### ITEM 1. BUSINESS

#### Business Development

The Company's business began in 1974 when Vaso Boreta, the Company's Chairman of the Board, opened a Las Vegas Discount Golf and Tennis retail store in Las Vegas, Nevada. This store, which is still owned by Mr. Boreta, subsequently began distributing catalogs and developing a mail order business for the sale of golf and tennis products. In 1984, the Company began to franchise the Las Vegas Discount Golf & Tennis retail store concept and commenced the sale of franchises. As of February 26, 1997 when the franchise business was sold, the Company had 43 franchised stores in operation in 17 states and 2 foreign countries.

The Company was incorporated in Nevada on March 6, 1984, under the name Sporting Life, Inc. The Company's name was changed to St. Andrews Golf Corporation on December 27, 1988, to Saint Andrews Golf Corporation on August 12, 1994, and to All-American SportPark, Inc. ( AASP ) on December 14, 1998.

Sports Entertainment Enterprises, Inc. ( SPEN ), formerly known as Las Vegas Golf & Tennis, Inc. ( LVDG ), a publicly traded company, acquired the Company in February 1988, from Vaso Boreta, who was the Company's sole shareholder. Vaso Boreta also served as SPEN's Chairman of the Board, President, and CEO until February 2005.

In December 1994, the Company completed an initial public offering of 1,000,000 Units, each Unit consisting of one share of Common Stock and one Class A Warrant. The net proceeds to the Company from this public offering were approximately \$3,684,000. The Class A Warrants expired unexercised on March 15, 1999.

In 1996, the Company sold 500,000 shares of Series A Convertible Preferred Stock to Three Oceans, Inc. ( TOI ), an affiliate of SANYO North America Corporation, for \$5,000,000 in cash pursuant to an Investment Agreement between the Company and TOI. The Company used these proceeds to fund part of the development costs of its All-American SportPark property in Las Vegas. In March 2001, the Company repurchased all of the shares of Series A Convertible Preferred Stock from TOI for \$5,000 in cash. Once repurchased, the shares were retired.

On December 16, 1996, the Company and its majority shareholder, SPEN, entered into negotiations pursuant to an Agreement for the Purchase and Sale of Assets to sell all but one of the four retail stores owned by SPEN, all of SPEN'S wholesale operations and the entire franchising business of the Company to Las Vegas Golf & Tennis, Inc., an unaffiliated company. On February 26, 1997, the Company and SPEN completed this transaction.

In connection with the sale of the above-described assets, SPEN and the Company agreed not to compete with the buyer in the golf equipment business except that the Company is permitted to sell golf equipment at its Callaway Golf Center business. In addition, the Buyer granted Boreta Enterprises, Ltd., a limited partnership owned by Vaso Boreta, Ron Boreta, Vaso's son and President of the Company, and John Boreta, Vaso's son and a principal shareholder of SPEN, the right to operate Las Vegas Discount Golf & Tennis stores in Southern Nevada, except for the Summerlin area of Las Vegas, Nevada.

On July 12, 1996, the Company entered into a lease agreement covering approximately 65 acres of land in Las Vegas, Nevada, on which the Company developed its Callaway Golf Center and All-American SportPark, ( SportPark ) properties. The property is located on the world famous Las Vegas Strip at the corner of Las Vegas Boulevard and Sunset Road which is just south of McCarran International Airport and the Mandalay Bay and MGM Resorts. The property is also adjacent to the Interstate 215 beltway that encircles the entire Las Vegas valley. On 42 acres of the property is the Callaway Golf Center that opened for business in October 1997. The remaining 23 acres was home to the discontinued SportPark that opened for business in October 1998 and was disposed of in May 2001.

On June 20, 1997, the lessor of the 65-acre tract ( Landlord ) agreed with the Company to cancel the original lease and replace it with two separate leases. The lease for the SportPark commenced on February 1, 1998 with a base rent of \$18,910 per month and was cancelled in connection with disposition of the SportPark in May 2001; the lease for the Callaway Golf Center is for fifteen years with options to extend for two additional five-year terms. The lease for the Callaway Golf Center commenced on October 1, 1997 when the golf center opened with a base rent of \$33,173 per month.

During June 1997, the Company and Callaway Golf Company ( Callaway ) formed All-American Golf LLC ( LLC ), a California limited liability company that was owned 80% by the Company and 20% by Callaway; the LLC owned and operated the Callaway Golf Center. In May 1998, the Company sold its 80% interest in LLC to Callaway. On December 31, 1998, the Company acquired substantially all the assets of LLC subject to certain liabilities that resulted in the Company owning 100% of the Callaway Golf Center.

On October 19, 1998, the Company sold 250,000 shares of the Series B Convertible Preferred Stock to SPEN for \$2,500,000. SPEN had earlier issued 2,303,290 shares of its common stock for \$2,500,000 in a private transaction to ASI Group, L.L.C. ( ASI ). ASI also received 347,975 stock options for SPEN common stock. ASI is a Nevada limited liability company whose members include Andre Agassi, a former professional tennis player.

SPEN owned 2,000,000 shares of the Company's common stock and 250,000 shares of the Company's Series B Convertible Preferred Stock. In the aggregate, this represented approximately two-thirds ownership in the Company. On April 5, 2002, SPEN elected to convert its Series B Convertible Preferred Stock into common Stock on a 1 for 1 basis. On May 8, 2002, SPEN completed a spin-off of the Company's shares held by SPEN to SPEN's shareholders. This resulted in SPEN no longer having any ownership interest in the Company.

On June 15, 2009, the Company entered into a Stock Transfer Agreement with Saint Andrews pursuant to which the Company transferred 49% of the outstanding common stock of All-American Golf Center, Inc. ("AAGC"), a subsidiary of the Company, to Saint Andrews Golf Shop, Ltd. ("Saint Andrews") in exchange for the cancellation of \$600,000 of debt owed by the Company to Saint Andrews. The transfer of 49% of the common stock of AAGC was authorized by the Company's Board of Directors at which all of the Company's Directors voted in favor of the transfer, except that Ronald Boretta abstained from such vote. In connection with this transaction, the Company engaged Houlihan Valuation Advisors ("HVA") to provide an estimate of the fair market value of a 49% interest in AAGC. As a result of their analysis, HVA was of the opinion that the fair market value of a 49% interest in AAGC was approximately \$600,000. The Board of Directors determined to use this value as the amount to be received from Saint Andrews for the 49% interest.

Saint Andrews is owned by Ronald Boreta and John Boreta, his brother. John Boreta is also a principal shareholder of the Company. The debt owed by the Company to Saint Andrews was from advances made in the past by Saint Andrews to provide the Company with working capital.

On June 19, 2009, AAGC entered into a Customer Agreement with Callaway Golf Company ("Callaway") and Saint Andrews pursuant to which Callaway has agreed to make certain cash payments and other consideration to AAGC and Saint Andrews in exchange for an exclusive marketing arrangement for the Callaway Golf Center operated by AAGC. Callaway is a major golf equipment manufacturer and supplier.

Saint Andrews, which subleases space at the Callaway Golf Center and operates a golf equipment store at the Callaway Golf Center, is owned by Ronald Boreta, the Company's President, and John Boreta, the brother of Ronald Boreta and a principal shareholder of the Company.

