Petrobras confirms extent of accumulation and detects new reservoir in Sergipe Basin's Farfan area

Rio de Janeiro, February 2nd, 2015 – Petróleo Brasileiro S.A. – Petrobras announces that it has confirmed the extension of the light oil and gas discovery, as announced to the market on August 9, 2013, by drilling the third extension well in ultra-deep waters of Sergipe Basin's Farfan area.

Drilling activities have also detected the presence of a new, shallower, 68-meter thick light oil-bearing reservoir.

Well 3-SES-186 (Petrobras nomenclature) / 3-BRSA-1286-SES (ANP nomenclature) is located 103 km from the city of Aracaju and 10 km from discovery well, at a water depth of 2,467 meters. Well drilling is set to continue until reaching the total depth of 6,060 meters.

This accumulation is part of the Sergipe-Alagoas Basin ultra-deep water exploratory project, as provided for in the 2014-2018 Business and Management Plan.

Petrobras, consortium operator (60%) in partnership with IBV-BRASIL (40%), will proceed with the activities outlined in the Discovery Evaluation Plan (DEP), as approved by Brazil's National Petroleum, Natural Gas and Biofuels Agency (ANP).

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
