**Table of Contents****Performance Summary** (unaudited)**WisdomTree Australia Dividend Fund (AUSE)****Sector Breakdown** as of 9/30/15

<b>Sector</b>	<b>% of Net Assets</b>
Financials	22.7%
Materials	14.7%
Consumer Discretionary	13.4%
Industrials	13.4%
Energy	9.6%
Consumer Staples	9.3%
Healthcare	7.5%
Telecommunication Services	4.3%
Information Technology	2.6%
Utilities	2.0%
Other Assets less Liabilities	0.5%
<b>Total</b>	<b>100.0%</b>

The Fund's sector breakdown is expressed as a percentage of net assets and may change over time. In addition, a sector may be comprised of several industries. It does not include derivatives (if any).

Other assets includes investment of cash collateral for securities on loan (if any).

**Top Ten Holdings\*** as of 9/30/15

<b>Description</b>	<b>% of Net Assets</b>
Woodside Petroleum Ltd.	3.7%
Insurance Australia Group Ltd.	3.1%
Suncorp Group Ltd.	2.7%
Westpac Banking Corp.	2.7%
National Australia Bank Ltd.	2.7%
CIMIC Group Ltd.	2.4%
Australia & New Zealand Banking Group Ltd.	2.4%
Woolworths Ltd.	2.4%
Telstra Corp., Ltd.	2.4%
Commonwealth Bank of Australia	2.3%

\*The ten largest holdings are subject to change, and there are no guarantees the Fund will remain invested in any particular company. Excludes investment of cash collateral for securities on loan (if any).

The WisdomTree Australia Dividend Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Australia Dividend Index.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as

## Edgar Filing: WisdomTree Trust - Form N-CSRS

the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2015, as revised October 7, 2015, the Fund's annual expense ratio was 0.58%.**

**Performance** as of 9/30/15

	Average Annual Total Return				Since Inception <sup>1</sup>
	6-Month*	1 Year	3 Year	5 Year	
Fund NAV Returns	-20.69%	-22.10%	-3.80%	-1.33%	3.77%
Fund Market Price Returns	-19.85%	-21.71%	-3.47%	-1.30%	3.74%
<i>WisdomTree Pacific ex-Japan Equity Income/Australia Dividend Spliced Index<sup>2</sup></i>	-20.57%	-21.86%	-3.50%	-1.08%	4.23%
<i>MSCI Pacific ex-Japan Value/MSCI Australia Spliced Index<sup>3</sup></i>	-20.56%	-21.08%	-4.16%	-0.86%	3.53%

\* Returns of less than one year are cumulative.

<sup>1</sup> Total returns are calculated based on the commencement of Fund trading on the NYSE Arca, Inc. on June 16, 2006.

<sup>2</sup> WisdomTree Pacific ex-Japan Equity Income Index through June 17, 2011; WisdomTree Australia Dividend Index thereafter.

<sup>3</sup> MSCI Pacific ex-Japan Value Index through June 17, 2011; MSCI Australia Index thereafter.

**Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted. Investment returns and the principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data for the most recent month-end is available at [www.wisdomtree.com](http://www.wisdomtree.com). WisdomTree shares are bought and sold at market price (not NAV) and are not individually redeemed from the Fund. Fund NAV returns are calculated using the Fund's daily 4:00 p.m. NAV. Market price returns reflect the midpoint of the bid/ask spread as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period of less than one year are cumulative.**

<i>MSCI Europe Small Cap Index</i>	0.53%	3.87%	14.03%	9.53%	5.86%

\* Returns of less than one year are cumulative.

<sup>1</sup> Total returns are calculated based on the commencement of Fund trading on the NYSE Arca, Inc. on June 16, 2006.

**Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted. Investment returns and the principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data for the most recent month-end is available at [www.wisdomtree.com](http://www.wisdomtree.com). WisdomTree shares are bought and sold at market price (not NAV) and are not individually redeemed from the Fund. Fund NAV returns are calculated using the Fund's daily 4:00 p.m. NAV. Market price returns reflect the midpoint of the bid/ask spread as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period of less than one year are cumulative.**

**Table of Contents****Performance Summary** (unaudited)**WisdomTree Germany Hedged Equity Fund (DXGE)****Sector Breakdown** as of 9/30/15

<b>Sector</b>	<b>% of Net Assets</b>
Consumer Discretionary	20.3%

The WisdomTree Germany Hedged Equity Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Germany Hedged Equity Index.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as

## Edgar Filing: WisdomTree Trust - Form N-CSRS

the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2015, the Fund's annual expense ratio was 0.48%.**

\*The ten largest holdings shown is that of the Underlying Fund and are subject to change, and there are no guarantees the Underlying Fund will remain invested in any particular company. Excludes the Underlying Fund's investment of cash collateral for securities on loan (if any).

The WisdomTree International Hedged SmallCap Dividend Fund (the "Fund") seeks to track the price and yield performance, before fees and expenses, of the WisdomTree International Hedged SmallCap Dividend Index (the "Index"). The Fund generally uses a representative sampling strategy to achieve its investment objective, meaning it generally will invest in a sample of securities in the Index (including indirect investments through the WisdomTree International SmallCap Dividend Fund (the "Underlying Fund")) whose risk, return and other characteristics resemble the risk, return, and other characteristics of the Index as a whole.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV

## Edgar Filing: WisdomTree Trust - Form N-CSRS

return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated June 1, 2015, the Fund's annual expense ratio was 0.58%. The prospectus expense ratio includes 0.58% of acquired fund fees and expenses (AFFEs). The prospectus expense ratio may not correlate to the expense ratio in the Fund's financial highlights and financial statements because the financial highlights and financial statements reflect only the operating expenses of the Fund and do not include AFFEs, which are fees and expenses incurred indirectly by the Fund through its investments in certain underlying investment companies.**

Investment returns and the principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data for the most recent month-end is available at [www.wisdomtree.com](http://www.wisdomtree.com). WisdomTree shares are bought and sold at market price (not NAV) and are not individually redeemed from the Fund. Fund NAV returns are calculated using the Fund's daily 4:00 p.m. NAV. Market price returns reflect the midpoint of the bid/ask spread as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period of less than one year are cumulative.**

**Table of Contents****Performance Summary** (unaudited)**WisdomTree International High Dividend Fund (DTH)***(formerly, WisdomTree DEFA Equity Income Fund)***Sector Breakdown** as of 9/30/15

Sector	% of Net Assets

The WisdomTree International High Dividend Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree International High Dividend Index. Prior to August 31, 2015, the WisdomTree International High Dividend Index was named the WisdomTree DEFA Equity Income Index.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV

## Edgar Filing: WisdomTree Trust - Form N-CSRS

return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2015, the Fund's annual expense ratio was 0.58%.**

**Performance** as of 9/30/15

Daiwa Securities Group, Inc.	2.8%

\*The ten largest holdings are subject to change, and there are no guarantees the Fund will remain invested in any particular company. Excludes investment of cash collateral for securities on loan (if any).

The WisdomTree Japan Hedged Financials Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Japan Hedged Financials Index.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage

The WisdomTree Japan Quality Dividend Growth Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Japan Quality Dividend Growth Index. Prior to August 31, 2015, the WisdomTree Japan Quality Dividend Growth Index was named the WisdomTree Japan Dividend Growth Index.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate

## Edgar Filing: WisdomTree Trust - Form N-CSRS

market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2015, the Fund's net and gross annual expense ratios were 0.43% and 0.48%, respectively. WisdomTree Asset Management, Inc. has contractually agreed to limit the management fee to 0.43% through July 31, 2016, unless earlier terminated by the Board of Trustees of the Trust for any reason at any time.**

**Performance** as of 9/30/15

	<b>Cumulative Total Return Since Inception<sup>1</sup></b>
Fund NAV Returns	-13.06%
Fund Market Price Returns	-12.92%
<i>WisdomTree Japan Quality Dividend Growth Index</i>	-12.92%
<i>JPX-Nikkei 400 Index</i>	-12.87%

<sup>1</sup> Total returns are calculated based on the commencement of Fund trading on the NYSE Arca, Inc. on May 28, 2015.

**Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted. Investment returns and the principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data for the most recent month-end is available at [www.wisdomtree.com](http://www.wisdomtree.com). WisdomTree shares are bought and sold at market price (not NAV) and are not individually redeemed from the Fund. Fund NAV returns are calculated using the Fund's daily 4:00 p.m. NAV. Market price returns reflect the midpoint of the bid/ask spread as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period of less than one year are cumulative.**

## Table of Contents

### **Description of Indexes** (unaudited)

Below are descriptions of each Index referenced in this report:

The **JPX-Nikkei 400 Index** is a free-float adjusted market capitalization index composed of Japanese companies whose main market is the TSE First Section, Second Section, Mothers or JASDAQ market (in principal).

The **JPX-Nikkei 400 Local Index** is a free-float adjusted market capitalization index composed of Japanese companies whose main market is the TSE First Section, Second Section, Mothers or JASDAQ market (in principal), calculated in local currency.

The **MSCI Australia Index** is comprised of large- and mid-capitalization segments of the Australia market.

The **MSCI EAFE Index** is a market cap-weighted index composed of companies representative of the developed market structure of 21 developed countries in Europe, Australasia and Japan.

The **MSCI EAFE Local Currency Index** is a free float-adjusted market capitalization weighted index that is designed to measure developed market equity performance, excluding the U.S. and Canada. The index is calculated using the same methodology as its corresponding MSCI EAFE Index in U.S. dollars, with the key difference being the currency in which the securities are quoted in. The price used for each security in the local currency index is the local price, on the primary exchange on which a security is traded, with no conversion into U.S. dollars.

The **MSCI EAFE Mid Cap Index** is a free float-adjusted market capitalization index that is designed to measure the performance of mid-capitalization equities in the developed markets excluding the U.S. and Canada.

The **MSCI EAFE Small Cap Index** is comprised of small-capitalization stocks in the MSCI EAFE Index.

The **MSCI EAFE Small Cap Local Index** is a free float-adjusted market capitalization equity index that is designed to measure the performance of small-cap stocks within the developed equity market, excluding the U.S. and Canada, calculated in local currency.

The **MSCI EAFE Value Index** is comprised of value stocks in the MSCI EAFE Index.

The **MSCI Europe Index** is a free float-adjusted market capitalization index that is designed to measure the performance of large- and mid-cap stocks within 15 developed market European countries.

The **MSCI Europe Small Cap Index** is comprised of small-capitalization stocks in the MSCI Europe Index.

The **MSCI European Economic and Monetary Union (EMU) Local Currency Index** is a free float-adjusted market capitalization weighted index that is designed to measure the equity market performance of the developed market countries within the EMU. The securities are priced in local currency terms with no conversion into U.S. dollars.

The **MSCI European Economic and Monetary Union (EMU) Small Cap Local Currency Index** is a free float-adjusted market capitalization weighted index that is designed to measure the equity market performance of small-cap stocks from developed market countries within the EMU. The securities are priced in local currency terms with no conversion into U.S. dollars.

The **MSCI Germany Local Currency Index** is a capitalization weighted index that measures the performance of the Germany equity market and provides local currency returns, which are not translated back to U.S. dollars.

The **MSCI Japan Index** is a capitalization weighted index that is comprised of stocks in Japan.

The **MSCI Japan Local Currency Index** is a free float-adjusted market capitalization index that is designed to measure developed market equity performance in Japan and uses the same methodology as its corresponding MSCI Japan Index. The price used for each security in the local currency index is the local price, on the primary exchange on which a security is traded, with no conversion into U.S. dollars.

28 WisdomTree Developed World ex-U.S. and Currency Hedged Equity Funds

## Table of Contents

### **Description of Indexes** (unaudited) (continued)

The **MSCI Japan Small Cap Index** is comprised of small cap stocks in the MSCI Japan Index.

The **MSCI Japan Small Cap Local Currency Index** is a free float-adjusted market capitalization index that is designed to measure the performance of small cap stocks within Japan and provides local currency returns, which are not translated back to U.S. dollars.

The **MSCI Pacific ex-Japan Index** is a subset of the MSCI EAFE Index that is comprised of stocks in Australia, Hong Kong, Singapore and New Zealand.

The **MSCI Pacific ex-Japan Value Index** is comprised of value stocks in the MSCI Pacific ex-Japan Index.

The **MSCI Korea Local Currency Index** is a free float-adjusted market capitalization weighted index designed to measure the performance of the South Korean equity market and provides local currency returns, which are not translated back to U.S. dollars.

The **MSCI United Kingdom Local Currency Index** is a capitalization weighted index that measures the performance of the British equity market and provides local currency returns, which are not translated back to U.S. dollars.

The **S&P 500® Index** is a capitalization-weighted index of 500 stocks selected by Standard & Poor's Index Committee, designed to represent the performance of the leading industries in the United States economy.

The **WisdomTree Australia Dividend Index** is comprised of dividend-paying companies incorporated in Australia.

The **WisdomTree DEFA International Hedged Equity Index** is comprised of dividend-paying companies in the industrialized world, excluding Canada and the United States, and is designed to neutralize exposure to fluctuations between the value of the U.S. dollar and non-U.S. currencies reflected in the index. This index is based on the WisdomTree International Equity Index.

The **WisdomTree Europe Hedged Equity Index** is designed to provide exposure to European equities while at the same time neutralizing exposure to fluctuations between the euro and the U.S. dollar.

The **WisdomTree Europe Hedged SmallCap Equity Index** is a dividend weighted index designed to provide exposure to small cap equity securities within Europe, while at the same time neutralizing exposure to fluctuations between the value of the euro and the U.S. dollar.

The **WisdomTree Europe Quality Dividend Growth Index** is a fundamentally weighted index that measures the performance of dividend-paying common stocks with growth characteristics selected from the WisdomTree International Equity Index.

The **WisdomTree Europe SmallCap Dividend Index** is comprised of the small-capitalization segment of the European dividend-paying market.

The **WisdomTree Germany Hedged Equity Index** is designed to provide exposure to Germany equity markets while at the same time neutralizing exposure to fluctuations of the Euro movements relative to the U.S. dollar. In this sense, the Index hedges against fluctuations in the relative value of the euro against the U.S. dollar.

The **WisdomTree International Dividend ex-Financials Index** is comprised of high dividend-yielding international stocks outside the Financials sector.

The **WisdomTree International Dividend Top 100 Index** is comprised of the 100 highest dividend-yielding companies in the WisdomTree International LargeCap Dividend Index.

The **WisdomTree International Equity Index** is comprised of dividend-paying companies in the industrialized world, excluding Canada and the United States.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

The **WisdomTree International Hedged Equity Index** is a fundamentally weighted Index that measures the performance of dividend-paying companies in the industrialized world, excluding Canada and the United States, that pay regular cash dividends and that meet

WisdomTree Developed World ex-U.S. and Currency Hedged Equity Funds 29

WisdomTree and the Funds do not guarantee the accuracy, completeness, or performance of the underlying Indexes or the data included therein and shall have no liability in connection with the underlying Indexes or their calculation.

Index performance information assumes the reinvestment of net dividends and excludes management fees, transaction costs and expenses. You cannot directly invest in an index.

**Table of Contents**

**Shareholder Expense Examples** (unaudited)

As a shareholder of a WisdomTree Fund, you incur two types of cost: (1) transaction costs, including brokerage commissions on purchases and sales of your Fund shares and (2) ongoing costs, including management fees and other Fund expenses. The following example is intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other funds.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from April 1, 2015 to September 30, 2015.

**Actual expenses**

The first line under each Fund in the table on the next page provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled **Expenses Paid During the Period 4/1/15 to 9/30/15** to estimate the expenses you paid on your account during the period.

**Hypothetical example for comparison purposes**

The second line under each Fund in the table on the next page provides information about hypothetical account values and hypothetical expenses based on each Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line under each Fund in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

Expenses are calculated using each Fund's annualized expense ratio, multiplied by the average account value for the period, multiplied by 183/366 (to reflect the one-half year period).

\* WisdomTree Asset Management, Inc. has contractually agreed to waive a portion of its management fee in an amount equal to the AFFEs attributable to the Fund's investments in the Underlying Fund through July 31, 2018, unless earlier terminated by the Board of Trustees of the WisdomTree Trust for any reason.

\*\* WisdomTree Asset Management, Inc. has contractually agreed to limit the management fee to 0.43% through July 31, 2016, unless earlier terminated by the Board of Trustees of the WisdomTree Trust for any reason.

<sup>1</sup> Fund commenced operations on July 9, 2015. Actual expenses are calculated using the Fund's annualized expense ratio, multiplied by the average account value for the period, multiplied by 84/366 (to reflect the period since commencement of operations).

<sup>2</sup> Fund commenced operations on June 4, 2015. Actual expenses are calculated using the Fund's annualized expense ratio, multiplied by the average account value for the period, multiplied by 119/366 (to reflect the period since commencement of operations).

<sup>3</sup>

## Edgar Filing: WisdomTree Trust - Form N-CSRS

Fund commenced operations on April 9, 2014. Actual expenses are calculated using the Fund's annualized expense ratio, multiplied by the average account value for the period, multiplied by 175/366 (to reflect the period since commencement of operations).

<sup>4</sup> Fund commenced operations on May 28, 2015. Actual expenses are calculated using the Fund's annualized expense ratio, multiplied by the average account value for the period, multiplied by 126/366 (to reflect the period since commencement of operations).

\* Non-income producing security.

Security is being fair valued by a valuation committee under the direction of the Board of Trustees. The aggregate value of fair valued securities is \$0, which represents 0.0% of net assets.

(a) Security, or portion thereof, was on loan at September 30, 2015 (See Note 2).

(b) This security is exempt from registration under rule 144A of the Securities Act of 1933. This security may be sold in transactions that are exempt from registration, normally to qualified institutional buyers.

(c) Affiliated company (See Note 7).

(d) Rate shown represents annualized 7-day yield as of September 30, 2015.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

<sup>(e)</sup> At September 30, 2015, the total market value of the Fund's securities on loan was \$99,698,740 and the total market value of the collateral held by the Fund was \$104,964,222. The total market value of the collateral includes non-cash U.S. Government securities collateral having a value of \$556,326.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

- <sup>2</sup> Based on average shares outstanding.
- <sup>3</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. For the periods in which the investment advisor waived advisory fees, the total return would have been lower if certain expenses had not been waived (Notes 2 and 3).
- <sup>4</sup> Annualized.
- <sup>5</sup> Included in the expense ratio are proxy expenses. Without these proxy expenses, the expense ratio would have been 0.58%.
- <sup>6</sup> The ratios to average net assets do not include net investment income (loss) or expenses of other funds in which the Fund invests.
- <sup>7</sup> The expense ratio includes investment advisory fee waivers. Without these investment advisory fee waivers, the expense ratio would have been unchanged.
- <sup>8</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from the portfolio turnover calculation, as well.
- <sup>9</sup> The information reflects the investment objective and strategy of the WisdomTree International Hedged Equity Fund through August 29, 2012 and the investment objective and strategy of the WisdomTree Europe Hedged Equity Fund thereafter.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

- <sup>2</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized.
- <sup>3</sup> Annualized.
- <sup>4</sup> Included in the expense ratio are non-recurring miscellaneous expenses (which are not annualized). Without these expenses, the annualized expense ratio would have been unchanged.
- <sup>5</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from the portfolio turnover calculation, as well.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

- <sup>1</sup> Based on average shares outstanding.
- <sup>2</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. For the periods in which the investment advisor waived advisory fees, the total return would have been lower if certain expenses had not been waived (Notes 2 and 3).
- <sup>3</sup> Annualized.
- <sup>4</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from the portfolio turnover calculation, as well.
- <sup>5</sup> Amount represents less than \$0.005.

WisdomTree Japan SmallCap Dividend Fund ( Japan SmallCap Dividend Fund )	June 16, 2006
WisdomTree Korea Hedged Equity Fund ( Korea Hedged Equity Fund )	November 7, 2013
WisdomTree United Kingdom Hedged Equity Fund ( United Kingdom Hedged Equity Fund )	June 28, 2013

Each Fund seeks to track the price and yield performance, before fees and expenses, of a particular index ( Index ) developed by WisdomTree Investments, Inc. ( WisdomTree Investments ). WisdomTree Investments is the parent company of WisdomTree Asset Management, Inc. ( WTAM ), the investment adviser to each Fund and the Trust. WisdomTree is a registered mark of WisdomTree Investments and has been licensed for use by the Trust. Each Fund described herein is considered to be non-diversified.

In the normal course of business, the Funds may enter into contracts that contain a variety of representations or that provide indemnification for certain liabilities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts.

**2. SIGNIFICANT ACCOUNTING POLICIES**

## Edgar Filing: WisdomTree Trust - Form N-CSRS

The Financial Accounting Standards Board ( FASB ) Accounting Standards Codification (the Codification ) is the exclusive reference of authoritative U.S. generally accepted accounting principles ( GAAP ) recognized by the FASB to be applied by nongovernmental entities. Rules and interpretive releases of the Securities and Exchange Commission ( SEC ) under authority of federal laws are also sources of authoritative GAAP for SEC registrants.

174 WisdomTree Developed World ex-U.S. and Currency Hedged Equity Funds

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

The following is a summary of significant accounting policies followed by the Funds:

**Use of Estimates** The preparation of financial statements in conformity with GAAP, requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in the net assets from operations during the reporting period. Actual results could differ from those estimates.

