We also use *HIRSCH* and *idOnDemand* as product sub-brands, *Multicard* as our brand for regional ID Solutions offerings in select markets, and *payment solution* and *JustPay* for our payment offerings in the sports stadium and festival markets.

In our ID Products segment we design and manufacture both standard and highly specialized smart card technology-based products and components (which we refer to as ID Infrastructure products) and

RFID products and components, including NFC offerings (which we refer to as Transponder products), which are used in the government, enterprise and consumer markets for a number of identity-related applications, including logical access, physical access, eHealth, eGovernment, electronic ID, mobile payment, loyalty schemes, mobile advertising, and transportation and event ticketing. Our ID Infrastructure offerings include readers and terminals based on both contact and contactless smart card technology as well as readers for RFID and NFC applications, all of which are sold under the *Identive* brand. Our Transponder products include RFID and NFC inlays and inlay-based tags, labels, stickers and cards. Private Placement of Common Stock and Warrants

On August 14, 2013, we entered into subscription agreements, or the Agreements, with certain accredited and other qualified investors, or the selling stockholders, in connection with the private placement of an aggregate of 8,348,471 units at a price of \$0.85 per unit. Each unit consists of one share of our common stock and one warrant to purchase common stock at an exercise price of \$1.00 per share. The gross proceeds of the sale were approximately \$7.1 million before deduction of expenses in connection with the private placement of approximately 10% of the gross proceeds. The Agreements provide that selling stockholders had the option to withdraw their investment, without deduction of penalty or interest, if the gross proceeds at closing were less than \$8 million; however, substantially all selling stockholders waived such option prior to closing and the offering closed on August 15, 2013.

The sale was made to accredited investors in the United States and to accredited and other qualified investors internationally in reliance upon available exemptions from the registration requirements of the Securities Act including Section 4(a)(2) thereof and Regulation D and Regulation S thereunder, as well as comparable exemptions under applicable state and foreign securities laws. We agreed to promptly file a registration statement with the Securities and Exchange Commission, or SEC, to register the resale of the shares and shares of common stock issuable upon exercise of the warrants. The private placement was made pursuant to definitive subscription agreements between us and each selling stockholder. American Stock Transfer & Trust Company, LLC, the registrar and transfer agent for our common stock, is the registrar and transfer agent for the warrants.

The warrants have a term of four years and will not be exercisable until February 15, 2014, the date that is six months following the date of closing of the private placement. The number of shares issuable upon exercise of the warrants is subject to adjustment for any stock dividends, stock splits or distributions by us, or upon any merger or consolidation or sale of our assets, tender or exchange offer for the common stock, or a reclassification of the common stock.

iTell AG, a Swiss-regulated entity, acted as our placement agent in connection with offers and sales of units outside the United States. iTell AG received cash compensation at closing of 10% of the gross proceeds secured from the sale of units to non-US investors introduced by the placement agent and accepted by us. In addition, under the terms of the engagement, iTell AG also received bonus compensation in the form of warrants to purchase 1,000,000 shares of common stock and 1,000,000 shares of common stock on the same terms as those sold to investors in the offering (including registration rights) since the gross proceeds received from the non-US investors introduced by the placement agent exceeded \$5 million. The placement agent is also entitled to reimbursement of legal fees and expenses up to \$50,000. The securities were issued to the placement agent in reliance upon available exemptions from the registration requirements of the Securities Act, including Regulation S thereunder.

Issuance of Warrants in Connection with Amendment to Loan and Security Agreement

On August 7, 2013, we entered into an amendment, or the Third Amendment, to our Loan and Security Agreement, or the Loan Agreement, with Hercules Technology Growth Capital, Inc., or Hercules, pursuant to which amendments were made to the Loan Agreement to (i) permit us to prepay a portion of the outstanding Advances (as defined in the Loan Agreement), in addition to allowing full prepayment of the Advances, by paying the applicable prepayment charge together with the pro-rated End of Term Charge (as defined in the Loan Agreement), and (ii) restate the minimum quarterly EBITDA financial covenant thresholds for fiscal year 2013. In addition, a provision was added requiring us to secure net proceeds of at least \$6 million from sales of our equity securities between the period from July 1, 2013 through August 31, 2013.

