

Item 8.01 Other Events.

On September 9, 2014, WEX Inc. (the "Company") purchased put option contracts and sold call option contracts, designed to be a costless collar, on the wholesale price of gasoline with Wells Fargo Bank, N.A. and the retail price of diesel fuel with Merrill Lynch Commodities, Inc. (collectively, the "Contracts"). The Contracts have an aggregate notional amount of 11,824,246 gallons of gasoline and diesel fuel and will expire on a monthly basis during the last two quarters of 2015 and first quarter of 2016. The settlement of the Contracts is based upon the New York Mercantile Exchange's New York Harbor Reformulated Gasoline Blendstock for Oxygenate Blending and the U.S. Department of Energy's weekly retail on-highway diesel fuel price for the month. The Contracts lock in a weighted average retail floor price of approximately \$3.28 per gallon and a weighted average retail ceiling price of approximately \$3.34 per gallon.

On September 15, 2014, the Company issued a news release entitled "WEX Extends Its Existing Fuel-Price Risk Management Program." A copy of the news release is furnished as exhibit 99.1 and is incorporated by reference in its entirety.

Item 9.01 Financial Statements and Exhibits.
