Item 1.01. Entry into a Material Definitive Agreement.

On May 11, 2018, RenaissanceRe Holdings Ltd. (the Company) granted The Vanguard Group, Inc. (Vanguard) a limited waiver from the restrictions on the acquisition of share ownership set forth in Bye-law 46A of the Company's Amended and Restated Bye-laws (the Bye-laws), up to a maximum amount of shares representing 15% of the shares of the Company outstanding at any time of measurement (the Waiver). The Waiver is revocable by the Company for any reason upon 30 days' notice.

Bye-law 46A provides, among other things, that no Person (as defined in the Bye-Laws) shall be permitted to own or control shares in the Company to the extent that such ownership or control would result in such Person or any other Person being a Ten Percent Shareholder (as defined in the Bye-Laws) or cause the Company to become a controlled foreign corporation within the meaning of Section 957 of the U.S. Internal Revenue Code, subject to waiver by the Board of Directors of the Company in its sole discretion.

Vanguard has agreed and acknowledged that, in accordance with the Bye-laws, the voting rights attributable to the Controlled Shares (as defined in the Bye-laws) owned or controlled by Vanguard shall not exceed 9.9% of the voting rights attached to all of the issued and outstanding capital shares of the Company in respect of any vote at any general meeting of the Company for any purpose.

The foregoing summary does not purport to be a complete description of all of the provisions of the Waiver and is qualified in its entirety by reference to the full text of the Waiver, which is attached as Exhibit 10.1 to this Current Report on Form 8-K.

Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

New Form of Performance Share Award

On May 14, 2018, the Compensation Committee of the Board of Directors of the Company (the Committee) approved a new form of performance share agreement setting forth the material terms and conditions of awards of performance shares to be granted pursuant to the Company's 2016 Long-Term Incentive Plan (the Plan). The Committee actively reviews the terms and conditions of its performance share program at least annually to ensure that it aligns with the Company's strategic plan. The Committee recognizes that, as a result of the execution of the Company's strategic plan, the Company's business has evolved since the inception of the performance share program, including diversification of the Company's assumed risk portfolio, improvement in the Company's operating leverage, organic growth and continued optimization of the duration of the Company's investment portfolio. As a result, the Committee has determined that it is in the best interests of the Company to adopt a new form of performance share agreement to re-align the metrics of the performance share program to better reflect the Company's current business, risk and investment portfolios.

Performance shares granted under the new form of performance share agreement will be earned in three equal annual installments based upon the Company's growth in tangible book value per share plus accumulated dividends during each calendar year performance period and will vest at the end of a three-year service period, subject to the participant's continued service with the Company.

In addition, the new form provides that in the event of industry-wide losses during a performance period of a significant specified magnitude, if the Company's performance against its modeled outcomes for such an event are within the acceptable modeled range, the Committee will have the discretion to award performance shares to the participant in an amount not to exceed a set percentage (currently 25%) of the target payout for the vesting tranche for the performance period that includes such industry losses.

Furthermore, in the event of a change in control of the Company in which the performance shares are not assumed or substituted: (i) with respect to any vesting tranche for which the performance period has not yet commenced as of the date of the consummation of such change in control, the number of performance shares associated with the target achievement level for such vesting tranche will be deemed to be earned, and (ii) with respect to the vesting tranche for the performance period that includes the date of the change in control, the performance shares in such vesting tranche will be earned based upon the Company's total shareholder return, rather than on growth in tangible book value per share plus accumulated dividends. Total shareholder return will be calculated from the date immediately prior to the date on which such change in control is publicly announced through the date of the consummation of such change in control, in each case calculated using the prior 20-day average closing price.

The foregoing summary does not purport to be a complete description of all of the provisions of the new form of performance share agreement and is qualified in its entirety by reference to the full text of the Plan and the form of performance share agreement attached as Exhibit 10.2 hereto.

Grant to Chief Executive Officer

Following review of the compensation of the Company's Chief Executive Officer, Kevin J. O'Donnell, compared to the chief executive officers of the Company's peers, the Committee also determined to make a long-term incentive award to Mr. O'Donnell, including a grant of performance shares under the new performance share program, in recognition of Mr. O'Donnell's performance in leading the Company's attainment of the improved operating leverage, strong expense management and other strategic accomplishments achieved under his tenure, as well as the increased complexity of the Company's book of business and operating environment and also to bring Mr. O'Donnell's compensation in line with the market. The performance shares granted to Mr. O'Donnell are subject to the terms and conditions of the Plan and the new form of performance share agreement approved by the Committee and attached as Exhibit 10.2 hereto.