The Customer Agreement with Callaway provides that Callaway will provide Saint Andrews with a \$250,000 annual advertising contribution in the form of golf related products. In addition, Saint Andrews will have an opportunity to earn additional credits upon reaching a sales threshold.

In connection with the signing of the Customer Agreement, AAGC received a one-time payment of \$750,000 marked for operating expenses or other business expenses. AAGC also received a contribution of approximately \$500,000 used for upgrading the driving range at the Callaway Golf Center. In addition, AAGC received \$750,000 to remodel and improve the facilities at the Callaway Golf Center, which included the pro shop and retail area; upgraded fitting bay technology and graphics; and enhanced exterior signage. Callaway also is providing staff uniforms, range golf balls and rental golf equipment for AAGC's use at the Callaway Golf Center.

Both AAGC and Saint Andrews have agreed to exclusively sell only Callaway golf products at the Callaway Golf Center for the term of the Customer Agreement. The Customer Agreement will terminate on December 31, 2013 if Callaway gives notice during November 2013 and if no notice is given it will terminate on December 31, 2018.

As part of the Customer Agreement, Saint Andrews has agreed to reimburse AAGC for marketing expenses on an annual basis as agreed upon by the parties.

## BUSINESS OF THE COMPANY

In June 1997, the Company completed a final agreement with Callaway to form a limited liability company named All-American Golf, LLC (the "LLC") for the purpose of operating a golf facility, to be called the Callaway Golf Center ("CGC"), on approximately forty-two (42) acres of land located on Las Vegas Boulevard in Las Vegas, Nevada. The CGC opened to the public on October 1, 1997.

The Company's operations consist of the CGC, located on 42 acres of leased land and strategically positioned within a few miles of the largest hotels and casinos in the world. There are over 151,000 hotel rooms, in Las Vegas and according to the Nevada Commission on Tourism, nineteen of the top twenty-five largest hotels in the world are within a few miles of the CGC including the MGM Grand, Mandalay Bay, Luxor, Bellagio, the Monte Carlo, and the new City Center. The CGC is also adjacent to McCarran International Airport, the 17th busiest airport in the world with 40,460,310 in passenger traffic during 2009 according to Airports Council International. The Las Vegas valley residential population is approximately 1.8 million.

The CGC includes a two tiered, 110-station, driving range. The driving range is designed to have the appearance of an actual golf course with ten impact greens and island greens. Pro-line equipment and popular brand name golf balls are utilized through Callaway Golf. In addition to the driving range, the CGC has a lighted, nine-hole, par three golf courses, named the Divine Nine. The golf course has been designed to be challenging, and has several water features including lakes, creeks, water rapids and waterfalls, golf cart paths and designated practice putting and chipping areas. At the entrance to the CGC is a 20,000 square foot clubhouse which includes an advanced state of the art golf swing analyzing system developed by Callaway, and two tenant operations: (a) the St. Andrews Golf Shop featuring the latest in Callaway Golf equipment and accessories, and (b) a restaurant, which features an outdoor patio overlooking the golf course and driving range with the Las Vegas Strip in the background.

The Company subleases space in the clubhouse to SAGS. Base rent includes \$13,104 per month through July 2012 with a 5% increase for each of the two 5-year options to extend in July 2012 and July 2017. For the years ended December 31, 2010 and 2009, the Company recognized rental income totaling \$157,248 and \$157,248 respectively.

In 1997, the LLC's original ownership was 80% by the Company and 20% by Callaway. Callaway agreed to contribute \$750,000 of equity capital and loan the LLC \$5,250,000. The Company contributed the value of expenses incurred relating to the design and construction of the golf center and cash in the combined amount of \$3,000,000. Callaway's loan to the LLC had a ten-year term with interest at ten percent per annum. The principal was due in 60 equal monthly payments commencing five years after the CGC opened.

On May 5, 1998, the Company sold its 80% interest in the LLC to Callaway for \$1.5 million in cash and the forgiveness of \$3 million in debt, including accrued interest thereon, owed to Callaway by the Company. The Company retained the option to repurchase the 80% interest for a period of two years on essentially the same financial terms that it sold its interest. The sale of the Company's 80% interest in the LLC was completed in order to improve the Company's financial condition that, in turn, improved the Company's ability to complete the financing needed for the final construction stage of the SportPark.

On December 30, 1998, the Company acquired substantially all the assets of the LLC subject to certain liabilities. This resulted in the Company owning 100% of the CGC. Under the terms of the asset purchase agreement, the Company paid \$1 million to Active Media Services in the form of a promissory note payable in quarterly installments of \$25,000 over a 10-year period without interest. In turn, Active Media delivered a trade credit of \$4,000,000 to the CGC. This promissory note was paid in full to Active Media in September of 2008.

In connection with this acquisition, the Company executed a trademark license agreement with Callaway pursuant to which the Company licenses the right to use the marks Callaway Golf Center and Divine Nine from Callaway for a term beginning on December 30, 1998 and ending upon termination of the lease on the CGC. The Company paid a one-time fee for the license agreement that was a component of the purchase price the Company paid for the CGC upon acquisition of the facility on December 30, 1998. Pursuant to this agreement, Callaway has the right to terminate the agreement upon the occurrence of any Event of Termination as defined in the agreement.

On June 1, 2001, the Company completed a transition pursuant to a Restructuring and Settlement Agreement with Urban Land of Nevada, Inc. (the Landlord) to terminate the land lease for the discontinued SportPark, and to transfer all of the leasehold improvements and personal property located on the premises to the Landlord.

As part of the agreement, the Landlord agreed to waive all liabilities of the Company to the Landlord with respect to the discontinued SportPark, and with the exception of a limited amount of unsecured trade payables, the Landlord agreed to assume responsibility of all other continuing and contingent liabilities related to the SportPark. The Landlord also agreed to cancel all the Company's back rent obligations for the CGC for periods through April 30, 2001. The CGC remains the only operating business of the Company.

As part of the transaction, the Company transferred to the Landlord a 35 percent ownership interest in the Company's subsidiary that owns and operates the CGC. This subsidiary is All-American Golf Center, Inc. ( AAGC ). However, in connection with the settlement of litigation with the Landlord in 2008, the Landlord relinquished its ownership interest in AAGC.

On June 19, 2009, the Company entered into a Customer Agreement with Callaway Golf Company ( Callaway ) and St. Andrews Golf Shop, Ltd. ( SAGS ) through our majority owned subsidiary AAGC. As part of the agreement, that continues through 2013 and automatically extends until December 31, 2018, Callaway invested money to improve both AAGC's range facility as well as the golfing center. They also provide advertising expense each year paid for by AAGC and reimbursed in golf merchandise to SAGS. AAGC is then reimbursed by SAGS for AAGC's expenditures in advertising as incurred.

Pursuant to this agreement, AAGC is required to expend at least \$250,000 for marketing and promotion of Callaway for a period of approximately three and one half years with an automatic extension to December 31, 2018 unless written notice of termination is received by November 2013. Additionally, pursuant to the Customer Agreement AAGC has expended amounts to improve both its range facility as well as the golfing center. These improvements include Callaway Golf® branded elements. Callaway agreed to provide funding and resources in the minimum amount of \$2,750,000 to be allocated as follows: 1) \$750,000 towards operating expenses of AAGC; 2) \$750,000 towards facility improvements for both AAGC and St. Andrews Golf Shop; 3) \$500,000 in range landing area improvements of AAGC and 4) three payments each of \$250,000 for annual advertising expenses paid by AAGC, which will be repaid in golf merchandise to SAGS. AAGC will then be reimbursed by SAGS for AAGC's expenditures in advertising as incurred.

