Investors Bank is in the business of attracting deposits from the public through its branch network and borrowing funds in the wholesale markets to originate loans and to invest in securities. Investors Bank originates mortgage loans secured by one- to four-family residential real estate loans, multi-family loans, commercial real estate loans, construction loans, commercial and industrial loans and consumer loans, the majority of which are home equity loans and home equity lines of credit. Securities, primarily U.S. Government and Federal Agency obligations, mortgage-backed and other securities, represented 12.3% of Investors Bank's assets at December 31, 2012. Investors Bank offers a variety of deposit accounts and emphasizes quality customer service. Investors Bank is subject to comprehensive regulation and examination by both the New Jersey Department of Banking and Insurance (NJDBI) and the Federal Deposit Insurance Corporation (FDIC) and Investors Bancorp is subject to regulations as a bank holding company by the Federal Reserve Board.

Since 2008, Investors Bancorp and Investors Bank have completed numerous whole-bank and branch acquisitions, which are described below.

On June 6, 2008, Investors MHC completed its acquisition of Summit Federal Bankshares, MHC, a federally chartered mutual holding company. The merger was a combination of mutual enterprises and therefore was accounted for using the pooling-of-interests method. At the merger date, Summit Federal had assets of \$110.0 million and five full service branches in northern New Jersey. In connection with the merger, Investors Bancorp issued 1,744,592 additional shares of its common stock to Investors MHC.

On May 31, 2009, Investors Bancorp completed the acquisition of American Bancorp of New Jersey, Inc. (American Bancorp), the holding company of American Bank of New Jersey (American Bank), a federal savings bank with approximately \$680.0 million in assets and five full-service branches in northern New Jersey. The purchase price of \$98.2 million was paid through a combination of Investors Bancorp's common stock (6,503,897 shares) and cash of \$47.5 million. The transaction generated approximately \$17.6 million in goodwill and \$3.9 million in core deposit intangibles subject to amortization beginning June 1, 2009. American Bank was merged into Investors Bank as of the acquisition date.

On October 16, 2009, Investors Bancorp completed the acquisition of six New Jersey bank branches and approximately \$227.0 million of deposits from Banco Popular North America. Investors Bancorp did not purchase any loans as part of the transaction. The transaction generated approximately \$4.9 million in goodwill.

On October 15, 2010, Investors Bancorp completed its acquisition of Millennium bcpbank (Millennium) deposit franchise. In this transaction Investors Bancorp acquired approximately \$600.0 million of deposits and seventeen branches in New Jersey, New York and Massachusetts for a deposit premium of 0.11%. In addition, Investors Bancorp purchased a portion of Millennium's performing loan portfolio and entered into a loan servicing agreement to service those loans it did not purchase. Recommendation of the Roma Financial Board of Directors (page 42)

The Roma Financial board of directors has unanimously approved the Merger Agreement and the proposed Mid-Tier Merger. The Roma Financial board believes that the Merger Agreement, including the Mid-Tier Merger contemplated by the Merger Agreement, is fair to, and in the best interests of, Roma Financial and its stockholders, and therefore **unanimously recommends that Roma Financial stockholders vote**

FOR the proposal to approve the Merger Agreement. In reaching this decision, Roma Financial’s board of directors considered a variety of factors, which are described in the section captioned Approval of the Merger Agreement Background of and Reasons for the Merger.

The Roma Financial board of directors also **unanimously recommends that Roma Financial stockholders vote FOR approval of the non-binding proposal regarding certain Merger-Related Executive Compensation, FOR each director nominee, FOR the ratification of ParenteBeard LLC as the independent registered public accounting firm for Roma Financial for the year ending December 31, 2013 and FOR the proposal to adjourn the annual meeting to a later date or dates, if necessary.**

Opinion of Roma Financial’s Financial Advisor (page 52)

In considering whether the Mid-Tier Merger was advisable and in the best interests of Roma Financial’s stockholders, one of the factors considered by Roma Financial’s board of directors was the opinion of Sandler O’Neill & Partners, L.P. (Sandler), which served as financial advisor to Roma Financial’s board of directors in connection with the Mid-Tier Merger. Sandler delivered to Roma Financial’s board of directors its written opinion, dated December 19, 2012, that the exchange ratio was fair to the public stockholders of Roma Financial common stock from a financial point of view. The full text of this opinion is included as Annex C to this Joint Proxy Statement/Prospectus. You should read the opinion carefully to understand the procedures followed, assumptions made, matters considered and limitations of the review conducted by Sandler. Roma Financial has agreed to pay Sandler a fee equal to 0.95% of the aggregate consideration to be paid in connection with the Merger, including \$200,000 to render its fairness opinion, \$1,520,000 of which has already been paid and the remainder of which is payable if the Merger is completed.

Litigation Related to the Merger (page 72)

On January 3, 2013, a Roma Financial stockholder filed a putative class action lawsuit on behalf of Roma Financial stockholders in the Superior Court of the State of New Jersey, Chancery Division, Mercer County, against Roma Financial, Roma MHC, Roma Bank, each member of the Roma Financial board of directors, and Investors Bancorp, Investors MHC and Investors Bank. The case is captioned *Joseph T. Zalescik v. **QUESTIONS AND ANSWERS ABOUT THE ROMA FINANCIAL ANNUAL MEETING AND THE
MERGER**

Q: What is the proposed transaction?

A: You are being asked to vote on the approval of a Merger Agreement dated as of December 19, 2012 (the Merger Agreement) that provides for (i) the merger of Roma MHC into Investors MHC, (ii) the merger of Roma Financial into Investors Bancorp, and (iii) the merger of Roma Bank into Investors Bancorp's banking subsidiary, Investors Bank. The terms of the Merger Agreement are described in this Joint Proxy Statement/Prospectus. A copy of the Merger Agreement is attached to this Joint Proxy Statement/Prospectus as Annex A. In order to complete the merger of Roma Financial into Investors Bancorp, the stockholders of each company must vote to adopt the Merger Agreement and approve the Merger. Both Roma Financial and Investors Bancorp will hold annual meetings of their respective stockholders to obtain these approvals. This Joint Proxy Statement/Prospectus contains important information about the Merger, the Merger Agreement, the annual meetings, and other related matters, and you should read it carefully. You are also being asked to elect two directors, to approve, by a non-binding advisory vote, certain compensation arrangements for Roma Financial's named executive officers in connection with the merger, to ratify the appointment of ParenteBeard LLC as the independent registered public accounting firm for Roma Financial for the year ending December 31, 2013 and to adjourn the annual meeting, if necessary.

Q: What will happen to Roma Financial as a result of the Merger?

A: If the Merger is completed, Roma Financial will merge into Investors Bancorp, and Roma Financial will cease to exist. Immediately following the Mid-Tier Merger, Roma Bank, a wholly-owned subsidiary of Roma Financial, will merge with and into Investors Bank, a New Jersey savings bank and wholly-owned subsidiary of Investors Bancorp, with Investors Bank being the surviving bank.

Q: What will Roma Financial stockholders be entitled to receive in the Mid-Tier Merger?

A: Under the Merger Agreement, each share of Roma Financial common stock will be exchanged for 0.8653 of a share of Investors Bancorp common stock. Investors Bancorp will not issue fractional shares in the Mid-Tier Merger. Instead, each Roma Financial stockholder will receive a cash payment, without interest, for the value of any fraction of a share of Investors Bancorp common stock that such stockholder would otherwise be entitled to receive. See Approval of the Merger Agreement Consideration to be Received in the Mid-Tier Merger on page 69 and Description of Investors Bancorp, Inc. Capital Stock on page 95.

Q: What dividends will be paid after the Merger?

A: Investors Bancorp has commenced a quarterly cash dividend payment, currently at the rate of \$0.05 per quarter. Following the Merger, the declaration of dividends will be at the discretion of Investors Bancorp's board of directors and will be determined after consideration of various factors, including earnings, cash requirements, the financial condition of Investors Bancorp, applicable law and government regulations and other factors deemed relevant by Investors Bancorp's board of directors.

Q: How does a Roma Financial stockholder exchange his or her stock certificates?

Edgar Filing: Investors Bancorp Inc - Form S-4

- A: No later than five business days after the effective time of the Mid-Tier Merger, Investors Bancorp's exchange agent will mail to each holder of record of Roma Financial common stock a transmittal letter with instructions on how to surrender certificates representing shares of Roma Financial common stock for the merger consideration. If your shares are held in a brokerage account, this exchange will occur automatically without any action on your part.

Table of Contents

Please do not send in your Roma Financial stock certificates until you receive the letter of transmittal and instructions from the exchange agent. Do not return your stock certificates with the enclosed proxy card.

Q: What are the tax consequences of the Merger to Roma Financial stockholders?

A: No gain or loss should be recognized except with respect to the cash received in lieu of any fractional share of Investors Bancorp common stock. **Roma Financial stockholders should consult their own tax advisor for a full understanding of the Merger's tax consequences that are particular to each stockholder.** See Approval of the Merger Agreement Material U.S. Federal Income Tax Consequences of the Merger.

Q: Are Roma Financial stockholders entitled to dissenters' rights?

A: No, federal law and regulations do not provide for dissenters' rights for stockholders of federal mid-tier corporations.

Q: Why do Roma Financial and Investors Bancorp want to merge?

A: Roma Financial believes that the proposed Merger will provide Roma Financial stockholders with substantial benefits as future stockholders of Investors Bancorp, and Investors Bancorp believes that the Merger will further its strategic growth plans. As a larger company, Investors Bancorp can provide the capital and resources needed to compete more effectively in Roma's market area and offer a broader array of products and services to better serve Roma's banking customers. To review the reasons for the Merger in more detail, see Approval of the Merger Agreement Background of and Reasons for the Merger on page 42 and Investors Bancorp's Reasons for the Merger on page 51.

Q: What vote is required to approve the Merger Agreement?

A: Holders of at least (i) two-thirds of the outstanding shares of Roma Financial common stock entitled to vote and (ii) a majority of the shares of Roma Financial common stock held by stockholders other than Roma MHC must vote in favor of the proposal to approve the Merger Agreement. In addition, approval of the Merger Agreement requires approval by the members of Roma MHC (depositors and certain borrowers of Roma Bank) at a special meeting of members called for that purpose.

Q: Why are Roma Financial stockholders being asked to approve, on a nonbinding advisory basis, certain Merger-Related Executive Compensation?

A: The Securities and Exchange Commission has adopted new rules that require Roma Financial to seek a nonbinding advisory vote with respect to certain payments that may be made to Roma Financial's named executive officers in connection with the Merger.

Q: What will happen if Roma Financial stockholders do not approve certain Merger-Related Executive Compensation at the annual meeting?

A:

Edgar Filing: Investors Bancorp Inc - Form S-4

The vote with respect to the Merger-Related Executive Compensation is an advisory vote and will not be binding on Roma Financial. Therefore, if the Merger Agreement is approved by Roma Financial's stockholders, the Merger-Related Executive Compensation may still be paid to the Roma Financial named executive officers if and to the extent required or allowed under applicable law even if Roma Financial stockholders do not approve the Merger-Related Executive Compensation.

Q: *Will the Merger-Related Executive Compensation be paid if the Merger is not consummated?*

A: No.

RISK FACTORS

In addition to the other information contained in or incorporated by reference into this Joint Proxy Statement/Prospectus, you should consider carefully the risk factors described below in deciding how to vote. You should keep these risk factors in mind when you read forward-looking statements in this document. Please refer to the section of this Joint Proxy Statement/Prospectus titled "Caution About Forward-Looking Statements" beginning on page 22.

The price of Investors Bancorp common stock might decrease after the Merger.

The number of shares of Investors Bancorp common stock to be received for each share of Roma Financial common stock is fixed. As such, the value of what you will receive will increase or decrease as the market price for the Investors Bancorp common stock changes. During the twelve-month period ended on _____, 2013 (the most recent practicable date before the printing of this Joint Proxy Statement/Prospectus), the price of Investors Bancorp common stock varied from a low of \$ _____ to a high of \$ _____, and ended that period at \$ _____. The market value of Investors Bancorp common stock fluctuates based upon general market and economic conditions, Investors Bancorp's business and prospects and other factors.

Failure to complete the Merger could negatively impact the stock prices and future business and financial results of Roma Financial.

If the Merger is not completed, the ongoing business of Roma Financial may be adversely affected and Roma Financial will be subject to several risks, including the following:

Roma Financial, Roma Bank and RomAsia Bank will be required to pay certain costs relating to the Merger, whether or not the Merger is completed, such as legal, accounting, financial advisory and printing fees and, in certain circumstances, a termination fee to Investors;

under the Merger Agreement, Roma Financial is subject to certain restrictions on the conduct of its business prior to completing the Merger, which may adversely affect its ability to execute certain of its business strategies;

Roma Bank will continue to be required to operate under the enforcement agreement entered into with the OCC, effective September 21, 2012 (the "OCC Agreement");

Roma Financial and Roma Bank will have to resume its search for a replacement for its retiring chief executive officer; and

matters relating to the Merger may require substantial commitments of time and resources by Roma Financial management, which could otherwise have been devoted to other opportunities that may have been beneficial to Roma Financial as an independent company.

In addition, if the Merger is not completed, Roma Financial may experience negative reactions from the financial markets and from its customers and employees. Roma Financial also could be subject to litigation related to any failure to complete the Merger.

Table of Contents

Investors Bancorp may be unable to successfully integrate Roma Financial's operations and retain Roma Financial's employees.

The Merger involves the integration of two companies that have previously operated independently. The difficulties of combining the operations of the two companies include:

integrating personnel with diverse business backgrounds;

combining different corporate cultures;

retaining key customers; and

retaining key employees.

The process of integrating operations could cause an interruption of, or loss of momentum in, the activities of the business and the loss of key personnel. The integration of the two companies will require the experience and expertise of certain key employees of Roma Financial who are expected to be retained by Investors Bancorp. Investors Bancorp may not be successful in retaining these employees for the time period necessary to successfully integrate Roma Financial's operations with those of Investors Bancorp. The diversion of management's attention and any delays or difficulties encountered in connection with the Merger and the integration of the two companies' operations could have an adverse effect on the business and results of operations of Investors Bancorp following the Merger.

The termination fee and the restrictions on solicitation contained in the Merger Agreement may discourage other companies from trying to acquire Roma Financial.

Until the completion of the Mid-Tier Merger, with some exceptions, Roma Financial is prohibited from soliciting, initiating, encouraging or participating in any discussion of or otherwise considering any inquiries or proposals that may lead to an acquisition proposal, such as a merger or other business combination transaction, with any person other than Investors Bancorp. In addition, Roma Financial has agreed to pay a termination fee to Investors Bancorp in specified circumstances. These provisions could discourage other companies from trying to acquire Roma Financial even though those other companies might be willing to offer greater value to Roma Financial's stockholders than Investors Bancorp has agreed to pay.

Certain of Roma Financial's officers and directors have interests that are different from, or in addition to, interests of Roma Financial's stockholders generally.

You should be aware that the directors and officers of Roma Financial have interests in the Merger that are different from, or in addition to, your interests as Roma Financial stockholders generally. These include: severance payments that certain officers may receive under existing employment agreements, subject to regulatory restrictions; the accelerated vesting of and exchange of Roma Financial stock options into stock options to acquire shares of Investors Bancorp common stock; accelerated vesting of restricted stock; three current Roma Financial board members joining the Investors Bancorp, Investors MHC and Investors Bank boards of directors upon completion of the Merger and the appointment of the remaining Roma Financial directors to an advisory board for a period of no less than five years at annual compensation of \$39,000; and provisions in the Merger Agreement relating to indemnification of directors and officers and insurance for directors and officers of Roma Financial for events occurring before the Merger. For a more detailed discussion of these interests, see "Approval of the Merger Agreement" Interests of Certain Persons in the Merger that are Different from Yours beginning on page 73.

The fairness opinion obtained by Roma Financial from its financial advisor will not reflect changes in circumstances subsequent to the date of the fairness opinion.

Sandler, Roma Financial's financial advisor in connection with the Mid-Tier Merger, has delivered to the board of directors of Roma Financial its opinion dated as of December 19, 2012. The opinion of Sandler stated that as of such date, and based upon and subject to the factors and assumptions set forth therein, the exchange ratio was

Table of Contents

fair, from a financial point of view, to the public stockholders of Roma Financial. The opinion does not reflect changes that may occur or may have occurred after the date of the opinion, including changes to the operations and prospects of Investors Bancorp or Roma Financial, changes in general market and economic conditions or regulatory or other factors. Any such changes, or changes in other factors on which the opinion is based, may materially alter or affect the conclusions of Sandler.

The fairness opinion obtained by Investors Bancorp from RBCCM will not reflect changes in circumstances subsequent to the date of the fairness opinion.

RBCCM has delivered to the board of directors of Investors Bancorp its opinion dated as of December 19, 2012. The opinion of RBCCM stated that as of such date, and based upon and subject to the factors and assumptions set forth therein, the merger consideration in the proposed Mid-Tier Merger was fair to Investors Bancorp from a financial point of view. The opinion does not reflect changes that may occur or may have occurred after the date of the opinion, including changes to the operations and prospects of Investors Bancorp or Roma Financial, changes in general market and economic conditions or regulatory or other factors. Any such changes, or changes in other factors on which the opinion is based, may materially alter or affect the conclusions of RBCCM.

RBCCM did not advise Investors Bancorp in connection with the negotiation, pricing or structuring of the proposed merger. Such advice was provided by Stifel.

Holders of Roma Financial common stock do not have dissenters' appraisal rights in the merger.

Dissenters' rights are statutory rights that, if applicable under law, enable stockholders to dissent from an extraordinary transaction, such as a merger, and to demand that the corporation pay the fair value for their shares as determined by a court in a judicial proceeding instead of receiving the merger consideration offered to stockholders in connection with the extraordinary transaction. Federal law does not provide Roma Financial's stockholders with dissenters' rights in connection with the Mid-Tier Merger.

Roma Financial stockholders will have less influence as a shareholder of Investors Bancorp than as a shareholder of Roma Financial.

Roma Financial stockholders currently have the right to vote in the election of the board of directors of Roma Financial and on other matters affecting Roma Financial. Based upon the maximum number of shares of Investors Bancorp common stock to be received by Roma Financial stockholders in the merger, the current stockholders of Roma Financial as a group would own approximately % of the voting power of the combined organization immediately after the merger. When the merger occurs, each Roma Financial shareholder will become a shareholder of Investors Bancorp with a percentage ownership of the combined organization much smaller than such shareholder's percentage ownership of Roma Financial. Because of this, Roma Financial stockholders will have less influence on the management and policies of Investors Bancorp than they now have on the management and policies of Roma Financial.

Future results of the combined companies may materially differ from the pro forma financial information presented in this Joint Proxy Statement/Prospectus.

Investors Bancorp and Roma Financial may not be able to integrate their operations without encountering difficulties including, without limitation, the loss of key employees and customers, the disruption of their respective ongoing businesses or possible inconsistencies in standards, controls, procedures and policies. Future results of the combined company may be materially different from those shown in the pro forma financial statements that only show a combination of the historical results of Investors Bancorp and Roma Financial. We have estimated that the combined company will record approximately \$ million of Merger-related costs. The costs may be higher or lower than we have estimated, depending upon how costly or difficult it is to integrate the two companies. Furthermore, these costs may decrease the capital of the combined company that could be used for profitable, income-earning investments in the future.

Additionally, in determining that the Merger is in the best interests of Roma Financial and its stockholders, Roma Financial's board of directors considered that enhanced earnings may result from the consummation of the Merger, including from reduction of duplicate costs, improved efficiency and cross-marketing opportunities. However, there can be no assurance that any enhanced earnings will result from the Merger.

CAUTION ABOUT FORWARD-LOOKING STATEMENTS

Certain statements contained in this document that are not historical facts may constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (referred to herein as the Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (referred to herein as the Exchange Act), and are intended to be covered by the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. You can identify these statements from the use of the words may, will, should, could, would, potential, estimate, project, believe, intend, anticipate, expect, target and similar expressions.

These forward-looking statements are subject to significant risks, assumptions and uncertainties, including among other things, changes in general economic and business conditions and the risks and other factors set forth in the Risk Factors section beginning on page 14.

Because of these and other uncertainties, Investors Bancorp's and Roma Financial's actual results, performance or achievements, or industry results, or Investors MHC's ability to conduct a mutual-to-stock conversion, may be materially different from the results indicated by these forward-looking statements. In addition, Investors Bancorp's and Roma Financial's past results of operations do not necessarily indicate their future results, or Investors Bancorp's future results after integration of Roma Financial. You should not place undue reliance on any forward-looking statements, which speak only as of the dates on which they were made. Neither Investors Bancorp nor Roma Financial is undertaking an obligation to update these forward-looking statements, even though its situation may change in the future, except as required under federal securities law.

The unaudited pro forma combined condensed consolidated financial information has been prepared using the acquisition method of accounting, giving effect to the proposed Merger. The unaudited pro forma combined condensed consolidated balance sheet combines the historical financial information of Investors Bancorp and Roma Financial as of December 31, 2012 and assumes that the Merger was completed on that date. The unaudited pro forma combined condensed consolidated statements of income combine the historical financial information of Investors Bancorp and Roma Financial and give effect to the Merger as if it had been completed as of January 1, 2012. The unaudited pro forma combined condensed consolidated financial information is presented for illustrative purposes only and is not necessarily indicative of the results of operations or financial condition had the mergers been completed on the dates described above, nor is it necessarily indicative of the results of operations in future periods or the future financial position of the combined entities. The financial information should be read in conjunction with the accompanying Notes to the Unaudited Pro Forma Combined Condensed Consolidated Financial Information. Certain reclassifications have been made to Roma Financial's historical financial information in order to conform to Investors Bancorp's presentation of financial information.

The actual value of Investors Bancorp common stock to be recorded as consideration in the Merger will be based on the closing price of Investors Bancorp common stock at the time of the Merger completion date. The proposed Merger with Roma Financial is targeted for completion in the second quarter of 2013. There can be no assurance that the Merger will be completed as anticipated. For purposes of the pro forma financial information, the fair value of Investors Bancorp common stock to be issued to public shareholders in connection with the Merger was based on the \$17.34 average closing price of the stock for the ten day period ending December 18, 2012, which was shortly prior to the date of the execution of the Merger Agreement, and Investors Bancorp common shares to be issued to and held by Investors MHC have been valued at approximately \$3.51 per share to reflect the economic nature of the securities and the related restrictions, as they are not publicly traded shares.

The pro forma financial information includes estimated adjustments, including adjustments to record assets and liabilities of Roma Financial at their respective fair values, and represents the pro forma estimates by Investors Bancorp based on available fair value information as of the date of the Merger Agreement.

The pro forma adjustments included herein are subject to change depending on changes in interest rates and the components of assets and liabilities and as additional information becomes available and additional analyses are performed. The final allocation of the purchase price for the Merger will be determined after the Merger is completed and after completion of thorough analyses to determine the fair value of Roma Financial's tangible and identifiable intangible assets and liabilities as of the dates the Merger is completed. Increases or decreases in the estimated fair values of the net assets as compared with the information shown in the unaudited pro forma combined condensed consolidated financial information may change the amount of the purchase price allocated to goodwill and other assets and liabilities and may impact Investors Bancorp's income statement due to adjustments in yield and/or amortization of the adjusted assets or liabilities. Any changes to Roma Financial's stockholders' equity, including results of operations from December 31, 2012 through the date the Merger is completed, will also change the purchase price allocation, which may include the recording of a lower or higher amount of goodwill. The final adjustments may be materially different from the unaudited pro forma adjustments presented herein.

Investors Bancorp anticipates that the Merger will provide the combined company with financial benefits that include reduced operating expenses. These cost savings are not included in these pro forma statements and there can be no assurance that expected cost savings will be realized. The pro forma information, while helpful in illustrating the financial characteristics of the combined company under one set of assumptions, does not reflect the benefits of expected cost savings or opportunities to earn additional revenue and, accordingly, does not attempt to predict or suggest future results. It also does not necessarily reflect what the historical results of the combined company would have been had our companies been combined during these periods.

The unaudited pro forma combined condensed consolidated balance sheet information has been derived from and should be read in conjunction with the historical consolidated financial statements and the related notes of Investors Bancorp and Roma Financial, which are incorporated in this Joint Proxy Statement/Prospectus by reference. NOTES TO THE UNAUDITED PRO FORMA COMBINED CONDENSED CONSOLIDATED

FINANCIAL INFORMATION

Note A Basis of Presentation

The unaudited pro forma combined condensed consolidated financial information and explanatory notes show the impact on the historical financial condition and income of Investors Bancorp resulting from the proposed Roma Financial merger under the acquisition method of accounting. Under the acquisition method of accounting, the assets and liabilities of Roma Financial are recorded by Investors Bancorp at their respective fair values as of the date each merger is completed. Investors Bancorp's acquisition of Marathon was completed on October 15, 2012, and is reflected in the historical financial information of Investors Bancorp included in the unaudited pro forma combined condensed consolidated financial information. The unaudited pro forma combined condensed consolidated balance sheet combines the historical financial information of Investors Bancorp and Roma Financial as of December 31, 2012, and assumes that the Merger was completed on that date. The unaudited pro forma combined condensed consolidated statement of income gives effect to the Merger as if it had been completed on January 1, 2012.

As the Merger is recorded using the acquisition method of accounting, all loans are recorded at fair value, including adjustments for credit, and no allowance for loan losses is carried over to Investors Bancorp's statement of financial condition. In addition, certain anticipated nonrecurring costs associated with the Merger such as severance, professional fees, legal fees, and conversion related expenditures are not reflected in the pro forma statements of operations.

While the recording of the acquired loans at their fair value will impact the prospective determination of the provision for loan losses and the allowance for loan losses, for purposes of the unaudited pro forma combined condensed consolidated statement of income for the year ended December 31, 2012, we assumed no adjustments to the historical amount of Roma Financial's provision for loan losses.

Note B Accounting Policies and Financial Statement Classifications

The accounting policies of Roma Financial are in the process of being reviewed in detail by Investors Bancorp. On completion of such review, conforming adjustments or financial statement reclassifications may be determined.

Note C Merger and Acquisition Integration Costs

The plans to integrate the operations of Roma Financial with those of Investors Bancorp are still being developed. The specific details of these plans will continue to be refined over the next several months, and will include assessing personnel, benefit plans, premises, equipment, and service contracts to determine where there may be potential advantage in eliminating redundancies. Certain decisions arising from these assessments may involve involuntary termination of employees, vacating leased premises, changing information systems, canceling contracts with certain service providers and selling or otherwise disposing of certain premises, furniture and equipment. Investors Bancorp expects to incur merger related costs including professional fees, legal fees, system conversion costs, and costs related to communications with customers and others. To the extent there are costs associated with these actions, the costs will be recorded based on the nature of the cost and timing of these integration actions.

Note D Pro Forma Adjustments

The following pro forma adjustments have been reflected in the unaudited pro forma combined condensed consolidated financial information. All adjustments are based on current assumptions and valuations, which are subject to change.

- 1) Adjustment to reflect the purchase of non controlling interest in Roma Financial subsidiary.
- 2) Adjustment to reflect preliminary estimate of fair value of acquired investment securities.

- 8) Represents the estimated fair value adjustment to borrowings.
- 9) The actual equity adjustment is based on the fair value of Investors Bancorp common stock on the date that the Merger closes, which could be materially different from the amount presented here. - 10) Reflects the estimated net amortization of premiums and discounts on acquired investment securities and loans.
- 11) Reflects the estimated amortization of the related fair value adjustments to interest-bearing deposits using the effective interest method over the remaining terms to maturity.

Note E Effect of Hypothetical Adjustments on Roma Financial's Historical Financial Statements

The unaudited pro forma combined condensed consolidated statement of income presents the pro forma results assuming the Roma Financial merger occurred on January 1, 2012. As required by Regulation S-X Article 11, the pro forma statement of operations does not reflect any adjustments to eliminate Roma Financial's historical provision for credit losses.

Broker non-votes and abstentions from voting will have the same effect as voting against the Merger Agreement.

Proposal 2: Approval, on an advisory, non-binding basis, of certain Merger-Related Executive Compensation. Approval of certain Merger-Related Executive Compensation is determined by a majority of the votes cast, without regard to broker non-votes or proxies marked abstain.

Background of and Reasons for the Merger

Roma Financial:

Since completing its initial public offering in July 2006, Roma Financial's Board of Directors (the "Roma Board") has regularly reviewed and evaluated strategic options available to it, with the goals of identifying opportunities for growth consistent with safe and sound banking operations and enhancing long-term stockholder value as an independent community bank. In addition, Peter Inverso, Roma Financial's President

Edgar Filing: Investors Bancorp Inc - Form S-4

and Chief Executive Officer, has met from time to time with representatives of various financial advisory firms that have significant experience advising community banks and thrifts to discuss Roma Financial's business plan, opportunities and challenges in Roma Financial's banking market, and opportunities for growth and expansion. From time to time, such discussions also included alternative strategies for enhancing stockholder value, including potential acquisitions of other financial institutions, an acquisition or merger transaction with another financial institution or a stand-alone full stock conversion.

As part of its overall efforts to enhance stockholder value, in April 2007 Roma Financial began paying quarterly cash dividends on its common stock. Under regulations then in effect, Roma MHC had the ability to waive receipt of any dividend declared by Roma Financial, which resulted in dividends being paid only to the minority stockholders of Roma Financial. As a result, the amount of capital being paid out with each dividend payment was substantially less than if Roma Financial had been paying a dividend on all of its outstanding shares, thereby permitting Roma Financial to pay a higher per share dividend than it would otherwise have been able to pay. However, the elimination of the Office of Thrift Supervision in 2011 and the resulting application of the Federal

Table of Contents

Reserve Board's regulations applicable to financial institutions organized under the mutual holding company form that became effective in 2012 severely limited a mutual holding company's ability to continue to waive its receipt of dividends. This regulatory change impeded Roma Financial's ability to continue to pay a quarterly cash dividend to its stockholders for periods after March 31, 2012.

In the spring of 2012, management of Roma Financial met on several occasions with representatives of various investment advisory firms, including Sandler and Stifel to discuss future dividend strategies and the impact thereof, as well as alternative long-term strategies for enhancing shareholder value. These discussions also encompassed potential mergers and acquisitions including discussion of a potential merger transaction with another large financial institution in the mutual holding company form or a stand-alone full stock conversion. In March 2012, Northfield Bancorp, Inc., headquartered in Woodbridge, New Jersey, announced a merger transaction with Flatbush Federal Bancorp, Inc. Both institutions were structured in the mutual holding company form and with mid-tier stock holding companies with minority public stockholders. Pursuant to such transaction, the Flatbush entities would merge with the Northfield entities, and the Flatbush Federal Bancorp, Inc. stockholders were to receive Northfield Bancorp, Inc. stock in exchange for their stock.

At its June 2012 meeting, the Roma Board declared a reduced dividend on Roma Financial's common stock. In accordance with Federal Reserve Board regulations, Roma MHC did not waive this dividend. The Roma Board requested that management prepare an analysis related to the payment of future dividends prior to the end of the September 2012 quarter. At that same meeting, the Roma Board also decided that it would invite two investment advisory firms to update the Roma Board on the current state of the market for financial institutions, and to provide an assessment of the projected long-term value of Roma Financial's stock based upon Roma Financial's business plans, growth strategies available to Roma Financial, including potential growth through acquisitions, and the potential impact of undertaking a full stock conversion or other strategic alternatives, such as a merger with another financial institution.

During the first two calendar quarters of 2012, the Roma Board's Compensation Committee was also in the process of reviewing Roma Financial's senior management team and implementing a succession planning process. This succession plan, as approved by the Roma Board at its June 2012 meeting, called for the recruitment and hiring of a successor president and chief executive officer to Mr. Inverso, then 73, to commence employment in advance of Mr. Inverso's retirement, which was anticipated to be no later than the end of 2013. Roma Financial subsequently engaged a professional search firm to assist in identifying and recruiting a new President and CEO to commence employment in early 2013.

On July 18, 2012, the Roma Board met separately with representatives from Sandler and Stifel to discuss strategic alternatives, including the current state of the market for financial institutions generally and for mutual holding companies in particular, dividend strategies and growth strategies available to Roma Financial, including potential growth through acquisitions, the potential impact of undertaking a full stock conversion, and the possibility of a merger with another institution in the mutual holding company structure. Following these meetings, both Sandler and Stifel initiated follow-up discussions with Roma Financial's senior management regarding the various alternatives discussed at the July 18th meeting, as well as other alternatives.

On August 15, 2012, the Roma Board met in Executive Session with representatives from a third investment advisory firm to review strategic alternatives, including a possible merger with another mutual holding company. On August 16, 2012, management of Roma Financial met with representatives of Stifel to discuss additional information regarding a possible merger of Roma Financial with another large mutual holding company, including Investors Bancorp as one of several possible partners. On August 17, 2012, Kevin Cummings, President and Chief Executive Officer of Investors Bancorp, called Mr. Inverso to ask if Mr. Inverso would be willing to meet with him to discuss possible strategic opportunities between their respective companies. With prior advisement, on August 28, 2012, members of Roma Financial's management met with senior management of Investors Bancorp to discuss the possible merger of Roma Financial with Investors Bancorp. The discussion included proposed merger consideration in the form of shares of Investors common stock for each share of Roma Financial common stock, three or possibly four Board seats on the Investors' boards of directors and continuing support for the Roma Bank Charitable Foundation. There was also limited discussion regarding the possibility of cash comprising a portion of the merger consideration if desired by Roma Financial.

Table of Contents

At a meeting of the Roma Board on September 5, 2012, the Roma Board determined that it needed to select one financial advisor to assist it in evaluating its strategic alternatives, because in the event that discussions about a possible merger transaction with Investors Bancorp were to advance, each party would need to engage its own financial advisor. In selecting Sandler, the Roma Board considered Roma Financial's long-standing relationship with Sandler, Sandler's leading role as an advisor in second-step transactions and bank merger transactions, in particular mergers involving mutual holding companies, and its knowledge of the banking market in the New Jersey and adjacent market areas. In making its selection, the Roma Board also considered that both Stifel and Sandler had previously advised Investors Bancorp in other transactions and would be likely to be retained by Investors Bancorp in future transactions, including, in the case of the firm not selected by Roma Financial, in the proposed transaction. Mr. Inverso subsequently advised both Sandler and Stifel of the Roma Board's decision. Investors Bancorp subsequently engaged Stifel as its financial advisor in its discussions with Roma Financial.

On September 6, 2012, Mr. Inverso called a representative of Sandler to request that Sandler representatives provide an updated analysis of Roma Financial's strategic alternatives. On September 10, 2012, a representative of Stifel, acting on behalf of Investors Bancorp, telephoned Sandler to confirm Investors Bancorp's interest in a transaction on the terms discussed between the parties at their August 28th meeting with a proposed price of \$15.00 per share in the form of shares of Investors Bancorp common stock for each share of Roma Financial common stock. On September 19, 2012, representatives from Sandler and Roma Financial's special counsel, Spidi & Fisch, PC (Spidi & Fisch), met with the Roma Board to discuss and further assess Investors Bancorp's interest and the other strategic alternatives available to Roma Financial, including the continued execution of Roma Financial's current business plan as an independent entity, both as a mutual holding company and after undertaking a second-step transaction, potential partners as part of a growth by acquisition strategy and other potential strategic partnerships. With respect to a possible merger transaction, Spidi & Fisch advised the Roma Board that since Roma Financial was operating under the mutual holding company structure, Roma Financial could only merge with another mutual holding company or a mutual entity, and Sandler advised that this significantly limited the number of possible acquirers. Sandler provided and discussed at the September 19th meeting a list of four additional institutions with operations in or near Roma Financial's market area that were operating in the mutual or mutual holding company structure that were large enough to be potential acquirers. Sandler discussed each of these companies with the Roma Financial Board, including Sandler's views as to each company's possible interest in a transaction with Roma Financial and the form of consideration (cash or stock) each entity could offer. Sandler also shared its view that, for various reasons, it was not likely that any of the potential alternative acquirers of Roma Financial would be willing to offer consideration in a proposed transaction with Roma Financial that would be greater than the value of the consideration being proposed by Investors. The Roma Financial Board also discussed with Spidi & Fisch the Roma Financial Board's fiduciary duties in the evaluation of such matters. Following the presentations, the Roma Board excused its advisors and continued to discuss Roma Financial's alternatives, although no conclusions were reached.

