500 Sixth Avenue NW
New Prague, MN 56071
(952) 758-9299
NOTICE OF ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON FRIDAY, NOVEMBER 30, 2012

#### To our Shareholders:

The Fiscal 2013 Annual Meeting of the Shareholders (the Annual Meeting ) of Electromed, Inc. (the Company ) will be held on Friday, November 30, 2012, at the Company s reimbursement building, located at 628 Sixth Street Northwest, New Prague, Minnesota. Registration for the Annual Meeting will begin at 9:45 a.m. Central Time, and the Annual Meeting will commence at approximately 10:00 a.m. Central Time. The purposes of the Annual Meeting are to consider and vote upon the following proposals and to transact any other business as may properly come before the Annual Meeting or any adjournments thereof:

- (1) To set the number of directors at six (6).
- (2) To elect directors to our Board of Directors to serve until the next annual meeting of shareholders or until such time as their successors are elected and qualified.
- (3) To ratify the appointment of McGladrey LLP as independent registered public accountant of the Company for the 2013 fiscal year.

Any action may be taken on any one of the foregoing proposals at the Annual Meeting on the date specified above, or on any date or dates to which the Annual Meeting may be adjourned. The foregoing proposals are described more fully in the enclosed proxy statement (the Proxy Statement). A shareholder has notified the Company that the shareholder may present two proposals at the annual meeting. First, the shareholder may present a proposal to change the number of directors on the Board of Directors. If this proposal is properly presented, it is intended that the persons named as proxies will use their discretionary authority to vote against such proposal. Second, the shareholder may present four additional director nominees to be added to the slate of director nominees at the annual meeting. If these director nominees are properly presented, the persons named as proxies will not have discretionary authority to cast a vote related to these nominees. As of the date of this notice, we have yet to receive any further indication of the shareholder's intention with respect to presentation of such proposals at the annual meeting or a solicitation in opposition to the Board of Directors' proposals. Our Nominating and Governance Committee has carefully evaluated the nominees for election at the Annual Meeting contained in this Proxy Statement and recommended their nomination to our Board of Directors approved the nomination of such nominees and recommends that shareholders vote FOR election of the directors named in this Proxy Statement.

If you have any questions regarding the information contained in the Proxy Statement or regarding the completion of the enclosed proxy card or would like directions to the Annual Meeting, please call the Company at (952) 758-9299.

Only shareholders that were listed on the Company s records at the close of business on Wednesday, October 3, 2012, the record date set by the Board of Directors for the meeting, are entitled to notice of the Annual Meeting and to vote at the Annual Meeting and any adjournments thereof. The stock transfer books of the Company will not be closed.

All shareholders of record are cordially invited to attend the Annual Meeting in person. We will request identification in order to ensure an orderly meeting. If you are not a shareholder of record but hold shares through a broker, bank, trustee, or other nominee as custodian (*i.e.*, in street name), we will request proof of your beneficial ownership as of the record date, such as an account statement, a copy of the voting instruction card provided by your custodian, a legal proxy provided by your custodian, or other similar evidence of ownership.

1

To assure the presence of a quorum, the Board of Directors requests that you promptly submit your proxy voting instructions by mail, telephone, or Internet, as indicated on your proxy card, regardless of whether you plan to attend the Annual Meeting. Your proxy vote is solicited by the Board of Directors. The proxy is revocable and will not be used if you attend and vote at the Annual Meeting in person or otherwise provide notice of your revocation. If you would like to vote by mail, please mail your executed proxy card to the Company s stock transfer agent in the enclosed envelope.

By order of the Board of Directors,

Stephen H. Craney Chairman of the Board New Prague, Minnesota November [ ], 2012

IMPORTANT: THE PROMPT SUBMISSION OF PROXIES WILL SAVE THE COMPANY THE EXPENSE OF FURTHER REQUESTS FOR PROXIES IN ORDER TO ENSURE A QUORUM. AN ADDRESSED ENVELOPE IS ENCLOSED FOR YOUR CONVENIENCE, OR YOU MAY VOTE ONLINE OR BY PHONE.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting to be Held on November 30, 2012:

The Notice, Proxy Statement, Form of Proxy Card, Form 10-K and Annual Report are available at <a href="http://electromed.com/info\_pages/investor\_relations.html">http://electromed.com/info\_pages/investor\_relations.html</a>

#### **Preliminary Proxy Statement**

Fiscal 2013 Annual Meeting of Shareholders Friday, November 30, 2012 10:00 a.m. Central Time

This preliminary proxy statement (the Proxy Statement ) is furnished in connection with the solicitation of proxies by the Board of Directors of Electromed, Inc., a Minnesota corporation (the Company ), for use at the Fiscal 2013 Annual Meeting of Shareholders of the Company to be held on Friday, November 30, 2012 (the Annual Meeting ), and at any adjournment thereof. The Annual Meeting will be held at the Company s reimbursement building, located at 628 Sixth Street Northwest, New Prague, Minnesota. Registration for the Annual Meeting will begin at approximately 9:45 a.m. Central Time. The Annual Meeting will commence at approximately 10:00 a.m. Central Time. This solicitation is being made by mail; however, the Company may also use its officers, directors, and employees (without providing them with additional compensation) to solicit proxies from shareholders in person or by telephone, facsimile, email or letter. Distribution of this Proxy Statement and the proxy card via U.S. Mail is scheduled to begin on or about November [ ], 2012.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Shareholders to be Held on November 30, 2012: The Notice, Proxy Statement, Form of Proxy Card, Form 10-K and Annual Report are available at <a href="http://electromed.com/info\_pages/investor\_relations.html">http://electromed.com/info\_pages/investor\_relations.html</a>

#### OUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

#### Q: Why did I receive this proxy statement?

A: The Company is soliciting your proxy vote at the Annual Meeting because you are the owner of record of one or more shares of common stock of the Company at the close of business on Monday, October 3, 2012, the record date for the meeting, and are therefore entitled to vote at the Annual Meeting.

#### Q: What is a proxy?

A: A proxy is your legal designation of another person or persons (the proxy or proxies, respectively) to vote on your behalf. By completing and returning the enclosed proxy card, you are giving directors Stephen H. Craney and Dr. George H. Winn, the proxies, the authority to vote your shares of common stock at the Annual Meeting in the manner you indicate on your proxy card. If you sign and return the enclosed proxy card but do not give direction with respect to any nominee or other proposal, the proxies will vote your shares as recommended by the Board of Directors. The proxies are authorized to vote in their discretion (except as otherwise provided below) if other matters are properly submitted at the Annual Meeting, or any adjournments thereof.

#### Q: When and where is the Annual Meeting?

A: The Annual Meeting will be held on Friday, November 30, 2012, at the Company s reimbursement building, located at 628 Sixth Street Northwest, New Prague, Minnesota. Registration for the meeting will begin at approximately 9:45 a.m. Central Time. The Annual Meeting will commence at approximately 10:00 a.m. Central Time.

#### Q: What am I voting on?

**A:** You are voting on the following matters:

**Proposal 1** To set the number of directors at six (6);

**Proposal 2** To elect the directors named in this Proxy Statement;

**Proposal 3** To ratify the appointment of McGladrey LLP as the Company s independent registered public accountant for the Company s 2013 fiscal year.

#### Q: What does the Board recommend?

A: The Board recommends a vote:

**FOR** the proposal to set the number of directors at six (6) (see Proposal 1);

**FOR** the election of its six director nominees (see Proposal 2);

**FOR** the ratification of the appointment of McGladrey LLP as the Company s independent registered public accountant for the Company s 2013 fiscal year (see Proposal 3).

#### Q: How many votes do I have?

**A:** On any matter which may properly come before the Annual Meeting, each shareholder entitled to vote thereon will have one (1) vote for each share of common stock owned of record by such shareholder as of the close of business on Wednesday, October 3, 2012.

#### Q: How many shares of common stock may vote at the Annual Meeting?

**A:** At the close of business on Wednesday, October 3, 2012, there were 8,114,252 outstanding shares of common stock. This means that there may be 8,114,252 votes on any matter presented at the Annual Meeting.

#### Q: What vote is required to approve each of the Proposals?

A: Proposal 1 Determination of the number of directors Provided a quorum is present in person or by proxy at the Annual Meeting (consisting of at least a majority of the issued and outstanding stock as of the record date), the affirmative vote of the holders of a majority of the shares of common stock represented at the Annual Meeting (whether in person or by proxy) will result in approval of the proposal to set the number of directors at six (6).

**Proposal 2 Election of Directors** With respect to the election of directors, the nominees receiving the greatest number of votes relative to the votes cast for the other nominees will be elected, regardless of whether an individual nominee receives votes from a majority of the quorum of shares represented at the Annual Meeting (in person or by proxy). Although directors are elected by plurality vote, the presence (in person or by proxy) of shareholders representing an aggregate of at least a majority of the issued and outstanding shares of common stock is required to constitute a quorum for the election of directors.

Shareholders do not have cumulative voting rights with respect to the election of directors or any other matter. With respect to each director nominee, shareholders will be able to cast one vote per share owned by such shareholder as of the record date. Accordingly, a holder of 100 shares will be able to cast 100 votes for each nominee.

**Proposal 3** Ratification of the Appointment of McGladrey LLP as the Company s Independent Registered Public Accountant Provided a quorum is present in person or by proxy at the Annual Meeting (consisting of at least a majority of the issued and outstanding stock as of the record date), the affirmative vote of the holders of a majority of the shares of common stock represented at the Annual Meeting (whether in person or by proxy) will result in approval of the proposal to ratify the appointment of McGladrey LLP as the Company s independent registered public accountant for the Company s 2013 fiscal year.

#### Q: What constitutes a quorum?

A: Transaction of business may occur at the Annual Meeting if a quorum is present. In order to achieve a quorum, shareholders holding at least a majority of the Company s issued and outstanding shares of common stock as of the record date must be present in person or by proxy at the Annual Meeting. On Wednesday, October 3, 2012, the Company had 8,114,252 issued and outstanding shares of common stock and, therefore, the presence of 4,057,127 shares will constitute a quorum for the transaction of business on all proposals properly brought before the Annual Meeting. If you submit a proxy or vote in person at the meeting, your shares will be counted in determining whether a quorum is present at the Annual Meeting. Broker non-votes and abstentions are also counted for the purpose of determining a quorum, as discussed below.