## LIABILITY INSURANCE

The Company has a comprehensive general liability insurance policy to cover possible claims for injury and damages from accidents and similar activities. Although management of the Company believes that its insurance levels are sufficient to cover all future claims, there is no assurance it will be sufficient to cover all future claims.

## MARKETING

The marketing program for the CGC is focused primarily on the local individual customer's with increasing emphasis on the individual tourist market because of CGC's proximity to most of the major resorts in Las Vegas. The CGC focuses its marketing efforts principally on print media that has proven to be effective for the local market. For the tourist market, the Company has instituted a taxi program, rack cards, and print media in tourist publications that are located in the Las Vegas hotels and hotel rooms. Also, the CGC has implemented programs to attract more group events, clinics, and other

special promotional events. In February of 2004, a 30 ft. pylon sign with a reader board was installed in front of the CGC. The sign makes the general public aware of various programs, specials and information on events and other activities taking place within the CGC. Once installed, the CGC began random customer information surveys to provide information on how guests heard of the CGC. Over half stated that they came into the CGC because they saw the sign.

The CGC, which includes a nine-hole par 3 golf course, driving range, and clubhouse, is designed to provide a country club atmosphere for the general public.

The marketing efforts toward establishing additional CGC-type locations have been directed towards a number of large existing and potential markets for which there can be no assurance of financial success. Further, to expand the concept for CGC-type facilities beyond the Las Vegas location could require considerably more financial and human resources than presently exists at the Company.

In connection with the agreement with Callaway that was signed in June of 2009, during 2010 the Company hired R and R Partners, a local marketing and public relations firm to plan and implement strategic marketing for the facility that would best reach their target audience and increase awareness of the facility to both local residents and tourists. Beginning in 2011, the Company has handled most of the marketing efforts itself.

The Company uses social media, such as Facebook and Twitter, and also updates the CGC website at [www.cgclv.com](http://www.cgclv.com) in order to keep guests updated on specific events and current pricing. The Company also utilizes email blasts to the CGC's customer base. All of these help to keep the name of the CGC before its guests and potential guests creatively.

#### FIRST TEE PROGRAM

In March 2002, the CGC became the official home in southern Nevada for the national First Tee program. The First Tee program is a national initiative started in November 1997 by the World Golf Foundation. First Tee is a program sponsored by the PGA Tour, the LPGA, the PGA of America, the United States Golf Association, and Augusta National Golf Club. The First Tee program was formed to eliminate access and affordability issues for children, especially economically disadvantaged children, to participate in the game of golf. In research conducted by the National Golf Foundation, it was noted that only two percent of children through age 17 ever try golf and only five percent of our nation's golfers were minorities. The CGC is proud to be part of the First Tee program and believes it will offer many opportunities for the Company in the years ahead.

#### COMPETITION

In the Las Vegas market, the Company has competition from other golf courses, family entertainment concerts, and entertainment provided by hotel/casinos. Company management believes the CGC has a competitive advantage in the Las Vegas market because of its strategic location, product branding, alliances, and extent of facilities balanced with competitive pricing that is unlike any competitor in the market.

The Company's competition includes other golf facilities within the Las Vegas area that provide a golf course and driving range combination and/or a night lighted golf course. Management believes that the CGC is able to compete because it is unique in providing a branded partnership with Callaway and giving the Las Vegas community one of the largest golf training facilities in the western United States. In addition, several Las Vegas hotel/casinos own their own golf courses that cater to high-roller/VIP

tourists. The CGC is able to compete against these facilities because it offers a competitively priced golf facility with close proximity to the Las Vegas Strip properties where a non-high-roller/VIP tourist can come to enjoy a Las Vegas golf experience.

#### EMPLOYEES

As of March 23, 2011, there were 4 full-time employees and 1 part-time employee at the Company's executive offices, and 2 full-time and 28 part-time employees at the CGC.

Not required.

#### ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The following information should be read in conjunction with the Company's Consolidated Financial Statements and the Notes thereto included in this report.

#### CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Our consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States ( GAAP ). In connection with the preparation of the financial statements, we are required to make assumptions and estimates about future events that affect the reported amounts of assets, liabilities, revenue, expenses and the related disclosures. We base our assumption and estimate on historical experience and other factors that management believes are relevant at the time our consolidated financial statements are prepared. On a periodic basis, management reviews the accounting policies, assumptions and estimates to ensure that our financial statements are presented fairly and in accordance with GAAP. However, because future events and their effects cannot be determined with certainty, actual results could differ from the estimates and assumptions, and such differences could be material.

Our significant accounting policies are discussed in Note 2, Summary of Significant Accounting Policies in the Notes to the Consolidated Financial Statements. The following accounting policies are most critical in fully understanding and evaluating our reported financial results.

#### STOCK BASED COMPENSATION.

In accordance with accounting standards concerning Stock-based Compensation, the Company accounts for all compensation related to stock, options or warrants using a fair value based method in which compensation cost is measured at the grant date based on the value of the award and is recognized over the service period. The Company uses the Black-Scholes pricing model to calculate the fair market value of options and warrants issued to both employees and non-employees. Stock issued for compensation is valued on the date of the related agreement and using the market price of the stock. The Company currently does not have any options that are not fully vested.

#### LEASEHOLD IMPROVEMENTS AND EQUIPMENT

Leasehold improvements and equipment are stated at cost and are depreciated or amortized using the straight-line basis over the lesser of the lease term (including renewal periods, when the Company has both the intent and ability to extend the lease) or the useful lives of the assets, generally 3 to 15 years.

#### REVENUES

The Company primarily earns revenue from golf course green fees, driving range ball rentals and golf and cart rentals, which are recognized when received as payments for the services provided. The Company also receives marketing revenue associated with the Callaway Agreement which is realized on

an equal monthly basis over the life of the agreement. Lease and sponsorship revenues are recognized as appropriate when earned.

#### RECENT ACCOUNTING PRONOUNCEMENTS

In January 2010, the FASB issued ASU No. 2010-06 regarding fair value measurements and disclosures and improvement in the disclosure about fair value measurements. This ASU requires additional disclosures regarding significant transfers of fair value measurements, including description and reason for transfer. It also requires additional disclosures of presentation of information about purchases, sales, issuances, and settlements in the reconciliation for fair value measurements. This ASU is effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years. We are currently evaluating the impact of this ASU, however, we do not expect the adoption of this ASU to have a material impact on our consolidated financial statements.

In July 2010, the FASB issued ASU No. 2010-20, Receivables (Topic 310): Disclosures about the Credit Quality of Financing Receivables and the Allowance for Credit Losses. This ASU amends FASB Accounting Standards Codification Topic 310, Receivables, improving the disclosures that an entity provides about the credit quality of its receivables and the related allowance for credit losses. As a result of these amendments, an entity is required to separate, by segment or class of financing receivables, certain disclosures and provide certain new disclosures receivables and related credit losses. This ASU is effective for interim and annual reporting periods ending on or after December 15, 2010. We do not expect the adoption to have a material effect on our consolidated financial statements.

