Appointment and Revocation of Proxies

The persons named in the enclosed proxy form are officers of the Company. A shareholder may appoint a person to represent him or her at the meeting, other than the persons already named in the enclosed proxy form, by inserting the name of such other person in the blank space provided in the proxy form or by completing another proper form of proxy. Such person need not be a shareholder. The completed proxy form must be deposited with the Company at its principal executive offices at 125 Middlesex Turnpike, Bedford, Massachusetts 01730, USA, or with Computershare Investor Services Inc., 100 University Avenue, 9th Floor, Toronto, Ontario, Canada, M5J 2Y1, in either case no later than 2:00 p.m. (EDT) on Monday, May 9, 2011, or, if the meeting is postponed, continued or adjourned, prior to 2:00 p.m. (ET) on the last business day prior to the date fixed for the postponed, continued or adjourned meeting.

Table of Contents

Voting of Proxies

The officers named in the proxy form enclosed with this management proxy circular will vote or withhold from voting the common shares of the Company in respect of which they are appointed proxy in accordance with the directions of the shareholder appointing them and, if a shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. In the absence of such direction, the shares will be voted by the designated officers:

FOR the election of each of the nominees for director named in this management proxy circular; and

FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2011.

Voting and Ownership of Shares

At the close of business on the record date, the Company had 33,352,192 common shares outstanding and entitled to vote. Each share is entitled to one vote. The failure of any shareholder to receive a notice of meeting of shareholders does not deprive the shareholder of a vote at the meeting.

The following votes are required to approve each of the proposals at the meeting:

The vote for the election of the nominees for director named in this management proxy circular is cumulative and is described in more detail below; and

The vote for the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2011 requires the approval of a majority of the common shares represented and cast in respect of such matter to be effective.

No votes may be taken at the meeting, other than a vote to adjourn, unless a quorum has been constituted consisting of the representation of at least thirty-three and one-third percent (33 1/3%) of the outstanding shares as of the record date. Votes will be tabulated by the Company's transfer agent, Computershare Investor Services Inc., which is also serving as the inspectors of election for the meeting.

The enclosed proxy form confers discretionary authority on the persons named therein with respect to such other matters that may properly come before the meeting or any postponement, continuation or adjournment thereof. As of the date of this management proxy circular, the management of the Company knows of no such other matters to be presented at the meeting.

Voting for the Election of Directors

Section 65(1) of the *Business Corporations Act* (New Brunswick) provides for cumulative voting for the election of directors so that each shareholder entitled to vote at an election of directors has the right to cast an aggregate number of votes equal to the number of votes attached to the shares held by such shareholder multiplied by the number of directors to be elected, and may cast all such votes in favor of a single candidate or distribute them among the candidates in any manner the shareholder decides. The statute further provides, in section 65(2), that a separate vote of shareholders shall be taken with respect to each candidate nominated for director unless a resolution of the shareholders is passed unanimously permitting two or more persons to be elected by a single resolution. Where a shareholder has voted for more than one candidate without specifying the distribution of votes among such candidates, the shareholder shall be deemed to have divided the votes equally among the candidates for whom such shareholder voted. If a shareholder desires to distribute votes otherwise

Table of Contents

than equally among the nominees for whom such shareholder has directed the persons in the enclosed form of proxy to vote, such shareholder must do so personally at the meeting or by another form of proxy. **On any ballot for the election of directors, the persons named in the proxy will be deemed to have cast their votes equally among all the proposed nominees, unless: (a) any nominee is excluded by the shareholder in their proxy; or (b) the shareholder has directed that the shares be withheld from voting for the election of directors.**

Counting of Votes

For purposes of determining the presence or absence of a quorum, abstentions and broker non-votes will be counted as present. With respect to the approval of any particular proposal, abstentions and broker non-votes will not be counted in determining the number of votes cast. A broker non-vote occurs when a broker submits a proxy form with respect to common shares held in a fiduciary capacity (typically referred to as being held in street name), but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Brokers will return your proxy as a broker non-vote if the broker does not receive voting instructions from you and if, under applicable stock exchange or other rules, the broker does not have the discretion to vote those shares on one or more of the matters that come before the meeting.

registered public accounting firm to render audit or non-audit services unless the Audit Committee specifically approves the service in advance, or the engagement is entered into pursuant to the pre-approval procedure described below.

Table of Contents

Pursuant to the Audit Committee Charter, the Audit Committee may delegate pre-approval authority to an individual member of the Audit Committee, provided that the decisions of any individual Audit Committee member to whom pre-approval authority is delegated must be presented to the full Audit Committee at its next scheduled meeting. The prior approval of the Audit Committee or the pre-approval of the designated member of the Audit Committee was obtained for all services provided by Ernst & Young LLP in fiscal 2010.

Report of the Audit Committee

The primary purpose of the Audit Committee is to assist the Board of Directors' oversight of the integrity of the Company's financial statements, the qualifications, independence and performance of the Company's independent registered public accounting firm and the performance of the Company's internal controls and procedures.

In addition to fulfilling its responsibilities as set forth in its charter and further described below in Corporate Governance Board Committees and Meetings The Audit Committee, the Audit Committee has reviewed the Company's audited financial statements for fiscal year 2010. Discussions about the Company's audited financial statements included its independent registered public accounting firm's judgments about the quality, not just the acceptability, of the Company's accounting principles and underlying estimates used in its financial statements, as well as other matters, as required by the Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T (SAS 61, as amended) and by our Audit Committee Charter. In conjunction with the specific activities performed by the Audit Committee in its oversight role, it issued the following report:

1. The Audit Committee has reviewed and discussed the audited financial statements as of and for the year ended December 31, 2010 with the Company's management.
2. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by SAS 61, as amended.
3. The Audit Committee has received from the independent registered public accounting firm the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accounting firm's communications with the Audit Committee concerning independence, and the Audit Committee has discussed with the independent registered public accounting firm their independence from the Company.

Based on the review and discussions referred to in paragraphs (1) through (3) above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010 for filing with the SEC.

Mr. Ira J. Lamel (Chairperson)

Mr. Eugene I. Davis

Mr. Byron O. Pond

The foregoing Report is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

CORPORATE GOVERNANCE

The Board of Directors

The Board is elected annually and each of our directors stands for election every year. Presently the Board is comprised of seven directors, and all except Mr. Roush have been determined by the Board to be independent under the rules of The NASDAQ Stock Market LLC, or NASDAQ. In making this determination, the Board has affirmed that each of the independent directors meets the objective requirements for independence set forth by NASDAQ. The independent directors are Stephen W. Bershad, Eugene I. Davis, Dennis J. Fortino, K. Peter Heiland, Ira J. Lamel and Byron O. Pond. Mr. Roush is not independent because he is the Company's Chief Executive Officer.

In evaluating and determining the independence of the directors, the Nominating and Corporate Governance Committee considered that in the ordinary course of business, transactions may occur between the Company and its subsidiaries and entities with which some of the directors are or have been affiliated. Specifically, Mr. Heiland serves as an officer of a company with which the Company engages in ordinary course business transactions. The Nominating and Corporate Governance Committee considered the dollar amounts of these transactions and other factors and determined that they were not required to be disclosed as a related party transaction under the federal securities laws or otherwise impaired Mr. Heiland's independence under NASDAQ rules. However, for the information of our shareholders, the transactions are further discussed in the section entitled "Certain Relationships" on page 53 of this management proxy circular. The Nominating and Corporate Governance Committee also considered that Mr. Heiland is the owner and manager of JEC II Associates, LLC, a privately held investment company and a significant shareholder of the Company. The committee determined that this relationship did not impair Mr. Heiland's independence under NASDAQ rules. The Nominating and Corporate Governance Committee also considered that Mr. Bershad is a significant shareholder of the Company. The committee determined that this relationship did not impair Mr. Bershad's independence. The Nominating and Corporate Governance Committee considered that Mr. Lamel previously served as an audit partner of the Company's independent registered public accounting firm. The committee determined that this relationship did not impair Mr. Lamel's independence in light of the significant passage of time since Mr. Lamel's association with the firm. Finally, the Nominating and Corporate Governance Committee considered that Mr. Pond's son is a non-audit employee and not a partner of the Company's independent registered public accounting firm. The committee determined that this relationship did not impair Mr. Pond's independence.

Please see the biography of each director under the section entitled "Item 1 Election of Directors" above for the public company boards on which such director serves.

Board Leadership Structure and Role in Risk Oversight

The Board is responsible for the overall stewardship of the Company. The Board discharges this responsibility directly and through delegation of specific responsibilities to its committees, the Chairman of the Board and officers of the Company. The Board has established three standing committees to assist with its responsibilities: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. Each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee has a charter defining its responsibilities. The Board also has established a Search Committee to plan and oversee a smooth transition to permanent senior leadership of the Company. The Board of Directors does not have an executive committee.

The Company's By-Laws require the Chairman of the Board to be a director and provide the Board with the ability to appoint the Chief Executive Officer of the Company as the Chairman of the Board. This approach gives the Board the necessary flexibility to determine whether these positions should be held by the same person or by separate persons based on the leadership needs of the Company at any particular time. We recognize that different board leadership structures may be appropriate for companies in different situations.

Table of Contents

Based on the Company's present circumstances, the Board believes that the Company and its shareholders are best served by having Mr. Bershad serve as its Chairman of the Board and Mr. Roush serve as its Chief Executive Officer. Our current leadership structure permits Mr. Roush to focus his attention on managing our Company and permits Mr. Bershad to manage the Board. Accordingly, and in light of the short tenure of Mr. Roush as a Chief Executive Officer, we believe our current leadership structure is the optimal structure for us at this time.

The Board recognizes the importance of appropriate oversight of potential business risks in running a successful operation and meeting its fiduciary obligations to our business and our shareholders. While our senior executives, including the Chief Executive Officer and Chief Financial Officer, have responsibility for the day-to-day assessment and management of business risks, the Board maintains responsibility for creating an appropriate culture of risk management and setting proper tone at the top. In this role, the Board, directly and through its committees, takes an active role in overseeing our aggregate risk potential and in assisting our executives with addressing specific risks, including competitive, legal, regulatory, operational and financial risks. The Board does not believe that its role in the oversight of the Company's risks affects the Board's leadership structure.

Compensation Risk

The Company has reviewed its compensation policies and practices and has determined that it has no policies or practices that are reasonably likely to have a material adverse effect on the Company.

Board Committees and Meetings

The Board maintains three standing committees whose functions are described below. All members of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are independent directors. The Board currently has one ad hoc committee, the Search Committee, to plan and oversee a smooth transition to permanent senior leadership of the Company. The following table sets forth the Board committee membership:

Name	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee	Search Committee (1)
Stephen W. Bershad		CHAIR		CHAIR
Eugene I. Davis	X		CHAIR	
Dennis J. Fortino		X	X	X
K. Peter Heiland		X		
Ira J. Lamel	CHAIR		X	
Byron O. Pond	X		X	
John A. Roush				

(1) Formed on July 30, 2010 to plan and oversee a smooth transition to permanent senior leadership.

