Item 2.05 Costs Associated with Exit or Disposal Activities.

On November 15, 2006, the Board of Directors of Merge Technologies Incorporated, a Wisconsin corporation doing business as Merge Healthcare (the "Registrant") approved a rightsizing and reorganization initiative, effective immediately. Pursuant to the rightsizing, the Registrant will terminate approximately 150 employees, or 28% of its current workforce. While many of these reductions will be effective immediately, others will be transitioned over the next six months to assure continuity and customer satisfaction. The reorganization initiative followed an extensive examination of the Registrant by its senior management team, led by Kenneth D. Rardin, whom the Registrant hired as President and Chief Executive Officer on September 6, 2006. Based on the review, the Registrant's management identified a short-term need to better align its costs with revenue-generating strategies and identified several redundancies within the consolidated organization.

In addition to the employee reductions, as part of the reorganization, the Registrant will close its offices in San Francisco, California, and Tokyo, Japan, and reduce the scope of its operations in Burlington, Massachusetts, Cleveland, Ohio, and Toronto, Canada.

The Registrant anticipates that it will incur restructuring costs of approximately \$3 to \$5 million in the fourth quarter of 2006, primarily consisting of severance pay. The Registrant anticipates that it will make the cash severance payments from the fourth quarter of 2006 through the second quarter of 2007.

A copy of the Registrant's News Release summarizing the rightsizing initiative and the reorganized management team is attached as Exhibit 99.1 to this Form 8-K and is incorporated by reference herein.