On December 21, 2010, the FASB issued Accounting Standards Update ( ASU ) 2010-29, which impacts any public entity that enters into business combinations that are material on an individual or aggregate basis. This ASU provides that if a public entity presents comparative financial statements, the entity should disclose revenues and earnings of the combined entity as if the business that occurred had occurred at the beginning of the prior annual period when preparing current and prior year reporting. The guidance also requires that a narrative description regarding the nature and amount of material that is nonrecurring, be included in reporting revenues and earnings. This guidance is effective for business combinations consummated in periods beginning after December 15, 2010. We do not believe the adoption of this guidance will have a material impact on our Consolidated Financial Statements

#### OVERVIEW

Our operations consist of the management and operation of the Callaway Golf Center (CGC). The CGC includes a par 3 golf course fully lighted for night golf, a 110-tee two-tiered driving range, and a 20,000 square foot clubhouse, which includes the Callaway Golf fitting center, Saint Andrews Golf Shop exclusively carrying Callaway Golf product and Back 9 Bar and Grill. CGC was listed as the number one driving range in America by Golf Digest Magazine in their August 2009 issue.

The CGC has an ideal location at the end of the Las Vegas strip and near the international airport; however, much of the land immediately adjacent to the CGC has not yet been developed.

The Town Square mall, which opened in November of 2007, is expected to result in increased revenues for the Golf Center. The Town Square is a 1.5 million square foot super regional lifestyle center with a mix of retail, dining, and office space that is being developed across the street from the CGC. In addition, traffic from time-shares and casinos going up at the far south end of the strip is expected to draw more local and tourist business to the CGC.

On June 19, 2009, the Company entered into a Customer Agreement with Callaway Golf Company ( Callaway ) and St. Andrews Golf Shop, Ltd. ( SAGS ) through our majority owned subsidiary AAGC. Pursuant to this agreement, AAGC shall expend an amount equal to or exceeding \$250,000 for marketing and promotion of Callaway for a period of approximately three and one half years with an automatic extension to December 31, 2018 unless written notice of termination is received by November 2013. Additionally, pursuant to the Customer Agreement AAGC has expended amounts to improve both its range facility as well as the golfing center. These improvements include Callaway Golf® branding elements. Callaway agreed to provide funding and resources in the minimum amount of \$2,750,000 to be allocated as follows: 1) \$750,000 towards operating expenses of AAGC; 2) \$750,000 towards facility improvements for both AAGC and St. Andrews Golf Shop; 3) \$500,000 in range landing area improvements of AAGC and 4) three payments each of \$250,000 for annual advertising expenses paid by AAGC, which will be repaid in golf merchandise to SAGS. AAGC will then be reimbursed by SAGS for AAGC s expenditures in advertising as incurred. Due to the fact that SAGS is a related party, the Company is also considered a customer of Callaway as it relates to the Customer Agreement. As a result, we recognized the contributions from Callaway as follows:

- Contribution of operating expenses totaling \$750,000 (received July 2009) was treated as a reduction of operating expenses and therefore reduced our General and administrative expense by that amount.
- Contribution of range and other facility improvements totaling \$554,552 were recorded as a reduction of the costs for those improvements. The contributions, which were made directly by Callaway to the applicable contractors and vendors completing the work, were exactly equal to the costs and therefore, no value as been recorded for these improvements.

The annual payments for advertising began in 2010 and will continue as long as Callaway, AAGC and SAGS agree to maintain the agreement through the term of the Customer Agreement in December 2018. Such contributions from Callaway of up to \$250,000 annually will be recorded as a reduction of the Company s costs for the related advertising. Additionally, the contributions are to be paid to SAGS in the form of golf related products. SAGS will then reimburse AAGC in the form of monies as the golf related products are received.

The advertising contribution provided by the Customer Agreement helped us to differentiate ourselves in the marketplace. In addition, the \$750,000 of operating cash has helped us improve our facility and improve our services while lowering our interest expenses. The combined contribution of approximately \$1,250,000 for improvement of our facilities has given us a competitive advantage, primarily due to the lack of capital available for improvements among our competitors, giving us the benefit of a state-of-the art driving range, upgraded fitting bay technology, graphics, and marketing improvements such as exterior signage.

As part of the Customer Agreement, Callaway will provide up to 15,000 dozen driving range balls to the facility on a yearly basis as well as all employee uniforms. Prior to this agreement, we were paying approximately \$40,000 a year to supply the driving range with quality golf balls to enhance the driving range experience. This will provide significant operational cost savings each year to the Callaway Golf Center.

RESULTS OF OPERATIONS YEAR ENDED DECEMBER 31, 2010 VERSUS YEAR ENDING DECEMBER 31, 2009.

REVENUES. Revenues of the Callaway Golf Center ( CGC ) for 2010 decreased by \$90,901 to \$1,959,524 compared to \$2,050,425 in 2009. Golf course green fees decreased by \$96,413 in 2009 to \$558,660 in 2010 compared to \$655,073 in 2009. This was due to the unseasonably cold weather in the first half of 2010 and the effects that Las Vegas is still feeling from the economic downtown suffered over the past few years. Driving Range revenue increased for 2010 by \$55,987 to \$784,601 in 2010 compared to \$728,614 in 2009. With money being more carefully spent, in 2010 guests seemed to prefer just hitting balls at a lower rate, than actually playing an entire round of golf. Rentals for golf carts and golf clubs decreased in 2010 by \$41,794 to \$271,593, as compared to \$313,387 in 2009. With less tourists visiting Las Vegas, there was less need for rental clubs and rental carts during 2010. Golf lesson revenues were down by \$31,162 to \$92,893 for 2010 compared to \$124,055 for 2009. This decrease is attributed the unseasonably cold weather in December that prevented the golf instructors from giving lessons as well as the economic downturn that has affected our country over the past few years.

COST OF REVENUES

Costs of revenues decreased by \$200,436 to \$690,788 for 2010 as compared to \$891,224 in 2009. This decrease is attributed to the managements conscious effort to reduce cost of sales where necessary, which included streamlining operations, including staff adjustments. Other cost of goods, mainly comprised of miscellaneous golf supplies, increased by \$10,189 to \$70,107 in 2010 as compared to \$59,918 in 2009.

GENERAL AND ADMINISTRATIVE ( G&A )

G&A expenses consist principally of administrative payroll, rent, professional fees, and other corporate costs. These expenses increased by \$765,429 to \$1,582,277 in 2010 from \$816,848 in 2009. Due to the offsetting of the Callaway agreement s initial investment in 2009, the expenses for the Company was up in 2010 when compared to the prior year. Our legal expenses were relatively even down by only \$449 to \$37,799 in 2010 as compared to \$38,248 in 2009. This was due to the fewer legal issues for 2010. A one-time payment of \$750,000 was received in 2009, which was to cover the G&A expenses related to the operating of the Company was received from Callaway as part of the new customer agreement and recorded as a reduction of the related operating costs. This had a substantial impact on the G&A expenses of the Company for 2009.

IMPAIRMENT ON PROPERTY AND EQUIPMENT

In 2010, there was no impairment on property and equipment as compared to \$117,562 of impairment recorded in 2009.