**Investment Valuation** The net asset value ( NAV ) of each Fund 's shares is calculated each day a Fund is open for business as of the regularly scheduled close of regular trading on the New York Stock Exchange, normally 4:00 p.m. Eastern time (the NAV Calculation Time ). NAV per share is calculated by dividing a Fund 's net assets by the number of Fund shares outstanding. Each Fund issues and redeems shares at NAV only in large blocks of shares known as creation units, which only certain institutions or large investors may purchase or redeem. Shares of each Fund are listed on a national securities exchange and trade at market prices. Most investors will buy and sell shares through brokers. Because Fund shares trade at market prices rather than NAV, shares may trade at a price greater than NAV or less than NAV. In calculating each Fund 's NAV, investments are valued under policies approved by the Board of Trustees. Equity securities (including preferred stock) traded on any recognized U.S. or non-U.S. exchange are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Unlisted equity securities (including preferred stock) are valued at the last quoted sale price or, if no sale price is available, at the mean between the highest bid and lowest ask price. Each Fund may invest in money market funds which are valued at their NAV per share and affiliated ETFs which are valued at their last sale or official closing price on the exchange on which they are principally traded. Fixed income securities (including short-term debt securities with remaining maturities of 60 days or less) generally are valued at current market quotations or mean prices obtained from broker-dealers or independent pricing service providers. Broker-dealers or independent pricing service providers, in determining the value of securities may consider such factors as recent transactions, indications from broker-dealers yields and quoted prices on similar securities, and market sentiment for the type of security. Forward foreign currency contracts are valued daily using WM/Reuters closing spot and forward rates as of 4:00 p.m. London time, except for the Korea Hedged Equity Fund, which values forward foreign currency contracts daily using WM/Reuters closing spot and forward rates as of 2:00 p.m. Singapore time.

In certain instances, such as when reliable market valuations are not readily available or are not deemed to reflect current market values, a Fund 's investments and derivatives will be fair valued in accordance with the Fund 's pricing policy. The Board of Trustees of the Trust has established a pricing committee (the Pricing Committee ) which is comprised of senior representatives of WisdomTree Asset Management, Inc. ( WTAM ) and which reports to the Board of Trustees on a quarterly basis. In the event that a financial instrument cannot be valued based upon a price from a national securities exchange, independent pricing service provider or broker-dealer quotation, or such prices are deemed to not reflect current market value, the Pricing Committee may value the financial instrument in good faith under the policies and procedures approved by the Board of Trustees based on current facts and circumstances. Securities that may be valued using fair value pricing may include, but are not limited to, securities for which there are no current market quotations, securities whose issuer is in default or bankruptcy, securities subject to corporate actions (such as mergers or reorganizations), securities subject to non-U.S. investment limits or currency controls, and securities affected by significant events. An example of a significant event is an event occurring after the close of the market in which a security trades but before a Fund 's next NAV Calculation Time that may materially affect the value of a Fund 's investment (e.g., government action, natural disaster, or significant market fluctuation). When fair value pricing is employed, the prices of securities used by a Fund to calculate its NAV may differ from quoted or published prices for the same securities.

**Fair Value Measurement** In accordance with Codification Topic 820 ( ASC 820 ), Fair Value Measurements and Disclosures, fair value is defined as the price that each Fund would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market of the investment. ASC 820 established a three-tier hierarchy of inputs to be used when determining fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk for example, the risk inherent in a particular valuation technique used to measure fair value (such as a pricing model) and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability. Observable inputs are based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity 's own assumptions about the assumptions market participants would use in pricing the asset or liability. Unobservable inputs are based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized in the three broad levels listed below:

Level 1 quoted prices in active markets for identical securities

Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

## Edgar Filing: WisdomTree Trust - Form N-CSRS

Level 3 significant unobservable inputs (including each Fund's assumptions in determining the fair value of investments)

The inputs or methodology used for valuation are not necessarily an indication of the risk associated with investing in those investments.

WisdomTree Developed World ex-U.S. and Currency Hedged Equity Funds 175

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

Investments that use Level 2 or Level 3 inputs may include, but are not limited to: (i) an unlisted security related to corporate actions; (ii) a restricted security (e.g., one that may not be publicly sold without registration under the Securities Act of 1933, as amended); (iii) a security whose trading has been suspended or which has been de-listed from its primary trading exchange; (iv) a security that is thinly traded; (v) a security in default or bankruptcy proceedings for which there is no current market quotation or market activity; (vi) a security affected by currency controls or restrictions; and (vii) a security affected by a significant event (e.g., an event that occurs after the close of the markets on which the security is traded but before the time as of which a Fund's NAV is computed and that may materially affect the value of the Fund's investments).

The valuation techniques and significant inputs used in determining the fair market value measurements for Level 2 and Level 3 positions are as follows:

Financial instruments are generally valued by independent pricing service providers that use broker-dealer quotations, reported trades or valuation estimates from their internal pricing models. Depending on the type of financial instrument, the independent pricing service providers internal pricing models may use inputs that are observable such as issuer details, interest rates, yield curves, prepayment speeds, credit risks/spreads, default rates and quoted prices for similar assets. Financial instruments that use similar valuation techniques and observable inputs as described above and have an appropriate level of market activity are categorized as Level 2 of the fair value hierarchy, otherwise a Level 3 fair value classification is appropriate. Over-the-counter financial derivative instruments derive their value from underlying asset prices, indices, reference rates, and other inputs or a combination of these factors. These instruments are normally valued on the basis of broker-dealer quotations or independent pricing service providers. Depending on the product and the terms of the transaction, the value of the financial derivative instruments can be estimated by an independent pricing service provider using a series of techniques including simulation pricing models. The pricing models use inputs that are observed from actively quoted markets such as issuer details, indices, credit risks/spreads, interest rates, yield curves, default and exchange rates. Derivative contracts that use valuation techniques and observable inputs as described above and have an appropriate level of market activity are categorized as Level 2 of the fair value hierarchy, otherwise a Level 3 fair value classification is appropriate.

Determination of a fair value by the Pricing Committee may include significant unobservable inputs and therefore would be reflected as a Level 3 of the fair value hierarchy. The Pricing Committee may employ a market-based valuation approach which may use, among other potential considerations, related or comparable securities, recent transactions, market multiples, book values, and other relevant information to determine fair value. The Pricing Committee may also use an income-based valuation approach in which anticipated future cash flows of the financial instrument are discounted to calculate fair value. The Pricing Committee meets at least on a monthly basis to review and discuss the appropriateness of such fair values using more current information such as, recent security news, recent market transactions, updated corporate action information and/or other macro or security specific events. Also, when observable inputs become available, the Pricing Committee conducts back testing of the methodologies used to value Level 3 financial instruments to substantiate the unobservable inputs used to value those investments. Such back testing includes comparing Level 3 investment values to observable inputs such as exchange-traded prices, transaction prices, and/or vendor prices.

The following is a summary of the fair valuations according to the inputs used as of September 30, 2015 in valuing each Fund's assets:

<b>Australia Dividend Fund</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

The following is a summary of transfers between fair value measurement levels that occurred during six months ended September 30, 2015. The Funds have elected to use the beginning of period method for transfers between fair value measurement levels.

	Transfers from Level 1 to Level 2 <sup>1</sup>	Transfers from Level 1 to Level 3 <sup>2</sup>	Transfers from Level 2 to Level 1 <sup>3</sup>
WisdomTree Australia Dividend Fund	\$ 352,463	\$	\$
WisdomTree International Equity Fund		187,760	
WisdomTree International High Dividend Fund	327,190		
WisdomTree International SmallCap Dividend Fund	4,241,582		972,986
WisdomTree Japan Hedged Financials Fund	68,049		
WisdomTree Japan Hedged Real Estate Fund	516,563		
WisdomTree Japan Hedged SmallCap Equity Fund	480,926		
WisdomTree Japan SmallCap Dividend Fund	1,035,401		

<sup>1</sup> Transfers from Level 1 to Level 2 are as a result of the unavailability of a quoted price in an active market for identical investments as of September 30, 2015.

<sup>2</sup> Transfers from Level 1 to Level 3 are as a result of the unavailability of a quoted price in an active market for identical investments as of September 30, 2015.

<sup>3</sup> Transfers from Level 2 to Level 1 are as a result of the availability of a quoted price in an active market for identical investments as of September 30, 2015.

**Derivatives and Hedging Disclosure** Codification Topic 815 ( ASC 815 ), Derivatives and Hedging, requires qualitative disclosures about objectives and strategies for using derivatives, quantitative disclosures about fair value amounts of gains and losses on derivative instruments, and disclosures about credit-risk-related contingent features in derivative agreements. The Funds have invested in derivatives, specifically forward foreign currency contracts during the six months or period ended September 30, 2015 which are detailed in the tables herein. All of the derivative instruments disclosed and described herein are subject to risk. Risks may arise upon entering into forward foreign currency contracts from the potential inability of a counterparty to meet the terms of their contracts and from unanticipated movements in the value of foreign currencies relative to the U.S. dollar or each other. The Funds' derivative agreements contain credit-risk related contingent features which include, but are not limited to, a percentage decline in the Funds' NAV over a specified time period. If an event occurred at September 30, 2015 that triggered a contingent feature, the counterparty to the agreement may require the Funds to post additional collateral or terminate the derivative positions and demand payment. Any collateral posted with respect to the derivative positions would be used to offset or reduce the payment. The maximum exposure to derivatives agreements with credit-risk related contingent features would be the total value of derivatives in net liability positions for each Fund, as disclosed in pages 209 to 211. At September 30, 2015, the Funds did not receive or post collateral with any counterparty for derivatives and no event occurred that triggered a credit-risk-related contingent feature.

As of September 30, 2015, the effects of such derivative instruments on each Fund's financial position as reflected in the Statements of Assets and Liabilities are presented in the summary below:

Fund	Asset Derivatives		Liability Derivatives	
	Balance Sheet Location	Value	Balance Sheet Location	Value

## Edgar Filing: WisdomTree Trust - Form N-CSRS

<sup>4</sup> For the period May 28, 2015 (commencement of operations) through September 30, 2015.

**Investment Transactions and Investment Income** Investment transactions are recorded as of the date that the securities are purchased or sold (trade date). Realized gains and losses on sales of portfolio securities are calculated using the identified-cost method. Dividend income is recognized on the ex-dividend date, net of any foreign taxes withheld. Interest income including amortization of premiums and discounts, is accrued daily.

186 WisdomTree Developed World ex-U.S. and Currency Hedged Equity Funds

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

**Foreign Currency Translation** The accounting records of the Funds are maintained in U.S. dollars. Foreign currencies, as well as investment securities and other assets and liabilities denominated in foreign currencies, are translated into U.S. dollars using exchange rates prevailing on the respective dates of such transactions that are deemed appropriate by WTAM. Realized and unrealized foreign exchange gains and losses on investments are included as a component of net realized gain (loss) from investment transactions and net change in unrealized appreciation (depreciation) from investment transactions, respectively, on the Statement of Operations. Net realized and unrealized foreign exchange gains or losses arising from sales of foreign currencies, including gains and losses of forward foreign currency contracts, currency gains or losses recognized between the trade and settlement dates on investment transactions, and the difference between the amounts of dividends and foreign withholding taxes recorded on the Funds' books and the U.S. dollar equivalent of the amounts actually received or paid are included in net realized gain (loss) from forward foreign currency contracts and foreign currency related transactions and/or net change in unrealized appreciation (depreciation) from forward foreign currency contracts and translation of assets and liabilities denominated in foreign currencies in the Statement of Operations. Certain foreign exchange gains and losses included in realized and unrealized gains or losses are included in, or are a reduction of, ordinary income in accordance with U.S. Federal income tax regulations.

**Expenses/Reimbursements** Under the investment advisory agreement for each Fund, except Europe Hedged SmallCap Equity Fund, Europe Quality Dividend Growth Fund, Germany Hedged Equity Fund, International Hedged Equity Fund, International Hedged Quality Dividend Growth Fund, International Hedged SmallCap Dividend Fund, Japan Hedged Capital Goods Fund, Japan Hedged Financials Fund, Japan Hedged Health Care Fund, Japan Hedged Quality Dividend Growth Fund, Japan Hedged Real Estate Fund, Japan Hedged SmallCap Equity Fund, Japan Hedged Tech, Media and Telecom Fund, Japan Quality Dividend Growth Fund, Korea Hedged Equity Fund and United Kingdom Hedged Equity Fund, WTAM has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other expenses (such as stamp taxes) connected with the execution of portfolio transactions or in connection with creation and redemption transactions; (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of trustees who are not interested persons of the Funds ( Independent Trustees ); (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's Chief Compliance Officer ( CCO ); (vi) extraordinary expenses; (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; and (viii) the advisory fee payable to WTAM.

Under the investment advisory agreement for Europe Hedged SmallCap Equity Fund, Europe Quality Dividend Growth Fund, Germany Hedged Equity Fund, International Hedged Equity Fund, International Hedged Quality Dividend Growth Fund, International Hedged SmallCap Dividend Fund, Japan Hedged Capital Goods Fund, Japan Hedged Financials Fund, Japan Hedged Health Care Fund, Japan Hedged Quality Dividend Growth Fund, Japan Hedged Real Estate Fund, Japan Hedged SmallCap Equity Fund, Japan Hedged Tech, Media and Telecom Fund, Japan Quality Dividend Growth Fund, Korea Hedged Equity Fund and United Kingdom Hedged Equity Fund, WTAM has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other fees, charges, taxes, levies or expenses (such as stamp taxes) incurred in connection with the execution of portfolio transactions or in connection with creation and redemption transactions (including without limitation any fees, charges, taxes, levies or expenses related to the purchase or sale of an amount of any currency, or the partition or repatriation of any security or other asset, related to the execution of portfolio transactions or any creation or redemption transactions); (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of each Independent Trustee; (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's CCO; (vi) extraordinary expenses (in each case as determined by a majority of the Independent Trustees); (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; (viii) interest and taxes of any kind or nature (including, but not limited to, income, excise, transfer and withholding taxes); (ix) fees and expenses related to the provision of securities lending services; and (x) the advisory fee payable to WTAM.

The internal expenses of pooled investment vehicles in which the Funds may invest (acquired fund fees and expenses) are not expenses of the Funds and are not paid by WTAM.

**Currency Transactions** The Funds may enter into foreign currency forward and foreign currency futures contracts to facilitate local securities settlements or to protect against currency exposure in connection with distributions to shareholders. The Funds, other than Europe Hedged Equity Fund, Europe Hedged SmallCap Equity Fund, Germany Hedged Equity Fund, International Hedged Equity Fund, International Hedged Quality Dividend Growth Fund, International Hedged SmallCap Dividend Fund, Japan Hedged Capital Goods Fund, Japan Hedged Equity Fund, Japan Hedged Financials Fund, Japan Hedged Health Care Fund, Japan Hedged Quality Dividend Growth Fund, Japan Hedged Real Estate Fund, Japan Hedged SmallCap Equity Fund, Japan Hedged Tech, Media and Telecom Fund, Korea Hedged Equity Fund and the United Kingdom Hedged Equity Fund, do not expect to engage in currency transactions for the purpose of hedging against declines in the value of a Fund's assets that are denominated in one or more foreign currencies. The Funds may not enter into such contracts for speculative purposes.

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

**Forward Foreign Currency Contracts** A forward foreign currency contract ( Forward Contract ) involves an obligation to purchase or sell a specific currency at a future date, which may be any fixed number of days from the date of the contract agreed upon by the parties, at a price set at the time of the contract. These contracts are principally traded in the inter-bank market conducted directly between currency traders (usually large, commercial banks) and their customers. A Forward Contract generally does not require an initial margin deposit and no commissions are charged at any stage for trades. However, if a Fund is in an unrealized loss position on a Forward Contract, it may be required to pledge collateral (or additional collateral) to the counterparty. If a Fund is in an unrealized gain position on a Forward Contract, it may receive collateral from the counterparty.

Risks may arise upon entering into Forward Contracts from the potential inability of counterparties to meet the terms of their contracts and from unanticipated movements in the value of foreign currencies relative to the U.S. dollar or each other.

Fluctuations in the value of open Forward Contracts are recorded for book purposes as unrealized gains or losses on Forward Contracts by the Funds. Realized gains and losses on Forward Contracts include net gains or losses recognized by the Funds on contracts which have matured or were sold.

The following Forward Contracts were open at September 30, 2015:

Fund	Settlement Date		Contracts To Deliver		In Exchange For	Unrealized Gain (Loss)
Australia Dividend Fund	10/1/2015	AUD	16,000	USD	11,214	\$ (22)

**Securities Lending** Each Fund may lend portfolio securities to certain creditworthy borrowers, including the Funds' securities lending agent. It is the Funds' policy that, at origination, all loans are secured by collateral of at least 102% of the value of U.S. securities loaned and 105% of the value of foreign securities loaned. Collateral in the form of cash and/or high-grade debt obligations, equivalent to at least 100% of the market value of securities, is maintained at all times. The cash collateral can be invested in certain money market mutual funds which also have exposure to the fluctuations of the market. The value of the investment of cash collateral for securities on loan along with the obligation to return such collateral are included on the Statements of Assets and Liabilities. The value of securities received as collateral for securities on loan are not included on the Statements of Assets and Liabilities because the receiving Fund does not have the right to sell or repledge the securities received as collateral. Each Fund receives compensation for lending its securities from interest or dividends earned on the cash or U.S. government securities held as collateral, net of fee rebates paid to the borrower plus reasonable administrative and custody fees, all of which are included in the securities lending income earned by the Funds and disclosed on the Statement of Operations. The dividend and interest income earned on the securities loaned is accounted for in the same manner as other dividend and interest income. The borrower pays to the Funds an amount equal to any dividends or interest received on loaned securities. Dividends received while a security is out on loan are not considered Qualified Dividend Income ( QDI ) under the specific criteria issued by the Internal Revenue Service and are subject to taxation at the shareholder's ordinary income tax rate instead of the lower long-term capital gains tax rate. Lending portfolio securities could result in a loss or delay in recovering each Fund's securities if the borrower defaults.

**Notes to Financial Statements** (unaudited) (continued)

**Master Netting Arrangements** ASU No. 2011-11 Disclosures about Offsetting Assets and Liabilities ( ASU 2011-11 ) is generally intended to (i) help investors and other financial statement users to better assess the effect or potential effect of offsetting arrangements on a company's financial position, (ii) improve transparency in the reporting of how companies mitigate credit risk, and (iii) facilitate comparisons between those entities that prepare their financial statements on the basis of GAAP and those entities that prepare their financial statements on the basis of international financial reporting standards. ASU 2011-11 requires entities to disclose (i) gross and net information about both instruments and transactions eligible for offset in the financial statements, and (ii) instruments and transactions subject to an agreement similar to a master netting agreement. ASU 2011-11 is limited in scope to the following financial instruments, to the extent they are offset in the financial statements or subject to an enforceable master netting arrangement or similar agreement: (i) recognized derivative instruments accounted for under ASC 815 (Derivatives and Hedging); (ii) repurchase agreements and reverse repurchase agreements; and (iii) securities borrowing and securities lending transactions.

In order to better define its contractual rights and to secure rights that will help a Fund mitigate its counterparty risk, a Fund may enter into an International Swaps and Derivatives Association, Inc. Master Agreement ( ISDA Master Agreement ) or similar agreement with its counterparties. An ISDA Master Agreement is a bilateral agreement between a Fund and a counterparty that governs over-the-counter derivatives ( OTC ), including Forward Contracts, and typically contains, among other things, collateral posting terms, netting and rights of set-off provisions in the event of a default and/or termination event. Under an ISDA Master Agreement, a Fund may, under certain circumstances, offset with the counterparty certain derivative financial instruments payables and receivables to create a single net payment. The provisions of the ISDA Master Agreement typically permit a single net payment in the event of a default (close-out netting) or similar event, including the bankruptcy or insolvency of the counterparty.

Collateral requirements generally differ by type of derivative. Collateral terms are contract-specific for OTC derivatives (e.g. foreign exchange contracts, options and certain swaps). Generally, for transactions traded under an ISDA Master Agreement, the collateral requirements are calculated by netting the marked to market amount for each transaction under such agreement and comparing that amount to the value of any collateral currently pledged by a Fund and the counterparty. Generally, the amount of collateral due from or to a counterparty must exceed a minimum transfer amount threshold before a transfer is required to be made. To the extent amounts due to a Fund from its derivatives counterparties are not fully collateralized, contractually or otherwise, the Fund bears the risk of loss from counterparty non-performance.

A Fund's security lending activities are governed by a Securities Lending Authorization Agreement ( Lending Agreement ) between the Fund and the lending agent. The Lending Agreement authorizes the lending agent to lend qualifying U.S. and foreign securities held by a Fund to approved borrowers (each a Borrower ). To mitigate borrower risk, a Fund typically receives from a Borrower, collateral in the form of U.S. dollar cash and/or securities issued or guaranteed by the U.S. government or its agencies in excess of the market value of the securities loaned. Under the provisions of the Lending Agreement, a Fund shall have, as to the collateral, all of the rights and remedies of a secured party under applicable law. A Fund is exposed to risk of loss if a Borrower defaults on its obligation to return borrowed securities and the value of the collateral a Fund received is insufficient to cover the market value of the securities loaned. Also, the lending agent is permitted to invest the cash collateral it receives from a Borrower into a money market fund which is subject to market fluctuation. Therefore, a Fund is exposed to risk of loss if the value of invested cash collateral is insufficient to satisfy the Fund's obligation to return the full amount owed to such Borrower.