As partial consideration for the Third Amendment, the Company issued to Hercules on August 7, 2013 a warrant to purchase such number of shares of the Company's common stock equal to the quotient derived by dividing

(a) \$706,364 by (b) the Exercise Price. The Exercise Price is defined in the warrant as the lowest of (a) \$0.712, the closing price of the Common Stock on NASDAQ on August 6, 2013, (b) \$0.81, the VWAP measured over the thirty (30) Business Day period ending August 6, 2013), or (c) the effective price per share in the equity raise described in the Third Amendment, per share. We refer to this warrant herein as the Hercules warrant. The warrant was issued in reliance upon the exemptions from the registration requirements under the Securities Act of 1933, as amended, in accordance with Section 4(a)(2) thereof. The term of the warrant is five years and contains usual and customary terms.

USE OF PROCEEDS

We will not receive any proceeds from the sale of shares by the selling stockholders. Other than the Hercules warrant, the warrants will not be exercisable until February 15, 2014, the date that is six months after August 15, 2013, the date of closing, at which time the warrants will become exercisable on a cashless basis or a cash basis at its sole discretion. The Hercules warrant is exercisable at any time on a cashless basis or a cash basis at each selling stockholder's sole discretion. With respect to the warrants other than the Hercules warrant, we will receive the exercise price of \$1.00 per share with respect to any common stock we sell to selling stockholders who opt to exercise the warrants for cash. With respect to the Hercules warrant, we will receive the exercise price of \$0.712 per share with respect to any common stock we sell to Hercules if it opts to exercise the warrant for cash. If all of the warrants are exercised for cash, we will receive gross proceeds of approximately \$10.1 million, which we currently intend to use for working capital and general corporate purposes. However, we will not receive any cash proceeds from the sale of our common stock to selling stockholders who opt to exercise the warrants on a cashless basis.

Table of Contents**SELLING STOCKHOLDERS**

This prospectus relates to the resale by the selling stockholders named below, from time to time, of up to 19,689,026 shares of our common stock issued to the selling stockholders in the transaction described in Prospectus Summary Private Placement of Common Stock and Warrants and Issuance of Warrants in Connection with Amendment to Loan and Security Agreement. The 19,689,026 shares of common stock covered by this prospectus include (i) 9,348,471 shares issued to the selling stockholders in the private placement, 1,000,000 of which were issued as compensation to the non-U.S. placement agent; (ii) 9,348,471 shares issuable upon exercise of warrants to purchase common stock issued to the selling stockholders, of which warrants 1,000,000 were issued as compensation to the non-U.S. placement agent; and (iii) 992,084 shares issuable upon exercise of a warrant to purchase common stock issued to Hercules. Other than the Hercules warrant, the warrants have an exercise price of \$1.00 per share. The Hercules warrant has an exercise price of \$0.712 per share, has a term of five years and is exercisable at any time. Other than the Hercules warrant, the warrants have a term of four years and will not be exercisable until February 15, 2014, the date that is six months from the date of closing of the private placement.

The following table provides information regarding the selling stockholders and the number of shares of common stock each selling stockholder is offering under this prospectus, including shares of common stock issuable upon the exercise of warrants held by each selling stockholder. We have prepared this table based on information furnished to us by or on behalf of the selling stockholders, which we have not independently verified. Under the rules of the SEC, beneficial ownership includes shares over which the indicated beneficial owner exercises voting or investment power. Beneficial ownership is determined under Section 13(d) of the Exchange Act, and generally includes voting or investment power with respect to securities, including any securities that grant the selling stockholder the right to acquire common stock within 60 days of September 9, 2013, unless otherwise noted. Although the warrants are not exercisable until February 15, 2014, the shares issuable upon the exercise of such warrants are nonetheless included in the aggregate beneficial ownership amounts set forth in the table below. Unless otherwise indicated in the footnotes below, we believe that the selling stockholders have sole voting and investment power with respect to all shares beneficially owned.