DEPRECIATION AND AMORTIZATION

Depreciation and amortization increased \$9,308 in 2010 to \$98,205 from \$88,897 in 2009. This increase was a result of the capital lease that was signed in 2010 for golf carts. This capital lease ends in 2014.

#### OTHER INCOME AND INTEREST EXPENSE

Interest expense increased in 2010 by \$46,252 to \$517,000 in 2010 from \$470,748 in 2009. This increase was due to the continued related party loans that the Company carries.

#### NET INCOME (LOSS)

In 2010, the net loss (before non-controlling interest) was \$933,912 as compared to net loss of \$224,598 in 2009. The increased net loss is due to the recording of the \$750,000 as a credit to revenue for 2009. Excluding the \$750,000 credit in 2009, the net loss for 2010 was actually slightly down from the prior year.

#### LIQUIDITY AND CAPITAL RESOURCES

Working capital needs have been helped by favorable payment terms and conditions included in our notes payable to related parties. Management believes that additional notes could be negotiated, if necessary, with similar payment terms and conditions.

The Company has various notes payable to related parties (See ITEM 12 CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS). In December 2007, three notes totaling \$110,000 and related interest of \$102,788 were to mature but the maturity dates were extended until June 30, 2008. In December 2006, four notes totaling \$220,000 and related interest of \$223,651 were to mature but the maturity dates were extended until March 31, 2007. This extension was extended until June 30, 2009. These notes are now payable upon demand.

Our plan for satisfying our cash requirements for the next twelve months is by relying less on-related party financing and using the funds available through our Callaway agreement to help with any cash flow deficiencies. Because we have not anticipated generating sufficient amounts of positive cash flow to meet our working capital requirements, we have secured a customer agreement with Callaway Golf that will add additional capital to help fund our operations.

Given our operating history, predictions of future operating results are difficult to make. Thus, our prospects must be considered in light of the risks, expenses and difficulties frequently encountered by companies in their various stages of commercial viability. Such risks include, but are not limited to, an evolving business model and the management of growth. To address these risks we, among other things, plan to continue to modify our business plan, implement and execute our marketing strategy, develop and upgrade our facilities in a response to our competitor's developments.

We believe that continued development of the south strip directly adjacent to the property of the golf center, will continue to result in increased revenues.

Nevertheless, for reasons described below and in Note 1 to the consolidated financial statements, in its report dated March 23, 2011 the Company's independent auditors have expressed substantial doubt as to the Company's ability to continue as a going concern.

As of December 2010, the Company had a working capital deficit of \$9,656,979 as compared to a working capital deficit of \$8,862,224 in December 2009. This change was due primarily to the continued increase in the interest associated with the notes payable for which the Company currently is responsible.

Management continues to seek out financing to help fund working capital needs of the Company. In this regard, management believes that our continuing operations may not be sufficient to fund operating cash needs and debt service requirements over at least the next 12 months. Although our recent transactions with Callaway Golf and the subsequent remodel of the driving range have provided us with greater cash flow, we nonetheless need to obtain additional financing to fund payment of obligations and to provide working capital for operations. Management believes additional borrowings against the CGC could be arranged although there can be no assurance that the Company would be successful in securing such financing or with terms acceptable to the Company. Management is always seeking additional financing, and is now looking for a merger or acquisition candidate. It is management's objective to review the acquisition of interests in various business opportunities, which in their opinion will provide a profit to the Company. Callaway Golf was one of these additional financing opportunities and management believes these efforts will generate sufficient cash flows from future operations to pay the Company's obligations and working capital needs. There is no assurance any of these transactions will occur. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount and classification of liabilities that might result should the Company be unable to continue as a going concern.

Among its alternative courses of action, management of the Company may seek out and pursue a business combination transaction with an existing private business enterprise that might have a desire to take advantage of the Company's status as a public corporation. There is no assurance that the Company will acquire a favorable business opportunity through a business combination. In addition, even if the Company becomes involved in such a business opportunity, there is no assurance that it would generate revenues or profits, or that the market price of the Company's common stock would be increased thereby.

The amounts are non-interest bearing and due out of available cash flows of the Company. Mr. Agassi also owns ASI Group LLC, which is a principal shareholder of the Company. Ronald S. Boreta, the Company's President, personally guarantees the promissory notes representing these obligations. Interest accrues at 5% per annum, and the notes, including related interest, are payable on demand. The accrued interest payable balance at December 31, 2009 was \$114,255. The principal of the note was paid off on September 30, 2008 with the proceeds from the Urban Land Settlement. However, in September of 2010 stock was issued as a means to compensate for the interest due to Investment AKA, LLC, a company involving Andre Agassi, for 952,123 shares. This share amount was derived by the average stock price for the 30 days prior to the transaction dated September 28, 2010, which was 12 cents a share.

All maturities of related party notes payable and the related accrued interest payable as of December 31, 2009 are due and payable upon demand. At December 31, 2010, the Company has no loans or other obligations with restrictive debt or similar covenants.

On June 15, 2009, we entered into a Stock Transfer Agreement with St. Andrews Golf, Ltd. a Nevada limited liability company, which is wholly owned by Ronald Boreta, our chief executive officer and John Boreta, a principal shareholder of the Company. Pursuant to this agreement, we agreed to transfer a 49% interest in our wholly owned subsidiary, AAGC as a partial principal payment in the amount of \$600,000 on our outstanding loan due to St. Andrews Golf Shop, Ltd. In March 2009, we engaged the services of an independent third party business valuation firm, Houlihan Valuation Advisors, to determine the fair value of the business and the corresponding minority interest. Based on the Minority Value Estimate presented in connection with this appraisal, which included valuations utilizing the income, market and transaction approaches in its valuation methodology, the fair value of a 49% interest totaled \$ 600,000.

As of December 31, 2010 and 2009, accrued interest payable - related parties related to the notes payable related parties totaled \$4,140,745 and \$3,890,858, respectively.

John Boreta has been employed by All-American Golf Center ( AAGC ), a subsidiary, as its general manager for over 12 years. On June 15, 2009, AAGC entered into an employment agreement with John Boreta. The employment agreement is for a period through May 31, 2012 and provides for a base annual salary of \$75,000. During 2010, he received compensation of \$79,550 for his services in that capacity. He also receives health insurance that is fully paid for by AGC at a current cost of \$1,188 per month. John Boreta is a principal shareholder of the Company and is also the brother of Ronald Boreta and the son of Vaso Boreta.

Saint Andrews is owned by Ronald Boreta and his brother, John Boreta. John Boreta is also a principal shareholder of the Company. The debt owed by the Company to Saint Andrews was from advances made in the past by Saint Andrews to provide the Company with working capital.

The Company s Board of Directors believes that the terms of the above transactions were on terms no less favorable to the Company than if they transactions were with unrelated third parties.