Each standing committee maintains a written charter detailing its authority and responsibilities. These charters are reviewed and updated periodically as legislative and regulatory developments and business circumstances warrant. The committee charters are available in their entirety on our website at <http://www.gsig.com> in the Investors Relations section, under the Corporate Governance tab.

Table of Contents**Meetings**

The Board and standing committees met as follows during the year ended December 31, 2010, including meetings in 2010 that were prior to and subsequent to the Company's emergence from bankruptcy on July 23, 2010:

Name	Number of Meetings
Board of Directors	34
Audit Committee	3
Compensation Committee	0
Nominating and Corporate Governance Committee	2

The independent directors also meet routinely in executive session in connection with regular meetings of the Board. Mr. Bershad presides over all executive sessions at which he is present.

Currently, we do not maintain a formal policy regarding director attendance at the annual meeting; however, it is expected that absent compelling circumstances directors will attend. Last year six of seven directors then in office attended the annual and special meeting of shareholders.

During 2010, each director attended all board meetings during the period in which he has been a director and all meetings of committees on which the director served.

The Audit Committee

The Audit Committee consists of Mr. Lamel, Mr. Davis and Mr. Pond, with Mr. Lamel serving as Chairman. All members of the Audit Committee meet the membership requirements of NASDAQ, including the requirements regarding financial literacy and financial sophistication, and the Board has determined that each member of the Audit Committee is independent under the listing standards of NASDAQ and the rules of the Securities and Exchange Commission (the "SEC") regarding audit committee membership. The Board has further determined that Mr. Lamel is an audit committee financial expert as defined by the SEC.

The Audit Committee has sole authority for the appointment, compensation and oversight of the work of the independent registered public accounting firm, and responsibility for reviewing and discussing with management and the independent registered public accounting firm our audited consolidated financial statements included in our Annual Report on Form 10-K, our interim financial statements and our earnings press releases. The Audit Committee also reviews the independence and quality control procedures of the independent registered public accounting firm, reviews management's assessment of the effectiveness of internal controls, and discusses with management the Company's policies with respect to risk assessment and risk management.

The Compensation Committee

The Compensation Committee consists of Mr. Bershad, Mr. Fortino and Mr. Heiland, with Mr. Bershad serving as Chairman. All members of the Compensation Committee meet the membership requirements of NASDAQ.

The Compensation Committee is responsible for assisting our Board in fulfilling its fiduciary duties with respect to the oversight of the Company's compensation plans, policies and programs, including assessing our overall compensation structure, reviewing all executive compensation programs, incentive compensation plans and equity-based plans, and determining executive compensation.

Table of Contents

For a discussion of the Compensation Committee's processes and procedures for considering and determining compensation for our officers, please see the "Compensation Discussion and Analysis" section below.

The Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee (the "NCG Committee") consists of Mr. Davis, Mr. Fortino, Mr. Lamel and Mr. Pond, with Mr. Davis service as Chairman. All members of the NCG Committee meet the membership requirements of NASDAQ.

The NCG Committee is responsible for the following: (a) identifying individuals qualified to become board members and recommending such individuals to the Board as director nominees; (b) developing and recommending to the Board a set of corporate governance principles applicable to the Company; (c) reviewing the qualifications of directors eligible to become members of the different committees of the board, and recommending to the Board director nominees for each committee; (d) overseeing periodic performance reviews of the Board; and (e) evaluating and making recommendations to our Board regarding director compensation.

Selection and Evaluation of Director Candidates

In searching for qualified director candidates for election to the Board and to fill vacancies on the Board, the NCG Committee solicits current directors for the names of potentially qualified candidates and may ask directors to pursue their own business contacts for the names of potentially qualified candidates. The NCG Committee may also consult with outside advisors or retain search firms to assist in the search for qualified candidates and will consider suggestions from shareholders for nominees for election as directors and evaluate such suggested nominees on the same terms as candidates identified by directors, outside advisors or search firms selected by the NCG Committee.

The criteria that the NCG Committee has established regarding the minimum qualifications for nominees are available on the Company's Web site at <http://www.gsig.com>, in the "Investor Relations" section, under the Corporate Governance tab, with the title of "Director Selection and Board Composition." The criteria center on finding candidates who have the highest level of integrity, are financially literate, have motivation and sufficient time to devote themselves to Company matters and who have skills that complement the skills and knowledge of the current directors. The Board and NCG Committee have not established a formal policy on the consideration of diversity in director candidates.

Once potential candidates are identified, the NCG Committee reviews the backgrounds of those candidates, conducts interviews of candidates and establishes a list of final candidates. To the extent practical, final candidates are then interviewed by each member of the NCG Committee, the Chairman of the Board and the Chief Executive Officer. Reasonable efforts are made to have all remaining directors interview final candidates.

The NCG Committee and the Board have not established a formal policy with regard to the consideration of director candidates recommended by shareholders. This is due to the following factors: (i) the limited number of such recommendations, (ii) the need to evaluate such recommendations on a case-by-case basis, and (iii) the expectation that recommendations from shareholders would be considered in the same manner as recommendations by a director or an officer of the Company.

Any shareholder who intends to recommend a candidate to the NCG Committee for nomination as a director should deliver written notice to the Company with the following information: (a) the suggested candidate's biographical data (including business experience, service on other boards, and academic credentials), (b) all transactions and relationships, if any, between the recommending shareholder or such candidate, on the

Table of Contents

one hand, and the Company or its management, on the other hand, as well as any relationships or arrangements, if any, between the recommending shareholder and the candidate and any other transactions or relationships of which the Board should be aware in order to evaluate such candidate's potential independence as a director, (c) details of whether the candidate or the recommending shareholder is involved in any on-going litigation adverse to the Company or is associated with an entity which is engaged in such litigation and (d) whether the candidate or any company for which the candidate serves or has served as an officer or director is, or has been, the subject of any bankruptcy, SEC or criminal proceedings or investigations, any civil proceedings or investigations related to fraud, accounting or financial misconduct, or any other material civil proceedings or investigations. The notice must also contain a written consent confirming the candidate's (i) consent to be nominated and named in the Company's management proxy circular and, if elected, to serve as a director of the Company and (ii) agreement to be interviewed by the NCG Committee and submit additional information if requested to do so. Any such notice should be delivered to the Company sufficiently in advance of the Company's annual meeting to permit the NCG Committee to complete its review in a timely fashion.

Under the Company's Articles, a shareholder may propose a director candidate for inclusion in the Company's notice of meeting if the proposal is signed by one or more holders of shares representing in the aggregate not less than 5% of the common shares of the Company entitled to vote at the shareholder's meeting to which the nomination is to be presented. Any shareholder, as described in the preceding sentence, wishing to propose a director candidate for inclusion in the Company's notice of meeting must provide notice to the Company by February 11, 2012 and include the information about such nominee as discussed above with respect to director candidates recommended by shareholders.

The Current Director Nominees

Pursuant to the Company's final plan of reorganization, upon the Company's emergence from bankruptcy on July 23, 2010, the Board consisted of seven members, including the Principal Executive Officer, two members selected by certain required holders of the Company's previous notes (the Noteholders), two members with industry expertise selected by the Official Committee of Equity Security Holders in the bankruptcy case (the Equity Committee), one member selected by mutual agreement between the Noteholders and the Equity Committee, and one member selected by the Board of the Company prior to the Company's emergence from bankruptcy on July 23, 2010. Mr. Pond was selected by the Company's Board prior to its emergence on July 23, 2010, Mr. Bershad and Mr. Heiland were selected by the Equity Committee, Mr. Davis and Mr. Lamel were selected by the Noteholders, and Mr. Fortino was selected by the Noteholders and Equity Committee. As part of the Company's planned leadership transition, John Roush was elected a director on December 14, 2010, succeeding Michael Katzenstein. Mr. Roush was identified to the Search Committee of the Board by a third party search firm, which was hired to recommend candidates for the chief executive officer position.

Communications with the Board

The Board has not established a formal process for shareholders to send communications to the Board and/or individual directors due to the limited number of such communications historically. However, the names of all directors are available to shareholders in this management proxy circular and on the Company website. If the Company receives any shareholder communication intended for the full Board or any individual director, the Company will forward all such communications to the full Board or such individual director, unless the communication is clearly of a marketing nature or is unduly hostile, threatening, illegal or similarly inappropriate. Any shareholder communications should be sent to: GSI Group Inc., 125 Middlesex Turnpike, Bedford, Massachusetts 01730, Attention: Investor Relations.

Code of Ethics and Business Conduct

All of the Company's directors, officers and employees must act in accordance with the Code of Ethics and Business Conduct, which has been adopted by the Company's Board of Directors. A copy of the Code of

Table of Contents

Ethics and Business Conduct is available on the Company's website at <http://www.gsig.com> in the About GSI Group section. The Company intends to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding disclosure of an amendment to, or waiver from, a provision of this Code of Ethics and Business Conduct with respect to its principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, by posting such information on the section of the Company's website discussed above, unless a Form 8-K is otherwise required by law or applicable listing rules.

Orientation and Continuing Education

The Company's Corporate Governance Guidelines provide that directors are expected to participate in an orientation program within six months of the annual meeting at which new directors are elected or the date on which new directors are appointed. In addition, the Company may periodically make available to its directors continuing educational opportunities designed to assist them in performing their Board and committee functions.

Assessments

The NCG Committee is responsible for annually overseeing a review of the performance of the Board, and each of the NCG Committee, Audit Committee and Compensation Committee is responsible for annually reviewing such committee's own performance. As the Board and its committees were re-constituted upon the Company's emergence from bankruptcy on July 23, 2010, the Board and its committees have not yet determined the process by which such assessments will occur.

COMPENSATION DISCUSSION AND ANALYSIS

The following compensation discussion and analysis contains statements regarding future individual and Company performance targets and goals. These targets and goals are disclosed in the limited context of the Company's compensation programs and should not be understood to be statements of management's expectations or estimates of results or other guidance. The Company specifically cautions investors not to apply these statements to other contexts.

The following details the Company's philosophy and policies regarding executive compensation, the process that is used to set executive compensation within the Company, the elements of the executive compensation program, and the role of the Compensation Committee of the Board of Directors and the executive staff in setting executive compensation. In light of the Company's emergence from Chapter 11 proceedings on July 23, 2010, and the establishment of a new Compensation Committee as described below in Compensation Committee Members and Independence, the Compensation Committee is in the process of reviewing the Company's executive compensation programs as described in this Compensation Discussion and Analysis. This review may result in future changes to our executive compensation structure and the elements of our executive compensation.