During this same time period, Roma Bank was undergoing a regular safety and soundness examination by the OCC. At the completion of this examination, the OCC informed management that the OCC was going to require that Roma Bank enter into an agreement with the OCC to address certain issues raised during the examination. On September 21, 2012, Roma Bank entered into the OCC Agreement, which required, among other things, that the Board of Directors of Roma Bank take certain actions, acceptable to the OCC, to (i) complete a review of the Board's processes regarding oversight of management and risk management and adopt and implement a plan to strengthen oversight of management and operations; (ii) adopt a plan to strengthen Roma Bank's credit risk management practices; (iii) adopt and implement a program for the maintenance of an adequate allowance for loan and lease losses; (iv) adopt and implement a plan to reduce Roma Bank's interest in criticized or classified assets; (v) adopt and implement an updated program to ensure Roma Bank's compliance with the Bank Secrecy Act and ensure implementation of a Bank Secrecy Act/Anti-Money Laundering Risk Assessment Process; (vi) adopt, implement and ensure compliance with an independent internal audit program; and (vii) establish a committee reporting to the Board to ensure oversight of Roma Bank's information technology activities. The Roma Bank Board was also required to establish a compliance committee to oversee Roma Bank's obligations under the OCC Agreement and to prepare and submit written progress reports to the OCC on a periodic basis regarding Roma Bank's compliance with the terms of the OCC Agreement. As a result of entering into the OCC Agreement, the Roma Board concluded that its ability to successfully pursue some of its previously identified strategic alternatives, specifically a second-step conversion or an acquisition of another institution, would likely not be permitted by the OCC until Roma Bank had demonstrated substantial compliance with the OCC Agreement. The Roma Board anticipated that the process of demonstrating such level of compliance might delay such strategic alternatives by at least two years.

During the week of September 24, 2012, management of Roma Financial met with another investment advisory firm to discuss long-term strategic alternatives, peer analyses, a Basel III update and a potential acquisition target. This discussion did not encompass the potential transaction with Investors Bancorp. Also, management advised Sandler of the OCC Agreement, noting that Roma Financial intended to file a Form 8-K disclosing the OCC Agreement on September 27, 2012. Roma Financial requested that, following such filing, Sandler advise Investors Bancorp and their financial advisor of the filing and request that Investors review the OCC Agreement and confirm their continued interest in discussing the proposed transaction.

On October 1, 2012, representatives of Stifel telephoned Sandler to reaffirm Investors Bancorp's interest in continuing discussions about a possible transaction with Roma Financial. Stifel provided an outline of the proposed terms and perceived merits of a transaction, which reaffirmed a proposed price of \$15.00 per share in the form of Investors Bancorp common stock based upon a ten-day trailing average and increasing the Investors Boards to add three members of the Roma Board. All such terms were preliminary (i.e., not binding on either party) and subject to mutual due diligence. In addition, Investors Bancorp requested an opportunity to meet with the Roma Board to discuss the potential transaction in more detail. On October 1, 2012, Sandler advised Ms. Michele Siekerka, Chairman of the Roma Board, of Investors Bancorp's continuing interest and provided her with a copy of Stifel's materials, which Roma Financial distributed to the Roma Board.

On October 2, 2012, the Roma Board convened a telephonic meeting to discuss Investors' continued expression of interest. While no conclusions were reached as to whether Roma Financial should proceed with the transaction, the Roma Board determined to invite representatives of Investors to meet with the Roma Board to discuss their proposal in more detail, and also to request that Sandler provide the Roma Board with a preliminary analysis of the proposed Investors Bancorp transaction in comparison with Roma Financial's stand-alone alternatives, taking into account the impact that operating under the OCC Agreement might have on Roma Financial's ability to execute on its business plan as an independent entity and the likely period of the restrictions imposed by the OCC Agreement.

On October 17, 2012, certain members of the Roma Board and senior management met with members of senior management of Investors Bancorp to discuss Investors' interest in a potential transaction as well as business philosophy and culture.

At a meeting of the Roma Board on October 23, 2012, after discussing the current Federal Reserve Board regulations regarding MHC dividend waivers as well as recently proposed capital regulations under Basel III, the Roma Board determined to suspend any further dividend payments on the Roma Financial common stock. The decision to suspend the dividend was communicated to stockholders by letter dated October 26, 2012, a copy of which was filed via a Form 8-K on October 26, 2012.

At the same meeting, the Roma Board and representatives from Sandler further discussed and assessed the Investors Bancorp proposal and the potential impact of the transaction on Roma Financial stockholders in comparison to the alternative of remaining an independent institution and proceeding with a second-step transaction when feasible. Following the presentation, the Roma Board excused Sandler and continued to discuss the alternatives. At the conclusion of the Board meeting, the Roma Board decided to request that Sandler provide some additional financial analysis of the stand-alone scenarios incorporating different assumptions. The Board also asked Sandler to clarify certain terms of Investors Bancorp's proposal and to request an increase in the price being proposed. Finally, the Roma Board determined that it would be advisable for more of the Roma Financial directors and senior management to have the opportunity to meet representatives of Investors Bancorp's Board and senior management.

On or about October 25, 2012, Sandler discussed the Roma Board's requests with Stifel, who subsequent to discussions with Investors Bancorp, advised that Investors Bancorp was not willing to increase their proposed price, but was willing to meet again with Roma Financial's directors and senior management. On October 27, 2012, Ms. Siekerka met with the Mr. Cummings for follow-up discussions. On November 12, 2012, the Roma Board met with senior management and certain Board members of Investors Bancorp to further discuss business philosophy and culture, as well as Investors Bancorp's views regarding the integration of Roma Financial into its franchise should a merger be agreed to.

During this period, the Roma Board also continued its search for a new president and chief executive officer, narrowing the list of candidates to four individuals. During the weekend of November 17-18, 2012, the Roma Board search committee held detailed interviews with each of the candidates, narrowing the finalists to two candidates.

On November 19, 2012, representatives from Sandler met with the Roma Financial Board to further discuss and assess the proposed Investors Bancorp transaction and various stand-alone alternatives. The Board concluded that it was reasonably likely that the alternatives of maintaining independence and pursuing a longer-term strategy of growth, including a stand-alone second-step transaction and possible future acquisitions, would likely not yield more favorable results to the stockholders of Roma Financial in the long-term than the opportunity being proposed by Investors Bancorp. The Roma Board authorized its representatives to continue discussions with Investors Bancorp and to conduct reciprocal due diligence. At that time, the Roma Board also determined that it would continue the process of vetting the two prospective president and CEO candidates until any final decision was reached with respect to entering into a merger agreement with Investors Bancorp. At such meeting, the Roma Board determined that it needed to formally engage Sandler in connection with its consideration of the proposed transaction with Investors Bancorp. The Roma Board was advised by Sandler of an estimate of their fees and Sandler subsequently provided a written engagement letter to Ms. Siekerka. Roma Financial subsequently negotiated a reduction in Sandler's proposed fees before signing the letter agreement engaging Sandler.

On November 21, 2012, Sandler and Stifel discussed conducting reciprocal due diligence and representatives of Investors Bancorp provided a draft Confidentiality Agreement to Roma Financial. The terms of the Confidentiality Agreement were negotiated and Investors Bancorp agreed to reduce their proposed exclusivity period from 45 days to a period ending on December 21, 2012, which would be less than 30 days from the execution date. The Confidentiality Agreement was approved by the Roma Board and was executed by each party on November 26, 2012. The parties established an electronic data room to facilitate their respective due diligence investigations. Investors Bancorp conducted on-site due diligence on Roma Financial's loan portfolio on December 1, 2012. Investors Bancorp conducted additional due diligence and management interviews on December 11, 2012, and Roma Financial, together with representatives from Sandler and Spidi & Fisch, conducted an in-person due diligence investigation of Investors Bancorp and interviews of Investors Bancorp's management on December 11, 2012. Roma Financial's due diligence investigation included, among other things, discussions with Investors Bancorp's senior management and review of Investors Bancorp's loan portfolio, securities portfolio and other assets, legal documents and obligations.

Representatives of Investors Bancorp presented a draft merger agreement to Roma Financial on December 7, 2012. On December 11, 2012, the Roma Board met with representatives from Sandler and Spidi & Fisch to discuss the draft merger agreement, the initial findings from the due diligence investigation, matters associated with the Roma Board's fiduciary duties and the responsibilities of the Roma Board in the context of exploring a business combination transaction, and the timing, general process and regulatory and stockholder approval requirements for a merger transaction. Matters discussed at this meeting included potential pricing protection, the termination fee to be paid in the event that a superior proposal was received and accepted by Roma Financial (commonly referred to as a "break-up fee"), the fact that the Roma Board had not conducted a process to market-test the proposed terms of the transaction, the advice of Sandler regarding the limited number of potential strategic partners given Roma Financial's size and corporate form, and various other transaction terms and limitations. Based upon the instructions received from the Roma Board, representatives of Roma Financial continued to negotiate the terms of the transaction with Investors Bancorp, including a request for a reduction in the break-up fee, a narrowing of the proposed percentage decrease in the price of Investors Bancorp common stock and related market index before Roma Financial could elect a termination right (commonly referred to as a "double-trigger walkaway"), and a reimbursement of fees and expenses up to \$4 million to be paid from Investors Bancorp to Roma Financial in the event that Investors Bancorp was unable to obtain regulatory approval to consummate the transaction. On December 15, 2012, representatives of Investors Bancorp informed Roma Financial's representatives that Investors Bancorp would be willing to provide for a reimbursement

of up to \$2 million to Roma Financial in the event that Investors Bancorp did not receive regulatory approval in certain circumstances. Following a conference call by Roma's Board including representatives of Sandler and Spidi & Fisch, representatives for Roma Financial again requested a reduction in the break-up fee and reiterated its request to narrow the thresholds of the double-trigger walkaway. In response, Investors Bancorp agreed to reduce the break-up fee from \$16 million to \$12 million but declined to reduce the thresholds for the double-trigger walkaway. On December 17, 2012, the Roma Board met again to discuss the status of the negotiations. The Roma Financial Board called a meeting for December 19, 2012 to review the proposed transaction, including the draft merger agreement, the voting agreements and related matters. On December 18, 2012, the Roma Board received a substantially complete draft of the merger agreement and the voting agreements, as well as a summary of the Merger Agreement's material terms and conditions prepared by Spidi & Fisch and related documents. Representatives for the parties continued to negotiate the final terms of the Merger Agreement and related ancillary agreements until December 19, 2012.

On December 19, 2012, the Roma Financial Board met to review the proposed transaction, including the Merger Agreement, the voting agreements and related matters. Spidi & Fisch presented a summary of the legal terms of the Merger Agreement that had been negotiated with Investors Bancorp and a discussion of the stockholder and regulatory approvals that would be required to complete the transaction, including the possible timeframe for obtaining such approvals. The Roma Financial Board also considered the impact a merger would have on Roma Financial's employees and the communities in which Roma Financial and its subsidiaries operate, Investors Bancorp's offer for three members of the Roma Financial Board to become directors of Investors Bancorp and to invite the other Roma Financial directors to serve on a Community Advisory Board, and the other factors described below under "Approval of the Merger Agreement Roma Financial's Reasons for the Merger." The Roma Financial Board also discussed the results of the due diligence review of Investors Bancorp, the pricing and the final fixed exchange ratio, pricing protection, the break-up fee to be paid in the event that a superior proposal was received and accepted by Roma Financial, the potential walk-away right for Roma Financial in the event of a deterioration in the price of Investors common stock, and various other transaction terms and limitations.

Sandler presented an analysis of the financial terms of the transaction. Sandler's presentation included discussion of the matters described under "Approval of the Merger Agreement Opinion of Roma Financial's Financial Advisor" beginning on page 52 of this Joint Proxy Statement/Prospectus. Sandler then delivered to the Roma Board its oral opinion, subsequently confirmed in writing, that as of that date and based upon and subject to the assumptions, qualifications and limitations stated in the opinion, the exchange ratio in the Merger Agreement was fair to the public stockholders of Roma Financial from a financial point of view. Following Sandler's presentation, the Roma Board unanimously approved the Merger Agreement and the transactions contemplated thereby. Later in the afternoon of December 19, 2012, the parties executed the Merger Agreement. The transaction was announced by a press release during the evening of December 19, 2012.

Investors Bancorp:

Investors Bancorp's board of directors held several meetings beginning in the late summer of 2012 to discuss with executive management a possible transaction with Roma Financial. While Investors Bancorp worked with Stifel during this period to review pricing and other material terms of a possible transaction, Stifel was not formally retained as an investment adviser by Investors Bancorp until November 26, 2012. Investors Bancorp also worked with its legal counsel, Luse Gorman Pomerenk & Schick (Luse Gorman), throughout this period on the structure of the transaction, the preparation of a merger agreement and the fiduciary duties of the Investors' boards of directors. On November 27, 2012, the Investors Bancorp board of directors met with executive management and Stifel to review the proposed merger transaction and concluded to continue the negotiation and due diligence processes. On December 13, 2012, Investors Bancorp formally engaged RBCCM for purposes of RBCCM conducting a financial analysis and rendering a fairness opinion on the proposed merger. The Board determined that it was a good corporate governance practice to retain a separate investment banking firm to render a fairness opinion which would conduct a separate analysis than the investment banking firm which assisted Investors Bancorp during the negotiation of the Merger. The Board met again on December 18, 2012, with executive management, representatives of Stifel, RBCCM and Luse Gorman to review the status of the merger negotiations, the conclusions of the extensive due diligence conducted of Roma Financial, Roma Bank and RomAsia Bank, the terms of the proposed merger agreement and its fiduciary obligations and related information. RBCCM delivered an oral opinion to the effect that, as of December 18, 2012, and based upon and subject to the factors and assumptions set

forth in RBCCM's written opinion, the merger consideration to be received by the holders of Roma Financial common stock pursuant to the Merger Agreement was fair from a financial point of view to Investors Bancorp. RBCCM also reviewed with the Investors Bancorp board of directors the text of its fairness opinion, which is attached to this Joint Proxy Statement/Prospectus as Annex B. Following these board deliberations, Investors Bancorp's board of directors determined that the Merger, the Merger Agreement and the transactions contemplated by the Merger Agreement were advisable and in the best interests of Investors Bancorp and its stockholders, and the directors voted unanimously to approve the Merger and other transactions, and to approve and adopt the Merger Agreement and the other agreements and related matters, subject to the resolution of open issues in a manner satisfactory to Investors Bancorp.

Roma Financial's Reasons for the Mid-Tier Merger

After careful consideration, Roma Financial's board of directors determined that the Merger is in the best interests of Roma Financial and its stockholders. Roma Financial's board of directors therefore unanimously recommends that the Roma Financial's stockholders vote **FOR** the adoption of the Merger Agreement and approval of the Merger.

In reaching the determination to approve the Merger, Roma Financial's board of directors consulted with Roma Financial's senior management, its financial advisor and legal advisor, and drew on their knowledge of the business, operations, properties, assets, financial condition, operating results, historical market prices and prospects of Roma Financial and Investors Bancorp, as well as current economic and market conditions. In connection with its review and approval of the Merger, and in the course of its deliberations, Roma Financial's board of directors considered numerous factors that weighed in favor of the Merger, including the following:

Merger Consideration. Roma Financial's board of directors considered that stockholders of Roma Financial would receive 0.8653 of a share of Investors Bancorp common stock in exchange for their shares of Roma Financial common stock. The consideration, at the time of the board's decision, represented an approximate 70.5% premium over the market price of the Roma Financial common stock on December 18, 2012, the last full trading day before execution of the Merger Agreement. Roma Financial's board of directors also considered the adequacy of the merger consideration, not only in relation to the market price of the Roma Financial common stock, but also in relation to the historical, present and anticipated future operating results and financial position of Roma Financial as an independent entity.

Investors Bancorp Historical Trading Prices. Roma Financial's board of directors considered the price level of the Investors Bancorp common stock in relation to its price level in recent years and in relation to its peers and the possibility that Roma Financial stockholders would have the opportunity to participate in future stock price growth of Investors Bancorp.

Fixed Exchange Ratio. Roma Financial's board of directors also considered the risks and uncertainties in evaluating the merger consideration in view of the potential fluctuation of Investors Bancorp's common stock price given the fixed exchange ratio for the merger consideration to be received in the exchange, and the period of time between the execution of the Merger Agreement and the closing.

Dividend Restrictions. Roma Financial's board of directors considered changes in the Federal Reserve Board's regulations effective in 2012 applicable to financial institutions organized under the mutual holding company form that severely limited its ability to waive receipt of dividends, which impeded Roma Financial's ability to continue to pay a quarterly cash dividend to its stockholders. Despite these restrictions, Investors Bancorp had recently instituted a cash dividend.

Strategic Alternatives. Roma Financial's board of directors carefully considered the strategic alternatives available to Roma Financial, including pursuing a business combination with a third party with characteristics similar to Investors Bancorp (a large financial institution organized in the mutual holding company form), the possibility of merging with another financial institution of size similar to Roma Financial also organized under the mutual holding company form, pursuing

Table of Contents

acquisition opportunities, undertaking a full stock conversion of Roma MHC and maintaining the status quo and recruiting a new president and CEO in 2013. In this context, Roma Financial's board of directors considered the economic and competitive pressures facing smaller financial institutions, increasing regulatory burdens, the need to make major investments in technology and compliance, and the issues associated with recruiting a new president and CEO and subsequent other management changes. Roma Financial's board of directors discussed these alternatives in its deliberations and received advice from senior management, Sandler as its financial advisor and Spidi & Fisch as its special legal counsel. Roma Financial's board of directors concluded that the execution of Roma Financial's business plan under the best case scenarios was not likely to create greater present value for Roma Financial stockholders compared to the value to be paid by Investors Bancorp.

Succession Planning Process. Roma Financial's board of directors considered the alternative of remaining independent and recruiting a new president and CEO to commence employment during 2013 in order to assist Roma Financial in remaining independent and executing its business plan. It considered the execution risks inherent in recruiting a new President and CEO and pursuing Roma Financial's independent business strategies versus the alternative of entering into a strategic partnership with Investors Bancorp and relying upon Investors Bancorp's management and its historic track record of performance.

Regulatory Impediments. Roma Financial considered the impact of Roma Bank having entered into the OCC Agreement upon the business activities, results of operations, potential growth strategies through acquisitions and executing a full conversion transaction, including the incremental costs of compliance with the OCC Agreement and the likelihood that its ability to successfully pursue some of its previously identified strategic alternatives, specifically a second-step conversion or an acquisition of another institution, would not be permitted by the OCC until Roma Bank had demonstrated substantial compliance with the OCC Agreement.

Other Alternative Transactions. Roma Financial's board of directors considered the analysis conducted by Roma Financial, with the assistance of Sandler and its legal advisors, in evaluating the proposal by Investors Bancorp and an assessment of other potential strategic alliances based upon Roma Financial's size and corporate structure under the mutual holding company form and the limited number of alternative partners likely to be interested in acquiring Roma Financial.

Sandler Fairness Opinion and Analysis. Roma Financial's board of directors considered the opinion, analyses and presentations of Sandler described under the heading "Approval of the Merger Agreement" Opinion of Roma Financial's Financial Advisor. Sandler's opinion concluded that the exchange ratio in the Mid-Tier Merger was fair to Roma Financial's public stockholders from a financial point of view.

Future Prospects. Roma Financial's board of directors evaluated the business, operations, financial conditions, earnings, management and future prospects of Investors Bancorp and Roma Financial and believed that a business combination with Investors would enable Roma Financial's stockholders to participate in a combined company that would have enhanced future prospects compared to those that Roma Financial was likely to achieve on a stand-alone basis. In reaching its conclusion, Roma Financial's board of directors took into consideration, among other things, the following benefits of a merger with Investors Bancorp: enhanced revenue, increased market capitalization, stronger capital position, funding capabilities and liquidity position, cost savings through integration and synergies and, as a result, improved capabilities to cope with potential challenges and risks.

Likelihood of Prompt Regulatory Approval. Roma Financial's board of directors considered the likelihood that Investors Bancorp and Roma Financial would receive the necessary regulatory approvals to complete the transactions contemplated in the Merger Agreement, including the Mid-Tier Merger and the Bank Merger, in a timely fashion.

Table of Contents

Terms and Conditions of the Merger Agreement Relating to Closing. Roma Financial's board of directors believed the terms and conditions of the Merger Agreement, including the parties' respective representations and warranties, the conditions to closing and termination provisions, provided adequate assurances as to Investors Bancorp's obligation and ability to consummate the Merger in a timely manner, without any extraordinary conditions.

Investors' Desire to Appoint three Roma Financial Directors to Investors' Boards of Directors. Roma Financial's board of directors considered the ability of Roma Financial stockholders to retain a voice in management oversight by Investors appointing three of Roma Financial's directors to Investors' board of directors.

Potential Future Value of the Stock Received. Roma Financial's board of directors considered the potential future trading value of the Roma Financial common stock compared to the value of the merger consideration offered by Investors Bancorp and the potential future trading value of the Investors Bancorp common stock, including the impact of a future second-step transaction by Investors MHC, and that it would be more likely that Investors Bancorp would be in a position to undertake a second-step transaction sooner than Roma Financial.

Tax Treatment. Roma Financial's board of directors expects that the Merger will constitute a reorganization under Section 368(a) of the Internal Revenue Code and Roma Financial stockholders generally will not recognize any gain or loss for federal income tax purposes on the exchange of shares of Roma Financial common stock for shares of Investors Bancorp common stock in the Mid-Tier Merger, except with respect to any cash received instead of fractional shares of Investors Bancorp common stock.

Impact on Constituencies. As is permissible under the laws of the State of New Jersey, Roma Financial's board of directors considered the effect of the Merger on its stockholders and on the employees, depositors and customers of Roma Bank and on the communities in which Roma Bank operate or are located. Roma Financial's board of directors believes that Investors Bancorp and Roma Financial share a commitment to their customers, employees, stockholders, and the communities both companies serve. Roma Financial's board of directors considered that the branch networks of the two banks do not overlap, which is expected to help minimize the job loss resulting from the Merger, and that as part of a larger organization Roma's employees would have greater career opportunities. Roma Financial's board of directors also considered Investors Bancorp's ability to provide a wider array of products and services, as well as larger lending limits as being beneficial to Roma's customers.

Depositor Rights. Certain of Roma Bank's depositors' rights as members of Roma MHC would be preserved as a result of the MHC Merger in the form of liquidation rights in Investors MHC and subscription rights in any subsequent second-step conversion of Investors MHC.

In the course of its deliberation regarding the Merger, Roma Financial's board of directors also considered the following factors, which it determined did not outweigh the expected benefits to Roma Financial and its stockholders:

Provisions and Covenants Contained in the Merger Agreement. Roma Financial's board of directors considered the restrictions on the operation of Roma's business during the period between signing of the Merger Agreement and completion of the Merger, as well as other covenants and agreements of Roma Financial contained in the Merger Agreement. Roma Financial's board of directors also considered the provisions of the Merger Agreement relating to payment of the termination fee upon certain events, and the limitations on Roma Financial's ability to discuss alternative transactions during the pendency of the Merger. Roma Financial's board of directors further considered the requirement that Roma Financial must convene a meeting of common stockholders to vote on the transaction with Investors Bancorp regardless of whether it changes its recommendation unless the Merger Agreement is terminated.

Table of Contents

Execution Risks. Roma Financial's board of directors considered the risks and costs associated with the Merger not being completed in a timely manner or at all, including as a result of any failure to obtain requisite regulatory approvals. Roma Financial's board of directors considered that these risks and costs included the diversion of management and employee attention, potential employee attrition, the potential effect on business and customer relationships and potential litigation brought by stockholders of Roma Financial arising from the Merger Agreement or the transactions contemplated thereby.

Integration Risks. Roma Financial's board of directors considered the challenges of combining the businesses, assets and workforces of Roma Financial and Investors Bancorp, which could affect the post-Merger success and the ability to achieve anticipated cost savings and other potential synergies. In this regard, Roma Financial's board of directors considered the prior experience of Investors Bancorp in integrating its acquisitions.

Insider Interests. Roma Financial's board of directors considered the fact that the interests of Roma Financial directors and executive officers with respect to the Merger may be different from those of other Roma Financial stockholders in certain limited circumstances. See "Approval of the Merger Agreement" Interests of Certain Persons in the Merger that are Different From Yours on page 73.

The reasons set forth above are not intended to be exhaustive, but include the material considerations of Roma Financial's board of directors in approving the Merger Agreement. In reaching its determination to approve and recommend the transaction, Roma Financial's board of directors looked at the totality of the information presented to it and did not assign any relative or specific weights to the factors considered, and individual directors may have given different weights to different factors. AFTER CONSIDERING THE MATTERS DISCUSSED ABOVE, ROMA FINANCIAL'S BOARD OF DIRECTORS BELIEVED THAT THE MERGER WAS IN THE BEST INTERESTS OF ROMA FINANCIAL AND ITS STOCKHOLDERS, AND THEREFORE, UNANIMOUSLY APPROVED AND RECOMMENDS THAT THE ROMA FINANCIAL STOCKHOLDERS VOTE FOR THE APPROVAL OF THE MERGER AGREEMENT.

It should be noted that this explanation of the reasoning of Roma Financial's board of directors (and some other information presented in this section) is forward-looking in nature and, therefore, should be read in light of the factors discussed under the section of this Joint Proxy Statement/Prospectus entitled "Caution About Forward-Looking Statements" commencing on Page 22.

Investors Bancorp's Reasons for the Merger

In reaching its decision to approve the Merger Agreement, the board of directors of Investors Bancorp consulted with senior management and its legal and financial advisors, and considered a number of factors, including, among others, the following, which are not presented in order of priority:

Roma Bank's and RomAsia Bank's branch networks are an expansion of Investors Bank's branch franchise and each of a size that can be readily assimilated;

Investors Bank has lending relationships in Roma Bank's and RomAsia Bank's market area, and would like to expand those relationships where possible;

Economies of scale and improved efficiencies are expected to result in accretion to capital, book value and fully converted tangible book value per share; and

Opportunities for cross-sales and account acquisition are expected based on the enhanced platform.

Based on the factors described above, the Boards of Directors of Investors Bancorp, Investors MHC and Investors Bank determined that the Merger would be advisable and in the best interests of Investors Bancorp stockholders and other constituencies and unanimously approved the Merger Agreement.

Opinion of Roma Financial's Financial Advisor

By letter dated November 20, 2012, Roma Financial retained Sandler to act as its financial advisor in connection with a possible business combination with Investors Bancorp. Sandler is a nationally recognized investment banking firm whose principal business specialty is financial institutions. As part of its investment banking business, Sandler is regularly engaged in the valuation of financial institutions and their securities in connection with mergers and acquisitions and other corporate transactions. Sandler was also generally familiar with Roma Financial, having acted as offering agent for Roma Bank in connection with its conversion to mutual holding company form and initial public offering in 2006 and having made presentations to the Roma Financial board of directors and executive management from time to time thereafter.

Sandler acted as financial advisor to Roma Financial in connection with the proposed Mid-Tier Merger and participated in certain of the negotiations leading to the execution of the Merger Agreement. At the December 19, 2012 meeting at which Roma Financial's board of directors considered and approved the Merger Agreement, Sandler delivered to the board its oral opinion, subsequently confirmed in writing, that, as of such date, the exchange ratio in the Mid-Tier Merger was fair to the minority stockholders of Roma Financial from a financial point of view. Sandler's fairness opinion was approved by Sandler's Fairness Opinion Committee. **The full text of Sandler's opinion is attached as Annex C to this Joint Proxy Statement/Prospectus. The opinion outlines the procedures followed, assumptions made, matters considered and qualifications and limitations on the review undertaken by Sandler in rendering its opinion. The description of the opinion set forth below is qualified in its entirety by reference to the full text of the opinion. Roma Financial stockholders are urged to read the entire opinion carefully in connection with their consideration of the proposed merger.**

Sandler's opinion speaks only as of the date of the opinion and was necessarily based upon financial, economic, market and other conditions as they existed on, and the information made available to Sandler as of that date. Events occurring or information made available after that date could materially affect its opinion. Sandler has not undertaken to update, revise, reaffirm or withdraw its opinion or otherwise comment upon events occurring after the date of its opinion. The opinion was directed to the Roma Financial board of directors in connection with its consideration of the Mid-Tier Merger and is directed only to the fairness of the exchange ratio to Roma Financial's minority stockholders from a financial point of view. It does not address any other aspect of the transaction, nor does it address the underlying business decision of Roma Financial to engage in the Mid-Tier Merger or the relative merits of the Mid-Tier Merger as compared to any other alternative business strategies that might exist for Roma Financial. The opinion is not a recommendation to any Roma Financial stockholder as to how such stockholder should vote at the annual meeting with respect to the Merger Agreement or any other matter.

In connection with rendering its opinion, Sandler reviewed and considered, among other things:

the Merger Agreement;

certain publicly available financial statements of Roma Financial and other historical financial information provided by Roma Financial that Sandler deemed relevant;

certain publicly available financial statements of Investors Bancorp and other historical financial information provided by Investors Bancorp that Sandler deemed relevant;

publicly available earnings estimates for Investors Bancorp for the years ending December 31, 2012 and 2013 and estimated long-term growth rates for the years ending December 31, 2014 and 2015;

Sandler also discussed with certain members of Roma Financial's senior management the business, financial condition, results of operations and prospects of Roma Financial and held similar discussions with certain members of senior management of Investors Bancorp concerning the business, financial condition, results of operations and prospects of Investors Bancorp.

In preparing its analyses, Sandler used internal financial projections for Roma Financial as provided by Roma Financial's management and publicly available earnings estimates and growth rates for Investors Bancorp. With respect to those projections and estimates, the respective managements of Roma Financial and Investors Bancorp confirmed to Sandler that they reflected the best currently available estimates and judgments of the future financial performance of Roma Financial and Investors Bancorp, respectively. Sandler also used in its analyses certain projections of transaction costs, purchase accounting adjustments, expected cost savings and other information which were provided by and/or reviewed with Investors Bancorp's representatives. With respect to all such financial projections and estimates used in its analyses, Sandler assumed that such performances would be achieved. Sandler expressed no opinion as to such financial projections or the assumptions on which they were based.

In performing its review and analyses, Sandler relied upon the accuracy and completeness of all of the financial and other information that was publicly available or that was provided to them by Roma Financial and Investors Bancorp or their representatives and assumed such accuracy and completeness for purposes of rendering its opinion. Sandler further relied on the assurances of the respective senior managements of Roma Financial and Investors Bancorp that they were not aware of any facts or circumstances that would make any of such information inaccurate or misleading. Sandler was not asked to and did not undertake an independent verification of any of such information and did not assume any responsibility or liability for the accuracy or completeness thereof. Sandler did not make an independent evaluation or appraisal of the specific assets, the collateral securing assets or the liabilities (contingent or otherwise) of Roma Financial or Investors Bancorp, their parent entities or any of their respective subsidiaries or the collectability of any such assets, nor was Sandler furnished with any such evaluations or appraisals. Sandler did not make an independent evaluation of the adequacy of the allowance for loan losses of Roma Financial or Investors Bancorp and with Roma Financial's consent, Sandler assumed that the respective allowances for loan losses were adequate to cover any such losses on a pro forma basis for the combined entity.

Sandler also assumed that there had been no material change in the assets, financial condition, results of operations, business, regulatory status or prospects of Roma Financial or Investors Bancorp since the date of the most recent financial statements made available to it. Sandler assumed in all respects material to its analysis that

Roma Financial and Investors Bancorp will remain as going concerns for all periods relevant to its analyses, that all of the representations and warranties contained in the Merger Agreement and all related agreements are true and correct, that each party to the Merger Agreement and all related agreements will perform all of the covenants required to be performed by such party under the agreements, that the conditions precedent in the Merger Agreement will not be waived and that the Merger will qualify as tax-free reorganizations for federal income tax purposes. Finally, with Roma Financial's consent, Sandler relied upon the advice Roma Financial received from its legal, accounting and tax advisors as to all legal, accounting and tax matters relating to Roma Financial, the Merger and the other transactions contemplated by the Merger Agreement.

In rendering its opinion, Sandler performed a variety of financial analyses. The following is not a complete description of all the analyses underlying Sandler's opinion or the presentation made by Sandler to Roma Financial's board, but is a summary of all material analyses performed and presented by Sandler. The summary includes information presented in tabular format. **In order to fully understand the financial analyses, these tables must be read together with the accompanying text. The tables alone do not constitute a complete description of the financial analyses.** The preparation of a fairness opinion is a complex process involving subjective judgments as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. Also, no company included in Sandler's comparative analyses described below is identical to Roma Financial or Investors Bancorp and no transaction is identical to the Mid-Tier Merger. Accordingly, an analysis of comparable companies or transactions involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the public trading values or merger transaction values, as the case may be, of Roma Financial and Investors Bancorp and the companies to which they are being compared. The process, therefore, is not necessarily susceptible to a partial analysis or summary description. In arriving at its opinion, Sandler considered its analyses as a whole and did not attribute any particular weight to any analysis or factor that it considered. Sandler made qualitative judgments as to the significance and relevance of each analysis and factor and did not form an opinion as to whether any individual analysis or factor (positive or negative) considered in isolation supported or failed to support its opinion; rather Sandler made its determination as to the fairness of the exchange ratio on the basis of its experience and professional judgment after considering the results of all its analyses taken as a whole.

In performing its analyses, Sandler also made numerous assumptions with respect to industry performance, business and economic conditions and various other matters, many of which cannot be predicted and are beyond the control of Roma Financial, Investors Bancorp or Sandler. The analyses performed by Sandler are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by such analyses. Estimates on the values of companies do not purport to be appraisals or necessarily reflect the prices at which companies or their securities may actually be sold. Such estimates are inherently subject to uncertainty and actual values may be materially different. Accordingly, Sandler's analyses do not necessarily reflect the value of Roma Financial's common stock or Investors Bancorp's common stock or the prices at which Roma Financial's common stock or Investors Bancorp's common stock may be sold at any time.

Sandler prepared its analyses solely for the purpose of rendering its opinion and provided such analyses to the Roma Financial board of directors at its December 19, 2012 meeting. Sandler's analyses and opinion were among a number of factors taken into consideration by Roma Financial's board in making its determination to adopt the Merger Agreement and the analyses described below should not be viewed as determinative of the decision of Roma Financial's board with respect to the fairness of the Mid-Tier Merger.