None of the selling stockholders has held any position or office, or has otherwise had a material relationship, with us or any of our subsidiaries within the past three years other than as described in Prospectus Summary above.

The shares reflected in the table below may be sold by the selling stockholders, by those persons or entities to whom they transfer, donate, devise, pledge or distribute their shares or by other successors in interest. The information regarding shares beneficially owned after this offering assumes the sale of all shares offered by each of the selling stockholders. The selling stockholders may sell less than all of the shares listed in the table. In addition, the shares listed below may be sold pursuant to this prospectus or in privately negotiated transactions. Accordingly, we cannot estimate the number of shares the selling stockholders will sell under this prospectus.

Percentage of beneficial ownership in the table below is based on 73,093,082 shares of our common stock outstanding as of September 1, 2013. Since the date on which they provided us with the information below, the selling stockholders may have sold, transferred or otherwise disposed of some or all of their shares in transactions exempt from the registration requirements of the Securities Act. None of the selling stockholders is a broker-dealer regulated by the Financial Industry Regulatory Authority, Inc., nor is it affiliated with such a broker-dealer. The selling stockholders acquired their respective shares in the ordinary course of such selling stockholder's business and, at the time of the acquisition of the shares to be resold pursuant to this prospectus, the selling stockholders had no agreements or understandings, directly or indirectly, with any person to distribute them.

- (1) Includes an aggregate of 9,348,471 shares of common stock issued to the selling stockholders and 10,340,555 shares of common stock underlying warrants issued to selling stockholders. Although the warrants other than the Hercules warrant are not exercisable until February 15, 2014, the shares issuable upon the exercise of such warrants are nonetheless included in this column as if such warrants were exercisable within 60 days. Therefore, the shares issuable upon exercise of the warrants are deemed outstanding for computing the percentage ownership of the selling stockholder holding such shares before the offering and after giving effect to the offering, but are not deemed outstanding for computing the beneficial ownership of any other selling stockholder. In addition to the shares set forth in the table, the number of shares to be sold includes an indeterminate number of shares issuable upon exercise of the warrants, as such number may be adjusted as a result of stock splits, stock dividends and similar transactions in accordance with Rule 416 under the Securities Act.
- (2) We do not know when or in what amounts a selling stockholder may offer shares for sale. The selling stockholders may decide not to sell any or all of the shares offered by this prospectus. Because the selling

stockholders may offer all or some of the shares pursuant to this offering and because there are currently no agreements, arrangements or undertakings with respect to the sale of any of the shares, we cannot estimate the number of shares that will be held by the selling stockholders after completion of this offering. However, for purposes of this table, we have assumed that, after completion of this offering, all of the warrants will have been exercised and none of the shares covered by this prospectus will be held by the selling stockholders.

- (3) Of the shares beneficially owned by Dr. Boersch, 6,431,667 shares are held by Mountain Partners AG, a significant shareholder in the Company, and 1,021,863 shares are held by BH Capital Management AG over which Mountain Partners AG has voting and investment authority. Dr. Boersch is a principal of and member of the board of Mountain Partners AG. The securities purchased by Dr. Boersch in the private placement were purchased by him for his own account and not for the account of or on behalf of Mountain Partners AG. Dr. Boersch may be deemed to have beneficial ownership of the shares owned by Mountain Partners AG. Dr. Boersch disclaims beneficial ownership of these securities except to the extent of his pecuniary interest therein, and the inclusion of these shares herein this report shall not be deemed an admission of beneficial ownership of all of the reported shares for Section 16 or for any other purpose.

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

an exchange distribution in accordance with the rules of the applicable exchange;

short sales;

through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;

broker-dealers may agree with the selling stockholders to sell a specified number of such shares at a stipulated price per share;

one or more underwritten offerings on a firm commitment or best efforts basis;

a combination of any such methods of sale; and

any other method permitted pursuant to applicable law.

