Item 2.02. Results of Operations and Financial Condition.

On December 14, 2004 we announced our financial guidance for the quarter ending March 31, 2005 and the year ending December 31, 2005. A copy of our press release containing the announcement is included as Exhibit 99.1 to this Current Report on Form 8-K.

The attached press release contains a non-GAAP financial measure. For purposes of Regulation G, a non-GAAP financial measure is a numerical measure of a company's performance, financial position, or cash flows that either excludes or includes amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with generally accepted accounting principles, or GAAP. To supplement our financial statements presented in accordance with GAAP, we report EBITDA, a non-GAAP financial measure commonly used in our industry as a measure of performance. EBITDA represents earnings before interest, taxes, depreciation and amortization, including non-cash equity compensation expense. This measure should be considered in addition to results prepared in accordance with GAAP, and is not a substitute for, or superior to, GAAP results. The non-GAAP measure of EBITDA is provided to enhance the investors' overall understanding of our current financial performance and our prospects for the future. Consistent with our historical practice, the non-GAAP measure of EBITDA has been reconciled to the nearest GAAP measure.

The information contained in this Item 2.02, including the exhibit referenced herein, shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall it be incorporated by reference into any registration statement we file under the Securities Act of 1933, as amended, unless specifically identified therein as being incorporated by reference.
