## **Section 1- Conflict Minerals Disclosure**

### **Item 1.01 Conflict Minerals Disclosure and Report**

Nuance Communications, Inc. (the Company) has determined that tantalum, tin, tungsten and/or gold, collectively 3TGs are necessary to the functionality or production of certain of the Company's products.

The Company conducted a Reasonable Country of Origin Inquiry regarding 3TGs utilized in its products. That Reasonable Country of Origin Inquiry was designed to determine whether those 3TGs present in the Company's products originated in the Democratic Republic of the Congo or an adjoining country or arose from recycled or scrap sources. That Reasonable Country of Origin Inquiry revealed that the Company's 3TGs did not likely arise from scrap or recycled sources but may have originated in the Democratic Republic of the Congo or an adjoining country, collectively DRC.

The Company exercised due diligence regarding the source and chain of custody of its 3TGs through utilization of a nationally recognized due diligence framework, as more particularly described in the Company's Conflict Minerals Report filed as Exhibit 1.01 hereto. The Company, however, is unable, after exercising due diligence, to determine whether its products contain 3TGs that directly or indirectly finance or benefit armed groups in the DRC. As such, the Company's products produced in calendar year 2014 are DRC Conflict Undeterminable.

### **Item 1.02 Exhibit**

A copy of the Company's Conflict Minerals Report is filed as Exhibit 1.01 hereto and is also publicly available at [www.Nuance.com](http://www.Nuance.com) under Corporate Governance .

## **Section 2- Exhibits**

Exhibit 1.01- Conflict Minerals Report as required by Items 1.01 and 1.02 of this Form.

**SIGNATURE**

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