#### Q. What is the effect of abstentions and withhold votes?

A: You may either vote FOR or WITHHOLD authority to vote for each nominee for the Board of Directors. If you withhold authority to vote on any or all nominees, your vote will have no effect on the outcome of the election. You may vote FOR, AGAINST or ABSTAIN on the other proposals. If you abstain from voting on any of the other proposals, your shares will be deemed present but will not be deemed to have voted in favor of the proposal, and it therefore has the same effect as a vote against the proposal. If you sign and submit your proxy card without providing voting instructions, your shares will be voted FOR each director nominee and other proposal, as recommended by the Board of Directors.

#### Q: What is the effect of broker non-votes?

A: Shares that are held by stock brokers in street name may be voted by the stock broker on routine matters, such as the number of directors and ratification of our independent registered public accountant. To vote on non-routine matters, the stock broker must obtain shareholder direction. When the stock broker does not obtain direction to vote the shares, the stock broker s abstention is referred to as a broker non-vote.

Brokers do not have discretion to vote shares for the election of directors or any other non-routine matters that may be brought before the meeting. Accordingly, if your shares are held in street name and you do not submit voting instructions to your broker, your shares will not be counted in determining the outcome of these proposals. Brokers will have discretion to vote on the number of directors and the ratification of McGladrey LLP as the Company s independent registered public accountant for the 2013 fiscal year if you do not provide voting instructions.

Broker non-votes will be considered present for quorum purposes at the Annual Meeting. Broker non-votes in connection with the election of directors are not deemed votes cast, and, since directors are elected by a plurality, will have no effect on the election. Approval of other non-routine business matters requires the affirmative vote of the majority of the shares present in person or by proxy at the Annual Meeting. Because broker non-votes will be counted as present but not be counted as a vote in favor of such proposals, they will have the same effect as a vote against such matters.

#### Q: How do I vote my shares?

A: If you are a shareholder of record, you may vote your shares at the Annual Meeting using one of the following methods:

**Proxy Card.** The enclosed proxy card is a means by which a shareholder may authorize the voting of his, her, its or their shares of common stock at the Annual Meeting. The shares of common stock represented by each properly-executed proxy card will be voted at the Annual Meeting in accordance with the shareholder s directions. The Company urges you to specify your choices by marking the appropriate boxes on the enclosed proxy card. After you have marked your choices, please sign and date the proxy card and mail the proxy card to the Company s stock transfer agent, Wells Fargo Shareowner Services, in the enclosed envelope. If you sign and return the proxy card without specifying your choices, your shares will be voted **FOR** the proposal to set the number of directors at six (6), **FOR** the Board of Directors nominees and **FOR** the ratification of the appointment of McGladrey LLP as the Company s independent registered public accountant for the 2013 fiscal year.

**By telephone.** You may authorize the voting of your shares of common stock at the Annual Meeting by calling (800) 560-1965 using a touch tone telephone. Complete instructions for telephone voting are provided on the proxy card.

**Online.** You may authorize the voting of your shares of common stock at the Annual Meeting by visiting the website www.eproxy.com/elmd. Complete instructions for voting online are provided on the proxy card.

**In person at the Annual Meeting.** All shareholders of record as of Wednesday, October 3, 2012 may vote in person at the Annual Meeting. Even if you plan to attend the Annual Meeting, the Company requests that you vote ahead of time using one of the methods above.

You are a street name holder rather than a shareholder of record if your shares are held in the name of a stock broker, bank, trust or other nominee as a custodian, and this Proxy Statement was forwarded to you by that organization. If you are a street name holder, you must instruct your nominee as to your voting preferences. Please contact your nominee/custodian to do so. Because a beneficial owner is not the shareholder of record, you may not vote your shares in person at the Annual Meeting unless you obtain a legal proxy from the broker, bank, trustee or nominee that holds your shares, giving you the right to vote the shares at the Annual Meeting.

#### Q: Can I change my vote after I have mailed in my proxy card?

**A:** Proxies solicited by the Board of Directors may be revoked at any time prior to the Annual Meeting. No specific form of revocation is required. You may revoke your proxy by:

Voting in person at the Annual Meeting;

Returning a later-dated signed proxy card; or

Giving personal or written notice of the revocation to the inspector of election at the commencement of the Annual Meeting.

If your shares are held in street name through a broker or other nominee, you will need to contact that nominee if you wish to change your voting instructions.

#### Q: How will my shares be voted if I do not specify how they should be voted?

A: If you are a record holder and sign and return your proxy card, but do not mark choices for a particular proposal, then the proxies solicited by the Board of Directors will be voted in accordance with the Board s recommendation for that proposal, as set forth in this Proxy Statement.

If you are a street name holder and do not submit specific voting instructions to your broker, the organization that holds your shares would be permitted to vote your shares with respect to routine items, but not with respect to non-routine items. On non-routine items for which you do not submit specific voting instructions to your broker, the shares will be treated as broker non-votes. Broker non-votes will be counted for purposes of determining whether a quorum is present, but will not be considered shares entitled to vote on the proposal and will not be treated as affirmative or opposing votes. The proposals to set the number of directors at six and ratify the appointment of McGladrey LLP as our independent registered public accounting firm are considered routine and therefore may be voted upon by your broker if you do not give instructions to your broker. The other proposals set forth on the Notice of Annual Meeting are non-routine matters.

#### Q: Who can attend the Annual Meeting?

A: All shareholders of record as of the close of business on Wednesday, October 3, 2012, may attend the Annual Meeting. We will request identification in order to ensure an orderly meeting.

If you are not a shareholder of record but hold shares through a broker, bank, trustee, or other nominee as custodian (*i.e.*, in street name), we will request proof of your beneficial ownership as of the record date, such as an account statement, a copy of the voting instruction card provided by your custodian, a legal proxy provided by your custodian, or other similar evidence of ownership.

#### Q: What is the record date for the Annual Meeting?

A: The Board of Directors has fixed Wednesday, October 3, 2012, as the record date.

#### Q: Who will count the votes?

A: All proxies submitted to the Company and all votes cast at the Annual Meeting will be tabulated by our stock transfer agent, Wells Fargo Shareowner Services.

#### Q: Who is paying for this proxy solicitation?

A: The entire cost of this proxy solicitation will be borne by the Company. The cost will include the cost of supplying necessary additional copies of the solicitation materials for beneficial owners of shares held of record by brokers, dealers, banks and voting trustees and their nominees and, upon request, the reasonable expenses of such record holders for completing the mailing of such materials to such beneficial owners. The Company estimates that it will spend approximately \$5,000 for the costs of this proxy solicitation, in addition to the costs normally expended by the Company for an election of directors in the absence of a contest, and that it has expended approximately \$2,000 as of the date of this preliminary proxy statement. Appendix A sets forth information relating to certain of our directors, officers and employees who are considered "participants" in our solicitation under the rules of the SEC by reason of their position as directors of the Company or because they may be soliciting proxies on our behalf.

#### Q: How do I nominate a candidate for election as a director at next year s Annual Meeting?

A: Nominations for director are made by the Board of Directors upon recommendation by the Nominating and Governance Committee, which is composed of independent directors. Shareholders may nominate a candidate for director to stand for election at the Fiscal 2014 Annual Meeting by following the procedures explained below in this Proxy Statement under CORPORATE GOVERNANCE Nominating and Governance Committee-*Director Nominations* and contained in the rules and regulations of the Securities and Exchange Commission.

#### Q: What is a shareholder proposal?

A: A shareholder proposal is a proposal submitted by a shareholder that, if approved, would recommend or require that the Company and/or the Board of Directors take the proposed action. If you intend to submit a shareholder proposal, the proposal should state as clearly as possible the course of action that you believe the Company should follow. If your proposal is included in the Company s proxy statement, then the Company must also provide the means for shareholders to vote on the matter via the proxy card. The deadlines and procedures for submitting shareholder proposals for the Fiscal 2014 Annual Meeting are explained in the following question and answer. The Company reserves the right to reject, rule out of order, or take appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

## Q: When are shareholder proposals and director nominations due for the Fiscal 2014 Annual Meeting?

A: In order to be considered for inclusion in next year s proxy statement, shareholder proposals must be submitted in writing to the Company no later than June [ ], 2013 (approximately 120 days prior to the one-year anniversary of the mailing of this Proxy Statement). The Company suggests that proposals for the Fiscal 2014 Annual Meeting of Shareholders be submitted by certified mail, return receipt requested. The proposal must be in accordance with the provisions of Rule 14a-8 promulgated by the Securities and Exchange Commission under the Exchange Act of 1934.

Shareholders who intend to present a proposal or director nomination at the Fiscal 2014 Annual Meeting of Shareholders without including such proposal or nomination in the Company s proxy statement must provide the Company notice of such proposal no later than September [ ], 2013 (approximately 45 days prior to the one-year anniversary of the mailing of this proxy statement). The Company reserves the right to reject, rule out of order, or take appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

If the Company does not receive notice of a shareholder proposal intended to be submitted to the Fiscal 2014 Annual Meeting of Shareholders by September [ ], 2013, the persons named in the proxy statement and on the proxy card accompanying the notice of meeting for next year s annual meeting may vote on any such proposal in their discretion without notice of such proposal appearing in such proxy statement.

A shareholder has notified the Company that the shareholder may present two proposals at the annual meeting. First, the shareholder may present a proposal to change the number of directors on the Board of Directors. If this proposal is properly presented, it is intended that the persons named as proxies will use their discretionary authority to vote against such proposal. Second, the shareholder may present four additional director nominees to be added to the slate of director nominees at the annual meeting. If these director nominees are properly presented, the persons named as proxies will not have discretionary authority to cast a vote related to these nominees. Management has not received any other shareholder proposals for the Fiscal 2013 Annual Meeting. As of the date of this preliminary proxy statement, we have yet to receive any further indication of the shareholder's intention with respect to presentation of such proposals at the annual meeting or a solicitation in opposition to the Board of Directors' proposals. Our Nominating and Governance Committee has carefully evaluated the nominees for election at the Annual Meeting contained in this Proxy Statement and recommended their nomination to our Board of Directors. Our Board of Directors approved the nomination of such nominees and recommends that shareholders vote FOR election of the directors named in this Proxy Statement. If any other matters are presented at the Annual Meeting on which a vote may properly be taken, the persons named as proxy holders in the enclosed proxy card will vote thereon in accordance with their best judgment.