The selling stockholders may also sell shares under Rule 144 under the Securities Act, if available, rather than under this prospectus.

Broker-dealers engaged by the selling stockholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling stockholders (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated, which commissions or discounts may be less than or in excess of those customary in the types of transactions involved. Any profits on the resale of shares of common stock by a broker-dealer acting as principal might be deemed to be underwriting discounts or commissions under the Securities Act. Discounts, concessions, commissions and similar selling expenses, if any, attributable to the sale of shares will be borne by the selling stockholders. The selling stockholders may agree to indemnify any agent, dealer or broker-dealer that participates in transactions involving sales of the shares if liabilities are imposed on that person under the Securities Act.

Table of Contents

The selling stockholders may from time to time pledge or grant a security interest in some or all of the shares of common stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of common stock from time to time under this prospectus after we have filed a supplement to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act supplementing or amending the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus.

The selling stockholders also may transfer the shares of common stock in other circumstances, in which case the respective donees, transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus and may sell the shares of common stock from time to time under this prospectus after we have filed a supplement to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act of supplementing or amending the list of selling stockholders to include the respective donee, pledgee, transferee or other successors in interest as selling stockholders under this prospectus.

Under the securities laws of some states, the shares of our common stock may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares of our common stock may not be sold unless such shares have been registered or qualified for sale in such state or an exemption from registration or qualification is available and is complied with.

The selling stockholders and any broker-dealers or agents that are involved in selling the shares of common stock may be deemed to be underwriters within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the shares of common stock purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

We are required to pay certain fees and expenses we incur in connection with the registration of the securities. We have agreed to indemnify the selling stockholders against all losses, claims, damages and liabilities, including liabilities under the Securities Act, in connection with any misrepresentation made by us in this prospectus.

The selling stockholders have advised us that they have not entered into any agreements, understandings or arrangements with any underwriters or broker-dealers regarding the sale of their shares of common stock, nor is there an underwriter or coordinating broker acting in connection with a proposed sale of shares of common stock by the selling stockholders. If we are notified by any selling stockholders that any material arrangement has been entered into with a broker-dealer for the sale of shares of common stock, if required, we will file a supplement to this prospectus.

The selling stockholders and any other person participating in such distribution will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including, without limitation, to the extent applicable, Regulation M of the Exchange Act, which may limit the timing of purchases and sales of any of the shares of our common stock by the selling stockholders and any other participating person. To the extent applicable, Regulation M may also restrict the ability of any person engaged in the distribution of the shares of our common stock to engage in market-making activities with respect to the shares of our common stock. All of the foregoing may affect the marketability of the shares of our common stock and the ability of any person or entity to engage in market-making activities with respect to the shares of our common stock.

There can be no assurance that the selling stockholders will sell any or all of the shares of our common stock registered pursuant to the registration statement, of which this prospectus forms a part.

Table of Contents**CERTAIN PROVISIONS OF OUR CHARTER DOCUMENTS AND DELAWARE LAW****Anti-Takeover Provisions of our Delaware Certificate of Incorporation and By-laws**

In addition to the board of directors' ability to issue shares of preferred stock, our fourth amended and restated certificate of incorporation, as amended, and our amended and restated by-laws contain other provisions that are intended to enhance the likelihood of continuity and stability in the composition of the board of directors and which may have the effect of delaying, deferring or preventing a future takeover or change in control of our Company unless such takeover or change in control is approved by our board of directors. These provisions include a classified board of directors as discussed above, elimination of stockholder action by written consents, advance notice procedures for stockholder proposals and supermajority vote requirements for business combinations.