In this section, the use of the terms, we, our, us refers to the Company and the Committee refers to the Compensation Committee unless otherwise specified.

Executive Summary

Compensation Philosophy

The Committee evaluates and sets executive compensation consistent with the Company's philosophy to provide a compensation package that incentivizes and retains a highly qualified executive team and rewards both short-term and long-term performance as measured against established goals. Our executive compensation structure seeks to promote this philosophy through a combination of the following types of awards: base pay, cash bonus incentive awards and long-term incentive awards, which are comprised primarily of restricted stock unit awards. The key elements of our stated philosophy are as follows:

Pay-for-Performance. The Committee reviews the overall design of our executive compensation program on an annual basis to ensure that our executive compensation is aligned with both annual and long-term performance goals.

Compensation mix with a larger percentage of at-risk compensation. Through adoption of an equity incentive plan and commencement of significant equity grants to executives in 2011, the Committee has increased the percentage of at-risk compensation for executives. The Committee may also consider further increasing the emphasis on at-risk elements of compensation in the future by reducing or maintaining base salaries and/or increasing annual and long-term bonus potentials.

Prudent corporate governance. We are committed to maintaining a prudent corporate governance model and to continually improving our compensation practices and policies. Key practices include:

- i Annual review of the compensation philosophy of the Company by the Compensation Committee.
- i Maintenance of a Compensation Committee composed entirely of independent, non-employee directors who satisfy applicable independence requirements.

- i Consideration and engagement of outside compensation consultants as appropriate.

Highlights of our 2010 Executive Compensation Program and Key Decisions for our 2011 Executive Compensation Program

On July 23, 2010, the Company emerged from bankruptcy and consummated its reorganization through a series of transactions contemplated by its final plan of reorganization. Following emergence from bankruptcy, the Company implemented several new executive compensation practices and arrangements intended to reinforce our compensation philosophy, as described above. Such practices occurred both in fiscal 2010 and the beginning of fiscal 2011 and, in order to provide an understanding of the executive compensation for the last fiscal year and the Company's ongoing pay practices, our accomplishments during both such periods are set forth below:

Implementation of a new equity incentive plan to reward attainment of long-term performance goals and encourage pay-for-performance.

Employment of Messrs. Roush and Buckley as the Company's Chief Executive Officer and Chief Financial Officer, respectively, and the award of long-term incentive compensation to Messrs. Roush and Buckley in the form of restricted stock units. These awards were in part intended to compensate Messrs. Roush and Buckley for equity awards which they forfeited as a result of their terminations of employment with their prior employer. We believe that these awards helped us attract Messrs. Roush and Buckley and help align the interests of our most senior managers with those of our stockholders.

Implementation of the Senior Management Incentive Program for senior executives, which seeks to balance the percentage of compensation provided in the forms of base salary, biannual cash bonus incentive awards, and equity awards for key executives.

Focus on implementation of improved internal financial reporting controls and processes to assure that performance-based compensation is based on accurate financial results.

Implementation of biannual cash bonus incentive awards determined based on three performance metrics: (1) divisional EBITDA, (2) total Company EBITDA and (3) individual performance (non-financial).

Commencement of a plan to reduce aggregate base compensation to general managers and corporate leaders by approximately 15% while raising total target compensation by approximately 11% by increasing the amount of restricted stock unit awards. While equity grants to the executive officers for 2011 will become vested solely based on continued service, the Company intends to grant equity awards in the future that will vest in part upon the attainment of certain performance targets. The "make-whole" restricted stock unit awards granted to Messrs. Roush and Buckley provide for vesting upon certain terminations of employment, including termination without cause or for good reason, because these awards are intended to mirror the terms of equity awards which they forfeited as a result of their terminations of employment with their prior employer. In the future, the Company will determine whether equity awards will vest upon any terminations of employment on a case-by-case basis. In addition, the Company's employment agreements with Messrs. Roush and Buckley contain Section 280G tax gross-up provisions that provide for payments if Mr. Roush or Mr. Buckley becomes subject to parachute payment excise taxes imposed in connection with any change in control of the Company. These provisions were negotiated in connection with our hiring of Mr. Roush as Chief Executive Officer and Mr. Buckley as Chief Financial Officer. Although the Company determined that such provisions were appropriate for Messrs. Roush and Buckley in order to assist in the recruitment and retention of Messrs. Roush and Buckley and in order to help ensure a stable senior management team in the event of any future change in control transaction, in the future the Company will

Table of Contents

determine whether similar tax gross-ups will be implemented with respect to any other employees on a case-by-case basis.

Compensation Committee Members and Independence

From January 1, 2010 until July 23, 2010, the Compensation Committee was comprised of three independent directors: Marina Hatsopoulos (Chair), Byron O. Pond, and Garrett Garrettson, Ph.D. Pursuant to our final plan of reorganization, upon the Company's emergence from Chapter 11 proceedings on July 23, 2010, Ms. Hatsopoulos and Messrs. Pond and Garrettson, Ph.D. resigned as members of the Compensation Committee. They were subsequently replaced by Messrs. Bershad, Fortino and Heiland. None of the past or current members were, at any time, officers or employees of the Company or its subsidiaries. On March 31, 2011, following an annual independence review by the Company's Nominating and Corporate Governance Committee, members of the Board of Directors determined that each member of the Compensation Committee was an independent director under the applicable rules of NASDAQ.

Role of the Committee

The Committee is responsible for setting, implementing and monitoring the Company's executive compensation policy. The Committee reviews and determines the compensation to be paid to the Company's executive officers, which also includes the implementation and administration of the Company's equity plans, cash bonus plans and similar programs.

The Committee receives advice and input from the Chief Executive Officer of the Company (the CEO) and, where appropriate, outside consultants and legal counsel on compensation issues. The Compensation Committee also solicits input from the CEO and VP, Corporate Resources regarding general compensation policies, including the appropriate level and mix of compensation for other executive officers.

The Committee operates pursuant to a written charter (the Charter). The Charter sets forth the Committee's purpose, authority, responsibilities, and procedures. The Charter is reviewed and approved by the Compensation Committee and is available at the Investor Relations page of the Company's website (<http://www.gsig.com/investors/>). In summary, the Committee has been established by the Board to determine the appropriate compensation of the Company's senior management. The Committee meets as often as the chair of the Committee deems necessary or advisable to fulfill its responsibilities. The Committee reports its actions and recommendations, if any, to the full Board of Directors at each quarterly meeting of the Board of Directors. The Committee meets in executive session, and, where appropriate, with members of management, including the CEO, outside consultants, HR representatives and the Company's outside legal counsel.

The Committee establishes all elements of compensation paid to the CEO and reviews and approves all elements of compensation paid to the other executive officers, including all of the other executive officers named in the Summary Compensation Table. The CEO is authorized by the Committee to evaluate senior executive performance against annual goals and then report his findings to the Committee, together with his recommendations for senior executive compensation for the coming year. The Committee then meets with the CEO to discuss his evaluations and recommendations; however, the Committee retains responsibility and authority for executive officer compensation.

The Compensation Committee meets annually to review the salary, bonus and equity award compensation given to the named executive officers. In addition, the compensation program provides for bonuses based on

Table of Contents

corporate, business unit, and individual performance as applicable, and each year the Compensation Committee will adjust targets obtainable pursuant to the compensation program. For named executive officers, the Compensation Committee determines whether the Company's financial performance for the preceding year justifies adjustments to base salaries, bonuses and granting of share-based compensation as part of its annual review. In addition, from time to time, the Compensation Committee may consider discretionary bonuses for performance exceeding expectations. The Compensation Committee may then recommend its compensation proposal to the full Board for its approval.

Each year, the Compensation Committee reviews and approves proposed grants of equity awards for executive officers. Common stock-based awards are viewed as an important component of total executive pay, aligning compensation with increasing shareholder value and, thus, providing an important benefit to shareholders.

Pursuant to the Charter, the Committee may form and delegate authority to subcommittees of the Committee, to the extent consistent with the Company's articles of association, bylaws, Corporate Governance Guidelines, applicable law and NASDAQ rules, except that it may not delegate its responsibilities for any matters that involve executive compensation or any matters where it has determined such compensation is intended to comply with Section 162(m) of the Internal Revenue Code by virtue of being approved by a committee of outside directors or is intended to be exempt from Section 16(b) under the Securities Exchange Act of 1934 pursuant to Rule 16b-3 by virtue of being approved by a committee of non-employee directors.

Executive Compensation Philosophy

The Company's compensation policy seeks to build long-term shareholder value by tying compensation to financial performance and important Company goals, and by incentivizing and retaining a highly qualified executive team. To that end, the Committee believes executive compensation packages provided by the Company to its named executive officers should include both cash and share-based compensation that reward performance as measured against established goals.

The following principles guide the Company's executive compensation program:

1. Executives who perform should expect to receive a salary that is commensurate with market conditions. Historically, the Company has looked to establish salary structures around the mean of the Company's peers.
2. Bonuses and equity grants are intended to reflect, in large part, a pay-for-performance culture. The Company uses equity grants to provide an appropriate balance between long-term incentives that are focused on performance and retention.
3. Performance should be measured against a mix of absolute measures (e.g., profitability goals) and relative measures (e.g., market share, performance relative to peers, etc.), as well as individual performance against Management by Objectives, where applicable.
4. Equity grant metrics should not be revised after the grant date.
5. Equity grant metrics should fairly account for the effects of non-recurring events such as individual acquisitions and reorganizations.
6. Total compensation is a function of individual responsibility within the Company, and the ability to contribute meaningfully to the Company's success.
7. Total compensation should allow the Company to attract the best possible candidates and to motivate them to meet or exceed performance metrics that will build long-term shareholder value.

Table of Contents

8. Equity-based performance metrics should not target short-term goals or short-term financial enhancements unless those goals are also congruent with building long-term shareholder value.

Executive Compensation and Comparable Company Data

Generally, each year, the Committee reviews each named executive officer's total compensation and, in connection therewith, considers market data for similar positions at other public companies, market data and other relevant sources.

The Compensation Committee works directly with the Company's human resources organization, which evaluates and presents the Committee with information gathered from public sources for officers at other public companies. The Committee ensures that the total compensation paid to the named executive officers is fair, reasonable and competitive. Generally, the types of compensation and benefits provided to the named executive officers are similar to those provided to executive officers at other public companies.

The Committee does not believe it is appropriate to set executive compensation levels based exclusively on compensation surveys and comparable company data. Rather, the Committee uses these surveys and comparable company data as tools for internally confirming that the Company's executive compensation program is, in the aggregate, reasonable in scope, market-competitive, and consistent from year to year. Other important factors that drive compensation decisions include individual qualifications and expertise, responsibility, annual individual performance, particular industry and market conditions of a business segment.

