**Asia Properties, Inc.**

**(A Development Stage Company)**

**Notes to the Financial Statements**

**September 30, 2013**

**1. Basis of Presentation**

The accompanying unaudited interim financial statements of Asia Properties, Inc., have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission, and should be read in conjunction with the audited financial statements and notes thereto contained in Asia Properties' Annual Report filed with the SEC on Form 10-KSB. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements which would substantially duplicate the disclosure contained in the audited financial statements for fiscal 2011 as reported in the Form 10-KSB have been omitted.

**Principles of Consolidation**

The consolidated financial statements include the accounts of Asia Properties, Inc. (the "Company") and its 100% owned subsidiary, Asia Properties (HK) Limited that was registered in Hong Kong on November 7, 2007, after elimination of all significant inter-company accounts and transactions.

**2. Going Concern**

Planned principal activities have begun but Asia Properties has not generated significant revenues to date. The Company had a net loss of \$256,814 for the nine months ended September 30, 2013 and had a negative working capital of (\$1,336,266) and stockholders' deficit of \$711,266 at September 30, 2013. These matters raise substantial doubt about Asia Properties' ability to continue as a going concern. Continuation of Asia Properties' existence depends upon its ability to obtain additional capital. Management's plans in regards to this matter include receiving continued financial support from directors and raising additional equity financing in 2013. These financial statements do not include any adjustments that might result from the outcome of this uncertainty.

### **3. Mining Claims**

The Company acquired the Banroy Gold Claim on July 18, 2011 for \$35,000, consisting of 16 claims covering an area of 677.52 hectares, being valid for 2 years until June 22, 2013 in La Pause Township, Quebec, Canada.

On August 29, 2011, The Company entered into a definitive agreement to acquire the 1325 acre King's Point, North Block Mining Concession for \$590,000, located in Newfoundland, Canada consisting of 53 claims.

### **4. Related Party Transactions**

For the three months ended September 30, 2013, the Company accrued \$15,000 in management fees to its president and CEO. For the nine months ended September 30, 2013, the Company accrued \$45,000 in management fees to its president and CEO. As of September 30, 2013, Asia Properties owed its CEO \$1,139,110 (2012 - \$1,037,172) in expense reimbursements, management fees and a note payable in the amount of \$16,000 bearing interest at 2% per month of \$320.

### **5. Short-term Loan**

The Company borrowed \$50,000 from Capital One in February 2008. Required monthly payments are \$1,739. As at September 30, 2013, the loan balance owed to Capital One was \$29,988 (2012- \$22,929).

## **6. Line of Credit**

The Company has a revolving business line of credit payable to Wells Fargo Bank. As at September 30, 2013 and 2012, \$49,900 and \$49,945 was due to Wells Fargo Bank.

## **7. Commitments**

The Company is committed to pay \$100,000 towards mining exploration during the tenure of the King's Point mining claim option as consideration for the acquisition of mining claims in Canada. The option for this claim was terminated September 26, 2013.

### **Limited Operating History; Need for Additional Capital**

There is no historical financial information about us upon which to base an evaluation of our performance. We have no revenue generating assets. We cannot guarantee we will be successful in our business operations. Our business is subject to risks inherent in the establishment of a new business enterprise, including limited capital resources and possible cost overruns due to price and cost increases in services.

We will require additional financing to cover our costs that we expect to incur over the next twelve months. We believe debt financing will not be an alternative for funding our operations as we do not have tangible assets to secure any debt financing. We anticipate that additional funding will be in the form of equity financing from the sale of our common stock. However, we cannot provide any assurance that we will be able to raise sufficient funding from the sale of our common stock to fund our plan of operations. In the absence of such financing, we will not be able to continue and our business plan will fail.