Classified Board; Limitation on Ability of Stockholders to Remove Directors. Under the Delaware General Corporation Law, unless the certificate of incorporation otherwise provides, directors serving on a classified board can only be removed by the stockholders for cause. The provision for a classified board could prevent a party who acquires control of a majority of our outstanding common stock from obtaining control of the board until our second annual stockholders meeting following the date the acquirer obtains the controlling stock interest. The classified board provision could have the effect of discouraging a potential acquirer from making a tender offer or otherwise attempting to obtain control of us and could increase the likelihood that incumbent directors will retain their positions. In addition, our fourth amended and restated certificate of incorporation, as amended, provides that our stockholders may only remove a director from office for cause.

Elimination of Stockholder Action Through Written Consent. Our fourth amended and restated certificate of incorporation, as amended, provides that stockholder action can be taken only at an annual or special meeting of stockholders and cannot be taken by written consent in lieu of a meeting.

Advanced Notice Procedures for Stockholder Proposals. Our amended and restated by-laws establish an advance notice procedure for stockholder proposals to be brought before an annual meeting of our stockholders, including proposed nominations of persons for election to our board. Stockholders at our annual meeting may only consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of our board or by a stockholder who was a stockholder of record on the record date for the meeting, who is entitled to vote at the meeting and who has given to our secretary timely written notice, in proper form, of the stockholder's intention to bring that business before the meeting. Although our amended and restated by-laws do not give our board the power to approve or disapprove stockholder nominations of candidates or proposals regarding other business to be conducted at a special or annual meeting, our amended and restated by-laws may have the effect of precluding the conduct of some business at a meeting if the proper procedures are not followed or may discourage or defer a potential acquirer from conducting a solicitation of proxies to elect its own slate of directors or otherwise attempting to obtain control of us.

Business Combinations. Our fourth amended and restated certificate of incorporation, as amended, provides that the affirmative vote of holders of at least 66 2/3% of the total outstanding shares eligible to vote is required in the event of (i) a merger or combination between the company and an entity or person owning, directly or indirectly, 10% of our shares (an Interested Purchaser) or (ii) any sale of the company or a sale of all or substantially all of our assets to an Interested Purchaser (a transaction described in (i) or (ii) being a Transaction), unless: (a) the Transaction is approved by two-thirds of the members of the Board of Directors; or (b) as a result of the Transaction, all holders of the outstanding share (other than the Interested Purchaser) receive cash in an amount at least equal to the greatest of (x) the highest price paid by the Interested Purchaser for any shares during the offer, (y) an amount reflecting the same or a greater percentage relationship to the then market price of the company's stock as the highest price per share paid

by the Interested Purchaser during the tender offer bears to the market price of the stock immediately prior to the commencement of the tender offer, or (z) an amount equal to the earnings per share of the company for the four full consecutive fiscal quarters immediately preceding the proposed Transaction multiplied by the then current price/earnings ratio of the Interested Purchaser.

Provisions of Delaware Law Governing Business Combinations

We are subject to the business combination provisions of Section 203 of the Delaware General Corporation Law. In general, such provisions prohibit a publicly held Delaware corporation from engaging in any business combination transactions with any interested stockholder for a period of three years after the date on which the person became an interested stockholder, unless:

prior to such date, the board of directors approved either the business combination or the transaction which resulted in the interested stockholder obtaining such status;

upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding (but not the outstanding voting stock owned by the interested stockholder) those shares owned by (a) persons who are directors and also officers and (b) employee stock plans in which employ participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

at or subsequent to such time, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding voting stock which is not owned by the interested stockholder.

A business combination is defined to include mergers, asset sales and other transactions resulting in financial benefit to a stockholder. In general, an interested stockholder is a person who, together with affiliates and associates, owns 15% or more of a corporation's voting stock or within three years did own 15% or more of a corporation's voting stock. The statute could prohibit or delay mergers or other takeover or change in control attempts with respect to us and, accordingly, may discourage attempts to acquire us.

Limitations on Liability and Indemnification of Officers and Directors

Our fourth amended and restated certificate of incorporation, as amended, limits the liability of our directors to the fullest extent permitted by the Delaware General Corporation Law and provides that we will indemnify them to the fullest extent permitted by such law. We have entered into indemnification agreements with all of our current directors and expect to enter into a similar agreement with any new directors.