#### *Director Independence*

The Company has determined that William Kilmer is an independent director as defined under the rules used by the NASDAQ Stock Market.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and  
Stockholders of All American SportPark, Inc.  
Las Vegas, Nevada

We have audited the accompanying consolidated balance sheets of All American SportPark, Inc. as of December 31, 2010 and 2009 (restated), and the related consolidated statements of income, stockholders' deficit, and cash flows for each of the years ended December 31, 2010 and 2009 (restated). All American SportPark, Inc.'s management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of All American SportPark, Inc. as of December 31, 2010 and 2009 (restated), and the results of its operations and its cash flows for each of the years ended December 31, 2010 and 2009 (restated) in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements have been prepared assuming that The Company will continue as a going concern. As discussed in Note 1d to the consolidated financial statements, current liabilities exceed current assets and the Company has incurred recurring losses, all of which raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regards to these matters are also described in Note 1d. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

## **ALL-AMERICAN SPORTPARK, INC.**

### **NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

#### **Note 1 ORGANIZATIONAL STRUCTURE AND BASIS OF PRESENTATION**

##### **a. PRINCIPLES OF CONSOLIDATION**

The consolidated financial statements of All-American SportPark, Inc. ( AASP ) include the accounts of AASP and its wholly owned subsidiary, All-American Golf Center, Inc. ( AAGC ), collectively the Company . All significant intercompany accounts and transactions have been eliminated. The Company s business operations consists solely of the Callaway Golf Center ( CGC ) are included in AAGC.

##### **b. BUSINESS ACTIVITIES**

The CGC includes the Divine Nine par 3 golf course fully lighted for night golf, a 110-tee two-tiered driving range, a 20,000 square foot clubhouse which includes the Callaway Golf fitting center and two tenants: the St. Andrews Golf Shop retail store, and a restaurant.

Because our business activities are not structured on the basis of different services provided, the above activities are reviewed, evaluated and reported as a single reportable segment. The Company is based in and operates solely in Las Vegas, Nevada, and does not receive revenues from other geographic areas although its tourist customers come from elsewhere. No one customer of the Company comprises more than 10% of the Company's revenues.

##### **c. CONCENTRATIONS OF RISK**

The Company has implemented various strategies to market the CGC to Las Vegas tourists and local residents. Should attendance levels at the CGC not meet expectations in the short-term, management believes existing cash balances would not be sufficient to fund operating expenses and debt service requirements for at least the next 12 months.

##### **d. GOING CONCERN MATTERS**

The accompanying consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the accompanying consolidated financial statements, for 2010, the Company had net loss of \$(933,912). As of December 31, 2010, the Company had a working capital deficit of \$9,656,979 and a shareholders' equity deficiency of \$9,680,622.

AASP management believes that its continuing operations may not be sufficient to fund operating cash needs and debt service requirements over at least the next 12 months. As such, management plans on seeking other sources of funding including the restructuring of current debt as needed, which may include Company officers or directors and/or other related parties. In addition, management continues to analyze all operational and administrative costs of the Company and has made and will continue to make the necessary cost reductions as appropriate. The inability to build attendance to profitable levels beyond a 12-month period may require the

Company to seek additional debt, restructure existing debt or equity financing to meet its obligations as they come due. There is no assurance that the Company would be successful in securing such debt or equity financing in amounts or with terms acceptable to the Company.

Nevertheless, management continues to seek out financing to help fund working capital needs of the Company. In this regard, management believes that additional borrowings against the CGC could be arranged although there can be no assurance that the Company would be successful in securing such financing or with terms acceptable to the Company.

Among its alternative courses of action, management of the Company may seek out and pursue a business combination transaction with an existing private business enterprise that might have a desire to take advantage of the Company's status as a public corporation. There is no assurance that the Company will acquire a favorable business opportunity through a business combination. In addition, even if the Company becomes involved in such a business opportunity, there is no assurance that it would generate revenues or profits, or that the market price of the Company's common stock would be increased thereby.

The consolidated financial statements do not include any adjustments relating to the recoverability of assets and the classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

#### e. ESTIMATES USED IN THE PREPARATION OF FINANCIAL STATEMENTS

Preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that may require revision in future periods.

#### f. CORRECTION OF AN ERROR - PRIOR PERIOD ADJUSTMENTS

On October 26, 2010, the Company concluded that amounts received from the Callaway Golf Company ( Callaway ) under its customer agreement entered into in June 2009 were not accounted for properly. The original accounting and the resulting adjustments were as follows:

- The \$750,000 received from Callaway for operating expenses of the Company in connection with the Customer Agreement referred to in Note 7 of the financial statements, which was originally recorded as deferred marketing revenue, should have been immediately recognized and offset against the related operating expenses of the Company. These operating expenses were included in general and administrative expenses. The result was a reduction of such expenses by \$750,000.
- The \$554,552 received from Callaway for range and other leasehold improvements, which was originally recorded as deferred marketing revenue and property and equipment was reversed. This contribution from Callaway equaled the expenditures for the property and equipment. Accordingly, the reversal resulted in a value of \$0.00 for such leasehold and range improvements.

- As a result of the deferred marketing revenue reversal, \$33,125 amortized as marketing revenue was reversed.

In addition to the changes related to Callaway, the loss attributable to noncontrolling interest was not correctly calculated for the year ended December 31, 2009. As a result of the forgoing changes, the loss attributable to non-controlling interest totaling \$201,780 was changed to reflect an income attributable to non-controlling interest totaling \$241,755.

The following table provides additional details regarding the changes to the statement of operations for the year ended December 31, 2009:

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### a. INCOME TAXES

The Company accounts for income taxes under the asset and liability method, which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements. Under this method, deferred tax assets and liabilities are determined based on the differences between the financial statements and tax basis of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. The effect of a change in tax rates on deferred tax assets and liabilities is recognized in income in the period that includes the enactment date. The Company records net deferred tax assets to the extent the Company believes these assets will more likely than not be realized. In making such determination, the Company considers all available positive and negative evidence, including future reversals of existing taxable temporary differences, projected

future taxable income, tax planning strategies and recent financial operations. A valuation allowance is established against deferred tax assets that do not meet the criteria for recognition. In the event the Company were to determine that it would be able to realize deferred income tax assets in the future in excess of their net recorded amount, the Company would make an adjustment to the valuation allowance which would reduce the provision for income taxes.

The Company follows the accounting guidance which provides that a tax benefit from an uncertain tax position may be recognized when it is more likely than not that the position will be sustained upon examination, including resolutions of any related appeals or litigation processes, based on the technical merits. Income tax positions must meet a more-likely-than-not recognition threshold at the effective date to be recognized initially and in subsequent periods. Also included is guidance on measurement, derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

#### b. STOCK-BASED COMPENSATION

The Company accounts for all compensation related to stock, options or warrants using a fair value based method whereby compensation cost is measured at the grant date based on the value of the award and is recognized over the service period, which is usually the vesting period. The Company uses the Black-Scholes pricing model to calculate the fair value of options and warrants issued to both employees and non-employees. Stock issued for compensation is valued using the market price of the stock on the date of the related agreement.

