GAFISA SEGMENT

Gafisa Launches

The Gafisa segment did not launch any projects in the fourth quarter. As previously anticipated with the revision of the full year guidance, while projects were approved and met necessary launch conditions, the Company determined that prevailing market conditions did not meet the parameters required for product placement. As such, launches were postponed to 2015, when we expect a more positive scenario, thereby allowing for more profitable projects.

Accordingly, full year 2014 launches for the Gafisa segment reached R\$1,023 million, which is slightly below the guidance range of R\$1,100-R\$1,200 million. This result includes the impact of the cancellation of a project launched in 1Q14.

Gafisa Pre-Sales

Gafisa segment 4Q14 gross pre-sales totaled R\$262.2 million. Dissolutions reached R\$84.9 million and net pre-sales totaled R\$177.3 million. During the year, net sales totaled R\$811.0 million.

Due to the absence of launches in the quarter, the Company focused its efforts on the sale of existing units. Approximately 54.2% of net sales for the period related to projects launched before 2012, resulting in reduction in the average age of the segment's inventory.

Out of the 852 Gafisa segment units cancelled and returned to inventory during the year, 68.2% were resold in the same period.

Gafisa Delivered Projects

The strong volume of deliveries in this last quarter deserves highlight. Gafisa delivered 8 projects/phases in 4Q14, representing 1,412 units and R\$520.0 million in PSV. This was the quarter with the largest delivery volume in terms of sales value of the year. In the full year 2014, 23 projects/ phases were delivered, representing 3,806 units and R\$1.6 billion in PSV.

TENDA SEGMENT

Tenda Launches

Fourth-quarter launches totaled R\$241.5 million and included 6 projects/phases in the states of São Paulo, Rio de Janeiro and Bahia. The brand accounted for 100% of 4Q14 consolidated launches. In the full year 2014, Tenda Segment reached R\$ 613.3 million in launches, which is within the guidance range announced in the beginning of the year.

Tenda Pre-Sales

During 4Q14, gross sales reached R\$192.9 million, while net pre-sales totaled R\$126.6 million. For the FY14, net sales totaled R\$396.0 million.

Sales from units launched during 4Q14 represented 22.4% of total sales, while in the full year 2014, sales from launches accounted for 44.7% of total sales. In 4Q14, sales velocity (sales over supply) was 13.3%.

Table 5. SoS Gross Sales (Ex-Dissolutions)

New Model	29.8%	32.2%	20.3%	22.0%
Legacy	30.9%	35.8%	28.3%	17.5%
Total	30.5%	34.3%	24.4%	20.2%

Legacy	-1.6%	17.7%	-2.0%	5.0%
Total	6.4%	20.8%	4.8%	13.3%

Tenda remains focused on the completion and delivery of legacy projects, and is dissolving contracts with ineligible clients, so as to sell the units to qualified customers. Cancellations presented a decrease of 54.7% versus 3Q14 and of 11.6% compared with 4Q13.

As expected, the change in accounting policy for Tenda's new sales, which was undertaken in August 2014, allowed for a reduction in the volume of dissolutions in the period. Nearly 72.8% of cancellations relate to legacy projects.

Of the 3,337 Tenda units cancelled in the year and returned to inventory, 63.6% were resold to qualified customers during the same period. Similarly, 80.1% of dissolutions related to Tenda's New Model were also resold during 2014.
