 (Unaudited)

1. CONDENSED FINANCIAL STATEMENTS

The condensed balance sheet as of June 30, 2012 has been derived from audited financial statements. The unaudited condensed financial statements presented herein are based on interim amounts. 4. PRODUCT SOFTWARE DEVELOPMENT EXPENDITURES

The Company follows the guidance of ASC 985-20 "Costs of Software to be Sold, Leased, or Marketed" when capitalizing software development costs associated with software embedded in or to be incorporated into its products. The cost of purchased software technology is capitalized and stated at the lower of unamortized cost or expected net realizable value. Software is subject to rapid technological obsolescence and future revenue estimates supporting the capitalized software cost can be negatively affected based upon competitive products, services and pricing. Such adverse developments could reduce the estimated net realizable value of our product software development costs and could result in impairment or a shorter estimated life. Such events would require us to take a charge in the period in which the event occurs or to increase the amortization expense in future periods and would have a negative effect on our results of operations. At a minimum, we review for impairment on a quarterly basis. The Company launched a new product offering utilizing this software in the fourth quarter of fiscal 2012 and began amortization of the related capitalized software costs. Amortization is being recorded over a three year period or a fixed amount per unit sold, whichever is greater. Amortization expense for the three months ended September 30, 2012 was \$364,540. Accumulated amortization as of September 30, 2012 totaled \$507,407.

5. INCOME TAXES

The Company files income tax returns in the United States (Federal), Wisconsin (State) and various other state jurisdictions. Tax years open to examination by tax authorities under the statute of limitations include fiscal 2007 through 2012 for Federal and fiscal 2008 through 2012 for most state jurisdictions.

The total liability for unrecognized tax benefits was \$1,146,051 as of September 30, 2012 and as of June 30, 2012. The Company recognizes penalties related to unrecognized tax benefits in the provision for income taxes. The Company recognizes interest related to unrecognized tax benefits in interest expense. The Company expects a decrease in unrecognized tax benefits during the next 12 months based on expected closure of certain tax positions.

6. CREDIT FACILITY

On May 12, 2010, the Company entered into a secured credit facility with JPMorgan Chase Bank, N.A. ("Lender"). The Credit Agreement dated May 12, 2010 between the Company and the Lender ("Credit Agreement") provides for an \$8,000,000 revolving secured credit facility with interest rates either ranging from 0.0% to 0.75% over the Lender's most recently publicly announced prime rate or 2.0% to 3.0% over the London Interbank Offered Rate ("LIBOR"), depending on the Company's leverage ratio. The Company pays a fee of 0.3% to 0.45% for unused amounts committed in the credit facility. On May 21, 2012, the Credit Agreement was amended to extend the expiration to July 31, 2014. In addition to the revolving loans, the Credit Agreement also provides that the Company may, from time to time, request the Lender to issue letters of credit for the benefit of the Company up to a sublimit of \$2,000,000 and subject to certain other limitations. The loans may be used only for general corporate purposes of the Company.

The Credit Agreement contains certain affirmative, negative and financial covenants customary for financings of this type. The negative covenants include restrictions on other indebtedness, liens, fundamental changes, certain investments, asset sales, sale and leaseback transactions and transactions with affiliates, among other restrictions. The financial covenants include a minimum current ratio, minimum tangible net worth and maximum leverage ratio requirements. The Company and the Lender also entered into a Pledge and Security Agreement dated May 12, 2010 under which the Company granted the Lender a security interest in substantially all of the Company's assets in connection with the Company's obligations under the Credit Agreement. As of September 30, 2012 and June 30, 2012, the outstanding balance on this credit facility was \$2,200,000 and \$0, respectively. The applicable interest rate

on the outstanding balance at September 30, 2012 was 3.25%.

7. INTEREST EXPENSE

The Company incurs interest expense primarily related to its secured credit facility (see Note 6) and to its liabilities for its tax positions related to the unauthorized transactions. As the tax returns have been settled and statutes have closed, the interest expense on certain items has been reversed. Interest expense detail was as follows for the three months ended September 30, 2012 and 2011, respectively:

7

Interest expense	\$(29,309) \$(40,526)

8. INCOME PER COMMON AND COMMON STOCK EQUIVALENT SHARE

Basic income per share is computed based on the weighted-average number of common shares outstanding. The weighted-average number of common shares outstanding was 7,382,706 for the quarters ended September 30, 2012 and 2011. When dilutive, stock options are included in income per share as share equivalents using the treasury stock method. For the periods ended September 30, 2012 and 2011, there were no common stock equivalents related to stock option grants that were included in the computation of the weighted-average number of shares outstanding for diluted income per share. Shares under option of 1,944,308 and 1,749,308 were excluded from the diluted weighted-average common shares outstanding for the periods ended September 30, 2012 and 2011, respectively, as they would be anti-dilutive.