The Committee also considers the performance of the Company's named executive officers on an individual basis before determining the compensation arrangement for each of them.

The Committee may retain the services of advisors and it has the budgetary authority to hire such advisors as it deems necessary. In order to determine the competitiveness of the Company's overall compensation for executive officers, the Company reviews the compensation for comparable positions within its industry, the historical compensation levels of the executive officers and the individual performance of executive officers evaluated against their individual objectives established for the preceding year.

Due to the Company's filing for Chapter 11 reorganization under the U.S. Bankruptcy Code on November 20, 2009, no salary changes for the then-current named executive officers were implemented in 2010. As a result, the Committee did not engage an outside consultant to conduct a peer review in 2010.

Executive Compensation Program Elements

Executive compensation at the Company includes base salary, annual cash bonus incentive compensation, equity-based compensation and, depending on the individual, perquisites and severance benefits. Compensation benefits vary between executives based on the Committee's determination as to what is appropriate under the policies set forth above. Each year, the Committee reviews each named executive officer's total compensation and compares it with market data for similar positions at other public companies, market data and other relevant sources.

Base Salary

Base salary is intended to be a fixed level of competitive income and is compensation for services rendered in the job that the executive was hired to perform. In setting base salary, the Committee considers qualifications and experience, prior employment (including historical compensation), industry knowledge, scope of responsibilities (including potential growth in responsibilities), individual performance, quality of leadership, internal pay equity, survey data, and tax deductibility. No specific weighting is applied to the factors. Salaries are

Table of Contents

set once per year as part of the compensation review process. Annual increases to salaries, when approved and implemented, are based on individual performance, peer group data and cost of living adjustments.

Cash Bonus Incentive

For 2010, the Committee extended the approved 2009 Annual Management Bonus Program (Annual Management Bonus Program or MBP) for Operating Business Unit General Managers, including Stephen Webb and Philippe Brak. The MBP intends to focus on and reward achievement of short-term financial goals. The MBP pays quarterly bonuses based upon the profits contributed by an operating business unit and other factors such as: strategic initiatives, new product introductions, and the potential of the team and of the business unit. The MBP is generally designed to incentivize management to drive short-term operating results. The Committee has delegated authority to the CEO to administer the MBP taking into account various discretionary factors. The general parameters of the Annual Management Bonus Program are as follows:

Bonuses are payable to the business units that generate and contribute profits for a particular business quarter.

Between 1.5% to 5% of the business unit's profits will be allocated to a bonus pool for that business unit to be paid to that business unit's key managers/contributors, including the General Manager. Between 25% and 60% of the amount allocated to the bonus pool is to be paid to the General Manager at the discretion of the Company's CEO based on the size and nature of the division's business, the amount of contributed profits for that quarter, consistency of the business unit in achieving quarterly profitability and positive cash flow from operations.

The actual bonuses paid to the managers and key contributors of each business unit will vary by business unit and by quarter since they take into account the strategic role and complexity of each business unit, the growth potential of the business unit, the progress made on new product development and team building, the role of each business unit president/general manager and his impact on the business unit as well as prior bonus payments and other factors.

Target bonus pool amounts for each business unit are determined mostly from historical performance results. When a division has sustained a consistent level of profitability, a similar percentage of profits may be allocated for bonus payouts. In the case of a business unit that has not participated in this program in the past, the CEO will apply the factors mentioned above to determine an appropriate level of bonus pool to allocate to the business unit.

Annual cash bonuses for executives in non-operating business unit positions are intended to reward executive officers for the achievement of Company financial and/or individual performance.

Equity-Based Compensation

The Company uses equity-based compensation to align executive compensation with long-term goals that enhance shareholder value. Equity grants are also intended to promote executive retention with the Company by extending vesting periods over several years.

It is the Company's practice to make an initial equity-based grant to all executives at the time they commence employment in an amount that is consistent with those granted to executive officers within the Company and in the industry at similar levels of seniority using information obtained from sources such as the Radford Executive Compensation Survey, Culpepper Executive Compensation Survey data and Equilar. In the future, the Company expects to consider and make annual grants of equity-based compensation to executives during the first fiscal quarter of each year on a case-by-case basis.

Perquisites and Retirement Benefits

In addition to the elements of compensation discussed above, the Company offers the executive officers contributions towards health, dental, life, accidental death and dismemberment, and disability insurance premiums. The Company does not offer a deferred compensation program, nor does it offer retirement benefits other than a 401(k) defined contribution plan for U.S.-based executives and comparable local country competitive retirement savings benefits for non-U.S.-based executives. This plan provides for Company matching contributions of 50% of the first six percent of compensation up to the maximum amount allowed under the Internal Revenue Code.

In 2010, the Company matched 100% of contributions made by executive officers to the retirement savings benefits plan in the United Kingdom up to a maximum of 8% of the executive officer's earnings as defined in the associated plan document. Executives may also receive perquisites including, in various cases, a car allowance, tax preparation fee reimbursement, supplemental disability insurance, and other benefits, all of which are detailed in the Summary Compensation Table below.

2010 Executive Compensation The Year in Review

In setting executive compensation for 2010, the Committee reviewed the Company's existing compensation programs and philosophy in the context of the Company's Chapter 11 status and improving economic and business conditions in fiscal 2010.

On February 23, 2009, the Committee approved a 20% temporary one-year reduction of base salary effective April 1, 2009 for Messrs. Edelstein, Ph.D., Bellantuoni, Webb and Brak, each a named executive officer in 2009 and 2010. Effective April 1, 2010, the respective annual base salaries were reinstated. However, as a result of the adverse effect the world-wide economic downturn had on the Company's business, the Company's Chapter 11 bankruptcy filing, and the Company's status as a delinquent filer, the Company and the Committee recommended no increase in base salaries in 2010 to named executive officers and did not implement a 2010 executive bonus plan. Instead, the Company extended the Annual Management Bonus Program, established in 2009, for the managers and key contributors of the Company's business units, including Messrs. Brak and Webb, and provided eligibility for discretionary performance bonuses for non-operating executives, based on, among other things, consolidated net income (as a measure of overall financial performance) and executives' individual efforts to meet the extraordinary challenges facing the Company.

Following is a description of the Annual Management Bonus Program as it applied to Mr. Brak and Mr. Webb who were named executive officers during the year-ended December 31, 2010 and were eligible to participate in this Program.

Amounts earned pursuant to the Annual Management Bonus Program are determined based on the actual financial performance of their respective business unit. However, the determination of the bonus pool and amount allocated to the business unit manager were at the discretion of the Chief Executive Officer. Accordingly, individuals were to receive no cash payouts to the extent the financial performance of the business unit was deemed inadequate. Pursuant to the terms of the Annual Management Bonus Program, an overall bonus pool for the respective business unit was determined by the Chief Executive Officer based on actual operating profit earned by the business unit. Amounts earned by the business unit managers under the Annual Management Bonus Program were determined by the Chief Executive Officer based on an allocation of the overall bonus pool. Within the terms of the Annual Management Bonus Program, there were certain parameters defining a possible range of a business unit's operating profits that could be allocated to an overall bonus pool and a possible range of the established bonus pool that could be allocated to the respective business unit managers; however, the determination of the overall bonus pool and

Table of Contents

business unit manager allocation was purely discretionary since neither a threshold financial or performance metric nor a maximum payout was outlined. The actual amount earned is reported under the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table.

In 2010, Mr. Webb earned approximately \$36,000, which represents approximately 10.0% of the total 2010 bonus pool established for the business unit that Mr. Webb manages, pursuant to the Annual Management Bonus Program. Mr. Brak did not receive a cash bonus pursuant to the 2010 Annual Management Bonus Program. There was no bonus incentive plan pertaining to any of the other named executive officers during the year-ended December 31, 2010. However, certain named executive officers earned one-time bonus payments in 2010, as follows:

The Company authorized a one-time signing bonus in the amount of \$176,375 to John Roush, Chief Executive Officer, for joining the Company in December 2010.

The Company authorized a bonus payable in the amount of \$35,000 to Glenn Davis, Principal Financial Officer and Principal Accounting Officer, in connection with his contributions to the Company during its Chapter 11 bankruptcy proceedings.

The Company authorized a bonus payable in the amount of \$40,000 to Anthony Bellantuoni, Vice President, Corporate Resources, in connection with his significant contributions to the Company prior to and following the Chapter 11 bankruptcy proceedings.

The amounts paid to named executive officers in the fiscal year ended December 31, 2010 are detailed in the compensation tables that follow this section. This section should be read in conjunction with the Executive Compensation Program Elements section above.

The significant impact of the economic downturn on the Company followed by the Company's bankruptcy filing in November 2009 made it inappropriate to continue the equity-based component of the annual and long-term incentive awards.

Additionally, as a result of our Chapter 11 restructuring and the fact that a registration statement was not in effect for our 2006 Equity Incentive Plan, we did not have the ability to make any equity-based awards to our named executive officers. The 2006 Equity Incentive Plan was terminated upon our emergence from Chapter 11 as contemplated by our final plan of reorganization. Also, pursuant to the final plan of reorganization, our Board of Directors and the Company's shareholders authorized a new 2010 management incentive plan covering up to 8% of our fully-diluted common shares at the Company's annual shareholders' meeting on November 23, 2010.

Certain of the named executive officers who served during the fiscal year-ended December 31, 2010 are not compensated by the Company and therefore, are not subject to the overall philosophies expressed in this Compensation Discussion and Analysis.

Michael Katzenstein and Gabriel Bresler were appointed as Chief Restructuring Officer and Associate Chief Restructuring Officer, respectively, pursuant to the terms of an engagement letter dated May 6, 2010 between the Company and two of its wholly owned subsidiaries and FTI that was entered into in connection with the Company's Chapter 11 proceedings. Messrs. Katzenstein and Bresler are not employees of the Company and therefore are not compensated by the Company. Mr. Katzenstein also served as Company's Principal Executive Officer and Director from July 23, 2010 until December 14, 2010. Further information regarding the arrangement with FTI is provided in the section entitled "Certain Relationships" on page 53 of this management proxy circular.

Glenn Davis was appointed Principal Financial Officer and Principal Accounting Officer on April 1, 2010. Mr. Davis serves as Principal Financial Officer and Principal Accounting Officer pursuant to the terms of a referral agreement the Company entered into with Fenway Consulting Group, LLC on January 12, 2009 and is not an employee of the Company. With the exception of a \$35,000 bonus payment earned and paid to Mr. Davis in 2010, as described in footnote (1) to the Summary Compensation Table, Mr. Davis is not compensated by the Company. Further information regarding this arrangement is provided in the section entitled Certain Relationships on page 53 of this management proxy circular.