## **ELECTION OF DIRECTORS** (Proposals 1 and 2)

The Bylaws of the Company provide that the number of directors shall be determined by the shareholders. The Company s Board of Directors has recommended that the number of directors be set at six. At the Fiscal 2012 Annual Meeting, the number of directors was set at seven. As previously disclosed by the Company, effective May 11, 2012, Robert D. Hansen retired from his positions as Chairman of the Board, Chief Executive Officer and director. As a result, the Board is currently comprised of six directors with one vacancy. After consideration, the Board has determined that six directors is an appropriate number of directors for the Company given the size of the Company, its available resources, and the diverse skill sets represented by the Company's current directors. The Board of Directors believes that the current number of directors strikes an optimal balance between providing diversity of viewpoints and expertise while allowing each director to influence the strategic direction of the Company.

Six directors have been nominated for election at the Annual Meeting. If elected, each director will hold office until the Fiscal 2014 Annual Meeting of Shareholders and until his successor is elected and qualified in accordance with the Company s Bylaws, or until his earlier death, resignation, disqualification or removal. Each of the nominees named herein presently serves as a member of the Board of Directors, namely: Stephen H. Craney, Dr. George H. Winn, William V. Eckles, Thomas M. Hagedorn, Darrel L. Kloeckner and Craig N. Hansen. Each of the director nominees consented to be named in this Proxy Statement and to serve, if elected. The Company has no reason to believe that any of the director nominees named below will be unable or unwilling to serve as director if elected. If for any reason any nominee withdraws or is unable to serve as director (neither of which is expected at this time), the shares represented by all valid proxies will be voted for the election of a substitute nominee recommended by the Board of Directors or, alternatively, not voted for any nominee.

The six nominees receiving the highest number of affirmative votes cast will be elected as directors. Except as otherwise directed on the proxy cards, the proxies will vote all valid proxies for the six nominees identified below. Should proposal 1 receive less than a majority of the shares entitled to vote represented at the Annual Meeting at which a quorum is present, the size of the Board will remain at seven directors, which is the size approved by the Company's shareholders at the Fiscal 2012 Annual Meeting. If the Annual Meeting is contested and any additional director candidates are nominated by a shareholder, the seven directors receiving a plurality of votes at the Annual Meeting, in person or by proxy, which number may include the Company's six nominees, will be elected as directors to serve until the next annual meeting of shareholders or until such time as their successors are elected and qualified. If proposal 1 is not approved and the meeting is uncontested, the Company's six nominees will be elected as directors and a vacancy will continue to exist as to the seventh seat on the Board of Directors until such time as further action is taken by the Board of Directors to fill such seat, or until the next annual meeting of shareholders, where the size of the Board will again be voted upon by the Company's shareholders. If the Annual Meeting is contested and proposal 1 is not approved, the proxy holders intend to vote with respect to proposal 2 for the Company's six named nominees, which would represent six of the seven Board seats available if proposal 1 is not approved.

## Nominees for Election as Directors at the Annual Meeting

The Board of Directors has recommended the following persons as nominees for election as directors at the Annual Meeting:

| Nominee Name                       | Age (as of<br>Annual<br>Meeting) | Year<br>First<br>Became a<br>Director |
|------------------------------------|----------------------------------|---------------------------------------|
| Stephen H. Craney                  |                                  |                                       |
| (Chairman)                         | 68                               | 2010                                  |
| Dr. George H. Winn (Vice           |                                  |                                       |
| Chairman)                          | 75                               | 2005                                  |
| Thomas M. Hagedorn                 | 68                               | 1997                                  |
| Craig N. Hansen                    | 63                               | 1993                                  |
| Darrel L. Kloeckner <sup>(1)</sup> | 55                               | 2010                                  |
| William V. Eckles                  | 37                               | 2011                                  |

(1) The Board of Directors has determined that Darrel L. Kloeckner qualifies as an audit committee financial expert under the applicable federal securities laws.

Biographical information relating to each of the director nominees is set forth below:

#### Stephen H. Craney Chairman of the Board

Mr. Craney has served on the Board of Directors since November 2010 and has served as Chairman of the Board of Directors since May 2012. Since 1984, Mr. Craney has founded and operated a number of successful companies, including RiverSide Electronics, Ltd., RiverBend Electronics, Ltd., RiverStar, Inc., and JMW Enterprises, Inc. Before becoming an entrepreneur, Mr. Craney worked as an engineer, having earned an electrical engineering degree from the University of Wisconsin-Madison. Mr. Craney is also an active member of a number of community groups, such as the Winona Historical Society. In addition, he has provided support and advice to startup companies for more than 20 years through a local entrepreneur network. Among other attributes, skills, experiences and qualifications, our Board believes that Mr. Craney s experience developing companies with a strong record of growth, his technical knowledge in the electronics field, his research and development experience and his connections within the business community make him uniquely qualified to serve as a director.

#### Dr. George H. Winn Vice Chairman of the Board

Dr. George Winn was first elected to the Board of Directors in 2005 and has served as Vice Chairman since May 2012. He has practiced dentistry with emphasis in orthodontics and facial pain management in New Prague, MN, for forty-six years. He is a graduate of Mankato State College, B.A., the University of Minnesota, B.S., and the University of Minnesota School of Dentistry, Doctor of Dental Surgery. He has served as an associate clinical professor in the Department of Operative Dentistry and participates in a medical ethics program of the American College of Dentists at the School of Dentistry, University of Minnesota. Among other attributes, skills, experiences and qualifications, our Board believes that, in addition to the industry relationships that Dr. Winn has developed, his education and experience give him insight into the medical device industry, which makes him uniquely qualified to serve as a director.

#### Thomas M. Hagedorn Director

Mr. Hagedorn has served on the Board of Directors since 1997. He has also served for approximately fifteen years as president of various entities in a family of real estate and mortgage companies headquartered in Northern Virginia; namely Premium Financial Services, Premium Realty Ltd., and Premium Title Services, a mortgage company, real estate brokerage company, and title insurance company, respectively. As president of these entities Mr. Hagedorn manages all aspects of the companies—activities, including managing between one to five employees in each company, maintaining records and funds with respect to escrow accounts of clients, and coordinating responses in connection with regulatory audits of the escrow accounts managed by each company. Mr. Hagedorn has also been a founding investor for various start-up ventures, including Hansen Engine Corporation, as well as several energy companies where new technology is a principal factor. Mr. Hagedorn is a former member of the Minnesota State Legislature and the U.S. Congress, representing southern Minnesota. Among other attributes, skills, experiences and qualifications, our Board believes that Mr. Hagedorn—s leadership and management experience, as well as his familiarity with the opportunities and challenges related to raising capital and his knowledge of legislative procedures, allow him to make valuable contributions as a director.

#### Craig N. Hansen Director

Mr. Hansen is the co-founder of the Company and has served on the Board of Directors since 1995. Mr. Hansen is the Vice President of Research and Development and a director of Hansen Engine Corporation. Mr. Hansen has been with Hansen Engine Corporation since 1977. He is a graduate of Western Iowa Technical School. He has more than forty patents in several fields with numerous additional patents pending. The patents that Mr. Hansen has assigned to the Company form the technical basis for the Electromed SmartVest® System. Among other attributes, skills, experiences and qualifications, our Board believes that Mr. Hansen s history with the Company and considerable experience with research and development in the medical device industry make him uniquely qualified to serve as a director.

#### Darrel L. Kloeckner Director

Mr. Kloeckner was first elected to the Board of Directors in November 2010. Mr. Kloeckner has been self-employed as a business consultant to privately held corporations since 1995. Before that, Mr. Kloeckner worked as a certified public accountant, providing consulting, accounting and tax services to privately held corporations and their owners. Mr. Kloeckner holds an accounting degree from the University of Minnesota. Among other attributes, skills, experiences and qualifications, our Board believes that Mr. Kloeckner s significant financial expertise, as well as his expertise in providing advice and consultation to businesses of the Company s size, allow him to make valuable contributions as a director.

#### William V. Eckles Director

Mr. Eckles has been a member of the Board of Directors since July 2011. Mr. Eckles has served as the President and Chief Executive Officer of Blue Earth Valley Communications, Inc. since 2003. He also serves as a director of First Bank Blue Earth, FNB Bancshares, Inc. (Blue Earth, Minnesota), and Hector Communications Corporation (New Ulm, Minnesota). Mr. Eckles received his undergraduate degree from the University of St. Thomas in 1999, and received an MBA from the University of St. Thomas in 2007. Among other attributes, skills, experiences and qualifications, our Board believes that Mr. Eckles experience leading and setting the strategic direction of growing companies allow him to make a significant contribution to the Board of Directors.

#### **Required Vote and Board Recommendation**

**Proposal 1:** The Board of Directors recommends that you vote **FOR** the proposal to set the number of directors at six (6). Adoption of the proposal requires the affirmative vote of a majority of the voting power of the shareholders present, whether in person or by proxy, and entitled to vote at the Annual Meeting, provided that a quorum is present.

**Proposal 2:** The Board of Directors recommends that you vote **FOR** each of the nominees to the Board of Directors. The election of each nominee requires the affirmative vote of a plurality of the voting power of the shareholders present, whether in person or by proxy, and entitled to vote at the Annual Meeting, provided that a quorum is present.

## RATIFICATION OF THE APPOINTMENT OF MCGLADREY LLP AS THE COMPANY S INDEPENDENT REGISTERED PUBLIC ACCOUNTANT (Proposal 3)

The Board of Directors, acting on the recommendation of the Company s Audit Committee, has selected McGladrey LLP (McGladrey) as the Company s independent registered public accountant for the fiscal year ending June 30, 2013. McGladrey was the Company s independent registered public accountant for the 2012 fiscal year.