For financial reporting purposes, the Funds elect to not offset assets and liabilities subject to an ISDA Master Agreement or Lending Agreement, if any, in the Statements of Assets and Liabilities. Therefore, all qualifying transactions are presented on a gross basis in the Statements of Assets and Liabilities. As of September 30, 2015, the impact of netting of assets and liabilities and the offsetting of collateral pledged or received based on contractual netting/set-off provisions in the ISDA Master Agreement and the Lending Agreement are detailed in the following table:

Fund	Assets				Liabilities			
	Gross Amounts in Statement of Assets and Liabilities	Gross Amounts Not Offset in Statement of Assets and Liabilities		Net Amount	Gross Amounts in Statement of Assets and Liabilities	Gross Amounts Not Offset in Statement of Assets and Liabilities		Net Amount
		Financial Instruments	Collateral Received			Financial Instruments	Collateral Pledged

<sup>1</sup> The amount of collateral presented has been limited such that the net amount by counterparty cannot be less than zero.

**Short-Term Investments** Each Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments include short-term obligations issued by the U.S. government, its agencies, non-U.S. government agencies, negotiable certificates of deposit (CDs), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions, commercial papers, repurchase agreements and money market funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Bankers' acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

**Tax Information and Dividends and Distributions to Shareholders** It is each Fund's policy to comply with all requirements of the Internal Revenue Code of 1986, as amended (the Code). Each Fund intends to qualify for and to elect treatment as a separate Regulated Investment Company (RIC) under Subchapter M of the Code. It is the policy of each Fund to pay out dividends, if any, to investors at least annually. There can be no guarantee that a Fund will pay dividends. Taxable net realized gains from investment transactions, reduced by capital loss carryforwards, if any, are declared and distributed to shareholders at least annually. The capital

WisdomTree Developed World ex-U.S. and Currency Hedged Equity Funds 211

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

loss carryforward amount, if any, is available to offset future net capital gains. The Funds may occasionally be required to make supplemental distributions at some other time during the year. The Trust reserves the right to declare special distributions if, in its reasonable discretion, such action is necessary or advisable to preserve the status of each Fund as a RIC or to avoid imposition of income or excise taxes on undistributed income. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with the requirements of the Code and the U.S. Treasury regulations. These book/tax differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the components of net assets based on their Federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions that exceed earnings and profit for tax purposes are reported for tax purposes as a return of capital.

**3. ADVISORY FEES AND TRANSACTIONS**

WTAM has overall responsibility for the general management and administration of the Trust. WTAM provides an investment program for each Fund. WTAM has arranged for Mellon Capital Management Corporation ( MCM ) to provide sub-advisory services to the Funds. MCM is compensated by WTAM at no additional cost to the Funds. WTAM also arranges for transfer agency, custody, fund accounting, fund administration, securities lending and all other non-distribution related services necessary for the Funds to operate, which are generally under separate agreements entered into between the Trust on behalf of the Funds and the applicable service provider. Under the investment advisory agreement for each Fund, WTAM agrees to pay all expenses of the Funds except for certain expenses described in Note 2.

Pursuant to a separate contractual arrangement, as also described in Note 2, WTAM arranges for the provision of CCO services with respect to each Fund, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees in exchange for a fee of up to 0.0044% of each Fund's average daily net assets. WTAM expects to receive advisory fees from each Fund, based on a percentage of the Fund's average daily net assets, as shown in the following table:

<b>Fund</b>	<b>Advisory Fee Rate</b>

## Edgar Filing: WisdomTree Trust - Form N-CSRS

During the period, WTAM had contractually agreed to limit the advisory fee to 0.43% through July 31, 2015. On July 31, 2015, the contractual waivers expired and were not renewed.

\* WTAM has contractually agreed to waive a portion of its advisory fee in an amount equal to the AFFEs attributable to the Fund's investments in the Underlying Fund through July 31, 2018, unless earlier terminated by the Board of Trustees of the Trust for any reason.

\*\* WTAM has contractually agreed to limit the advisory fee to 0.43% through July 31, 2016, unless earlier terminated by the Board of Trustees of the Trust for any reason.

212 WisdomTree Developed World ex-U.S. and Currency Hedged Equity Funds

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

Each Fund may purchase shares of affiliated exchanged-traded funds ( ETF ) in secondary market transactions. WTAM waives its advisory fees for each Fund's investment, associated with daily uninvested cash, in correlated affiliated ETFs net of any incremental costs as a result of these transactions (fund accounting, safekeeping, transaction fees, etc.) that are paid by WTAM out of the advisory fee received from the affiliated ETFs. The dollar amount of advisory fees waived during the period for the Funds, if any, are shown in the Statements of Operations. Please see Note 7 Other Affiliated Parties and Transactions for additional information.

**4. CAPITAL SHARE TRANSACTIONS**

As of September 30, 2015, there were an unlimited number of \$0.001 par value shares of beneficial interest authorized by the Trust. Shares are issued and redeemed by each Fund only in creation units or multiples thereof. Except when aggregated in creation units, shares of each Fund are not redeemable. Transactions in shares for each Fund are disclosed in detail in the Statements of Changes in Net Assets. The consideration for the purchase of creation units of a Fund generally consists of the in-kind contribution of a designated portfolio of equity securities constituting a portfolio sampling representation of the securities included in the relevant Fund's underlying Index and an amount of cash. Investors purchasing and redeeming creation units may be charged a purchase transaction fee and a redemption transaction fee to offset transfer and other transaction costs associated with the issuance and redemption of creation units.

**5. INVESTMENT PORTFOLIO TRANSACTIONS**

Purchases and sales of investments (excluding purchases and sales resulting from in-kind capital share transactions and short-term investments) and the cost of purchases and the proceeds from sales resulting from in-kind capital share transactions (excluding short-term investments) for the six months or period ended September 30, 2015 are shown in the below table. Realized gains and losses on sales resulting from in-kind capital share redemptions, as shown in the Statements of Operations, are not recognized by the Funds for tax purposes.

<sup>1</sup> For the period June 4, 2015 (commencement of operations) through September 30, 2015.

**8. RECENT ACCOUNTING PRONOUNCEMENT**

In May 2015, the FASB issued *ASU 2015-07 Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. This is an update to Fair Value Measurement Topic 820. The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for financial statements issued for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. WTAM is evaluating the impact, if any, of this guidance on the Trust's financial statement disclosures.

**Table of Contents****Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited)***Consideration of the Renewal of Investment Advisory and Sub-Investment Advisory Agreements***

At a meeting of the Board of Trustees (the Board or the Trustees) of the WisdomTree Trust (the Trust) held on September 21-22, 2015 (the Meeting), the Trustees, including those Trustees who are not interested persons (as defined in the Investment Company Act of 1940, as amended) of the Trust (the Independent Trustees), considered the renewal of the Investment Advisory Agreements between WisdomTree Asset Management, Inc. (WTAM) and the Trust, on behalf of series included in this report (each, a Fund, and, collectively, the Funds), pursuant to which WTAM provides the Funds with investment advisory services (the Advisory Agreements) and the Sub-Advisory Agreement (the Sub-Advisory Agreement), pursuant to which Mellon Capital Management Corporation (the Sub-Adviser) coordinates the investment and reinvestment of the assets of the Funds.

The Independent Trustees requested, and WTAM provided, such information as the Independent Trustees, with advice from independent legal counsel, deemed reasonably necessary to evaluate the Agreements. On June 10, 2015, a committee of Independent Trustees (the Contracts Review Committee) met with independent legal counsel to discuss the types of information the Independent Trustees required and the manner in which Fund management would organize and present such information. On July 15, 2015, members of the Contracts Review Committee met with representatives from WTAM for a preliminary discussion of matters relating to the Board's consideration of the continuance of the Agreements. At a meeting of the Contracts Review Committee held on August 6, 2015, representatives from WTAM presented preliminary information to the Trustees relating to the continuance of the Agreements, and the Trustees, including the Independent Trustees, reviewed and discussed such information. Further information was presented at the Board's request at the Meeting.

The Independent Trustees were assisted in their review by independent legal counsel and met with counsel in executive session separate from WTAM representatives and the Sub-Adviser. In considering the renewal of the Agreements, the Board considered all factors that it believed to be relevant, including those discussed below. The Board did not identify any one factor as dispositive, and each Trustee may have attributed different weights to the factors considered.

***Analysis of Nature, Extent, and Quality of Services Provided to the Funds.*** The Board considered information provided to them at the Meeting and in previous presentations throughout the year from WTAM representatives regarding the nature, extent, and quality of the services provided to the Funds, recognizing WTAM's and the Sub-Adviser's operational capabilities and resources. The Board also discussed the role of WisdomTree Investments, Inc. (WTI), the parent of WTAM, as index provider to the Funds and other index-based funds in the WisdomTree fund complex, which comprise the substantial majority of assets in the WisdomTree fund complex. The Board noted that the strategies represented by those Funds tracking affiliated WTI indexes are unique, based on WTI's intellectual property and are only available for use by the Funds through WTAM. The Board noted WTAM's belief that shareholders have invested in such Funds on the strength of WTI's intellectual property and WTAM's industry standing and reputation and with the expectation that WTAM will have a continuing role in providing advisory services to the Funds based on the WTI indexes. The Board also noted the extensive responsibilities that WTAM has as investment adviser to the Funds, including: the selection of, and supervisory responsibilities and activities over, the Sub-Adviser, including oversight of the Sub-Adviser's adherence to each Fund's investment strategy and restrictions, monitoring of the Sub-Adviser's buying and selling of securities and derivatives transactions, review of Sub-Adviser performance, review of proxies voted by the Sub-Adviser and oversight of, and the provision of consultation to, the Sub-Adviser with respect to the creation of custom creation or redemption baskets for authorized participants; oversight of the daily valuation of the Funds' portfolio holdings; oversight of general Fund compliance with federal and state laws; and implementation of Board directives as they relate to the Funds. The Board also considered research support available to, and management capabilities of, the Funds management personnel and that WTAM provides oversight of day-to-day Fund operations, including fund accounting, tax matters, administration and legal assistance in meeting disclosure and regulatory requirements. Based on management's representations, the Board expected that there would be no reduction in the scope of services required by or provided by WTAM and the Sub-Adviser under the relevant Agreements. The Board noted that WTAM has continued to commit significant resources toward the fund complex and has made substantial investments to improve the services offered by WTAM, which benefit Fund shareholders.

Based on review of this information and the other factors considered at the Meeting, the Board concluded that the nature, extent and quality of services provided by WTAM and the Sub-Adviser under the Advisory Agreements and Sub-Advisory Agreement, respectively, are adequate and appropriate and supported the Board's approval of the renewal of the Agreements.

***Comparative Analysis of the Funds' Performance and Management Fee and Expense Ratio.*** The Board reviewed reports prepared by Lipper, Inc. (Lipper), an independent provider of investment company data, which included information (1) measuring each Fund's performance by how well it tracked the relevant WisdomTree benchmark index and (2) comparing each Fund's actual management fees and total expenses with those of a group of comparable funds (the Expense Group) and, with respect to total expenses, with a broader group of funds (the Expense Universe),

## Edgar Filing: WisdomTree Trust - Form N-CSRS

the information for which was derived in part from fund financial statements available to Lipper as of the date of its analysis. The Contracts Review Committee and the Independent Trustees previously had reviewed and discussed the methodology Lipper used to select the Expense Groups and Expense Universes. The Board noted that the Expense Groups and Expense Universes included only pure-index exchange traded funds ( ETFs ) as comparison funds. The

216 WisdomTree Developed World ex-U.S. and Currency Hedged Equity Funds

**Table of Contents****Approval of Investment Advisory and Sub-Advisory Agreement** (unaudited) (continued)

Board also noted that due to the special characteristics of certain Funds, there are limitations in providing comparable funds in the Expense Groups and Expense Universes, and the information in the Lipper reports may or may not provide meaningful direct comparisons to the Funds.

The Board discussed the Funds' performance, noting that the Funds seek to track their own WisdomTree benchmark index. During the prior year, the Board received periodic reports on the Funds' performance in comparison to their relevant benchmark indexes. In response to questions from the Independent Trustees, WTAM representatives discussed the relative performance of the Funds and the factors affecting such performance. On that basis, the Board determined to monitor carefully in the coming year disparities in performance—both positive and negative—but did not believe that the disparities in the past reflected any characteristics requiring immediate action by WTAM or the Sub-Adviser.

The Board also reviewed the range of actual management fees and total expenses of the Expense Group funds and, with respect to total expenses, Expense Universe funds, as well as the advisory fees and total expenses of certain funds not included in the Lipper reports that WTAM considers to be significant competitors of the Funds, and discussed the results of the comparisons. With respect to comparisons of actual management fees, the Board noted the Funds' unitary fee structure and that the Expense Groups and Expense Universes included both ETFs with and without a unitary fee structure. The Board also noted that certain comparison funds in certain Expense Groups and Expense Universes benefited from waivers of their entire management fee and reimbursement of certain operating expenses. The Board noted that the Funds' actual management fees and total expenses generally were within 10 basis points of the actual management fees and total expenses of the funds in their respective Expense Groups and Expense Universes. In those specific instances where a Fund's actual management fees or total expenses departed more significantly from comparative funds, the Independent Trustees sought explanations from WTAM, which generally attributed the disparities to the limitations within peer data, the unique attributes of a Fund or certain comparison funds and temporary fee waivers in place for marketing or other reasons.

The Board considered the fees to the Sub-Adviser in relation to the fees paid to WTAM by the Funds and the respective services provided by the Sub-Adviser and WTAM. The Board also noted that the Sub-Adviser's fees are paid by WTAM (out of its fee paid by the relevant Funds) and not the Funds. The Board considered the meaningful differences in the services that WTAM provides to the Funds as compared to the Sub-Adviser, including that the role of the Sub-Adviser in making investment recommendations with respect to a Fund tracking an index is a rules-based function, with oversight by WTAM in seeking to ensure compliance with such rules. The Board also considered the entrepreneurial and expense risk borne by WTAM that is associated with Funds' unitary fee structure, which frequently includes minimum fees (such as those to the Sub-Adviser), regardless of whether the asset size of a Fund has grown to a sufficient size.

Based on this review and the other factors considered at the Meeting, the Board concluded that, with respect to each Fund, the Fund's performance, the fees paid to WTAM and the Sub-Adviser and the Fund's total expenses supported the Board's approval of the renewal of the relevant Agreements.

***Analysis of Profitability and Economies of Scale.*** WTAM representatives reviewed the expenses allocated and profit received by WTAM and the resulting profitability percentage for managing each Fund and the aggregate profitability percentage to WTAM for managing the WisdomTree fund complex, and the method used to determine the expenses and profit.

The Board considered the profitability analysis (1) as part of its evaluation of whether the fees under the Agreements bear a reasonable relationship to the mix of services provided by WTAM and the Sub-Adviser, including the nature, extent and quality of such services, and (2) in light of the relevant circumstances for each Fund and the extent to which economies of scale would be realized if the Fund grows and whether fee levels reflect these economies of scale for the benefit of Fund shareholders. WTAM representatives noted that a discussion of economies of scale is predicated on a Fund having achieved a substantial size and that, if a Fund's assets had been decreasing, the possibility that WTAM may have realized any economies of scale would be less. WTAM representatives also noted that, as a result of shared and allocated costs among the WisdomTree funds, the extent of economies of scale could depend substantially on the level of assets in the fund complex as a whole. The Board noted that certain Funds had grown rapidly over a relatively short period of time after longer periods of slow or no growth, during which there were years of losses for WTAM in managing such Funds that had only recently turned profitable and years of substantial cumulative losses to WTAM in managing the fund complex as a whole. WTAM representatives stated that there has been significant volatility in the assets of individual Funds and in the fund complex as a whole over time (including volatility in profitability), although the current trend is positive. WTAM representatives also noted that economies of scale currently are shared with the Funds by way of the unitary fee structure of the Trust, as well as through additional investment in the WisdomTree business. The Board noted that the Contracts Review Committee had focused on the issue of economies of scale during its meetings. The Board also noted that it would continue to monitor the sharing of economies of scale, focusing in particular on Funds that have experienced significant asset growth, to determine the appropriateness of adding breakpoints in the future. The Board also considered potential benefits to WTAM and the Sub-Adviser from acting as investment adviser and sub-investment

advisers, respectively, and noted that there were no soft dollar

**Table of Contents**

**Approval of Investment Advisory and Sub-Advisory Agreement** (unaudited) (concluded)

arrangements in effect for trading the Funds' investments. Based on this review, the Board concluded that the profitability results were consistent with the services rendered and service levels provided by WTAM and the entrepreneurial risk WTAM has undertaken over time.

\* \* \* \* \*

At the conclusion of these discussions, the Board agreed that it had been furnished with sufficient information to make an informed business decision with respect to the renewal of the Agreements. In evaluating the Agreements, the Board considered the conclusions and determinations discussed above and also relied on its previous knowledge, gained through meetings and other interactions with WTAM and the Sub-Adviser, of the Funds and the services provided to the Funds by WTAM and the Sub-Adviser. The Board also relied on information received on a routine and regular basis throughout the year relating to the operations of the Funds and the investment advisory and other services provided under the Agreements. In light of the foregoing, the Board, including a majority of the Independent Trustees, determined to approve the renewal of the Agreements.

## **Table of Contents**

The WisdomTree Funds are exchange traded funds ( ETFs ) registered with the United States Securities and Exchange Commission as separate series ( Funds ) of WisdomTree Trust ( Trust ). WisdomTree Asset Management, Inc., a wholly owned subsidiary of WisdomTree Investments, Inc., serves as the investment adviser to the Trust. None of the WisdomTree entities are affiliated with Foreside Fund Services, LLC, the Funds distributor. WisdomTree Investments, its affiliates and their independent providers are not liable for any informational errors, incompleteness, delays, or for any actions taken in reliance on information contained herein.

**Investors should consider the investment objectives, risks, charges and expenses of the Funds carefully before investing. A prospectus, containing this and other information, is available at [www.wisdomtree.com](http://www.wisdomtree.com), or by calling 1-866-909-WISE (9473). Investors should read the prospectus carefully before investing. There are risks associated with investing, including possible loss of principal. Past performance does not guarantee future results. Indexes are unmanaged and you cannot invest directly in an index.**

**There are risks associated with investing including possible loss of principal. Foreign investing involves special risks, such as risk of loss from currency fluctuation or political or economic uncertainty. Investments in real estate involve additional special risks, such as credit risk, interest rate fluctuations and the effect of varied economic conditions. Funds that focus their investments in one country or region may be significantly impacted by events and developments associated with the region which can adversely affect performance. Funds focusing on a single sector and/or smaller companies generally experience greater price volatility. Investments in emerging, offshore or frontier markets are generally less liquid and less efficient than investments in developed markets and are subject to additional risks, such as risks of adverse governmental regulation and intervention or political developments. Inflation protected securities do not eliminate risks associated with inflation or deflation. Investments in currency involve additional special risks, such as credit risk and interest rate fluctuations. Derivative investments can be volatile and these investments may be less liquid than other securities, and more sensitive to the effect of varied economic conditions. As these Funds can have a high concentration in some issuers the Funds can be adversely impacted by changes affecting such issuers. Due to the investment strategy of certain Funds they may make higher capital gain distributions than other ETFs. Please read the Fund s prospectus for specific details regarding the Fund s risk profile.**

**Transactions in Fund shares will result in brokerage commissions and will generate tax consequences. Shares may be sold through brokerage accounts, but may be redeemed from the Funds only in large amounts of 50,000 shares or more.**

The WisdomTree Asia Pacific ex-Japan Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Asia Pacific ex-Japan Index.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the

## Edgar Filing: WisdomTree Trust - Form N-CSRS

Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2015, the Fund's annual expense ratio was 0.48%.**

**Performance** as of 9/30/15

	Average Annual Total Return				Since Inception <sup>1</sup>
	6-Month*	1 Year	3 Year	5 Year	
Fund NAV Returns	-17.35%	-16.32%	-2.73%	0.63%	5.23%
Fund Market Price Returns	-17.03%	-16.09%	-2.37%	0.71%	5.28%
<i>WisdomTree Pacific ex-Japan Dividend/Asia Pacific ex-Japan Spliced Index<sup>2</sup></i>	-17.34%	-16.39%	-2.44%	1.15%	6.10%
<i>MSCI Pacific ex-Japan/MSCI AC Asia Pacific ex-Japan Spliced Index<sup>3</sup></i>	-17.48%	-14.46%	-0.97%	0.61%	4.86%

\* Returns of less than one year are cumulative.

<sup>1</sup> Total returns are calculated based on the commencement of Fund trading on the NYSE Arca, Inc. on June 16, 2006.

<sup>2</sup> WisdomTree Pacific ex-Japan Dividend Index through June 17, 2011; WisdomTree Asia Pacific ex-Japan Index thereafter.

<sup>3</sup> MSCI Pacific ex-Japan Index through June 17, 2011; MSCI AC Asia Pacific ex-Japan Index thereafter.

**Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted. Investment returns and the principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data for the most recent month-end is available at [www.wisdomtree.com](http://www.wisdomtree.com). WisdomTree shares are bought and sold at market price (not NAV) and are not individually redeemed from the Fund. Fund NAV returns are calculated using the Fund's daily 4:00 p.m. NAV. Market price returns reflect the midpoint of the bid/ask spread as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period of less than one year are cumulative.**

\*The ten largest holdings are subject to change, and there are no guarantees the Fund will remain invested in any particular company. Excludes investment of cash collateral for securities on loan (if any).