2010 CEO Compensation

Dr. Sergio Edelstein

Dr. Edelstein served as the Company's Chief Executive Officer from July 10, 2006 to May 25, 2010. On February 23, 2009, the Committee approved a temporary one-year reduction of base salary effective April 1, 2009 for Dr. Edelstein. Effective April 1, 2010, Dr. Edelstein's annual base salary was reinstated to \$520,000. As a result of the adverse effect the world-wide economic downturn was having on the Company's business and the Company's status as a delinquent filer, no formal cash incentive plan was developed for Dr. Edelstein in 2010 and no equity grants were awarded to him in 2010.

On May 24, 2010, the Company entered into a Separation and Release Agreement with Dr. Edelstein in which the terms and conditions related to his resignation from employment effective May 25, 2010 were specified. In exchange for a set of comprehensive releases from Dr. Edelstein, the Company agreed to provide Dr. Edelstein with: 12 months of base salary in the form of salary continuance, a lump sum payment of \$259,123.48 and immediate vesting of all outstanding unvested shares of restricted stock which were issued to him upon our emergence from bankruptcy.

Michael Katzenstein

Mr. Katzenstein served as Company's Principal Executive Officer from July 23, 2010 until December 14, 2010. As previously discussed, Mr. Katzenstein was appointed pursuant to an engagement letter the Company entered into with FTI Consulting Inc. and was not an employee of the Company and therefore was not compensated by the Company.

John Roush

On July 30, 2010, the Board formed an ad hoc Search Committee to plan and oversee a smooth transition to permanent senior leadership. This committee, chaired by Stephen Bershad, also included Dennis Fortino and Michael Katzenstein, who was serving as Principal Executive Officer of the Company following his role as Chief Restructuring Officer. The Search Committee retained Lancor, a global executive search firm, to assist it in identifying and vetting outside candidates for the position. The search was conducted on a nation-wide basis and a number of candidates from across the country were considered. The position required that the individual reside in or relocate to the greater Boston area. The Search Committee, with the assistance of the search firm, identified and interviewed multiple candidates, ultimately narrowing the selection to three outside candidates. Each member of the Search Committee interviewed each of the finalists at least once. After considering all of the information, the Search Committee ultimately recommended John Roush to the full Board as the most qualified candidate for the position. Mr. Roush was living and working in Massachusetts at the time. The Search Committee negotiated the terms of Mr. Roush's agreement. The terms of the employment agreement with Mr. Roush were guided by: comparable company data provided by Towers Watson, a leading global professional services company well known for its executive compensation practice; the Company's existing CEO compensation program; Mr. Roush's salary history; and input from Lancor.

Table of Contents

On November 16, 2010, the Company and Mr. Roush entered into an employment agreement (the "CEO Employment Agreement") providing for the employment of Mr. Roush in an advisory capacity prior to December 14, 2010 and as the Company's Chief Executive Officer on and after December 14, 2010. The initial term of Mr. Roush's employment (the "Initial CEO Term") expires on December 13, 2013 and will automatically be extended for successive one-year periods unless either the Company or Mr. Roush gives 90-days notice of non-extension to the other party (the "Initial CEO Term" and any such successive one-year periods, collectively, the "CEO Term"). Mr. Roush receives an initial base salary of \$500,000 per year, subject to review and upward adjustment by the Company's Board of Directors in its sole discretion. In addition, in March 2011, the Company paid Mr. Roush a one-time cash payment of \$176,375. On December 20, 2010, the Company granted to Mr. Roush 333,334 restricted stock units (the "CEO Sign-On RSUs") pursuant to the terms of the CEO Employment Agreement. The CEO Sign-On RSUs will vest in substantially equal installments over three years from December 13, 2010 and will become fully vested immediately prior to a Change in Control (as defined in the CEO Employment Agreement). During the period beginning on December 13, 2010 and ending immediately prior to the grant of the CEO Sign-On RSUs, Mr. Roush was, under certain circumstances, entitled to receive (but did not ultimately receive) a one-time lump sum cash payment equal to the fair market value of 333,334 shares of the Company's common stock in lieu of the CEO Sign-On RSUs.

Starting in 2011, Mr. Roush will be eligible to receive an annual performance-based cash bonus of 85% of his annual base salary (the "CEO Target Bonus") payable upon the attainment of individual and Company performance goals established by the Board of Directors in consultation with Mr. Roush, which the Board of Directors may increase at its discretion should such performance goals be exceeded. With respect to 2011, Mr. Roush will receive a minimum cash bonus equal to 80% of the CEO Target Bonus even if his individual and/or the Company performance goals are not attained.

In March 2011, the Company granted Mr. Roush the 2011 annual equity compensation award required by the terms of the CEO Employment Agreement in the form of 133,334 restricted stock units (the "CEO 2011 RSUs"), which will vest in substantially equal installments over three years from the date of grant and will become fully vested immediately prior to a Change in Control. Beginning in 2012, Mr. Roush will be granted an annual equity compensation award equal to 200% of his annual base salary in each applicable year of the CEO Term (collectively, the "CEO Annual Equity Awards").

Post-2010 Executive Agreements

On February 10, 2011, the Company and Robert Buckley entered into an employment agreement (the "CFO Employment Agreement") providing for the employment of Mr. Buckley in an advisory capacity prior to March 31, 2011 and as the Company's Chief Financial Officer on and after March 31, 2011. The initial term of Mr. Buckley's employment (the "Initial CFO Term") expires on February 22, 2014 and will automatically be extended for successive one-year periods unless either the Company or Mr. Buckley gives 90-days notice of non-extension to the other party (the "Initial CFO Term" and any such successive one-year periods, collectively, the "CFO Term"). Mr. Buckley receives an initial base salary of \$325,000 per year, subject to review and upward adjustment by the Company's Board of Directors in its sole discretion. On February 22, 2011, the Company granted Mr. Buckley 110,000 restricted stock units (the "CFO Sign-On RSUs") pursuant to the terms of the CFO Employment Agreement. The CFO Sign-On RSUs will vest in substantially equal installments over three years from the Effective Date and will become fully vested immediately prior to a Change in Control (as defined in the CFO Employment Agreement).

Starting in 2011, Mr. Buckley will be eligible to receive an annual performance-based cash bonus of 65% of his annual base salary (the "CFO Target Bonus") payable upon the attainment of individual and Company performance goals established by the Board of Directors in consultation with Mr. Buckley, which the Board of Directors may increase at its discretion should such performance goals be exceeded. With respect to 2011, Mr. Buckley will receive a minimum cash bonus equal to 85% of the CFO Target Bonus even if his individual and/or the Company performance goals are not attained.

Table of Contents

In March 2011, the Company granted Mr. Buckley the 2011 annual equity compensation award in the form of 50,000 restricted stock units pursuant to the terms of the CFO Employment Agreement, which will vest in substantially equal installments over three years from the date of grant and will become fully vested immediately prior to a Change in Control. Beginning in 2012, Mr. Buckley will be granted an annual equity compensation award equal to 150% of his annual base salary in each applicable year of the CFO Term (collectively, the CFO Annual Equity Awards). The CFO Annual Equity Awards will become fully vested immediately prior to a Change in Control and will otherwise be subject to the same vesting schedule and other general terms and conditions as annual equity awards made to other senior executives of the Company.

The terms of the employment agreement with Mr. Buckley were guided by: comparable company data provided by Towers Watson, a leading global professional services company well known for its executive compensation practice; the Company's previous CFO compensation program and Mr. Buckley's salary history.

Executive Severance Agreements

Pursuant to the employment agreement entered into with Mr. Roush on November 16, 2010, the Company has certain obligations to Mr. Roush upon termination of employment. Further information regarding the termination obligations is provided in Potential Payments Upon Termination or Change in Control below.

Pursuant to the employment agreement entered into with Mr. Buckley on February 10, 2011, the Company has certain obligations to Mr. Buckley upon termination of employment. Further information regarding the termination obligations is provided in Potential Payments Upon Termination or Change in Control below.

Indemnification Agreements

As of December 31, 2010, Messrs. Roush, Katzenstein, Davis, Bellantuoni, and Dr. Edelstein were parties to indemnification agreements with the Company and, in the case of Mr. Roush, GSI Group Corp., a subsidiary of the Company. Additionally, Messrs. Katzenstein and Bresler are covered by an indemnification provision included in the engagement letter between the Company and FTI. In addition, as of February 10, 2011, Mr. Buckley became a party to indemnification agreements with the Company and GSI Group Corp., a subsidiary of the Company. Such indemnification agreements and provisions generally provide, among other things, that each executive will be indemnified to the fullest extent permitted by applicable law against all expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred by such executive in connection with any proceeding by reason of his or her relationship with the Company. In addition, such indemnification agreements and provisions provide for the advancement of expenses incurred by each executive in connection with any proceeding covered by such indemnification agreements, subject to the conditions set forth therein and to the extent such advancement is not prohibited by law.

Tax and Accounting Implications

In 2010, the Company's compensation programs were affected by each of the following:

Accounting for Stock-Based Compensation: The Company accounts for stock-based compensation in accordance with the requirements of Accounting Standard Codification (ASC) 718, Stock Compensation. The Company also takes into consideration ASC 718 and other generally accepted accounting principles in determining changes to policies and practices for its stock-based compensation programs.

Section 162(m) of the Internal Revenue Code: This section generally limits the deductibility of compensation for a public company's chief executive officer and its three other most highly compensated named executive officers (other than the principal financial officer) unless the compensation is less than \$1 million during any fiscal year or is performance-based under

Table of Contents

Section 162(m). The Company periodically reviews the potential consequences of Section 162(m), and it generally intends to structure the performance-based portion of executive compensation, where feasible, to comply with exemptions in Section 162(m) so that the compensation remains tax deductible to the Company. The Committee in its judgment may; however, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such compensation is appropriate and in the best interests of the stockholders after taking various factors into consideration, including business conditions and the performance of such executive officer.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Company's Compensation Discussion and Analysis, and based on such review and discussions, has recommended to the board of directors that the Compensation Discussion and Analysis be included in the Company's 2010 Management Proxy Circular.

signing bonus earned by Mr. Roush in 2010 and paid to Mr. Roush prior to March 15, 2011. Amount shown for Mr. Davis in 2010 represents a one-time bonus earned by and paid to Mr. Davis in 2010 pursuant to his contributions to the Company during its Chapter 11 bankruptcy proceedings. Amount shown for Mr. Bellantuoni in 2010 represents a one-time bonus earned by Mr. Bellantuoni in 2010 and paid prior to March 15, 2011, for his significant contributions to the Company during the year-ended December 31, 2010. Amount shown for Mr. Brak in 2008 represents a one-time signing bonus earned by and paid to Mr. Brak in 2008.