Notwithstanding its selection, the Audit Committee, in its discretion, may appoint another independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in the best interests of the Company and its shareholders. If the appointment is not ratified by our shareholders, the Audit Committee may reconsider whether it should appoint another independent registered public accounting firm.

A representative of McGladrey is expected to be present at the Annual Meeting. Such representative will have an opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions regarding preparation of the Company s financial statements.

#### **Audit Fees**

The following table presents fees billed by McGladrey to the Company for the audit of the Company s annual financial statements, the review of the Company s interim financial statements, and various other audit and non-audit services provided in connection with the fiscal years ended June 30, 2012 and June 30, 2011.

| Category                  | Fiscal Year | Fees     |
|---------------------------|-------------|----------|
|                           |             | \$       |
| Audit Fees <sup>(1)</sup> | 2012        | 107,207  |
|                           | 2011        | \$93,410 |

(1) Audit fees included the annual audits and reviews of the Company s quarterly financial statements, and review of the Company s registration statement on Form S-8 for fiscal 2012.

McGladrey provided no other services to the Company in either fiscal 2012 or fiscal 2011 that are not included above.

## **Audit Committee Pre-Approval**

Pursuant to its written charter, the Audit Committee is responsible for pre-approving all audit and permitted non-audit services to be performed for the Company by its independent registered public accounting firm or any other auditing or accounting firm. During the year, circumstances may arise that will require the engagement of the independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, we will obtain pre-approval of the Audit Committee before engaging the independent registered public accounting firm.

All audit services and audit-related services incurred during fiscal 2012 were pre-approved by our Audit Committee.

## **Required Vote and Board Recommendation**

The Board of Directors recommends a vote **FOR** the ratification of the appointment of McGladrey LLP as the Company s independent registered public accountant for the 2013 fiscal year. Adoption of the proposal requires the affirmative vote of a majority of the voting power of the shareholders present, whether in person or by proxy, and entitled to vote at the Annual Meeting, provided that a quorum is present.

13

#### CORPORATE GOVERNANCE

#### Independence

Our Board of Directors consists of a majority of independent directors. Our Board of Directors has determined that four of the six director nominees are independent directors, as defined under the applicable regulations of the SEC and the NYSE MKT. The four independent director nominees are Stephen H. Craney, William V. Eckles, Thomas M. Hagedorn, and Darrel L. Kloeckner. In determining independence, our Board of Directors considered that Mr. Hagedorn is a director and a minority shareholder of Hansen Engine Corporation, an entity that has received payment from the Company in exchange for performing research and development services. Our Board of Directors also considered that the Company employs an immediate family member of Dr. George Winn in a non-executive officer capacity. Our Board of Directors also considered that the Company has made payments of approximately \$597,000, \$611,000, and \$409,000 during our 2012, 2011, and 2010 fiscal years, respectively, to RiverSide Electronics, Ltd. (RiverSide), an entity which is solely owned by Mr. Craney, in exchange for electronic parts. The Board of Directors determined that the terms of its transactions with RiverSide were consistent with what could be obtained in an arm s length transaction with an unrelated party and that the transactions did not exceed 5% of RiverSide s consolidated gross annual revenues for the applicable fiscal years. The Board of Directors also considered that Mr. Eckles is the chief executive officer and owns approximately 20% of the outstanding stock of Blue Earth Valley Communications (Blue Earth), an entity from which the Company has purchased approximately \$25,000 of telecommunications services in each of its past three fiscal years and from which the Company, through a lease with a wholly-owned subsidiary of Blue Earth, leases industrial space for annual rent of approximately \$60,000. The Board of Directors determined that the terms of the Company s transactions with Blue Earth were consistent with what could be obtained in an arm s length transaction with an unrelated party and that the transactions did not exceed 5% of Blue Earth s consolidated gross annual revenues for the applicable fiscal years.

#### **Code of Ethics**

The Board of Directors has approved a Code of Ethics that applies to all employees, directors, and officers, including the Chief Executive Officer and Chief Financial Officer (Principal Financial Officer and Principal Accounting Officer). The Code of Ethics is available in the Investor Relations section of our website at www.electromed.com. We intend to disclose on our website, www.electromed.com, any amendment to, or waiver from any provision of the Code of Ethics that applies to our Chief Executive Officer, Chief Financial Officer (Principal Financial Officer and Principal Accounting Officer), and that relates to any element of the Code of Ethics identified in Item 406(b) of Regulation S-K. Such disclosure will be provided promptly following the date of the amendment or waiver.

#### **Director Attendance at Annual Meetings**

Directors attendance at Annual Meetings can provide shareholders with an opportunity to communicate directly with members of the Board of Directors about matters concerning the Company. The Company encourages all directors to attend the Company s annual meetings, but it does not have a formal attendance policy. Four of the Company s current directors attended the Fiscal 2012 Annual Meeting of Shareholders.

#### **Board Leadership Structure**

We have separate individuals serving as Chairman of the Board and as interim Chief Executive Officer because we believe independent directors and management have different perspectives and roles in strategy development. The interim CEO is responsible for setting the strategic direction of the Company and managing the day-to-day leadership and performance of the Company, while the Chairman provides guidance to the interim CEO, sets the agenda for meetings of the Board and presides over meetings of the full Board. We believe this structure promotes active participation of the independent directors and strengthens the role of the Board in fulfilling its oversight responsibility and fiduciary duties to our shareholders while recognizing the day-to-day management direction of the Company by the interim CEO.

#### Risk Oversight

It is management s responsibility to manage risk and bring to the Board s attention the most material risks to the Company. The Board of Directors has oversight responsibility of the processes established to report and monitor systems for material risks applicable to the Company. The Audit Committee provides oversight of management with respect to enterprise-wide risk management, which focuses primarily on risks relating to the Company s ability to maintain appropriate levels of credit and insurance coverage, financial and accounting risks, and legal and compliance risks, including oversight of internal controls over financial reporting. In addition, the Personnel and Compensation Committee considers risks related to the attraction and retention of talent and risks relating to the design of compensation programs and arrangements. The Nominating and Governance Committee considers risks and best practices relating to corporate governance policies and procedures. The full Board considers strategic risks and opportunities and regularly receives detailed reports from management and the committees, with respect to their areas of responsibility for risk oversight.

#### **Board and Committee Meetings**

During the 2012 fiscal year, the Board of Directors held six formal meetings. In addition, directors frequently communicate with each other informally and, when appropriate, take action by written consent of all directors, or in the case of an action that does not require shareholder approval, the number of directors required to take the action at a meeting, as permitted by the Minnesota Business Corporation Act and the Company s Amended Articles of Incorporation. Each director attended at least 75% of the total number of Board meetings held during the 2012 fiscal year and the total number of meetings held by all committees on which the director served during the 2012 fiscal year.

#### **Committee Membership**

The Company s Board of Directors has three standing committees: the Audit Committee, the Personnel and Compensation Committee, and the Nominating and Governance Committee. The following table sets forth the membership of each of the Company s standing committees:

Audit Nominating and Personnel and Committee Governance Committee Compensation Committee

Darrel L. Kloeckner (Chair) Thomas M. Hagedorn (Chair) Thomas M. Hagedorn (Chair)

Stephen H. Craney Stephen H. Craney Stephen H. Craney

William V. Eckles William V. Eckles Darrel L. Kloeckner

Our Board of Directors has evaluated independence for the members of each committee in accordance with NYSE MKT rules and, with respect to the members of the Audit Committee, Rule 10A-3 of the Exchange Act. The membership and responsibilities of each committee complies with the listing requirements of the NYSE MKT.

#### **Audit Committee**

Our Audit Committee currently consists of Darrel L. Kloeckner (Chair), Stephen H. Craney, and William V. Eckles. Under its charter, the Audit Committee must consist of at least three independent directors and its composition must otherwise satisfy NYSE MKT and SEC requirements applicable to audit committees.

The principal functions of the Audit Committee are to evaluate and review the Company s financial reporting process and systems of internal controls. The Audit Committee evaluates the independence of the Company s independent registered public accountant, recommends selection of the Company s independent registered public accountant to the Board of Directors, approves fees to be paid to our independent registered public accountant, and reviews the Company s financial statements with management and the independent registered public accountant. The Audit Committee has recommended to the Board of Directors the appointment of McGladrey LLP to serve as the Company s independent registered public accountant for the 2013 fiscal year. The Audit Committee operates under a written charter approved by the Board of Directors and most recently amended on May 30, 2012, a copy of which is available in the Investor Relations section of the Company s website at www.electromed.com. The Audit Committee held four formal meetings during the 2012 fiscal year.

The Board of Directors has determined that Darrel L. Kloeckner is the audit committee financial expert as defined by Item 407 (d)(5) of Regulation S-K under the Securities Act of 1933, as amended.

#### Audit Committee Independence

SEC and NYSE MKT rules require our Audit Committee to be made up entirely of independent directors. Our Board of Directors has affirmatively determined that Mr. Kloeckner, Mr. Craney, and Mr. Eckles meet the definition of independent director for purposes of serving on an audit committee under NYSE MKT Rule 803 and Exchange Act Rule 10A-3.

#### Audit Committee Review of Related Party Transactions

The charter for the Audit Committee provides that the Audit Committee will review and approve in advance any related party transaction of the type required to be disclosed by Item 404 of Regulation S-K. In determining whether to approve or ratify a transaction with a related party, the Audit Committee considers all of the relevant facts and circumstances available to it, including, among any other factors it deems appropriate: (i) the benefits to the Company of the transaction; (ii) the nature of the related party s interest in the transaction; (iii) whether the transaction would impair the judgment of a director or executive officer to act in the best interests of the Company and our shareholders; (iv) the potential impact of the transaction on a director s independence; and (v) whether the transaction is on terms no less favorable than terms generally available to an unrelated third party under the same or similar circumstances. If a member of the Audit Committee is a related party with respect to a transaction under review, he abstains from voting on the approval of the transaction. We believe the terms of any of the transactions and agreements described under the heading CERTAIN TRANSACTIONS AND BUSINESS RELATIONSHIPS are at least as favorable to us as could be obtained in an arm s length transaction with an unrelated party.

