FORWARD-LOOKING STATEMENTS

This Form 10-Q for the quarterly period ended March 31, 2014 contains forward-looking statements that involve risks and uncertainties. Forward-looking statements in this document include, among others, statements regarding our capital needs, business plans and expectations. Such forward-looking statements involve assumptions, risks and uncertainties regarding, among others, the success of our business plan, availability of funds, government regulations, operating costs, our ability to achieve significant revenues, our business model and products and other factors. Any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as “may”, “should”, “expect”, “plan”, “intend”, “anticipate”, “believe”, “estimate”, “predict”, “potential” or “continue”, the negative of such terms or other comparable terminology. In evaluating these statements, you should consider various factors, including the assumptions, risks and uncertainties set forth in reports and other documents we have filed with or furnished to the SEC. These factors or any of them may cause our actual results to differ materially from any forward-looking statement made in this document. While these forward-looking statements, and any assumptions upon which they are based, are made in good faith and reflect our current judgment regarding future events, our actual results will likely vary, sometimes materially, from any estimates, predictions, projections, assumptions or other future performance suggested herein. The forward-looking statements in this document are made as of the date of this document and we do not intend or undertake to update any of the forward-looking statements to conform these statements to actual results, except as required by applicable law, including the securities laws of the United States.

Asia Properties, Inc.

Notes to the Financial Statements

March 31, 2014 (Unaudited)

1. Basis of Presentation

The accompanying unaudited interim consolidated financial statements of Asia Properties, Inc. (the “Company” or “Asia Properties”), have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission, and should be read in conjunction with the audited financial statements and notes thereto contained in Asia Properties’ Annual Report filed with the SEC on Form 10-K. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements which would substantially duplicate the disclosure contained in the audited financial statements for fiscal 2013 as reported in the form 10-K have been omitted.

Principles of Consolidation

The consolidated financial statements include the accounts of Asia Properties Inc. and its 100% owned subsidiary, Asia Properties (HK) Limited that was registered in Hong Kong on November 7, 2007, after elimination of all significant inter-company accounts and transactions.

2. Going Concern

Planned principal activities have begun but Asia Properties has not generated significant revenues to date. The Company had a net loss of \$25,830 and had a negative working capital of (\$1,291,277) and stockholders’ deficit of \$4,943,205 at March 31, 2014. These matters raise substantial doubt about Asia Properties’ ability to continue as a going concern. Continuation of Asia Properties’ existence depends upon its ability to obtain additional capital. Management’s plans in regards to this matter include receiving continued financial support from directors and raising additional equity financing in 2012. These financial statements do not include any adjustments that might result from the outcome of this uncertainty.

3. Short Term Loan

In February 2008, the Company secured financing from Capital One in the amount of \$100,000. The loan requires the Company to repay \$1,739 on a monthly basis. Interest is charged at the annual prime rate plus 3.25%. As of March 31, 2014, the Capital One Loan has been paid in full (2013 - \$2,765). The short term loan is secured personally by the sole director and officer of the Company.

4. Due to Related Party

During the quarter ended March 31, 2014, the Company accrued management fees of \$15,000 (2013 - \$15,000) to the Chief Executive Officer (“CEO”) and sole director of the Company. As of March 31, 2014, the Company owed its CEO \$1,194,864 (2013 - \$1,172,279) for expense reimbursements and accrued management fees, which are reflected as due to related party on the balance sheet. These advances are unsecured, non-interest bearing and payable upon demand.

5. Line of Credit

In February 2007, the Company was approved for a revolving credit facility at Wells Fargo for a maximum business line amount of \$50,000. Interest is charged at 12.75% annually. As at March 31, 2014, the balance amounted to \$49,578 (2013 - \$49,340). The line of credit is secured personally by the sole director and officer of the Company.

6. Notes Payable

The Company issued demand promissory notes to two individuals during 2011 and 2012. The original principal of \$16,000 is payable upon demand. Interest is accrued at 2% per month. During the year ended December 31, 2013, \$3,500 of the demand promissory notes were transferred to an arm’s length party and settled by the issuance of common stock. See Note 8(a). As at March 31, 2014, the notes payable balance is \$12,500 (2013 - \$12,500).

Asia Properties, Inc.

Notes to the Financial Statements

7. Common Stock

The following table summarizes common stock issuances as of March 31, 2014:

	Number of Shares	Common Stock Amount
Balance as of December 31, 2012	38,421,362	\$ 12,148
Issued 3,500,000 shares for the settlement of debt and services	a 3,500,000	3,500
Balance as of December 31, 2013 and March 31, 2014	41,921,362	\$ 15,648

On September 26, 2013, the Company issued 3,500,000 shares valued at \$175,000, based on the current market price of \$0.05, to settle a debt of \$3,500 (See Note 7) and for consulting fees of \$171,500, which have been charged to the consolidated statement of comprehensive loss.

8. Commitments and Contingencies

The Company has a monthly office rental of \$77 in Hong Kong.

The Company rents an office in Bellingham, Washington, which costs \$100 per month on a month to month basis.