The WisdomTree China ex-State-Owned Enterprises Fund (the Fund), seeks to track the price and yield performance, before fees and expenses, of the WisdomTree China ex-State-Owned Enterprises Index.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as

## Edgar Filing: WisdomTree Trust - Form N-CSRS

the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2015, the Fund's net and gross annual expense ratios were 0.53% and 0.63%, respectively. WisdomTree Asset Management, Inc. has contractually agreed to limit the management fee to 0.53% effective July 1, 2015 through July 31, 2016, unless earlier terminated by the Board of Trustees of the Trust for any reason at any time.**

**Performance** as of 9/30/15

	Average Annual Total Return			Since
	6-Month*	1 Year	3 Year	
Fund NAV Returns	-21.51%	-16.44%	-2.90%	Inception <sup>1</sup> -2.88%
Fund Market Price Returns	-22.50%	-17.37%	-2.97%	-3.41%

The WisdomTree Emerging Markets SmallCap Dividend Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Emerging Markets SmallCap Dividend Index.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the

## Edgar Filing: WisdomTree Trust - Form N-CSRS

Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2015, the Fund's annual expense ratio was 0.63%.**

**Performance** as of 9/30/15

	Average Annual Total Return				Since Inception <sup>1</sup>
	6-Month*	1 Year	3 Year	5 Year	
Fund NAV Returns	-17.63%	-20.80%	-5.22%	-3.38%	-1.16%
Fund Market Price Returns	-17.31%	-20.43%	-5.17%	-3.55%	-1.17%

The WisdomTree Global Natural Resources Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Global Natural Resources Index.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage

Index performance information assumes the reinvestment of net dividends and excludes management fees, transaction costs and expenses. You cannot directly invest in an index.

**Table of Contents**

**Shareholder Expense Examples** (unaudited)

As a shareholder of a WisdomTree Fund, you incur two types of cost: (1) transaction costs, including brokerage commissions on purchases and sales of your Fund shares and (2) ongoing costs, including management fees and other Fund expenses. The following example is intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other funds.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from April 1, 2015 to September 30, 2015.

**Actual expenses**

The first line under each Fund in the table on the next page provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled **Expenses Paid During the Period 4/1/15 to 9/30/15** to estimate the expenses you paid on your account during the period.

**Hypothetical example for comparison purposes**

The second line under each Fund in the table on the next page provides information about hypothetical account values and hypothetical expenses based on each Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line under each Fund in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

**Table of Contents****Shareholder Expense Examples** (unaudited) (concluded)

	Beginning Account Value 4/1/15	Ending Account Value 9/30/15	Annualized Expense Ratio Based on the Period 4/1/15 to 9/30/15	Expenses Paid During the Period 4/1/15 to 9/30/15
<b>WisdomTree Middle East Dividend Fund</b>				
Actual	\$ 1,000.00	\$ 938.40	0.88%	\$ 4.26
Hypothetical (5% return before expenses)	\$ 1,000.00	\$ 1,020.60	0.88%	\$ 4.45

Expenses are calculated using each Fund's annualized expense ratio, multiplied by the average account value for the period, multiplied by 183/366 (to reflect the one-half year period).

\* WisdomTree Asset Management, Inc. has contractually agreed to limit the management fee to 0.53% effective July 1, 2015 through July 31, 2016, unless earlier terminated by the Board of Trustees of the WisdomTree Trust for any reason.

<sup>1</sup> Fund commenced operations on June 4, 2015. Actual expenses are calculated using the Fund's annualized expense ratio, multiplied by the average account value for the period, multiplied by 119/366 (to reflect the period since commencement of operations).

\* Non-income producing security.

Security is being fair valued by a valuation committee under the direction of the Board of Trustees. The aggregate value of fair valued securities is \$35,223, which represents 1.8% of net assets.

(a) Security, or portion thereof, was on loan at September 30, 2015 (See Note 2).

(b) This security is exempt from registration under rule 144A of the Securities Act of 1933. This security may be sold in transactions that are exempt from registration, normally to qualified institutional buyers.

(c) Rate shown represents annualized 7-day yield as of September 30, 2015.

(d) At September 30, 2015, the total market value of the Fund's securities on loan was \$8,157 and the total market value of the collateral held by the Fund was \$8,414.

ADR - American Depositary Receipt

GDR - Global Depositary Receipt

NVDR - Non-Voting Depositary Receipt

Reg S - Regulation S provides an exclusion from the registration requirements of the Securities Act of 1933. These securities may be resold in transactions exempt from registration, normally to qualified institutional buyers.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

The information reflects the investment objective and strategy of the WisdomTree Pacific ex-Japan Total Dividend Fund through June 19, 2011 and the investment objective and strategy of the WisdomTree Asia Pacific ex-Japan Fund thereafter.

- <sup>2</sup> Based on average shares outstanding.
- <sup>3</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. For the periods in which the investment advisor waived advisory fees, the total return would have been lower if certain expenses had not been waived (Notes 2 and 3).
- <sup>4</sup> The ratios to average net assets do not include net investment income (loss) or expenses of other funds in which the Fund invests.
- <sup>5</sup> The expense ratio includes investment advisory fee waivers. Without these investment advisory fee waivers, the expense ratio would have been unchanged.
- <sup>6</sup> Annualized.
- <sup>7</sup> Included in the expense ratio are proxy expenses. Without these proxy expenses, the expense ratio would have been 0.48%.
- <sup>8</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from the portfolio turnover calculation, as well.
- <sup>9</sup> The information reflects the investment objective and strategy of the WisdomTree China Dividend ex-Financials Fund through June 30, 2015 and the investment objective and strategy of the WisdomTree China ex-State-Owned Enterprises Fund thereafter.
- <sup>10</sup> Included in the expense ratio are proxy expenses. Without these proxy expenses, the expense ratio would have been 0.63%.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

- <sup>1</sup> Based on average shares outstanding.
- <sup>2</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. For the periods in which the investment advisor waived advisory fees for the WisdomTree Emerging Markets SmallCap Dividend Fund, the total return would have been lower if certain expenses had not been waived (Notes 2 and 3).
- <sup>3</sup> Annualized.
- <sup>4</sup> Included in the expense ratio are proxy expenses. Without these proxy expenses, the expense ratio would have been 0.63%.
- <sup>5</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from the portfolio turnover calculation, as well.
- <sup>6</sup> The ratios to average net assets do not include net investment income (loss) or expenses of other funds in which the Fund invests.
- <sup>7</sup> The expense ratio includes investment advisory fee waivers. Without these investment advisory fee waivers, the expense ratio would have been unchanged.
- <sup>8</sup> Reflects the Fund's advisory fees, after waiver, and the fees and expenses of the WisdomTree India Earnings Fund that were paid indirectly by the Fund. The Fund invests a portion of its assets in the WisdomTree India Earnings Fund in order to achieve exposure to securities in India.

<sup>1</sup> Based on average shares outstanding.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

- <sup>2</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. For the periods in which the investment advisor reimbursed/waived advisory fees, the total return would have been lower if certain expenses had not been waived (Notes 2 and 3).
- <sup>3</sup> Annualized.
- <sup>4</sup> Includes interest expense of 0.01%, 0.01% and 0.01% for the six months ended September 30, 2015 and fiscal years ended 2015 and 2014, respectively.
- <sup>5</sup> Included in the expense ratio are proxy expenses. Without these proxy expenses, the expense ratio would have been 0.84% and 0.88%, for WisdomTree India Earnings Fund and WisdomTree Middle East Dividend Fund, respectively.
- <sup>6</sup> Excludes Mauritius income tax expense (see Note 7). If Mauritius income tax expense had been included, the Fund's expense ratios (before and after expense reimbursements) would have been higher by: 0.02%, 0.06% and 0.04% for the fiscal years ended 2013, 2012 and 2011.
- <sup>7</sup> During the period, the Fund was reimbursed for certain expenses that occurred during the previous fiscal year.
- <sup>8</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from the portfolio turnover calculation, as well.

*See Notes to Financial Statements.*

**Table of Contents****Notes to Financial Statements** (unaudited)**1. ORGANIZATION**

WisdomTree Trust (the Trust) is registered under the Investment Company Act of 1940, as amended (the 1940 Act), as an open-end management investment company. The Trust was established as a Delaware statutory trust on December 15, 2005. As of September 30, 2015, the Trust offered 79 investment funds (each a Fund, collectively, the Funds). In accordance with Accounting Standard Update (ASU) 2013-08, Financial Services-Investment Companies, each Fund qualifies as an investment company and is applying the accounting and reporting guidance for investment companies. These notes relate only to the Funds listed in the table below:

Fund	Commencement of Operations
WisdomTree Asia Pacific ex-Japan Fund ( Asia Pacific ex-Japan Fund )	June 16, 2006
WisdomTree China ex-State-Owned Enterprises Fund ( China ex-State-Owned Enterprises Fund ) (formerly, <i>WisdomTree China Dividend ex-Financials Fund</i> )	September 19, 2012
WisdomTree Commodity Country Equity Fund ( Commodity Country Equity Fund )	October 13, 2006
WisdomTree Emerging Markets Consumer Growth Fund ( Emerging Markets Consumer Growth Fund )	September 27, 2013
WisdomTree Emerging Markets ex-State-Owned Enterprises Fund ( Emerging Markets ex-State-Owned Enterprises Fund )	December 10, 2014
WisdomTree Emerging Markets High Dividend Fund ( Emerging Markets High Dividend Fund ) (formerly, <i>WisdomTree Emerging Markets Equity Income Fund</i> )	July 13, 2007
WisdomTree Emerging Markets Quality Dividend Growth Fund ( Emerging Markets Quality Dividend Growth Fund ) (formerly, <i>WisdomTree Emerging Markets Dividend Growth Fund</i> )	August 1, 2013
WisdomTree Emerging Markets SmallCap Dividend Fund ( Emerging Markets SmallCap Dividend Fund )	October 30, 2007
WisdomTree Global ex-U.S. Hedged Dividend Fund ( Global ex-U.S. Hedged Dividend Fund )	June 4, 2015
WisdomTree Global ex-U.S. Quality Dividend Growth Fund ( Global ex-U.S. Quality Dividend Growth Fund ) (formerly, <i>WisdomTree Global ex-U.S. Dividend Growth Fund</i> )	June 16, 2006
WisdomTree Global ex-U.S. Real Estate Fund ( Global ex-U.S. Real Estate Fund )	June 5, 2007
WisdomTree Global ex-U.S. Utilities Fund ( Global ex-U.S. Utilities Fund )	October 13, 2006
WisdomTree Global High Dividend Fund ( Global High Dividend Fund ) (formerly, <i>WisdomTree Global Equity Income Fund</i> )	June 16, 2006
WisdomTree Global Natural Resources Fund ( Global Natural Resources Fund )	October 13, 2006
WisdomTree India Earnings Fund ( India Earnings Fund ) (consolidated)	February 22, 2008
WisdomTree Middle East Dividend Fund ( Middle East Dividend Fund )	July 16, 2008

The India Earnings Fund makes its investments through the WisdomTree India Investment Portfolio, Inc. (the Portfolio), a wholly owned subsidiary organized in the Republic of Mauritius. The Portfolio was incorporated under the provisions of the Mauritius Companies Act, 2001 and holds a Global Business License Category 1 issued by the Financial Services Commission. The Portfolio is advised by WisdomTree Asset Management, Inc. (WTAM) and is sub-advised by Mellon Capital Management Corporation (MCM). For the India Earnings Fund, the accompanying financial statements reflect the financial position of the Fund and the results of operations on a consolidated basis with the Portfolio. All inter-company accounts and transactions have been eliminated in the consolidation.

Each Fund seeks to track the price and yield performance, before fees and expenses, of a particular index (Index) developed by WisdomTree Investments, Inc. (WisdomTree Investments). WisdomTree Investments is the parent company of WTAM, the investment adviser to each Fund and the Trust. WisdomTree is a registered mark of WisdomTree Investments and has been licensed for use by the Trust. Each Fund described herein is considered to be non-diversified. The securities in each Index are weighted based on earnings or earnings yield.

In the normal course of business, the Funds may enter into contracts that contain a variety of representations or that provide indemnification for certain liabilities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts.

**2. SIGNIFICANT ACCOUNTING POLICIES**

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (the Codification) is the exclusive reference of authoritative U.S. generally accepted accounting principles (GAAP) recognized by the FASB to be applied by nongovernmental entities. Rules and interpretive releases of the Securities and Exchange Commission (SEC) under authority of federal laws are also sources of authoritative GAAP for SEC registrants.

102 WisdomTree Global/Global ex-U.S. and Emerging/Frontier Markets Funds

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

The following is a summary of significant accounting policies followed by the Funds:

**Use of Estimates** The preparation of financial statements in conformity with GAAP, requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in the net assets from operations during the reporting period. Actual results could differ from those estimates.

**Investment Valuation** The net asset value ( NAV ) of each Fund's shares is calculated each day a Fund is open for business as of the regularly scheduled close of regular trading on the New York Stock Exchange, normally 4:00 p.m. Eastern time (the NAV Calculation Time ). NAV per share is calculated by dividing a Fund's net assets by the number of Fund shares outstanding. Each Fund issues and redeems shares at NAV only in large blocks of shares known as creation units, which only certain institutions or large investors may purchase or redeem. Shares of each Fund are listed on a national securities exchange and trade at market prices. Most investors will buy and sell shares through brokers. Because Fund shares trade at market prices rather than NAV, shares may trade at a price greater than NAV or less than NAV. In calculating each Fund's NAV, investments are valued under policies approved by the Board of Trustees. Equity securities (including preferred stock) traded on any recognized U.S. or non-U.S. exchange are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Unlisted equity securities (including preferred stock) are valued at the last quoted sale price or, if no sale price is available, at the mean between the highest bid and lowest ask price. Each Fund may invest in money market funds which are valued at their NAV per share and affiliated ETFs which are valued at their last sale or official closing price on the exchange on which they are principally traded. Fixed income securities (including short-term debt securities with remaining maturities of 60 days or less) generally are valued at current market quotations or mean prices obtained from broker-dealers or independent pricing service providers. Broker-dealers or independent pricing service providers, in determining the value of securities may consider such factors as recent transactions, indications from broker-dealers yields and quoted prices on similar securities, and market sentiment for the type of security. Forward foreign currency contracts are valued daily using WM/Reuters closing spot and forward rates as of 4:00 p.m. London time, except, forward foreign currency contracts on Asian currencies for Global ex-U.S. Hedged Dividend Fund are valued using WM/Reuters closing spot and forward rates as of 2:00 p.m. Singapore time.

In certain instances, such as when reliable market valuations are not readily available or are not deemed to reflect current market values, a Fund's investments and derivatives will be fair valued in accordance with the Fund's pricing policy. The Board of Trustees of the Trust has established a pricing committee (the Pricing Committee ) which is comprised of senior representatives of WisdomTree Asset Management, Inc. ( WTAM ) and which reports to the Board of Trustees on a quarterly basis. In the event that a financial instrument cannot be valued based upon a price from a national securities exchange, independent pricing service provider or broker-dealer quotation, or such prices are deemed to not reflect current market value, the Pricing Committee may value the financial instrument in good faith under the policies and procedures approved by the Board of Trustees based on current facts and circumstances. Securities that may be valued using fair value pricing may include, but are not limited to, securities for which there are no current market quotations, securities whose issuer is in default or bankruptcy, securities subject to corporate actions (such as mergers or reorganizations), securities subject to non-U.S. investment limits or currency controls, and securities affected by significant events. An example of a significant event is an event occurring after the close of the market in which a security trades but before a Fund's next NAV Calculation Time that may materially affect the value of a Fund's investment (e.g., government action, natural disaster, or significant market fluctuation). When fair value pricing is employed, the prices of securities used by a Fund to calculate its NAV may differ from quoted or published prices for the same securities.

**Fair Value Measurement** In accordance with Codification Topic 820 ( ASC 820 ), Fair Value Measurements and Disclosures, fair value is defined as the price that each Fund would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market of the investment. ASC 820 established a three-tier hierarchy of inputs to be used when determining fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk—for example, the risk inherent in a particular valuation technique used to measure fair value (such as a pricing model) and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability. Observable inputs are based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability. Unobservable inputs are based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized in the three broad levels listed below:

Level 1 quoted prices in active markets for identical securities

Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

## Edgar Filing: WisdomTree Trust - Form N-CSRS

Level 3 significant unobservable inputs (including each Fund's assumptions in determining the fair value of investments)

WisdomTree Global/Global ex-U.S. and Emerging/Frontier Markets Funds 103

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

The inputs or methodology used for valuation are not necessarily an indication of the risk associated with investing in those investments.

Investments that use Level 2 or Level 3 inputs may include, but are not limited to: (i) an unlisted security related to corporate actions; (ii) a restricted security (e.g., one that may not be publicly sold without registration under the Securities Act of 1933, as amended); (iii) a security whose trading has been suspended or which has been de-listed from its primary trading exchange; (iv) a security that is thinly traded; (v) a security in default or bankruptcy proceedings for which there is no current market quotation or market activity; (vi) a security affected by currency controls or restrictions; and (vii) a security affected by a significant event (e.g., an event that occurs after the close of the markets on which the security is traded but before the time as of which a Fund's NAV is computed and that may materially affect the value of the Fund's investments).

The valuation techniques and significant inputs used in determining the fair market value measurements for Level 2 and Level 3 positions are as follows:

Financial instruments are generally valued by independent pricing service providers that use broker-dealer quotations, reported trades or valuation estimates from their internal pricing models. Depending on the type of financial instrument, the independent pricing service providers internal pricing models may use inputs that are observable such as issuer details, interest rates, yield curves, prepayment speeds, credit risks/spreads, default rates and quoted prices for similar assets. Financial instruments that use similar valuation techniques and observable inputs as described above and have an appropriate level of market activity are categorized as Level 2 of the fair value hierarchy, otherwise a Level 3 fair value classification is appropriate. Over-the-counter financial derivative instruments derive their value from underlying asset prices, indices, reference rates, and other inputs or a combination of these factors. These instruments are normally valued on the basis of broker-dealer quotations or independent pricing service providers. Depending on the product and the terms of the transaction, the value of the financial derivative instruments can be estimated by an independent pricing service provider using a series of techniques including simulation pricing models. The pricing models use inputs that are observed from actively quoted markets such as issuer details, indices, credit risks/spreads, interest rates, yield curves, default and exchange rates. Derivative contracts that use valuation techniques and observable inputs as described above and have an appropriate level of market activity are categorized as Level 2 of the fair value hierarchy, otherwise a Level 3 fair value classification is appropriate.

Determination of a fair value by the Pricing Committee may include significant unobservable inputs and therefore would be reflected as a Level 3 of the fair value hierarchy. The Pricing Committee may employ a market-based valuation approach which may use, among other potential considerations, related or comparable securities, recent transactions, market multiples, book values, and other relevant information to determine fair value. The Pricing Committee may also use an income-based valuation approach in which anticipated future cash flows of the financial instrument are discounted to calculate fair value. The Pricing Committee meets at least on a monthly basis to review and discuss the appropriateness of such fair values using more current information such as, recent security news, recent market transactions, updated corporate action information and/or other macro or security specific events. Also, when observable inputs become available, the Pricing Committee conducts back testing of the methodologies used to value Level 3 financial instruments to substantiate the unobservable inputs used to value those investments. Such back testing includes comparing Level 3 investment values to observable inputs such as exchange-traded prices, transaction prices, and/or vendor prices.

The following is a summary of the fair valuations according to the inputs used as of September 30, 2015 in valuing each Fund's assets:

<b>Asia Pacific ex-Japan Fund</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>

**Derivatives and Hedging Disclosure** Codification Topic 815 ( ASC 815 ), Derivatives and Hedging, requires qualitative disclosures about objectives and strategies for using derivatives, quantitative disclosures about fair value amounts of gains and losses on derivative instruments, and disclosures about credit-risk-related contingent features in derivative agreements. The Funds have invested in derivatives, specifically forward foreign currency contracts during the six months or period ended September 30, 2015 which are detailed in the tables herein. All of the derivative instruments disclosed and described herein are subject to risk. Risks may arise upon entering into forward foreign currency contracts from the potential inability of a counterparty to meet the terms of their contracts

108 WisdomTree Global/Global ex-U.S. and Emerging/Frontier Markets Funds

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

and from unanticipated movements in the value of foreign currencies relative to the U.S. dollar or each other. The Funds' derivative agreements contain credit-risk related contingent features which include, but are not limited to, a percentage decline in the Funds' NAV over a specified time period. If an event occurred at September 30, 2015 that triggered a contingent feature, the counterparty to the agreement may require the Funds to post additional collateral or terminate the derivative positions and demand payment. Any collateral posted with respect to the derivative positions would be used to offset or reduce the payment. The maximum exposure to derivatives agreements with credit-risk related contingent features would be the total value of derivatives in net liability positions for each Fund, as disclosed on pages 122 and 123. At September 30, 2015, the Funds did not receive or post collateral with any counterparty for derivatives and no event occurred that triggered a credit-risk-related contingent feature.

As of September 30, 2015, the effects of such derivative instruments on each Fund's financial position as reflected in the Statements of Assets and Liabilities are presented in the summary below:

Fund	Asset Derivatives		Liability Derivatives	
	Balance Sheet Location	Value	Balance Sheet Location	Value
<b>Asia Pacific ex-Japan Fund</b>				
Foreign exchange contracts	Unrealized appreciation on forward foreign currency contracts	\$	Unrealized depreciation on forward foreign currency contracts	\$ 84

Foreign exchange contracts		561,971
<b>Middle East Dividend Fund</b>		
Foreign exchange contracts	13,453	56,783

<sup>1</sup> For the period June 4, 2015 (commencement of operations) through September 30, 2015.

