TSMC 2003 Fourth Quarter Report

Wafer Shipments and Net Sales Set Record Highs

Hsinchu, Taiwan, January 29, 2004 - Taiwan Semiconductor Manufacturing Company Ltd. (TAIEX: 2330, NYSE: TSM) (TSMC) today announced its financial results for the fourth quarter of 2003. Net sales for the fourth quarter of 2003 grew 5.3 percent sequentially, to a record high of NT\$57,780 million. Net income totaled NT\$16,002 million, representing a 5.5 percent increase over the previous quarter. Earnings per share for the fourth quarter of 2003 were NT\$0.79.

On a year-over-year basis, TSMC's fourth quarter of 2003 net sales grew 40.4 percent, while net income and earnings per share grew 526.9 percent and 553.9 percent, respectively.

Ms. Lora Ho, TSMC spokesperson, vice president and chief financial officer, noted that, "Due to continued growth in customer demand, TSMC's 2003 fourth quarter wafer shipments reached a record high of 1,127 thousand eight-inch-equivalent wafers, representing a 13.5 percent increase over the third quarter of 2003. The increase in fourth quarter revenue resulted from a 13.5 percent increase in wafer shipments, a 5.5 percent decline in wafer average selling price (ASP), and a weaker U.S. dollar exchange rate."

"During the fourth quarter, the average utilization rate for our fabs increased to 101 percent, compared to 98 percent in the previous quarter; gross margin improved slightly to 39.3 percent in the fourth quarter from 39.1 percent in the third quarter; net margin for the fourth quarter was 27.7 percent as compared to 27.6 percent for the previous quarter," Ms. Ho added.

For fiscal year 2003, ended December 31, the Company's net sales increased 25.4 percent over 2002, to a record NT\$201,904 million. Net income totaled NT\$47,259 million, representing a 118.7 percent growth over 2002. Earnings per share for the full year of 2003 were NT\$2.33. In addition, TSMC's total wafer shipments for 2003 also reached a new record high to 3.7 million eight-inch-equivalent wafers, representing a 38.2 percent growth over 2002.

Ms. Ho continued, "We are proud to be among the very few industry leaders whose 2003 top-line performance has surpassed levels achieved in the past. We expect the performance of the coming quarter to be at least as good as that of the fourth quarter of 2003."

All figures of TSMC's 2003 audited financial results are prepared in accordance with R.O.C. GAAP and are subject to approval by the TSMC Board of Directors.