Item 15. Indemnification of Directors and Officers.

Section 145 of the Delaware General Corporation Law, or the DGCL, empowers a Delaware corporation to indemnify any persons who are, or are threatened to be made, parties to any threatened, pending or completed legal action, suit or proceeding, whether civil, criminal, administrative, or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person was an officer or director of such corporation, or is or was serving at the request of such corporation as a director, officer, employee, or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys' fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit, or proceeding, provided that such officer or director acted in good faith and in a manner he reasonably believed to be in or not opposed to the corporation's best interests, and, for criminal proceedings, had no reasonable cause to believe his conduct was illegal. A Delaware corporation may indemnify officers and directors in an action by or in the right of the corporation under the same conditions, except that no indemnification is permitted without judicial approval if the officer or director is adjudged to be liable to the corporation in the performance of his duty. Where an officer or director is successful on the merits or otherwise in the defense of any action referred to above, the corporation must indemnify him against the expenses which such officer or director actually and reasonably incurred.

Our certificate of incorporation and by-laws provide that we will indemnify, to the fullest extent permitted by the DGCL, each director or officer of our company, whom we refer to as an Indemnitee. Such indemnification includes payment by us, in advance of the final disposition of a civil or criminal action, suit, or proceeding, of expenses incurred by a director or officer in defending such action, suit, or proceeding upon receipt of any undertaking by or on behalf of such director or officer to repay such payment if it is ultimately determined that he or she is not entitled to be indemnified by us.

Under Delaware law, to the extent that an Indemnitee is successful on the merits in defense of a suit or proceeding brought against him or her by reason of the fact that he or she is or was a director, officer, or agent of our company, or serves or served any other enterprise or organization at the request of our company, we shall indemnify him or her against expenses (including attorneys' fees) actually and reasonably incurred in connection with such action.

If unsuccessful in defense of a third-party civil suit or a criminal suit, or if such a suit is settled, an Indemnitee may be indemnified under Delaware law against both (i) expenses, including attorney's fees, and (ii) judgments, fines, and amounts paid in settlement if he or she acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of our company, and, with respect to any criminal action, had no reasonable cause to believe his or her conduct was unlawful.

II-1

Table of Contents

If unsuccessful in defense of a suit brought by or in the right of our company, where the suit is settled, an Indemnitee may be indemnified under Delaware law only against expenses (including attorneys' fees) actually and reasonably incurred in the defense or settlement of the suit if he or she acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of our company except that if the Indemnitee is adjudged to be liable for negligence or misconduct in the performance of his or her duty to our company, he or she cannot be made whole even for expenses unless a court determines that he or she is fully and reasonably entitled to indemnification for such expenses.

Also under Delaware law, expenses incurred by an officer or director in defending a civil or criminal action, suit, or proceeding may be paid by our company in advance of the final disposition of the suit, action, or proceeding upon receipt of an undertaking by or on behalf of the officer or director to repay such amount if it is ultimately determined that he or she is not entitled to be indemnified by our company. We may also advance expenses incurred by other employees and agents of our company upon such terms and conditions, if any, that our board of directors of the registrant deems appropriate.

Reference is made to Undertakings below, for the registrant's undertakings in this registration statement with respect to indemnification of liabilities arising under the Securities Act of 1933, as amended.

Item 17. Undertakings.

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, as amended, or the Securities Act;
- (ii) To reflect in the prospectus any facts or events arising after the effective date of this Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this Registration Statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price

set forth in the Calculation of Registration Fee table in the effective Registration Statement; and

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in this Registration Statement or any material change to such information in this Registration Statement;

II-3

Table of Contents

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934, as amended, or Exchange Act, that are incorporated by reference in this Registration Statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the Registration Statement.

(2) That, for the purposes of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at the time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

The Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act that is incorporated by reference in this Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the indemnification provisions described herein, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
