adjustments, the pro forma condensed consolidated statement of operations represents only an estimate of combining our historical results with our indirect interest in the Acquired Properties. The statements do not consider nonrecurring items included in the historical financial statements. The pro forma condensed consolidated balance sheet was prepared without audit assuming we completed the Acquisition on January 1, 2007.

No incremental general and administrative costs related to this acquisition have been included, and general and administrative costs are expected to increase only minimally, if at all, as a result of the Acquisition. As a result, a very minimal amount of our internal resources will be used to oversee the Company’s investment in the SFF Group (and their ownership of the Acquired Properties) and, accordingly, we believe that the impact from the Acquisition on our total general and administrative expenses will be minimal.

The unaudited pro forma financial information is presented for illustrative purposes and does not purport to present what the Company’s financial position or results of operations would have been had we invested in the SFF Group (and it had owned the Acquired Properties) on the dates indicated. In addition, such information is not necessarily indicative of the Company’s future results of operations or financial performance because of the exclusion of certain operating expenses, changes in commodity prices and other circumstances that may change or arise in the future. The unaudited pro forma financial information should be read in conjunction with our historical financial statements and risk factor disclosure, which are hereby incorporated by reference herein.