- (2) Amounts shown do not reflect compensation actually received. Rather, amounts shown represent the aggregate grant date fair value of these awards determined in accordance with ASC 718 (disregarding any reduction in such value due to any estimate of forfeitures related to service-based vesting conditions). Under ASC 718, compensation expense with respect to stock awards is generally recognized over the vesting periods applicable to the awards. For further discussion regarding the assumptions used in the estimation of the fair value of these awards and details regarding the associated calculation of compensation cost related thereto, refer to Note 10 to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010, filed with the SEC on March 30, 2011. With the exception of a sign-on restricted stock unit award granted to Mr. Roush in 2010 pursuant to his employment agreement, there were no stock or option awards granted to NEOs in the fiscal years ended December 31, 2010 or 2009. The amount shown for Dr. Edelstein in 2010 represents the aggregate compensation cost recognized during the year-ended December 31, 2010 associated with the modification of previously granted, outstanding but unvested, restricted stock awards pursuant to the Separation and Release Agreement entered into as of May 24, 2010.
- (3) Amounts shown consist of awards earned during the period based on performance under the applicable annual cash bonus incentive plan. With the exception of amounts earned in 2008, amounts earned under the Company's annual cash bonus incentive plan are typically payable by their terms at a later date in the year following the year in which they are earned, subject to continued employment through the date of payment. Amounts shown for 2008 were originally payable by their terms in March 2009, subject to continued employment through the date of payment, but payment was subsequently deferred until successful completion of the Company's restatement upon filing of the Form 10-K for the year-ended December 31, 2008. Amounts earned in 2008 were paid in 2010. The only cash bonus incentive plan in effect during the years ended December 31, 2010 and 2009 was the Annual Management Bonus Program, which applied to only Messrs. Brak and Webb. Under this program, Messrs. Brak and Webb were eligible to earn and be paid a bonus on a quarterly basis.

- (5) Messrs. Katzenstein and Bresler were appointed Chief Restructuring Officer and Associate Chief Restructuring Officer, respectively, pursuant to the terms of the engagement letter dated May 6, 2010 between the Company and two of its wholly owned subsidiaries and FTI. Mr. Katzenstein also served as the Company's Principal Executive Officer and as a Director of the Company from July 23, 2010 until December 14, 2010. Further information regarding the arrangement with FTI is provided in the section entitled "Certain Relationships" on page 53 of this management proxy circular.
- (6) Mr. Davis was appointed Principal Financial Officer and Principal Accounting Officer on April 1, 2010. Mr. Davis serves as Principal Financial Officer and Principal Accounting Officer pursuant to the terms of a referral agreement the Company entered into with Fenway Consulting Group, LLC on January 12, 2009. Assuming the highest level of performance conditions would be achieved, the aggregate grant date fair value of all stock awards granted to each of Mr. Webb and Mr. Bellantuoni in 2008 would be \$279,450, an increase of \$178,200 to the respective numbers reported in the table above.
- (8) Amount shown includes, among other things, reimbursements for costs incurred while Mr. Brak was on assignment in Rugby, UK, including tax-related gross-up payments and the related relocation costs incurred in connection with Mr. Brak's relocation from Rugby, UK to California, USA, which in the aggregate equaled approximately \$540,276.

At the time of the grant, it was not probable that the performance conditions related to these shares would be achieved. Assuming the highest level of performance conditions would be achieved, the aggregate grant date fair value of all stock awards granted to Mr. Brak in 2008 would be \$558,900, an increase of \$356,400 to the number reported in the table above.
- (11) Amount shown represents cash bonus payable pursuant to the Annual Management Bonus Program.

The vesting was accelerated for all outstanding awards whether subject only to service-based vesting conditions or also subject to the achievement of performance metrics. The accelerated vesting pertained to 58,332 restricted stock awards,

including 50,000 performance-based shares granted in 2006 and 8,332 service-based shares granted in 2008. The amount shown represents the aggregate modification date fair value of the accelerated awards based on the stock price on the date of modification.

- (13) Excludes 44,000 performance-based restricted stock awards that were granted on March 14, 2008 and were forfeited during the year-ended December 31, 2008. At the time of the grant, it was not probable that the performance conditions related to these shares would be achieved. Assuming the highest level of performance conditions would be achieved, the aggregate grant date fair value of all stock awards granted to Dr. Edelstein in 2008 would be \$1,676,700, an increase of \$1,069,200 to the number reported in the table above.

President/General Manager and Managing Director, of certain business units. Amounts earned pursuant to the Annual Management Bonus Program are determined based on the financial performance of the respective business units. However, the determination of the bonus pool and amount allocated to the business unit manager were at the discretion of the Chief Executive Officer. Accordingly, individuals were to receive no cash payouts to the extent the financial performance of the

business unit was deemed inadequate. Pursuant to the terms of the Annual Management Bonus Program, an overall bonus pool for the respective business unit was determined by the Chief Executive Officer based on actual operating profit earned by the business unit. Amounts earned by the business unit managers under the Annual Management Bonus Program were determined by the Chief Executive Officer based on an allocation of the overall bonus pool. Within the terms of the Annual Management Bonus Program, there were certain parameters defining a possible range of a business unit's operating profits that could be allocated to an overall bonus pool and a possible range of the established bonus pool that could be allocated to the respective business unit managers; however, the determination of the overall bonus pool and business unit manager allocation was purely discretionary since neither a threshold financial or performance metric nor a maximum payout was outlined. The actual amount earned is reported under the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table.

- (2) No performance-based awards under any equity incentive plan were granted to the NEOs during the year ended December 31, 2010.
- (3) Grant date fair value of restricted stock unit award issued during the year-ended December 31, 2010 was calculated by multiplying the number of restricted stock units granted by the market price of the Company's common stock on the date of grant.
- (4) The 2009 Management Bonus Program was approved in February 2009 and the Company decided to continue the program in 2010.
- (5) Failure to generate operating profit or meet a minimum level of performance as determined by the Chief Executive Officer would have resulted in no bonus earned or paid out pursuant to the Annual Management Bonus Program.
- (6) The target payouts assume the achievement of the quarterly operating profit objective pursuant to the respective business unit's fiscal year 2010 forecast. Additionally, the target payouts assume that the overall bonus pool for the respective business unit is established at the mid-point of the range as defined in the Annual Management Bonus Program and that the allocation of the bonus pool to the respective executive is also at the mid-point of the range as defined in the Annual Management Bonus Program. The actual amount earned by Mr. Brak and Mr. Webb, respectively, under the Annual Management Bonus Program was \$0 and \$36,025, respectively. The target payout for Mr. Brak is \$0 because the respective business unit was not expected to generate an operating profit.
- (7) The maximum potential payouts assume the achievement of the quarterly operating profit objective pursuant to the respective business unit's fiscal year 2010 forecast. Additionally, the maximum potential payouts assume that the overall bonus pool for the respective business unit is established at the maximum of the range as defined in the Annual Management Bonus Program and that the allocation of the bonus pool to the respective executive is also at the maximum of the range as defined in the Annual Management Bonus Program. However, the maximum potential payouts under the Annual Management Bonus Program were unlimited. The actual amount earned by Mr. Brak and Mr. Webb, respectively, under the Annual Management Bonus Program was \$0 and \$36,025, respectively. The maximum potential payout for Mr. Brak is \$0 because the respective business unit was not expected to generate an operating profit.
- (8) Pursuant to the terms of the Separation and Release Agreement entered into as of May 24, 2010, the vesting associated with all of Dr. Edelstein's unvested previously issued restricted stock awards was accelerated effective on the date of employment termination (May 25, 2010). The vesting was accelerated for all outstanding awards whether subject only to service-based vesting conditions or also subject to the achievement of performance metrics. The accelerated vesting pertained to 58,332 restricted stock awards, including 50,000 performance-based shares granted in 2006 and 8,332 service-based shares granted in 2008.
- (9) The amount shown represents the aggregate modification date fair value of the accelerated awards based on the stock price on the date of modification.

Table of Contents**Potential Payments Upon Termination or Change of Control**

The following table sets forth estimated compensation that, in addition to any payments in connection with earned but unpaid salary, unused vacation time, employee benefits and business expenses through the applicable termination date, the Company would be obligated to provide to each of the Company's Named Executive Officers upon termination of employment or change in control pursuant to the terms of individualized employment agreements or other contractual obligations. - (2) Beginning in 2011, the amount to be paid is equal to the product of: (i) amount of bonus that would have been payable if executive was still employed as of the applicable date in which the date of termination occurs based on actual individual and Company performance goals in such year and (ii) ratio of the number of days elapsed during the fiscal year in which such termination of employment occurs to 365. However, if the termination date occurs in 2011, the guaranteed bonus (if greater), which is equal to 80% of the target bonus of 85% of annual base salary, will be used in place of the calculated bonus.

- (6) The following additional equity awards may be granted in the future and may be subject to accelerated vesting in connection with certain terminations of employment on and after the applicable date of grant: (i) 133,334 RSUs granted in March 2011 and (ii) annual equity compensation awards with a value equal to 200% of Mr. Roush's annual base salary, commencing after 2011.
- (7) The estimated amount of the potential tax gross-up payment was calculated assuming (1) a change of control on December 31, 2010, (2) the application of the highest marginal rate of federal income taxation, and (3) the application of the highest marginal rate of state and local income taxes in the locality of Mr. Roush's residence (net of the maximum reduction in federal income taxes which could be obtained from deduction of such state and local taxes). This estimated calculation is for purposes of this table only and does not reflect any reduction for any amounts determined to be reasonable compensation or attributable to non-competition covenants; actual results may differ.

Termination Agreements

Employment Agreement with Mr. Roush

On November 16, 2010, the Company and Mr. Roush entered into an employment agreement (as defined above, the "CEO Employment Agreement"). The initial term of the CEO Employment Agreement is a period of three years from December 13, 2010 through December 13, 2013, unless earlier terminated. The initial term will automatically renew for successive one year periods, unless either party gives notice of non-extension no later than 90 days prior to expiration of the then-applicable term. Pursuant to the terms of the CEO Employment Agreement, there are certain obligations of the Company that become due in the event of termination or change in control.

Upon termination of Mr. Roush's employment for any reason, Mr. Roush or Mr. Roush's estate is entitled to receive: (i) any portion of Mr. Roush's annual base salary through the date of termination not theretofore paid, (ii) any business expenses owed to Mr. Roush, (iii) any accrued, but unused vacation pay owed to Mr. Roush and (iv) any amount arising from Mr. Roush's participation in, or benefits under, any employee benefit plans, programs or arrangements (together referred to as "CEO Accrued Amounts").