**Investment Transactions and Investment Income** Investment transactions are recorded as of the date that the securities are purchased or sold (trade date). Realized gains and losses on sales of portfolio securities are calculated using the identified-cost method. Dividend income is recognized on the ex-dividend date, net of any foreign taxes withheld. Interest income including amortization of premiums and discounts, is accrued daily.

**Foreign Currency Translation** The accounting records of the Funds are maintained in U.S. dollars. Foreign currencies, as well as investment securities and other assets and liabilities denominated in foreign currencies, are translated into U.S. dollars using exchange rates prevailing on the respective dates of such transactions that are deemed appropriate by WTAM. Realized and unrealized foreign exchange gains and losses on investments are included as a component of net realized gain (loss) from investment transactions and net change in unrealized appreciation (depreciation) from investment transactions, respectively, on the Statement of Operations. Net realized and unrealized foreign exchange gains or

## Edgar Filing: WisdomTree Trust - Form N-CSRS

losses arising from sales of foreign currencies, including gains and losses of forward foreign currency contracts, currency gains or losses recognized between the trade and settlement dates on investment transactions, and the difference between the amounts of dividends and foreign withholding taxes recorded on the Funds' books and the U.S. dollar equivalent of the amounts actually received or paid are included in net realized gain (loss) from forward foreign currency contracts and foreign currency related transactions and/or net change in unrealized appreciation (depreciation) from forward foreign currency contracts and translation of assets and liabilities denominated in foreign

WisdomTree Global/Global ex-U.S. and Emerging/Frontier Markets Funds 111

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

currencies in the Statement of Operations. Certain foreign exchange gains and losses included in realized and unrealized gains or losses are included in, or are a reduction of, ordinary income in accordance with U.S. Federal income tax regulations.

**Expenses/Reimbursements** Under the investment advisory agreement for each Fund, except Emerging Markets Consumer Growth Fund, Emerging Markets Quality Dividend Growth Fund and Global ex-U.S. Hedged Dividend Fund, WTAM has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other expenses (such as stamp taxes) connected with the execution of portfolio transactions or in connection with creation and redemption transactions; (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of trustees who are not interested persons of the Funds ( Independent Trustees ); (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's Chief Compliance Officer ( CCO ); (vi) extraordinary expenses; (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; and (viii) the advisory fee payable to WTAM.

Under the investment advisory agreement for Emerging Markets Consumer Growth Fund, Emerging Markets Quality Dividend Growth Fund and Global ex-U.S. Hedged Dividend Fund, WTAM has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other fees, charges, taxes, levies or expenses (such as stamp taxes) incurred in connection with the execution of portfolio transactions or in connection with creation and redemption transactions (including without limitation any fees, charges, taxes, levies or expenses related to the purchase or sale of an amount of any currency, or the partition or repatriation of any security or other asset, related to the execution of portfolio transactions or any creation or redemption transactions); (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of each Independent Trustee; (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's CCO; (vi) extraordinary expenses (in each case as determined by a majority of the Independent Trustees); (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; (viii) interest and taxes of any kind or nature (including, but not limited to, income, excise, transfer and withholding taxes); (ix) fees and expenses related to the provision of securities lending services; and (x) the advisory fee payable to WTAM.

The internal expenses of pooled investment vehicles in which the Funds may invest (acquired fund fees and expenses) are not expenses of the Funds and are not paid by WTAM.

Pursuant to a separate contractual arrangement, WTAM arranges for the provision of CCO services with respect to each Fund, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees. WTAM receives a fee, as shown on the Statements of Operations under Service fees, of up to 0.0044% of each Fund's average daily net assets for providing such services and paying such expenses. WTAM provides CCO services to the Trust.

**Currency Transactions** The Funds may enter into forward foreign currency contracts to facilitate local securities settlements or to protect against currency exposure in connection with distributions to shareholders. The Funds do not expect to engage in currency transactions for the purpose of hedging against declines in the value of the Fund's assets that are denominated in one or more foreign currencies. The Funds may not enter into such contracts for speculative purposes.

**Forward Foreign Currency Contracts** A forward foreign currency contract ( Forward Contract ) involves an obligation to purchase or sell a specific currency at a future date, which may be any fixed number of days from the date of the contract agreed upon by the parties, at a price set at the time of the contract. These contracts are principally traded in the inter-bank market conducted directly between currency traders (usually large, commercial banks) and their customers. A Forward Contract generally does not require an initial margin deposit and no commissions are charged at any stage for trades. However, if a Fund is in an unrealized loss position on a Forward Contract, it may be required to pledge collateral (or additional collateral) to the counterparty. If a Fund is in an unrealized gain position on a Forward Contract, it may receive collateral from the counterparty.

Risks may arise upon entering into Forward Contracts from the potential inability of counterparties to meet the terms of their contracts and from unanticipated movements in the value of foreign currencies relative to the U.S. dollar or each other.

Fluctuations in the value of open Forward Contracts are recorded for book purposes as unrealized gains or losses on Forward Contracts by the Funds. Realized gains and losses on Forward Contracts include net gains or losses recognized by the Funds on contracts which have matured or were sold.

**Securities Lending** Each Fund may lend portfolio securities to certain creditworthy borrowers, including the Funds' securities lending agent. It is the Funds' policy that, at origination, all loans are secured by collateral of at least 102% of the value of U.S. securities loaned and 105% of the value of foreign securities loaned. Collateral in the form of cash and/or high-grade debt obligations, equivalent to at least 100% of the market value of securities, is maintained at all times. The cash collateral can be invested in certain money market mutual funds which also have exposure to the fluctuations of the market. The value of the investment of cash collateral for securities on loan along with the obligation to return such collateral are included on the Statements of Assets and Liabilities. The value of securities received as collateral for securities on loan are not included on the Statements of Assets and Liabilities because the receiving Fund does not have the right to sell or repledge the securities received as collateral. Each Fund receives compensation for lending its securities from interest or dividends earned on the cash or U.S. government securities held as collateral, net of fee rebates paid to the borrower plus reasonable administrative and custody fees, all of which are included in the securities lending income earned by the Funds and disclosed on the Statement of Operations. The dividend and interest income earned on the securities loaned is accounted for in the same manner as other dividend and interest income. The borrower pays to the Funds an amount equal to any dividends or interest received on loaned securities. Dividends received while a security is out on loan are not considered Qualified Dividend Income ( QDI ) under the specific criteria issued by the Internal Revenue Service and are subject to taxation at the shareholder's ordinary income tax rate instead of the lower long-term capital gains tax rate. Lending portfolio securities could result in a loss or delay in recovering each Fund's securities if the borrower defaults.

**Master Netting Arrangements** ASU No. 2011-11 Disclosures about Offsetting Assets and Liabilities ( ASU 2011-11 ) is generally intended to (i) help investors and other financial statement users to better assess the effect or potential effect of offsetting arrangements on a company's financial position, (ii) improve transparency in the reporting of how companies mitigate credit risk, and (iii) facilitate comparisons between those entities that prepare their financial statements on the basis of GAAP and those entities that prepare their financial statements on the basis of international financial reporting standards. ASU 2011-11 requires entities to

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

disclose (i) gross and net information about both instruments and transactions eligible for offset in the financial statements, and (ii) instruments and transactions subject to an agreement similar to a master netting agreement. ASU 2011-11 is limited in scope to the following financial instruments, to the extent they are offset in the financial statements or subject to an enforceable master netting arrangement or similar agreement: (i) recognized derivative instruments accounted for under ASC 815 (Derivatives and Hedging); (ii) repurchase agreements and reverse repurchase agreements; and (iii) securities borrowing and securities lending transactions.

In order to better define its contractual rights and to secure rights that will help a Fund mitigate its counterparty risk, a Fund may enter into an International Swaps and Derivatives Association, Inc. Master Agreement ( ISDA Master Agreement ) or similar agreement with its counterparties. An ISDA Master Agreement is a bilateral agreement between a Fund and a counterparty that governs over-the-counter derivatives ( OTC ), including Forward Contracts, and typically contains, among other things, collateral posting terms, netting and rights of set-off provisions in the event of a default and/or termination event. Under an ISDA Master Agreement, a Fund may, under certain circumstances, offset with the counterparty certain derivative financial instruments payables and receivables to create a single net payment. The provisions of the ISDA Master Agreement typically permit a single net payment in the event of a default (close-out netting) or similar event, including the bankruptcy or insolvency of the counterparty.

Collateral requirements generally differ by type of derivative. Collateral terms are contract-specific for OTC derivatives (e.g. foreign exchange contracts, options and certain swaps). Generally, for transactions traded under an ISDA Master Agreement, the collateral requirements are calculated by netting the marked to market amount for each transaction under such agreement and comparing that amount to the value of any collateral currently pledged by a Fund and the counterparty. Generally, the amount of collateral due from or to a counterparty must exceed a minimum transfer amount threshold before a transfer is required to be made. To the extent amounts due to a Fund from its derivatives counterparties are not fully collateralized, contractually or otherwise, the Fund bears the risk of loss from counterparty non-performance.

A Fund's security lending activities are governed by a Securities Lending Authorization Agreement ( Lending Agreement ) between the Fund and the lending agent. The Lending Agreement authorizes the lending agent to lend qualifying U.S. and foreign securities held by a Fund to approved borrowers (each a Borrower ). To mitigate borrower risk, a Fund typically receives from a Borrower, collateral in the form of U.S. dollar cash and/or securities issued or guaranteed by the U.S. government or its agencies in excess of the market value of the securities loaned. Under the provisions of the Lending Agreement, a Fund shall have, as to the collateral, all of the rights and remedies of a secured party under applicable law. A Fund is exposed to risk of loss if a Borrower defaults on its obligation to return borrowed securities and the value of the collateral a Fund received is insufficient to cover the market value of the securities loaned. Also, the lending agent is permitted to invest the cash collateral it receives from a Borrower into a money market fund which is subject to market fluctuation. Therefore, a Fund is exposed to risk of loss if the value of invested cash collateral is insufficient to satisfy the Fund's obligation to return the full amount owed to such Borrower. For financial reporting purposes, the Funds elect to not offset assets and liabilities subject to an ISDA Master Agreement or Lending Agreement, if any, in the Statements of Assets and Liabilities. Therefore, all qualifying transactions are presented on a gross basis in the Statements of Assets and Liabilities. As of September 30, 2015, the impact of netting of assets and liabilities and the offsetting of collateral pledged or received based on contractual netting/set-off provisions in the ISDA Master Agreement and the Lending Agreement are detailed in the following table:

Fund	Assets				Liabilities

<sup>1</sup> The amount of collateral presented has been limited such that the net amount by counterparty cannot be less than zero.

**Short-Term Investments** Each Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments include short-term obligations issued by the U.S. government, its agencies, non-U.S. government agencies, negotiable certificates of deposit (CDs), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions, commercial papers, repurchase agreements and money market funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Bankers' acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

**Tax Information and Dividends and Distributions to Shareholders** It is each Fund's policy to comply with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"). Each Fund intends to qualify for and to elect treatment as a separate Regulated Investment Company ("RIC") under Subchapter M of the Code. It is the policy of each Fund to pay out dividends, if any, to investors at least annually. There can be no guarantee that a Fund will pay dividends. Taxable net realized gains from investment transactions, reduced by capital loss carryforwards, if any, are declared and distributed to shareholders at least annually. The capital loss carryforward amount, if any, is available to offset future net capital gains. The Funds may occasionally be required to make supplemental distributions at some other time during the year. The Trust reserves the right to declare special distributions if, in its reasonable discretion, such action is necessary or advisable to preserve the status of each Fund as a RIC or to avoid imposition of income or excise taxes on undistributed income. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with the requirements of the Code and the U.S. Treasury regulations. These book/tax differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the components of net assets based on their Federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions that exceed earnings and profit for tax purposes are reported for tax purposes as a return of capital. The India Earnings Fund has filed an election to treat the Portfolio as a pass-through entity for tax purposes.

**3. ADVISORY FEES AND TRANSACTIONS**

WTAM has overall responsibility for the general management and administration of the Trust. WTAM provides an investment program for each Fund. WTAM has arranged for MCM to provide sub-advisory services to the Funds. MCM is compensated by WTAM at no additional cost to the Funds. WTAM also arranges for transfer agency, custody, fund accounting, fund administration, securities lending and all other non-distribution related services necessary for the Funds to operate, which are generally under separate agreements entered into between the Trust on behalf of the Funds and the applicable service provider. Under the investment advisory agreement for each Fund, WTAM agrees to pay all expenses of the Funds except for certain expenses described in Note 2.

Pursuant to a separate contractual arrangement, as also described in Note 2, WTAM arranges for the provision of CCO services with respect to each Fund, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees in exchange for a fee of up to 0.0044% of each Fund's average daily net assets. WTAM expects to receive advisory fees from each Fund, based on a percentage of the Fund's average daily net assets, as shown in the following table:

Fund	Advisory Fee Rate
Asia Pacific ex-Japan Fund	0.48%
China ex-State-Owned Enterprises Fund	0.63%*
Commodity Country Equity Fund	0.58%
Emerging Markets Consumer Growth Fund	0.63%
Emerging Markets ex-State-Owned Enterprises Fund	0.58%
Emerging Markets High Dividend Fund	0.63%
Emerging Markets Quality Dividend Growth Fund	0.63%
Emerging Markets SmallCap Dividend Fund	0.63%
Global ex-U.S. Hedged Dividend Fund	0.44%
Global ex-U.S. Quality Dividend Growth Fund	0.58%
Global ex-U.S. Real Estate Fund	0.58%
Global ex-U.S. Utilities Fund	0.58%
Global High Dividend Fund	0.58%
Global Natural Resources Fund	0.58%
India Earnings Fund (consolidated)	0.83%
Middle East Dividend Fund	0.88%

\* WTAM has contractually agreed to limit the advisory fee to 0.53% effective July 1, 2015 through July 31, 2016, unless earlier terminated by the Board of Trustees of the Trust for any reason.

Each Fund may purchase shares of affiliated exchanged-traded funds ("ETF") in secondary market transactions. WTAM waives its advisory fees for each Fund's investment, associated with daily uninvested cash, in correlated affiliated ETFs net of any incremental costs as a result of these transactions (fund accounting, safekeeping, transaction fees, etc.) that are paid by WTAM out of the advisory fee received from the affiliated

## Edgar Filing: WisdomTree Trust - Form N-CSRS

ETFs. The dollar amount of advisory fees waived during the period for the Funds, if any, are shown in the Statements of Operations. Please see Note 8 Other Affiliated Parties and Transactions for additional information.

124 WisdomTree Global/Global ex-U.S. and Emerging/Frontier Markets Funds

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)**4. CAPITAL SHARE TRANSACTIONS**

As of September 30, 2015, there were an unlimited number of \$0.001 par value shares of beneficial interest authorized by the Trust. Shares are issued and redeemed by each Fund only in creation units or multiples thereof. Except when aggregated in creation units, shares of each Fund are not redeemable. Transactions in shares for each Fund are disclosed in detail in the Statements of Changes in Net Assets. The consideration for the purchase of creation units of a Fund generally consists of the in-kind contribution of a designated portfolio of equity securities constituting a portfolio sampling representation of the securities included in the relevant Fund's underlying Index and an amount of cash. The India Earnings Fund and Middle East Dividend Fund issue and redeem shares on a cash basis only. Investors purchasing and redeeming creation units may be charged a purchase transaction fee and a redemption transaction fee to offset transfer and other transaction costs associated with the issuance and redemption of creation units.

**5. INVESTMENT PORTFOLIO TRANSACTIONS**

Purchases and sales of investments (excluding purchases and sales resulting from in-kind capital share transactions and short-term investments) and the cost of purchases and the proceeds from sales resulting from in-kind capital share transactions (excluding short-term investments) for the six months ended September 30, 2015 are shown in the below table. Realized gains and losses on sales resulting from in-kind capital share redemptions, as shown in the Statements of Operations, are not recognized by the Funds for tax purposes.

Fund	In-kind Capital Share Transactions

**7. MAURITIUS INCOME TAX**

The Portfolio holds a tax residency certificate issued by the Mauritian Revenue authorities which entitles it to claim the benefits of the double taxation avoidance agreement entered between India and Mauritius ( tax treaty ). Since the India Earnings Fund makes its investments through the Portfolio, a wholly owned subsidiary organized in the Republic of Mauritius, this structure should permit the India Earnings Fund to benefit from the tax treaty. The Supreme Court of India upheld the validity of this tax treaty in response to a lower court challenge contesting the treaty's applicability to entities such as the India Earnings Fund. In March 2012, the Indian Finance Minister introduced a new chapter to the Indian Income Tax Act, 1961 ( IT Act ), which included certain General Anti-Avoidance Rules ( GAAR ). The Finance Bill, 2015 ( FB 2015 ) proposes to amend the IT Act to defer the applicability of GAAR to financial years beginning on or after 1 April 2017. The FB 2015 has also grandfathered all investments made into India up-to April 1, 2017 from the applicability of GAAR. No assurance can be given that the terms of the tax treaty will not be subject to re-negotiation in future. Any change in the provision of the tax treaty or in its applicability to the India Earnings Fund could result in imposition of withholding and other taxes on the India Earnings Fund by the tax authorities in India. This would reduce the return to the India Earnings Fund on its investments and the return received by India Earnings Fund shareholders.

In the recent scrutiny audits concluded that have not involved the Portfolio, the tax authorities in India have sought to apply a Minimum Alternate Tax (MAT) on certain Foreign Portfolio Investors investing into India on the income earned up to a period of seven prior years (which is the statute of limitation in India). Pursuant to several representations, the Indian Government has formed a Committee to provide it with a recommendation on the applicability of MAT to foreign investors, until which no further notices for scrutiny of prior years will be issued nor will any action be taken for the recovery of any tax demands raised. To date, the Portfolio has not received any notice seeking the application of MAT to the India Earnings Fund for any prior year and the recommendation of the Committee on the applicability of MAT to foreign entities generally as well to entities that benefit from a tax treaty would determine any potential imposition of taxes on income earned by the India Earnings Fund for prior years.

Reference to investments by the India Earnings Fund herein should be understood to refer to investments by the Portfolio.

The taxable profits derived from the worldwide income of the wholly owned subsidiary of the India Earnings Fund, the Portfolio, is subject to income tax at the rate of 15% in the Republic of Mauritius. As with all Mauritian tax residents, the Portfolio is entitled to a foreign tax credit ( FTC ) on its foreign sourced income. The FTC is based on the lower of the Mauritian tax or the foreign taxes incurred. Where documentary evidence is not available to substantiate the foreign taxes suffered, the FTC can be presumed to be 80% of the Mauritian tax on its foreign source income. The presumed FTC effectively reduces the Mauritian income tax rate on the foreign sourced income of the Portfolio to a maximum of 3%. Interest income on call and deposit accounts with Mauritian banks is exempt from tax, and there is no tax on capital gains in Mauritius. Effective August 8, 2012, in connection with the new advisory agreement, the Mauritius income tax is paid by WTAM.

**9. DEMAND NOTE**

During the period ended September 30, 2015, the India Earnings Fund had a demand note agreement with Morgan Stanley Bank, N.A. which allowed the Fund to borrow up to \$325,000,000 and having a final maturity of October 16, 2015. During the six months ended September 30, 2015, the Fund utilized the demand note and borrowed for a period of 13 days with an average outstanding loan balance of \$117,664,454 and a weighted average interest rate of 2.27% per annum. Interest expense related to the note for the six months ended September 30, 2015 was \$95,313. At September 30, 2015, the Fund had a loan balance of \$8,293,100 outstanding.

**10. RECENT ACCOUNTING PRONOUNCEMENT**

In May 2015, the FASB issued *ASU 2015-07 Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. This is an update to Fair Value Measurement Topic 820. The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for financial statements issued for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. WTAM is evaluating the impact, if any, of this guidance on the Trust's financial statement disclosures.

**Table of Contents****Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited)***Consideration of the Renewal of Investment Advisory and Sub-Investment Advisory Agreements***

At a meeting of the Board of Trustees (the Board or the Trustees) of the WisdomTree Trust (the Trust) held on September 21-22, 2015 (the Meeting), the Trustees, including those Trustees who are not interested persons (as defined in the Investment Company Act of 1940, as amended) of the Trust (the Independent Trustees), considered the renewal of the Investment Advisory Agreements between WisdomTree Asset Management, Inc. (WTAM) and the Trust, on behalf of series included in this report (each, a Fund, and, collectively, the Funds), pursuant to which WTAM provides the Funds with investment advisory services (the Advisory Agreements) and the Sub-Advisory Agreement (the Sub-Advisory Agreement), pursuant to which Mellon Capital Management Corporation (the Sub-Adviser) coordinates the investment and reinvestment of the assets of the Funds.

The Independent Trustees requested, and WTAM provided, such information as the Independent Trustees, with advice from independent legal counsel, deemed reasonably necessary to evaluate the Agreements. On June 10, 2015, a committee of Independent Trustees (the Contracts Review Committee) met with independent legal counsel to discuss the types of information the Independent Trustees required and the manner in which Fund management would organize and present such information. On July 15, 2015, members of the Contracts Review Committee met with representatives from WTAM for a preliminary discussion of matters relating to the Board's consideration of the continuance of the Agreements. At a meeting of the Contracts Review Committee held on August 6, 2015, representatives from WTAM presented preliminary information to the Trustees relating to the continuance of the Agreements, and the Trustees, including the Independent Trustees, reviewed and discussed such information. Further information was presented at the Board's request at the Meeting.

