**ITEM 4.02. NON-RELIANCE ON PREVIOUSLY ISSUED FINANCIAL STATEMENTS OR A RELATED AUDIT REPORT OR COMPLETED INTERIM REVIEW**

On December 23, 2008, Navistar International Corporation (the Company) filed a Form 8-K announcing that management of the Company, with the concurrence of the Company's Audit Committee, concluded that the Company's previously issued unaudited financial statements as of and for the three and nine months ended July 31, 2008 should no longer be relied upon because of errors, as described in the Form 8-K, that when restated would modestly increase the Company's net income for the three and nine months ended July 31, 2008. In that filing, the Company further stated that its review process was continuing and may extend to the first and second quarters of 2008.

On December 29, 2008, management of the Company, with the concurrence of the Company's Audit Committee, further concluded that such matters extended into the first and second quarter of 2008 and, as such, the Company's previously issued unaudited financial statements as of and for the three months ended January 31, 2008 and as of and for the three and six months ended April 30, 2008 should no longer be relied upon because of the errors within our Truck segment relating to accounting for inventory, accounts payable and costs of products sold.

In our quarterly reports on Form 10-Q as previously filed, we reported under Item 4 Controls and Procedures, that our disclosure controls and procedures were not effective, due in part to material weaknesses in internal control over financial reporting. We believe that the restatement matters discussed here are consistent with our disclosures under Item 4; however, as a result of the need to restate the Company's quarterly financial statements, management has concluded that such disclosures should be revised.

Management and the Audit Committee have discussed these matters with our Independent Registered Public Accounting Firm, KPMG LLP. Reference is made to the Forms 10Q/A to be filed by the Company for the periods ended January 31, 2008, April 30, 2008 and July 31, 2008 for a discussion of these errors, restated financial statements, revised management's discussion and analysis of financial condition and results of operations, and a revised Item 4.