Discounted Cash Flow and Terminal Value Analysis. Sandler performed an analysis that estimated the present value of the estimated after-tax cash flows of Roma Financial assuming that Roma Financial performed in accordance with the financial projections for the years ending December 31, 2012 through 2015 provided by Roma Financial's management. Additionally, the analysis assumed that Roma Financial did not pay any cash dividends or repurchase any shares during the period. To approximate the terminal value of Roma Financial's common stock at December 31, 2015, Sandler applied price to earnings multiples ranging from 12.0x to 20.0x, chosen to reflect a range of trading multiples of institutions comparable in size to Roma Financial. The terminal values were then discounted to present values using discount rates ranging from 10.0% to 16.0% chosen to reflect different assumptions regarding required rates of return of holders or prospective buyers of Roma Financial's common stock. In addition, the terminal value of Roma Financial common stock at December 31, 2015 was calculated by applying price to tangible book value multiples ranging from 100% to 140%, chosen to reflect a range of trading multiples of institutions comparable in size to Roma Financial. As illustrated in the following tables, this analysis indicated an imputed range of values per share of Roma Financial common stock of \$1.43 to \$2.90 when applying price to earnings multiples and \$4.48 to \$7.65 when applying tangible book value multiples.

Sandler noted that the discounted dividend stream and terminal value analysis is a widely used valuation methodology, but the results of such methodology are highly dependent upon the numerous assumptions that must be made, and the results thereof are not necessarily indicative of actual values or future results. Sandler considered and discussed with the Roma Financial board of directors how its analysis would be affected by changes in the underlying assumptions, including variations with respect to net income, noting that the Roma Financial common stock would likely continue to be valued based primarily on its tangible book value rather than on its earnings stream over the periods covered by the analysis.

Pro Forma Merger Analysis. Sandler analyzed certain potential pro forma effects of the Mid-Tier Merger on Investors Bancorp, assuming each party performed in accordance with the earnings estimates discussed above and the following additional assumptions: (1) the Merger closes on June 30, 2013; (2) all of the currently outstanding shares of Roma Financial would be exchanged for shares of Investors Bancorp common stock at an exchange ratio of 0.8653; (3) all outstanding options to purchase shares of Roma Financial common stock would be converted into options to purchase shares of Investors Bancorp based on the exchange ratio; (4) Investors Bancorp would be able to achieve cost savings of approximately 25% of Roma Financial's projected operating expense base; (5) pre-tax transaction costs and expenses would total approximately \$23 million; (6) a core deposit intangible of approximately 1.0% of non-time deposits, to be amortized ratably over 10 years; (7) various other purchase accounting adjustments; and (8) a 1.0% opportunity cost of cash. Based upon these assumptions, Sandler's analysis indicated that the Mid-Tier Merger would be approximately 3.1% dilutive to Investors Bancorp's 2013 estimated earnings per share and approximately 4.0% dilutive to Investors Bancorp's tangible book value per share upon the closing of the transaction. The analysis also indicated that Investors Bancorp's tangible common equity to total assets ratio at closing would be approximately 8.3%. Sandler noted that the assumptions used in its analysis were necessarily preliminary and that the actual results achieved by the combined company may vary from projected results and the variations may be material.

Pro Forma Contribution Analysis. Sandler analyzed the relative contribution of assets, liabilities, capital, earnings and branch locations by Roma Financial and Investors Bancorp in the transaction. Based upon the exchange ratio as described above in the Summary of Proposal section, the total ownership for Roma Financial stockholders in the pro forma company was estimated to be 18.7%. Minority stockholders of Investors Bancorp would own 33.8% of the pro forma company and minority stockholders of Roma Financial would own 4.7% of the pro forma company.

In performing its review and arriving at its opinion, RBCCM assumed and relied upon, without independent verification, the accuracy and completeness of all the financial information, analyses and other information reviewed by and discussed with RBCCM. RBCCM did not make any independent evaluation or appraisal of specific assets or liabilities, the collateral securing the assets or the liabilities of Investors Bancorp or Roma Financial or any of their subsidiaries, or the collectibility of any such assets (relying, where relevant, on the analyses and estimates of Investors Bancorp and Roma Financial). Additionally, RBCCM did not assume any obligation to conduct, and did not conduct, any physical inspection of the property or facilities of Investors Bancorp or Roma Financial. In connection with rendering its fairness opinion to Investors Bancorp's board of directors, RBCCM performed a variety of financial analyses. The preparation of a fairness opinion is a complex process involving subjective judgments and is not necessarily susceptible to partial analyses or summary description. RBCCM believes that its analyses must be considered as a whole and that selecting portions of such analyses and the factors considered therein, without considering all factors and analyses, could create an incomplete view of the analyses and the processes underlying RBCCM's opinion. In arriving at its opinion, RBCCM did not attribute any particular weight to any analysis or factor that it considered, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. The following is a summary of such analyses, but does not purport to be a complete description of the analyses underlying the RBCCM opinion or the presentation made by RBCCM to the Investors Bancorp board of directors, but summarizes the material analyses performed and presented in connection with such opinion.

Edgar Filing: Investors Bancorp Inc - Form S-4

In performing its analyses, RBCCM made numerous assumptions with respect to industry performance, business and economic conditions and various other matters, many of which cannot be predicted and are beyond the

control of Investors Bancorp, Roma Financial, or RBCCM. No company or transaction utilized in RBCCM’s analyses was identical to Investors Bancorp or Roma Financial or the Merger. Any estimates contained in RBCCM’s analyses are not necessarily indicative of future results or values, which may be significantly more or less favorable than such estimates. Estimates of values of companies do not purport to be appraisals or necessarily reflect the prices at which companies or their securities may actually be sold. Because such estimates are inherently subject to uncertainty, RBCCM assumes no responsibility for their accuracy.

Financial Projections Provided by Investors Bancorp

RBCCM used financial projections for Investors Bancorp as provided by and/or reviewed with senior management of Investors Bancorp for the purpose of preparing its financial analyses used in rendering its fairness opinion. Investors Bancorp provided RBCCM with standalone earnings estimates of \$0.92 per share for 2013 and \$1.05 per share for 2014 for Investors Bancorp and a standalone earnings estimate of \$0.09 per share for 2013 for Roma Financial. RBCCM noted that the earnings per share projections provided by Investors Bancorp management for both Investors Bancorp and Roma Financial were consistent with consensus Wall Street research estimates. Upon the advice of Investors Bancorp management, RBCCM assumed an annual earnings growth rate of 10% for any year thereafter for both companies.

All of the financial projections are forward-looking statements. These forecasts, projections and estimates were based on numerous variables and assumptions which are inherently uncertain and which may not be within the control of Investors Bancorp’s management, including, without limitation, general economic, regulatory and competitive conditions. Therefore, actual results may vary significantly from the projections. In light of the foregoing, Investors Bancorp and Roma Financial stockholders are cautioned not to unduly rely on these financial projections as a predictor of future operating results or otherwise.

Discounted Cash Flow Valuation. RBCCM performed a discounted cash flow valuation to estimate a range of present values for Roma Financial, assuming Roma Financial continued to operate as a stand-alone entity, without regard to the proposed Merger. RBCCM calculated the theoretical per share value of Roma Financial based on the present value of: (i) an initial amount of capital representing the excess of the tangible equity to tangible assets ratio of Roma Financial above 8.00%; (ii) implied dividends per share over a five year period, assuming Roma Financial could dividend out all current earnings as long as its ratio of tangible equity to tangible assets remained at 8.00%; (iii) second step conversion proceeds received at the end of 2013; and (iv) the terminal value, or the theoretical value of the Roma Financial at the end of the five year period, or the fiscal year ended December 31, 2018. RBCCM based the projected earnings for Roma Financial on Investors Bancorp s management estimates. The terminal values are based upon a range of earnings multiples at which similarly sized banking institutions could be expected to trade over the long term of 11 to 14 times earnings. RBCCM used a range of discount rates of 8% to 12%, which it deemed appropriate for a company with Roma Financial s risk characteristics. RBCCM determined that the implied value per share of Roma Financial common stock ranged from \$7.18 to \$7.63 based on the price-to-earnings multiple assumptions for the terminal values as summarized below:

		Terminal Multiple			
		11.0x	12.0x	13.0x	14.0x
Discount	8.0%	\$ 7.39	\$ 7.47	\$ 7.55	\$ 7.63
	9.0%	7.33	7.41	7.49	7.57
	10.0%	7.28	7.35	7.43	7.50
Rate	11.0%	7.23	7.30	7.37	7.44

Table of Contents

In addition to the methodology and values described above, under a change of control scenario, RBCCM calculated the theoretical per share value of Roma Financial based on the present value of (i) second step conversion proceeds received at the end of 2013; (ii) cost synergies of 25% (phased in 70% in 2013 and 100% thereafter); and (iii) core deposit intangible amortization of 1% of core deposits amortized over 10 years on a straight line basis. RBCCM determined that the implied value per share of Roma Financial common stock ranged from \$16.23 to \$18.73 based on the price-to-earnings multiple assumptions for the terminal values as summarized below:

		Terminal Multiple			
		11.0x	12.0x	13.0x	14.0x
Discount	8.0%	\$ 17.33	\$ 17.80	\$ 18.26	\$ 18.73
	9.0%	17.03	17.48	17.93	18.38
Rate	10.0%	16.75	17.19	17.62	18.05
	11.0%	16.49	16.90	17.31	17.73
	12.0%	16.23	16.63	17.02	17.42

The results of the discounted cash flow analysis using implied dividends does not purport to reflect the prices at which any securities may trade at the present time or at any time in the future. Discounted cash flow analysis is a widely used valuation method, but the results of this method are highly dependent upon numerous assumptions, including earnings growth rates, dividend payout rates, multiples to terminal earnings and discount rates.

Consideration to be Received in the Mid-Tier Merger

The merger consideration of 0.8653 of a share of Investors Bancorp's common stock for every share of Roma Financial common stock was calculated to provide a value of \$15.00 per share of Roma Financial's common stock based upon the average closing price of Investors Bancorp common stock for the 10-day period ending December 18, 2012. The value of the merger consideration may increase or decrease both prior to and following the completion of the Mid-Tier Merger depending on the trading price of Investors Bancorp common stock.

In the event Investors Bancorp changes (or establishes a record date for changing) the number of, or provides for the exchange of, shares of its common stock issued and outstanding prior to the closing of the Mid-Tier Merger as a result of a stock split, stock dividend, recapitalization, reclassification, reorganization or similar transaction with respect to the outstanding common stock and the record date therefor is prior to the closing, the merger consideration shall be proportionately and appropriately adjusted.

Roma Financial stockholders will not receive fractional shares of Investors Bancorp common stock. Instead, Roma Financial stockholders will receive a cash payment for any fractional shares in an amount equal to the product of (i) the fraction of a share of Investors Bancorp common stock to which such stockholder would otherwise have been entitled, multiplied by (ii) the average of the daily closing sales price of a share of Investors Bancorp common stock for the ten consecutive trading days immediately preceding the closing date of the Mid-Tier Merger.

Treatment of Roma Financial Stock Options

At the effective time of the Mid-Tier Merger, each option to purchase shares of Roma Financial common stock granted under Roma Financial's 2008 Equity Incentive Plan that is outstanding, whether or not vested or exercisable, will become fully vested and will be converted into options to purchase shares of Investors Bancorp common stock in an amount equal to the number of shares of Roma Financial common stock subject to such option at the closing of the Mid-Tier Merger multiplied by the exchange ratio of 0.8653. The exercise price per share of such converted option will be equal to the exercise price of the prior Roma Financial option divided by the exchange ratio of 0.8653. Such converted options will be subject to the same duration and terms as in effect prior to the Mid-Tier Merger. For a description of the treatment of the outstanding warrants and options relating to the RomAsia Bank Merger, see RomAsia Bank Investors Bank Merger Agreement.

Surrender of Stock Certificates

No later than five business days after the completion of the Mid-Tier Merger, the exchange agent will mail to Roma Financial stockholders instructions for the exchange of their Roma Financial common stock certificates for the merger consideration. Until Roma Financial stockholders surrender their Roma Financial stock certificates for exchange after completion of the Mid-Tier Merger, Roma Financial stockholders will not be paid dividends or other distributions declared after the Mid-Tier Merger with respect to any Investors Bancorp common stock into which their Roma Financial shares have been converted. When Roma Financial stockholders surrender their Roma Financial stock certificates, Investors Bancorp will pay any unpaid dividends or other distributions, without interest.

Table of Contents

If their Roma Financial stock certificates have been lost, stolen or destroyed, Roma Financial stockholders will have to prove their ownership of these certificates and that they were lost, stolen or destroyed before they receive any consideration for their shares. The letter of transmittal will include instructions on how to provide evidence of ownership. If required by Investors Bancorp or the exchange agent, the stockholder will be required to post a bond in such amount as the exchange agent may reasonably direct as indemnity against any claim that may be made against it with respect to such lost, stolen or destroyed stock certificate.

Accounting Treatment of the Merger

In accordance with U.S. generally accepted accounting principles, the Merger will be accounted for using the acquisition method. The result of this is that the recorded assets and liabilities of Investors Bancorp will be carried forward at their recorded amounts, the historical operating results will be unchanged for the prior periods being reported on and that the assets and liabilities of Roma Financial will be adjusted to their estimated fair value at the closing of the Merger. In addition, all identified intangibles will be recorded at estimated fair value and included as part of the net assets acquired. To the extent that the purchase price exceeds the fair value of the net assets including identifiable intangibles of Roma Financial at the closing date, that amount will be reported as goodwill. To the extent that the purchase price does not exceed the fair value of the net assets including identifiable intangibles of Roma Financial at the closing date, that amount will be reported as a bargain purchase gain. In accordance with U.S. generally accepted accounting principles, goodwill will not be amortized but will be evaluated for impairment annually. Identified intangibles will be amortized over their estimated lives. Further, U.S. generally accepted accounting principles results in the operating results of Roma Financial being included in the operating results of Investors Bancorp beginning from the date of completion of the Mid-Tier Merger.

The following discussion assumes that the Merger will constitute one or more reorganizations for U.S. federal income tax purposes within the meaning of Section 368(a) of the Internal Revenue Code.

No gain or loss will be recognized by a Roma Financial stockholder who receives shares of Investors Bancorp common stock (except for cash received in lieu of fractional shares, as discussed below) in exchange for all of his or her shares of Roma Financial common stock. The tax basis of the shares of Investors Bancorp common stock received by a Roma Financial stockholder in such exchange will be equal (except for the basis attributable to any fractional shares of Investors Bancorp common stock, as discussed below) to the basis of the Roma Financial common stock surrendered in exchange for the Investors Bancorp common stock. If a Roma Financial stockholder purchased or acquired Roma Financial common stock on different dates or at different prices, then solely for purposes of determining the basis of the Investors Bancorp common stock received in the Mid-Tier Merger, such stockholder may designate which share of Investors Bancorp common stock is received in exchange for each particular share of Roma Financial common stock. The designation must be made on or before the date on which the Investors Bancorp common stock is received. For shares held through a broker, the designation is made by giving written notice to the broker. For shares held in certificate form by the stockholder, the designation is made by a written designation in the stockholder's records. The holding period of the Investors Bancorp common stock received will include the holding period of shares of Roma Financial common stock surrendered in exchange for the Investors Bancorp common stock, provided that such shares were held as capital assets of the Roma Financial stockholder at the effective time of the Mid-Tier Merger.

Cash in Lieu of Fractional Shares. A Roma Financial stockholder who holds Roma Financial common stock as a capital asset and who receives in the Mid-Tier Merger, in exchange for such stock, Investors Bancorp common stock and cash in lieu of a fractional share interest in Investors Bancorp common stock will be treated as having received such fractional share and then having received such cash in redemption of such fractional share of stock. Gain or loss generally will be recognized based on the difference between the amount of cash received in lieu of the fractional share and the portion of such holder's aggregate adjusted tax basis in the shares of Roma Financial stock surrendered which is allocable to the fractional share.

Backup Withholding. Unless an exemption applies under the backup withholding rules of Section 3406 of the Internal Revenue Code, the exchange agent shall be required to withhold, and will withhold, 28% of any cash payments to which a Roma Financial stockholder is entitled pursuant to the Mid-Tier Merger, unless the Roma Financial stockholder signs the substitute Internal Revenue Service Form W-9 enclosed with the letter of transmittal

Table of Contents

sent by the exchange agent. Unless an applicable exemption exists and is proved in a manner satisfactory to the exchange agent, this completed form provides the information, including the Roma Financial stockholder's taxpayer identification number, and certification necessary to avoid backup withholding.

Tax Treatment of the Entities. No gain or loss will be recognized by Investors Bancorp or Roma Financial as a result of the Merger.

Regulatory Matters Relating to the Merger

Completion of the Merger is subject to the receipt of all required approvals and consents from regulatory authorities, and the expiration of any applicable statutory waiting periods, without any term or condition that would constitute a burdensome condition. A burdensome condition is defined as any prohibition, limitation, or other requirement that would prohibit or materially limit the ownership or operation by Investors of all or any material portion of the business or assets of Roma Financial or any Roma Subsidiary, compel Investors to dispose of or hold separate all or any material portion of the business or assets of Roma Financial or any Roma Subsidiary, continue in effect after the Merger any provision of the OCC Agreement, or otherwise materially impair the value of Roma Financial to Investors Bancorp. Investors Bancorp and Roma Financial have agreed to use their reasonable best efforts to obtain all the required regulatory approvals. These include approval from the various federal and state regulatory authorities. Applications for such approvals were filed in January 2013.

The Mid-Tier Merger and the MHC Merger, as well as the acquisition by Investors MHC and Investors Bancorp of Roma Bank and RomAsia Bank, each require the approval of the Federal Reserve Board. In evaluating whether to grant such approval, the Federal Reserve Board considers such factors as the financial and managerial resources and future prospects of the holding companies and institutions involved, the effect of the acquisition on the acquired companies, the convenience and needs of the communities served and competitive factors. Generally the Federal Reserve Board must evaluate whether the transaction can reasonably be expected to produce benefits to the public that outweigh any adverse effects. The issuance of shares of common stock by Investors Bancorp to Roma Financial stockholders as merger consideration also requires the approval of the Federal Reserve Board as an issuance of shares of common stock by a subsidiary of a mutual holding company to persons other than the mutual holding company parent.

The Bank Merger is subject to the approval of the FDIC under the Bank Merger Act. In granting its approval under the Bank Merger Act, the FDIC must consider the financial and managerial resources and future prospects of the existing and resulting institutions, the convenience and needs of the communities to be served, competitive factors, any risk to the stability of the United States banking or financial system and the effectiveness of the institutions involved in combating money laundering activities. The Bank Merger and the MHC Merger are also subject to the approval of the NJDBI under the New Jersey Banking Act of 1948, as amended, which follows similar criteria to the FDIC.

In addition, a period of 15 to 30 days must expire following approval by the FDIC before completion of the Merger is allowed, within which period the United States Department of Justice may file objections to the Merger under the federal antitrust laws. While Investors Bancorp and Roma Financial believe that the likelihood of objection by the Department of Justice is remote in this case, there can be no assurance that the Department of Justice will not initiate proceedings to block the Merger, or that the Attorney General of the State of New Jersey will not challenge the Merger, or if any proceeding is instituted or challenge is made, as to the result of the challenge.

The Merger cannot proceed in the absence of the requisite regulatory approvals. See *Approval of the Merger Agreement Conditions to Completing the Merger* and *Terminating the Merger Agreement*. There can be no assurance that the requisite regulatory approvals will be obtained, and if obtained, there can be no assurance as to the date of any approval. There can also be no assurance that any regulatory approvals will not contain a condition or requirement that causes the approvals to fail to satisfy one or more conditions set forth in the Merger Agreement and described under *Approval of the Merger Agreement Conditions to Completing the Merger*.

The approval of any application merely implies the satisfaction of regulatory criteria for approval, which does not include review of the Merger from the standpoint of the adequacy of the exchange ratio for converting Roma Financial common stock to Investors Bancorp common stock. Furthermore, regulatory approvals do not constitute an endorsement or recommendation with respect to the Merger.

Agreement with the Office of the Comptroller of the Currency

Effective September 21, 2012, Roma Bank entered into an agreement with the OCC. The agreement provides, among other things, that within specified time frames, the Board will:

complete a review of the Board's processes regarding oversight of management and risk management and adopt and implement a plan, acceptable to the OCC, to strengthen oversight of management and operations;

adopt a plan, acceptable to the OCC, to strengthen Roma Bank's credit risk management practices;

adopt and implement a program, acceptable to the OCC, for the maintenance of an adequate allowance for loan and lease losses;

adopt and implement a plan, acceptable to the OCC, to reduce Roma Bank's interest in criticized or classified assets;

adopt and implement an updated program, acceptable to the OCC, to ensure Roma Bank's compliance with the Bank Secrecy Act and ensure implementation of a Bank Secrecy Act/Anti-Money Laundering Risk Assessment Process;

adopt, implement and ensure compliance with an independent internal audit program acceptable to the OCC; and

establish a committee reporting to the Board to ensure oversight of Roma Bank's information technology activities.

Additional regulatory restrictions resulting from the regulatory agreement include that Roma Bank must obtain prior regulatory approval before either (i) appointing or changing the responsibilities of directors and senior executive officers, or (ii) entering into any employment agreement or other agreement or plan providing for the payment of a golden parachute payment or the making of any golden parachute payment.

It is a covenant in the Merger Agreement that Roma Bank use its reasonable best efforts to take all action necessary to ensure full compliance with the OCC Agreement. It is anticipated that the OCC Agreement will terminate upon the closing of the Merger.

Litigation Related to the Merger

On January 3, 2013, a Roma Financial stockholder filed a putative class action lawsuit on behalf of Roma Financial stockholders in the Superior Court of the State of New Jersey, Chancery Division, Mercer County, against Roma Financial, Roma MHC, Roma Bank, each member of the Roma Financial board of directors, and Investors Bancorp, Investors MHC and Investors Bank. The case is captioned *Joseph T. Zalescik v. Peter Inverso, Michele Siekerka, Alfred DeBlasio, Jr., Thomas Bracken, Robert Albanese, William Walsh, Jr., Dennis Bone, Robert Rosen, Jeffrey Taylor, Roma Financial Corporation, Roma Financial Corporation, MHC, Roma Bank, Investors Bancorp, Inc., Investors Bancorp MHC and Investors Bank*. The complaint alleges, among other things, that the Roma Financial board of directors breached its fiduciary duties by allegedly agreeing to inadequate consideration and onerous terms for the merger transaction, and, allegedly engaging in a process that involved conflicts of interest. The complaint also alleges that Roma Financial and Investors Bancorp aided and abetted the Roma Financial board of directors breaches of fiduciary duties. Roma Financial and Investors Bancorp believe the allegations in the complaint are without merit and intend to vigorously defend against the lawsuit.

Roma Financial and Investors Bancorp believe the amended complaint is without merit and intend to vigorously defend against the lawsuit.

Share Ownership. On the Roma Financial Record Date for the Roma Financial annual meeting, Roma Financial’s directors and officers beneficially owned, in the aggregate, 223,556 shares of Roma Financial’s common stock (not including shares that may be acquired upon the exercise of stock options), representing approximately % of the outstanding shares of Roma Financial common stock.

As described below, certain of Roma Financial’s officers and directors have interests in the Merger that are in addition to, or different from, the interests of Roma Financial’s stockholders generally. Roma Financial’s board of directors was aware of these conflicts of interest and took them into account in approving the Merger. These interests represent an aggregate amount of approximately \$ million and include the following agreements.

Stock Options and Warrants. Under the terms of the Merger Agreement, outstanding and unexercised options to purchase shares of Roma Financial common stock granted under Roma Financial’s 2008 Equity Incentive Plan, whether or not vested or exercisable, will become fully vested and be converted into options to purchase shares of Investors Bancorp common stock in an amount equal to the number of shares of Roma Financial common stock subject to such option at the closing of the Mid-Tier Merger multiplied by the exchange ratio of 0.8653. The exercise price per share of such converted option will be equal to the exercise price of the prior Roma Financial option divided by the exchange ratio of 0.8653. Such converted options will become fully vested at the completion of the Mid-Tier Merger (if not already vested) and will be subject to the same duration and terms in effect prior to the Mid-Tier Merger. Based upon the equity holdings as of the Roma Financial Record Date, the number of Roma Financial stock options held by the executive officers and non-employee directors of Roma Financial are as follows:

Roma Financial and Roma Bank Employment Agreements. Roma Financial and Roma Bank are parties to employment agreements with each of Mr. Inverso, Mr. Pericoloso and Ms. Lamont providing for severance benefits that may be triggered on termination of employment in connection with the Merger. Mr. Inverso's employment agreement expires on December 31, 2013. The employment agreements for Mr. Pericoloso and Ms. Lamont provide for a one-year employment period that renews for an additional period upon a determination that the executive met the requirements and standards of the board of directors.

Pursuant to the terms of Mr. Inverso's employment agreement, since he has attained the normal retirement age of 73, in the event of his termination of employment at the request of Roma Financial or Roma Bank prior to December 31, 2013, he would receive all compensation and benefits that he would have earned as an employee of Roma Bank and Roma Financial through December 31, 2013. In addition, the employment agreement provides that Roma Bank and Mr. Inverso intend to enter into the following agreements following Mr. Inverso's retirement as President and Chief Executive Officer, subject to regulatory limitations:

a one-year consulting agreement and non-competition agreement to be effective from January 1, 2014 through December 31, 2014 during which time Mr. Inverso would serve as a consultant to Roma Financial and be paid a consulting fee of \$200,000; and

a retirement income plan agreement that would pay Mr. Inverso an additional supplemental retirement benefit of \$4,167 per month for a period of 84 months commencing on January 1, 2017.

Pursuant to the terms of the employment agreements for Mr. Pericoloso and Ms. Lamont, in the event of the executive's involuntary termination without cause or voluntary resignation for good reason (as defined in the employment agreements), occurring during the remaining term of the agreement, or within the 12 month period, following a change in control, Roma Bank will provide the executive with the following severance benefits, subject to regulatory limitations:

a lump sum payment equal to two times the total compensation paid to the executive or accrued by Roma Bank (including amounts attributable to salary, bonus, deferred and retirement plans) with respect to the executive for the most recently completed calendar year ending on or prior to the date of termination; and

continued group medical and dental benefits offered for the remaining term of the employment agreement, provided however that the costs of such benefits will be paid solely by the executive.

Each employment agreement also provides that the severance benefits provided thereunder when aggregated with other benefits and payments to which each executive would be entitled as a result of a change in control will be reduced, to the extent necessary, to avoid an excess parachute payment under Section 280G of the Internal Revenue Code.

Table of Contents

The estimated cash severance payments which would be made to Mr. Inverso, Mr. Pericoloso and Ms. Lamont under their employment agreements in connection with a termination of employment immediately following the Mid-Tier Merger are \$408,167, \$620,308 and \$668,857, respectively, which includes the estimated reductions necessary to avoid penalties under Internal Revenue Code Section 280G.

Continued Employment Offer to Certain Roma Financial Named Executive Officers. Investors Bank has offered continued employment to Messrs. Inverso and Pericoloso and Ms. Lamont pursuant to the terms and conditions set forth below, subject to any regulatory limitations. As a condition to accepting continued employment with Investors Bank, each executive must agree to terminate his or her existing employment agreement with Roma Bank and Roma Financial and waive the right to receive any benefits thereunder, including the severance benefits that are payable in connection with a change in control of Roma Financial and, with respect to Mr. Inverso, the benefits payable under his proposed one-year consulting and non-competition agreement and retirement income plan agreement. If the executives do not accept continued employment pursuant to the terms and conditions below, Investors Bank will honor their employment agreements with Roma Bank and Roma Financial, subject to any regulatory limitations.

Mr. Inverso has been offered a three-year employment agreement with Investors Bank that will pay him an annual rate of base salary of \$344,000. In addition to base salary, Mr. Inverso will be paid a retention bonus of \$325,000 if he remains continuously employed through the last day of the three-year term. However, he will not be eligible to participate in any other bonus plan or arrangement of Investors Bank or Investors Bancorp. While employed with Investors Bank, Mr. Inverso will have continued use of his company-owned automobile provided by Roma Bank prior to the effective time of the Mid-Tier Merger. Following the completion of the three-year term, Mr. Inverso will be eligible to serve for two years as a paid member of an advisory board.

In the event of Mr. Inverso's (i) involuntary termination without cause by Investors Bank or (ii) termination due to death or disability during the three-year employment term, Mr. Inverso (or his beneficiary) will receive a lump sum payment equal to the base salary and retention bonus that he would have earned had he remained employed with Investors Bank through the last day of the three-year employment term. In addition, Mr. Inverso will be subject to a three-year non-compete covenant that will commence following the effective time of the Mid-Tier Merger, regardless of his employment status with Investors Bank.

Mr. Pericoloso has been offered full-time employment with Investors Bank. During the initial three months following the effective time of the Merger, Mr. Pericoloso will continue as an employee of Investors Bank and will be paid his current annual rate of base salary of \$228,000. Thereafter, Mr. Pericoloso can elect to either: (i) accept a full-time employment position with Investors Bank or (ii) terminate employment and receive a severance payment from Investors Bank equal to \$620,308 (subject to adjustment/cutback pursuant to Section 280G of the Internal Revenue Code and any regulatory limitations), payable in a lump sum.

If Mr. Pericoloso elects full-time employment with Investors Bank, then in lieu of his severance benefit, he would continue as a full-time employee of Investors Bank and be paid an annual base salary of \$228,000 per year and a signing bonus of \$250,000. In addition to his base salary and the signing bonus, Mr. Pericoloso will be eligible to participate in or receive benefits under all employee benefit plans, retirement plans and bonus plans or arrangements provided by Investors Bank that are made available to similarly-situated executives and key management employees. Investors Bank will also provide Mr. Pericoloso with a two-year change in control agreement, subject to regulatory limitations, that would provide him with change in control severance benefits in the event of his involuntary termination without cause or termination for "good reason" in connection with a change in control of Investors Bank or Investors Bancorp as follows:

cash severance payment equal to 1.5 times the sum of his: (i) highest rate of base salary and (ii) highest bonus awarded during the prior three years of employment (or shorter) with Investors Bank; and

continued medical insurance for 18 months following his date of termination.

Table of Contents

The change in control agreement will provide that the change in control severance benefits payable thereunder will be reduced, to the extent necessary, to avoid excess parachute payments under Section 280G of the Internal Revenue Code.

Ms. Lamont has been offered an employment agreement with Investors Bank that will terminate three months following the effective time of the Merger. During the employment term, Ms. Lamont will be paid based on an annual rate of base salary of \$210,000. However, she will not be eligible to participate in any other bonus plan or arrangement of Investors Bank or Investors Bancorp. Following the completion of the three-month term, Ms. Lamont's employment with Investors Bank will automatically terminate, and she will receive a severance benefit of \$668,857 (subject to adjustment/cutback pursuant to Section 280G of the Internal Revenue Code and regulatory limitations), payable in a lump sum.

Supplemental Executive Retirement Plan Agreements. Roma Bank is a party to Supplemental Executive Retirement Plan Agreements with four individuals, including Messrs. Inverso and Zadworny. Under these agreements, Messrs. Inverso and Zadworny are each entitled to a supplemental retirement benefit that is payable upon termination following attainment of his normal retirement age, which is age 69 and 65, respectively. The supplemental retirement benefit payable to Messrs. Inverso and Zadworny is an annual benefit of \$60,000 and \$26,000, respectively, payable in monthly installments for 120 months. Additionally, in accordance with the addendum to Mr. Inverso's employment agreement, he is also entitled to receive a supplemental annual retirement benefit of approximately \$50,000, payable in monthly installments for 84 months commencing as of January 1, 2017 subject to regulatory approval. However, as a condition to accepting continued employment with Investors Bank, Mr. Inverso must waive his right to any amounts he may be entitled to under his employment agreement, including his supplemental retirement benefit provided for in the addendum to his employment agreement.

In accordance with the Merger Agreement, Investors intends to terminate the Supplemental Executive Retirement Plan Agreements and distribute the accrued benefits thereunder following the effective time of the Mid-Tier Merger in accordance with Section 409A of the Internal Revenue Code. Because Messrs. Inverso and Zadworny have attained their normal retirement ages, their benefits are fully vested without regard to the change in control. Accordingly, all benefits payable under the Supplemental Executive Retirement Plan Agreements have been fully vested and accrued, without regard to the change in control.

As of December 31, 2012, the estimated accrued benefit that will be payable to each individual under his or her Supplemental Executive Retirement Plan Agreement is as follows: Mr. Inverso, \$414,854, Mr. Zadworny, \$179,770, and the two other individuals (as a group), \$576,514.

Phantom Stock Appreciation Rights Agreements. Roma Bank is a party to Phantom Stock Appreciation Rights Agreements with 19 individuals, including Mr. Inverso, Mr. Pericoloso, Ms. Lamont and Mr. Zadworny. Under these agreements, each executive was awarded phantom stock appreciation rights on November 1, 2002, whereby the future value of the benefits were determined by the growth of Roma Bank's consolidated retained earnings between the date of the award and the time of distribution of the benefit to the executive. Payment of the accrued benefits under the agreements commenced on December 31, 2012, and are payable in either: (i) 36 monthly installments; (ii) 48 monthly installments or (iii) 60 monthly installments, as elected by the executive.

In accordance with the Merger Agreement, Investors intends to terminate the Phantom Stock Appreciation Rights Agreements and distribute the accrued benefits thereunder immediately following the effective time of the Mid-Tier Merger in accordance with Section 409A of the Internal Revenue Code. All the benefits payable under the Phantom Stock Appreciation Rights Agreements have been fully vested and accrued, without regard to the change in control.

As of December 31, 2012, the estimated accrued benefit that will be payable to each individual under his or her Phantom Stock Appreciation Rights Agreement is as follows: Mr. Inverso, \$281,160, Mr. Pericoloso, \$79,518, Ms. Lamont, \$90,650, Mr. Zadworny, \$87,469 and the other 15 individuals (as a group), \$442,146.

Employee Stock Ownership Plan. The Roma ESOP is a tax-qualified plan that covers substantially all of the employees of Roma Bank who have at least one year of service and have attained age 21. The Roma ESOP received a share acquisition loan from Roma Financial, the proceeds of which were used to acquire shares of Roma

Table of Contents

Financial common stock for the benefit of plan participants. The Roma ESOP has pledged the shares acquired with the loan as collateral for the loan and holds them in a suspense account, releasing them to participants' accounts as the loan is repaid, using contributions received from Roma Bank. Prior to the effective time of the Mid-Tier Merger, the outstanding share acquisition loan of the Roma ESOP will be repaid by the Roma ESOP by delivering a sufficient number of unallocated shares of Roma Financial common stock to Roma Financial. Any unallocated shares remaining in the suspense account (after the repayment of the outstanding share acquisition loan) will be allocated to the plan participants. As of the effective time of the Mid-Tier Merger, the Roma ESOP will be terminated and all allocated shares of Roma Financial common stock held by the Roma ESOP will be converted into shares of Investors Bancorp common stock pursuant to the exchange ratio.

As a result of the foregoing, Roma Bank's executive officers, as well as Roma Bank's other employees who participate in the Roma ESOP, would receive an estimated benefit in connection with the Roma ESOP's termination to the extent that the stock price of Roma Financial common stock multiplied by the number of shares held in the suspense account exceeds the outstanding loan used to acquire those shares. Based on account balances as of December 31, 2012, and a stock price of \$15.02, the estimated value of the additional benefit that would be payable to the executive officers under the Roma ESOP upon the effective time of the Mid-Tier Merger is as follows: Mr. Inverso, \$35,668, Mr. Pericoloso, \$30,625, Ms. Lamont, \$27,320, Mr. Zadworny, \$22,033 and Ms. Berrios, \$13,726.