9. DIVIDENDS DECLARED

On August 23, 2012, the Company declared a quarterly cash dividend of \$0.06 per share for the stockholders of record on September 28, 2012 to be paid October 15, 2012. Such dividend payable has been recorded as of September 30, 2012.

10. STOCK OPTIONS

The Company recognizes stock-based compensation expense for options granted under both the 1990 Flexible Incentive Plan and the 2012 Omnibus Incentive Plan, which was approved by the stockholders at the annual meeting held on October 3, 2012. The stock-based compensation relates to stock options granted to employees, non-employee directors and non-employee consultants. In the three months ended September 30, 2012, options to purchase 430,000 shares were granted under the 2012 Omnibus Incentive Plan at a weighted average exercise price of \$5.14. In the three months ended September 30, 2011, options to purchase 415,000 shares were granted under the 1990 Flexible Incentive Plan at a weighted average exercise price of \$6.37. Stock-based compensation expense during the three months ended September 30, 2012 and 2011 was \$148,502 and \$124,671, respectively.

11. STOCK PURCHASE AGREEMENTS

The Company has an agreement with its Chairman, John C. Koss, in the event of his death, at the request of the executor of his estate, to repurchase his Company common stock from his estate. The Company does not have the right to require the estate to sell stock to the Company. As such, this arrangement is accounted for as a written put option with the fair value of the put option recorded as a derivative liability.

The fair value of the written put option at September 30, 2012 and June 30, 2012 was \$138,581 and \$135,333, respectively. The repurchase price is 95% of the fair market value of the common stock on the date that notice to repurchase is provided to the Company. The total number of shares to be repurchased will be sufficient to provide proceeds which are the lesser of \$2,500,000 or the amount of estate taxes and administrative expenses incurred by the Chairman's estate. The Company may elect to pay the purchase price in cash or may elect to pay cash equal to 25% of the total amount due and to execute a promissory note for the balance, payable over four years, at the prime rate of interest. The Company maintains a \$1,150,000 life insurance policy to fund a substantial portion of this obligation.

14. LEGAL MATTERS

As of September 30, 2012, the Company is party to the matters related to the unauthorized transactions described below:

On January 15, 2010, a class action complaint was filed in federal court in Wisconsin against the Company, Michael Koss and Sujata Sachdeva. The suit alleged violations of Section 10(b), Rule 10b-5 and Section 20(a) of the Exchange Act relating to the unauthorized transactions and requested an award of compensatory damages in an amount to be proven at trial. An amended complaint was filed on September 10, 2010 adding Grant Thornton LLP as a defendant. The Company and Grant Thornton filed separate Motions to Dismiss the claims. On July 28, 2011, the Court issued an order that dismissed the Section 10(b) and Rule 10b-5 claims against Michael Koss and the claim against Grant Thornton, and ruled that the Section 10(b) and Rule 10b-5 claim against Koss Corporation and the Section 20(a) claim against Michael Koss survived the motion to dismiss. The Company and Michael Koss entered into a Stipulation of Settlement with plaintiffs dated March 6, 2012 that settled all claims against them. The Court approved the settlement and on July 10, 2012, entered a Final Judgment and Order of Dismissal With Prejudice that disposed of the case. See

David A. Puskala v. Koss Corporation, et al., United States District Court, Eastern District of Wisconsin, Case No. 2:2010cv00041.

On February 18, 2010, the Company filed an action against American Express Company, American Express Travel Related Services Company, Inc., AMEX Card Services Company, Decision Science, and Pamela S. Hopkins in Superior Court of Maricopa County, Arizona, case no. CV2010-006631, alleging various claims of aiding and abetting breach of fiduciary duty, aiding and abetting fraud, conversion, and negligence relating to the unauthorized

transactions. American Express filed a Motion to Dismiss the claims that the Company filed, and the Court granted the Motion to Dismiss. The Company filed a Motion for New Trial requesting that the Court reconsider its prior ruling that granted the Motion to Dismiss, and the Court denied the Motion for New Trial. The Company appealed this decision, and the case is currently pending on appeal.