The Independent Trustees were assisted in their review by independent legal counsel and met with counsel in executive session separate from WTAM representatives and the Sub-Adviser. In considering the renewal of the Agreements, the Board considered all factors that it believed to be relevant, including those discussed below. The Board did not identify any one factor as dispositive, and each Trustee may have attributed different weights to the factors considered.

***Analysis of Nature, Extent, and Quality of Services Provided to the Funds.*** The Board considered information provided to them at the Meeting and in previous presentations throughout the year from WTAM representatives regarding the nature, extent, and quality of the services provided to the Funds, recognizing WTAM's and the Sub-Adviser's operational capabilities and resources. The Board also discussed the role of WisdomTree Investments, Inc. (WTI), the parent of WTAM, as index provider to the Funds and other index-based funds in the WisdomTree fund complex, which comprise the substantial majority of assets in the WisdomTree fund complex. The Board noted that the strategies represented by those Funds tracking affiliated WTI indexes are unique, based on WTI's intellectual property and are only available for use by the Funds through WTAM. The Board noted WTAM's belief that shareholders have invested in such Funds on the strength of WTI's intellectual property and WTAM's industry standing and reputation and with the expectation that WTAM will have a continuing role in providing advisory services to the Funds based on the WTI indexes. The Board also noted the extensive responsibilities that WTAM has as investment adviser to the Funds, including: the selection of, and supervisory responsibilities and activities over, the Sub-Adviser, including oversight of the Sub-Adviser's adherence to each Fund's investment strategy and restrictions, monitoring of the Sub-Adviser's buying and selling of securities and derivatives transactions, review of Sub-Adviser performance, review of proxies voted by the Sub-Adviser and oversight of, and the provision of consultation to, the Sub-Adviser with respect to the creation of custom creation or redemption baskets for authorized participants; oversight of the daily valuation of the Funds' portfolio holdings; oversight of general Fund compliance with federal and state laws; and implementation of Board directives as they relate to the Funds. The Board also considered research support available to, and management capabilities of, the Funds management personnel and that WTAM provides oversight of day-to-day Fund operations, including fund accounting, tax matters, administration and legal assistance in meeting disclosure and regulatory requirements. Based on management's representations, the Board expected that there would be no reduction in the scope of services required by or provided by WTAM and the Sub-Adviser under the relevant Agreements. The Board noted that WTAM has continued to commit significant resources toward the fund complex and has made substantial investments to improve the services offered by WTAM, which benefit Fund shareholders.

Based on review of this information and the other factors considered at the Meeting, the Board concluded that the nature, extent and quality of services provided by WTAM and the Sub-Adviser under the Advisory Agreements and Sub-Advisory Agreement, respectively, are adequate and appropriate and supported the Board's approval of the renewal of the Agreements.

***Comparative Analysis of the Funds' Performance and Management Fee and Expense Ratio.*** The Board reviewed reports prepared by Lipper, Inc. (Lipper), an independent provider of investment company data, which included information (1) measuring each Fund's performance by how well it tracked the relevant WisdomTree benchmark index and (2) comparing each Fund's actual management fees and total expenses with those of a group of comparable funds (the Expense Group) and, with respect to total expenses, with a broader group of funds (the Expense Universe),

## Edgar Filing: WisdomTree Trust - Form N-CSRS

the information for which was derived in part from fund financial statements available to Lipper as of the date of its analysis. The Contracts Review Committee and the Independent Trustees previously had reviewed and discussed the methodology Lipper used to select the Expense Groups and Expense Universes. The Board noted that the Expense Groups and Expense Universes included only pure-index exchange traded funds ( ETFs ) as comparison funds. The

128 WisdomTree Global/Global ex-U.S. and Emerging/Frontier Markets Funds

---

**Table of Contents**

**Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited) (continued)

Board also noted that due to the special characteristics of certain Funds, there are limitations in providing comparable funds in the Expense Groups and Expense Universes, and the information in the Lipper reports may or may not provide meaningful direct comparisons to the Funds.

The Board discussed the Funds' performance, noting that the Funds seek to track their own WisdomTree benchmark index. During the prior year, the Board received periodic reports on the Funds' performance in comparison to their relevant benchmark indexes. In response to questions from the Independent Trustees, WTAM representatives discussed the relative performance of the Funds and the factors affecting such performance. On that basis, the Board determined to monitor carefully in the coming year disparities in performance—both positive and negative—but did not believe that the disparities in the past reflected any characteristics requiring immediate action by WTAM or the Sub-Adviser.

The Board also reviewed the range of actual management fees and total expenses of the Expense Group funds and, with respect to total expenses, Expense Universe funds, as well as the advisory fees and total expenses of certain funds not included in the Lipper reports that WTAM considers to be significant competitors of the Funds, and discussed the results of the comparisons. With respect to comparisons of actual management fees, the Board noted the Funds' unitary fee structure and that the Expense Groups and Expense Universes included both ETFs with and without a unitary fee structure. The Board also noted that certain comparison funds in certain Expense Groups and Expense Universes benefited from waivers of their entire management fee and reimbursement of certain operating expenses. The Board noted that the Funds' actual management fees and total expenses generally were within 10 basis points of the actual management fees and total expenses of the funds in their respective Expense Groups and Expense Universes. In those specific instances where a Fund's actual management fees or total expenses departed more significantly from comparative funds, the Independent Trustees sought explanations from WTAM, which generally attributed the disparities to the limitations within peer data, the unique attributes of a Fund or certain comparison funds and temporary fee waivers in place for marketing or other reasons.

The Board considered the fees to the Sub-Adviser in relation to the fees paid to WTAM by the Funds and the respective services provided by the Sub-Adviser and WTAM. The Board also noted that the Sub-Adviser's fees are paid by WTAM (out of its fee paid by the relevant Funds) and not the Funds. The Board considered the meaningful differences in the services that WTAM provides to the Funds as compared to the Sub-Adviser, including that the role of the Sub-Adviser in making investment recommendations with respect to a Fund tracking an index is a rules-based function, with oversight by WTAM in seeking to ensure compliance with such rules. The Board also considered the entrepreneurial and expense risk borne by WTAM that is associated with Funds' unitary fee structure, which frequently includes minimum fees (such as those to the Sub-Adviser), regardless of whether the asset size of a Fund has grown to a sufficient size.

Based on this review and the other factors considered at the Meeting, the Board concluded that, with respect to each Fund, the Fund's performance, the fees paid to WTAM and the Sub-Adviser and the Fund's total expenses supported the Board's approval of the renewal of the relevant Agreements.

***Analysis of Profitability and Economies of Scale.*** WTAM representatives reviewed the expenses allocated and profit received by WTAM and the resulting profitability percentage for managing each Fund and the aggregate profitability percentage to WTAM for managing the WisdomTree fund complex, and the method used to determine the expenses and profit.

The Board considered the profitability analysis (1) as part of its evaluation of whether the fees under the Agreements bear a reasonable relationship to the mix of services provided by WTAM and the Sub-Adviser, including the nature, extent and quality of such services, and (2) in light of the relevant circumstances for each Fund and the extent to which economies of scale would be realized if the Fund grows and whether fee levels reflect these economies of scale for the benefit of Fund shareholders. WTAM representatives noted that a discussion of economies of scale is predicated on a Fund having achieved a substantial size and that, if a Fund's assets had been decreasing, the possibility that WTAM may have realized any economies of scale would be less. WTAM representatives also noted that, as a result of shared and allocated costs among the WisdomTree funds, the extent of economies of scale could depend substantially on the level of assets in the fund complex as a whole. The Board noted that certain Funds had grown rapidly over a relatively short period of time after longer periods of slow or no growth, during which there were years of losses for WTAM in managing such Funds that had only recently turned profitable and years of substantial cumulative losses to WTAM in managing the fund complex as a whole. WTAM representatives stated that there has been significant volatility in the assets of individual Funds and in the fund complex as a whole over time (including volatility in profitability), although the current trend is positive. WTAM representatives also noted that economies of scale currently are shared with the Funds by way of the unitary fee structure of the Trust, as well as through additional investment in the WisdomTree business. The Board noted that the Contracts Review Committee had focused on the issue of economies of scale during its meetings. The Board also noted that it would continue to monitor the sharing of economies of scale, focusing in particular on Funds that have experienced significant asset growth, to determine the appropriateness of adding breakpoints in the future. The Board also considered potential benefits to WTAM and the Sub-Adviser from acting as investment adviser and sub-investment

## Edgar Filing: WisdomTree Trust - Form N-CSRS

advisers, respectively, and noted that there were no soft dollar arrangements in effect for trading the Funds' investments. Based on this review, the Board concluded that the profitability results

WisdomTree Global/Global ex-U.S. and Emerging/Frontier Markets Funds 129

**Table of Contents**

**Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited) (concluded)

were consistent with the services rendered and service levels provided by WTAM and the entrepreneurial risk WTAM has undertaken over time.

\* \* \* \* \*

At the conclusion of these discussions, the Board agreed that it had been furnished with sufficient information to make an informed business decision with respect to the renewal of the Agreements. In evaluating the Agreements, the Board considered the conclusions and determinations discussed above and also relied on its previous knowledge, gained through meetings and other interactions with WTAM and the Sub-Adviser, of the Funds and the services provided to the Funds by WTAM and the Sub-Adviser. The Board also relied on information received on a routine and regular basis throughout the year relating to the operations of the Funds and the investment advisory and other services provided under the Agreements. In light of the foregoing, the Board, including a majority of the Independent Trustees, determined to approve the renewal of the Agreements.

## **Table of Contents**

The WisdomTree Funds are exchange traded funds ( ETFs ) registered with the United States Securities and Exchange Commission as separate series ( Funds ) of WisdomTree Trust ( Trust ). WisdomTree Asset Management, Inc., a wholly owned subsidiary of WisdomTree Investments, Inc., serves as the investment adviser to the Trust. None of the WisdomTree entities are affiliated with Foreside Fund Services, LLC, the Funds distributor. WisdomTree Investments, its affiliates and their independent providers are not liable for any informational errors, incompleteness, delays, or for any actions taken in reliance on information contained herein.

**Investors should consider the investment objectives, risks, charges and expenses of the Funds carefully before investing. A prospectus, containing this and other information, is available at [www.wisdomtree.com](http://www.wisdomtree.com), or by calling 1-866-909-WISE (9473). Investors should read the prospectus carefully before investing. There are risks associated with investing, including possible loss of principal. Past performance does not guarantee future results. Indexes are unmanaged and you cannot invest directly in an index.**

There are risks associated with investing including possible loss of principal. Foreign investing involves special risks, such as risk of loss from currency fluctuation or political or economic uncertainty. Investments in real estate involve additional special risks, such as credit risk, interest rate fluctuations and the effect of varied economic conditions. Funds that focus their investments in one country or region may be significantly impacted by events and developments associated with the region which can adversely affect performance. Funds focusing on a single sector and/or smaller companies generally experience greater price volatility. Investments in emerging, offshore or frontier markets are generally less liquid and less efficient than investments in developed markets and are subject to additional risks, such as risks of adverse governmental regulation and intervention or political developments. Inflation protected securities do not eliminate risks associated with inflation or deflation. Investments in currency involve additional special risks, such as credit risk and interest rate fluctuations. Derivative investments can be volatile and these investments may be less liquid than other securities, and more sensitive to the effect of varied economic conditions. As these Funds can have a high concentration in some issuers the Funds can be adversely impacted by changes affecting such issuers. Due to the investment strategy of certain Funds they may make higher capital gain distributions than other ETFs. Please read the Fund s prospectus for specific details regarding the Fund s risk profile.

The Dow Jones Global ex-U.S. Select Real Estate Securities Index is calculated, distributed and marketed by Dow Jones Indexes, a licensed trademark of CME Group Index Services LLC, and has been licensed for use.

Transactions in Fund shares will result in brokerage commissions and will generate tax consequences. Shares may be sold through brokerage accounts, but may be redeemed from the Funds only in large amounts of 50,000 shares or more.

**Table of Contents****Performance Summary** (unaudited)**WisdomTree Dividend ex-Financials Fund (DTN)****Sector Breakdown** as of 9/30/15

<b>Sector</b>	<b>% of Net Assets</b>
Utilities	14.8%
Consumer Staples	14.8%
Energy	12.6%
Information Technology	11.8%
Consumer Discretionary	11.5%
Industrials	10.9%
Healthcare	9.5%
Materials	8.3%
Telecommunication Services	5.4%
Investment Company	0.2%
Other Assets less Liabilities	0.2%
<b>Total</b>	<b>100.0%</b>

The Fund's sector breakdown is expressed as a percentage of net assets and may change over time. In addition, a sector may be comprised of several industries.

Other assets includes investment of cash collateral for securities on loan (if any).

**Top Ten Holdings\*** as of 9/30/15

<b>Description</b>	<b>% of Net Assets</b>
Reynolds American, Inc.	3.0%
AT&T, Inc.	2.2%
Altria Group, Inc.	1.8%
Kraft Heinz Co. (The)	1.8%
Philip Morris International, Inc.	1.8%
Verizon Communications, Inc.	1.7%
Maxim Integrated Products, Inc.	1.7%
Consolidated Edison, Inc.	1.7%
Southern Co. (The)	1.7%
HollyFrontier Corp.	1.6%

\*The ten largest holdings are subject to change, and there are no guarantees the Fund will remain invested in any particular company. Excludes investment of cash collateral for securities on loan (if any).

The WisdomTree Dividend ex-Financials Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Dividend ex-Financials Index.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2015, the Fund's annual expense ratio was 0.38%.**

**Performance** as of 9/30/15

	Average Annual Total Return				Since Inception <sup>1</sup>
	6-Month*	1 Year	3 Year	5 Year	
Fund NAV Returns	-9.82%	-5.21%	9.67%	12.63%	6.98%
Fund Market Price Returns	-9.85%	-5.22%	9.66%	12.60%	6.97%
<i>WisdomTree Dividend Top 100/Dividend ex-Financials Spliced Index<sup>2</sup></i>	-9.67%	-4.89%	10.07%	13.04%	7.37%
<i>Dow Jones U.S. Select Dividend Index<sup>SM</sup></i>	-4.84%	2.24%	12.10%	13.45%	6.09%

\* Returns of less than one year are cumulative.

<sup>1</sup> Total returns are calculated based on the commencement of Fund trading on the NYSE Arca, Inc. on June 16, 2006.

<sup>2</sup> WisdomTree Dividend Top 100 Index through May 7, 2009; WisdomTree Dividend ex-Financials Index thereafter.

**Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted. Investment returns and the principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data for the most recent month-end is available at [www.wisdomtree.com](http://www.wisdomtree.com). WisdomTree shares are bought and sold at market price (not NAV) and are not individually redeemed from the Fund. Fund NAV returns are calculated using the Fund's daily 4:00 p.m. NAV. Market price returns reflect the midpoint of the bid/ask spread as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period of less than one year are cumulative.**

The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2015, the Fund's annual expense ratio was 0.38%.**

**Performance** as of 9/30/15

	Average Annual Total Return				Since Inception <sup>1</sup>
	6-Month*	1 Year	3 Year	5 Year	
Fund NAV Returns	-8.57%	1.80%	14.03%	13.81%	8.01%
Fund Market Price Returns	-8.60%	1.85%	14.06%	13.80%	8.07%
<i>WisdomTree MidCap Dividend Index</i>	-8.36%	2.16%	14.37%	14.18%	8.04%
<i>S&amp;P MidCap 400® Index</i>	-9.47%	1.40%	13.12%	12.93%	8.42%

\* Returns of less than one year are cumulative.

<sup>1</sup> Total returns are calculated based on the commencement of Fund trading on the NYSE Arca, Inc. on June 16, 2006.

**Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted. Investment returns and the principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data for the most recent month-end is available at [www.wisdomtree.com](http://www.wisdomtree.com). WisdomTree shares are bought and sold at market price (not NAV) and are not individually redeemed from the Fund. Fund NAV returns are calculated using the Fund's daily 4:00 p.m. NAV. Market price returns reflect the midpoint of the bid/ask spread as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period of less than one year are cumulative.**

In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2015, the Fund's annual expense ratio was 0.28%.**

**Performance** as of 9/30/15

	Average Annual Total Return		
	6-Month*	1 Year	Since Inception <sup>1</sup>
Fund NAV Returns	-7.31%	-0.02%	8.25%
Fund Market Price Returns	-7.47%	-0.12%	8.21%
<i>WisdomTree U.S. Quality Dividend Growth Index</i>	-7.21%	0.23%	8.53%
<i>NASDAQ U.S. Dividend Achievers™ Select Index</i>	-7.49%	-1.91%	5.39%

\* Returns of less than one year are cumulative.

<sup>1</sup> Total returns are calculated based on the commencement of Fund trading on the NASDAQ on May 22, 2013.

**Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted. Investment returns and the principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data for the most recent month-end is available at [www.wisdomtree.com](http://www.wisdomtree.com). WisdomTree shares are bought and sold at market price (not NAV) and are not individually redeemed from the Fund. Fund NAV returns are calculated using the Fund's daily 4:00 p.m. NAV. Market price returns reflect the midpoint of the bid/ask spread as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period of less than one year are cumulative.**

The WisdomTree U.S. SmallCap Quality Dividend Growth Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree U.S. SmallCap Quality Dividend Growth Index. Prior to August 31, 2015, the WisdomTree U.S. SmallCap Quality Dividend Growth Index was named the WisdomTree U.S. SmallCap Dividend Growth Index.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the

## Edgar Filing: WisdomTree Trust - Form N-CSRS

Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2015, the Fund's annual expense ratio was 0.38%.**

**Performance** as of 9/30/15

	Average Annual Total Return		
	6-Month*	1 Year	Since Inception <sup>1</sup>

Total returns for a period of less than one year are cumulative.**

## Table of Contents

### **Description of Indexes** (unaudited)

Below are descriptions of each Index referenced in this report:

The **Dow Jones U.S. Select Dividend Index<sup>SM</sup>** is comprised of 100 U.S. dividend-paying companies.

The **NASDAQ U.S. Dividend Achievers<sup>TM</sup> Select Index** is a capitalization-weighted index that measures the performance of U.S. common stocks that have a history of increasing dividends for at least ten consecutive years.

The **Russell 1000<sup>®</sup> Value Index** is a capitalization-weighted index that is comprised of the large-capitalization value segment of the U.S. equity universe, selecting from the Russell 1000 Index.

The **Russell 2000<sup>®</sup> Index** is a capitalization-weighted index that is comprised of the smallest 2,000 securities in the Russell 3000 Index, based on total market capitalization.

The **Russell 3000<sup>®</sup> Index** is a capitalization-weighted index that is comprised of the 3,000 largest U.S. companies, based on total market capitalization.

The **S&P 500<sup>®</sup> Index** is a capitalization-weighted index of 500 stocks selected by Standard & Poor's Index Committee, designed to represent the performance of the leading industries in the United States economy.

The **S&P MidCap 400<sup>®</sup> Index** is a capitalization-weighted index that is comprised of the mid-capitalization range of the U.S. stock market, with stocks selected by the Standard & Poor's Index Committee.

The **WisdomTree Dividend ex-Financials Index** is comprised of high dividend-yielding stocks outside the Financials sector.

The **WisdomTree Dividend Index** defines the dividend-paying portion of the U.S. stock market.

The **WisdomTree Dividend Top 100 Index** is comprised of the 100 highest dividend-yielding companies in the WisdomTree LargeCap Dividend Index.

The **WisdomTree Earnings 500 Index** is comprised of earnings-generating companies within the large-capitalization segment of the U.S. stock market.

The **WisdomTree Earnings Index** is comprised of earnings-generating companies within the broad U.S. stock market.

The **WisdomTree High Dividend Index** is comprised of companies with high dividend yields, selected from the WisdomTree Dividend Index.

The **WisdomTree LargeCap Dividend Index** is comprised of the large-capitalization segment of the U.S. dividend-paying market, selected from the WisdomTree Dividend Index.

The **WisdomTree LargeCap Value Index** is comprised of the large-capitalization value segment within the earnings-generating companies of the U.S. stock market.

The **WisdomTree Low P/E Index** is comprised of companies with the lowest price-to-earnings ratios (P/E ratios) in the WisdomTree Earnings Index.

The **WisdomTree MidCap Dividend Index** is comprised of the mid-capitalization segment of the U.S. dividend-paying market, selected from the WisdomTree Dividend Index.

The **WisdomTree MidCap Earnings Index** is comprised of earnings-generating companies within the mid-capitalization segment of the U.S. stock market.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

The **WisdomTree SmallCap Dividend Index** is comprised of the small-capitalization segment of the U.S. dividend-paying market, selected from the WisdomTree Dividend Index.

The **WisdomTree SmallCap Earnings Index** is comprised of earnings-generating companies within the small-capitalization segment of the U.S. stock market.

The **WisdomTree U.S. Quality Dividend Growth Index** is comprised of dividend-paying stocks with growth characteristics.

WisdomTree and the Funds do not guarantee the accuracy, completeness, or performance of the underlying Indexes or the data included therein and shall have no liability in connection with the underlying Indexes or their calculation.

## **Table of Contents**

### **Shareholder Expense Examples** (unaudited)

As a shareholder of a WisdomTree Fund, you incur two types of cost: (1) transaction costs, including brokerage commissions on purchases and sales of your Fund shares and (2) ongoing costs, including management fees and other Fund expenses. The following example is intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other funds.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from April 1, 2015 to September 30, 2015.

