**Item 2.05 Costs Associated with Exit or Disposal Activities.**

On November 29, 2012, Cumberland Pharmaceuticals Inc. (the "Company") implemented a realignment of its national sales organization to more efficiently cover key targets in support of its three marketed products, Caldolor, Acetadote and Kristalose in the United States. As a result of this realignment on November 29, 2012, the Company's sales personnel moved from 95 individuals to 64 individuals, maintaining approximately two thirds of its pre-realignment sales organization and consolidated its number of nationwide districts from 10 to 8. The Company does not expect to have further changes to its sales personnel as a result of the realignment. The impact on the Company's earnings will be addressed in its 2013 guidance. The Company expects to incur and pay between \$0.50 million and \$0.75 million in one-time separation expenses related to this realignment during the fourth quarter ending December 31, 2012.