On June 24, 2010, the Company filed an action against its former independent auditor, Grant Thornton, LLP, and Ms. Sachdeva, in Circuit Court of Cook County, Illinois, alleging various claims of accounting malpractice, negligent misrepresentation, and fraud relating to the unauthorized transactions. Grant Thornton filed a Motion to Dismiss based on Forum Non Conveniens grounds and the trial court granted this motion. The Company appealed this decision, and the court of appeals ruled in favor of the Company allowing this case to proceed in Cook County, Illinois as opposed to Milwaukee, Wisconsin. Grant Thornton has appealed this decision to the Illinois Supreme Court, and the case is pending on appeal.

On December 17, 2010, the Company filed an action against Park Bank in Circuit Court of Milwaukee County, Wisconsin alleging claims of negligence and breach of fiduciary duty relating to the unauthorized transactions.

The ultimate resolution of these matters is not determinable unless otherwise noted.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Overview

The Company developed stereo headphones in 1958 and has been a leader in the industry. The Company markets a complete line of high-fidelity stereo headphones, speaker-phones, computer headsets, telecommunications headsets, active noise canceling stereo headphones, wireless stereo headphones and compact disc recordings of American Symphony Orchestras on the Koss Classics label. The Company operates as one business segment.

As a result of the unauthorized transactions that the Company previously reported, the Company restated its previously issued consolidated financial statements and related notes thereto for the fiscal year ended June 30, 2009, and for the three month period ended September 30, 2009. The Company also amended its Quarterly Reports on Form 10-Q/A for the three months ended December 31, 2009 and March 31, 2010 to include condensed consolidated financial statements and related notes thereto, which were delayed as a result of the restatements. All of these amended reports were filed on June 30, 2010, and should be read in conjunction with this Quarterly Report on Form 10-Q.

Results of Operations Summary

Net sales increased 1.8% to \$8,914,862 on the strength of sales to U.S. based mass retailers, including customers added late in the fiscal year ended June 30, 2012.

Gross profit as a percent of sales declined 1.5% to 36.5% due to amortization of software development costs and sales of closeout products at low margin. These impacts were partially offset by improvements in margin resulting from improved product purchase costs, when compared to last year, and favorable product pricing to customers.

Selling, general and administrative spending was higher primarily due to costs of patent and trademark defense.

Resolution of the lawsuits in which the Company was the defendant as well as completion of the SEC investigation caused a significant decline in legal expenses related to the unauthorized transactions.

Unauthorized transaction related recoveries declined due to less insurance reimbursement of legal fees as overall legal fees have declined. The Company received \$440,923 in the three months ended September 30, 2012 from the forfeiture of assets and sale of items at auctions.

2012 Results of Operations Compared with 2011

Net sales for the three months ended September 30, 2012 increased due primarily to an increase in sales to the large mass retailer market in the United States, including customers added late in the year ended June 30, 2012. The Company saw some weakness in sales to European distributors in the first three months of the current year.

Gross profit as a percent of sales for the three months ended September 30, 2012 was 36.5% which was 1.5% lower than for the

Index

three months ended September 30, 2011. The decline in gross profit percentage was the result of approximately \$365,000 of amortization of software development product costs, which started late in the year ended June 30, 2012 when the Striva product was launched. In addition, there was a sale at low margin to close out a product during the quarter ended September 30, 2012. The gross profit as a percent of sales was lower than normal in the quarter ended September 30, 2011 due to cost increases from manufacturers in China. During the year ended June 30, 2012, the Company was able to mitigate some of the cost increases by transferring production to alternate suppliers and by improvements in product pricing in certain markets.

Selling, general and administrative expenses for the three months ended September 30, 2012 were higher than the same period last year. The majority of this increase was driven by costs of patent and trademark defense.

In the three months ended September 30, 2012, unauthorized transaction related costs declined because the Company incurred lower costs for the legal fees related to defending certain actions. The derivative lawsuit, SEC investigation, and class action lawsuit have been resolved, causing a decrease to the legal fees associated with these matters. Included in the unauthorized transaction related recoveries for the three months ended September 30, 2012 was \$440,923 from asset forfeitures and sale of items at auction and \$13,108 of insurance proceeds. Included in recoveries for the three months ended September 30, 2011 was \$499,320 of insurance proceeds.

The income from operations increased in the three months ended September 30, 2012 from the three months ended September 30, 2011 primarily due to decreased unauthorized transaction related costs. The increased sales improved income from operations but was partially offset by a decline in gross profit and increased selling, general and administrative expenses.

