ITEM 1. DESCRIPTION OF REGISTRANT'S SECURITIES TO BE REGISTERED.

Bryn Mawr Bank Corporation (the Corporation) has adopted a rights plan for its shareholders designed to protect the rights of the shareholders and discourage unwanted or hostile takeover attempts that are not approved by the Corporation's Board. The rights plan allows holders of the Corporation's common stock to purchase shares in either the Corporation or an acquirer of the Corporation at a discount to market value in response to specified takeover events that are not approved in advance by the Corporation's Board.

The Rights. On November 18, 2003, Corporation's Board declared a dividend of a right to acquire one one-fourths of a share of the Corporation's common stock for each share of the Corporation's common stock outstanding. The rights currently trade with and are inseparable from the Corporation's common stock.

Exercise Price. Each right allows its holder to purchase from the Corporation one one-fourths of a share of its common stock for \$22.50.

Exercisability. The rights will not be exercisable until, the earlier of:

Ten business days (or such later date as may be determined by the Corporation's Board of Directors and publicly announced by the Corporation) after a public announcement by the Corporation that a person or group, has obtained beneficial ownership of 20% or more of the Corporation's outstanding common stock; or

Ten business days (or such later date as may be determined by the Corporation's Board of Directors and publicly announced by the Corporation) after a person or group begins a tender or exchange offer that, if completed, would result in that person or group becoming the beneficial owner of 20% or more of the Corporation's outstanding common stock.

The date when the rights become exercisable is referred to in the rights plan as the distribution date. After that date, the rights will be evidenced by rights certificates that the Corporation will mail to all eligible holders of its common stock. A person or a member of the group that has obtained beneficial ownership of 20% or more of the Corporation's outstanding common stock may not exercise any rights even after the distribution date.

Consequences of A Person or Group Becoming an Acquiring Person. A person or group that acquires beneficial ownership of 20% or more of the Corporation's outstanding common stock is called an acquiring person.

Flip-In. When the Corporation publicly announces that a person has acquired 20% or more of its outstanding common stock the Corporation can allow for rights holders, other than an acquiring person, to buy \$45.00 worth of its common stock for \$22.50. This is called a flip-in. Alternatively, the Corporation may elect to exchange one share of its common stock for each right, other than rights owned by an acquiring

person, thus terminating the rights.