## Report of the Audit Committee

The following report of the Audit Committee shall not be deemed to be filed with the Securities and Exchange Commission (SEC) or incorporated by reference in any previous or future documents filed by the Company with the SEC under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates the reference in any such document.

In accordance with its written charter adopted by the Board of Directors, as amended, the Audit Committee assists the Board of Directors with fulfilling its oversight responsibility regarding the quality and integrity of the accounting, auditing and financial reporting practices of the Company. The Audit Committee charter is available in the Investor Relations section of our website at www.electromed.com. The charter was adopted on April 20, 2010 and most recently amended on May 30, 2012. In discharging its oversight responsibilities regarding the audit process, the Audit Committee:

- (1) reviewed and discussed the audited financial statements with management and the independent registered public accountants;
- (2) discussed with the independent registered public accountants the material required to be discussed by Statement on Auditing Standards No. 61, as amended by Auditing Standard No. 114, (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the PCAOB in Rule 3200T; and

(3) received the written disclosures and the letter from the independent registered public accountant required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant s communications with the audit committee concerning independence, and has discussed with the independent registered public accountant the independent accountant s independence.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company s Annual Report on Form 10-K for the fiscal year ended June 30, 2012, as filed with the Securities and Exchange Commission.

Audit Committee

Darrel L. Kloeckner (Chair) Stephen H. Craney William V. Eckles

#### **Personnel and Compensation Committee**

The current members of the Personnel and Compensation Committee are Thomas M. Hagedorn (Chair), Stephen H. Craney, and Darrel L. Kloeckner. Our Board of Directors has affirmatively determined that each of Mr. Hagedorn, Mr. Craney, and Mr. Kloeckner meet the definition of independent director for purposes of serving on a compensation committee under NYSE MKT Rule 805.

The Board has authorized the Personnel and Compensation Committee to, among other duties, develop the Company's compensation strategy, review compensation policies and plans for the Company's executive officers, and administer the Company's compensation plans. Neither the Personnel and Compensation Committee nor the Board of Directors engages compensation consultants to assist in determining or recommending the amount or form of compensation for executive officers or directors. The interim Chief Executive Officer may give the committee input in regard to the compensation of the Chief Financial Officer, but the interim Chief Executive Officer is not present during voting or deliberations relating to his own compensation. The committee operates under a written charter adopted April 20, 2010 and most recently amended May 30, 2012, which is available in the Investor Relations section of our website at www.electromed.com. The Personnel and Compensation Committee held four formal meetings during the 2012 fiscal year.

#### **Nominating and Governance Committee**

The current members of the Nominating and Governance Committee are Thomas M. Hagedorn (Chair), Stephen H. Craney, and William V. Eckles. At this time, our Board of Directors has affirmatively determined that each of Mr. Hagedorn, Mr. Craney, and Mr. Eckles meet the definition of independent director for purposes of serving on a nominating committee under NYSE MKT Rule 804.

Our Nominating and Governance Committee is responsible for oversight of our corporate governance policies and procedures, our codes of conduct and other corporate governance matters. In addition, our Nominating and Governance Committee makes recommendations to our Board of Directors regarding candidates for directorships and the size and composition of our Board of Directors and its committees. The Nominating and Governance Committee acts pursuant to a written charter, which was adopted April 20, 2010 and most recently amended May 30, 2012. The charter is available in the Investor Relations section of our website at www.electromed.com. The Nominating and Governance Committee held three formal meetings during the 2012 fiscal year.

#### **Director Nominations**

Director nominees are recommended to the full Board by the Nominating and Governance Committee. Shareholders may recommend a nominee to be considered by the Nominating and Governance Committee by submitting a written proposal to the Chairman of the Board of Directors, at 500 Sixth Avenue Northwest, New Prague, Minnesota. The proposal should include the following information:

the full name and address of the shareholder or group submitting the recommendation;

the number of shares of common stock of the Company owned (beneficially and of record) by the shareholder or group submitting the recommendation and the date such shares were acquired (together with satisfactory evidence of the duration of ownership, as provided by SEC rules, if the shareholder or group is not a registered holder);

the full name and address of the director nominee;

the age of the director nominee;

a five-year business history of the director nominee;

the amount of common stock of the Company owned (beneficially and of record) by the director nominee;

whether the director nominee can read and understand basic financial statements;

the director nominee s other board memberships, if any;

any family relationships between the director nominee and any executive officer or current director of the Company;

any business transactions between the director nominee or the candidate s business and the Company;

a written consent of the director nominee to be named in the Company s proxy statement and to serve as a director if elected; and

a written consent of the shareholder or group to be named in the Company s proxy statement.

When selecting candidates for recommendation to the Board of Directors, the Nominating and Governance Committee will consider the attributes of the candidates and the needs of the Board and will review all candidates in the same manner, regardless of the source of the recommendation. In evaluating director nominees, the Nominating and Governance Committee seeks to confirm that candidate meets certain minimum qualifications, including being able to read and understand basic financial statements, being familiar with our business and industry, having high moral character and mature judgment, and possessing the ability to work collegially with others. In addition, factors such as the following are also considered:

appropriate size and diversity of the Board;

needs of the Board with respect to particular talent and experience;

knowledge, skills and experience of nominee;

experience in domestic and international business matters;

familiarity with legal and regulatory requirements;

familiarity with accounting rules and practices; and

desire to balance the benefit of continuity with the periodic injection of the fresh perspective provided by a new member.

The Nominating and Governance Committee does not have a formal diversity policy at this time. However, as summarized above, the Nominating and Governance Committee seeks to nominate candidates with a diverse range of knowledge, experience, skills, expertise, and other qualities that will contribute to the overall effectiveness of the Board of Directors. Moreover, potential nominees are not discriminated against on the basis of sex, religion, national origin, sexual orientation, disability or other basis proscribed by law.

#### SECURITY HOLDER COMMUNICATIONS TO THE BOARD OF DIRECTORS

Any shareholder wishing to communicate with the Board of Directors about any matter involving the business or operations of the Company should send the communication, in written form, to the interim CEO of the Company at the Company sprincipal place of business at 500 Sixth Avenue Northwest, New Prague, Minnesota. The interim CEO of the Company will promptly send the communication to each member of the Board of Directors.

#### COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

Section 16(a) of the Securities Exchange Act of 1934 requires the Company s executive officers and directors, and persons who own more than ten percent of the Company s common stock, to file with the Securities and Exchange Commission initial reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than ten percent shareholders (Insiders) are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

To the Company s knowledge, based solely on review of the copies of such reports furnished to the Company, or written representations from Insiders that no other reports were required, the Company believes that during the fiscal year ended June 30, 2012, all Form 3, Form 4 and Form 5 filing requirements were met, except that Dr. James J. Cassidy (due to third party administrative error), Mr. Stephen H. Craney and Mr. Craig N. Hansen each failed to timely file one Form 4 to report transactions in Company stock.

## SECURITY OWNERSHIP OF PRINCIPAL SHAREHOLDERS, DIRECTORS AND MANAGEMENT

The following table sets forth certain information with respect to the beneficial ownership of our outstanding common stock by (i) each of our named executive officers (as defined in the section of this Proxy Statement entitled EXECUTIVE COMPENSATION); (ii) each of our current directors and director nominees; and (iii) all of our executive officers, current directors, and director nominees as a group. We are not aware of any beneficial owners of more than 5% of our common stock who are not executive officers or directors.

The percentage ownership information shown in the table is based upon 8,114,252 shares outstanding as of October 3, 2012.

Unless otherwise indicated, the persons or entities identified in this table have sole voting and investment power with respect to all shares shown as beneficially owned by them. Except as otherwise noted below, the address for each person or entity listed in the table is c/o Electromed, Inc., 500 Sixth Avenue Northwest, New Prague, Minnesota 56071.

| Name  | Number of<br>Shares<br>Beneficially<br>Owned | Percentage<br>of the Class<br>Beneficially<br>Owned <sup>(1)</sup> |
|---|--|--|
| Robert D. Hansen <sup>(2)</sup>   | 599,355                                      | 7.4%   |
| Jeremy T. Brock   |  | *  |

| Executive Officers and Directors as a Group (10 persons) <sup>(7)</sup> | 2,385,938                                    | 29.4%  |
| 19  |  |  |

- \* Indicates ownership of less than 1%.
- (1) Shares not outstanding but deemed beneficially owned by virtue of the right of a person to acquire them as of October 3, 2012, or within 60 days of such date, are treated as outstanding only when determining the percent owned by such individual and when determining the percent owned by a group.
- (2) Includes 28,000 shares which may be purchased upon exercise of warrants by Mr. Hansen that were exercisable as of October 3, 2012, or within 60 days of such date; a total of 411,355 shares of common stock are pledged as collateral pursuant to certain lending arrangements. Mr. Hansen s address is 18260 E. Sioux Vista Drive, Jordan, MN 55352.
- (3) Includes 28,000 shares which may be purchased upon exercise of warrants by Mr. Belford that were exercisable as of October 3, 2012, or within 60 days of such date.
- (4) Includes 76,000 shares held indirectly through Blue Earth Cellular, LLC. Mr. Eckles has shared voting and investment power over such shares. Mr. Eckles disclaims beneficial ownership of such shares except to the extent of his pecuniary interest therein.
- (5) Includes 4,800 shares held directly by spouse.
- (6) Includes 446,303 shares held indirectly by G & J Winn Family LLLP. Dr. Winn has shared voting and investment power over such shares

#### **EXECUTIVE COMPENSATION**

#### **Executive Compensation Components for Fiscal 2012**

During our 2012 fiscal year, we had four named executive officers, as that term is defined under Item 402(m)(2) of Regulation S-K: Robert D. Hansen, our former Chief Executive Officer, who retired from the Company effective May 2012; Dr. James J. Cassidy, our interim Chief Executive Officer effective May 2012, who also served as our Chief Operating Officer during fiscal 2012; Terry M. Belford, our former Chief Financial Officer, who retired from the Company effective October 2011; and Jeremy T. Brock, our Chief Financial Officer effective October 2011, who also served as our Financial Controller during fiscal 2012.