The effective income tax rate in the three months ended September 30, 2012 was consistent with the full federal and state tax rates for the Company. It is anticipated that the effective income tax rate would be approximately 31% in the year ended June 30, 2013.

Liquidity and Capital Resources

Cash Flows

The following table summarizes our cash flows from operating, investing and financing activities for the three months ended September 30, 2012 and 2011:

	2012		2011	
Total cash provided by (used in):				
Operating activities	\$(1,037,688)	\$(606,048)
Investing activities	(574,191)	(977,898)
Financing activities	1,757,038		1,657,038	
Net increase in cash and cash equivalents	\$ 145,159		\$ 73,092	

Operating Activities

During the three months ended September 30, 2012, cash used in operations increased primarily due to payments to contract manufacturers causing a \$2,208,481 reduction in accounts payable. Inventory decreased to \$9,120,679 at September 30, 2012 as compared to \$9,396,350 as of June 30, 2012. This decrease was largely due to a closeout of slow moving product. Inventory remained high due to stocking of new products in advance of shipments and adding inventory to support the launch of the Striva product line. Prepaid assets increased to \$1,030,712 at September 30,

2012 from \$387,066 as of June 30, 2012 due to prepayment of insurance premiums and advance payment of a product placement program at a U.S. retailer.

Investing Activities

Cash used in investing activities was lower for the three months ended September 30, 2012 as the Company had lower expenditures for equipment and life insurance payments. In addition, capitalized software development expenditures decreased as a result of expensing on-going costs for the Striva products since the product was launched during the year ended June 30, 2012. In the year ended June 30, 2013, the Company has budgeted \$1,200,000 for tooling and leasehold improvements. The Company expects to generate sufficient funds through operations to fund these expenditures.

Index

Financing Activities

Net cash provided by financing activities in the three months ended September 30, 2012 was similar to the three months ended September 30, 2011. The Company borrowed from its bank line of credit \$2,200,000 and \$2,100,000 in the three months ended September 30, 2012 and 2011, respectively. Dividends paid to stockholders was the same at \$442,962 or \$0.06 per share in the three months ended September 30, 2012 and September 30, 2011. The Company intends to continue to pay regular quarterly dividends for the foreseeable future. As of September 30, 2012, the Company had outstanding borrowings of \$2,200,000 on its bank line of credit facility. The borrowings were used to fund payments to vendors for inventory purchases late in fiscal year ended June 30, 2012.

There were no purchases of common stock in 2012 or 2011 under the stock repurchase program. No stock options were exercised in 2012 or 2011.

Liquidity

In addition to capital expenditures for tooling and continued investment in software and new product development, the Company has interest payments on its line of credit facility borrowings, and planned normal quarterly dividend payments. The Company believes that cash generated from operations, together with borrowings available under its credit facility, provide it with adequate liquidity to meet operating requirements, debt service requirements, planned capital expenditures, and dividend payments. The long-term outlook for the business remains positive, however, the Company continually reevaluates new product offerings, inventory levels and capital expenditures to ensure that it is effectively allocating resources in line with current market conditions.

Credit Facility

On May 12, 2010, the Company entered into a secured credit facility with JPMorgan Chase Bank, N.A. (“Lender”). The Credit Agreement dated May 12, 2010 between the Company and the Lender (“Credit Agreement”) provides for an \$8,000,000 revolving secured credit facility and for letters of credit for the benefit of the Company of up to a sublimit of \$2,000,000. On May 21, 2012, the Credit Agreement was amended to extend the expiration to July 31, 2014. The Company and the Lender also entered into a Pledge and Security Agreement dated May 12, 2010 under which the Company granted the Lender a security interest in substantially all of the Company’s assets in connection with the Company’s obligations under the Credit Agreement. The balance on this facility was \$2,200,000, and \$0 as of September 30, 2012 and June 30, 2012, respectively.

Off-Balance Sheet Arrangements

The Company has no off-balance sheet arrangements other than the lease for the facility in Milwaukee, Wisconsin, which it leases from its Chairman. On May 15, 2012, the lease was renewed for a period of five years, ending June 30, 2018, and is being accounted for as an operating lease. The lease extension maintained the rent at a fixed rate of \$380,000 per year. The Company is responsible for all property maintenance, insurance, taxes and other normal expenses related to ownership. The facility is in good repair and, in the opinion of management, is suitable and adequate for the Company’s business purposes.
