ITEM 2: MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This report contains forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended. Skkynet’s actual results could differ materially from those set forth on the forward-looking statements as a result of the risks set forth in Skkynet’s filings with the Securities and Exchange Commission, general economic conditions, and changes in the assumptions used in making such forward looking statements.

OVERVIEW

Skkynet is a Nevada corporation headquartered in Mississauga, Canada. Skkynet operates three different lines of business through its wholly-owned subsidiaries Cogent Real-Time Systems, Inc. (“Cogent”), Skkynet, Inc. (“Skkynet (USA)”), Skkynet Corp. (“Skkynet (Canada)”), and Nic Corporation (“NiC”). Skkynet was established to enhance Cogent’s existing business lines through the integration of Cloud-based systems, and to deliver a Software-as-a-Service (“SaaS”) product targeting the Industrial Internet of Things (“IoT”) market, now referred to by the terms “Industry 4.0” and “Industrial Internet Consortium”. We will also expand the areas of business activity to which our products and services are applied.

The Company provides software and related systems and facilities to collect process and distribute real-time information over a network. This capability allows the customers to both locally and remotely manage, supervise and control industrial processes and financial information systems. By using this software and, when requested by a client, our web based assets, our clients and their customers (to the extent relevant) are given the ability and the tools to observe and interact with these processes and services in real-time as they are underway and to give them the power to analyze, alter, stop or otherwise influence these activities to conform to their plans.

RESULTS OF OPERATIONS

For the three month periods ending January 31, 2017, revenues were \$285,486 compared to \$275,944 for the same period in 2016. Revenue increased for the three month period ending January 31, 2017 over the three month period ended January 31, 2016 by 3.4%. The increase in revenue for the three month period ended January 31, 2017 is attributed slightly higher sales by the Cogent division on an international basis with the products of the Company.

General and administrative expense was \$516,603 for the three month period ended January 31, 2017 compared to \$632,588 for the same period in 2016. The decrease in general and administrative expenses for the three month period ended January 31, 2017, was a result of options expensed of \$123,976 compared to \$226,155 in 2016, which accounted for most of the decreased G&A expenses in 2017 versus 2016.

For the three month period ending January 31, 2017, the Company posted an operating loss of \$241,735 compared to an operating loss of \$396,093 for the same period in 2016. The decrease in operating loss during the three month period is attributable to decreased expenses in consulting, salaries, and office expenses, plus slightly higher revenue for the same period in 2017 over 2016.

Table of Contents

Other income and expenses for the three month period ending January 31, 2017, was other expense of \$4,490 compared to other income of \$26,899 in the same period in 2016.

Net loss of \$246,225 was recorded for the three month periods ending January 31, 2017, compared to a net loss of \$369,194 for the same periods in 2016. The lower loss for the three month period in 2017 can be attributed to increased revenue and lower marketing and general and administrative expenses in 2017 compared to 2016.

The Company incurred a comprehensive loss of \$248,810 for the three month period ended January 31, 2017 compared to a comprehensive loss of \$378,152 for the same period in 2016. The comprehensive loss is an adjustment to net loss with accrued preferred stock dividends and foreign currency translation adjustments taken into account.

LIQUIDITY AND CAPITAL RESOURCES

At January 31, 2017, Skkynet had current assets of \$378,963 and current liabilities of \$276,162, resulting in working capital of \$102,801. Accumulated deficit, as of January 31, 2017, was \$4,359,479 with total shareholders' equity of \$124,337.

Net cash used in operations for the three months ending January 31, 2017, was \$100,146 compared to net cash used of \$63,234 for the same period in 2016. Net cash used in operations increased primarily due to the decrease in option expense of \$102,178 in 2017 over 2016 and accounts payable change of \$20,672. This is offset by accrued liabilities to related parties increasing by \$4,616, increase in deferred revenue of \$9,692 and an increase in accounts receivable of \$77,948.

Net cash used in investing activities and net cash provided from financing activities, during the three months ended January 31, 2017 and the same period in 2016 was zero

OFF-BALANCE SHEET ARRANGEMENTS

We have no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to stockholders.

ITEM 3: QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As a “smaller reporting company” as defined by Item 10 of Regulation S-K, Skkynet is not required to provide information required under this Item.

ITEM 4: CONTROLS AND PROCEDURES

This report includes the certifications of our Chief Executive Officer and Chief Financial Officer required by Rule 13a-14 under the Securities Exchange Act of 1934 (the "Exchange Act"). See Exhibits 31.1 and 31.2. This Item 4 includes information concerning the controls and control evaluations referred to in those certifications.

Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) are designed to ensure that information required to be disclosed in reports filed or submitted under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to management, including the Principal Executive Officer and the Principal Financial Officer, to allow timely decisions regarding required disclosures.

Table of Contents

In connection with the preparation of this report, our management, under the supervision and with participation of our Principal Executive Officer and Principal Financial Officer (the “Certifying Officers”) conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as of January 31, 2017,. Based on that evaluation, our management concluded that there is a material weakness in our disclosure controls and procedures over financial reporting. The material weakness results from a lack of written procedures which effectively documents the proper procedures and descriptions of the duties of all persons involved in the disclosure controls of the Company. The Company hopes to implement plans to document the procedures and internal controls of the Company. A material weakness is a deficiency, or a combination of control deficiencies, in disclosure control over financial reporting such that there is a reasonable possibility that a material misstatement of the Company’s annual or interim financial statements will not be prevented or detected on a timely basis. This does not include an evaluation by the Company’s registered public accounting firm regarding the Company’s internal control over financial reporting.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Exchange Act Rules 13a-15 or 15d-15 that occurred during our most recent quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Our management believes that the Unaudited Financial Statements included herein present, in all material respects, the Company’s financial condition, results of operations and cash flows for the periods presented.