If Mr. Roush's employment is terminated by the Company without Cause (as defined in the CEO Employment Agreement) or by Mr. Roush for Good Reason (as defined in the CEO Employment Agreement), then in addition to the payment of the CEO Accrued Amounts, the Company will: (i) continue to pay the annual base salary for 18 months in accordance with the Company's regular payroll practices; provided that if such termination occurs within 12 months after a Change in Control (as defined in the CEO Employment Agreement), then, in lieu of the foregoing annual base salary payments, the Company will pay Mr. Roush a lump sum equal to 200% of his annual base salary, (ii) pay Mr. Roush a pro rata portion of any performance-based cash bonus to which he would have been entitled had he remained employed by the Company (or, if termination of Mr. Roush's employment occurs in the fiscal year 2011, a prorated portion of his guaranteed bonus for 2011 if greater), and (iii) cause any unvested CEO Sign-On RSUs to become vested, the pro rata portion of the CEO 2011 RSUs and any CEO Annual Equity Awards subject to service-based vesting to become vested, and the pro rata portion of any CEO Annual Equity Awards subject to performance-based vesting to continue to be eligible to become vested in accordance with its terms based on actual performance; provided that if such termination occurs (x) while Mr. Roush is unable to engage in substantial gainful activity that may reasonably be expected to result in Disability (as defined in the CEO Employment Agreement), then the Company will cause the CEO Sign-On RSUs, the CEO 2011 RSUs, and all CEO Annual Equity Awards subject to service-based vesting to be fully vested and all CEO Annual Equity Awards subject to performance-based vesting to continue to be eligible

to become vested in accordance with their terms based on actual performance, and (y) within 12 months after a Change in Control, then the Company will cause all unvested equity awards held by Mr. Roush to become vested, deeming for purposes of awards subject to performance-based vesting that the Company will attain target performance levels.

If Mr. Roush's employment is terminated due to death or by the Company due to Disability (as defined in the CEO Employment Agreement), then in addition to the payment of the CEO Accrued Amounts, the Company will: (i) pay Mr. Roush a pro rata portion of any performance-based cash bonus to which he would have been entitled had he remained employed by the Company (or if termination of Mr. Roush's employment occurs in the fiscal year 2011, a prorated portion of his guaranteed bonus for 2011 if greater), (ii) cause any unvested CEO Sign-On RSUs, CEO 2011 RSUs and CEO Annual Equity Awards subject to service-based vesting to become fully vested, and (iii) cause all CEO Annual Equity Awards subject to performance-based vesting to continue to be eligible to become vested in accordance with their terms based on actual performance.

Mr. Roush is also entitled to a tax gross-up in the event that any payments due to him pursuant to the CEO Employment Agreement or otherwise would be subject to an excise tax imposed by Sections 280G and 4999 of the Code. The gross-up is intended to be of an amount necessary to place Mr. Roush in the same after-tax position as if no payments to him were subject to an excise tax under Sections 280G and 4999 of the Code.

In accordance with the terms of the CEO Employment Agreement, no payment shall be made and no acceleration in vesting shall occur, pursuant to Mr. Roush's employment being terminated by the Company without Cause, within 12 months after a Change in Control, by Mr. Roush for Good Reason, due to death or by the Company due to Disability, if and following the date certain Restricted Covenants (as defined in the CEO Employment Agreement) are violated during the Restricted Period (defined as the period from the Effective Date, as defined in the CEO Employment Agreement, through the eighteen month anniversary of the Date of Termination, as defined in the CEO Employment Agreement), if the violations are not cured within 30 days of written notice thereof.

Employment Agreement with Mr. Buckley

On February 11, 2011, the Company and Mr. Buckley entered into an employment agreement (as defined above the CFO Employment Agreement). The initial term of Mr. Buckley's employment (the Initial CFO Term) expires on February 22, 2014, unless earlier terminated. The initial term will automatically renew for successive one year periods, unless either party gives notice of non-extension no later than 90 days prior to expiration of the then-applicable term. Pursuant to the terms of the CFO Employment Agreement, there are certain obligations of the Company that become due in the event of termination or change in control.

Upon termination of Mr. Buckley's employment for any reason, Mr. Buckley or Mr. Buckley's estate is entitled to receive: (i) any portion of Mr. Buckley's annual base salary through the date of termination not theretofore paid, (ii) any business expenses owed to Mr. Buckley, (iii) any accrued, but unused vacation pay owed to Mr. Buckley and (iv) any amount arising from Mr. Buckley's participation in, or benefits under, any employee benefit plans, programs or arrangements (together referred to as CFO Accrued Amounts).

If Mr. Buckley's employment is terminated by the Company without Cause (as defined in the CFO Employment Agreement) or by Mr. Buckley for Good Reason (as defined in the CFO Employment Agreement), then in addition to the payment of the CFO Accrued Amounts, the Company will: (i) continue to pay the annual base salary for 18 months in accordance with the Company's regular payroll practices; provided that if such termination occurs within 12 months after a Change in Control (as defined in the CFO Employment Agreement), then, in lieu of the foregoing annual base salary payments, the Company will pay Mr. Buckley a lump sum equal to 200% of his annual base salary, (ii) pay Mr. Buckley a pro rata portion of any performance-based cash bonus to which he would have been entitled had he remained employed by the Company (or, if termination of Mr. Buckley's employment occurs in the fiscal year 2011, a prorated portion of his guaranteed bonus for 2011 if

greater), and (iii) cause any unvested CFO Sign-On RSUs to become vested, the pro rata portion of the CFO 2011 RSUs and any CFO Annual Equity Awards subject to service-based vesting to become vested, and the pro rata portion of any CFO Annual Equity Awards subject to performance-based vesting to continue to be eligible to become vested in accordance with its terms based on actual performance; provided that if such termination occurs while Mr. Buckley is unable to engage in substantial gainful activity that may reasonably be expected to result in Disability (as defined in the CFO Employment Agreement), then the Company will cause the CFO Sign-On RSUs, the CFO 2011 RSUs, and all CFO Annual Equity Awards subject to service-based vesting to be fully vested and all CFO Annual Equity Awards subject to performance-based vesting to continue to be eligible to become vested in accordance with their terms based on actual performance.

If Mr. Buckley's employment is terminated due to death or by the Company due to Disability (as defined in the CFO Employment Agreement), then in addition to the payment of the CFO Accrued Amounts, the Company will: (i) pay Mr. Buckley a pro rata portion of any performance-based cash bonus to which he would have been entitled had he remained employed by the Company (or, if termination of Mr. Buckley's employment occurs in the fiscal year 2011, a prorated portion of his guaranteed bonus for 2011 if greater), (ii) cause any unvested CFO Sign-On RSUs, CFO 2011 RSUs and CFO Annual Equity Awards subject to service-based vesting to become fully vested, and (iii) cause all CFO Annual Equity Awards subject to performance-based vesting to continue to be eligible to become vested in accordance with their terms based on actual performance.

Mr. Buckley is also entitled to a tax gross-up in the event that any payments due to him pursuant to the CFO Employment Agreement or otherwise would be subject to an excise tax imposed by Sections 280G and 4999 of the Code. The gross-up is intended to be of an amount necessary to place Mr. Buckley in the same after-tax position as if no payments to him were subject to an excise tax under Sections 280G and 4999 of the Code.

In accordance with the terms of the CFO Employment Agreement, no payment shall be made and no acceleration in vesting shall occur, pursuant to Mr. Buckley's employment being terminated by the Company without Cause, within 12 months after a Change in Control, by Mr. Buckley for Good Reason, due to death or by the Company due to Disability, if and following the date certain Restricted Covenants (as defined in the CFO Employment Agreement) are violated during the Restricted Period (defined as the period from the Effective Date, as defined in the CFO Employment Agreement, through the eighteen month anniversary of the Date of Termination, as defined in the CFO Employment Agreement), if the violations are not cured within 30 days of written notice thereof.

Service Agreement with Mr. Webb

On December 13, 2010, the Company and Mr. Webb entered into a service agreement (" Service Agreement "). Pursuant to the terms of the Service Agreement, there are certain obligations of the Company that become due in the event of termination.

The term of employment will continue pursuant to the terms of the Service Agreement until terminated by either the Company or Mr. Webb giving the other at least nine months of written notice (" Notice Period "). However, the employment may be terminated at any time and with immediate effect by the Company, if the Company pays a sum in lieu of notice (" Payment in Lieu ") equal to the salary as of the date of termination which the employee would have been entitled to receive under the Service Agreement during the Notice Period. The Payment in Lieu will not include any element in relation to: (i) any bonus or commission payments that might otherwise have been due during the period for which the Payment in Lieu is made, (ii) any payment with respect to benefits which the employee would have been entitled to receive during the period for which the Payment in Lieu is made; and (iii) any payment with respect to any holiday entitlement (as defined in the Service Agreement) that would have accrued during the period for which the Payment in Lieu is made. The Payment in Lieu would be payable in equal monthly installments (" Installment Payments ") until the date on which the notice period would have expired if notice had been given. In the event of a Payment in Lieu, Mr. Webb would be

obliged to seek alternative income during the Payment in Lieu period and to notify the Company of any income received during this period. In the event alternative income is received, the installment payments would be reduced by the amount of such alternative income received. The Company may also terminate the employment with Mr. Webb with immediate effect, without notice and with no liability to make any further payment to Mr. Webb, other than amounts accrued at the date of termination, if certain conditions pursuant to the terms of the Service Agreement exist.

Also, pursuant to the terms of the Service Agreement, following service of the notice to terminate, the Company or the Company's Board of Directors may by written notice require Mr. Webb not to perform any service, or to perform only specific services until the termination of employment. During this period, Mr. Webb would continue to receive his salary and all contractual benefits in the usual way and subject to the terms of any benefit arrangement, remain an employee of the Company and bound by the terms of the Service Agreement, and follow other specified conditions pursuant to the Service Agreement.

Pursuant to the terms of the Service Agreement, there are certain post-termination restrictions that Mr. Webb must comply with in order to protect the confidential information, trade secrets and business connections of the Company. These restrictions generally extend 12 months following termination.

Separation and Release Agreement for Dr. Edelstein

Dr. Edelstein's employment with the Company terminated effective May 25, 2010. The Company entered into a Separation and Release Agreement (Separation Agreement) with Dr. Edelstein as of May 24, 2010, which superseded all prior arrangements and understandings related to rights and benefits in effect upon termination or change in control. Pursuant to the Separation Agreement, Dr. Edelstein executed a release in favor of the Company in exchange for certain separation benefits. More specifically, the Separation Agreement with Dr. Edelstein provided for payment of the following benefits:

All accrued and unpaid base salary earned through May 25, 2010;

Payment for earned and accrued unused vacation time through May 25, 2010;

12 months of salary continuation, \$520,000, to be paid in accordance with the Company's normal bi-weekly payroll practices;

A lump sum payment of \$259,123.48, and

Reimbursement for all reasonable business expenses incurred by Dr. Edelstein prior to termination provided that expenses are submitted in accordance with the Company's policies no later than 45 days following the termination date.