We provide a compensation package to our executive officers, including base salary, certain perquisites and participation in benefit arrangements that are generally available to all salaried employees, such as health and retirement plans. Historically, we have also periodically awarded our executive officers with long-term equity incentive grants in the form of warrants or stock options. Pursuant to their employment agreements, our executives are eligible to participate in any employee benefit plan that provides opportunities to earn equity incentive compensation. Accordingly, our executives are eligible to participate in our 2012 Stock Incentive Plan and the Board of Directors may determine to grant stock option and equity awards to the executives thereunder.

#### Base Salary

During our 2012 fiscal year, our former Chief Executive Officer and former Chief Financial Officer served pursuant to employment agreements effective January 1, 2010 and earned base salaries of \$181,398 for service through May 2012 and \$48,667 for service through October 2011, respectively. During our 2011 fiscal year, our former Chief Executive Officer and former Chief Financial Officer earned base salaries of \$208,993 and \$146,000, respectively.

During our 2012 fiscal year, our interim Chief Executive Officer and current Chief Financial Officer earned base salaries of \$162,000 for service as Chief Operating Officer until May 2012 and service as interim Chief Executive Officer thereafter, and \$104,263 for service as Financial Controller from August 2011 to October 2011 and service as Chief Financial Officer thereafter, respectively. Our interim Chief Executive Officer served pursuant to an offer letter dated May 27, 2011, under which our interim Chief Executive Officer was employed as the Company s Chief Operating Officer, which offer letter was superseded by an employment agreement dated February 15, 2012. Our current Chief Financial Officer serves pursuant to an employment agreement dated October 18, 2011.

Base salaries for our executive officers are determined and paid on a calendar-year basis for our interim Chief Executive Officer and fiscal-year basis for our Chief Financial Officer. In order to provide its recommendations regarding base salaries, the Personnel and Compensation Committee reviews individual performance and our operating results and considers compensation data for medical device manufacturing companies located in the Midwest. The Personnel and Compensation Committee also considers the interim Chief Executive Officer s recommendations as to compensation for the Company s other executive officers. The Personnel and Compensation Committee uses a subjective process to set base salaries and does not specifically weight any factors. Based upon the information reviewed by the Personnel and Compensation Committee, the Committee makes a recommendation with respect to compensation for the Company s executive officers and the Board of Directors sets the compensation for each of the executive officers based on the information and recommendation provided by the Personnel and Compensation Committee.

#### Cash Incentive Compensation

Our former Chief Executive Officer, former Chief Financial Officer and interim Chief Executive Officer (in his former role as Chief Operating Officer) earned cash incentive compensation of \$82,823, \$26,842 and \$5,833 during the 2012 fiscal year. During the 2011 fiscal year, our former Chief Executive Officer and former Chief Financial Officer earned cash incentive compensation of \$75,000 and \$56,250, respectively.

During each of our 2012 and 2011 fiscal years, our former Chief Executive Officer and former Chief Financial Officer were eligible to earn incremental cash incentive compensation of \$2,500 and \$1,875, respectively, for each increment of \$250,000 by which the Company s revenue exceeded the calendar-year revenue threshold. The fiscal 2012 cash incentive compensation for our former Chief Financial Officer represents the pro-rata payments for performance during the calendar year ending December 31, 2011, pursuant to the separation agreement and release of claims entered into with our former Chief Financial Officer as of October 18, 2011. During our 2012 fiscal year, our interim Chief Executive Officer (in his role as Chief Operating Officer) was eligible to receive a cash incentive equal to \$5,000 for each \$1,000,000 that the Company s calendar-year gross sales revenue exceeded the calendar-year revenue threshold, pro-rated for the Chief Operating Officer s term of service during the 2011 calendar year, pursuant to the terms of our offer letter to the Chief Operating Officer dated May 27, 2011.

The Personnel and Compensation Committee has phased out annual cash incentive compensation from the compensation packages for our current interim Chief Executive Officer and Chief Financial Officer, and instead makes discretionary grants of stock options to such executive officers pursuant to the Company s 2012 Stock Incentive Plan.

#### Equity Incentive Compensation

During our 2012 fiscal year, we granted options to purchase our common stock to our current interim Chief Executive Officer and Chief Financial Officer. Pursuant to the terms of his employment agreement dated February 15, 2012 for service as Chief Operating Officer, we awarded Dr. Cassidy options to purchase 20,000 shares of our common stock at an exercise price of \$3.24 per share, which options vest in increments of 10,000 on each of December 31, 2012 and 2013. In May 2012, we awarded our Chief Financial Officer options to purchase 18,000 shares of our common stock at an exercise price of \$2.53 per share, which options vest in increments of 6,000 on each of June 30, 2013, 2014 and 2015. We did not issue stock options, warrants or other equity compensation to our former Chief Executive Officer or former Chief Financial Officer during our 2012 or 2011 fiscal years.

#### Perquisites and Other Benefits

We believe that providing perquisites to our executive officers is beneficial because it improves our ability to retain qualified leaders and is consistent with the practice of similarly-sized companies in our industry. Our executive officers are eligible to participate in our group health and life insurance plans and receive matching contributions to a 401(k) plan, which are benefits that are generally available to all of our salaried employees. The goal of these programs is to promote health and welfare benefits. In addition, the employment agreements executed by our interim Chief Executive Officer (in his role as Chief Operating Officer) and Chief Financial Officer in fiscal 2012 provide for monthly automobile allowances on behalf of such officers. In addition, during our 2012 and 2011 fiscal years, we provided an automobile to our former Chief Executive Officer and made monthly automobile lease payments on behalf of our former Chief Financial Officer, current Chief Financial Officer and interim Chief Executive Officer. The aggregate annual value of these perquisites was less than \$10,000 during each of the last two fiscal years. As described in footnote 10 to the Summary Compensation Table, we also paid premiums with respect to life insurance policies on our former Chief Executive Officer and his three adult children.

#### **Employment Agreements for our Named Executive Officers**

#### Former Chief Executive Officer

Effective January 1, 2010, we entered into a new employment agreement with our former Chief Executive Officer, Mr. Robert Hansen (the 2010 Employment Agreement ). The 2010 Employment Agreement had an initial term of three years (the Initial Term ), with automatic renewal for one-year periods thereafter (each a Renewal Term, and together, the Renewal Terms ) unless written notice of non-renewal is provided by the Board of Directors or Mr. Hansen at least 90 days prior to the anniversary date of agreement, and subject to earlier termination. Pursuant to the 2010 Employment Agreement, Mr. Hansen received a base salary on a calendar-year basis as determined by the Board of Directors, was eligible to receive cash incentive compensation, was entitled to the severance payments upon termination without cause or resignation upon a change of control of the Company, and was entitled to maintain, at the Company s expense, life insurance policies of at least \$1,000,000 for the benefit of his estate.

Mr. Hansen also entered into a Non-Competition, Non-Solicitation, and Confidentiality Agreements (the Confidentiality Agreement ). Pursuant to the Confidentiality Agreement, Mr. Hansen agreed to protect confidential information of the Company and to return all confidential information and property of the Company upon termination of employment for any reason, and agreed that he will not compete with the Company or solicit customers or business contacts of the Company during the term of the agreement and for a period of 12 months after termination, for any reason. In addition, Mr. Hansen agreed that he would inform any potential new employer of his obligations under the Confidentiality Agreement before accepting new employment.

Mr. Hansen retired from his positions as Chairman of the Board, Chief Executive Officer and director of the Company effective May 11, 2012. On May 14, 2012, the Company and Mr. Hansen entered into a Separation Agreement and Release (the Separation Agreement ) formalizing Mr. Hansen s retirement. The Separation Agreement provides that Mr. Hansen will receive a payment in the amount of \$209,000, less applicable deductions and withholding, representing one year of separation pay, which shall be paid in a lump sum on the first day of the seventh month following the effective date of retirement (the Effective Date ). He also received any earned and unpaid bonus for the period through the Effective Date, which was calculated based on the Company s annualized gross sales revenue as of the Effective Date and was paid in a lump sum approximately 60 days after the Effective Date. The Company will also pay COBRA premiums on behalf of Mr. Hansen for a period of 18 months following the Effective Date. In exchange, Mr. Hansen agreed to a general release of claims and will continue to be bound by the terms of his Confidentiality Agreement and the terms of the Separation Agreement.

#### Former Chief Financial Officer

Effective January 1, 2010, we entered into an employment agreement with our former Chief Financial Officer, Terry M. Belford. Mr. Belford s employment agreement provided for an initial term of three years, with automatic renewal for one-year periods thereafter unless written notice of non-renewal is provided by the Board of Directors or Mr. Belford at least 90 days prior to the anniversary date of the agreement, and subject to earlier termination provisions similar to those contained in Mr. Hansen s 2010 Employment Agreement. Pursuant to his employment agreement, Mr. Belford received a base salary on a calendar-year basis as determined by the Board of Directors, was eligible to receive cash incentive compensation, and was entitled to certain severance payments upon termination without cause or resignation upon a change of control of the Company.

In August 2011, we entered into a transition agreement with Mr. Belford pursuant to which he continued to perform his ordinary and customary duties through the effective date of his retirement, which occurred on October 18, 2011. We entered into a Separation Agreement and Release with Mr. Belford on the effective date of his retirement. The Separation Agreement and Release provided that Mr. Belford receive approximately \$27,600 as payment for accrued but unused vacation time and a payment in the amount of approximately \$147,000 representing six months of separation pay and a pro rata portion of the calendar year 2011 bonus payment to which Mr. Belford may be entitled under his employment agreement, which amount was paid in a lump sum on the first day of the seventh month following the effective date of Mr. Belford s retirement. In exchange, Mr. Belford executed a general release of claims, will continue to be bound by the terms of his Non-Competition, Non-Solicitation and Confidentiality Agreement dated January 1, 2010, which is identical in form to the Confidentiality Agreement with Mr. Hansen, and provided consulting and transition services as reasonably requested by the Company through December 31, 2011.