Merger-Related Executive Compensation for Roma Financial's Named Executive Officers. The following table and related footnotes provide information about the compensation to be paid to Roma Financial's named executive officers that is based on or otherwise relates to the Merger (the Merger-Related Executive Compensation). The Merger-Related Executive Compensation shown in the table and described in the footnotes below is subject to an advisory (non-binding) vote of Roma Financial stockholders as more fully described in the section entitled Merger-Related Executive Compensation Arrangements beginning on page 142.

The table below sets forth the aggregate dollar value of the various elements of Merger-Related Executive Compensation that each named executive officer of Roma Financial would receive that is based on or otherwise relates to the Mid-Tier Merger, assuming the following:

the estimated effective time of the Merger is May 31, 2013;

Mr. Inverso, Mr. Pericoloso and Ms. Lamont accept Investors Bank's continued employment offer and remain continuously employed with Investors Bank beginning at the effective time of the Merger through his or her applicable continued employment term as described above under Interests of Certain Persons in the Merger that are Different from Yours Continued Employment Offer to Certain Roma Financial Named Executive Officers;

the employment of Mr. Zadworny and Ms. Berrios is terminated by Investors Bank without cause at the effective time of the Merger;

as required by Securities and Exchange Commission rules, all amounts below have been calculated based on a per share price of Roma Financial common stock of \$15.02 (the average closing market price of Roma Financial common stock over the first five business days following the public announcement of the Merger on December 19, 2012), and all amounts below determined using the per share price of RomAsia Bank common stock of \$11.25 (which is the fixed dollar amount per share that RomAsia Bank stockholders will receive in connection with the RomAsia Bank Merger); and

there are no regulatory restrictions to paying the Merger-Related Executive Compensation provided below to the named executive officers.

Table of Contents

As a result of the foregoing assumptions, the actual amounts received by a named executive officer may materially differ from the amounts set forth below.

Executive	Merger-Related Executive Compensation						
	Cash \$(1)	Equity \$(2)	Pension/NQDC \$(3)	Perquisites/ Benefits \$(4)	Reimbursement Tax (\$)	Other \$(5)	Total (\$)
Peter Inverso		260,773		11,100		360,668	632,541

Sharon Lamont	668,857	82,931				27,320	779,108

- (1) The amount in this column represents the cash severance payment that will be made to Ms. Lamont in connection with her continued employment with Investors Bank, subject to adjustment/cutback pursuant to Section 280G of the Internal Revenue Code.
- (2) The amounts in this column represent: (i) with respect to Roma Financial stock options and restricted stock awards, the total value of the accelerated vesting of outstanding stock options and restricted stock awards, based on per share value of \$15.02, less the applicable per share exercise price in the case of accelerated stock options, and (ii) with respect to RomAsia Bank stock options and warrants, the total value of the payment in cancellation of outstanding stock options and warrants, based on the per share value of \$11.25, less the applicable per share exercise price. Such vesting is a single trigger event upon a change in control and is not conditioned upon termination of the executive's employment. For Mr. Inverso, his equity amount represents \$31,320 attributable to the value of 23,200 Roma Financial stock options for which vesting is accelerated, \$206,765 attributable to the value of 13,766 Roma Financial restricted stock awards for which vesting is accelerated, \$20,000 attributable to the payment in cancellation of 7,500 RomAsia Bank stock options and \$2,688 attributable to the payment in cancellation of 2,150 RomAsia Bank warrants. For Mr. Pericoloso and Ms. Lamont, their equity amounts represent \$10,260 attributable to the value of 7,600 Roma Financial stock options for which vesting would be accelerated and \$64,331 attributable to the value of 4,283 shares of Roma Financial restricted stock for which vesting would be accelerated, and Ms. Lamont's equity amount also includes \$8,340 attributable to the payment in cancellation of 3,000 RomAsia Bank stock options. For Mr. Zadworny, his equity amount is attributable to the value of 7,600 Roma Financial stock options for which vesting would be accelerated. For Ms. Berrios, her equity amount is attributable to the value of accelerated vesting of 456 shares of Roma Financial restricted stock.
- (3) Since no benefits payable under the Supplemental Executive Retirement Plan Agreements and Phantom Stock Appreciation Rights Agreements will be enhanced as a result of the Merger, no value is reflected in this column for each executive. However, under the Merger Agreement, Investors intends to terminate the agreements and distribute the accrued benefits thereunder following the effective time of the Mid-Tier Merger in accordance with Section 409A of the Internal Revenue Code. The termination and liquidation of the agreements is a single trigger event upon a change in control and is not conditioned upon the termination of the executive's employment. As of December 31, 2012, the estimated accrued benefits payable to each executive under his Supplemental Executive Retirement Plan Agreement is as follows: Mr. Inverso, \$414,854 and Mr. Zadworny, \$179,770 (Mr. Pericoloso, Ms. Lamont and Ms. Berrios are each not a party to a Supplemental Executive Retirement Plan Agreement with Roma Bank). As of December 31, 2012, the estimated accrued benefits payable to each executive under his or her Phantom Stock Appreciation Rights Agreement is as follows: Mr. Inverso, \$281,160, Mr. Pericoloso, \$79,518, Ms. Lamont, \$90,650 and Mr. Zadworny, \$87,469.
- (4) The amount in this column represents the value of Mr. Inverso's continued use for three years of the company-owned automobile that was provided to him by Roma Bank prior to the effective time of the Mid-Tier Merger.
- (5) The amounts in this column represent: (i) with respect to all the executives, the additional benefit attributable to the Roma ESOP as a result of its termination (see Interest of Certain Persons in the Merger that are Different from Yours Employee Stock Ownership Plan above for further details) and (ii) with respect to Messrs. Inverso and Pericoloso, the bonus payment that is payable to such individual in connection with his continued employment with Investors Bank. For Mr. Inverso, \$35,668 is attributable to the ESOP and \$325,000 is attributable to a retention bonus that is payable upon the earlier of: (i) the three-year anniversary of his continued employment with Investors Bank or (ii) the termination of his employment by Investors Bank without cause. For Mr. Pericoloso, \$30,625 is attributable to the Roma ESOP and \$250,000 is attributable to a signing bonus if he accepts the full-time employment offer from Investors Bank within three months following the effective time of the Merger. However, if Mr. Pericoloso does not accept full-time employment with Investors Bank, he will be paid, in lieu of the signing bonus, a severance benefit of \$620,308 (subject to adjustment/cutback pursuant to Section 280G of the Internal Revenue Code). The amounts in this column do not include the value attributable to the short-year allocation that each officer will receive to his or her account under the Roma ESOP as those numbers are not based on nor otherwise related to the Merger.

Roma Financial has also agreed that it will cause each of its representatives to immediately cease and cause to be terminated any and all existing discussions, negotiations, and communications with any persons with respect to any existing or potential acquisition proposal. An acquisition proposal means any offer or proposal or offer contemplating, relating to, or that could reasonably be expected to lead to an acquisition transaction, which is defined in the Merger Agreement as:

any merger, consolidation, recapitalization, share exchange, liquidation, dissolution or similar transaction involving Roma MHC, Roma Financial or its subsidiaries;

Edgar Filing: Investors Bancorp Inc - Form S-4

after consultation with and considering the advice from outside legal counsel and its independent financial advisor, the Roma Financial board of directors determines, in good faith, the acquisition proposal constitutes or is reasonably likely to lead to a superior proposal, defined below; and

prior to furnishing or affording access to any information or data with respect to Roma Financial or any of its subsidiaries or otherwise relating to an acquisition proposal, Roma Financial receives a confidentiality agreement from that party with terms no less favorable to Roma Financial than those contained in the confidentiality agreement between Roma Financial and Investors Bancorp. In addition, Roma Financial must promptly provide to Investors Bancorp any non-public information regarding Roma Financial or its subsidiaries provided to any other person that was not previously provided to Investors Bancorp, such additional information to be provided no later than the date of provision of such information to such other party.

Table of Contents

A superior proposal means any bona fide written proposal (on its most recently amended or modified terms, if amended or modified) made by a third party to enter into an acquisition transaction on terms that the Roma Financial board of directors determines in its good faith judgment, after consultation with and having considered the advice of outside legal counsel and a financial advisor: (i) would, if consummated, result in the acquisition of all, but not less than all, of the issued and outstanding shares of Roma Financial common stock or all, or substantially all, of the assets of Roma Financial and its subsidiaries on a consolidated basis; (ii) would result in a transaction that involves consideration to the holders of the shares of Roma Financial common stock that is more favorable, from a financial point of view, than the consideration to be paid to Roma Financial's stockholders pursuant to the Merger Agreement, considering, among other things, the nature of the consideration being offered, and which proposal is not conditioned upon obtaining additional financing; and (iii) is reasonably likely to be completed on the terms proposed, in each case taking into account all legal, financial, regulatory and other aspects of the proposal, including any material regulatory approvals or other risks associated with the timing of the proposed transaction beyond or in addition to those specifically contemplated hereby.

If Roma Financial receives a proposal or nonpublic information request from a third party, Roma Financial must promptly notify Investors Bancorp and provide Investors Bancorp with information about the third party and its proposal.

Roma Financial will promptly notify Investors Bancorp of any material change in the normal course of its business or in the operation of its properties and, to the extent permitted by applicable law, of any governmental complaints, investigations or hearings (or communications indicating that the same may be contemplated), or the institution or the threat of material litigation involving Roma Financial or any of its subsidiaries;

Roma Bank will meet with Investors Bank on a regular basis to discuss and plan for the conversion of Roma Bank's data processing and related electronic information systems. Roma Financial will take all steps necessary to convene a meeting of its stockholders to vote on the Merger Agreement and the Mid-Tier Merger. The Roma Financial board of directors will recommend approval of the Merger Agreement to Roma Financial stockholders and will use its reasonable best efforts to obtain the stockholder approval required to approve the Merger Agreement. However, the Roma Financial board of directors may withdraw, qualify or modify such recommendation if Roma Financial has received a superior proposal (as described above in Agreement Not to Solicit Other Proposals), Roma Financial has notified Investors Bancorp as to the receipt of the superior proposal and Roma Financial's board of directors, after consultation with and based on the advice of its outside legal counsel and financial advisor, determines that the failure to take such actions would be reasonably likely to be inconsistent with its fiduciary duties to Roma Financial's stockholders under applicable law, taking into account any adjustments, modifications or amendment to the terms and conditions of the Merger Agreement that Investors Bancorp may have committed to in writing (although Investors Bancorp has no obligation to do so);

Investors Bancorp will file a registration statement, of which this Joint Proxy Statement/Prospectus forms a part, with the Securities and Exchange Commission registering the shares of Investors Bancorp common stock to be issued in the Mid-Tier Merger to Roma Financial stockholders;

Roma MHC will take all steps necessary to convene a meeting of its members to vote on the Merger Agreement and the MHC Merger;

Unless otherwise specified in the Merger Agreement, the representations and warranties of each of Investors Bancorp and Roma Financial will expire upon the effective time of the Mid-Tier Merger.

For purposes of the Merger Agreement, material adverse effect is defined as any effect, circumstance or occurrence that (i) is material and adverse to the financial condition, results of operations, assets or business of Investors taken as a whole, or Roma taken as a whole, respectively, or (ii) does or would materially impair the ability of Roma, on the one hand, or Investors, on the other hand, to perform its obligations under the Merger Agreement or otherwise materially threaten or materially impede the consummation of the transactions contemplated by the Merger Agreement. The Merger Agreement provides specific exclusions for items that do not constitute a material adverse effect.

For further information on these representations and warranties, please refer to the Merger Agreement, which is attached as Annex A to this Joint Proxy Statement/Prospectus.

Terminating the Merger Agreement

The Merger Agreement may be terminated at any time before the completion of the Merger, either before or after approval of the Mid-Tier Merger by Roma Financial stockholders, as follows:

by the written mutual consent of Investors Bancorp and Roma Financial;

by the board of directors of either party, if the other party makes a misrepresentation, breaches a warranty or fails to fulfill a covenant that cannot be cured prior to September 30, 2013 or that has not been cured within 30 days following written notice to the party in default, provided that the terminating party is not in material breach of any of its representations, warranties, covenants or other agreements contained in the Merger Agreement;

by the board of directors of either party, if the Mid-Tier Merger is not consummated by September 30, 2013, or a later date agreed to in writing by Investors Bancorp and Roma Financial, unless failure to complete the Mid-Tier Merger by that time is due to a material breach of a representation, warranty, covenant or other agreement by the party seeking to terminate the Merger Agreement;

by the board of directors of either party, if a required regulatory approval is denied or any court or governmental authority prohibits the consummation of any of the Merger;

by the board of directors of Investors Bancorp if Roma Financial does not publicly recommend in this Joint Proxy Statement/Prospectus approval of the Merger Agreement, or if Roma Financial withdraws its recommendation or modifies or qualifies its recommendation in a manner adverse to Investors Bancorp;

by the board of directors of Roma Financial if Investors Bancorp does not publicly recommend in this Joint Proxy Statement/Prospectus approval of the Merger Agreement, or if Investors Bancorp withdraws its recommendation or modifies or qualifies its recommendation in a manner adverse to Roma Financial; or

by the board of directors of Roma Financial if at any time before the approval of the Merger Agreement by Roma Financial's stockholders: (i) Roma Financial has received a superior proposal, and in accordance with the Merger Agreement, the board of directors of Roma Financial has made a determination to terminate the Merger Agreement in order to accept such superior proposal; and (ii) Roma Financial has paid the termination fee described below in Termination Fee.

Additionally, Roma Financial may terminate the Merger Agreement if, at any time during the five-day period commencing on the first date on which all regulatory approvals (and waivers, if applicable) necessary for consummation of the Merger have been received (disregarding any waiting period) (the Determination Date), such termination to be effective if both of the following conditions are satisfied:

the number obtained by dividing the average of the daily closing prices of Investors Bancorp common stock for the five consecutive trading days immediately preceding the Determination Date (the Investors Bancorp Market Value) is less than \$14.152; and

the number obtained by dividing Investors Bancorp Market Value on the Determination Date by \$17.69 is less than the number obtained by dividing (i) the sum of the average of the daily closing prices for the five consecutive trading days immediately preceding the Determination Date of a group of financial institution comprising the SNL U.S. Bank and Thrift Index (the Final Index Price) by (ii) the closing value of the above-referenced group of financial institution holding companies on the last trading date immediately preceding the public announcement of the entry into the Merger Agreement (the Initial Index Price), minus 0.20.

If Roma Financial elects to exercise its termination right as described above, it must give prompt written notice thereof to Investors Bancorp. During the five business day period commencing with its receipt of such notice, Investors Bancorp shall have the option to increase the consideration to be received by the holders of Roma Financial common stock by adjusting the exchange ratio to the lesser of: (i) a quotient, the numerator of which is equal to the product of \$17.69, the exchange ratio (as then in effect), and the Index Ratio (the Final Index Price divided by the Initial Index Price) minus 0.20, and the denominator of which is equal to Investors Bancorp Market Value on the Determination Date; or (ii) the quotient determined by dividing \$17.69 by the Investors Bancorp Market Value on the Determination Date, and multiplying the quotient by the product of the exchange ratio (as then in effect) and 0.80. If Investors Bancorp so elects, it shall give, within such five business-day period, written notice to Roma Financial of such election and the revised exchange ratio, whereupon no termination shall be deemed to have occurred and the Merger Agreement shall remain in full force and effect in accordance with its terms (except as the exchange ratio shall have been so modified).

Termination Fee

The Merger Agreement requires Roma Financial to pay Investors Bancorp a fee of \$12.0 million if the Merger Agreement is terminated in certain circumstances that involve a superior proposal.

Table of Contents

Specifically, Roma Financial must pay the termination fee if:

Roma Financial has made a determination to terminate the Merger Agreement in order to accept a superior proposal; or

if Roma Financial has received a superior proposal and takes one of the following actions: enters into a definitive agreement relating to an acquisition proposal, terminates this Merger Agreement; withdraws its recommendation of the Merger Agreement to its stockholders or modifies or qualifies its recommendation in a manner adverse to Investors Bancorp; or consummates an acquisition proposal.

The Merger Agreement requires Investors Bancorp to reimburse Roma Financial for its out-of-pocket costs and expenses associated with the Merger Agreement, not to exceed \$2.0 million, in the event Investors Bancorp received the required regulatory approvals to acquire Roma Bank, but Investors Bancorp has not obtained approval by September 30, 2013 from the Federal Reserve Board under commitments previously made by Investors Bancorp to the Federal Reserve Board, to issue shares of Investors Bancorp common stock in the Mid-Tier Merger, or if prior to September 30, 2013, the Federal Reserve Board informs Investors Bancorp in writing that its request for such approval is denied.

Expenses

Except as specifically provided in the Merger Agreement, each of Investors Bancorp and Roma Financial will pay its own costs and expenses incurred in connection with the Merger.

Changing the Terms of the Merger Agreement

Before the completion of the Mid-Tier Merger, the parties to the Merger Agreement may agree to waive or amend any provision of the Merger Agreement. However, after the approval by Roma Financial stockholders, the parties can make no amendment that reduces the amount or value or changes the form of consideration to be received by Roma Financial's stockholders under the terms of the Merger Agreement.

Investors Bank has also agreed to establish an advisory board comprised of all independent directors of RomAsia Bank's board of directors for a period of five years, with a quarterly director's fee of \$2,500. a lump sum payment equal to one times the executive's rate of annual base salary (which includes commissions for Mr. Mallon); and

Each employment agreement also provides that the severance benefits provided thereunder when aggregated with other benefits and payments to which each executive would be entitled as a result of a change in control will be reduced, to the extent necessary, to avoid an excess parachute payment under Section 280G of the Internal Revenue Code.

The estimated amount of cash severance benefits payable to Mr. Mazzagetti, Ms. Hungrige and Mr. Mallon under the employment agreements assuming a qualifying termination of employment are \$200,000, \$126,000 and \$142,116, respectively.

DESCRIPTION OF INVESTORS BANCORP, INC. CAPITAL STOCK

The following summary describes the material terms of Investors Bancorp's capital stock and is subject to, and qualified by, Investors Bancorp's certificate of incorporation and bylaws and federal law and regulations. See [Where You Can Find More Information](#) as to how to obtain a copy of Investors Bancorp's certificate of incorporation and bylaws.

General

Investors Bancorp is authorized to issue 200,000,000 shares of common stock having a par value of \$.01 per share and 50,000,000 shares of serial preferred stock. Each share of Investors Bancorp's common stock will have the same relative rights as, and will be identical in all respects to each other share of common stock. Upon payment of the purchase price for the common stock in accordance with the stock issuance plan, all of the stock will be duly authorized, fully paid and nonassessable.

Common Stock

Distributions. Investors Bancorp can pay dividends if, as and when declared by its board of directors, subject to compliance with limitations that are imposed by law. The holders of common stock of Investors Bancorp will be entitled to receive and share equally in such dividends as may be declared by the board of directors of Investors Bancorp out of funds legally available therefor. In the future, dividends from Investors Bancorp may depend, in part, upon the receipt of dividends from Investors Bank, because Investors Bancorp may have no source of income other than the investment of proceeds from the sale of shares of common stock and interest payments received in connection with its loan to the employee stock ownership plan. Pursuant to our certificate of incorporation, Investors Bancorp is authorized to issue preferred stock. If Investors Bancorp does issue preferred stock, the holders thereof may have a priority over the holders of the common stock with respect to dividends.

Voting Rights. The holders of common stock of Investors Bancorp possess exclusive voting rights in Investors Bancorp. Each holder of a share of Investors Bancorp common stock is entitled to one vote per share and does not have any right to cumulate votes in the election of directors. Persons who own shares in excess of 10% of the issued and outstanding shares of common stock are not be entitled to vote any of the shares held in excess of the 10% limit. See [Certain Provisions of the Investors Bancorp Certificate of Incorporation and Bylaws](#). If Investors Bancorp issues preferred stock, holders of the preferred stock may also possess voting rights.

Liquidation. In the event of any liquidation, dissolution or winding up of Investors Bank, Investors Bancorp, as holder of Investors Bank's capital stock, would be entitled to receive, after payment or provision for payment of all debts and liabilities of Investors Bank, including all deposit accounts and accrued interest thereon, all assets of Investors Bank available for distribution. In the event of liquidation, dissolution or winding up of Investors Bancorp, the holders of its common stock would be entitled to receive, after payment or provision for payment of all its debts and liabilities, all of the assets of Investors Bancorp available for distribution. If preferred stock is issued, the holders thereof may have a priority over the holders of the common stock in the event of liquidation or dissolution.

Rights to Buy Additional Shares. Holders of the common stock of Investors Bancorp are not entitled to preemptive rights with respect to any shares which may be issued. Preemptive rights are the priority right to buy additional shares if Investors Bancorp issues more shares in the future. The common stock is not subject to redemption.

Preferred Stock

Authorized preferred stock may be issued with such preferences and designations as the Investors board of directors may from time to time determine. The board of directors can, without stockholder approval, issue preferred stock with voting, dividend, liquidation and conversion rights, which could dilute the voting strength of the holders of the common stock and may assist management in impeding an unfriendly takeover or attempted change in control. Investors Bancorp has no present plans to issue preferred stock.

Certain Provisions of the Investors Bancorp Certificate of Incorporation and Bylaws

The following discussion is a summary of certain provisions of the certificate of incorporation and bylaws of Investors Bancorp that relate to corporate governance. The description is necessarily general and qualified by reference to the certificate of incorporation and bylaws.

Classified Board of Directors. The board of directors of Investors Bancorp is required by its certificate of incorporation to be divided into three staggered classes. Each year one class will be elected by stockholders of Investors Bancorp for a three-year term. A classified board promotes continuity and stability of management, but makes it more difficult for stockholders to change a majority of the directors because it generally takes at least two annual elections of directors for this to occur.

Authorized but Unissued Shares of Capital Stock. Investors Bancorp has authorized but unissued shares of preferred stock and common stock. Although these shares could be used by the board of directors of Investors Bancorp to make it more difficult or to discourage an attempt to obtain control of Investors Bancorp through a merger, tender offer, proxy contest or otherwise, it is unlikely that we would use or need to use shares for these purposes since Investors MHC owns a majority of the common stock.

How Shares are Voted. Investors Bancorp's certificate of incorporation provides that there will not be cumulative voting by stockholders for the election of directors. No cumulative voting rights means that Investors MHC, as the holder of a majority of the shares eligible to be voted at a meeting of stockholders, may elect all directors of Investors Bancorp to be elected at that meeting. This could prevent minority stockholder representation on Investors Bancorp's board of directors.

Restrictions on Call of Special Meetings. The certificate of incorporation and bylaws provide that special meetings of stockholders can be called only by the board of directors pursuant to a resolution adopted by a majority of the authorized number of directors. Stockholders are not authorized to call a special meeting of stockholders.

Limitation of Voting Rights. The certificate of incorporation provides that in no event will any record owner of any outstanding shares of Investors Bancorp common stock which is beneficially owned, directly or indirectly, by a person who beneficially owns more than 10% of the then outstanding shares of Investors Bancorp common stock, be entitled or permitted to vote any of the shares held in excess of the 10% limit. This restriction does not apply to Investors MHC or to any tax-qualified employee stock benefit plan established by Investors Bancorp or Investors Bank.

Restrictions on Removing Directors from Office. The certificate of incorporation provides that directors may only be removed for cause, and only by the affirmative vote of the holders of at least 80% of the voting power of all of the outstanding stock entitled to vote (after giving effect to the limitation on voting rights discussed above in *Limitation of Voting Rights.*)

Procedures for Stockholder Nominations. The bylaws of Investors Bancorp provide an advance notice procedure for certain business, or nominations to the board of directors, to be brought before an annual meeting of stockholders. In order for a stockholder to properly bring business before an annual meeting, or to propose a nominee to the board of directors, the stockholder must give written notice to the Secretary of Investors Bancorp not less than 90 days prior to the date of Investors Bancorp's proxy materials for the preceding year's annual meeting; provided, however, that if the date of the annual meeting is advanced more than 30 days prior to or delayed by more than 30 days after the anniversary of the preceding year's annual meeting, notice by the stockholder to be timely must be so delivered not later than the close of business on the tenth day following the day on which public announcement of the date of such annual meeting is first made. The notice must include the stockholder's name, record address, and number of shares owned, describe briefly the proposed business, the reasons for bringing the business before the annual meeting, and any material interest of the stockholder in the proposed business. In the case of nominations to the board of directors, certain information regarding the nominee must be provided. Nothing in this paragraph shall be deemed to require Investors Bancorp to include in its proxy statement and proxy relating to an annual meeting any stockholder proposal that does not meet all of the requirements for inclusion established by the Securities and Exchange Commission in effect at the time such proposal is received.

Table of Contents

Amendments to Certificate of Incorporation and Bylaws. Amendments to the certificate of incorporation must be approved by Investors Bancorp's board of directors and also by a majority of the outstanding shares of Investors Bancorp's voting stock; provided, however, that approval by at least 80% of the outstanding voting stock (after giving effect to the 10% voting limitation discussed above) is generally required to amend the following provisions:

- (1) The limitation on voting rights of persons who directly or indirectly offer to acquire or acquire the beneficial ownership of more than 10% of the common stock of Investors Bancorp;
- (2) The inability of stockholders to act by less than unanimous written consent;
- (3) The inability of stockholders to call special meetings of stockholders;
- (4) The division of the board of directors into three staggered classes;
- (5) The ability of the board of directors to fill vacancies on the board;
- (6) The inability to deviate from the manner prescribed in the bylaws by which stockholders nominate directors and bring other business before meetings of stockholders;
- (7) The requirement that at least 80% of stockholders must vote to remove directors, and can only remove directors for cause; and
- (8) The ability of the board of directors to amend and repeal the bylaws.

The bylaws may be amended by the affirmative vote of a majority of the directors of Investors Bancorp or the affirmative vote of at least 80% of the total votes eligible to be voted at a duly constituted meeting of stockholders.

Restrictions on the Acquisition of Investors Bancorp and Investors Bank

Federal regulations, as well as the mutual holding company structure, restrict the ability of any person, firm or entity to acquire Investors Bancorp, Investors Bank, or their respective capital stock. These restrictions include the requirement that a potential acquirer of common stock obtain the prior approval of the Board of Governors of the Federal Reserve System before acquiring 10% or more of the shares of common stock of Investors Bancorp.

Under New Jersey law and Investors Bancorp's governing corporate instruments, at least 50.1% of Investors Bancorp's voting shares must be owned by Investors MHC, as long as Investors MHC is in existence. Investors MHC is controlled by its board of directors, which consists of persons who also are members of the board of directors of Investors Bancorp and Investors Bank. Investors MHC is able to elect all members of the board of directors of Investors Bancorp, and as a general matter, is able to control the outcome of all matters presented to the stockholders of Investors Bancorp for resolution by vote, except for matters that require a vote greater than a majority. Investors MHC, acting through its board of directors, will be able to control the business and operations of Investors Bancorp and Investors Bank, and is able to prevent any challenge to the ownership or control of Investors Bancorp by public stockholders. Accordingly, a change in control of Investors Bancorp and Investors Bank cannot occur unless agreed to by the board of directors of Investors MHC.

Evaluation of Offers

Investors Bancorp

The certificate of incorporation of Investors Bancorp provides that its board of directors, when evaluating an offer to: (A) make a tender or exchange offer for any equity security of Investors Bancorp; (B) merge or consolidate Investors Bancorp with another corporation or entity or (C) purchase or otherwise acquire all or substantially all of the properties and assets of Investors Bancorp, may in connection with the exercise of its judgment in determining what is in the best interest of Investors Bancorp and its stockholders, give due consideration to all relevant factors, including, without limitation, the social and economic effect of acceptance of such offer on Investors Bancorp's present and future customers and employees and those of its subsidiaries; on the communities in which Investors Bancorp and its subsidiaries operate or are located; on the ability of Investors Bancorp to fulfill its corporate objectives as Investors Bank's holding company and on the ability of Investors Bank to fulfill the objectives of a stock savings bank under applicable statutes and regulations.

Roma Financial

The Roma Financial charter and bylaws do not contain a provision on the evaluation of offers. However, under the New Jersey law, other constituencies are permitted to be considered.

Dividends

Investors Bancorp

Delaware law generally provides Investors Bancorp is limited to paying dividends in an amount equal to its capital surplus over payments that would be owed upon dissolution to stockholders whose preferential rights upon dissolution are superior to those receiving the dividend, and to an amount that would not make it insolvent.

Roma Financial

Roma Financial's charter and bylaws do not contain any specific corporate restrictions on its ability to pay dividends. Historically, when Roma Financial declared a dividend, Roma MHC waived its receipt of all or substantially all of the dividends on the shares of Roma Financial it holds. However, as a result of the Dodd-Frank Act, the Federal Reserve assumed regulatory authority over dividend waivers by federal mutual holding companies such as Roma MHC. Under the regulations adopted by the Federal Reserve, requests for approvals of dividend waivers became subject to additional requirements which increase the costs of obtaining dividend waivers and, if no waiver is obtained, significantly increase the amount of earnings paid out in dividends. As a result of these new requirements, Roma Financial suspended its dividend entirely in October 2012.

Investors Bancorp indemnifies its current and former directors and officers to the fullest extent permitted by Delaware law. Under Delaware law, a corporation may indemnify its directors, officers, and employees against expenses (including attorneys' fees) judgments, fines and amounts paid in settlement actually and reasonably incurred in proceedings arising because of the person's relationship to the company, so long as the individual acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interest of the company (and, in the case of a criminal proceeding, so long as the individual had no reasonable cause to believe his conduct was unlawful). To the extent a person eligible for indemnification is successful on the merits or otherwise in defense in such an action, indemnification for expenses actually and reasonably incurred is mandatory. Delaware law provides that a company may pay expenses incurred in advance of the final disposition of the proceeding provided the company receives from the individual a written undertaking to repay the advanced amounts if it is ultimately determined that the individual was not entitled to be indemnified. A similar standard for indemnification applies in a stockholder derivative claim (i.e., an action by or in the right of the company) except that indemnification only extends to expenses incurred in defense of such a proceeding and except that, where the individual has been found liable to the company, indemnification must be approved by the court.

Roma Financial

As generally allowed under current Federal Reserve Board regulations, Roma Financial will indemnify its directors, officers and employees for any reasonable costs and expenses, including reasonable attorneys' fees, incurred in connection with the defense or settlement of any action involving such person's activities as a director, officer or employee if such person obtains a final judgment on the merits in his or her favor. In addition, indemnification is permitted in the case of a settlement, a final judgment against such person, or final judgment in such person's favor other than on the merits, if a majority of disinterested directors determines that such person was acting in good faith within the scope of his or her employment or authority as he or she could reasonably have perceived it under the circumstances and for a purpose he or she could reasonably have believed under the circumstances was in the best interests of Roma Financial or its stockholders. If a majority of Roma Financial's directors concludes that, in connection with an action, any person ultimately may become entitled to indemnification, the directors may also authorize payment of reasonable ongoing costs and expenses, including attorneys' fees, arising from the defense or settlement of such action, provided, however, that before making such advance payment of expenses, Roma Financial must obtain an agreement that it will be repaid if the person on whose behalf payment is made is later determined not to be entitled to such indemnification. Before making any indemnification payment, Roma Financial is required to notify the Federal Reserve Board of its intention, and such payment cannot be made if the Federal Reserve Board objects to such payment.

Dissenters' Rights

Investors Bancorp

Delaware law permits stockholders to dissent from a merger or consolidation transaction and obtain payment of the fair value of their shares, if they follow statutorily defined procedures. However, appraisal rights do not apply if (i) the shares are listed on a national securities exchange or the Nasdaq Global Market or are held by 2,000 or more holders of record, or (ii) the shares are being exchanged for shares of a surviving corporation, which shares are listed on a national securities exchange or the Nasdaq Global Market or held of record by more than 2,000 holders.

Roma Financial

Current federal regulations do not provide for dissenters' appraisal rights in business combinations involving federal mid-tier stock holding companies.

Right to Inspect Stockholder List

Investors Bancorp

Delaware law provides that any stockholder, regardless of the number of shares held and how long such shares have been held, generally has the right to inspect a company's stock ledger and list of stockholders, provided the stockholder has a proper purpose for doing so and satisfies certain procedural requirements.

Roma Financial

Roma Financial's bylaws provide that a list of stockholders of record entitled to vote at a meeting of stockholders shall be subject to inspection by any stockholder of record for a period of 20 days prior to such meeting. In lieu of making a shareholder list available, the board of directors may follow the procedures prescribed by paragraphs (a) and (b) of SEC Rule 14a-7, as may be duly requested in writing, with respect to any matter which may be properly considered at a meeting of shareholders, by an shareholder who is entitled to vote on such matter and who shall defray the reasonable expenses to be incurred by Roma Financial in performance of the act or acts requested.

Table of Contents

Section 16(a) Beneficial Ownership Reporting Compliance

Investors Bancorp's common stock is registered with the Securities and Exchange Commission pursuant to Section 12(b) of the Exchange Act. The executive officers and directors of Investors Bancorp, and beneficial owners of greater than 10% of Investors Bancorp's common stock, are required to file reports on Forms 3, 4 and 5 with the Securities and Exchange Commission disclosing beneficial ownership and changes in beneficial ownership of Investors Bancorp's common stock. The Securities and Exchange Commission rules require disclosure in Investors Bancorp's Proxy Statement or Annual Report on Form 10-K of the failure of an executive officer, director or 10% beneficial owner of Investors Bancorp's common stock to file a Form 3, 4, or 5 on a timely basis. Based on Investors Bancorp's review of ownership reports and confirmations by executive officers and directors, Investors Bancorp believes that, during 2012, its officers, directors and beneficial owners of greater than 10% timely filed all required reports.

Board of Directors Meetings and Committees

The Boards of Directors of Investors Bancorp and Investors Bank meet monthly, or more often as may be necessary. The Board of Directors of Investors Bancorp and Investors Bank each met fourteen times during 2012. The Board of Directors of Investors Bancorp currently maintains three standing committees: the Nominating and Corporate Governance Committee, the Audit Committee, the Compensation and Benefits Committee and the Risk Committee.

No director attended fewer than 75% of the total number of Board meetings held by the Investors Bancorp and Investors Bank Board of Directors and all committees of the Boards on which they served (during the period they served) during 2012. Investors Bancorp does not have a specific policy regarding attendance at the annual meeting. However, all of Investors Bancorp directors attended the annual meeting of stockholders held on May 22, 2012.

Director Independence

A majority of the Board of Directors and each member of the Compensation and Benefits, Nominating and Corporate Governance, Risk Oversight Committee and Audit Committees are independent, as affirmatively determined by the Board consistent with the listing rules of the Nasdaq Stock Market.

The Board of Directors conducts an annual review of director independence for all current nominees for election as directors and all continuing directors. In connection with this review, the Board of Directors considers all relevant facts and circumstances relating to relationships that each director, his or her immediate family members and their related interests had with Investors Bancorp and its subsidiaries.

As a result of this review, the Board of Directors affirmatively determined that Messrs. Cashill, Dittenhafer, Manahan III, Szabatin and Ward III and Ms. Byrnes are independent as defined in the Nasdaq corporate governance listing rules. The Board of Directors determined that Messrs. Cummings and Cama are not independent as they are Investors Bank employees. Mr. Cosgrove is not independent as he was an employee of Investors Bank until retiring on October 1, 2011. Mr. Garibaldi is not independent due to a transaction between Investors Bancorp and Mr. Garibaldi's company in 2011, which occurred prior to his appointment to the Board of Directors.