#### c. LEASEHOLD IMPROVEMENTS AND EQUIPMENT

Leasehold improvements and equipment (Note 5) are stated at cost. Depreciation and amortization is provided for on a straight-line basis over the lesser of the lease term (including renewal periods, when the Company has both the intent and ability to extend the lease) or the following estimated useful lives of the assets:

Furniture and equipment	3-10 years
Leasehold improvements	15-25 years

#### d. ADVERTISING

The Company expenses advertising costs as incurred. Advertising costs charged to continuing operations amounted to \$250,000 and \$22,866 in 2010 and 2009, respectively. The \$250,000 is then reimbursed by the St. Andrews Golf Shop, per the Callaway Golf Agreement of 2009 leaving a net amount of \$0 on the books for 2010.

e. REVENUES

The Company primarily earns revenue from golf course green fees, driving range ball rentals and golf and cart rentals, which are recognized when received as payments for the services provided. The Company also receives marketing revenue associated with the Callaway Agreement that they realize equally on a monthly basis over the life of the agreement. Lease and sponsorship revenues are recognized as appropriate when earned.

f. COST OF REVENUES

Cost of revenues is primarily comprised of golf course and driving range employee payroll and benefits, operating supplies (e.g., driving range golf balls and golf course scorecards, etc.), and credit card/check processing fees.

g. GENERAL AND ADMINISTRATIVE EXPENSES

General and administrative expenses consist principally of management, accounting and other administrative employee payroll and benefits, land lease expense, utilities, landscape maintenance costs, and other expenses (e.g., office supplies, marketing/advertising, and professional fees, etc.).

h. IMPAIRMENT OF LONG-LIVED ASSETS

Long-lived assets, including property and equipment, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of the long-lived asset may not be recoverable. If the long-lived asset or group of assets is considered to be impaired, an impairment charge is recognized for the amount by which the carrying amount of the asset or group of assets exceeds its fair value. Long-lived assets to be disposed of are reported at the lower of the carrying amount or fair value less cost to sell. Long-lived assets were evaluated for possible impairment and determined not to be impaired as of December 31, 2010.

i. LEGAL DEFENSE COSTS

The Company does not accrue for estimated future legal and related defense costs, if any, to be incurred in connection with outstanding or threatened litigation and other disputed matters but rather, records such as period costs when the services are rendered.

j. LEASES

The Company leases land and equipment. Leases are evaluated and classified as operating or capital leases for financial reporting purposes. The lease term used for lease evaluation related to the land includes option periods as the Company believes the option period can be reasonably assured and failure to exercise such option would result in an economic penalty. For equipment, option periods are included only in instances in which the exercise of the option period can be reasonably assured and failure to exercise such options would result in economic penalty.

k. RECENT ACCOUNTING POLICIES

In January 2010, the FASB issued ASU No. 2010-06 regarding fair value measurements and disclosures and improvement in the disclosure about fair value measurements. This ASU requires additional disclosures regarding significant transfers in and out of Levels 1 and 2 of fair value measurements, including a description of the reasons for the transfers. Further, this ASU requires additional disclosures for the activity in Level 3 fair value measurements, requiring presentation of information about purchases, sales, issuances, and settlements in the reconciliation for fair value measurements. This ASU is effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years. We are currently evaluating the impact of this ASU; however, we do not expect the adoption of this ASU to have a material impact on our consolidated financial statements.

In July 2010, the FASB issued ASU No. 2010-20, Receivables (Topic 310): Disclosures about the Credit Quality of Financing Receivables and the Allowance for Credit Losses. This ASU amends FASB Accounting Standards Codification Topic 310, Receivables, improving the disclosures that an entity provides about the credit quality of its receivables and the related allowance for credit losses. As a result of these amendments, an entity is required to separate, by segment or class of financing receivables, certain disclosures and provide certain new disclosures receivables and related credit losses. This ASU is effective for interim and annual reporting periods ending on or after December 15, 2010. We do not expect the adoption to have a material effect on our consolidated financial statements.

On December 21, 2010, the FASB issued Accounting Standards Update ( ASU ) 2010-29, which impacts any public entity that enters into business combinations that are material on an individual or aggregate basis. This ASU provides that if a public entity presents comparative financial statements, the entity should disclose revenues and earnings of the combined entity as if the business that occurred had occurred at the beginning of the prior annual period when preparing current and prior year reporting. The guidance also requires that a narrative description regarding the nature and amount of material that is nonrecurring, be included in reporting revenues and earnings. This guidance is effective for business combinations consummated in periods beginning after December 15, 2010. We do not believe the adoption of this guidance will have a material impact on our Consolidated Financial Statements.

3. EARNINGS (LOSS) PER SHARE

Basic earnings per share excludes any dilutive effects of options, warrants, and convertible securities. Basic earnings per share is computed using the weighted average number of shares of common stock and common stock equivalent shares outstanding during the period. Common stock equivalent shares are excluded from the computation if their effect is antidilutive. The Company did not have any stock equivalent shares for the years ended December 31, 2010 and 2009.

Loss per share is computed by dividing reported net loss by the weighted average number of common shares outstanding during the period. The weighted-average number of common shares used in the calculation of basic loss per share was 3,518,204 and 3,570,000 in 2010 and 2009.

## 4. RELATED PARTY TRANSACTIONS

*Due to related parties*

The Company's employees provide administrative/accounting support for (a) a management company, wholly-owned by the Company's Chairman, named Durpat, LLC, and b) two golf retail stores, one of which is named Saint Andrews Golf Shop ("SAGS") and the other is a Las Vegas Golf and Tennis ("District Store"), owned by the Company's President and his brother. One of the SAGS stores is the retail tenant in the CGC.

Administrative/accounting payroll and employee benefits expenses are allocated based on an annual review of the personnel time expended for each entity. Amounts allocated to these related parties by the Company approximated \$84,194 and \$132,455 for the years ended December 31, 2010 and 2009, respectively. The Company records this allocation by reducing the related expenses and allocating them to the related parties.

In addition to the administrative/accounting support provided by the Company to the above stores, the Company received funding for operations from these and various other stores owned by the Company's President, his brother, and Chairman. These funds helped pay for office supplies, phone charges, postages, and salaries. The net amount due to these stores totaled \$1,231,696 and \$1,089,040 as of December 31, 2010 and 2009, respectively. The amounts are non-interest bearing and due out of available cash flows of the Company. Additionally, the Company has the right to offset the administrative/accounting support against the funds received from these stores.

Mr. Agassi also owns ASI Group LLC, which is a principal shareholder of the Company. The promissory notes representing these obligations are personally guaranteed by Ronald S. Boreta, the Company's President. Interest accrues at 5% per annum, and the notes, including related interest, are payable on demand. The accrued interest payable balance at December 31, 2009 was \$114,255. The interest payable as of December 31, 2008 is \$114,255. The principal of the note was paid off on September 30, 2008 with the proceeds from the Urban Land Settlement. However, in September of 2010 stock was issued as a means to compensate for the interest due to Investment AKA, LLC, a company involving Andre Agassi, for 952,123 shares. This share amount was derived by the average stock price for the 30 days prior to the transaction dated September 28, 2010, which was 12 cents a share.

All maturities of related party notes payable and the related accrued interest payable as of December 31, 2010 are due and payable upon demand. At December 31, 2010, the Company has no loans or other obligations with restrictive debt or similar covenants.

On June 15, 2009, we entered into a Stock Transfer Agreement with St. Andrews Golf, Ltd. a Nevada limited liability company, which is wholly-owned by Ronald Boreta, our chief executive officer and John Boreta, a principal shareholder of the Company. Pursuant to this agreement, we agreed to transfer a 49% interest in our wholly owned subsidiary, AAGC as a partial principal payment in the amount of \$600,000 on our outstanding loan due to St. Andrews Golf Shop, Ltd. In March 2009, we engaged the services of an independent third party business valuation firm, Houlihan Valuation Advisors, to determine the fair value of the business and the corresponding minority interest. Based on the Minority Value Estimate presented in connection with this appraisal, which included valuations utilizing the income, market and transaction approaches in its valuation methodology, the fair value of a 49% interest totaled \$ 600,000.