#### **Actual expenses**

The first line under each Fund in the table on the next page provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled **Expenses Paid During the Period 4/1/15 to 9/30/15** to estimate the expenses you paid on your account during the period.

#### **Hypothetical example for comparison purposes**

The second line under each Fund in the table on the next page provides information about hypothetical account values and hypothetical expenses based on each Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line under each Fund in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

Portfolio turnover rate <sup>7</sup>	1%	16%	15%	13%	16%	12%

<sup>1</sup> Based on average shares outstanding.

<sup>2</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is

## Edgar Filing: WisdomTree Trust - Form N-CSRS

not annualized. For the periods in which the investment advisor waived advisory fees, the total return would have been lower if certain expenses had not been waived (Notes 2 and 3).

- <sup>3</sup> The ratios to average net assets do not include net investment income (loss) or expenses of other funds in which the Fund invests.
- <sup>4</sup> The expense ratio includes investment advisory fee waivers. Without these investment advisory fee waivers, the expense ratio would have been unchanged.
- <sup>5</sup> Annualized.
- <sup>6</sup> Included in the expense ratio are proxy expenses. Without these proxy expenses, the expense ratio would have been 0.38% and 0.28%, for WisdomTree Dividend ex-Financials Fund and WisdomTree Earnings 500 Fund, respectively.
- <sup>7</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from the portfolio turnover calculation, as well.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

\* Commencement of operations.

<sup>1</sup> Based on average shares outstanding.

<sup>2</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. For the periods in which the investment advisor waived advisory fees, the total return would have been lower if certain expenses had not been waived (Notes 2 and 3).

<sup>3</sup> Annualized.

<sup>4</sup> Included in the expense ratio are proxy expenses. Without these proxy expenses, the expense ratio would have been 0.28%.

<sup>5</sup> The ratios to average net assets do not include net investment income (loss) or expenses of other funds in which the Fund invests.

<sup>6</sup> The expense ratio includes investment advisory fee waivers. Without these investment advisory fee waivers, the expense ratio would have been unchanged.

<sup>7</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from the portfolio turnover calculation, as well.

<sup>8</sup> Amount represents less than \$0.005.

126 WisdomTree Domestic Earnings and Dividend Funds

**Table of Contents****Notes to Financial Statements** (unaudited)**1. ORGANIZATION**

WisdomTree Trust (the Trust) is registered under the Investment Company Act of 1940, as amended (the 1940 Act), as an open-end management investment company. The Trust was established as a Delaware statutory trust on December 15, 2005. As of September 30, 2015, the Trust offered 79 investment funds (each a Fund, collectively, the Funds). In accordance with Accounting Standard Update (ASU) 2013-08, Financial Services-Investment Companies, each Fund qualifies as an investment company and is applying the accounting and reporting guidance for investment companies. These notes relate only to the Funds listed in the table below:

<b>Fund</b>	<b>Commencement of Operations</b>
WisdomTree Dividend ex-Financials Fund ( Dividend ex-Financials Fund )	June 16, 2006
WisdomTree Earnings 500 Fund ( Earnings 500 Fund )	February 23, 2007
WisdomTree High Dividend Fund ( High Dividend Fund ) (formerly, <i>WisdomTree Equity Income Fund</i> )	June 16, 2006
WisdomTree LargeCap Dividend Fund ( LargeCap Dividend Fund )	June 16, 2006
WisdomTree LargeCap Value Fund ( LargeCap Value Fund )	February 23, 2007
WisdomTree MidCap Dividend Fund ( MidCap Dividend Fund )	June 16, 2006
WisdomTree MidCap Earnings Fund ( MidCap Earnings Fund )	February 23, 2007
WisdomTree SmallCap Dividend Fund ( SmallCap Dividend Fund )	June 16, 2006
WisdomTree SmallCap Earnings Fund ( SmallCap Earnings Fund )	February 23, 2007
WisdomTree Total Dividend Fund ( Total Dividend Fund )	June 16, 2006
WisdomTree Total Earnings Fund ( Total Earnings Fund )	February 23, 2007
WisdomTree U.S. Quality Dividend Growth Fund ( U.S. Quality Dividend Growth Fund ) (formerly, <i>WisdomTree U.S. Dividend Growth Fund</i> )	May 22, 2013
WisdomTree U.S. SmallCap Quality Dividend Growth Fund ( U.S. SmallCap Quality Dividend Growth Fund ) (formerly, <i>WisdomTree U.S. SmallCap Dividend Growth Fund</i> )	July 25, 2013

Each Fund seeks to track the price and yield performance, before fees and expenses, of a particular index ( Index ) developed by WisdomTree Investments, Inc. ( WisdomTree Investments ). WisdomTree Investments is the parent company of WisdomTree Asset Management, Inc. ( WTAM ), the investment adviser to each Fund and the Trust. WisdomTree is a registered mark of WisdomTree Investments and has been licensed for use by the Trust. Each Fund described herein is considered to be non-diversified.

In the normal course of business, the Funds may enter into contracts that contain a variety of representations or that provide indemnification for certain liabilities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts.

**2. SIGNIFICANT ACCOUNTING POLICIES**

The Financial Accounting Standards Board ( FASB ) Accounting Standards Codification (the Codification) is the exclusive reference of authoritative U.S. generally accepted accounting principles ( GAAP ) recognized by the FASB to be applied by nongovernmental entities. Rules and interpretive releases of the Securities and Exchange Commission ( SEC ) under authority of federal laws are also sources of authoritative GAAP for SEC registrants.

The following is a summary of significant accounting policies followed by the Funds:

**Use of Estimates** The preparation of financial statements in conformity with GAAP, requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in the net assets from operations during the reporting period. Actual results could differ from those estimates.

**Investment Valuation** The net asset value ( NAV ) of each Fund's shares is calculated each day a Fund is open for business as of the regularly scheduled close of regular trading on the New York Stock Exchange, generally 4:00 p.m. Eastern time (the NAV Calculation Time). NAV per share is calculated by dividing a Fund's net assets by the number of Fund shares outstanding. Each Fund issues and redeems shares at NAV only in large blocks of shares known as creation units, which only certain institutions or large investors may purchase or redeem. Shares of each Fund

## Edgar Filing: WisdomTree Trust - Form N-CSRS

are listed on a national securities exchange and trade at market prices. Most investors will buy and sell shares through brokers. Because Fund shares trade at market prices rather than NAV, shares may trade at a price greater than NAV or less than NAV. In calculating each Fund's NAV, investments are valued under policies approved by the Board of Trustees. Equity securities (including preferred stock) traded on any recognized U.S. or non-U.S. exchange are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Unlisted equity securities

WisdomTree Domestic Earnings and Dividend Funds 127

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

(including preferred stock) are valued at the last quoted sale price or, if no sale price is available, at the mean between the highest bid and lowest ask price. Fixed income securities (including short-term debt securities with remaining maturities of 60 days or less) generally are valued at current market quotations or mean prices obtained from broker-dealers or independent pricing service providers. Each Fund may invest in money market funds which are valued at their NAV per share and affiliated ETFs which are valued at their last sale or official closing price on the exchange on which they are principally traded.

In certain instances, such as when reliable market valuations are not readily available or are not deemed to reflect current market values, a Fund's investments and derivatives will be fair valued in accordance with the Fund's pricing policy. The Board of Trustees of the Trust has established a pricing committee (the Pricing Committee) which is comprised of senior representatives of WisdomTree Asset Management, Inc. (WTAM) and which reports to the Board of Trustees on a quarterly basis. In the event that a financial instrument cannot be valued based upon a price from a national securities exchange, independent pricing service provider or broker-dealer quotation, or such prices are deemed to not reflect current market value, the Pricing Committee may value the financial instrument in good faith under the policies and procedures approved by the Board of Trustees based on current facts and circumstances. Securities that may be valued using fair value pricing may include, but are not limited to, securities for which there are no current market quotations, securities whose issuer is in default or bankruptcy, securities subject to corporate actions (such as mergers or reorganizations), securities subject to non-U.S. investment limits or currency controls, and securities affected by significant events. An example of a significant event is an event occurring after the close of the market in which a security trades but before a Fund's next NAV Calculation Time that may materially affect the value of a Fund's investment (e.g., government action, natural disaster, or significant market fluctuation). When fair value pricing is employed, the prices of securities used by a Fund to calculate its NAV may differ from quoted or published prices for the same securities.

**Fair Value Measurement** In accordance with Codification Topic 820 (ASC 820), Fair Value Measurements and Disclosures, fair value is defined as the price that each Fund would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market of the investment. ASC 820 established a three-tier hierarchy of inputs to be used when determining fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk—for example, the risk inherent in a particular valuation technique used to measure fair value (such as a pricing model) and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability. Observable inputs are based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability. Unobservable inputs are based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized in the three broad levels listed below:

Level 1 quoted prices in active markets for identical securities

Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including each Fund's assumptions in determining the fair value of investments)

The inputs or methodology used for valuation are not necessarily an indication of the risk associated with investing in those investments.

Investments that use Level 2 or Level 3 inputs may include, but are not limited to: (i) an unlisted security related to corporate actions; (ii) a restricted security (e.g., one that may not be publicly sold without registration under the Securities Act of 1933, as amended); (iii) a security whose trading has been suspended or which has been de-listed from its primary trading exchange; (iv) a security that is thinly traded; (v) a security in default or bankruptcy proceedings for which there is no current market quotation or market activity; (vi) a security affected by currency controls or restrictions; and (vii) a security affected by a significant event (e.g., an event that occurs after the close of the markets on which the security is traded but before the time as of which a Fund's NAV is computed and that may materially affect the value of the Fund's investments).

The valuation techniques and significant inputs used in determining the fair market value measurements for Level 2 and Level 3 positions are as follows:

Financial instruments are generally valued by independent pricing service providers that use broker-dealer quotations, reported trades or valuation estimates from their internal pricing models. Depending on the type of financial instrument, the independent pricing service providers

## Edgar Filing: WisdomTree Trust - Form N-CSRS

internal pricing models may use inputs that are observable such as issuer details, interest rates, yield curves, prepayment speeds, credit risks/spreads, default rates and quoted prices for similar assets. Financial instruments that use similar valuation techniques and observable inputs as described above and have an appropriate level of market activity are categorized as Level 2 of the fair value hierarchy, otherwise a Level 3 fair value classification is appropriate. Over-the-counter financial derivative instruments derive their value from underlying asset prices, indices, reference rates, and other inputs or a combination of these factors. These instruments are normally valued on the basis of broker-dealer quotations or independent pricing service providers.

128 WisdomTree Domestic Earnings and Dividend Funds

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

Depending on the product and the terms of the transaction, the value of the financial derivative instruments can be estimated by an independent pricing service provider using a series of techniques including simulation pricing models. The pricing models use inputs that are observed from actively quoted markets such as issuer details, indices, credit risks/spreads, interest rates, yield curves, default and exchange rates. Derivative contracts that use valuation techniques and observable inputs as described above and have an appropriate level of market activity are categorized as Level 2 of the fair value hierarchy, otherwise a Level 3 fair value classification is appropriate.

Determination of a fair value by the Pricing Committee may include significant unobservable inputs and therefore would be reflected as a Level 3 of the fair value hierarchy. The Pricing Committee may employ a market-based valuation approach which may use, among other potential considerations, related or comparable securities, recent transactions, market multiples, book values, and other relevant information to determine fair value. The Pricing Committee may also use an income-based valuation approach in which anticipated future cash flows of the financial instrument are discounted to calculate fair value. The Pricing Committee meets at least on a monthly basis to review and discuss the appropriateness of such fair values using more current information such as, recent security news, recent market transactions, updated corporate action information and/or other macro or security specific events. Also, when observable inputs become available, the Pricing Committee conducts back testing of the methodologies used to value Level 3 financial instruments to substantiate the unobservable inputs used to value those investments. Such back testing includes comparing Level 3 investment values to observable inputs such as exchange-traded prices, transaction prices, and/or vendor prices.

The following is a summary of the fair valuations according to the inputs used as of September 30, 2015 in valuing each Fund's assets:

<b>Dividend ex-Financials Fund</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>

## Edgar Filing: WisdomTree Trust - Form N-CSRS

There were no Level 3 securities at or during the six months ended September 30, 2015.

130 WisdomTree Domestic Earnings and Dividend Funds

**Table of Contents**

**Notes to Financial Statements** (unaudited) (continued)

The Funds have elected to use the beginning of period method for transfers between fair value measurement levels.

During the six months ended September 30, 2015, SmallCap Dividend Fund transferred securities with a fair value of \$66,688 from Level 2 to Level 1 primarily due to the availability of a quoted price in an active market for identical investments as of September 30, 2015

**Investment Transactions and Investment Income** Investment transactions are recorded as of the date that the securities are purchased or sold (trade date). Realized gains and losses on sales of portfolio securities are calculated using the identified-cost method. Dividend income is recognized on the ex-dividend date, net of any foreign taxes withheld, if any.

**Expenses/Reimbursements** Under the investment advisory agreement for each Fund, except U.S. Quality Dividend Growth Fund and U.S. SmallCap Quality Dividend Growth Fund, WTAM has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other expenses (such as stamp taxes) connected with the execution of portfolio transactions or in connection with creation and redemption transactions; (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of trustees who are not interested persons of the Funds ( Independent Trustees ); (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's Chief Compliance Officer ( CCO ); (vi) extraordinary expenses; (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; and (viii) the advisory fee payable to WTAM.

Under the investment advisory agreement for U.S. Quality Dividend Growth Fund and U.S. SmallCap Quality Dividend Growth Fund, WTAM has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other fees, charges, taxes, levies or expenses (such as stamp taxes) incurred in connection with the execution of portfolio transactions or in connection with creation and redemption transactions (including without limitation any fees, charges, taxes, levies or expenses related to the purchase or sale of an amount of any currency, or the partition or repatriation of any security or other asset, related to the execution of portfolio transactions or any creation or redemption transactions); (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of each Independent Trustee; (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's CCO; (vi) extraordinary expenses (in each case as determined by a majority of the Independent Trustees); (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; (viii) interest and taxes of any kind or nature (including, but not limited to, income, excise, transfer and withholding taxes); (ix) fees and expenses related to the provision of securities lending services; and (x) the advisory fee payable to WTAM.

The internal expenses of pooled investment vehicles in which the Funds may invest (acquired fund fees and expenses) are not expenses of the Funds and are not paid by WTAM.

During the six months ended September 30, 2015, High Dividend Fund, MidCap Dividend Fund and Total Dividend Fund (the Affected Funds ) incurred legal expenses pertaining to defending against litigation brought against former shareholders of Lyondell Chemical Company ( Lyondell ), such as the Affected Funds. The lawsuit seeks to recover amounts paid to former shareholders of Lyondell as fraudulent transfers in connection with the leveraged buyout of Lyondell by Basell AF S.C.A in December of 2007 after Lyondell filed for bankruptcy in 2008. While the Affected Funds believe that they have valid defenses and are participating in the defense along with a number of other shareholders, at this stage of the proceedings, the Affected Funds are not able to make a reliable prediction as to the outcome of these lawsuits or the effect, if any, on an Affected Fund's net asset value.

Pursuant to a separate contractual arrangement, WTAM arranges for the provision of CCO services with respect to each Fund, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees. WTAM receives a fee, as shown on the Statements of Operations under Service fees , of up to 0.0044% of each Fund's average daily net assets for providing such services and paying such expenses. WTAM provides CCO services to the Trust.

**Securities Lending** Each Fund may lend portfolio securities to certain creditworthy borrowers, including the Funds' securities lending agent. It is the Funds' policy that, at origination, all loans are secured by collateral of at least 102% of the value of U.S. securities loaned and 105% of the value of foreign securities loaned. Collateral in the form of cash and/or high-grade debt obligations, equivalent to at least 100% of the market value of securities, is maintained at all times. The cash collateral can be invested in certain money market mutual funds which also have exposure to the fluctuations of the market. The value of the investment of cash collateral for securities on loan along with the obligation to return such collateral are included on the Statements of Assets and Liabilities. The value of securities received as collateral for securities on loan are

## Edgar Filing: WisdomTree Trust - Form N-CSRS

not included on the Statements of Assets and Liabilities because the receiving Fund does not have the right to sell or repledge the securities received as collateral. Each Fund receives compensation for lending its securities from interest or dividends earned on the cash or U.S. government securities held as collateral, net of fee rebates paid to the borrower plus reasonable administrative and custody fees, all of which are included in the securities lending income earned by the Funds and disclosed on the Statement of Operations. The dividend and interest income earned on the securities loaned is accounted for in the same manner as other dividend and interest income. The borrower pays to

WisdomTree Domestic Earnings and Dividend Funds 131

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

the Funds an amount equal to any dividends or interest received on loaned securities. Dividends received while a security is out on loan are not considered Qualified Dividend Income ( QDI ) under the specific criteria issued by the Internal Revenue Service and are subject to taxation at the shareholder's ordinary income tax rate instead of the lower long-term capital gains tax rate. Lending portfolio securities could result in a loss or delay in recovering each Fund's securities if the borrower defaults.

**Master Netting Arrangements** ASU No. 2011-11 Disclosures about Offsetting Assets and Liabilities ( ASU 2011-11 ) is generally intended to (i) help investors and other financial statement users to better assess the effect or potential effect of offsetting arrangements on a company's financial position, (ii) improve transparency in the reporting of how companies mitigate credit risk, and (iii) facilitate comparisons between those entities that prepare their financial statements on the basis of GAAP and those entities that prepare their financial statements on the basis of international financial reporting standards. ASU 2011-11 requires entities to disclose (i) gross and net information about both instruments and transactions eligible for offset in the financial statements, and (ii) instruments and transactions subject to an agreement similar to a master netting agreement. ASU 2011-11 is limited in scope to the following financial instruments, to the extent they are offset in the financial statements or subject to an enforceable master netting arrangement or similar agreement: (i) recognized derivative instruments accounted for under ASC 815 (Derivatives and Hedging); (ii) repurchase agreements and reverse repurchase agreements; and (iii) securities borrowing and securities lending transactions.

A Fund's security lending activities are governed by a Securities Lending Authorization Agreement ( Lending Agreement ) between the Fund and the lending agent. The Lending Agreement authorizes the lending agent to lend qualifying U.S. and foreign securities held by a Fund to approved borrowers (each a Borrower ). To mitigate borrower risk, a Fund typically receives from a Borrower, collateral in the form of U.S. dollar cash and/or securities issued or guaranteed by the U.S. government or its agencies in excess of the market value of the securities loaned. Under the provisions of the Lending Agreement, a Fund shall have, as to the collateral, all of the rights and remedies of a secured party under applicable law. A Fund is exposed to risk of loss if a Borrower defaults on its obligation to return borrowed securities and the value of the collateral a Fund received is insufficient to cover the market value of the securities loaned. Also, the lending agent is permitted to invest the cash collateral it receives from a Borrower into a money market fund which is subject to market fluctuation. Therefore, a Fund is exposed to risk of loss if the value of invested cash collateral is insufficient to satisfy the Fund's obligation to return the full amount owed to such Borrower.

For financial reporting purposes, the Funds elect to not offset assets and liabilities subject to the Lending Agreement or similar arrangements in the Statements of Assets and Liabilities. Therefore, all qualifying transactions, if any at September 30, 2015, are presented on a gross basis in the Statements of Assets and Liabilities. As of September 30, 2015, the Funds had securities on loan and the value of the related collateral received by each Fund exceeded the value of the securities loaned by each Fund at period end. The value of the securities loaned by each Fund is located in the Statements of Assets and Liabilities. In addition, a breakout of the total amount of cash and non-cash securities lending collateral received is located in the Schedules of Investments.

**Short-Term Investments** Each Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments include short-term obligations issued by the U.S. government, its agencies, non-U.S. government agencies, negotiable certificates of deposit ( CDs ), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions, commercial papers, repurchase agreements and money market funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Banker's acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

**Tax Information and Dividends and Distributions to Shareholders** It is each Fund's policy to comply with all requirements of the Internal Revenue Code of 1986, as amended (the Code ). Each Fund intends to qualify for and to elect treatment as a separate Regulated Investment Company ( RIC ) under Subchapter M of the Code. It is the policy of each Fund to pay out dividends, if any, to investors at least annually. There can be no guarantee that a Fund will pay dividends. Taxable net realized gains from investment transactions, reduced by capital loss carryforwards, if any, are declared and distributed to shareholders at least annually. The capital loss carryforward amount, if any, is available to offset future net capital gains. The Funds may occasionally be required to make supplemental distributions at some other time during the year. The Trust reserves the right to declare special distributions if, in its reasonable discretion, such action is necessary or advisable to preserve the status of each Fund as a RIC or to avoid imposition of income or excise taxes on undistributed income. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with the requirements of the Code and the U.S. Treasury regulations. These book/tax differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the components of net assets based on their Federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions that exceed earnings and profit for tax purposes are reported for tax purposes as a return of capital.

132 WisdomTree Domestic Earnings and Dividend Funds

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)**3. ADVISORY FEES AND TRANSACTIONS**

WTAM has overall responsibility for the general management and administration of the Trust. WTAM provides an investment program for each Fund. WTAM has arranged for Mellon Capital Management Corporation ( MCM ) to provide sub-advisory services to the Funds. MCM is compensated by WTAM at no additional cost to the Funds. WTAM also arranges for transfer agency, custody, fund accounting, fund administration, securities lending and all other non-distribution related services necessary for the Funds to operate, which are generally under separate agreements entered into between the Trust on behalf of the Funds and the applicable service provider. Under the investment advisory agreement for each Fund, WTAM agrees to pay all expenses of the Funds, except for certain expenses described in Note 2.