In establishing its structure and appointing a Lead Director, Investors Bancorp has also taken into account the extent to which a director who satisfies independence standards under the listing rules of the Nasdaq Stock Market would also qualify as an independent outside director (as opposed to an affiliated outside director) under the standards set forth by the Institutional Shareholder Services (ISS).

Board Leadership Structure and Role in Risk Oversight

The Board of Directors believes that having separate Chairman and Chief Executive Officer positions is the appropriate board leadership structure for Investors Bancorp. The Board of Directors believes that management accountability and the Board's independence from management is best served by maintaining a majority of independent directors and maintaining standing board committees comprised of independent members.

Table of Contents

In addition, the Board's Corporate Governance Guidelines allow for the appointment of a Lead Independent Director, who shall be an independent outside director, which is defined as an independent director who is not considered an affiliated outside director under ISS standards. When appointed by the Board, the Lead Independent Director has the following duties:

Preside at all meetings of the independent outside directors and independent directors;

Coordinate as necessary Investors Bancorp-related activities of the independent outside directors;

Facilitate communications between the Chairman of the Board, the CEO and the independent outside directors;

Consult as needed with the Chairman of the Board with respect to meeting agendas and schedules, as well as Board materials, prior to Board meetings; and

Consult with the Chairman of the Board to assure that appropriate topics are being discussed with sufficient time allocated for each.

The Lead Independent Director has the authority to call meetings of the independent outside directors. In November 2011, and pursuant to the recommendation of the Nominating and Corporate Governance Committee, the Board appointed Brian D. Dittenhafer as Lead Director.

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines, which are posted on the Governance Documents section of the Investor Relations page of Investors Bank's website at www.myinvestorsbank.com. The Corporate Governance Guidelines cover the general operating policies and procedures followed by the Board of Directors including, among other things:

Mission of the Board;

Director responsibilities and qualifications;

Board nominating procedures and election criteria;

Stock ownership policies, Board size, director independence; and

Director compensation, education and code of ethics.

The Corporate Governance Guidelines provide for the independent directors of the Board of Directors to meet in regularly scheduled executive sessions at least quarterly. During 2012, four executive sessions were conducted by the independent directors.

Anti-Hedging Policy

The Corporate Governance Guidelines include an anti-hedging policy, which prohibits directors and executive officers from engaging in or effecting any transaction designed to hedge or offset the economic risk of owning shares of Investors Bancorp common stock. Accordingly, any hedging, derivative or other equivalent transaction that is specifically designed to reduce or limit the extent to which declines in the trading price

of Investors Bancorp common stock would affect the value of the shares of Investors Bancorp common stock owned by an executive officer or director is prohibited. Cashless exercises of employee stock options are not deemed short sales and are not prohibited. This policy does not prohibit transactions in the stock of other companies.

Stock Ownership Requirements

The Board of Directors believes that it is in the best interest of Investors Bancorp and its stockholders to align the financial interests of its executives and directors with those of stockholders. Accordingly, in 2011 the Corporate Governance Guidelines were amended to include Stock Ownership Guidelines for Named Executive Officers (NEOs) and Directors of Investors Bancorp that require the following minimum investment in Investors Bancorp common stock:

CEO:	A number of shares having a market value equal to five times (5.0x) annual base salary
Other NEOs:	A number of shares having a market value equal to three times (3.0x) annual base salary
Directors:	25,000 shares

Table of Contents

Stock holdings are expected to be achieved within five (5) years of either the implementation of the ownership guidelines or the starting date of the individual, whichever is later. Stock ownership for NEOs and Directors will be reviewed as of the last day of each calendar quarter.

Review, in consultation with the Compensation and Benefits Committee, directors' compensation and benefits.

In accordance with Corporate Governance Guidelines, the Committee considers all qualified director candidates identified by members of the Committee, by other members of the Board of Directors, by senior management and by stockholders. Stockholders recommending a director candidate to the Committee may do so by submitting the candidate's name, resume and biographical information to the attention of the Chairman of this Committee in accordance with procedures listed in this Joint Proxy Statement/Prospectus (also available on Investors Bancorp's website). All stockholder recommendations for director candidates that the Chairman of the Committee receives in accordance with these procedures will be presented to the Committee for its consideration. The Committee's recommendations to the Board are based on its determination as to the suitability of each individual, and the slate as a whole, to serve as directors of Investors Bancorp.

Criteria for Election

Investors Bancorp's goal is to have a Board of Directors whose members have diverse professional backgrounds and have demonstrated professional achievement with the highest personal and professional ethics and integrity and whose values are compatible with those of Investors Bancorp. Important factors considered in the selection of nominees for director include experience in positions that develop good business judgment, that demonstrate a high degree of responsibility, independence, and that show the individual's ability to commit adequate time and effort to serve as a director.

Table of Contents

Nominees should have a familiarity with the markets in which Investors Bancorp operates, be involved in activities that do not create a conflict with his/her responsibilities to Investors Bancorp and its stockholders, and have the capacity and desire to represent the balanced, best interests of the stockholders of Investors Bancorp as a group, and not primarily a special interest group or constituency.

The Nominating and Corporate Governance Committee will also take into account whether a candidate satisfies the criteria for independence as defined in the Nasdaq corporate governance listing rules, and, if a candidate with financial and accounting expertise is sought for service on the Audit Committee, whether the individual qualifies as an Audit Committee financial expert.

Procedures for the Nomination of Directors by Stockholders

Stockholder and Interested Party Communication with the Board

A stockholder of Investors Bancorp who wants to communicate with the Board or with any individual director can write to the Chair of the Nominating and Corporate Governance Committee at Investors Bancorp, Inc., 101 JFK Parkway, Short Hills, New Jersey 07078. The letter should indicate that the author is a stockholder and if shares are not held of record, should include appropriate evidence of stock ownership. Depending on the subject matter, the Chair will:

Forward the communication to the director(s) to whom it is addressed;

Handle the inquiry directly, for example where it is a request for information about Investors Bancorp or it is a stock-related matter; or

Not forward the communication if it is primarily commercial in nature, relates to an improper or irrelevant topic, or is unduly hostile, threatening, illegal or otherwise inappropriate.

At each Board meeting, the Chair of the Nominating and Corporate Governance Committee shall present a summary of all communications received since the last meeting and make those communications available to the directors upon request.

Code of Ethics and Business Conduct

The Board has adopted a code of ethics and business conduct for all employees and a code of ethics and business conduct for directors. These codes are designed to ensure the accuracy of financial reports, deter wrongdoing, promote honest and ethical conduct, the avoidance of conflicts of interest, and full and accurate disclosure and compliance with all applicable laws, rules and regulations. Both of these documents are available on Investors Bancorp's website at www.myinvestorsbank.com. Amendments to and waivers from the codes of ethics and business conduct will be disclosed on Investors Bancorp's website.

Transactions With Certain Related Persons

Federal laws and regulations generally require that all loans or extensions of credit to executive officers and directors must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with the general public and must not involve more than the normal risk of repayment or present other unfavorable features. However, regulations also permit executive officers and directors to receive the same terms through benefit or compensation plans that are widely available to other employees, as long as the executive officer or director is not given preferential treatment compared to the other participating employees. Pursuant to such a program, loans have been extended to executive officers, which loans are on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with the general public, with the exception of waiving certain fees. These loans do not involve more than the normal risk of collectability or present other unfavorable features. As of December 31, 2012, Investors Bank had five loans in the amount of \$2,465,555 to named executive officers and directors.

Section 402 of the Sarbanes-Oxley Act of 2002 generally prohibits an issuer from: (1) extending or maintaining credit; (2) arranging for the extension of credit; or (3) renewing an extension of credit in the form of a personal loan for an officer or director. There are several exceptions to this general prohibition, one of which is applicable to Investors Bancorp. The provisions of the Sarbanes-Oxley Act of 2002 that prohibit loans do not apply to loans made by a depository institution, such as Investors Bank, that is insured by the FDIC and is subject to the insider lending restrictions of the Federal Reserve Act. All loans to Investors Bancorp's and Investors Bank's officers are made in conformity with the Federal Reserve Act and Regulation O.

Compensation and Benefits Committee Matters

Compensation and Benefits Committee

The current members of the Compensation and Benefits Committee are: Messrs. Manahan (Chair), Dittenhafer, Szabatin, Ward and Ms. Byrnes. Each member of the Compensation and Benefits Committee is considered independent as defined in the Nasdaq corporate governance listing rules and Securities and Exchange Commission Rule 10C-1. The Compensation and Benefits Committee's Charter is posted on the Governance Documents section of the Investor Relations page of the Investors Bank's website at www.myinvestorsbank.com. The Committee met four times during 2012.

As noted in the Compensation and Benefits Committee Charter, the purpose of the committee is to assist the Board in carrying out the Board's overall responsibility relating to executive compensation, incentive compensation and equity and non-equity based benefit plans.

In furtherance of this purpose, this committee, among other things, shall:

Edgar Filing: Investors Bancorp Inc - Form S-4

Review and recommend to the Board for approval the Chief Executive Officer's annual compensation, including salary, cash incentive, incentive and equity compensation;

Review and recommend to the Board the evaluation process and compensation structure for Investors Bancorp's executive officers and coordinate compensation determinations and benefit plans for all employees of Investors Bancorp;

Review Investors Bancorp's incentive compensation and other stock-based plans and make changes in such plans as needed;

Table of Contents

Review, as appropriate and in consultation with the Nominating and Corporate Governance Committee, director compensation and benefits; and

Review the independence of the Compensation and Benefits Committee members, legal counsel and compensation consultants.

In addition to these duties the committee shall assist the Board in recruiting and succession planning.

The Compensation and Benefits Committee retains responsibility for all compensation recommendations to the Board of Directors as to the executive officers. The Compensation and Benefits Committee may utilize information and benchmarks from an independent compensation consulting firm, and from other sources, to determine how executive compensation levels compare to those companies within or outside of the industry. The Compensation and Benefits Committee may review published data for companies of similar size, location, financial characteristics and stage of development among other factors.

In designing the compensation program for Investors Bancorp, the Committee takes into consideration methods to avoid encouraging the taking of excessive risk by executive management or by any other employees. The Committee assessed risks posed by the compensation incentive compensation paid to executive management and other employees and determined that Investors Bancorp's compensation policies, practices and programs do not pose risks that are reasonably likely to have a material adverse effect on Investors Bancorp.

The basic elements of Investors Bancorp's executive compensation program include base salary, annual cash incentives, equity incentives and certain other benefit arrangements, such as retirement programs. The Compensation and Benefits Committee reviews and recommends to the Board for its approval the compensation payable to the Chief Executive Officer based on corporate financial performance against established goals and the Chief Executive Officer's individual performance. The Compensation and Benefits Committee establishes corporate performance goals and individual goals for the Chief Executive Officer at the beginning of the year, and members of the Compensation and Benefits Committee meet with the Chief Executive Officer during the year to review progress against the goals. The Compensation and Benefits Committee also sets performance goals for, and determines the compensation payable to, the executive officers, including the named executive officers. The Chief Executive Officer provides the Compensation and Benefits Committee with performance assessments and compensation recommendations for each of the other executive officers. The Compensation and Benefits Committee considers those recommendations in arriving at its determinations.

The Compensation and Benefits Committee engaged the services of GK Partners, an independent compensation consultant, to assist it in evaluating executive compensation programs and in making determinations regarding executive officer compensation. The independent compensation consultant reports directly to the Compensation and Benefits Committee, is available to advise the Compensation and Benefits Committee and does not perform any other services for Investors Bancorp.

Compensation and Benefits Committee Interlocks and Insider Participation

Investors Bancorp Compensation Discussion and Analysis

Executive Summary

As discussed in greater detail below, Investors Bancorp's compensation program is specifically designed to provide executives with competitive compensation packages that include elements of both reward and retention. The Compensation and Benefits Committee routinely reviews Investors Bancorp's compensation practices to remain market competitive and to ensure that these practices are aligned with Investors Bancorp's compensation philosophy, regulatory requirements and evolving best practices. Key highlights of the program include:

All members of the Compensation and Benefits Committee and all of the Committee's compensation consultants and advisers are independent, which ensures that all aspects of the compensation decision-making process is free from conflicts of interest.

The Compensation and Benefits Committee controls the selection and activities of all compensation consultants and advisers who assist Investors Bancorp with executive compensation matters.

Investors Bancorp maintains a clawback policy for bonus and other incentive compensation paid to named executive officers, which mitigates risk-taking behavior.

Directors and named executive officers of Investors Bancorp are required to hold stock in Investors Bancorp at specified minimum levels, which recognizes the importance of aligning their interests with those of stockholders. The Chief Executive Officer of Investors Bancorp is required to hold Investors Bancorp stock valued at five times his base salary.

The Compensation and Benefits Committee has reviewed all incentive compensation programs with respect to risk-taking behavior, with the guiding principle that the safety and soundness of Investors Bancorp is paramount to all compensation incentives.

A significant portion of Investors Bancorp's named executive officer's compensation is in the form of short and long-term performance-based pay, which reinforces Investors Bancorp's pay for performance philosophy.

Compensation packages for named executive officers include an appropriate mix of fixed and variable pay, which provides executives with both reward and retention incentives.

None of Investors Bancorp's employment or change in control agreements provide benefits solely upon a single-trigger. Rather, severance benefits are only payable if a termination of employment also occurs in connection with a change in control. None of the agreements were modified or entered into during 2012.

Investors Bancorp provides limited executive perquisites.

During the course of the year, management of Investors Bancorp met with several of the major stockholders of Investors Bancorp, which included discussion of executive compensation matters.

Executive Compensation Philosophy

Investors Bancorp's executive compensation program is designed to offer competitive cash and equity compensation and benefits that will attract, motivate and retain highly qualified and talented executives who will help maximize Investors Bancorp's financial performance and earnings growth. Investors Bancorp's executive compensation program is also intended to align the interests of its executive officers with stockholders by rewarding performance against established corporate financial goals, and by motivating strong executive leadership and

Table of Contents

superior individual performance. Investors Bancorp's executive compensation program allocates portions of total compensation between long-term and currently paid out compensation and between cash and non-cash compensation by including competitive base salaries paid currently in cash, executive perquisites, an annual cash incentive plan, stock options and stock awards that are generally subject to a five-year or seven-year vesting schedule, and supplemental executive retirement benefits, which encourage long term employment with Investors Bancorp.

Investors Bancorp has considered the most recent stockholder say-on-pay advisory vote in reviewing compensation policies and decisions. In light of the strong stockholder support, the Compensation and Benefits Committee concluded that no significant revisions were necessary to Investors Bancorp's executive officer compensation program. However, one change that Investors Bancorp made to its compensation policies in 2012, was that Investors Bancorp paid special, one-time discretionary bonuses to its named executive officers due to their success in achieving three acquisitions during 2012.

The compensation paid to each executive officer is based on the executive's level of job responsibility, corporate financial performance measured against corporate financial targets, and an assessment of the executive's individual performance. Annual incentive compensation is substantially linked to corporate financial performance because these executives are in leadership roles that can significantly impact corporate results.

The Compensation and Benefits Committee engaged GK Partners as an independent compensation consultant. GK Partners has compared Investors Bancorp's executive compensation program to peer group compensation data. The independent consultant provided the Compensation and Benefits Committee with relevant competitive cash and stock compensation information obtained from the proxy statement disclosures of a selected peer group of 18 banking institutions to be used for evaluating 2013 compensation. These included thrift and banking institutions with assets of \$2.5 billion to \$42 billion, having an asset mix similar to Investors Bancorp and doing business in the Northeast region of the United States. This peer group may be modified from year-to-year as necessary based on mergers and acquisitions within the industry or other relevant factors. The peer group used for evaluating 2013 compensation consists of the 18 banking institutions identified below.

Based on this peer group comparison the base salaries and cash and equity incentives of certain named executive officers are positioned above the median of the range of this peer group while other named executives were below the median. Investors Bancorp has no formal policy that requires the compensation of the named executive officers to attain any specific percentile position within the array of peer group compensation data among the selected comparator companies. The Committee believes the base salaries and cash and equity incentives for the named executives are appropriate because they reflect a combination of the sustained individual performance by the named executive officers, their experience and employment market conditions in this geographic market.

Elements of Executive Compensation for 2012

The Compensation and Benefits Committee used a total compensation approach in establishing executive compensation opportunities, consisting of base salary, annual cash incentive compensation, long-term incentive awards (such as stock option and restricted stock awards), a competitive benefits package (including supplemental executive retirement plans where warranted), and perquisites.

Base Salary

Executive officer base salary levels are evaluated by the Compensation and Benefits Committee on an annual basis. In general, salary ranges are developed considering the competitive base salary information furnished to the Compensation and Benefits Committee by the independent consultant. Each executive officer's base salary level is determined by the executive officer's sustained individual performance, leadership, operational effectiveness, tenure in office, and experience in the industry and employment market conditions in this geographic market.

In establishing base salaries for 2012, the Compensation and Benefits Committee considered Investors Bancorp's financial performance, and peer group and market-based industry salary data provided by the independent consultant, as well as the individual factors identified above. Based on the analysis the Compensation and Benefits Committee decided that base salary increases were appropriate for Messrs. Cama, Spengler, Kalamaras and Splaine.

Executive Officer Annual Incentive Plan

The Compensation and Benefits Committee established, and the Board of Directors and stockholders approved, the Executive Officer Annual Incentive Plan which provides for annual cash incentive payments upon the attainment of established corporate financial targets and individual performance goals. The Compensation and Benefits Committee assigns corporate financial targets and individual performance goals and a range of annual cash incentive award opportunities to each executive officer, or group of officers. The award opportunities are linked to specific targets and range of performance results for annual corporate financial performance and for attainment of certain individual goals. The Executive Officer Annual Incentive Plan is being once again submitted to Investors Bancorp stockholders for approval, as required pursuant to Section 162(m) of the Internal Revenue Code, for awards under the Plan to be treated as performance-based compensation for purposes of the exception to the \$1 million limit on deductibility of compensation paid to named executive officers of publicly traded companies. See Approve and Adopt the Executive Officer Annual Incentive Plan.

The Committee feels strongly that executive compensation should be formally tied to the attainment of certain corporate financial targets and individual performance goals to more closely align the executive's performance with providing value for its stockholders. The cash incentive payments made under the 2012 Executive Officer Annual Incentive Plan were based on Investors Bancorp's 2012 calendar year financial performance for net income and efficiency ratio (the ratio of non-interest expense divided by the sum of net interest income and non-interest income). A portion of the payment of incentive compensation payable to each executive officer was also based on that executive's performance against his 2012 individual performance goals.

For Messrs. Cummings and Cama, 60% of the incentive payment was based on Investors Bancorp's financial performance against the corporate financial targets and 40% on meeting personal goals. Their personal goals included growth of core deposits, loan quality versus peers and corporate promotional activities, which were achieved at the maximum level. For Mr. Spengler, 50% of the incentive payment was based on Investors Bancorp's financial performance against the corporate financial targets and 50% was based on his individual performance against his individual performance goals and for Messrs. Kalamaras and Splaine, 40% of the incentive payment was based on Investors Bancorp's financial performance against the corporate financial targets and 60% was based on individual performance against individual performance goals. The Committee established the following Corporate Targets for 2012:

Metric	Weighting	Threshold	Target	Maximum
Net Income	60%	\$ 81 million	\$ 83 million	\$ 85 million
Efficiency Ratio	40%	56.0%	54.0%	52.0%

Table of Contents

The Executive Officer Annual Incentive Plan established that cash incentive payments would be made if Investors Bancorp's 2012 calendar year financial performance met or exceeded the corporate financial targets (Threshold). For Mr. Cummings, assuming 100% achievement of personal goals, the minimum cash incentive award opportunity was 70% of base salary upon the achievement of Threshold levels, increasing to 100% of base salary for Maximum achievement. For Mr. Cama, assuming 100% achievement of personal goals, the cash incentive award opportunity ranged from 56% of base salary to 80% of base salary for Maximum achievement. For Mr. Spengler, assuming 100% achievement of personal goals, the cash incentive award opportunity ranged from 45% of base salary to 60% of base salary for Maximum achievement. For Mr. Kalamaras, assuming 100% achievement of personal goals, the cash incentive award opportunity ranged from 48% of base salary to 60% of base salary for Maximum achievement. For Mr. Splaine, assuming 100% achievement of personal goals, the cash incentive award opportunity ranged from 40% of base salary to 50% of base salary for Maximum achievement.

Based upon the attainment of the maximum corporate financial targets and the assessment of executive officer's individual performance, the Compensation and Benefits Committee approved the following cash incentive payments on January 21, 2013, under the 2012 Executive Officer Annual Incentive Plan.

2012 Executive Officer Annual Incentive Plan Payments

Executive Officer	Cash Incentive (\$)
Kevin Cummings	935,000
Domenick A. Cama	496,800
Richard S. Spengler	240,000
Paul Kalamaras	225,000
Thomas F. Splaine, Jr.	156,000

Bonuses

In addition to the Annual Incentive Plan Payments described above, in December, 2012, the Compensation and Benefits Committee paid discretionary bonuses to Messrs. Cummings, Cama, Spengler Kalamaras and Splaine due to their successes beyond the goals established under the Annual Incentive Plan. Such bonuses were \$467,500, \$248,000, \$120,000, \$112,500 and \$60,000, respectively.

Stock Option and Stock Award Program. At the October 24, 2006 annual meeting, the stockholders approved the Investors Bancorp, Inc. 2006 Equity Incentive Plan. Under this plan, individuals may receive awards of Investors Bancorp common stock and grants of options to purchase share of Investors Bancorp common stock. The Compensation and Benefits Committee believes that officer stock ownership provides a significant incentive in building stockholder value by further aligning the interests of officers and employees with stockholders. The importance of this long-term, non-cash component of compensation increases as Investors Bancorp common stock appreciates in value. In addition, stock option grants and stock awards generally vest over a five-year or seven-year vesting schedule, thereby aiding retention. Certain restricted stock awards have incorporated vesting provisions that will partially accelerate the vesting of such awards if Investors Bancorp achieves targeted rates of return during the normal vesting periods applicable to such awards.

In January, 2012, Messrs. Cummings, Cama, Spengler, Kalamaras and Splaine received awards of 150,000, 100,000, 45,000, 55,000 and 10,000 shares, respectively, of Investors Bancorp common stock. During 2012, there were no grants of options to purchase share of Investors Bancorp common stock made to executive officers. As of December 31, 2012, a total of 2,729,000 options and 3,492,000 shares of restricted stock have been granted to officers and employees and service vendors of Investors Bancorp.

Benefits. Investors Bancorp provides its executives with medical and dental, disability insurance and group life insurance coverage consistent with the same benefits provided to all of its full-time employees. Similarly, the named executive officers are participants in the Investors ESOP and 401(k) Plan offered to all full-time employees. Additionally, Investors Bank sponsors a long-term care program for certain of its executive officers, senior vice

Table of Contents

presidents and their spouses or spousal equivalents. Each individual policy is owned by the covered person. Investors Bank pays all premiums under the long term care program but will stop paying premiums in the event of the participant's (i) termination for cause, (ii) retirement, (iii) relocation outside of the country, or (iv) death. Spousal coverage will be terminated upon (i) a participant's termination or retirement, (ii) divorce from the participant, (iii) the participant no longer qualifying for coverage, (iv) the spouse's permanent relocation outside of the country, or (v) death. Participants who cannot be insured through an insurance company under the long-term care program will be self-insured by Investors Bank.

Supplemental ESOP and Retirement Plan. Investors Bank maintains the Supplemental ESOP and Retirement Plan (the Plan). The Plan was amended and restated effective as of July 1, 2007, in order to comply with final regulations under Section 409A of the Internal Revenue Code. The Plan is intended to compensate executives participating in the Investors Bank Retirement Plan (the Retirement Plan) and the Investors Bank Employee Stock Ownership Plan (the ESOP) whose contributions or benefits are limited by Sections 415 or 401(a)(17) of the Internal Revenue Code. As of December 31, 2012, Messrs. Cummings, Cama, Spengler, Kalamaras and Splaine were participants in the Plan. The Plan provides benefits attributable to participation in the Retirement Plan equal to the excess, if any, of the vested accrued benefit to which the executive would be entitled under the Retirement Plan, determined without regard to the limitation of Sections 415 or 401(a)(17) of the Internal Revenue Code, over the vested accrued benefit to which the executive is actually entitled under the Retirement Plan, taking into account the limits of Sections 415 and 401(a)(17) of the Internal Revenue Code (the Supplemental Retirement Plan Benefit). The Plan also provides benefits attributable to participation in the ESOP equal to the difference between the allocation of shares of stock the executive would have received under the ESOP without regard to the tax law limitations, and the number of shares of stock that are actually allocated as a result of the tax law limits (the Supplemental ESOP Benefit). The Supplemental ESOP Benefit under the Plan will be credited in phantom shares of stock. Each year, the dollar amount of earnings on the phantom shares deemed allocated to each participant's account will be converted into phantom shares and credited to each participant's account.

This plan is intended to be a long-term compensation plan, therefore, the executive's vested interest in the Supplemental Retirement Plan Benefit and in the Supplemental ESOP Benefit under the Plan is based on a 5 year cliff vesting schedule where participants with less than 5 years of employment will be 0% vested in their benefits, and will become 100% vested upon the completion of 5 years of employment. In the event of a participant's separation from service (as defined under Section 409A of the Internal Revenue Code) prior to attainment of age 55, the participant's accrued Supplemental Retirement Plan Benefits shall be paid in a single lump sum payment within thirty (30) days of the participant's separation from service. In the event of separation from service after age 55, the participant's Supplemental Retirement Plan Benefits shall be payable upon the participant's early or normal retirement (as defined in the Plan) in the form elected by the participant subject to the requirements of Section 409A of the Internal Revenue Code. In the event of a participant's separation from service within 2 years following a change in control (as defined in the Plan), the participant shall receive his Supplemental Retirement Plan Benefit in a lump sum within 30 days after his separation from service. Supplemental ESOP Benefits under the Plan will be payable in cash upon the executive's separation from service (as defined under Section 409A of the Internal Revenue Code), disability or death, subject to the requirements of Section 409A of the Internal Revenue Code.

Executive Supplemental Retirement Wage Replacement Plan. Investors Bank maintains an Executive Supplemental Retirement Wage Replacement Plan (the Wage Replacement Plan) that was amended and restated effective May 1, 2007, in order to comply with the final regulations under Section 409A of the Internal Revenue Code. The Wage Replacement Plan is designed to provide certain named executives with annual income generally equal to 60% of such executive's highest average annual base salary and cash incentive (over a consecutive 36-month period within the last 120 consecutive calendar months of employment) reduced by the sum of the benefits provided under the existing tax-qualified defined benefit pension plan and the annuitized value of his or her benefits payable from the defined benefit portion of the Supplemental ESOP and Retirement Plan sponsored by Investors Bank. Upon separation from service (as defined in the Wage Replacement Plan) at or after the normal retirement date (age 65) with at least 120 months of employment, a participant is entitled to a normal retirement annual benefit equal to 60% of the participant's high three-year average salary and cash incentive, commencing on the first day of the month after separation from service, or if the participant is a specified employee (as defined in the Wage Replacement Plan), commencing on the first day of the 7th month after separation from service, payable in the form elected by the participant. If the participant retires after the normal retirement date, but before completion of 120 months of employment, his or her annual retirement benefit at the normal retirement age will be equal to the normal retirement annual benefit multiplied by the ratio that the participant's actual months of employment bears to 120 months.

Table of Contents

Upon separation from service on or after attaining age 55, the participant's accrued benefit payable as an early retirement benefit will be equal to the benefit at the normal retirement age, reduced by 2% for each year prior to age 65; however, if the participant separates from service on or after attaining age 55 with 25 years of vesting service, his or her accrued benefit will not be reduced. In the event of a participant's separation from service coincident with or within two (2) years following a change in control, the participant will be entitled to a benefit calculated as an early retirement benefit or a normal retirement benefit, as applicable. For these purposes, a participant with less than 120 months of employment will be entitled to a benefit calculated as if the participant had 120 months of employment and, a participant who has not yet attained age 55 will be deemed to have attained age 55.

A participant may defer payment of his or her benefits, in which case his or her annual retirement benefit payable at age 65 will be increased by 0.8% for each month of deferment after age 65. If a participant dies while in active service, a survivor benefit, calculated as if the participant had lived until his normal retirement date, will be payable to the participant's beneficiary. Upon termination of employment due to disability, the participant will be entitled to a disability retirement benefit at age 65.

At December 31, 2012, Messrs. Cummings, Cama, Kalamaras and Spengler were participants in the Wage Replacement Plan.

Perquisites. The Compensation and Benefits Committee believes that perquisites should be provided on a limited basis, and only to the most senior level of executive officers. As of December 31, 2012, the following perquisites were available for Messrs. Cummings, Cama, Spengler and Kalamaras: club membership, automobile allowance, long term care insurance and an annual medical examination; and for Mr. Splaine: long term care insurance and an annual medical examination.

Elements of Post-Termination Benefits

Employment Agreements. Investors Bancorp entered into employment agreements with each of Messrs. Cummings, Cama, Spengler and Kalamaras. The agreements were amended and restated effective as of August 18, 2008 for Messrs. Cummings and Cama and March 29, 2010 for Messrs. Spengler and Kalamaras, in order to conform to the requirements of Internal Revenue Code Section 409A and the regulations promulgated thereunder. Each of these agreements has an initial term of three years. Unless notice of non-renewal is provided, the agreements renew annually. The executive's employment may be terminated for just cause at any time, in which event the executive would have no right to receive compensation or other benefits for any period after termination.

Each of the executives is entitled to severance payments and benefits in the event of his termination of employment under specified circumstances. In the event the executive's employment is terminated for reasons other than for just cause, disability or retirement, provided that such termination of employment constitutes a separation from service under Internal Revenue Code Section 409A, or in the event the executive resigns during the term of the agreement following (1) the failure to elect or reelect or to appoint or reappoint the executive to his executive position; (2) a material change in the executive's functions, duties, or responsibilities, which change would cause the executive's position to become one of lesser responsibility, importance or scope; (3) the liquidation or dissolution of Investors Bancorp or Investors Bank, other than a liquidation or dissolution caused by a reorganization that does not affect the status of the executive; (4) a change in control of Investors Bancorp; or (5) a material breach of the employment agreement by Investors Bancorp, the executive would be entitled to a severance payment equal to three times the sum of the executive's base salary and the highest amount of cash incentive compensation awarded to the executive during the prior three years, payable in a lump sum. In addition, the executive would be entitled to, at Investors Bancorp's sole expense, the continuation of nontaxable life and medical, dental and disability coverage for 36 months after termination of employment. The executive would also receive a lump sum payment of the excess, if any, of the present value of the benefits he would be entitled to under the defined benefit pension plan if he had continued working for Investors Bancorp for 36 months over the present value of the benefits to which he is actually entitled as of the date of termination.

Table of Contents

Should the executive become disabled, Investors Bancorp would continue to pay the executive his base salary for the longer of the remaining term of the agreement or one year, provided that any amount paid to the executive pursuant to any disability insurance would reduce the compensation he would receive. In the event the executive dies while employed by Investors Bancorp, the executive's estate will be paid the executive's base salary for one year and the executive's family will be entitled to continuation of medical and dental benefits for one year after the executive's death. The employment agreement terminates upon retirement (as defined therein), and the executive would only be entitled to benefits under any retirement plan of Investors Bancorp and other plans to which the executive is a party.

The employment agreements for Messrs. Cummings and Cama also provide for indemnification against any excise taxes which may be owed by the executive for any payments made in connection with a change in control that would constitute excess parachute payments under Section 280G of the Internal Revenue Code. The indemnification payment would be the amount necessary to ensure that the amount of such payments and the value of such benefits received by the executive equals the amount of such payments and the value of such benefits the executive would have received in the absence of such excise tax, including any federal, state and local taxes on Investors Bancorp's payment to the executive attributable to such taxes.

Upon any termination of the executive's employment, other than a termination (whether voluntary or involuntary) following a change in control as a result of which Investors Bancorp has paid the executive severance benefits, the executive is prohibited from competing with Investors Bank and/or Investors Bancorp for one year following such termination within 25 miles of any existing branch of Investors Bank or any subsidiary of Investors Bancorp or within 25 miles of any office for which Investors Bank, Investors Bancorp or a bank subsidiary of Investors Bancorp has filed an application for regulatory approval to establish an office, determined as of the effective date of such termination, except as agreed to pursuant to a resolution duly adopted by the Board of Directors. The executive is also subject to confidentiality provisions during and after the term of the employment agreement.

Investors Bancorp has also entered into an employment agreement with Mr. Splaine and one other senior officer, and each of these agreements have a two-year term. Unless notice of non-renewal is provided, the agreements renew annually. The officer's employment may be terminated for just cause at any time, in which event the officer would have no right to receive compensation or other benefits for any period after termination. In the event the officer's employment is terminated (for reasons other than for just cause, disability or retirement) or in the event the officer resigns during the term of the agreement for any of the same reasons as specified under the three-year employment agreements referenced above, the officer would be entitled to a severance payment equal to 1.5 times his highest rate of base salary and the highest amount of cash incentive compensation awarded to the officer during the prior two years, payable in a lump sum. In addition, the officer would be entitled, at Investors Bancorp's sole expense, to the continuation of life, nontaxable medical, dental and disability coverage for 18 months after termination of employment. The officer would also receive a lump sum payment of the excess, if any, of the present value of the benefits he would be entitled to under the defined benefit pension plan if he had continued working for Investors Bancorp for 18 months over the present value of the benefits to which he is actually entitled as of the date of termination. The officer would be entitled to no additional benefits under the employment agreement upon retirement at age 65. In the event payments to the officer include an excess parachute payment as defined in the Internal Revenue Code, payments would be reduced in order to avoid this result. Should the executive become disabled, Investors Bancorp would continue to pay the executive his base salary for the longer of the remaining term of the agreement or one year, provided that any amount paid to the executive pursuant to any disability insurance would reduce the compensation he would receive.

Change-in-Control Agreements. Investors Bancorp entered into change-in-control agreements with certain officers at the level of vice president or higher that are not parties to an employment agreement, which would provide certain benefits in the event of a termination of employment following a change in control of Investors Bancorp or Investors Bank. Each of the change-in-control agreements provides for a term of two years. Commencing on each anniversary date of the effective date of the change-in-control agreements, the agreements renew for an additional year so that the remaining term will be two years, subject to termination by the Board of Directors or notice of non-renewal. The change-in-control agreements enable Investors Bancorp to offer to designated officers certain protections against termination without just cause in the event of a change in control (as defined in the agreements).

Following a change in control of Investors Bancorp or Investors Bank, the officer is entitled under the agreement to a payment if the officer's employment is terminated during the term of such agreement, other than for just cause, or if the officer voluntarily terminates employment during the term of such agreement as a result of a

demotion, loss of title, office or significant authority (in each case, other than as a result of the fact that either Investors Bank or Investors Bancorp is merged into another entity in connection with a change in control and will not operate as a stand-alone, independent entity), reduction in his or her annual compensation or benefits, or relocation of his or her principal place of employment by more than 30 miles from its location immediately prior to the change in control. In the event an officer who is a party to a change-in-control agreement is entitled to receive payments pursuant to the change-in-control agreement, he will receive a cash payment equal to 1.5 times the sum of (i) his or her highest rate of base salary and, (ii) the highest amount of cash incentive compensation awarded to the officer during the prior three years, payable in a lump sum. In addition to the cash payment, each covered officer is entitled to receive life and non-taxable medical and dental coverage for a period of 18 months from the date of termination. Notwithstanding any provision to the contrary in the change-in-control agreement, payments are limited so that they will not constitute an excess parachute payment under Section 280G of the Internal Revenue Code.

