**Item 2.05. Costs Associated with Exit or Disposal Activities.**

Albany International Corp. (the Company) issued a news release on January 7, 2008 announcing plans to further reduce manufacturing capacity in North America. As announced, the Company intends to discontinue operations at its forming fabric manufacturing facility in Montgomery, Alabama. The plans are in response to the continuing consolidation within the paper industry in the U.S. and Canada and the need to balance the Company's PMC manufacturing capacity in North America with anticipated paper mill demand.

Discussions with labor representatives are expected to begin shortly. Until they are concluded, the Company is unable reasonably to estimate the costs expected to be incurred in connection with these plans. The Company will disclose the amount, type and timing of these costs promptly

after they are determined.