Pursuant to a separate contractual arrangement, as also described in Note 2, WTAM arranges for the provision of CCO services with respect to each Fund, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees in exchange for a fee of up to 0.0044% of each Fund's average daily net assets. WTAM expects to receive advisory fees from each Fund, based on a percentage of the Fund's average daily net assets, as shown in the following table:

<b>Fund</b>	<b>Advisory Fee Rate</b>
Dividend ex-Financials Fund	0.38%
Earnings 500 Fund	0.28%
High Dividend Fund	0.38%
LargeCap Dividend Fund	0.28%
LargeCap Value Fund	0.38%
MidCap Dividend Fund	0.38%
MidCap Earnings Fund	0.38%
SmallCap Dividend Fund	0.38%
SmallCap Earnings Fund	0.38%
Total Dividend Fund	0.28%
Total Earnings Fund	0.28%
U.S. Quality Dividend Growth Fund	0.28%
U.S. SmallCap Quality Dividend Growth Fund	0.38%

Each Fund may purchase shares of affiliated exchanged-traded funds ( ETF ) in secondary market transactions. WTAM waives its advisory fees for each Fund's investment, associated with daily uninvested cash, in correlated affiliated ETFs net of any incremental costs as a result of these transactions (fund accounting, safekeeping, transaction fees, etc.) that are paid by WTAM out of the advisory fee received from the affiliated ETFs. The dollar amount of advisory fees waived during the period for the Funds, if any, are shown in the Statements of Operations. Please see Note 7 Other Affiliated Parties and Transactions for additional information.

**4. CAPITAL SHARE TRANSACTIONS**

As of September 30, 2015, there were an unlimited number of \$0.001 par value shares of beneficial interest authorized by the Trust. Shares are issued and redeemed by each Fund only in creation units or multiples thereof. Except when aggregated in creation units, shares of each Fund are not redeemable. Transactions in shares for each Fund are disclosed in detail in the Statements of Changes in Net Assets. The consideration for the purchase of creation units of a Fund generally consists of the in-kind contribution of a designated portfolio of equity securities constituting a portfolio sampling representation of the securities included in the relevant Fund's underlying Index and an amount of cash. Investors purchasing and redeeming creation units may be charged a purchase transaction fee and a redemption transaction fee to offset transfer and other transaction costs associated with the issuance and redemption of creation units.

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)**5. INVESTMENT PORTFOLIO TRANSACTIONS**

Purchases and sales of investments (excluding purchases and sales resulting from in-kind capital share transactions and short-term investments) and the cost of purchases and the proceeds from sales resulting from in-kind capital share transactions (excluding short-term investments) for the six months ended September 30, 2015 are shown in the below table. Realized gains and losses on sales resulting from in-kind capital share redemptions, as shown in the Statements of Operations, are not recognized by the Funds for tax purposes.

Fund	In-kind Capital Share Transactions			
	Purchases	Sales	Purchases	Sales
Dividend ex-Financials Fund	\$ 37,759,457	\$ 19,569,342	\$	\$ 204,977,042

U.S. SmallCap Quality Dividend Growth Fund	386,557	364,373	10,015,111	

**6. FEDERAL INCOME TAXES**

At September 30, 2015, the cost of investments (including securities on loan) for Federal income tax purposes was as follows:

Fund	Tax Cost	Gross Unrealized Appreciation	Gross Unrealized Depreciation	Net
				Unrealized Appreciation/Depreciation
Dividend ex-Financials Fund	\$ 984,189,136	\$ 80,239,916	\$ (127,068,631)	\$ (46,828,715)
Earnings 500 Fund	115,281,096	17,195,457	(7,471,959)	9,723,498
High Dividend Fund	907,648,788	48,947,282	(94,670,211)	(45,722,929)
LargeCap Dividend Fund	1,620,532,598	131,766,974	(131,609,041)	157,933
LargeCap Value Fund	30,477,556	2,608,366	(2,140,600)	467,766
MidCap Dividend Fund	1,498,759,144	114,110,218	(142,623,865)	(28,513,647)
MidCap Earnings Fund	741,055,073	65,126,151	(81,643,325)	(16,517,174)
SmallCap Dividend Fund	1,263,167,612	102,626,291	(156,283,063)	(53,656,772)
SmallCap Earnings Fund	425,783,443	37,577,086	(70,511,777)	(32,934,691)
Total Dividend Fund	439,080,779	61,131,435	(30,413,564)	30,717,871
Total Earnings Fund	68,473,106	6,113,505	(6,512,202)	(398,697)
U.S. Quality Dividend Growth Fund	515,387,618	16,481,895	(47,864,488)	(31,382,593)
U.S. SmallCap Quality Dividend Growth Fund	32,823,079	1,465,739	(4,322,513)	(2,856,774)

**Table of Contents****Notes to Financial Statements** (unaudited) (concluded)**7. OTHER AFFILIATED PARTIES AND TRANSACTIONS**

Affiliated holdings are funds which are managed by, or an affiliate of, WTAM. Transactions with affiliated funds during the six months ended September 30, 2015 are as follows:

<b>Fund</b>	<b>Value at 3/31/2015</b>	<b>Purchases/ Additions</b>	<b>Sales/ Reductions</b>	<b>Value at 9/30/2015</b>	<b>Dividend Income</b>
<b>Dividend ex-Financials Fund</b>

**8. RECENT ACCOUNTING PRONOUNCEMENT**

In May 2015, the FASB issued *ASU 2015-07 Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. This is an update to Fair Value Measurement Topic 820. The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for financial statements issued for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. WTAM is evaluating the impact, if any, of this guidance on the Trust's financial statement disclosures.

**Table of Contents**

**Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited)

***Consideration of the Renewal of Investment Advisory and Sub-Investment Advisory Agreements***

At a meeting of the Board of Trustees (the Board or the Trustees) of the WisdomTree Trust (the Trust) held on September 21-22, 2015 (the Meeting), the Trustees, including those Trustees who are not interested persons (as defined in the Investment Company Act of 1940, as amended) of the Trust (the Independent Trustees), considered the renewal of the Investment Advisory Agreements between WisdomTree Asset Management, Inc. (WTAM) and the Trust, on behalf of series included in this report (each, a Fund, and, collectively, the Funds), pursuant to which WTAM provides the Funds with investment advisory services (the Advisory Agreements) and the Sub-Advisory Agreement (the Sub-Advisory Agreement), pursuant to which Mellon Capital Management Corporation (the Sub-Adviser) coordinates the investment and reinvestment of the assets of the Funds.

The Independent Trustees requested, and WTAM provided, such information as the Independent Trustees, with advice from independent legal counsel, deemed reasonably necessary to evaluate the Agreements. On June 10, 2015, a committee of Independent Trustees (the Contracts Review Committee) met with independent legal counsel to discuss the types of information the Independent Trustees required and the manner in which Fund management would organize and present such information. On July 15, 2015, members of the Contracts Review Committee met with representatives from WTAM for a preliminary discussion of matters relating to the Board's consideration of the continuance of the Agreements. At a meeting of the Contracts Review Committee held on August 6, 2015, representatives from WTAM presented preliminary information to the Trustees relating to the continuance of the Agreements, and the Trustees, including the Independent Trustees, reviewed and discussed such information. Further information was presented at the Board's request at the Meeting.

The Independent Trustees were assisted in their review by independent legal counsel and met with counsel in executive session separate from WTAM representatives and the Sub-Adviser. In considering the renewal of the Agreements, the Board considered all factors that it believed to be relevant, including those discussed below. The Board did not identify any one factor as dispositive, and each Trustee may have attributed different weights to the factors considered.

***Analysis of Nature, Extent, and Quality of Services Provided to the Funds.*** The Board considered information provided to them at the Meeting and in previous presentations throughout the year from WTAM representatives regarding the nature, extent, and quality of the services provided to the Funds, recognizing WTAM's and the Sub-Adviser's operational capabilities and resources. The Board also discussed the role of WisdomTree Investments, Inc. (WTI), the parent of WTAM, as index provider to the Funds and other index-based funds in the WisdomTree fund complex, which comprise the substantial majority of assets in the WisdomTree fund complex. The Board noted that the strategies represented by those Funds tracking affiliated WTI indexes are unique, based on WTI's intellectual property and are only available for use by the Funds through WTAM. The Board noted WTAM's belief that shareholders have invested in such Funds on the strength of WTI's intellectual property and WTAM's industry standing and reputation and with the expectation that WTAM will have a continuing role in providing advisory services to the Funds based on the WTI indexes. The Board also noted the extensive responsibilities that WTAM has as investment adviser to the Funds, including: the selection of, and supervisory responsibilities and activities over, the Sub-Adviser, including oversight of the Sub-Adviser's adherence to each Fund's investment strategy and restrictions, monitoring of the Sub-Adviser's buying and selling of securities and derivatives transactions, review of Sub-Adviser performance, review of proxies voted by the Sub-Adviser and oversight of, and the provision of consultation to, the Sub-Adviser with respect to the creation of custom creation or redemption baskets for authorized participants; oversight of the daily valuation of the Funds' portfolio holdings; oversight of general Fund compliance with federal and state laws; and implementation of Board directives as they relate to the Funds. The Board also considered research support available to, and management capabilities of, the Funds management personnel and that WTAM provides oversight of day-to-day Fund operations, including fund accounting, tax matters, administration and legal assistance in meeting disclosure and regulatory requirements. Based on management's representations, the Board expected that there would be no reduction in the scope of services required by or provided by WTAM and the Sub-Adviser under the relevant Agreements. The Board noted that WTAM has continued to commit significant resources toward the fund complex and has made substantial investments to improve the services offered by WTAM, which benefit Fund shareholders.

Based on review of this information and the other factors considered at the Meeting, the Board concluded that the nature, extent and quality of services provided by WTAM and the Sub-Adviser under the Advisory Agreements and Sub-Advisory Agreement, respectively, are adequate and appropriate and supported the Board's approval of the renewal of the Agreements.

***Comparative Analysis of the Funds' Performance and Management Fee and Expense Ratio.*** The Board reviewed reports prepared by Lipper, Inc. (Lipper), an independent provider of investment company data, which included information (1) measuring each Fund's performance by how well it tracked the relevant WisdomTree benchmark index and (2) comparing each Fund's actual management fees and total expenses with those of a group of comparable funds (the Expense Group) and, with respect to total expenses, with a broader group of funds (the Expense Universe),

## Edgar Filing: WisdomTree Trust - Form N-CSRS

the information for which was derived in part from fund financial statements available to Lipper as of the date of its analysis. The Contracts Review Committee and the Independent Trustees previously had reviewed and discussed the methodology Lipper used to select the Expense Groups and Expense Universes. The Board noted that the Expense Groups and Expense Universes included only pure-index exchange traded funds ( ETFs ) as comparison funds. The

136 WisdomTree Domestic Earnings and Dividend Funds

---

**Table of Contents**

**Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited) (continued)

Board also noted that due to the special characteristics of certain Funds, there are limitations in providing comparable funds in the Expense Groups and Expense Universes, and the information in the Lipper reports may or may not provide meaningful direct comparisons to the Funds.

The Board discussed the Funds' performance, noting that the Funds seek to track their own WisdomTree benchmark index. During the prior year, the Board received periodic reports on the Funds' performance in comparison to their relevant benchmark indexes. In response to questions from the Independent Trustees, WTAM representatives discussed the relative performance of the Funds and the factors affecting such performance. On that basis, the Board determined to monitor carefully in the coming year disparities in performance—both positive and negative—but did not believe that the disparities in the past reflected any characteristics requiring immediate action by WTAM or the Sub-Adviser.

The Board also reviewed the range of actual management fees and total expenses of the Expense Group funds and, with respect to total expenses, Expense Universe funds, as well as the advisory fees and total expenses of certain funds not included in the Lipper reports that WTAM considers to be significant competitors of the Funds, and discussed the results of the comparisons. With respect to comparisons of actual management fees, the Board noted the Funds' unitary fee structure and that the Expense Groups and Expense Universes included both ETFs with and without a unitary fee structure. The Board also noted that certain comparison funds in certain Expense Groups and Expense Universes benefited from waivers of their entire management fee and reimbursement of certain operating expenses. The Board noted that the Funds' actual management fees and total expenses generally were within 10 basis points of the actual management fees and total expenses of the funds in their respective Expense Groups and Expense Universes. In those specific instances where a Fund's actual management fees or total expenses departed more significantly from comparative funds, the Independent Trustees sought explanations from WTAM, which generally attributed the disparities to the limitations within peer data, the unique attributes of a Fund or certain comparison funds and temporary fee waivers in place for marketing or other reasons.

The Board considered the fees to the Sub-Adviser in relation to the fees paid to WTAM by the Funds and the respective services provided by the Sub-Adviser and WTAM. The Board also noted that the Sub-Adviser's fees are paid by WTAM (out of its fee paid by the relevant Funds) and not the Funds. The Board considered the meaningful differences in the services that WTAM provides to the Funds as compared to the Sub-Adviser, including that the role of the Sub-Adviser in making investment recommendations with respect to a Fund tracking an index is a rules-based function, with oversight by WTAM in seeking to ensure compliance with such rules. The Board also considered the entrepreneurial and expense risk borne by WTAM that is associated with Funds' unitary fee structure, which frequently includes minimum fees (such as those to the Sub-Adviser), regardless of whether the asset size of a Fund has grown to a sufficient size.

Based on this review and the other factors considered at the Meeting, the Board concluded that, with respect to each Fund, the Fund's performance, the fees paid to WTAM and the Sub-Adviser and the Fund's total expenses supported the Board's approval of the renewal of the relevant Agreements.

***Analysis of Profitability and Economies of Scale.*** WTAM representatives reviewed the expenses allocated and profit received by WTAM and the resulting profitability percentage for managing each Fund and the aggregate profitability percentage to WTAM for managing the WisdomTree fund complex, and the method used to determine the expenses and profit.

The Board considered the profitability analysis (1) as part of its evaluation of whether the fees under the Agreements bear a reasonable relationship to the mix of services provided by WTAM and the Sub-Adviser, including the nature, extent and quality of such services, and (2) in light of the relevant circumstances for each Fund and the extent to which economies of scale would be realized if the Fund grows and whether fee levels reflect these economies of scale for the benefit of Fund shareholders. WTAM representatives noted that a discussion of economies of scale is predicated on a Fund having achieved a substantial size and that, if a Fund's assets had been decreasing, the possibility that WTAM may have realized any economies of scale would be less. WTAM representatives also noted that, as a result of shared and allocated costs among the WisdomTree funds, the extent of economies of scale could depend substantially on the level of assets in the fund complex as a whole. The Board noted that certain Funds had grown rapidly over a relatively short period of time after longer periods of slow or no growth, during which there were years of losses for WTAM in managing such Funds that had only recently turned profitable and years of substantial cumulative losses to WTAM in managing the fund complex as a whole. WTAM representatives stated that there has been significant volatility in the assets of individual Funds and in the fund complex as a whole over time (including volatility in profitability), although the current trend is positive. WTAM representatives also noted that economies of scale currently are shared with the Funds by way of the unitary fee structure of the Trust, as well as through additional investment in the WisdomTree business. The Board noted that the Contracts Review Committee had focused on the issue of economies of scale during its meetings. The Board also noted that it would continue to monitor the sharing of economies of scale, focusing in particular on Funds that have experienced significant asset growth, to determine the appropriateness of adding breakpoints in the future. The Board also considered potential benefits to WTAM and the Sub-Adviser from acting as investment adviser and sub-investment

advisers, respectively, and noted that there were no soft dollar

**Table of Contents**

**Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited) (concluded)

arrangements in effect for trading the Funds' investments. Based on this review, the Board concluded that the profitability results were consistent with the services rendered and service levels provided by WTAM and the entrepreneurial risk WTAM has undertaken over time.

\* \* \* \* \*

At the conclusion of these discussions, the Board agreed that it had been furnished with sufficient information to make an informed business decision with respect to the renewal of the Agreements. In evaluating the Agreements, the Board considered the conclusions and determinations discussed above and also relied on its previous knowledge, gained through meetings and other interactions with WTAM and the Sub-Adviser, of the Funds and the services provided to the Funds by WTAM and the Sub-Adviser. The Board also relied on information received on a routine and regular basis throughout the year relating to the operations of the Funds and the investment advisory and other services provided under the Agreements. In light of the foregoing, the Board, including a majority of the Independent Trustees, determined to approve the renewal of the Agreements.

### **General Information** (unaudited)

#### **Proxy Voting Policies, Procedures and Record**

A complete copy of the Proxy Voting Policy may be obtained by calling 1-866-909-WISE (9473) or writing to: WisdomTree Trust, c/o Foreside Fund Services, LLC, Three Canal Plaza Suite 100, Portland, ME, 04101.

The Trust is required to disclose annually the Funds' complete proxy voting record on Form N-PX covering the most recent 12-month period ended June 30 and to file Form N-PX with the SEC no later than August 31 of each year. The current Form N-PX for the Funds is available at no charge upon request by calling 1-866-909-WISE (9473) or through the Trust's website at [www.wisdomtree.com](http://www.wisdomtree.com). The Funds' Form N-PX is also available on the SEC's website at [www.sec.gov](http://www.sec.gov).

#### **Shareholder Reports and Quarterly Portfolio Disclosure**

The Funds are required to file their complete schedule of portfolio holdings with the SEC for their first and third fiscal quarters on Form N-Q. Copies of the filings are available, without charge, on the SEC's website at [www.sec.gov](http://www.sec.gov) and are also available by calling the Trust at 1-866-909-WISE (9473). You can also obtain copies of Form N-Q by (i) visiting the SEC's Public Reference Room in Washington, DC (information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330); (ii) sending your request and a duplicating fee to the SEC's Public Reference Room, Washington, DC 20549-0102; or (iii) sending your request electronically to [publicinfo@sec.gov](mailto:publicinfo@sec.gov).

Information about each Fund's portfolio holdings is available daily, without charge, at [www.wisdomtree.com](http://www.wisdomtree.com).

The Statement of Additional Information (SAI) has additional information about the Funds' Trustees and Officers and is available without charge upon request. Contact your financial representative for a free prospectus or SAI.

#### **Frequency Distribution of Discounts & Premiums**

Information about differences between the per share net asset value of each Fund and the market trading price of shares of each Fund are available, without charge, at [www.wisdomtree.com](http://www.wisdomtree.com)

**Table of Contents**

The WisdomTree Funds are exchange traded funds ( ETFs ) registered with the United States Securities and Exchange Commission as separate series ( Funds ) of WisdomTree Trust ( Trust ). WisdomTree Asset Management, Inc., a wholly owned subsidiary of WisdomTree Investments, Inc., serves as the investment adviser to the Trust. None of the WisdomTree entities are affiliated with Foreside Fund Services, LLC, the Funds distributor. WisdomTree Investments, its affiliates and their independent providers are not liable for any informational errors, incompleteness, delays, or for any actions taken in reliance on information contained herein.

**Investors should consider the investment objectives, risks, charges and expenses of the Funds carefully before investing. A prospectus, containing this and other information, is available at [www.wisdomtree.com](http://www.wisdomtree.com), or by calling 1-866-909-WISE (9473). Investors should read the prospectus carefully before investing. There are risks associated with investing, including possible loss of principal. Past performance does not guarantee future results. Indexes are unmanaged and you cannot invest directly in an index.**

**There are risks associated with investing, including possible loss of principal. Funds focusing their investments on certain sectors and/or smaller companies increase their vulnerability to any single economic or regulatory development. This may result in greater share price volatility. Due to the investment strategy of certain Funds they may make higher capital gain distributions than other ETFs. Please read the Fund s prospectus for specific details regarding the Fund s risk profile.**

**Transactions in Fund shares will result in brokerage commissions and will generate tax consequences. Shares may be sold through brokerage accounts, but may be redeemed from the Funds only in large amounts of 50,000 shares or more.**

Not applicable.

**Item 10. Submission of Matters to a Vote of Security Holders.**

There have been no material changes to the procedures by which the shareholders may recommend nominees to the registrant's board of directors, where those changes were implemented after the registrant last provided disclosure in response to the requirements of Item 407(c)(2)(iv) of Regulation S-K (17 CFR 229.407) (as required by Item 22(b)(15) of Schedule 14A (17 CFR 240.14a-101)), or this Item.

**Item 11. Controls and Procedures.**

- (a) The registrant's principal executive and principal financial officers, or persons performing similar functions, have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the 1940 Act) (17 CFR 270.30a-3(c))) are effective, as of a date within 90 days of the filing date of the report that includes the disclosure required by this paragraph, based on their evaluation of these controls and procedures required by Rule 30a-3(b) under the 1940 Act (17 CFR 270.30a-3(b)) and Rules 13a-15(b) or 15d-15(b) under the Securities Exchange Act of 1934, as amended (17 CFR 240.13a-15(b) or 240.15d-15(b)).
- (b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act (17 CFR 270.30a-3(d)) that occurred during the registrant's second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

**Item 12. Exhibits.**

- (a)(1) Not applicable.
- (a)(2) Certifications pursuant to Rule 30a-2(a) under the 1940 Act and Section 302 of the Sarbanes-Oxley Act of 2002 are attached hereto.
- (a)(3) Not applicable.
- (b) Certifications pursuant to Rule 30a-2(b) under the 1940 Act and Section 906 of the Sarbanes-Oxley Act of 2002 are attached hereto.
