* In U.S. dollars unless otherwise indicated.

(1) Senior floating-rate interests (Senior Loans) often require prepayments from excess cash flows or permit the borrowers to repay at their election. The degree to which borrowers repay, whether as a contractual requirement or at their election, cannot be predicted with accuracy. As a result, the actual remaining maturity may be substantially less than the stated maturities shown. However, Senior Loans will have an expected average life of approximately two to four years. The stated interest rate represents the weighted average interest rate of all contracts within the senior loan facility and includes commitment fees on unfunded loan commitments, if any. Senior Loans typically have rates of interest which are redetermined either daily, monthly, quarterly or semi-annually by reference to a base lending rate, plus a premium. These base lending rates are primarily the London Interbank Offered Rate (LIBOR) and secondarily, the prime rate offered by one or more major United States banks (the Prime Rate) and the certificate of deposit (CD) rate or other base lending rates used by commercial lenders.

(2) Amount is less than 0.05%.

(3) Represents a payment-in-kind security which may pay all or a portion of interest in additional par.

Edgar Filing: EATON VANCE SENIOR INCOME TRUST - Form N-Q

- (4) This Senior Loan will settle after September 30, 2012, at which time the interest rate will be determined.
- (5) For fair value measurement disclosure purposes, security is categorized as Level 3.
- (6) Security exempt from registration pursuant to Rule 144A under the Securities Act of 1933. These securities may be sold in certain transactions (normally to qualified institutional buyers) and remain exempt from registration. At September 30, 2012, the aggregate value of these securities is \$21,206,905 or 7.9% of the Trust's net assets applicable to common shares.
- (7) Variable rate security. The stated interest rate represents the rate in effect at September 30, 2012.
- (8) Currently the issuer is in default with respect to interest payments. For a variable rate security, interest rate has been adjusted to reflect non-accrual status.

Edgar Filing: EATON VANCE SENIOR INCOME TRUST - Form N-Q

- (9) Security was acquired in connection with a restructuring of a Senior Loan and may be subject to restrictions on resale.
- (10) Non-income producing security.
- (11) Restricted security.
- (12) Affiliated investment company available to Eaton Vance portfolios and funds which invests in high quality, U.S. dollar denominated money market instruments. The rate shown is the annualized seven-day yield as of September 30, 2012. Net income allocated from the investment in Eaton Vance Cash Reserves Fund, LLC for the fiscal year to date ended September 30, 2012 was \$1,964.

The cost and unrealized appreciation (depreciation) of investments of the Trust at September 30, 2012, as determined on a federal income tax basis, were as follows:

Aggregate cost	\$ 427,830,080
Gross unrealized appreciation	\$ 8,322,850
Gross unrealized depreciation	(5,366,736)
Net unrealized appreciation	\$ 2,956,114

Restricted Securities

At September 30, 2012, the Trust owned the following securities (representing 0.1% of net assets applicable to common shares) which were restricted as to public resale and not registered under the Securities Act of 1933 (excluding Rule 144A securities). The Trust has various registration rights (exercisable under a variety of circumstances) with respect to these securities. The value of these securities is determined based on valuations provided by brokers when available, or if not available, they are valued at fair value using methods determined in good faith by or at the direction of the Trustees.

Description	Date of		Cost	Value

Edgar Filing: EATON VANCE SENIOR INCOME TRUST - Form N-Q

At September 30, 2012, the Trust had sufficient cash and/or securities to cover commitments under these contracts.

The Trust is subject to foreign exchange risk in the normal course of pursuing its investment objective. Because the Trust holds foreign currency denominated investments, the value of these investments and related receivables and payables may change due to future changes in foreign currency exchange rates. To hedge against this risk, the Trust enters into forward foreign currency exchange contracts. The Trust also enters into such contracts to hedge the currency risk of investments it anticipates purchasing.

At September 30, 2012, the aggregate fair value of open derivative instruments (not considered to be hedging instruments for accounting disclosure purposes) in an asset position and in a liability position and whose primary underlying risk exposure is foreign exchange risk was \$5,321 and \$413,316, respectively.

Under generally accepted accounting principles for fair value measurements, a three-tier hierarchy to prioritize the assumptions, referred to as inputs, is used in valuation techniques to measure fair value. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

Level 1 quoted prices in active markets for identical investments

Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including a fund's own assumptions in determining the fair value of investments)

In cases where the inputs used to measure fair value fall in different levels of the fair value hierarchy, the level disclosed is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

At September 30, 2012, the hierarchy of inputs used in valuing the Trust's investments and open derivative instruments, which are carried at value, were as follows:

Asset Description	Level 1	Level 2	Level 3*	Total
Senior Floating-Rate Interests	\$	\$ 380,785,807	\$ 728,728	\$ 381,514,535
Corporate Bonds & Notes		27,954,024	50,549	28,004,573
Asset-Backed Securities		3,421,177		3,421,177
Common Stocks	27,637	1,085,991	2,878,623	3,992,251
Warrants		10,486	0	10,486
Miscellaneous		15,439	276	15,715
Short-Term Investments		13,827,457		13,827,457
Total Investments	\$ 27,637	\$ 427,100,381	\$ 3,658,176	\$ 430,786,194
Forward Foreign Currency Exchange Contracts	\$	\$ 5,321	\$	\$ 5,321
Total	\$ 27,637	\$ 427,105,702	\$ 3,658,176	\$ 430,791,515
Liability Description				
Forward Foreign Currency Exchange Contracts	\$	\$ (413,316)	\$	\$ (413,316)
Total	\$	\$ (413,316)	\$	\$ (413,316)

* None of the unobservable inputs for Level 3 assets, individually or collectively, had a material impact on the Trust.

Level 3 investments at the beginning and/or end of the period in relation to net assets were not significant and accordingly, a reconciliation of Level 3 assets for the fiscal year to date ended September 30, 2012 is not presented.

Edgar Filing: EATON VANCE SENIOR INCOME TRUST - Form N-Q

At September 30, 2012, there were no investments transferred between Level 1 and Level 2 during the fiscal year to date then ended.

For information on the Trust's policy regarding the valuation of investments and other significant accounting policies, please refer to the Trust's most recent financial statements included in its semiannual or annual report to shareholders.

Item 2. Controls and Procedures

(a) It is the conclusion of the registrant's principal executive officer and principal financial officer that the effectiveness of the registrant's current disclosure controls and procedures (such disclosure controls and procedures having been evaluated within 90 days of the date of this filing) provide reasonable assurance that the information required to be disclosed by the registrant on this Form N-Q has been recorded, processed, summarized and reported within the time period specified in the Commission's rules and forms and that the information required to be disclosed by the registrant on this Form N-Q has been accumulated and communicated to the registrant's principal executive officer and principal financial officer in order to allow timely decisions regarding required disclosure.

(b) There have been no changes in the registrant's internal controls over financial reporting during the fiscal quarter for which the report is being filed that have materially affected, or are reasonably likely to materially affect the registrant's internal control over financial reporting.

Signatures

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