As of December 31, 2010 and 2009, accrued interest payable - related parties related to the notes payable related parties totaled \$4,140,745 and \$3,890,858, respectively.

John Boreta has been employed by All-American Golf Center ( AAGC ), a subsidiary, as its general manager for over 12 years. On June 15, 2009, AAGC entered into an employment agreement with John Boreta. The employment agreement is for a period through May 31, 2012 and provides for a base annual salary of \$75,000. During 2010, he received compensation of \$79,550 for his services in that capacity. He also receives health insurance that is fully paid for by AGC at a current cost of \$1,188 per month. John Boreta is a principal shareholder of the Company and is also the brother of Ronald Boreta and the son of Vaso Boreta.

Effective August 1, 1994, the Company entered into an employment agreement with Ronald S. Boreta, the Company's President, and Chief Executive Officer, pursuant to which he receives base salary of \$100,000 per year plus annual increases as determined by the Board of Directors. His salary was increased to \$120,000 beginning the year ended December 31, 1996. The employment agreement is automatically extended for additional one-year periods unless 60 day's notice of the intention not to extend is given by either party. Ronald S. Boreta also receives the use of an automobile, for which the Company pays all expenses and full medical and dental coverage. The Company also pays all dues and expenses for membership at a local country club at which Ronald S. Boreta entertains business contacts for the Company. Ronald S. Boreta has agreed that for a period of three years from the termination of his employment agreement that he will not engage in a trade or business similar to that of the Company. As part of the Callaway agreement signed in June of 2009, Mr. Boreta's employment agreement was extended until 2018 or as long as Callaway Golf Company is involved in the Callaway Golf Center.

#### *Lease to SAGS*

The Company subleases space in the clubhouse to SAGS. Base rent includes \$13,104 per month through July 2012 with a 5% increase for each of two 5-year options to extend in July 2012 and July 2017. For the years ended December 31, 2010 and 2009, the Company recognized rental income totaling \$157,248 and \$157,248, respectively.

## 6. COMMITMENTS

### Leases

The land underlying the CGC is leased under an operating lease that expires in 2012 and has two five-year renewal options. In March 2006, the Company exercised the first of two options, extending the lease to 2018. Also, the lease has a provision for contingent rent to be paid by AAGC upon reaching certain levels of gross revenues. The Company recognizes the minimum rental expense on a straight-line basis over the term of the lease, which includes the two five year renewal options.

At December 31, 2010, minimum future lease payments under non-cancelable operating leases are as follows:

2011	\$ 481,673
2012	493,715
2013	529,840
2014	529,840
2015	529,840
Thereafter	\$ 3,841,344
	\$ 6,406,252

Total rent expense for all operating leases was \$481,673 for 2010 and \$481,673 for 2009.

### *Customer Agreement*

On June 19, 2009, the Company entered into a Customer Agreement with Callaway Golf Company ( Callaway ) and St. Andrews Golf Shop, Ltd. ( SAGS ) through our majority owned subsidiary AAGC. Pursuant to this agreement, AAGC shall expend an amount equal to or exceeding \$250,000 for marketing and promotion of Callaway for a period of approximately three and one half years with an automatic extension to December 31, 2018 unless written notice of termination is received by November 2013. Additionally, AAGC will expend amounts to improve both their range facility as well as the golfing center. These improvements are to include Callaway Golf® branding elements. Callaway has agreed to provide funding and resources in the minimum amount of \$2,750,000 to be allocated as follows: 1) \$750,000 towards operating expenses of AAGC; 2) \$750,000 towards facility improvements for both AAGC and St. Andrews Golf Shop; 3) \$500,000 in range landing area improvements of AAGC and 4) three payments each of \$250,000 for annual advertising expenses paid by AAGC which will be repaid in golf merchandise to SAGS. AAGC will then be reimbursed by SAGS for AAGC's expenditures in advertising as incurred. In substance, due to the related party nature of SAGS, the Company is also considered a customer of Callaway as it relates to this agreement. Therefore, we recognized the contributions from Callaway as follows:

- Contribution of operating expenses totaling \$750,000 (received July 2009) was presumed to be a reduction of such operating expenses and therefore reduced our General and administrative expense by that amount.
- Contribution of range and other facility improvements totaling \$554,552 were recorded as a reduction of the costs for those improvements. The contributions, which were made directly by Callaway to the applicable contractors and vendors completing the work, were exactly equal to the costs and therefore, no value as been recorded for these improvements.

The annual payments for advertising began in 2010 and will continue as long as Callaway, AAGC and SAGS agree to maintain the agreement through the term of the Customer Agreement in December 2018. Such contributions from Callaway of up to \$250,000 annually will be recorded as a reduction of the Company's costs for the related advertising. Additionally, the contributions are to be paid to SAGS in the form of golf related products. SAGS will then reimburse AAGC in the form of monies as the golf related products are received.

During 2010 Callaway hired R & R Partners, a local advertising agency to handle the advertising of our facility. Their contracted work was for a total of \$150,000 for the year. During this year, such advertising through R & R included regular radio advertising: a concierge event in conjunction with Where Magazine; advertising on taxi tops for a month; redesign of the CGS website, initiation of social networking with Facebook and Twitter; as well as magazine and newspaper advertisements.

## 7. INCOME TAXES

Income tax expense (benefit) consists of the following:

		2010		2009
Current	\$	(296,814 )	\$	(68,983 )
Deferred		296,814		68,983
	\$	-	\$	-

The components of the deferred tax asset (liability) consisted of the following at December 31:

		2010		2009
Deferred tax liabilities:				
Temporary differences related to:				
Depreciation	\$	(232,902 )	\$	(232,902 )
Deferred tax assets:				
Net operating loss carryforward		7,179,247		6,884,199
Related party interest		1,401,931		1,316,970
Deferred rent liability		236,316		234,816
Other		10,896		12,596
Net deferred tax asset before				
valuation allowance		8,595,488		8,215,679
Valuation allowance		(8,595,488 )		(8,215,679 )
	\$	-	\$	-

As of December 31, 2010 and 2009, the Company has available for income tax purposes approximately \$21.0 and \$20.0 million respectively in federal net operating loss carryforwards, which may be available to offset future taxable income. These loss carryforwards expire in 2019 through 2028. The Company may be limited by Internal Revenue Code Section 382 in its ability to fully utilize its net operating loss carryforwards due to possible future ownership changes. A 100% valuation allowance has been effectively established against the net deferred tax asset since it appears more likely than not that it will not be realized.

The provision (benefit) for income taxes attributable to income (loss) from continuing operations does not differ materially from the amount computed at the federal income tax statutory rate. The Company paid \$5,193 in income tax for the year ended 2010.

## 8. CAPITAL STOCK, STOCK OPTIONS, AND INCENTIVES

### a. CAPITAL STOCK

There are no unusual rights or privileges related to the ownership of the Company's common stock.

The Company signed a lease with a new restaurant tenant on January 25, 2011. That tenant is in the midst of upgrading and remodeling the restaurant and expects to open in April 2011. The lease is for a period of 5 years.