In addition, in accordance with the terms of the Separation Agreement, the vesting associated with all of Dr. Edelstein's unvested previously issued restricted stock awards was accelerated effective on the date of employment termination. The vesting was accelerated for all outstanding awards whether subject only to service-based vesting conditions or also subject to the achievement of performance metrics.

Change in Control Agreements

At the Annual and Special Meeting of Shareholders held on November 23, 2010, the shareholders of GSI Group, Inc. approved the Company's 2010 Incentive Award Plan (2010 Incentive Plan). The 2010 Incentive Plan provides for the grant of incentive stock options, non-qualified stock options, restricted stock, restricted stock units, stock appreciation rights, deferred stock, deferred stock units, dividend equivalents, performance awards and stock payments to employees, consultants and directors. The 2010 Incentive Plan does not provide

for a specific effect upon a Change in Control, as defined. Therefore, in general, upon a Change in Control, as defined, the terms and conditions of the applicable award agreement would control.

Pursuant to the terms of restricted stock unit award agreements for the 333,334 and 133,334 restricted stock units granted to Mr. Roush on December 20, 2010 and March 9, 2011, respectively, the restricted stock units will become fully vested and nonforfeitable immediately prior to a Change in Control, as defined in the CEO Employment Agreement, and subject to the consummation of, and Mr. Roush's continued employment or services until immediately prior to, such Change in Control.

Pursuant to the terms of restricted stock unit award agreements for the 110,000 and 50,000 restricted stock units granted to Mr. Buckley on February 22, 2011 and March 9, 2011, respectively, the restricted stock units will become fully vested and nonforfeitable immediately prior to a Change in Control, as defined in the CFO Employment Agreement, and subject to the consummation of, and Mr. Buckley's continued employment or services until immediately prior to, such Change in Control.

DIRECTOR COMPENSATION

In general, the Company uses a combination of cash and equity-based compensation to attract and retain candidates to serve on the Company's Board of Directors. The Company does not compensate directors who are also employees for their service on the Board of Directors. Accordingly, during the year-ended December 31, 2010, Messrs. Roush, Katzenstein, and Dr. Edelstein, who served as the Company's Chief Executive Officer or Principal Executive Officer, at different times during the year-ended December 31, 2010, did not receive any compensation for their service on the Board of Directors. The Board of Director compensation is overseen by the Nominating and Corporate Governance Committee rather than the Compensation Committee, which focuses on employee compensation. The Nominating and Corporate Governance Committee periodically reviews its cash and equity-based compensation for non-employee directors and makes recommendations to the Board of Directors for any adjustments.

Prior to the Company's emergence from its Chapter 11 restructuring on July 23, 2010, the director compensation included an annual retainer earned quarterly, an additional annual retainer earned quarterly for serving as a Chairperson of the Board of Directors or for serving as a chairperson of a committee of the Board of Directors, individual meeting fees for each meeting or teleconference attended, and an annual grant of \$40,000 of time-based restricted stock that was scheduled to vest annually in equal increments over three years, beginning on the first anniversary of the grant date. The annual director fee for service on the Board of Directors was \$13,200. The additional annual fee for service as the Chairperson of the Board of Directors was \$32,400. The additional annual fee for service as chairperson of a committee was \$4,800 for the chairperson of the Audit Committee, \$2,400 for both the chairperson of the Compensation Committee and the chairperson of the Nominating and Corporate Governance Committee, and \$1,600 for the chairperson of the Technology Committee. In addition, fees for each in-person individual meeting were \$1,200, while fees for each individual teleconference meeting were \$600. Upon emergence from bankruptcy, fees payable for compensation related to annual retainers and individual meetings that occurred in 2010 through the date of bankruptcy emergence were paid in cash to the members of the pre-emergence Board of Directors. Also, fees payable to the pre-emergence Board of Directors for compensation owed related to annual retainers and individual meeting fees that occurred prior to 2010, but were unpaid as of the date of emergence, were satisfied through the issuance of common shares and cash, as applicable, upon emergence from Chapter 11 restructuring on July 23, 2010. Additionally, upon emergence from bankruptcy, the 2010 annual grant of \$40,000 time-based restricted stock was granted to each director who continued to serve on the reconstituted post-emergence Board of Directors and to each director for whom the retirement provisions of the Company's equity plan applied. Members of the pre-emergence Board of Directors who were neither named to the reconstituted post-emergence Board of Directors nor affected by the retirement provisions of the Company's equity plan forfeited their rights to the 2010 annual grant of \$40,000 of time-based restricted stock. Additionally, Ms. Hatsopoulos received an additional cash payment of \$45,000 in recognition of her services during the Chapter 11 restructuring.

Upon emergence from its Chapter 11 restructuring on July 23, 2010, the Company's Board of Directors was reconstituted. Following the Company's emergence from its Chapter 11 restructuring, the Nominating and Corporate Governance Committee engaged Towers Watson to evaluate the board's non-employee director compensation practices. In September 2010, following such evaluation, the Board of Directors approved the following compensation for non-employee directors:

Each non-employee member of the Board of Directors will receive an annual retainer in the amount of \$125,000.

The Chairperson of the Audit Committee will receive an additional annual retainer in the amount of \$15,000.

Table of Contents

The Chairperson of the Compensation Committee and the Nominating and Corporate Governance Committee will each receive an additional annual retainer in the amount of \$10,000 (unless any such Chairperson is also serving as non-executive Chairperson of the Board of Directors).

The non-executive Chairperson of the Board of Directors will receive an additional annual retainer in the amount of \$125,000. Fifty percent of the foregoing non-employee director compensation will be paid in the form of cash and the remaining fifty percent of such compensation will be payable in the form of deferred stock units that will be convertible into shares of the Company's common stock upon a holder's termination of directorship with the Company.

As of the end of the Company's fiscal year ended December 31, 2010, each director and former director was also a party to an indemnification agreement with the Company. Such indemnification agreements generally provide, among other things, that each director shall be indemnified to the fullest extent permitted by applicable law against all expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred by such director in connection with any proceeding by reason of his or her relationship with the Company. In addition, such indemnification agreements provide for the advancement of expenses incurred by such director in connection with any proceeding covered by such indemnification agreements, subject to the conditions set forth therein and to the extent such advancement is not prohibited by law.

For further discussion regarding the assumptions used in the estimation of the fair value of these awards and details regarding the associated calculation of compensation cost related thereto, refer to Note 10 to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010, filed with the SEC on March 30, 2011.

Upon the Company's emergence from its Chapter 11 restructuring on July 23, 2010, all outstanding option awards held by the former directors were cancelled. Table of Contents**CERTAIN RELATIONSHIPS**

The Company's written Code of Ethics and Business Conduct sets forth the general principle that the Company's directors, officers and employees must act in the best interests of the Company and its shareholders and must refrain from engaging in any activity that presents a conflict of interest or having a personal interest that presents a conflict of interest. The Code of Ethics and Business Conduct generally provides that a conflict of interest is an interest that might impair or even appear to impair an individual's ability to make objective and fair decisions while performing his or her duties and responsibilities to the Company honestly, objectively and effectively. There may be times when a commercial relationship involving the Company's directors, officers or employees or their family members is beneficial to the Company and is not likely to raise material conflict of interest issues, but those situations should be disclosed to the Company for further review. The Company's policy is to review periodically, but not less than annually, all related party transactions for potential conflict of interest situations. The Company's corporate staff is primarily responsible for monitoring and obtaining information from the directors and officers with respect to related party transactions and for then determining, based on the facts and circumstances, whether the Company or a related party has a direct or indirect material interest in the transaction. If deemed necessary, the Nominating and Corporate Governance Committee or Audit Committee of the Board of Directors may review certain related party transactions to determine if any transaction creates a conflict of interest.

Michael Katzenstein and Gabriel Bresler were appointed Chief Restructuring Officer (CRO) and Associate Chief Restructuring Officer (Associate CRO), respectively, pursuant to the terms of the engagement letter (Engagement Letter) dated May 6, 2010 between the Company and two of its wholly owned subsidiaries and FTI Consulting, Inc. (FTI) that was entered into in connection with the Company's Chapter 11 proceedings. Mr. Katzenstein also served as the Company's Principal Executive Officer and as a Director of the Company from July 23, 2010 until December 14, 2010. Since December 14, 2010, Mr. Katzenstein has resumed the position of CRO. During his tenure as a director, the Board of Directors determined that Mr. Katzenstein was not an independent director as defined in NASDAQ Listing Rule 5602(a)(2). Pursuant to the terms of the Engagement Letter, Mr. Katzenstein will remain employed by FTI and will perform services as CRO through FTI, reporting to the Company's Board of Directors. Mr. Katzenstein does not receive any compensation from the Company and does not participate in any of the Company's employee benefit plans. During the year ended December 31, 2010, the Company instead compensated FTI at an aggregate rate of approximately \$0.2 million per month for Mr. Katzenstein's services as CRO and Gabriel E. Bresler's services as Associate CRO plus additional fees based on time incurred for certain other temporary employees who support Messrs. Katzenstein and Bresler, pursuant to the terms of the Engagement Letter. Additionally, the arrangement with FTI for services under the Engagement Letter included a Completion Fee of \$1.4 million, which was earned and payable during the year-ended December 31, 2010 pursuant to the terms of the arrangement. On February 6, 2011, the Engagement Letter was amended (such amendment, Amendment #1) to provide for Mr. Katzenstein to serve on a part-time basis as the Company's CRO, as well as any additional hourly temporary staff, to perform duties as requested and under the supervision of the Company's Chief Executive Officer. Additionally, Amendment #1 replaced the compensation provisions under the Engagement Letter, and provided for services rendered by Mr. Katzenstein and any additional hourly temporary staff to be compensated at FTI's normal hourly rate.

During the year-ended December 31, 2010, FTI earned \$3.9 million related to these services, including \$1.4 million related to the monthly services provided by Messrs. Katzenstein and Bresler in 2010, \$1.4 million related to the Completion Fee earned in 2010, and \$1.1 million related to the temporary employees who provided support to Messrs. Katzenstein and Bresler in 2010. All amounts earned were paid by the Company in 2010 with the exception of \$0.1 million, which was paid in 2011. Additionally, FTI was paid a \$0.2 million retainer in 2010 related to these services.

The Company has a separate arrangement with another segment within FTI, which commenced in November 2009, to provide certain accounting and financial reporting services. This segment of FTI reports directly to the Board of Directors and as directed by the Board of Directors. During the year-ended December 31,

2010, FTI earned \$3.7 million for these accounting and financial reporting services. All amounts pertaining to the accounting and financial reporting services were paid by the Company in 2010, with the exception of \$0.9 million, which was paid in 2011.

The registration may be a shelf registration, filed with the SEC on an underwritten or non-underwritten basis. In addition, the Consenting Noteholders have unlimited piggyback registration rights.
