Item 2.01 Completion of Acquisition or Disposition of Assets.

On April 3, 2017, Astronics Custom Control Concepts Inc., a wholly owned subsidiary of Astronics Corporation (the “Company”) acquired substantially all the assets and certain liabilities of Custom Control Concepts LLC (“CCC”) pursuant to the terms of an Asset Purchase Agreement, dated March 16, 2017 (the “Agreement”) by and between CCC and the Company. Under the terms of the Agreement, the total consideration for the transaction was \$10.7 million (the “Purchase Price”) in cash.

The foregoing summary of the Agreement and the transactions contemplated thereby do not purport to be complete and are subject to, and qualified in their entirety by, the full text of the Agreement, which is filed herewith as Exhibit 10.1 and incorporated herein by reference.

The Agreement has been provided solely to inform Astronics Corporation’s shareholders and investors of its terms. The representations, warranties and covenants contained in the Agreement were made only for purposes of such agreement and as of specific dates, were made solely for the benefit of the parties to the Agreement and may be intended not as statements of fact, but rather as a way of allocating the risk to one of the parties if those statements prove to be inaccurate. In addition, such representations, warranties and covenants may have been qualified by certain disclosures not reflected in the text of the Agreement, and may apply standards of materiality in a way that is different from what may be viewed as material by shareholders of, or other investors in, Astronics Corporation. Such shareholders and investors are not third-party beneficiaries under the Agreement and should not rely on the representations, warranties and covenants or any descriptions thereof as characterizations of the actual state of facts or condition of Astronics Corporation, the Company or CCC.

On April 3, 2017, Astronics Corporation issued a press release announcing entry into the Agreement. A copy of the press release is included as Exhibit 99.1 to this Current Report and is incorporated herein by reference.