Other Matters

Clawback Policy. In accordance with a clawback policy adopted by the Board of Directors, as a condition to receiving incentive compensation, named executive officers agree to return bonus and other incentive compensation paid by Investors Bancorp (including cancellation of outstanding equity awards and reimbursement of any gains realized on such awards) if (1) the payments or awards were based on reported financial statement or financial information or (any performance metrics or criteria that were based on such financial statements or information); (2) there is an accounting restatement of financial statements due to material noncompliance with financial reporting requirements under the federal securities laws; and (3) the amount of the bonus or incentive compensation, as calculated under the restated financial results, is less than the amount actually paid or awarded under the original financial results.

Tax Deductibility of Executive Compensation. Under Section 162(m) of the Internal Revenue Code, companies are subject to limits on the deductibility of executive compensation. Deductible compensation is limited to \$1 million per year for each executive officer listed in the summary compensation table. Compensation that is performance-based under the Internal Revenue Code's definition is exempt from this limit. Stock option grants are intended to qualify as performance-based compensation.

The Compensation and Benefits Committee currently does not have a formal policy with respect to the payment of compensation in excess of the deduction limit. The Compensation and Benefits Committee's practice is to structure compensation programs offered to the named executive officers with a view to maximizing the tax deductibility of amounts paid. However, in structuring compensation programs and making compensation decisions, the Committee considers a variety of factors, including Investors Bancorp's tax position, the materiality of the payment and tax deductions involved and the need for flexibility to address unforeseen circumstances and Investors Bancorp's incentive and retention requirement for its management personnel. After considering these factors, the Committee may decide to authorize payments, all or part of which would be nondeductible for federal tax purposes.

INVESTORS BANCORP COMPENSATION AND BENEFITS COMMITTEE REPORT

Pursuant to rules and regulations of the Securities and Exchange Commission, this Compensation and Benefits Committee Report shall not be deemed incorporated by reference to any general statement incorporating by reference this Joint Proxy Statement/Prospectus into any filing under the Securities Act, or the Exchange Act, except to the extent that Investors Bancorp specifically incorporates this information by reference, and otherwise shall not be deemed soliciting material or to be filed with the Securities and Exchange Commission subject to Regulation 14A or 14C of the Securities and Exchange Commission or subject to the liabilities of Section 18 of the Exchange Act.

The Compensation and Benefits Committee (the Committee) of Investors Bancorp has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation and Benefits Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Joint Proxy Statement/Prospectus.

Table of Contents

The Committee understands its fiduciary responsibility to stockholders. The Committee has worked very hard with the help of management and Investors Bancorp's compensation consultant to implement a performance driven compensation program. The Committee has reviewed the independence of its members and the independence of its compensation consultant and legal advisors and has concluded that no disclosures are required under Securities and Exchange Act Rule 10C-1 or under Nasdaq listing standards.

We operate in a very competitive banking market. To ensure fairness and competitiveness, the Committee collects and analyzes an extensive amount of information about executive compensation values and practices in Investors Bancorp's marketplace. In Investors Bancorp's region, obtaining and retaining talented people is a serious challenge. The worldwide financial services industry has a large footprint in the New York and New Jersey area and consequently many opportunities exist for employment. It is important to make Investors Bancorp attractive to this important talent pool.

The Committee is proud of Investors Bancorp's Cash Incentive Plan for eligible employees. Each year a participant is assigned personal goals and a share of the overall corporate goals. Each participant is advised of the cash incentive opportunity for meeting his/her goals. We believe that the Plan has had a positive effect on employee performance and has stimulated and energized employees to contribute to the overall success of Investors Bancorp. The Committee is delighted to see the energy and effort Investors Bancorp's employees bring to achieving their goals. Careful selection of goals in a way that aligns the employees' performance with advancing the overall strategic objectives of Investors Bancorp moves the entire company along its carefully designed strategic path, without encouraging undue risk-taking to achieve stated goals.

The Committee has also utilized equity grants to drive long term performance and to align employees' financial interests with those of Investors Bancorp's stockholders. Recent grants have been made with a seven year vesting requirement, which is much longer than the vesting requirements of Investors Bancorp's peers, but vesting partially accelerates upon achievement of certain corporate financial and business benchmarks. Investors Bancorp also sponsors the Investors ESOP through which all eligible employees are eligible to receive Investors Bancorp common stock. By ensuring that all employees are stockholders, the Committee believes that the entire workforce has a personal financial stake in the success of Investors Bancorp.

Even without formal regulatory requirements, Investors Bancorp has voluntarily adopted a clawback policy, in order to recapture inappropriate incentive compensation payments, should that ever occur. At the same time, the Committee recognizes the need to discourage the taking of undue risk to achieve short term goals. We have built into Investors Bancorp's overall compensation philosophy elements that encourage longer term thinking and in particular, the preservation of asset quality. The Committee believes that any risks arising from Investor Bancorp's compensation policies and procedures are not reasonably likely to have a material adverse effect on Investors Bancorp and Investors Bank. The Committee believes that the mix and design of the elements of our executive compensation does not encourage management to undertake excessive risks. The Committee regularly renews our incentive plans to ensure that controls are in place so that employees do not have the opportunity to take unnecessary risks that could threaten the value of Investors Bancorp and Investors Bank. It is the Committee's belief that Investors Bancorp compensation program spends Investors Bancorp funds in a way that effectively drives superior employee performance and the success of Investors Bancorp.

Defined Benefit Pension Plan. Investors Bank participates in the Pentegra Defined Benefit Plan for Financial Institutions, formerly known as the Financial Institutions Retirement Fund, which is a qualified, tax-exempt defined benefit plan (the Retirement Plan). All employees age 21 or older who have completed one year of employment with Investors Bank are eligible for participation in the Retirement Plan; however, only employees who have been credited with 1,000 or more hours of service with Investors Bank are eligible to accrue benefits under the Retirement Plan. Investors Bank annually contributes an amount to the plan necessary to satisfy the minimum funding requirements established under the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The retirement benefit formula under the Retirement Plan provides for a nonintegrated unit accrual formula with an annual accrual rate of 1.25% of the participant's high 5-year average salary with a 30-year salary cap. A participant's average annual compensation is the average annual compensation over the 5 consecutive calendar years out of the last 10 calendar years in which the participant's compensation was the greatest, or over all calendar years if less than 5.

The regular form of retirement benefit is a straight life annuity (if single) and a joint and survivor annuity (if married). However, various alternative forms of joint and survivor annuities may be selected instead. If a participant dies while in active service and after having become fully vested, a qualified 100% survivor benefit will be payable to the participant's beneficiary. Benefits payable upon death may be paid in a lump sum, installments, or in the form of a life annuity. Upon termination of employment due to disability, the participant will be entitled to a disability retirement benefit at age 65.

The table below shows the present value of accumulated benefits payable to each of the named executive officers, including the number of years of service credited to each such named executive officer, under the pension plan determined using interest rate and mortality rate assumptions consistent with those used in Investors Bancorp's financial statements. For a narrative description of the supplemental retirement plans, please see the Compensation Discussion and Analysis above.

- (1) The number of years of credited service represents all years of service including years following the change in benefit formula for the Investors Bank Pension Plan on January 1, 2006. For Messrs. Cama and Spengler credited service years include qualified years served at other financial institutions that participated in the Financial Institutions Retirement Fund.
- (2) The figures shown are determined as of the plan's measurement date of December 31, 2012 for purposes of Investors Bancorp's audited financial statements. For discount rate and other assumptions used for this purpose, please refer to note eleven in the audited financial statements included in the December 31, 2012 Annual Report on Form 10-K. The aggregate balance reported for the Supplemental Retirement and Wage Replacement Plan is the value of account balances under Supplemental Executive Retirement Plan and the Wage Replacement Plan, because benefits for one plan are offset against the other plan's benefits..

Nonqualified Deferred Compensation. The following table sets forth information with respect to the nonqualified deferred compensation plans at and for the year ended December 31, 2012 for the named executive officers. For a narrative description of the Supplemental ESOP Plan, please see the Compensation Discussion and Analysis above.

- (2) The aggregate earnings (loss) for the non-qualified Supplemental ESOP Plan reflect the change in value of phantom shares issued prior to calendar 2012 based on the fair market value of Investors Bancorp common stock in December 31, 2012 of \$17.78. This amount is not included in the Summary Compensation Table because the rate of earnings was not above market.
- (3) The aggregate balances reported for the Supplemental ESOP Plan are based on the market value of Investors Bancorp common stock on December 31, 2012 of \$17.78. These contributions are not included in the Summary Compensation Table.

Potential Payments Upon Termination or Change in Control. At December 31, 2012, Investors Bancorp had three-year employment agreements with Messrs. Cummings, Cama, Spengler and Kalamaras, and a two-year employment agreement with Mr. Splaine. A narrative description of the material terms of the agreements is set forth in the Compensation Discussion and Analysis. The table below reflects the amount of compensation payable to each of the named executive officers pursuant to such individual's employment agreement in the event of termination of such executive's employment. No payments are required under the employment agreements due to a voluntary termination prior to a change in control. The amount of compensation payable to each named executive officer upon (i) involuntary termination (other than for cause); (ii) termination following a change of control; and (iii) in the event of disability is shown below. The amounts shown assume that such termination was effective as of December 31, 2012, and thus includes amounts earned through such time and are estimates of the amounts which would be paid to the executives upon their termination. However, the amounts shown do not include any reduction that would be required to avoid an excess parachute payment under Internal Revenue Code Section 280G for Messrs. Spengler, Kalamaras and Splaine. Messrs. Cummings and Cama are entitled to tax indemnification payments for any excess parachute payments under Internal Revenue Code Section 280G. The amounts shown relating to unvested options and stock awards are based on the fair market value of Investors Bancorp common stock on December 31, 2012 of \$17.78. Using that fair market value, all unvested options have no value. The actual amounts to be paid out can only be determined at the time of such executive's separation from Investors Bancorp. The following table does not include amounts payable upon termination of employment under the Supplemental ESOP Plan, Supplemental Retirement Plan, and Executive Supplemental Retirement Wage Replacement Plan because the present value of the accumulated benefits under each of those plans is set forth in the tables above.

Director Compensation

Elements of Director Compensation

Director Fees. Each of the individuals who serve as a director of Investors Bancorp also serves as a director of Investors Bank. The non-employee directors of Investors Bancorp and Investors Bank are compensated separately for service on each entity's board. Each non-employee director of Investors Bancorp is paid a monthly retainer of \$2,000 (\$4,000 per month for the Chairman), and \$1,500 for each committee meeting attended (\$2,500 for the Audit Committee). The Chairman of the Audit Committee is paid an annual retainer of \$10,000. The Chairman of the Compensation and Benefits Committee and the Chairman of the Nominating and Corporate Governance Committee are each paid an annual retainer of \$8,500. Each non-employee director of Investors Bank is paid a monthly retainer of \$4,000 (\$8,000 per month for the Chairman) and \$2,100 for each Board meeting attended (\$4,200 per meeting for the Chairman). Employee directors are not compensated for serving as directors.

The Board of Directors establishes non-employee director compensation based on recommendations of the Compensation and Benefits Committee. Periodically, the Compensation and Benefits Committee engages the services of a third party consultant and consults external surveys to assist it in a review of director compensation. The Compensation and Benefits Committee did not recommend any changes to the compensation payable to non-employee directors in 2012.

Stock Option and Stock Award Program. At the October 24, 2006 annual meeting, the stockholders approved the Investors Bancorp, Inc. 2006 Equity Incentive Plan. On November 20, 2006 the Compensation and Benefits Committee of the Board of Directors granted stock options and restricted stock awards to non-employee directors of Investors Bancorp equal to 80% of the amount approved by stockholders and reserved for granting to the non-employee directors. The options vested in equal installments over a five-year period, and became fully vested on November 20, 2012. The options have an exercise price of \$15.25 per share, which was the closing price of Investors Bancorp's common stock, the date of the grant. The restricted stock awards also vested in equal installments over a five-year period, and became fully vested on November 20, 2012. On January 21, 2008 the Compensation and Benefits Committee of the Board of Directors consulted with GK Partners, an independent compensation consultant, and granted the additional 20% of stock options and restricted stock awards to non-employee directors of Investors Bancorp that was approved by stockholders and reserved for granting to the non-employee directors. The options generally vest in equal installments over a five-year period, commencing one year from the date of the grant (January 21, 2009) and have an exercise price of \$13.38 per share, which was the closing price of Investors Bancorp common stock on January 18, 2008. The restricted stock awards also generally vest in equal installments over a five-year period, commencing one year from the date of the grant (January 21, 2009). The vesting of the options and restricted stock awards accelerate upon death or disability, retirement, involuntary termination of service following a change in control, and upon consummation of a second step conversion of Investors Bancorp. The grants have other terms and conditions consistent with the 2006 Equity Incentive Plan. A total of 1,709,252 stock options and 683,701 shares of restricted stock have been granted to non-employee directors of Investors Bancorp.

Director Benefits. For directors and their spouses or spousal equivalents as of 2007, Investors Bank sponsors a long-term care program. Directors become eligible to participate after one year of service either on the Board of Directors, through past employment or as counsel prior to becoming a director. Each individual policy is owned by the covered person. Investors Bank pays all premiums under the long term care program but will stop paying premiums in the event of the participant's (i) resignation from the Board of Directors prior to attaining normal retirement age (except for health reasons); (ii) relocation outside of the country; or (iii) death. Spousal coverage will be terminated upon (i) a participant's resignation prior to normal retirement age (except for health reasons); (ii) divorce from the participant; (iii) the participant no longer qualifying for coverage; (iv) the spouse's permanent relocation outside of the country; or (v) death. Participants who cannot be insured through an insurance company under the long-term care program will be self-insured by Investors Bank.

Retirement Plan for the Board of Directors of Investors Bank. Investors Bank maintains a director retirement plan. In December 2006, the Director Plan was amended to cap compensation at the current level and close the plan to new participants. A director who is (i) not an active employee of Investors Bank upon retirement from board service; (ii) has provided at least ten years of cumulative service (service on the board and, if

Table of Contents

applicable, as an employee or counsel); (iii) retires at age 65 or later or as a result of disability, is eligible to participate in the plan. An eligible director with at least 15 years of cumulative service will be entitled to an annual retirement benefit equal to the sum of 60% of the annual retainer and 13 times the regular board meeting fee in effect for the calendar year preceding the director's year of retirement. A director with at least ten years of cumulative service but less than 15 years will be entitled to 40% of the sum of the annual retainer and 13 times the regular meeting fee in effect for the calendar year preceding the director's year of retirement, plus a pro-rated percentage of 20% of the sum of the annual retainer and 13 times the regular board meeting fee in effect for the calendar year preceding the director's year of retirement. The retirement plan includes the annual retainer and board fees, if any, paid by Investors Bancorp in determining a director's retirement benefit.

In the event of a change in control, directors who have not yet attained ten years of service will be deemed to have ten years of service in order to qualify for a benefit under the director retirement plan. In the event a director dies prior to retirement, the director's beneficiary will be entitled to benefit payments in the form of a joint and survivor benefit payable at 100% of the amount paid to the director. Retirement benefits may be paid, at the director's election, either in monthly payments until the eligible director's death, or as a joint and survivor form of benefit payable for the lifetime of the eligible director and, upon the eligible director's death, at 50% of the benefit amount, to the director's beneficiary, or a joint and survivor form of benefit payable for the lifetime of the director and, upon the director's death, at 100% of the amount, to the director's beneficiary during the beneficiary's lifetime. In order to receive retirement benefits under the plan, the director must remain a director emeritus in good standing after retirement and must not engage in any business enterprise which competes with Investors Bank nor disclose any confidential information relative to the business of Investors Bank.

Deferred Directors Fee Plans. Since 1988, Investors Bank has maintained a deferred directors fee plan, pursuant to which each director of Investors Bank has the right to defer the payment of all or any part of his or her board or committee fees. Compensation deferred under the plan and interest (at the rate equal to one and one-half percent below the prime rate) thereon are payable upon a director's death, disability, resignation or removal from office. Such payment is made in a lump sum, unless the director has elected payment in monthly installments over a period of up to ten years. In the event of a change in control, the Board of Directors or an acquirer may, in its sole discretion, terminate the plan and pay the undisbursed portion of benefits under the plan in a lump sum within 12 months of the change in control. As of the year ended December 31, 2012, no directors are making deferrals in the deferred directors fee plan.

**APPROVE AND ADOPT THE EXECUTIVE OFFICER ANNUAL INCENTIVE PLAN (PROPOSAL 3:
INVESTORS BANCORP, INC. STOCKHOLDERS ONLY)**

The Board of Directors of Investors Bancorp has adopted the Investors Bancorp, Inc. Executive Officer Annual Incentive Plan (the Incentive Plan), subject to approval by Investors Bancorp's stockholders. Investors Bancorp's Board recommends that Investors Bancorp's stockholders approve the Incentive Plan at the annual meeting. Stockholder approval is requested to ensure that annual incentive awards paid to senior executives of Investors Bancorp will be fully tax deductible as performance-based compensation, as defined by the regulations under Section 162(m) of the Internal Revenue Code. The following is a summary of the principal features of the Incentive Plan. The summary below is qualified in its entirety by reference to the complete text of the Incentive Plan which is attached to this Joint Proxy Statement/Prospectus as Annex D. Investors Bancorp's stockholders are urged to read the actual text of the Incentive Plan in its entirety.

Under Internal Revenue Code Section 162(m), the amount which Investors Bancorp may deduct on its tax returns for compensation paid or accrued with respect to certain covered employees (generally the chief executive officer and the four highest paid executive officers other than the chief executive officer) in any taxable year is generally limited to \$1 million per individual. However, compensation that qualifies as qualified performance-based compensation is not subject to the \$1 million deduction limit. In order for compensation to qualify as qualified performance-based compensation for this purpose, it must meet certain conditions, one of which is that the material terms of the performance goals under which the compensation is to be paid must be disclosed to and approved by Investors Bancorp's stockholders. Payment of any incentive awards pursuant to the Incentive Plan is contingent on Investors Bancorp's stockholder approval of the Incentive Plan. If such approval is not obtained, no incentive awards will be paid under this Incentive Plan.

The persons who are eligible to be selected to participate in the Incentive Plan are executive officers of Investors Bancorp and its subsidiaries. Under the Incentive Plan, the Compensation and Benefits Committee of Investors Bancorp selects participants for the Incentive Plan, determines the amount of their award opportunities, selects the performance criteria and the performance goals for each year, and administers and interprets the Incentive Plan. An eligible employee may (but need not) be selected to participate in the Incentive Plan each year. The amounts that will be received by or allocated to eligible employees under the Incentive Plan are not determinable in advance.

No later than 90 days after the commencement of each year (or by such other deadline as may apply under Internal Revenue Code Section 162(m)(4)(C) or the Treasury Regulations thereunder), the Compensation and Benefits Committee of Investors Bancorp will select the persons who will participate in the Incentive Plan in such year and establish in writing the performance goals for that year as well as the method for computing the amount of compensation which each such participant will be paid if such goals are attained in whole or in part. Such method will be stated in terms of an objective formula or standard that precludes discretion to increase the amount that will be due upon attainment of the goals. The Compensation and Benefits Committee of Investors Bancorp retains discretion under the Incentive Plan to reduce an award at any time before it is paid. The maximum amount of compensation that may be paid under the Incentive Plan to any participant for any year is equal to \$2 million.

Under the Incentive Plan, the performance goals for any year may be based on any of the following criteria, either alone or in any combination, and on either a consolidated or business unit or divisional level, and may include or exclude discontinued operations and acquisition expenses and restructuring expenses, as the Compensation and Benefits Committee of Investors Bancorp may in each case determine: (a) earnings per common share (basic or diluted), (b) cash earnings per common share (basic or diluted), (c) net income (either before or after taxes), (d) net interest income, (e) non-interest income, (f) operating expense to average assets ratio, (g) efficiency ratio, (h) cash efficiency ratio, (i) return on average assets, (j) cash return on average assets, (k) return on average stockholders' equity, (l) return on average tangible stockholders' equity, (m) deposit growth, (n) loan growth, (o) fee income growth, (p) net interest margin, (q) net interest spread, (r) customer satisfaction, (s) price per share of common stock, and (t) market share. Additionally, performance goals may include strategic or operational business objectives, consisting of one or more objectives based upon meeting specified cost targets, business expansion goals, goals relating to acquisitions or

Edgar Filing: Investors Bancorp Inc - Form S-4

divestitures, including acquiring or developing new business lines, or goals relating to capital raising and capital management. Any performance goals may be measured on an absolute or relative industry basis and may be expressed in terms of a progression within a specified range.

Table of Contents

The criteria on which a performance goal may be based may include or exclude any or all of the following items: extraordinary, unusual or non-recurring items; effects of accounting changes; effects of currency fluctuations; effects of financing activities; expenses for restructuring, productivity initiatives or new business initiatives; non-operating items; acquisition expenses; and the aggregate effects of acquisitions or divestitures, or such other items as the Compensation and Benefits Committee of Investors Bancorp may reasonably determine. Any such performance criterion or combination of such criteria may apply to the plan participant's Incentive award opportunity in its entirety or to any designated portion or portions of the incentive award opportunity, as the Compensation and Benefits Committee of Investors Bancorp may determine.

Awards may be paid under the Incentive Plan for any year only if and to the extent the awards are earned on account of the attainment of the performance goals applicable to such year, and the participant is continuously employed by Investors Bancorp throughout such year, and further, is employed in good standing on the date on which such incentive award is paid. If employment terminates by reason of death or disability or retirement during a year, and the performance goal is attained, in whole or in part during such year so that an award would have been received had the participant remained in employment, a prorated award may be paid after the close of the year. Similarly, if a participant retires after the end of the performance period but before the payment date, the retired participant will be entitled to receive any performance award actually earned by the participant. If a participant's employment terminates for any reason other than death, disability or retirement during a year or prior to the payment date, as applicable, any award for such year will be forfeited.

All incentive award payments pursuant to the Incentive Plan are to be made in cash, only after the Compensation and Benefits Committee of Investors Bancorp certifies that the performance goals for the year have been satisfied. The Incentive Plan will become effective subsequent to stockholder approval and will continue in effect for subsequent years unless and until terminated by the Compensation and Benefits Committee of Investors Bancorp in accordance with the provisions of the Incentive Plan. The Board of Investors Bancorp may terminate the Incentive Plan without stockholder approval at any time.

Approval of the Incentive Plan requires the affirmative vote of a majority of the shares of Investors Bancorp common stock present in person or represented by proxy at the annual meeting of Investors Bancorp and entitled to vote on the matter. A copy of the Incentive Plan is attached as Annex D.

THE BOARD OF DIRECTORS OF INVESTORS BANCORP UNANIMOUSLY RECOMMENDS THAT INVESTORS BANCORP STOCKHOLDERS VOTE FOR THE APPROVAL OF THE PROPOSAL TO APPROVE AND ADOPT THE EXECUTIVE OFFICER ANNUAL INCENTIVE PLAN.

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION (PROPOSAL 4: INVESTORS BANCORP, INC. STOCKHOLDERS ONLY)

The Compensation Discussion and Analysis appearing earlier in this Joint Proxy Statement/Prospectus describes the executive compensation program and the compensation decisions made by the Investors Bancorp Compensation and Benefits Committee with respect to the Chief Executive Officer and other officers named in the Summary Compensation Table (who are referred to as the named executive officers).

At the 2011 Annual Meeting of Stockholders, the Board of Directors recommended, and the stockholders approved, a non-binding vote in favor of holding an annual advisory vote on executive compensation. As a result, the Board of Directors determined that Investors Bancorp will hold an annual advisory vote to approve executive compensation. This proposal, commonly known as a Say on Pay proposal, gives you as a stockholder the opportunity to vote on Investors Bancorp's executive pay program. The Board of Directors is requesting stockholders to cast a non-binding advisory vote on the following resolution:

RESOLVED, that the stockholders of Investors Bancorp, Inc. (Investors) approve the compensation paid to Investors named executive officers, as disclosed in this Joint Proxy Statement/Prospectus pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and narrative accompanying the tables.

Our executive compensation program is based on a pay for performance philosophy that is designed to support Investors Bancorp's business strategy and align the interests of Investors Bancorp's executives with Investors Bancorp's stockholders. The Board of Directors believes that the link between compensation and the achievement of Investors Bancorp's long and short-term business goals has helped Investors Bancorp's financial performance over time, while not encouraging excessive risk taking.

For these reasons, the Board of Directors is requesting stockholders to support this proposal. While this advisory vote is non-binding, the Compensation and Benefits Committee and the Board of Directors value the views of the stockholders and will consider the outcome of this vote in future executive compensation decisions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE COMPENSATION PAID TO INVESTORS NAMED EXECUTIVE OFFICERS.

RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM (PROPOSAL 5: INVESTORS BANCORP, INC. STOCKHOLDERS ONLY)

General

Investors Bancorp's independent registered public accounting firm for the year ended December 31, 2012 was KPMG LLP. The Audit Committee has re-appointed KPMG LLP to continue as the independent registered public accounting firm for Investors Bancorp for the year ending December 31, 2013, subject to the ratification by the stockholders at the Annual Meeting. Representatives of KPMG LLP are expected to attend the Annual Meeting. They will be given an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Stockholder ratification of the appointment of KPMG LLP is not required by Investors Bancorp's Bylaws or otherwise. However, the Board of Directors is submitting the appointment of the independent registered public accounting firm to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment of KPMG LLP, the Audit Committee will reconsider whether it should select another independent registered public accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change is in the best interests of Investors Bancorp and its stockholders.

Audit Fees. The aggregate fees billed to Investors Bancorp for professional services rendered by KPMG LLP for the audit of the Investors Bancorp's annual financial statements, review of the financial statements included in the Investors Bancorp's Quarterly Reports on Form 10-Q and services that are normally provided by KPMG LLP in connection with statutory and regulatory filings and engagements were \$695,000 and \$675,000 during the years ended December 31, 2012 and 2011, respectively.

Audit Related Fees. The aggregate fees billed to Investors Bancorp for assurance and related services rendered by KPMG LLP that are reasonably related to the performance of the audit of and review of the financial statements and that are not already reported in Audit Fees, above, were \$108,500 and \$35,000 during the years ended December 31, 2012 and 2011, respectively. These services included audits of employee benefit plans and professional services rendered in connection with acquisitions during the year.

Tax Fees. The aggregate fees billed to Investors Bancorp for professional services rendered by KPMG LLP for tax compliance, tax advice and tax planning were \$103,900 and \$121,969 during the years ended December 31, 2012 and 2011, respectively.

All Other Fees. There were no Other Fees during the years ended December 31, 2012 and 2011.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the independence of KPMG LLP. The Audit Committee concluded that performing such services does not affect the independence of KPMG LLP in performing its function as Investors Bancorp's independent registered public accounting firm.

The Audit Committee has delegated to the Chair of the Audit Committee the authority to pre-approve audit and audit-related services between meetings of the Audit Committee, provided the Chair reports any such approvals to the full Audit Committee at its next meeting. The full Audit Committee pre-approves all other services to be performed by the independent registered public accounting firm and the related fees.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF KPMG LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

MERGER-RELATED EXECUTIVE COMPENSATION ARRANGEMENTS (PROPOSAL 2: ROMA FINANCIAL CORPORATION STOCKHOLDERS ONLY)

As required by Item 402(t) of Regulation S-K and Regulation 14A of the Exchange Act, Roma Financial is providing its stockholders with the opportunity to cast a non-binding, advisory vote on the compensation that may become payable to its named executive officers in connection with the completion of the Merger, as disclosed in the section of this Joint Proxy Statement/Prospectus captioned "Approval of the Merger Agreement - Interests of Certain Persons in the Merger that are Different from Yours - Merger-Related Executive Compensation for Roma Financial's Named Executive Officers" beginning on page 73 of this Joint Proxy Statement/Prospectus, and the related table and narratives.

Your vote is requested. Roma Financial believes that the information regarding compensation that may become payable to its named executive officers in connection with the completion of the Merger, as disclosed in the section of this Joint Proxy Statement/Prospectus captioned

"Approval of the Merger Agreement - Interests of Certain Persons in the Merger that are Different from Yours - Merger-Related Executive Compensation for Roma Financial's Named Executive Officers" is reasonable and demonstrates that Roma Financial's executive compensation program was designed appropriately and structured to ensure the retention of talented executives and a strong alignment with the long-term interests of Roma Financial's stockholders. This vote is not intended to address any specific item of compensation, but rather the overall compensation that may become payable to Roma Financial's named executive officers in connection with the completion of the Merger. In addition, this vote is separate and independent from the vote of stockholders to approve the Merger Agreement. However, the compensation will not be payable in the event the Merger is not completed. Roma Financial asks that its stockholders vote **FOR** the following resolution:

RESOLVED, that the compensation that may become payable to Roma Financial's named executive officers in connection with the completion of the Merger, as disclosed in the section captioned "Approval of the Merger Agreement - Interests of Certain Persons in the Merger that are Different from Yours - Merger-Related Executive Compensation for Roma Financial's Named Executive Officers" (beginning on page 73 of the Joint Proxy Statement/Prospectus dated _____, 2013) and the related table and narratives, is hereby **APPROVED**.

This vote is advisory and therefore, it will not be binding on Roma Financial, nor will it overrule any prior decision of Roma Financial or require Roma Financial's board of directors (or any committee thereof) to take any action. However, Roma Financial's board of directors values the opinions of Roma Financial's stockholders, and to the extent that there is any significant vote against the named executive officer compensation as disclosed in this Joint Proxy Statement/Prospectus, Roma Financial's board of directors will consider stockholders' concerns and will evaluate whether any actions are necessary to address those concerns. Roma Financial's board of directors will consider the affirmative vote of the holders of a majority of the votes cast of Roma Financial common stock entitled to vote on the matter **FOR** the foregoing resolution as advisory approval of the compensation that may become payable to Roma Financial's named executive officers in connection with the completion of the Merger.

ROMA FINANCIAL'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE **FOR THE APPROVAL OF THE RESOLUTION SET FORTH ABOVE.**

The Board maintains an Audit Committee, Compensation Committee, Nominating Committee, Internal Loan Review Committee, Strategic Planning Committee, Enterprise Risk Committee, and an Investment Committee.

The Compensation Committee currently consists of Directors Albanese, Bone, Rosen, and Siekerka. Each member of the Compensation Committee is independent in accordance with the listing standards of Nasdaq. This committee meets at least annually to review management's recommendations for staff and management salaries and bonuses. During the year ended December 31, 2012, this committee met two times. The Compensation Committee operates under a written charter which can be found on the investor relations page of the Roma Financial web site at www.romabank.com.

Board Oversight of Risk and Board Leadership Structure

The Board of Directors as a whole is ultimately responsible for the risk management oversight of Roma Financial. It is assisted by its committees, including the Audit Committee and the Compensation Committee, whose duties are described elsewhere in this Joint Proxy Statement/Prospectus, as well as other committees, including the Enterprise Risk Management Committee, and the Internal Loan Review Committee, which is responsible for oversight of credit policies and risks. These committees regularly provide reports of their activities and conclusions to the full Board for discussion and acceptance.

Director Peter A. Inverso serves as Chief Executive Officer of Roma Financial and Director Michele N. Siekerka, Esq. serves as Chairman of the Board. The Board of Directors has determined that the separation of the offices of Chairman of the Board and President and Chief Executive Officer enhances Board independence and oversight. Moreover, the separation of the Chairman of the Board and the President and Chief Executive Officer allows the President and Chief Executive Officer to better focus on his growing responsibilities of running Roma Financial, enhancing stockholder value and expanding and strengthening our franchise while allowing the Chairman of the Board to lead the Board in its fundamental role of providing advice to, and independent oversight of, management.

Director Nomination Process

The Nominating Committee is composed of Directors Walsh, Bone, Albanese, Rosen and Taylor and is responsible for the annual selection of management's nominees for election as directors. Each member of the Nominating Committee is independent in accordance with the listing standards of Nasdaq. During the year ended December 31, 2012, this committee met two times. The Committee operates under a written charter which can be found on the investor relations page of the Roma Financial web site at www.romabank.com.

The Committee's process for identifying and evaluating nominees is to conduct a performance evaluation of directors whose terms are expiring, determine whether such person's performance as a director warrants re-nomination and weigh the qualifications of any candidates who have been recommended to the Committee vis-à-vis each director whose term is expiring. The Committee may solicit new candidate recommendations from directors and officers. A stockholder who wishes to submit a candidate recommendation to the Committee should do so in writing, addressed to the Committee at Roma Financial's executive offices. The timeframe for the Committee's annual review and selection of candidates to present to the Board for approval is set forth in the Committee's charter, as are the guidelines the Committee is directed to observe in its selection and evaluation of nominees.

The specific qualities, skills and qualifications that the Committee believes potential directors should possess include: leadership, reputation for integrity and hard work, ability to exercise independent judgment, and the willingness to disclose obligations and potential conflicts of interest. The Committee believes nominees should have a suitable educational background and it considers the extent to which the individual would bring relevant skills or experiences that are otherwise absent from the Board and the individual's level of commitment, including his or her available time, energy, and interest. The nominating process also recognizes that Roma Financial's independent directors should reflect diversity in the broadest sense, and they, collectively, need to bring diverse experience, oversight and expertise from outside Roma Financial and from outside of the industry. The Nominating Committee considers the skill sets and experience the independent directors add to the Board and those needed to manage risk, facilitate strategic growth and promote effective governance.

Undertake such other responsibilities as may be assigned to the Committee, from time to time, by the Board or as designated in compensation or benefit plan documents.

Peter A. Inverso, President and Chief Executive Officer, participated in determinations regarding the compensation and design of our benefit programs for all employees. However, he did not participate in setting his own compensation.

Stockholder Advisory Votes on Compensation

At the 2011 Annual Meeting of Stockholders of Roma Financial, the stockholders approved the advisory vote on Roma Financial's executive compensation policies and practices as disclosed in the Roma CD&A and the proxy by more than 99% of the shares voting on the matter. In addition, the stockholders approved an advisory vote recommending that such advisory vote be taken every three years in the proxy by more than 92% of the shares voting on the matter. Roma Financial intends to follow this advisory vote on the three-year frequency of such stockholder advisory votes.

Roma Financial's Compensation Objectives and the Focus of Its Compensation Rewards

Roma Financial's compensation philosophy is dictated by the Compensation Committee of our Board of Directors. We believe that an appropriate compensation program should have a balance between providing rewards to executive officers while at the same time effectively controlling compensation costs. Roma Financial's objective is to provide overall competitive pay levels in order to attract highly qualified individuals and to retain those individuals in a highly competitive marketplace for executive talent, to reward executive officers for superior performance and incent them to perform in a manner that maximizes our corporate performance and enhances long-term stockholder value. Accordingly, our intent is to structure our executive compensation with a focus on a pay-for-performance approach and to offer executive compensation programs that align each individual's financial incentives with our strategic direction and corporate values.

Roma Financial's view our executive compensation as having the following key elements:

a current cash compensation program consisting of salary and cash bonus incentives;

long-term equity incentives reflected in awards under its Roma Financial Corporation 2008 Equity Incentive Plan and previously adopted Phantom Stock Appreciation Rights Plan;

Table of Contents

Roma Financial's tax qualified retirement programs (pension, 401(k) plan and employee stock ownership plan), and;

other executive retirement benefits and perquisites.

These programs have as their objective to provide our senior officers with overall compensation that is competitive with comparable financial institutions, aligns individual performance with our business objectives, and aligns senior officer long-term interests with those of Roma Financial's stockholders.

