Item 8.01. Other Events.

As a result of the Patient Protection and Affordable Care Act (the Act) signed into law on March 23, 2010 and the Health Care and Education Reconciliation Bill of 2010 signed into law on March 30, 2010 (together with the Act, the Healthcare Reform Legislation), effective 2013, the tax benefits available to Ingersoll-Rand plc (the Company) will be reduced to the extent its prescription drug expenses are reimbursed under the Medicare Part D retiree drug subsidy program. Although the provisions of the Healthcare Reform Legislation relating to the retiree drug subsidy program do not take effect until 2013, the Company is required to recognize the full accounting impact in its financial statements in the reporting period in which the Healthcare Reform Legislation is enacted. As retiree healthcare liabilities and related tax impacts are already reflected in the Company s financial statements, the Healthcare Reform Legislation will result in a non-cash charge to income tax expense in the first quarter of 2010 of approximately \$41 million (approximately \$0.12 per diluted share). This charge reflects the anticipated increase in income taxes that will occur as a result of the Healthcare Reform Legislation. The previously-communicated 2010 earnings outlook for the Company does not include the impact of this charge. There will also be a cash impact beginning in 2013 in the form of higher income taxes paid.
