In connection with the property acquisitions noted above, we incurred the following fixed rate mortgage notes:

Property	Loan Amount	Fixed Interest Rate	Maturity Date
Circuit City – Aurora, CO	\$ 4,777,000	6.62%	9/1/2017
24 Hour Fitness – Olathe, KS	4,816,500	6.15%	9/1/2017
Gold’s Gym – O’Fallon, MO	5,425,000	6.09%	9/1/2017
Broadview Village Square – Chicago, IL	31,500,000	5.86%	10/1/2017

The fixed rate debt mortgage notes require monthly interest-only payments with the principal balances due in ten years. The mortgage notes are generally non-recourse to us and Cole OP II, but both are liable for customary non-recourse carveouts.

The fixed rate mortgage notes generally may not be prepaid, in whole or in part, except under the following circumstances: (i) full prepayment may be made on any of the three (3) monthly payment dates occurring immediately prior to the maturity date, and (ii) partial prepayments resulting from the application of insurance or condemnation proceeds to reduce the outstanding principal balance of the mortgage notes. Notwithstanding the prepayment limitations, we may sell the property to a buyer that assumes the respective mortgage loan. The transfer would be subject to the conditions set forth in the individual property’s mortgage note document, including without limitation, the lender’s approval of the proposed buyer and the payment of the lender’s fees, costs and expenses associated with the sale of the property and the assumption of the loan.

In the event a mortgage note is not paid off on the maturity date, the mortgage loans include default provisions. Upon the occurrence of an event of default, interest on the mortgage notes will accrue at an annual default interest rate equal to the lesser of (a) the maximum rate permitted by applicable law, or (b) 4% above the fixed interest rate. In addition, we will be required to pay a prepayment consideration in an amount equal to the greater of 1.0% of the outstanding principal balance of the mortgage note, or the present value of the remaining scheduled payments of principal and interest from the date such payment is received through the maturity date at the time any payment is received by the lender.

For federal income tax purposes, the depreciable basis in the properties noted above is approximately \$103.1 million in total. When we calculate depreciation expense for tax purposes, we will use the straight-line method. We depreciate buildings and improvements based upon estimated useful lives of 40 years, respectively. The depreciable basis in the properties noted above are detailed as follows:

<u>Property</u>	<u>Depreciable Tax Basis</u>
Walgreens — Richmond, VA	\$ 3,395,239

### *Potential Property Investments*

Our advisor has identified the following properties as potential suitable investments for us. The acquisition of each such property is subject to a number of conditions. A significant condition to acquiring any one of these potential acquisitions is our ability to raise sufficient proceeds in this offering to pay all or a portion of the purchase price. An additional condition to acquiring these properties will be our securing debt financing to pay the balance of the purchase price. Such financing may not be available on acceptable terms or at all.

Our evaluation of a property as a potential acquisition, including the appropriate purchase price, will include our consideration of a property condition report; unit-level store performance; property location, visibility and access; age of the property, physical condition and curb appeal; neighboring property uses; local market conditions, including vacancy rates; area demographics, including trade area population and average household income; neighborhood growth patterns and economic conditions; and the presence of demand generators.

We will decide whether to acquire these properties generally based upon:

- satisfaction of the conditions to the acquisitions contained in the respective contracts;
- no material adverse change occurring relating to the properties, the tenants or in the local economic conditions;
-

## Edgar Filing: Cole Credit Property Trust II Inc - Form 424B3

our receipt of sufficient net proceeds from the offering of our common stock to the public and financing proceeds to make these acquisitions; and

- our receipt of satisfactory due diligence information including appraisals, environmental reports and tenant and lease information.

Other properties may be identified in the future that we may acquire before or instead of these properties. Due to the considerable conditions to the consummation of the acquisition of these properties, we cannot make any assurances that the closing of these acquisitions is probable.