Comparative Market Data

Roma Financial annually reviews its mix of short term performance incentives and longer term incentives, and compare them to market competitive levels of compensation and benefits. We do not have set percentages of short term versus long term incentives, nor do we currently have a specific marketplace percentile positioning that must be attained for executive compensation. Instead, we look to provide a reasonable balance of those incentives, consistent with competitive standards obtained from available market studies and data obtained of peer institutions.

The primary data sources used in setting competitive market levels for executive officer pay are the information contained in survey studies and publicly disclosed data by other comparable community banks. These comparable companies are reviewed annually and may change from year-to-year. These companies, which have been carefully reviewed and considered by the Compensation Committee, include community banks of similar size and business strategy located in our geographic region. The Compensation Committee reviews such data collected in order to determine market competitive levels of compensation, as well as to review internal pay levels within the executive group. The Compensation Committee makes decisions regarding each individual executive's target total compensation opportunity with consideration of the goal of motivating and retaining an experienced and effective management team.

In May 2012, a compensation study covering our senior officers, vice presidents and above, as well as our non-employee directors, was performed by GK Partners, an independent compensation consulting firm hired by our Compensation Committee. GK Partners is independent under the Nasdaq listing standards and Securities and Exchange Commission Rule 10C-1. GK Partners does not perform any other services for the Compensation Committee, Roma Bank or Roma Financial. The comparative group of companies reviewed in 2012 consisted of fifteen other publicly traded financial institutions ranging in asset size from \$1.1 billion to \$4.0 billion. The peer group averaged \$2.1 billion in assets, versus our size, at the time, of approximately \$1.9 billion in assets. Each peer group financial institution was selected because of its size and similarity in operations, as well as general geographic proximity to us. The fifteen financial institutions that comprised the 2012 study peer group were from the states of New Jersey, Pennsylvania, and New York. The peer group included: Bryn Mawr Bank Corp.; Cape Bancorp, Inc.; Center Bancorp, Inc.; Clifton Savings Bancorp, Inc.; Dime Community Bancorp, Inc.; First of Long Island Corp.; Fox Chase Bancorp, Inc.; Hudson Valley Holding Corp.; Kearny Financial Corp.; Lakeland Bancorp, Inc.; Northfield Bancorp, Inc.; OceanFirst Financial Corp.; Oritani Financial Corp.; Peapack-Gladstone Financial Corp.; and, Suffolk Bancorp, Inc.

In the 2012 study, we compared our compensation programs to industry available databases and to the above mentioned updated peer group. Our independent compensation consulting firm, GK Partners, performed the following:

Gathered data from banking industry and proprietary compensation databases based upon company size and scope.

Determined an appropriate peer group of financial institutions based upon similar size, operations and geography.

Developed data points at the average and median for salary and total cash compensation comparisons and reviewed equity grants for peer institutions.

Table of Contents

Compared our compensation levels to the market data points and determined our relative positioning for competitiveness as to salary, total cash compensation and non-cash compensation.

Evaluated other compensation components, including executive benefits as compared to competitive standards.

In the evaluation process, the salary, total cash and equity compensation of our executive officers were compared to corresponding data points of the peer group as well as data available from proprietary compensation databases. Market cash compensation was determined by reviewing the average and median cash compensation within the peer group data.

Although we gain considerable knowledge about the competitiveness of our compensation programs through the comparative process and by conducting periodic studies, we recognize that each financial institution is unique and that significant differences exist between institutions in regard to executive compensation practices.

We believe that the aggregate of the executive compensation programs that we provide will fulfill our objectives of providing a competitive level of compensation and benefits in order to attract and retain key executives. We also believe that our current executive compensation program rewards performance and promotes our objectives to achieve profitability and growth while, at the same time, mitigating risk in the cash incentive compensation plan through diversity in the number, type and weight of performance measures, as well as limiting maximum incentive payouts at 140% of each performance target and limiting the overall target percentage of incentive compensation as a percentage of salary with a limitation of 140% of target, thereby, allowing us to also maintain controls over our compensation costs.

Our policy for allocating between long-term and currently paid compensation is to ensure adequate base compensation to attract and retain personnel, while providing incentives to maximize long-term value for Roma Financial and our stockholders. Our objective is to provide cash compensation in the form of base salary to meet competitive salary norms and to incentivize and reward superior performance on an annual basis against specific short term goals through our cash incentive compensation plan. Our intent is to provide long-term equity value that rewards efforts to increase long-term shareholder value.

Specific Elements of Our Compensation Program

We have described below the specific elements of our compensation program for executive officers.

Salary. Consolidation continues within the banking industry, and recent experience continues to demonstrate that there remains a limited supply of qualified experienced executives and other officers, particularly in a number of specialized areas. We believe that it is important that we retain a competitive salary structure in order to retain our existing qualified officers and to maintain a base pay structure consistent with the structures utilized for the compensation of similarly situated executives in the industry and at similarly size institutions. During 2007 and 2008, we established structured salary ranges and guidelines for our executive officers as well as for our other officers and employees. It will be reviewed periodically, in the future, based upon industry standards developed through studies by independent compensation consulting firms engaged by our Compensation Committee for that purpose. A key objective of our salary structure is to maintain reasonable fixed compensation costs by targeting base salaries within a competitive range, taking into account performance as well as experience. Salary increases for the Named Executive Officers were considered in November of 2011 and in early 2012, with the help of GK Partners. Salaries for the Named Executive Officers were increased in 2012 based on that review between 0% and 40 % to bring salaries into the competitive range. No increases for the Named Executive Officers were given in 2013.

Short-Term Incentive Compensation. We maintain an annual cash incentive compensation plan which incorporates a strong pay-for-performance orientation. In 2007, Roma Financial began a transition to the restructured cash incentive program which was fully operative in 2008. We also revised and formalized our performance objective setting and performance evaluation process throughout Roma Financial in order to support this increased emphasis on pay for performance.

Table of Contents

Individual performance goals under our 2012 cash incentive program varied by officer job level and function and were based upon our tactical and strategic objectives. The extent to which we achieved our corporate goals and financial results versus budgeted goals were factors considered in the corporate performance portion of our cash incentive plan.

The Compensation Committee reviews in detail the design of each year's cash incentive compensation plan including the desired performance outputs and the program factors that will impact total bonus payouts. The Compensation Committee reviews the various performance factors, the weighting of various factors, and the potential impact and the possible risks to Roma Financial of incenting performance in the various factors selected under the plan to be certain that the plan's design and its performance components are consistent with Roma Financial's risk tolerance and internal lending policies.

The Roma Bank Cash Incentive Compensation Plan is an integral part of officer cash compensation for Branch Managers and above. It is designed to promote the Board's performance strategy and to drive Roma Bank's business plan on a structured basis for the eligible officers, to reinforce a common focus among eligible officers on Roma Bank's continued need for maximum profitability, efficiency and growth, consistent with risk tolerance, and to reinforce the concept of "team" and overall results, as well as individual performance and results. The cash incentive compensation plan employs targeted awards as a percentage of base salary, determined by a competitive analysis previously performed by our independent compensation consultant, GK Partners. The target cash incentive awards for 2012 were as follows: President & CEO 40% of salary; Executive Vice President 30% of salary; Senior Vice Presidents 20% of salary; and other lesser job titles are similarly structured with a lesser targeted percentage of salary. Awards under the cash incentive pool are achieved through attainment of profitability targets and other key objectives as ratified annually by the Board of Directors and as developed each year in Roma Bank's budget, and by Roma Bank's performance in several key financial measures, as ratified each year by the Board of Directors, compared to the performance of a group of peer institutions. A discretionary portion of the targeted cash incentive award, 40% for the CEO, 30% for the Executive Vice President and 20% for Senior Vice Presidents, and a lesser percentage for lesser job titles, is based on individual and business group performance.

The peer groups used to compare Roma Financial's financial performance metrics for the 2012 cash incentive awards was based upon peer institutions determined by management, and consisted of sixteen banks of similar size to Roma Bank. The banks included in the peer group were from the states of New Jersey, New York, Pennsylvania, Massachusetts, New Hampshire, and Maine. Each peer group financial institution was selected because of its asset size and similarities to Roma Bank including number of branches and employees.

The sixteen financial institutions comprising the 2012 peer group were: Cape Bank, Carver Federal Savings Bank, Clifton Savings Bank, ESSA Bank & Trust, Fox Chase Bank, Haven Savings Bank, Lake Sunapee Bank, fsb, Legacy Bank, Mascoma Savings Bank, Maspeth Federal Savings Bank, Oritani Savings Bank, Patriot National Bank, Savings Bank of Maine, United Bank, Unity Bank and Westfield Bank. The same peer group was used in 2011.

For the 2012 Cash Incentive Compensation Plan, Roma Bank's total entity results component consisted of performance versus budget in: net income, commercial loan originations, residential loan originations, and core deposit growth, and year to year improvement in: non-performing loans to total loans, return on average equity, and the ratio of loans to assets. Each of these factors varied in their weighting from 3.33% to 60% of the aggregate weighting of 75%. The Roma Bank results versus peer group results component was weighted in aggregate in 2012 at 25%, with each component weighted 50.0% of that total. Those components measured included: return on average assets and efficiency ratio. Bank results versus Peer Bank results were measured based upon a twelve month trailing average ending September 30, 2012. Consistent with Roma Financial's risk policy, each individual component factor being measured under the Cash Incentive Compensation Plan in 2011 was subject to a 140% maximum so that the maximum bonus award applicable to the President and CEO, for example, having a target bonus of 50% of base salary in 2012, was limited to 70% of base salary. The other Named Executive Officers have a targeted bonus of 35% for the Executive Vice President, and 20% for the Chief Financial Officer and Senior Vice Presidents, which was maximized at 49% and 28% respectively. The components measuring Roma Bank's 2012 results versus 2012 budget were measured as of December 31, 2012, with the cash incentive amounts paid in February 2013.

Table of Contents

Under the Cash Incentive Compensation Plan for 2012, bonuses were paid to the Named Executive Officers which ranged from 3.6% to 18.9% of base salary. For all Senior Vice Presidents and above, including our President and Chief Executive Officer, their 2012 cash incentive amount was based totally upon attainment of the above described consolidated result goals, versus budget, as well as Roma Bank results versus the Peer Group Banks.

Long-Term Incentive Compensation.

Equity Incentive Plan (Plan). Roma Financial maintains the 2008 Equity Incentive Plan. The purpose of the Plan is to provide incentives and rewards to selected officers, employees and directors who contribute to the long-term success and growth of Roma Financial, and to assist Roma Financial in attracting and retaining selected officers, employees and directors with necessary experience and the ability required to aid Roma Financial in increasing the long term value of Roma Financial for the benefit of its stockholders.

Under the Plan, awards may consist of Incentive Stock Options, Non-Statutory Stock Options or Restricted Stock Awards. Through the practice of awarding nonvested equity shares, with vesting over a period of years, this element of the compensation program promotes and rewards a Plan participant's tenure with Roma Financial, as well as the participant's role in Roma Financial's long term growth and long term financial performance.

The Compensation Committee reviewed in detail the design of the awards in aggregate, by category of job position and by individual award to be sure the plan design, components, and awards were consistent with Roma Financial's risk tolerance and impact tolerance on current and future earnings, as well as consistent with customary practices.

The types and amounts of awards for each participant were based upon recommendations made by our then consultant firm, IFM Group, Inc., taking into effect reward practices in similar size institutions. The 2008 awards were made to officers at the rank of Branch Manager and above, as well as to directors. These awards vest at 20% per year over five years, commencing on the first anniversary date of the award. Information concerning the 2008 awards to certain Named Executive Officers is set forth in the Outstanding Equity Awards At Fiscal Year End table. No additional awards were made in 2012, 2010 and 2009. In 2011, the following restricted stock awards were granted to the Named Executive Officers: 5,708 shares to Mr. Inverso; and, 2,854 shares each to Mr. Pericoloso and Ms. Lamont. The awards vest at 20% per year for five years, commencing on the first anniversary date of the award.

Stock Appreciation Rights Plan. No awards were made since 2007 under Roma Bank's Phantom Stock Appreciation Rights Plan, which was effective November 1, 2002, to reward executive officers, key management and the Board of Directors for achieving strategic goals of Roma Bank. Under that plan, the future value of units awarded to plan participants is based upon the accumulation of future consolidated retained earnings of Roma Bank. As of the date of such award on November 1, 2002, such units had no value. The future value of these units will be based upon the increase in consolidated retained earnings of Roma Bank as of each December 31. Expenses accrued for the increases in the future value of units awarded reduce Roma Bank's future earnings. There are no thresholds or target payouts set under the plan. The plan expired on December 31, 2009.

The units under that plan were awarded to executive officers, key management, and directors of Roma Bank as of November 1, 2002 and in subsequent years. Directors of Roma Bank received 24.8% of such units in the aggregate. Messrs. Inverso, Pericoloso, Lamont, and Zadworny were awarded 16.3%, 16.3%, 4.6%, 5.0% and 5.0% of the units, respectively. Ms. Berrios did not participate in the plan. Such units are earned and non-forfeitable after participants have completed 10 years of service with Roma Bank at a rate of 10% per year, or 100% at age 65, whichever is earlier. Distributions of benefits under the plan will be made following retirement, termination of service, death or a change in control of Roma Bank. The benefit paid to a plan participant will be the accumulated value of his or her units determined by the growth in Roma Bank's consolidated retained earnings between November 1, 2002 and the time of distribution of the benefit to a plan participant.

Retirement and Income Security Programs. Our retirement programs consist of a tax-qualified defined pension benefit plan, a 401(k) plan with a Company matching contribution and our employee stock ownership plan. In addition, we maintain a supplemental retirement program for certain Named Executive Officers.

Table of Contents

Defined Benefit Retirement Plan. The Bank maintains a tax-qualified noncontributory defined benefit plan (Retirement Plan) for employees. All employees who have worked for a period of one year and who have been credited with 1,000 or more hours of employment during the year are eligible to accrue benefits under the Retirement Plan. At the normal retirement age of 65, the plan is designed to provide a single life annuity with no ancillary benefits. For a married participant, the normal form of benefit is an actuarially reduced survivor annuity where, upon the participant's death, the participant's spouse is entitled to receive a benefit equal to 50% of the amount paid during the participant's lifetime. The joint and survivor annuity will be actuarially equivalent to the single life annuity.

The annual retirement benefit provided is an amount equal to the sum of (a) 1.3% of a participant's average annual earnings not in excess of Covered Compensation and (b) 1.93% of a participant's average annual earnings in excess of Covered Compensation, multiplied by the participant's years of credited service to the normal retirement date (not to exceed 30 years). Covered Compensation is defined as the average (without indexing) of the Social Security Taxable Wage Base (\$110,000 for 2012, and \$106,800 for 2011) in effect at the beginning of each calendar year during the 35 year period ending with the calendar year in which the participant attains Social Security Retirement Age (without regard to any age increase factors under the Social Security Act). Average annual earnings is defined as the average annual total compensation of the 60 consecutive calendar months preceding termination of service. Retirement benefits are also payable upon retirement due to early and late retirement, disability or death. A reduced benefit is payable upon early retirement at or after age 55 and the completion of 5 years of service with Roma Bank. Upon termination of employment other than as specified above, a participant who has a vested benefit under the Retirement Plan is eligible to receive his or her accrued benefit reduced for early retirement, if applicable, or a deferred retirement benefit commencing on such participant's normal retirement date. Benefits are payable in various annuity forms.

401(k) Savings Plan. The Bank maintains the Roma Bank 401(k) Savings Plan, a tax-qualified defined contribution plan, for substantially all salaried employees of Roma Bank who have completed a year of eligible service (as defined under the plan) and attained age 21. Eligible employees may contribute an amount from 1% to 25% of their salary to the plan on a pre-tax basis, subject to the limitations imposed by the Internal Revenue Code. For 2012, the contribution limit was \$17,000 except participants over age 50 may contribute an additional \$5,500 per year. Under the plan, Roma Bank makes a matching contribution equal to 50% of the first 6.0% of compensation deferred by a participant. The plan has an individual account for each participant's contributions and allows each participant to direct the investment of his or her account into various investment funds.

Employee Stock Ownership Plan. As part of our stock offering during 2006, we established the Roma ESOP. The plan purchased 811,750 shares of the Roma Financial common stock as part of the offering for a total of \$8,117,500, with funds borrowed from Roma Financial. The stock acquisition loan will be repaid by the plan over a period of approximately 15 years based upon anticipated contributions from Roma Bank necessary to meet the loan principal and interest obligations of the plan. During the repayment period of the loan, it is anticipated that approximately 54,000 shares of Roma Financial stock will be allocated annually to employee participant accounts as a supplement to their retirement program. The employee stock ownership plan will serve to permit all employees of Roma Financial and Roma Bank to become long term stockholders of Roma Financial, thereby aligning the employees' interest with the interests of Roma Financial's stockholders. For the year ended December 31, 2012, Roma ESOP awards to the Named Executive Officers were as follows: Inverso 1,518.12 shares; Pericoloso 1,303.13 shares; Lamont 1,162.85 shares, and Zadworny 938.02 shares. Ms. Berrios was not eligible to participate in the Plan in 2012. The shares allocated to the officers above represented 9.09% of the 54,116 shares allocated in 2012.

Supplemental Executive Retirement Agreements. Roma Bank has entered into supplemental executive retirement agreements with Named Executive Officers Inverso and Zadworny. The supplemental executive retirement agreements provide benefits at normal retirement age of 69 for Mr. Inverso and 65 for Mr. Zadworny. However, the plan provides for payments to begin at the later of normal retirement age or the date the individual is no longer employed by Roma Bank. Details of the values of these retirement benefits may be found in the footnotes and narratives to the Summary Compensation Table and in the narratives accompanying the Pension Benefits Table and the Nonqualified Deferred Compensation Table.

Employment Agreements. On February 20, 2009, the Board of Directors of Roma Financial approved the terms of an employment agreement with Peter A. Inverso, President and Chief Executive Officer, effective as of March 1, 2009. This Agreement was amended in July 2012 when Roma Financial, Roma Bank and Mr. Inverso executed an addendum to his employment agreement. Mr. Inverso's agreement provided for an initial term of 36 months. The agreement also provides that on the first day of each calendar quarter after the anniversary date, the term shall be renewed for an additional three years, unless written notice of non-renewal is provided to the officer at least 90 days prior to any such anniversary date. The addendum provides for the term of the employment agreement to end on December 31, 2013, and a base salary of \$344,000. Mr. Inverso's agreement provides that the individual's base salary will be reviewed at least annually by a committee designated by the Board and may be increased but not decreased. Mr. Inverso is also entitled to receive such benefits as are uniformly provided to permanent full-time employees. He shall also be provided with such other benefits, arrangements and perquisites substantially similar to those provided immediately prior to the date of the agreement and shall be entitled to incentive compensation and bonuses as provided in any plan in which the individual is eligible to participate.

In the event the officer terminates his employment due to a disability, he shall be entitled to continue to receive his base salary for the greater of the remaining term of the agreement or one year. The addendum provides that if Mr. Inverso terminates employment prior to December 31, 2013; at the request of Roma Bank or Roma Financial, he shall nevertheless be entitled to continue receiving his compensation and benefits through December 31, 2013, his estate shall be entitled to receive a payment equal to his base salary for the balance of the term of the employment agreement, as well as the pro rata cash incentive plan award for the period of service prior to Mr. Inverso's death.

Effective January 1, 2010, Roma Financial entered into employment agreements with Sharon L. Lamont, Chief Financial Officer and Keith Pericoloso, Executive Vice President. Each of these agreements provides for an initial term of 12 months. Each agreement also provides that on each annual anniversary date of the effective date of the agreements (the Anniversary Date), the term shall be renewed for an additional unspecified period of time beyond the then effective expiration upon a determination and resolution of the Board of Directors that the performance of the respective executive has met the requirements and standards of the Board of Directors. Ms. Lamont's agreement provides that she will receive an initial base salary of \$210,000 per year; and Mr. Pericoloso's provides for an initial base salary of \$228,000 per year. Both agreements also provide that the individual's base salary will be reviewed at least annually by the Board and may be increased but not decreased. Each officer is also entitled to participate in other benefit programs provided to other employees. Each officer shall also be provided with such other benefits, arrangements and perquisites provided to other senior management and shall be entitled to participate in incentive compensation and bonus plans covering all senior management of Roma Bank.

In the event the officer terminates his or her employment due to a disability, he or she shall be entitled to continue to receive his or her base salary for the lesser of the remaining term of the agreement or one year. In the event of death, the executive's estate shall be entitled to receive a payment equal to his base salary through the last day of the calendar month in which the death occurred. In the event an officer's employment is terminated without cause, the officer will be entitled to receive his or her compensation due and the cost of obtaining all health, life disability and benefits substantially equal to those the officer was eligible to participate in through the remaining term of the agreement. In the event an officer is involuntarily terminated during the term of the employment agreement within 12 months following any Change in Control (as defined in the agreement) of Roma Bank or its parent, absent cause, the officer shall be entitled to receive a payment equal to two times the total compensation paid to that officer or accrued by Roma Bank with respect to the officer for the most recently completed calendar year ending on or prior to such date of termination, not to exceed the tax deductible limitations under Section 280G under the Internal Revenue Code. The officer may also voluntarily terminate employment in connection with a Change in Control and be entitled to receive such payment within 12 months following a Change in Control if a Good Reason exists. Under the agreements, a Good Reason will exist if, without the officer's express written consent, Roma Bank materially breaches any of its obligations under the agreements. Without limitation, a material breach will be deemed to occur upon the occurrence of any of the following: (i) a material diminution in the officer's base salary; (ii) a material diminution in the officer's authority, duties or responsibilities; (iii) a material diminution in the budget over which the officer retains authority; (iv) a material change in the geographic location of the officer's office location; or (v) any other action or inaction that constitutes a material breach by Roma Bank of the employment agreement.

Compliance with Sections 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code denies a deduction to any publicly held corporation for compensation paid to certain covered employees in a taxable year to the extent that compensation exceeds \$1,000,000 for a covered employee. Since we retain discretion over bonuses under our cash incentive plan, those bonuses will not qualify for the exemption for performance-based compensation. The Compensation Committee intends to provide executive compensation in a manner that will be fully deductible for federal income tax purposes, so long as that objective is consistent with overall business and compensation objectives. However, we reserve the right to use our judgment to authorize compensation payments that do not comply with the exemptions in Section 162(m) when we believe that such payments are appropriate and in the best interests of our stockholders, after taking into consideration changing business conditions or the executive officer's performance.

Compensation Committee Report

The Compensation Committee considered and discussed the Compensation Discussion and Analysis (Roma CD&A) with executive management and gave its recommendation to the Board of Directors that the Roma CD&A be included in Form 10-K for the year ended December 31, 2012.

Compensation Committee: Dennis Bone, Committee Chairman, Robert H. Rosen and Michele N. Siekerka.

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee is or formerly was an officer or employee of Roma Financial. During 2012, none of our executive officers served on the Compensation Committee (or equivalent), or the board of directors, of another entity whose executive officer or officers served on our Compensation Committee or Board.

Relationship with Compensation Consultant

In November 2010, the Compensation Committee retained GK Partners as the consultant for compensation-related matters. For the years ended December 31, 2012 and 2011, GK Partners was paid \$36,225 and \$24,200, respectively. GK Partners does not provide any other services for Roma Financial or Roma Bank and is independent under Nasdaq listing standards and Securities and Exchange Commission Rule 10C-1.

Assessment of Risks Related to Roma Financial's Compensation Policies

We believe Roma Financial's compensation programs for its employees are not reasonably likely to have a material adverse impact on Roma Financial.

The Compensation Policy of Roma Financial is established by the compensation committee of the Board and follows a design philosophy of providing performance incentives on both a short term and longer term basis, while at the same time remaining consistent with Roma Financial's risk tolerance and Board philosophy of mitigating risk, consistent with any changes in Roma Financial's risk profile. The risk assessment and risk mitigation process consists of the committee annually reviewing the design of the short term cash incentive plan and modeling the effect on all plan participants in terms of payout if all measures are achieved to the maximum, target and minimum.

Roma Financial further believes it mitigates risk, by having a balanced pay mix which balances the short term cash incentive plan objectives with longer term objectives, through the practice of awarding equity shares and vesting them over a period of years, thereby promoting and rewarding a plan participant's tenure with Roma Financial as well as the participant's role in Roma Financial's long term growth and long term financial performance.

The amount shown in columns (c) and (d) reflect the grant date fair value for the awards as calculated in accordance with Financial Accounting Standards Board Topic 718. Assumptions used in determining the fair values of the restricted stock awards are set forth in Note 20 Benefit Plans of Roma Financial's financial statements included in its Annual Report on Form 10-K for fiscal year ended December 31, 2012.

When we refer to non-equity incentive plan compensation in column (e) above, we are referring to both the increase in the value of awards made under the Phantom Stock Appreciation Rights Plan implemented in 2002 and non-equity incentive portion of the awards made under Roma Financial's non-equity incentive plan implemented in 2007 as part of our Cash Incentive Compensation Plan which includes the Named Executive Officers. That plan, as explained elsewhere in the section entitled Compensation Discussion and Analysis Specific Elements of Our Compensation Program, is comprised of two components: (1) a non-equity incentive component based upon performance metrics that are established at the beginning of the year, and (2) a discretionary bonus portion determined at the end of the performance year based upon individual performance. The breakdown between the non-equity portion of the award and the phantom stock award's increase in value in 2012, 2011 and 2010 is as follows:

Officer	Non-Equity Incentive Plan	Phantom Stock Plan
Inverso	2012: \$ 23,736	2012: \$10,772

Non-Equity Incentive Component

For the non-equity component, 75% of the awards were determined based upon Roma Financial's actual performance as compared to budgeted performance for certain metrics, with the remaining 25% to be determined based upon Roma Financial's actual performance as compared to its peer group. The targeted awards as a percentage of salary were 50% for the CEO, 35% for the Executive Vice President, and 20% for the other Named Executive Officers, with a maximum payout of 140% of target award. For 2011 and 2010, RomAsia Bank was included in Roma Financial result versus budget for the CEO, Executive Vice President, and other Named Executive officers. Overall, as detailed below, for the Named Executive Officers, the consolidated Company achieved 23.00% of its targeted performance. This percentage was then applied to the targeted awards as a percentage of salary for each Named Executive Officers to calculate the non-equity incentive plan component.

Those plans are summarized below in the following table. The following table does not provide information regarding tax-qualified defined contribution plans or nonqualified defined contribution plans.

In the table above:

We have determined the years of credited service based on the same pension plan measurement date that we used in preparing our audited financial statements for the year ended December 31, 2012. We refer to that date as the Plan Measurement Date.

When we use the phrase present value of accumulated benefit, we are referring to the actuarial present value of the Named Executive Officer's accumulated benefits under our pension plans, calculated as of the Plan Measurement Date.

The present value of accumulated benefits shown in the table above has been determined using the assumptions set forth in our consolidated audited financial statements for the year ended December 31, 2012.

No amounts were actually paid or provided to the Named Executive Officers during 2012.

The Roma Bank Retirement Plan, which we refer to as the Retirement Plan, is intended to be a tax-qualified defined benefit plan under Section 401(a) of the Internal Revenue Code. The Retirement Plan, which has been in effect since 1970, generally covers employees of Roma Bank who have completed one year of service.

Supplemental Executive Retirement Agreements

The Bank has entered into supplemental executive retirement agreements with Named Executive Officers Inverso and Zadworny. The supplemental executive retirement agreements provide benefits upon termination on or after normal retirement age of 69 for Mr. Inverso, and 65 for Mr. Zadworny. The benefits at normal retirement age are approximately \$60,000 per year for Mr. Inverso for ten years, and \$50,000 a year for seven years commencing on January 1, 2017 and subject to regulatory approval, and \$26,000 per year for Mr. Zadworny. The benefits will be paid in equal monthly installments for the terms specified in the individual agreements. If the participant terminates employment prior to normal retirement age, there is a lower annual benefit for early termination, disability, or a change in control. If the participant dies while still employed by Roma Bank, the beneficiary would receive a lump sum payment within 60 days of the participant's death. If the participant dies after benefit payments have commenced, the participant's beneficiary will receive the remaining payment as if the participant had survived. If the participant dies after termination of employment, but prior to receiving benefits under the plan, the beneficiary will receive the payments in the same manner as they would be paid to the participant within 60 days of the death of the participant.

As of December 31, 2012, Roma Bank had accrued approximately \$453,854 under Mr. Inverso's supplemental executive retirement agreement, which includes \$38,980 accrued under the 2012 retirement income plan set forth in the addendum to his employment agreement and \$179,770 under Mr. Zadworny's supplemental executive retirement agreement. These accruals reflect the scheduled accruals under the plan in order for the retirement benefit provided by the plan to be fully accrued at the expected retirement date.

No interest will be paid or accrued on the Merger Consideration.

(c) The holder of a Certificate shall have no rights, after the Effective Time, with respect to such Roma Financial Common Stock except to surrender the Certificate(s) in exchange for the Merger Consideration (and any cash in lieu of fractional shares) as provided in this Agreement. (e) Notwithstanding Section 5.10(d), prior to the date of the Roma Financial Shareholders Meeting, the Roma Financial Board may approve or recommend to the shareholders of Roma Financial a Superior Proposal and withdraw, qualify or modify the Roma Financial Recommendation in connection therewith (a Roma Financial Subsequent Determination) after the third (3) Business Day following Investors Bancorp's receipt of a notice (the Notice of Superior Proposal) from Roma Financial advising Investors Bancorp that the Roma Financial Board has decided that a bona fide unsolicited written Acquisition Proposal that it received (that did not result from a breach of this Section 5.10) constitutes a Superior Proposal (it being understood that Roma Financial shall be required to deliver a new Notice of Superior Proposal in respect of any revised Superior Proposal from such third party or its affiliates that Roma Financial proposes to accept and the subsequent notice period shall be two (2) business days) if, but only if, (i) the Roma Financial Board has reasonably determined in good faith, after consultation with and having considered the advice of outside legal counsel and a financial advisor, that the failure to take such actions would be reasonably likely to be inconsistent with its fiduciary duties to Roma Financial's shareholders under applicable law, and (ii) at the end of such three (3) Business Day period or the two (2) Business Day Period (as the case may be), after taking into account any such adjusted, modified or amended terms as may have been committed to in writing by Investors Bancorp since its receipt of such Notice of Superior Proposal (provided, however, that Investors Bancorp shall not have any obligation to propose any adjustments, modifications or amendments to the terms and conditions of this Agreement), the Roma Financial Board has again in good faith made the determination (A) in clause (i) of this Section 5.10(e) and (B) that such Acquisition Proposal constitutes a Superior Proposal.

(f) Nothing contained in this Section 5.10 shall prohibit Roma Financial or the Roma Financial Board from complying with Roma Financial's obligations required under Rules 14d-9 and 14e-2(a) promulgated under the Exchange Act; provided, however, that any such disclosure relating to an Acquisition Proposal shall be deemed a change in the Roma Financial Recommendation unless the Roma Financial Board reaffirms the Roma Financial Recommendation in such disclosure.

Section 6.01 Conduct of Business.

(a) *Affirmative Covenants.* During the period from the date of this Agreement to the Effective Time, except with the written consent of Roma Financial, which consent will not be unreasonably withheld, each of the Investors Parties will, and will cause each Investors Bancorp Subsidiary to operate its business in the usual, regular and ordinary course of business and use reasonable efforts to preserve intact its business organization and assets and maintain its rights and franchises and voluntarily take no action which would, or would be reasonably likely to, (i) materially adversely affect the ability of the Parties to obtain any Regulatory Approvals or other approvals of Governmental Entities required for the transactions contemplated hereby or materially increase the period of time necessary to obtain such approvals, or (ii) materially adversely affect its ability to perform its covenants and agreements under this Agreement.

(b) *Negative Covenants.* Each of the Investors Parties agrees that from the date of this Agreement until the Effective Time, except as otherwise specifically permitted or required by this Agreement, without the written consent of Roma Financial (which consent shall not be unreasonably withheld, conditioned or delayed), it will not, and it will cause each Investors Bancorp Subsidiary not to:

(i) change or waive any provision of its Certificate of Incorporation, Charter or By-laws in a manner that would materially and adversely affect the benefits of the Mid-Tier Merger to the holders of Roma Financial Common Stock;

(ii) voluntarily take any action which would result in any of the representations and warranties of the Investors Parties set forth in this Agreement becoming untrue as of any date after the date hereof or in any of the conditions set forth in Article VIII hereof not being satisfied, except in each case as may be required by applicable law;

(iii) change any method, practice or principle of accounting, except as may be required from time to time by GAAP (without regard to any optional early adoption date) or any Regulatory Authority;

(iv) (1) take any action or knowingly fail to take any reasonable action that would, or would be reasonably likely to, prevent, impede or delay the Mergers from qualifying as reorganizations

(v) agree to do any of the foregoing.

Section 6.02 Current Information.

During the period from the date of this Agreement to the Effective Time, Investors Bancorp will cause one or more of its representatives to confer with representatives of Roma Financial and report the general status of its financial condition, operations and business and matters relating to the completion of the transactions contemplated hereby, at such times as Roma Financial may reasonably request. Investors Bancorp will promptly notify Roma Financial, to the extent permitted by applicable law, of any governmental complaints, investigations or hearings (or communications indicating that the same may be contemplated), which might adversely affect the ability of the parties to obtain the Regulatory Approvals or materially increase the period of time necessary to obtain such approvals; or the institution of material litigation involving Investors Bancorp and any Investors Bancorp Subsidiary. Investors Bancorp shall be reasonably responsive to requests by Roma Financial for access to such information and personnel regarding Investors Bancorp and its Subsidiaries as may be reasonably necessary for Roma Financial to confirm that the representations and warranties of the Investors Parties contained herein are true and correct and that the covenants of the Investors Parties contained herein have been performed in all material respects; provided, however, that Investors Bancorp shall not be required to take any action that would provide access to or to disclose information where such access or disclosure, in Investors Bancorp's reasonable judgment, would interfere with the normal conduct of Investors Bancorp's business or would violate or prejudice the rights or business interests or confidences of any customer or other person or would result in the waiver by it of the privilege protecting communications between it and any of its counsel.

Section 6.03 Financial and Other Statements.

Investors Bancorp will furnish to Roma Financial copies of all documents, statements and reports that it sends to its shareholders, or files with any Regulatory Authority with respect to the Mergers (except as legally prohibited).

Section 6.04 Disclosure Supplements.

No supplement or amendment to such Investors Bancorp Disclosure Schedule shall have any effect for the purpose of determining satisfaction of the conditions set forth in Article VIII.

Section 6.06 Failure to Fulfill Conditions.

Investors Bancorp shall give prompt notice to Roma Financial of any fact, event or circumstance known to it that is reasonably likely, individually or taken together with all other facts, events and circumstances known to it, to result in any condition set forth in Article VIII not being satisfied.

Section 6.07 Employee Benefits.