9. Subsequent Events

On August 25, 2014, the Company issued 408,000 restricted common shares to settle a debt of \$20,400 which included promissory notes of \$14,000 plus accrued interest of \$6,400.

Edgar Filing: ASIA PROPERTIES INC - Form 10-Q

On August 27, 2014, the Company issued 500,000 restricted common shares in lieu of services rendered.

On December 29, 2014, the Company issued 370,000 restricted common shares in settlement of \$18,500 of debt.

On January 1, 2015, the Company issued 6,800,000 restricted common shares to settle \$340,000 of debt owed to the director and officer of the Company.

On January 1, 2015, the Company issued 200,000 restricted common shares for services rendered.

On January 6, 2015, the Company entered into a Purchase and Sale Agreement (“PSA”) to acquire 100% of the shares of Asia Innovation Technology Limited (“AITL”). Pursuant to the PSA, the Company will issue 950-million restricted common shares of the Company to AITL. Please see January 6, 2015 8K filing for addition details.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operation.

Asia Properties, Inc. was originally established to seek opportunities to invest in real estate and develop resorts in South East Asia. The Company has on July 1, 2011 restructured itself into a junior mining exploration company.

At the moment, it intends to deploy Asian based capital to develop and acquire mining assets in North America and other favourable mining jurisdictions.

The Company is highly leveraged and expects to be able to capitalize on suitable possibilities when identified.

Limited Operating History; Need for Additional Capital

There is no historical financial information about us upon which to base an evaluation of our performance. We have no revenue generating assets. We cannot guarantee we will be successful in our business operations. Our business is subject to risks inherent in the establishment of a new business enterprise, including limited capital resources and possible cost overruns due to price and cost increases in services.

We will require additional financing to cover our costs that we expect to incur over the next twelve months. We believe that debt financing will not be an alternative for funding our operations, as we do not have tangible assets to secure any debt financing. We anticipate that additional funding will be in the form of equity financing from the sale of our common stock. However, we cannot provide any assurance that we will be able to raise sufficient funding from the sale of our common stock to fund our plan of operations. In the absence of such financing, we will not be able to continue and our business plan will fail.

Results of Operations

Revenues

We have not generated any revenues from our operations during the three-month period ended March 31, 2014 or during last two years.

Expenses

We incurred general and administrative expenses of \$6,211 for the three-month period ended March 31, 2014, as compared to \$15,695 for the same period in 2013, a decrease of \$9,484 or 60%.

Our management fees remained the same at \$15,000 for the three-months ended March 31, 2014 as for last year.

We incurred professional fees of \$4,619 during either quarter.

Liquidity and Capital Resources

As at March 31, 2014, we had cash of \$988.

Cash Used in Operating Activities

Net cash used in operating activities was \$4,725 for the three-month period ended March 31, 2014. For the same period in 2013, there was net cash used of \$2,256. For the period from April 6, 1998 (inception) to March 31, 2014, net cash used in operating activities was \$387,440.

Cash Used in Investing Activities

We did not incur any investment costs in the three-month period ended March 31, 2014 or March 31, 2013. Net cash used in investing activities was \$1,079,954 for the period from April 6, 1998 (inception) to March 31, 2014.

Cash from Financing Activities

We have funded our business to date primarily from sales of our common stock but did not sell any common stock during the three months ended March 31, 2014. There are no assurances that we will be able to achieve further sales of our common stock or any other form of additional financing. If we are unable to achieve the financing necessary to continue our plan of operations, then we will not be able to continue our operations and our business will fail.

Going Concern

We are a development stage company. In a development stage company, management devotes most of its activities to developing a market for its products and services. Planned principal activities have begun, but we have not generated revenues to date.

Future Financing

We anticipate continuing to rely on equity sales of our common stock in order to continue to fund our business operations. Issuances of additional shares will result in dilution to our existing shareholders. There is no assurance that we will achieve any additional sales of our equity securities or arrange for debt or other financing to fund our planned operations.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to stockholders.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Not applicable.

Item 4. Controls and Procedures.

Disclosure Controls and Procedures

We maintain disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended) that are designed to ensure that information required to be disclosed by us in reports we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and that such information is accumulated and communicated to management, including the our Chief Executive Officer (as our chief executive officer and chief financial officer), to allow timely decisions regarding required disclosures. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. As of the end of the period covered by this report, and under the supervision and with the participation of management, including our Chief Executive Officer, who is responsible for establishing and maintaining adequate internal control over financial reporting as such term is defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act, such persons conducted an evaluation of the effectiveness of the design and operation of these disclosure controls and procedures. Based on this evaluation and subject to the foregoing, our Chief Executive Officer concluded that these controls are not effective because there are material weaknesses in our internal controls over financial reporting. A material weakness is a deficiency, or a combination of control deficiencies, in internal control over reporting such that there is a reasonable possibility that that a material misstatement our annual or interim financial statements will not be prevented or detected on a timely basis.

Changes in Internal Control Over Financial Reporting

During the period covered by this report, there have not been any changes in the our internal controls that have materially affected or are reasonably likely to materially affect, our internal control over financial reporting. However, please note the discussion above.