#### Interim Chief Executive Officer

On May 31, 2011, we entered into an offer letter with our incoming Chief Operating Officer, Dr. James J. Cassidy, who became our interim Chief Executive Officer in May 2012. The offer letter provided for an initial annualized base salary of \$152,000 and standard employee benefits available to the Company s employees, such as health and retirement plans. In addition, Dr. Cassidy was eligible to receive incentive cash compensation equal to \$5,000 for each \$1,000,000 that the Company s gross revenue for calendar year 2011 exceeded the calendar-year threshold, pro-rated based on the portion of the calendar year Dr. Cassidy was employed by the Company. The offer letter contained standard terms relating to best efforts, assignment of inventions and confidentiality, as well as twelve-month non-solicitation and non-competition provisions.

Effective February 15, 2012, we entered into an employment agreement with Dr. Cassidy, which provides for an initial annualized base salary of \$172,000, which amount may be changed by the Board of Directors beginning in calendar year 2013. The agreement also provides for standard employee benefits available to the Company s employees, such as health and retirement plans, and the stock options and perquisites noted under Equity Incentive Compensation. The agreement has an initial term of approximately 22 months, with automatic renewal for one-year periods thereafter unless written notice of non-renewal is provided by the Board of Directors or Dr. Cassidy at least 60 days prior to the expiration of the initial term or any renewal term, and subject to earlier termination as described below.

The agreement is terminable by the Board of Directors at any time for any reason. The agreement is terminable at any time for any reason by Dr. Cassidy upon 60 days advance written notice to the Company. If Dr. Cassidy is terminated by the Board of Directors without cause prior to the expiration of the initial term or any subsequent renewal term or if he resigns within six months of a change of control of the Company, the Company would be required to pay severance. With respect to a termination without cause, the amount of the severance payment would be equal to Dr. Cassidy s then-current base salary from the date of termination through the expiration of the then-current term. With respect to a resignation upon a change in control, the amount of the severance payment would be equal to the sum of two times Dr. Cassidy s then-current base salary. Dr. Cassidy would also be entitled to a pro rata portion of any earned but unpaid incentive compensation at the time of termination. In order to receive the severance and continued benefits, Dr. Cassidy would be required to sign a release of claims against the Company, return all property owned by the Company and agree not to disparage the Company.

The agreement defines cause as a material failure to perform job duties competently; gross misconduct that damages the Company; fraud, misappropriation, or embezzlement by the employee; conviction of a felony crime or a crime of moral turpitude; unethical conduct in the course of employment; or a material breach of the employment agreement. The agreement defines change of control as a change in ownership, change in effective control, or change in ownership of a substantial portion of the assets, each as described in applicable treasury regulations.

Dr. Cassidy has also entered into a Non-Competition, Non-Solicitation, and Confidentiality Agreement dated February 15, 2012, pursuant to which he has agreed to protect confidential information of the Company and to return all confidential information and property of the Company upon termination of employment for any reason, and not to compete with the Company or solicit customers or business contacts of the Company during the term of the agreement and for a period of 12 months after termination, for any reason. In addition, Dr. Cassidy agreed that he would inform any potential new employer of his obligations under the agreement before accepting new employment.

Dr. Cassidy s employment agreement and confidentiality agreement were not revised in connection with his appointment as interim Chief Executive Officer in May 2012.

#### Chief Financial Officer

Effective October 18, 2011, we entered into an employment agreement with Mr. Brock, which provides for an initial annualized base salary of \$115,000, which amount increased to \$126,500 beginning January 1, 2012 and may be changed by the Board of Directors beginning July 1, 2012. The agreement also provides for standard employee benefits available to the Company s employees, such as health and retirement plans, and the stock options and perquisites noted above. The agreement has an initial term of approximately 14 months, with automatic renewal for one-year periods thereafter unless written notice of non-renewal is provided by the Board of Directors or Mr. Brock at least 60 days prior to the expiration of the initial term or any renewal term, and subject to earlier termination as described below.

The agreement is terminable by the Board of Directors at any time for any reason. The agreement is terminable at any time for any reason by Mr. Brock upon 60 days advance written notice to the Company. If Mr. Brock is terminated by the Board of Directors without cause prior to the expiration of the initial term or any subsequent renewal term or if he resigns within six months of a change of control of the Company, the Company would be required to pay severance. With respect to a termination without cause or a resignation upon a change in control, the amount of the severance payment would be equal to Mr. Brock s then-current base salary from the date of termination through the expiration of the then-current term. In order to receive the severance and continued benefits, Mr. Brock would be required to sign a release of claims against the Company, return all property owned by the Company and agree not to disparage the Company.

The agreement defines cause and change of control in the same manner as Dr. Cassidy s employment agreement.

Mr. Brock has also entered into a Non-Competition, Non-Solicitation, and Confidentiality Agreement dated October 18, 2011, pursuant to which he has agreed to protect confidential information of the Company and to return all confidential information and property of the Company upon termination of employment for any reason, and not to compete with the Company or solicit customers or business contacts of the Company during the term of the agreement and for a period of 12 months after termination, for any reason. In addition, Mr. Brock agreed that he would inform any potential new employer of his obligations under the agreement before accepting new employment.

#### **Summary Compensation Table for Fiscal 2012**

The following table provides information regarding the compensation earned during fiscal 2012 and fiscal 2011 by our named executive officers:

| Name and principal position   | Year | Salary<br>(\$) <sup>(1)</sup> | Option<br>awards<br>(\$) | Non-equity<br>incentive<br>plan<br>compensation<br>(\$) | All other compensation (\$) | Total<br>(\$) |
|---|------|-------------------------------|--------------------------|---|-----------------------------|---------------|
| Robert D. Hansen  | 2012 | 181,398                       |                          | 134,073(7)  | 245,925(10)                 | 561,396       |
| Former Chief Executive Officer <sup>(2)</sup>   | 2011 | 208,993                       |                          | 75,000  | 17,774                      | 301,767       |
| Dr. James J. Cassidy Interim Chief Executive Officer and Chief Operating Officer <sup>(3)</sup> | 2012 | 162,000                       | 37,083(6)                | 5,833(8)  | 9,093(11)                   | 214,009       |
| Terry M. Belford  | 2012 | 48,667                        |                          | 65,222(9)   | 121,810(12)                 | 235,699       |
| Former Chief Financial Officer <sup>(4)</sup>   | 2011 | 146,000                       |                          | 56,250  | 7,241                       | 209,491       |
| Jeremy T. Brock  Chief Financial Officer <sup>(5)</sup>   | 2012 | 104,263                       | 23,820(6)                |   | 7,429(13)                   | 135,512       |

- (1) Amounts shown are not reduced to reflect the named executive officers elections, if any, to contribute portions of their salaries to 401(k) plans.
- (2) Mr. Hansen served as the Company s Chief Executive Officer until his retirement in May 2012.
- (3) Dr. Cassidy became the Company s interim Chief Executive Officer in May 2012 and has served as the Company s Chief Operating Officer since June 2011.
- (4) Mr. Belford served as the Company s Chief Financial Officer until his retirement in October 2011.
- (5) Mr. Brock became the Company s Chief Financial Officer in October 2011 and has served as the Company s Financial Controller since August 2011.
- (6) The value of option awards in this table represent the fair value of such awards granted during the fiscal year, as computed in accordance with FASB ASC 718 (formerly FAS 123(R)). The assumptions used to determine the valuation of the awards are discussed in Note 7 to our consolidated financial statements, included in the Company s Annual Report on Form 10-K for the 2012 fiscal year, filed with the Securities and Exchange Commission on September 26, 2012.
- (7) Reflects cash incentive payments earned through May 2012 for achieving performance goals for the 2011 and 2012 calendar years.
- (8) Reflects a cash incentive payment earned as of December 31, 2011 for achieving performance goals for the 2011 calendar year.
- (9) Reflects a cash incentive payment earned as of October 18, 2011 for achieving performance goals for the 2011 calendar year.
- (10) Includes premiums totaling \$5,689 paid by the Company with respect to life insurance for the benefit of Mr. Hansen and his three adult children; a Company match of \$9,847 to Mr. Hansen s 401(k) plan; severance pay of \$209,000 pursuant to Mr. Hansen s Separation and Agreement and Release; and COBRA payments of \$17,404 pursuant to Mr. Hansen s Separation and Agreement and Release.
- (11) Includes a Company match of \$6,693 to Dr. Cassidy s 401(k) plan.
- (12) Includes a Company match of \$2,410 to Mr. Belford s 401(k) plan; severance pay of \$74,310 pursuant to Mr. Belford s Separation and Agreement and Release; and \$27,690 of payment for accrued but unused vacation time in accordance with Mr. Belford s Separation Agreement and Release.
- (13) Includes a Company match of \$4,229 to Mr. Brock s 401(k) plan.

#### Outstanding Equity Awards at June 30, 2012

The following table sets forth certain information regarding equity awards granted to our named executive officers outstanding as of June 30, 2012:

| Name                 | Number of securities underlying unexercised options (# | Option Awa<br>Number of<br>securities<br>underlying<br>unexercised<br>options<br>(#<br>Unexercisable) <sup>(1)</sup> | O<br>ex | Option<br>sercise<br>price<br>(\$) | Option<br>expiration<br>date |
|----------------------|--|--|---------|------------------------------------|------------------------------|
| Robert D. Hansen     | $21,000_{(1)}$   | 14,000(2)  | \$      | 3.50                               | 11/24/2018                   |
| Terry M. Belford     | $21,000_{(1)}$   | 14,000(2)  | \$      | 3.50                               | 11/24/2018                   |
| Dr. James J. Cassidy |  | 20,000(3)  | \$      | 3.24                               | 02/15/2022                   |
| Jeremy T. Brock      |  | 18,000(4)  | \$      | 2.53                               | 05/29/2022                   |

- (1) The exercisable and unexercisable options for Messrs. Hansen and Belford are denominated as warrants to purchase common stock of the Company.
- (2) The warrants vest ratably on November 24 of each year from 2009 to 2013.
- (3) The options vest ratably on December 31, 2012 and 2013.
- (4) The options vest ratably on June 30, 2013, 2014 and 2015.