(a) Investors Bancorp will review all Roma Financial Compensation and Benefit Plans to determine whether to maintain, terminate or continue such plans. Employees who are employed by Roma Financial or any Roma Subsidiary as of, and immediately prior to, the Effective Time shall become employees of Investors Bancorp and Investors Bank upon, and immediately following, the Effective Time, provided however that this shall not be construed to limit the ability of Investors Bancorp or Investors Bank to terminate the employment of any such employee. In the event employee compensation and/or benefits as currently provided by Roma Financial or any Roma Subsidiary are changed or terminated by Investors Bancorp, in whole or in part, Investors Bancorp shall provide former employees of Roma Financial or any Roma Subsidiary who become employees of Investors Bancorp (or any Investors Bancorp Subsidiary) after the Effective Time (Continuing Employees) with compensation and benefits that are, in the aggregate, substantially similar to the compensation and benefits provided to similarly situated employees of Investors Bancorp or applicable Investors Bancorp Subsidiary (as of the date any such compensation or benefit is provided). Except as specifically set forth herein, Employees of Roma Financial or any Roma Subsidiary who become participants in an Investors Bancorp Compensation and Benefit Plan shall, for purposes of determining eligibility for and for any applicable vesting periods of such employee benefits only (and not for benefit accrual purposes) be given credit for meeting eligibility and vesting requirements in such plans for service as an employee of Roma Financial or any Roma Subsidiary or any predecessor thereto prior to the Effective Time; provided, however, that credit for prior service shall be given under the Investors Bancorp ESOP and the Investors Defined Benefit Plan only for purposes of determining eligibility to participate in such plans and not for vesting purposes, and provided further, that credit for benefit accrual purposes will be given only for purposes of Investors Bancorp vacation policies or programs and for purposes of the calculation of severance benefits under any severance compensation plan of Investors Bancorp. This Agreement shall not be construed to limit the ability of Investors Bancorp or Investors Bank to review employee benefits programs from time to time and to make such changes (including terminating any program) as they deem appropriate.

(b) Investors Bancorp shall honor the terms of all employment, consulting and change in control agreements, if any, **Previously Disclosed** by Roma Financial, subject to regulatory limitations. Each person named in Investors Bancorp Disclosure Schedule 6.07(b) who is a party to an employment, severance or change in control agreement with Roma Financial or any Roma Subsidiary (the **Roma Employment Agreements**) and who has been offered continued employment with Investors Bank after the Effective Time, will be offered an agreement with Investors Bank, the terms of which are set forth in Investors Bancorp Disclosure Schedule 6.07(b), in replacement of his or her Roma Employment Agreement, to be effective as of the Effective Time, subject to any required regulatory approvals. Roma Financial has **Previously Disclosed** the payments and benefits that would be made/provided under the Roma Employment Agreements, assuming a change in control and a termination of employment had occurred as of December 31, 2012.

(c) Except as provided in Section 6.07(b), nothing contained in this Agreement shall be construed to grant a contract of employment to any Continuing Employee. Any employee of Roma

Financial or Roma Subsidiary, other than an employee who is a party to an employment agreement, change in control agreement or other separation agreement that provides a benefit on a termination of employment, whose employment is terminated involuntarily (other than for cause) within one year following the Bank Merger Effective Date shall receive a lump sum severance payment from Investors Bank equal to two weeks pay at the rate then in effect, for each full year of employment with Roma Financial (or the applicable Roma Subsidiary) with a minimum severance payment of four weeks and up to a maximum of 26 weeks, provided that such employee enters into a release of claims against the Roma Parties and the Investors Parties, their Subsidiaries and affiliates in a form satisfactory to Investors Bancorp. Such employees of Roma Financial or Roma Subsidiary will have the right to continued health coverage under group health plans of Investors Bank in accordance with IRC Section 4980B(f) and ERISA Sections 601-609.

(d) The Roma 401(k) Plans shall be terminated immediately prior to the Effective Time. In connection with the termination of the Roma 401(k) Plans, Roma Bank (including any Subsidiary), or Investors Bank following the Effective Time, shall use their best efforts to seek a favorable determination letter from the IRS on the termination of the Roma 401(k) Plans. As soon as administratively practicable following the receipt of a favorable determination letter from the IRS on the termination of the Roma 401(k) Plans, the account balances of all participants and beneficiaries in the Roma 401(k) Plans shall be either distributed to participants and beneficiaries or transferred to an eligible tax-qualified retirement plan or individual retirement account as a participant or beneficiary may direct in accordance with the requirements of the IRC and ERISA.

(e) The Roma Bank ESOP shall be terminated immediately prior to the Effective Time (the **ESOP Termination Date**). Roma Bank shall continue to accrue and make contributions to such Roma Bank ESOP for the plan year ending as of the ESOP Termination Date in accordance with the ESOP share acquisition loan amortization schedule in effect as of the date of this Agreement. In no event later than three business days prior to the Effective Time, a sufficient number of unallocated shares held as collateral pursuant to the Roma Bank ESOP shall be used to repay the outstanding ESOP share acquisition loan, and immediately thereafter Roma Financial will take all necessary actions to extinguish the remaining ESOP share acquisition loan. The Roma Bank ESOP shall terminate in accordance with its terms and all plan assets (with the exception of the unallocated shares that are used to repay the outstanding ESOP share acquisition loan) shall be allocated for the benefit of such plan participants as of the ESOP Termination Date. Not later than the Effective Time, all remaining shares of Roma Financial Common Stock held by the Roma Bank ESOP as of the Effective Time shall be converted into the right to receive the Merger Consideration. In connection with the termination of the Roma Bank ESOP, Roma Bank, or Investors Bank following the Effective Time, shall use their best efforts to seek a favorable determination letter from the IRS on the termination of the Roma Bank ESOP. As soon as administratively practicable following the receipt of a favorable determination letter on the termination of the Roma Bank ESOP, the account balances in the ESOP shall be either distributed to the participants and beneficiaries or transferred to an eligible tax-qualified retirement plan or individual retirement account as a participant or beneficiary may direct, in accordance with the requirements of the IRC and ERISA.

(f) In the event of any termination or consolidation of any Roma Financial health plan with any Investors Bancorp health plan, Investors Bancorp shall make available to Continuing Employees and their dependents employer-provided health coverage on the same basis as it provides such coverage to Investors Bancorp employees. Unless a Continuing Employee affirmatively terminates coverage under an Roma Financial health plan prior to the time that such Continuing Employee becomes eligible to participate in the Investors Bancorp health plan, no coverage of any of the Continuing Employees or their dependents shall terminate under any of the Roma Financial health plans prior to the time such Continuing Employees and their dependents become eligible to participate in the health plans, programs and benefits common to all employees of Investors Bancorp and their dependents. In the event of a termination or consolidation of

any Roma Financial health plan, terminated Roma Financial employees and qualified beneficiaries will have the right to continued coverage under group health plans of Investors Bancorp in accordance with COBRA, consistent with the provisions below. All Roma Financial employees who cease participating in a Roma Financial health plan and become participants in a comparable Investors Bancorp health plan (each a Former Roma Financial Health Plan Participant) shall receive credit for any co-payment and deductibles paid under Roma Financial's health plan for purposes of satisfying any applicable deductible or out-of-pocket requirements under the Investors Bancorp health plan, upon substantiation, in a form satisfactory to Investors Bancorp that such co-payment and/or deductible has been satisfied. With respect to any Former Roma Financial Health Plan Participant, any coverage limitation under the Investors Bancorp health plan due to any pre-existing condition shall be waived by the Investors Bancorp health plan to the degree that such condition was covered by the Roma Financial health plan and such condition would otherwise have been covered by the Investors Bancorp health plan in the absence of such coverage limitation.

(g) Roma Financial has **Previously Disclosed** each individual (**Participant**) who has entered into a Supplemental Executive Retirement Plan Agreement and/or a Phantom Stock Appreciation Rights Agreement with Roma Financial or any Roma Subsidiary (collectively, the **Non-Qualified Agreements**) and the amount of their project accrued benefits thereunder as of December 31, 2012. Investors Bancorp shall on the Effective Time (i) take such actions as permitted to irrevocably terminate each Non-Qualified Agreement; and (ii) subject to the execution of a release of claims against the Investors Parties, their Subsidiaries and affiliates in a form satisfactory to Investors Bancorp with respect to the Participant's contractual rights under his or her Non-Qualified Agreement, distribute to each Participant in accordance with the terms of the Non-Qualified Agreement and Section 409A of the IRC, a lump sum cash amount equal to the liquidation value of such Participant's accrued benefit. The liquidation value of each Participant's accrued benefit under his or her Non-Qualified Agreement to be paid at the Effective Time shall be determined by Roma Financial and approved by Investors Bancorp by no later than five (5) business days prior to the Effective Time.

(h) Notwithstanding anything to the contrary, in no event shall the aggregate payments or benefits to be made under any Roma Financial Compensation and Benefit Plan that constitute a parachute payment (as such term is defined in Section 280G of the IRC), and to the extent any payments or benefits would constitute a parachute payment, such payments and/or benefits will be reduced to the extent necessary to avoid penalties under Section 280G of the IRC.

(i) The Investors Parties agree that the completion of the Mergers will constitute a Change in Control with respect to the Roma Financial Compensation and Benefit Plans.

(j) Investors Bancorp, Investors Bank, Roma Financial and Roma Bank agree to jointly establish a retention bonus pool to be paid to certain designated Continuing Employees, with such recipients, amount of payments and timing of payments to be agreed to in writing by the parties no later than 30 days following the date of this Agreement. Such payments shall be made to the applicable individuals if they are still employed by one of the parties upon their designated work through date as set forth in the written retention bonus pool agreement. The parties reserve the right to amend the retention bonus pool agreement from time to time, by a mutual written agreement.

(a) For a period of six years after the Effective Time, Investors Bancorp shall indemnify, defend and hold harmless each person who is now, or who has been at any time before the date hereof or who becomes before the Effective Time, an officer or director of Roma Financial or any Roma Subsidiary (the Indemnified Parties) against all losses, claims, damages, costs, expenses (including attorney's fees),

liabilities or judgments or amounts that are paid in settlement (which settlement shall require the prior written consent of Investors Bancorp, which consent shall not be unreasonably withheld) of or in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, or administrative (each a Claim), in which an Indemnified Party is, or is threatened to be made, a party or witness in whole or in part or arising in whole or in part out of the fact that such person is or was a director, officer or employee of Roma Financial or a Roma Subsidiary if such Claim pertains to any matter of fact arising, existing or occurring at or before the Effective Time (including, without limitation, the Mergers and the other transactions contemplated hereby), regardless of whether such Claim is asserted or claimed before, or after, the Effective Time, to the fullest extent as would have been permitted by Roma Financial under the applicable Regulations and under Roma Financial's Charter and Bylaws. Investors Bancorp shall pay expenses in advance of the final disposition of any such action or proceeding to each Indemnified Party to the fullest extent as would have been permitted by Roma Financial under applicable Regulations and under Roma Financial's Charter and Bylaws, upon receipt of an undertaking to repay such advance payments if he shall be adjudicated or determined to be not entitled to indemnification in the manner set forth below. Any Indemnified Party wishing to claim indemnification under this Section 6.08 upon learning of any Claim, shall notify Investors Bancorp (but the failure to so notify Investors Bancorp shall not relieve Investors Bancorp from any liability which it may have under this Section 6.08, except to the extent such failure materially prejudices Investors Bancorp) and shall deliver to Investors Bancorp the undertaking referred to in the previous section. In the event of any such claim, action, suit, proceeding or investigation (whether arising before or after the Effective Time), (i) Investors Bancorp, or an insurance carrier pursuant to Section 6.08(c) below, shall have the right to assume the defense thereof and Investors Bancorp shall not be liable to such Indemnified Parties for any legal expenses of other counsel or any other expenses subsequently incurred by such Indemnified Parties in connection with the defense thereof, except that if Investors Bancorp elects not to assume such defense or counsel for the Indemnified Parties advises that there are issues which raise conflicts of interest between Investors Bancorp and the Indemnified Parties, the Indemnified Parties may retain counsel which is reasonably satisfactory to Investors Bancorp, unless the Indemnified Party is provided with counsel by an insurance carrier pursuant to Section 6.08(c) below, and Investors Bancorp shall pay, promptly as statements therefore are received, the reasonable fees and expenses of such counsel for the Indemnified Parties (which may not exceed one firm in any jurisdiction), (ii) the Indemnified Parties will cooperate in the defense of any such matter, (iii) Investors Bancorp shall not be liable for any settlement effected without its prior written consent (which consent shall not be unreasonably withheld) and (iv) Investors Bancorp shall have no obligation hereunder to the extent that a Federal or state banking agency or a court of competent jurisdiction shall determine that indemnification of an Indemnified Party in the manner contemplated hereby is prohibited by applicable laws and regulations.

(b) In the event that either Investors Bancorp or any of its successors or assigns (i) consolidates with or merges into any other person and shall not be the continuing or surviving bank or entity of such consolidation or merger or (ii) transfers all or substantially all of its properties and assets to any person, then, and in each such case, proper provision shall be made so that the successors and assigns of Investors Bancorp shall assume the obligations set forth in this Section 6.08.

(c) Investors Bancorp shall use its best efforts to maintain, or shall cause Investors Bank to maintain, in effect for six years following the Effective Time, the current directors' and officers' liability insurance policies covering the officers and directors of Roma Financial (provided, that Investors Bancorp may substitute therefor policies of at least the same coverage containing terms and conditions which are not materially less favorable) with respect to matters occurring at or prior to the Effective Time; provided, however, that in no event shall Investors Bancorp be required to expend pursuant to this Section 6.08(c) an amount that in the aggregate is more than 200% of the annual cost currently expended by Roma Financial with respect to such insurance (the Maximum Amount); *provided, further*, that if the amount of the annual premium necessary to maintain or procure such insurance coverage exceeds the Maximum Amount, Investors Bancorp shall maintain the most advantageous policies of directors' and officers' insurance

obtainable for a premium equal to the Maximum Amount. In connection with the foregoing, Roma Financial agrees in order for Investors Bancorp to fulfill its agreement to provide directors and officers liability insurance policies for six years to provide such insurer or substitute insurer with such reasonable and customary representations as such insurer may request with respect to the reporting of any prior claims.

(d) The obligations of Investors Bancorp provided under this Section 6.08 are intended to be enforceable against Investors Bancorp directly by the Indemnified Parties and shall be binding on all respective successors and permitted assigns of Investors Bancorp.

(e) At the Effective Time, Investors Bancorp will assume all obligations of Roma Financial to provide indemnification for former officers and directors of Sterling Banks, Inc. and Sterling Bank in accordance with and subject to the limitations set forth in Section 6.4 of the Agreement and Plan of Merger, dated as of March 17, 2010, among Sterling Banks, Inc., Sterling Bank, Roma Financial Corporation and Roma Bank.

Such directors to be designated shall be determined by Investors Bancorp, Investors MHC and Investors Bank prior to the printing and mailing of the Proxy Statement-Prospectus. Investors Bank intends to maintain the Roma Advisory Board for a period of no less than five (5) years. The annual compensation of the advisory board has been **Previously Disclosed** by Investors Bancorp.

The Board of Directors

Investors Bancorp, Inc.

Short Hills, NJ 07078

Members of the Board:

You have requested our opinion as to the fairness, from a financial point of view, to Investors Bancorp, Inc., a Delaware corporation (Investors Bancorp), of the Merger Consideration (as defined below) provided for under the terms of the proposed Agreement and Plan of Merger (the Agreement) by and among Investors Bancorp, Investors Bancorp, MHC, a New Jersey mutual holding company (Investors MHC), Investor Savings Bank, a New Jersey savings bank (Investors Bank), Roma Financial Corporation, a Federal corporation (the Company), Roma Financial, MHC, a Federal mutual holding company (the Company MHC), Roma Bank, a Federal savings bank, and RomAsia Bank, a Federal savings bank (collectively with Roma Bank, the Company Banks). Capitalized terms used herein shall have the meanings used in the Agreement unless otherwise defined herein.

The Agreement provides, among other things, that (i) the Company MHC shall merge with and into Investors MHC, (ii) the Company shall merge with and into Investors Bancorp and (iii) the Company Banks shall merge with and into Investors Bank, which shall remain a subsidiary of Investors Bancorp (collectively, the Mergers). Pursuant to the Agreement, each outstanding share of the Company common stock held will be converted into the right to receive 0.8653 shares (the Exchange Ratio) of Investors Bancorp Common Stock (the Merger Consideration). The additional terms and conditions of the Mergers are more fully set forth in the Agreement.

RBC Capital Markets, LLC (we or us), as part of its investment banking services, is regularly engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, corporate restructurings, underwritings, secondary distributions of listed and unlisted securities, private placements, and valuations for corporate and other purposes.

We are acting as a financial advisor to Investors Bancorp in connection with the Mergers, and we will receive a fee for our services upon delivery of this opinion, which is not contingent upon the successful completion of the Mergers. Investors Bancorp has also agreed to indemnify us for certain liabilities that may arise out of our engagement.

In the ordinary course of business, we may act as a market maker and broker in the publicly traded securities of Investors Bancorp and/or the Company and receive customary compensation, and may also actively trade securities of Investors Bancorp and/or the Company for our own account and the accounts of our customers, and, accordingly, we and our affiliates, may hold a long or short position in such securities.

We have provided investment banking and financial advisory services to Investors Bancorp in the past, for which we received customary fees, including, in the past two years, as financial advisor for its acquisitions of Marathon Banking Corporation completed in October 2012 and Brooklyn Federal Bancorp, Inc. completed in January 2012. In light of our prior services to Investors Bancorp and our financial advisory roles for Investors Bancorp in connection with the Mergers, we anticipate that we may be selected by Investors Bancorp to provide investment banking and financial advisory and/or financing services that may be required by Investors Bancorp in the future, regardless of whether the Mergers are successfully completed.

In arriving at our opinion, we performed the following analyses in addition to the review, inquiries, and analyses referred to in the preceding paragraph: (i) we performed a valuation analysis of each of Investors Bancorp and the Company as a standalone entity, using research price targets, comparable company and discounted cash flow analyses with respect to each of Investors Bancorp and the Company as well as precedent transaction analysis with respect to the Company; and (ii) we performed a pro forma combination analysis, determining the potential impact of the Mergers on selected historical and projected metrics, of Investors Bancorp.

Several analytical methodologies have been employed and no one method of analysis should be regarded as critical to the overall conclusion we have reached. Each analytical technique has inherent strengths and weaknesses, and the nature of the available information may further affect the value of particular techniques. The overall conclusions we have reached are based on all the analysis and factors presented, taken as a whole, and also on application of our own experience and judgment. Such conclusions may involve significant elements of subjective judgment and qualitative analysis. We therefore give no opinion as to the value or merit standing alone of any one or more parts of the analyses.

In rendering our opinion, we have assumed and relied upon the accuracy and completeness of all the information that was publicly available to us and all of the financial, legal, tax, operating and other information provided to or discussed with us by Investors Bancorp or the Company (including, without limitation, the financial statements and related notes thereto of each of Investors Bancorp and the Company, respectively), and have not assumed responsibility for independently verifying and have not independently verified such information. We have assumed that all Forecasts provided to us by Investors Bancorp or the Company, as the case may be (including Forecasts provided to us by Investors Bancorp with respect to certain synergies expected to be realized from the Mergers), were reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of the future financial performance of Investors Bancorp or the Company (as the case may be), respectively, as standalone entities (or, in the case of the projected synergies, as a combined company). We express no opinion as to such Forecasts or the assumptions upon which they were based.

In rendering our opinion, we have not assumed any responsibility to perform, and have not performed, an independent evaluation or appraisal of any of the assets or liabilities of Investors Bancorp or the Company, and we have not been furnished with any such valuations or appraisals. We have not assumed any obligation to conduct, and have not conducted, any physical inspection of the property or facilities of Investors Bancorp or the Company. We have not investigated, and make no assumption regarding, any litigation or other claims affecting Investors Bancorp or the Company.

We have assumed, in all respects material to our analysis that all conditions to the consummation of the Mergers will be satisfied without waiver thereof. We have further assumed that the executed version of the Agreement will not differ, in any respect material to our opinion, from the Latest Draft Agreement.

In performing our review, we have relied upon the accuracy and completeness of all of the financial and other information that was available to us from public sources or provided to us by Roma Financial or Investors Bancorp or their respective representatives and have assumed such accuracy and completeness for purposes of rendering this opinion. We have further relied on the assurances of the respective managements of Roma Financial and Investors Bancorp that they are not aware of any facts or circumstances that would make any of such information inaccurate or misleading. We have not been asked to and have not undertaken an independent verification of any of such information and we do not assume any responsibility or liability for the accuracy or completeness thereof. We did not make an independent valuation or appraisal of the specific assets, the collateral securing assets or the liabilities (contingent or otherwise) of Roma Financial or Investors Bancorp or any of their respective parent entities or subsidiaries, or the collectibility of any such assets, nor have we been furnished with any such valuations or appraisals. We did not make an independent evaluation of the adequacy of the allowance for loan and lease losses of Roma Financial or Investors Bancorp, nor have we reviewed any individual credit files relating to either entity. We have assumed, with your consent, that the respective allowances for loan losses for both Roma Financial and Investors Bancorp are adequate to cover such losses and will be adequate on a pro forma basis for the combined entity.

With respect to the internal financial projections for Roma Financial provided by Roma Financial's management and the publicly available earnings estimates and growth rates for Investors Bancorp, the respective managements of Roma Financial and Investors Bancorp confirmed to us that such projections reflect the best currently available estimates and judgments of the respective

With respect to anticipated transaction costs, purchase accounting adjustments, expected cost savings and other information provided by representatives of Investors Bancorp and used by Sandler O'Neill in its analyses, Investors Bancorp's representatives confirmed to us that they reflected the best currently available estimates and judgments of Investors Bancorp's management with respect thereto and we assumed that such performances would be achieved.

We have assumed that there has been no material change in the assets, financial condition, results of operations, business, regulatory status or prospects of either Roma Financial or Investors Bancorp since the date of the most recent financial statements made available to us. We have assumed that all of the representations and warranties contained in the Agreement and all related agreements are true and correct, that each party to such agreements will perform all of the covenants required to be performed by such party under the agreements, that the conditions precedent in the Agreement will not be waived and that the Mergers will qualify as tax-free reorganizations for federal income tax purposes. Finally, with your consent, we have relied upon the advice Roma Financial has received from its legal, accounting and tax advisors as to all legal, regulatory, accounting and tax matters relating to Roma Financial, the Mergers and the other transactions contemplated by the Agreement.

Our opinion is necessarily based on financial, economic, market and other conditions as in effect on, and the information made available to us as of, the date hereof. Events occurring after the date hereof could materially affect this opinion. We have not undertaken to update, revise, reaffirm or withdraw this opinion or otherwise comment upon events occurring after the date hereof. We are expressing no opinion herein as to the prices at which the common stock of Roma Financial and Investors Bancorp may trade at any time.

We have acted as financial advisor to the boards of directors of Roma Financial and Roma MHC in connection with the Mergers. In connection with our engagement, we were not asked to, and did not, solicit indications of interest in a potential transaction from other parties. We will receive a fee for our services, a substantial portion of which is contingent upon consummation of the Mergers. We will also receive a fee for rendering this opinion. Roma Financial has also agreed to reimburse us for certain expenses incurred in connection with our engagement and to indemnify us against certain liabilities arising out of our engagement.

In the past, we have provided certain other investment banking services for Roma Financial and have received compensation for such services. In addition, as we have previously advised you, we have in the past provided certain investment banking services to Investors Bancorp and have received compensation for such services and may provide, and receive compensation for, such services in the future. In the ordinary course of our business as a broker-dealer, we may purchase

securities from and sell securities to Roma Financial and Investors Bancorp and their affiliates. We may also actively trade the equity securities of Roma Financial and Investors Bancorp for our own account and for the accounts of our customers and, accordingly, may at any time hold a long or short position in such securities.

This opinion has been approved by Sandler O'Neill's fairness opinion committee. Our opinion is directed to the Board of Directors of Roma Financial in connection with its consideration of the Mid-Tier Merger and does not constitute a recommendation to any shareholder of Roma Financial as to how such shareholder should vote at any meeting of shareholders called to consider and vote upon the Mid-Tier Merger. Our opinion is directed only to the fairness, from a financial point of view, of the Exchange Ratio to the Minority Shareholders of Roma Financial and does not address the underlying business decision of Roma Financial to engage in the Mid-Tier Merger, the relative merits of the Mid-Tier Merger as compared to any other alternative business strategies that might exist for Roma Financial, or the effect of any other transaction in which Roma Financial might engage. We also express no opinion as to the fairness of the amount or nature of the compensation to be received in the Mid-Tier Merger by Roma Financial's officers, directors, or employees, or class of such persons, relative to the compensation to be received in the Mid-Tier Merger by any other shareholders of the company. Our opinion is not to be quoted or referred to, in whole or in part, in a registration statement, prospectus, proxy statement or in any other document, nor shall this opinion be used for any other purposes, without our prior written consent.

Based upon and subject to the foregoing, it is our opinion, as of the date hereof, that the Exchange Ratio is fair to the Minority Shareholders of Roma Financial from a financial point of view.

Very truly yours,

ANNEX D

INVESTORS BANK***Executive Officer Annual Incentive Plan*****1. Purpose.**

This Executive Officer Annual Incentive Plan (the *Incentive Plan*) is applicable to those employees of Investors Bank (the *Bank*) and its subsidiaries who are considered to be executive-level and management-level employees of the Bank (collectively, the *plan participants*), and who are designated as plan participants by the Chief Executive Officer of the Bank, and annually approved as such, by the Compensation and Benefits Committee of the Board of Directors of the Investors Bancorp, Inc. (the *Compensation and Benefits Committee*). The Plan is designed to reward the plan participants, through additional cash compensation, for their significant individual and collective contributions toward the achievement of the annual financial and operational objectives of the Bank.

2. Administration.

The Plan shall be administered by the Compensation and Benefits Committee comprised exclusively of members of the Board of Directors (the *Board*) who are outside directors within the meaning of Section 162(m)(4)(C) of the Internal Revenue Code of 1986, as amended (the *Code*) and Treasury Regulation 1.162-27(e)(3). Unless otherwise determined by the Board, the Compensation and Benefits Committee shall consist of all non-executive members of the Board who are outside directors within the meaning of Section 162(m) of the Code.

The Compensation and Benefits Committee shall have the authority, subject to the provisions herein, (a) to approve plan participants, as designated by the Chief Executive Officer, to participate in the Incentive Plan; (b) to establish and administer the performance goals and the Incentive award opportunities applicable to each and to all plan participant(s), and to certify whether the performance goals have been attained; (c) to construe and interpret the Incentive Plan and any agreement or instrument entered into under or in connection with the Incentive Plan; (d) to establish, amend, and waive rules and procedures for the Incentive Plan's administration; and (e) to make all other determinations and provisions that may be necessary or advisable for the effective administration of the Incentive Plan. Any determination by the Compensation and Benefits Committee pursuant to the Incentive Plan shall be final, binding and conclusive on all employees and participants, and anyone claiming under or through any of them.

3. Eligibility and Participation.

The Compensation and Benefits Committee shall annually approve the plan participants designated by the Chief Executive Officer of the Bank from among eligible full-time employees of the Bank and its subsidiaries. In any year, such approval of participation in this Incentive Plan shall be made no later than March 15 or such other earlier date that shall permit the compensation payable hereunder to such designated plan participants for such year to qualify as qualified performance-based compensation under Treasury Regulation 1.162-27(e).

4. Establishment Of Performance Goals And Incentive Award Opportunities.

No later than 90 days after the commencement of the period of service to which the performance goal relates, but in no event after 25% of the performance period has elapsed, and in either case, so long as the outcome is substantially uncertain at the time that the goal is established, the Compensation and Benefits Committee shall establish, in writing, the method for computing the amount of compensation that will be payable under the Incentive Plan to each and all participants in the Plan for such year if the performance goals established by the Compensation and Benefits Committee for such year are attained in whole or in part, and if the plan participant's employment by the Bank or any subsidiary continues without interruption during that year. Such method shall be stated in terms of an objective formula(s) or standard(s) that precludes discretion to increase the amount of the Incentive award that would otherwise be due upon attainment of the goals, and such formula(s) or standard(s) may be different for each plan participant or groups of plan participants. Notwithstanding anything to the contrary contained herein, the Compensation and Benefits Committee may, however, exercise negative discretion (within the meaning of Treasury

Table of Contents

Regulation 1.162-27(e)(2)(iii)(A)) with respect to any Incentive award hereunder to reduce any amount that would otherwise be payable hereunder.

No later than 90 days after the commencement of the period of service to which the performance goal relates, but in no event after 25% of the performance period has elapsed, and in either case, so long as the outcome is substantially uncertain at the time that the goal is established, the Compensation and Benefits Committee shall establish, in writing, the performance goals for such year, which shall be based on any of the following measurement criteria, either alone or in any combination, on either a consolidated or business unit level, and which shall include or exclude the effect of discontinued operations, acquisition expenses, restructuring expenses, tax benefits, other benefits, or other expenses or events, as the Compensation and Benefits Committee may determine:

Additionally, performance goals may include strategic or operational business objectives, consisting of one or more objectives based upon meeting specified cost targets, business expansion goals, goals relating to acquisitions or divestitures, including acquiring or developing new business lines, or goals relating to capital raising and capital management. Any performance goals may be measured on an absolute or relative industry basis and may be expressed in terms of a progression within a specified range.

5. *Minimum and Maximum Award; Unsecured Status of Plan Participants.*

6. *Attainment Of Performance Goals Required.*

Awards shall be paid under this Incentive Plan for any year solely on account of the attainment of the performance goal(s) established and approved by the Compensation and Benefits Committee with respect to such year. Incentive awards shall also be contingent upon the plan participant(s) remaining employed by the Bank or any subsidiary throughout any such year, and following any such year, until the date on which the Incentive award is paid. A plan participant whose employment terminates prior to the end of a Incentive Plan year, or prior to the date on which the Incentive award for is paid, for any reason not excepted above shall not be entitled to any Incentive award under the Incentive Plan for such year.

7. *Stockholder Approval And Committee Certification Contingencies; Payment Of Awards.*

Payment of any awards under this Incentive Plan shall be contingent upon the affirmative vote of the Company's stockholders of at least a majority of the votes cast (including abstentions) approving the Incentive Plan. Unless and until such stockholder approval is obtained, no award shall be paid pursuant to this Incentive Plan.

Subject to the provisions of Paragraph 6 above relating to death, disability and retirement, payment of any Incentive award under this Incentive Plan shall also be contingent upon the Compensation and Benefits Committee's annual certification in writing that the performance goals and any other material terms applicable to such Incentive award were in fact satisfied, in accordance with applicable Treasury Regulations under Code Section 162(m). To the extent necessary for purposes of Code Section 162(m), this Incentive Plan shall be resubmitted to the Company's stockholders for their re-approval with respect to awards payable for the taxable years of the Bank commencing on and after 5th anniversary of initial stockholder approval.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers

Article NINTH of the Certificate of Incorporation of Investors Bancorp, Inc. (the Corporation) sets forth circumstances under which directors, officers, employees and agents of the Corporation may be insured or indemnified against liability which they incur in their capacities as such:

NINTH:

A. Each person who was or is made a party or is threatened to be made a party to or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (hereinafter a proceeding), by reason of the fact that he or she is or was a Director or an Officer of the Corporation or is or was serving at the request of the Corporation as a Director, Officer, employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to an employee benefit plan (hereinafter an indemnitee), whether the basis of such proceeding is alleged action in an official capacity as a Director, Officer, employee or agent or in any other capacity while serving as a Director, Officer, employee or agent, shall be indemnified and held harmless by the Corporation to the fullest extent authorized by the Delaware General Corporation Law, as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than such law permitted the Corporation to provide prior to such amendment), against all expense, liability and loss (including attorneys fees, judgments, fines, ERISA excise taxes or penalties and amounts paid in settlement) reasonably incurred or suffered by such indemnitee in connection therewith; provided, however, that, except as provided in Section C hereof with respect to proceedings to enforce rights to indemnification, the Corporation shall indemnify any such indemnitee in connection with a proceeding (or part thereof) initiated by such indemnitee only if such proceeding (or part thereof) was authorized by the Board of Directors of the Corporation.

B. The right to indemnification conferred in Section A of this Article NINTH shall include the right to be paid by the Corporation the expenses incurred in defending any such proceeding in advance of its final disposition (hereinafter an advancement of expenses); provided, however, that, if the Delaware General Corporation Law requires, an advancement of expenses incurred by an indemnitee in his or her capacity as a Director or Officer (and not in any other capacity in which service was or is rendered by such indemnitee, including, without limitation, service to an employee benefit plan) shall be made only upon delivery to the Corporation of an undertaking (hereinafter an undertaking), by or on behalf of such indemnitee, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal (hereinafter a final adjudication) that such indemnitee is not entitled to be indemnified for such expenses under this Section or otherwise. The rights to indemnification and to the advancement of expenses conferred in Sections A and B of this Article NINTH shall be contract rights and such rights shall continue as to an indemnitee who has ceased to be a Director, Officer, employee or agent and shall inure to the benefit of the indemnitee s heirs, executors and administrators.

C. If a claim under Section A or B of this Article NINTH is not paid in full by the Corporation within sixty days after a written claim has been received by the Corporation, except in the case of a claim for an advancement of expenses, in which case the applicable period shall be twenty days, the indemnitee may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim. If successful in whole or in part in any such suit, or in a suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the indemnitee shall be entitled to be paid also the expense of prosecuting or defending such suit. In (i) any suit brought by the indemnitee to enforce a right to indemnification hereunder (but not in a suit brought by the indemnitee to enforce a right to an advancement of expenses) it shall be a defense that, and (ii) in any suit by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking the Corporation shall be entitled to recover such expenses upon a final adjudication that, the indemnitee has not met any applicable standard for indemnification set forth in the Delaware General Corporation Law. Neither the failure of the Corporation (including its Board of Directors, independent legal counsel, or its stockholders) to have made a determination prior to the commencement of such suit that indemnification of the indemnitee is proper in the

Table of Contents

circumstances because the indemnitee has met the applicable standard of conduct set forth in the Delaware General Corporation Law, nor an actual determination by the Corporation (including its Board of Directors, independent legal counsel, or its stockholders) that the indemnitee has not met such applicable standard of conduct, shall create a presumption that the indemnitee has not met the applicable standard of conduct or, in the case of such a suit brought by the indemnitee, be a defense to such suit. In any suit brought by the indemnitee to enforce a right to indemnification or to an advancement of expenses hereunder, or by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the burden of proving that the indemnitee is not entitled to be indemnified, or to such advancement of expenses, under this Article NINTH or otherwise shall be on the Corporation.

D. The rights to indemnification and to the advancement of expenses conferred in this Article NINTH shall not be exclusive of any other right which any person may have or hereafter acquire under any statute, the Corporation's Certificate of Incorporation, Bylaws, agreement, vote of stockholders or disinterested Directors or otherwise.

E. The Corporation may maintain insurance, at its expense, to protect itself and any Director, Officer, employee or agent of the Corporation or another corporation, partnership, joint venture, trust or other enterprise against any expense, liability or loss, whether or not the Corporation would have the power to indemnify such person against such expense, liability or loss under the Delaware General Corporation Law.

F. The Corporation may, to the extent authorized from time to time by the Board of Directors, grant rights to indemnification and to the advancement of expenses to any employee or agent of the Corporation to the fullest extent of the provisions of this Article NINTH with respect to the indemnification and advancement of expenses of Directors and Officers of the Corporation.

Item 22. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement; (i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933; (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or most recent post-effective amendment thereof) which individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement; (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be a bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b)(1) The undersigned registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other Items of the applicable form.

(2) The registrant undertakes that every prospectus (i) that is filed pursuant to paragraph (1) immediately preceding, or (ii) that purports to meet the requirements of section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for the purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the "Act") may be permitted to directors, officers and controlling persons of the small business issuer pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(d) The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11 or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(e) The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of, and included in the registration statement when it became effective.