#### DIRECTOR COMPENSATION

The following table provides information regarding compensation paid to and earned by non-employee directors during fiscal 2012:

|                     | Fees Earned or              |        |
|---------------------|-----------------------------|--------|
| N                   | Paid in Cash <sup>(1)</sup> | Total  |
| Name                | (\$)                        | (\$)   |
| Stephen H. Craney   | 12,000                      | 12,000 |
| Thomas M. Hagedorn  | 5,500                       | 5,500  |
| Craig N. Hansen     | 6,500                       | 6,500  |
| Darrel L. Kloeckner | 12,500                      | 12,500 |
| George H. Winn, DDS | 6,500                       | 6,500  |
| William V. Eckles   | 9,000                       | 9,000  |

(1) In fiscal 2012, each non-employee director was paid \$1,000 for each Board meeting the director attended and members of the Audit Committee were paid a \$1,000 retainer for service in the first fiscal quarter and a \$500 retainer for the second, third and fourth fiscal quarters.

## **Equity Compensation Plan Information**

The following table provides information concerning equity compensation arrangements as of June 30, 2012:

| Plan Category | Number of     | Weighted-average  | Number of  |
|---------------|---------------|-------------------|------------|
|               | securities to | exercise price of | securities |
|               | be issued     | outstanding       | remaining  |

|   | upon<br>exercise  | options,<br>warrants and | available<br>for future                      |
|---|-------------------|--------------------------|--|
|   | of<br>outstanding | rights                   | issuance<br>under equity                     |
|   | options, warrants | (b)                      | compensation plans                           |
|   | and rights        |                          | (excluding                                   |
|   | (a)               |                          | securities<br>reflected in<br>column<br>(a)) |
|   |                   |                          | (c)  |
| Equity compensation plans approved by security holders                    | 38,000            | \$ 2.90 per share        | 162,000                                      |
| E : t t   |                   | A A A A A                | NT/A   |
| Equity compensation plans not approved by security holders <sup>(1)</sup> | 598,200           | \$ 3.90 per share        | N/A  |

In addition to the equity awards issued pursuant to our 2012 Stock Incentive Plan, which plan was approved by the Company's shareholders on November 11, 2011, the Board of Directors has authority to authorize future equity grants on a case-by-case basis as compensation to new employees, in an aggregate amount up to our then-remaining number of authorized shares. We currently have 13,000,000 authorized shares of common stock and 2,000,000 shares of undesignated stock. We are subject to certain contractual restrictions regarding equity grants.

#### CERTAIN TRANSACTIONS AND BUSINESS RELATIONSHIPS

Described below are transactions and series of similar transactions that have occurred during the 2012 and 2011 fiscal years, to which we were or are a party in which:

the amounts involved exceeded the lesser of \$120,000 or one percent of the average of our total assets at year end for our last two completed fiscal years; and

a director, executive officer, beneficial owner of more than 5% of any class of our voting securities or any member of their immediate family had or will have a direct or indirect material interest.

We obtained engineering services from Hansen Engine Corporation (d/b/a Hansen Engine Technologies, Inc.) (Hansen Engine) pursuant to a Letter Agreement dated February 16, 2010 (the 2010 Agreement). Robert D. Hansen, our former Chief Executive Officer and the brother of Craig N. Hansen, is the President, Chief Executive Officer and Chairman of the Board of Directors of Hansen Engine and owns approximately 11% of that entity is outstanding common stock. In addition, Craig N. Hansen, a member of our Board of Directors and the brother of Robert D. Hansen, is a director and officer of Hansen Engine and owns approximately 10% of that entity is outstanding common stock. Thomas M. Hagedorn, a member of our Board of Directors, is a director of Hansen Engine and is a minority shareholder of that entity. The 2010 Agreement provides that Hansen Engine will perform research and development work, primarily relating to the improvement of device performance of the Electromed SmartVest® System, in exchange for a monthly fee of \$30,000 through December 2011. The agreement was renewed at December 31, 2011 for six months, and provides that the service provider perform 40 hours per week of research and development work in exchange for a monthly fee of \$15,000. The agreement was terminated in May 2012. During our 2012 and 2011 fiscal years, expenses incurred to Hansen Engine were approximately \$265,000 and \$369,000, respectively. The 2010 Agreement provides that all design outputs will be the property of the Company and that all patents that result from work performed pursuant to the agreement must be assigned to us. Such assignments are effected in writing pursuant to our standard form of patent assignment.

The Company purchases electronic parts from RiverSide Electronics, Ltd. (RiverSide), an entity which is solely owned by Stephen H. Craney, a director. The Company has made payments to RiverSide of approximately \$597,000 and \$611,000 during the Company s 2012 and 2011 fiscal years, respectively. The Board of Directors has determined that the terms of its transactions with RiverSide were consistent with what could be obtained in an arm s length transaction with an unrelated party.

#### OTHER INFORMATION

A shareholder has notified the Company that the shareholder may present two proposals at the annual meeting. First, the shareholder may present a proposal to change the number of directors on the Board of Directors. If this proposal is properly presented, it is intended that the persons named as proxies will use their discretionary authority to vote against such proposal. Second, the shareholder may present four additional director nominees to be added to the slate of director nominees at the annual meeting. If these director nominees are properly presented, the persons named as proxies will not have discretionary authority to cast a vote related to these nominees. As of the date of this preliminary proxy statement, we have yet to receive any further indication of the shareholder's intention with respect to presentation of such proposals at the annual meeting or a solicitation in opposition to the Board of Directors' proposals. Our Nominating and Governance Committee has carefully evaluated the nominees for election at the Annual Meeting contained in this Proxy Statement and recommended their nomination to our Board of Directors. Our Board of Directors approved the nomination of such nominees and recommends that shareholders vote **FOR** election of the directors named in this Proxy Statement. The Board of Directors knows of no other matters which may be brought before the Annual Meeting. If any other matters are presented at the meeting on which a vote may properly be taken, the persons named as proxy holders in the enclosed proxy card will vote thereon in accordance with their best judgment.

#### ANNUAL REPORT AND FINANCIAL STATEMENTS

A COPY OF THE COMPANY S ANNUAL REPORT ON FORM 10-K FOR THE FISCAL YEAR ENDED JUNE 30, 2012, ACCOMPANIES THE DELIVERY OF THIS PROXY STATEMENT (WITHOUT EXHIBITS). NO PART OF THE ANNUAL REPORT IS INCORPORATED HEREIN AND NO PART THEREOF IS TO BE CONSIDERED PROXY SOLICITING MATERIAL. THE COMPANY WILL FURNISH WITHOUT CHARGE TO EACH PERSON WHOSE PROXY IS BEING SOLICITED, UPON WRITTEN REQUEST OF ANY SUCH PERSON, ANY EXHIBIT DESCRIBED IN THE LIST ACCOMPANYING THE FORM 10-K, UPON THE PAYMENT, IN ADVANCE, OF REASONABLE FEES RELATED TO THE COMPANY S FURNISHING SUCH EXHIBIT(S). ANY SUCH REQUESTS SHOULD INCLUDE A REPRESENTATION THAT THE SHAREHOLDER WAS THE BENEFICIAL OWNER OF SHARES OF COMPANY COMMON STOCK ON OCTOBER 3, 2012, THE RECORD DATE FOR THE FISCAL 2013 ANNUAL MEETING, AND SHOULD BE DIRECTED TO JAMES J. CASSIDY, Ph.D., INTERIM CHIEF EXECUTIVE OFFICER, AT THE COMPANY S PRINCIPAL ADDRESS.

Dated: November [ ], 2012 New Prague, Minnesota

#### **APPENDIX A**

#### INFORMATION CONCERNING PARTICIPANTS

#### IN THE COMPANY'S SOLICITATION OF PROXIES

The following tables set forth the name and business address of our directors and the name, present principal occupation and business address of our officers and employees who, under the rules of the Securities and Exchange Commission, are considered to be "participants" in our solicitation of proxies from our stockholders in connection with our 2013 Annual Meeting of Stockholders.

#### **Directors**

The principal occupations of our directors who are considered "participants" in our solicitation are set forth under the section above titled "ELECTION OF DIRECTORS" of this Proxy Statement. The name and business addresses, and address of the organization of employment, of our directors and nominees are as follows:

Name Business Address

Stephen H. Craney c/o Riverside Electronics Ltd., 1 Riverside Drive, Lewiston, MN 55952

Dr. George H. Winn c/o Main Street Dental, 211 County Road 37, New Prague, MN 56071

Craig N. Hansen c/o Hansen Engine Corporation, 12920 Minnesota 55, Minneapolis, MN 55441

Darrel L. Kloeckner 14601 Morgan Avenue, Marine on St. Croix, MN 55047

William V. Eckles c/o Blue Earth Valley Communications, Inc., 123 West 7th Street, Blue Earth, MN 56013

Thomas M. Hagedorn c/o Premium Realty, 100 Taylor St., #106, Colonial Beach, VA 22443 **Officers and Employees** 

The principal occupations of our executive officers and employees who are considered "participants" in our solicitation of proxies are set forth below. The principal occupation refers to such person's position with the Company, and the business address for each person is Electromed, Inc., 500 Sixth Avenue Northwest, New Prague, MN 56071.

Name Principal Occupation

James J. Cassidy, Ph.D. Interim Chief Executive Officer; Chief Operating Officer

Jeremy T. Brock Chief Financial Officer

## **Information Regarding Ownership of Electromed Securities by Participants**

The number of shares of our common stock held by our directors and named executive officers as of October 3, 2012 is set forth under the "SECURITY OWNERSHIP OF PRINCIPAL SHAREHOLDERS, DIRECTORS AND MANAGEMENT" section of this Proxy Statement.

## **Information Regarding Transactions in Electromed Securities by Participants**

The following table sets forth information regarding purchases and sales of our securities by each of the participants listed above under "Directors" and "Officers and Employees" during the past two years. Unless otherwise indicated, all transactions were in the public market or pursuant to our equity compensation plans and none of the purchase price or market value of those securities is represented by funds borrowed or otherwise obtained for the purpose of acquiring or holding such securities.

# CHEMUNG FINANCIAL CORPORATION AND SUBSIDIARIES NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

To assist the reader, the Corporation has provided the following list of commonly used acronyms and abbreviations included in the Notes to Unaudited Consolidated Financial Statements.

| FASB: Financial       | OTTI: Other-than-temporary |
|-----------------------|----------------------------|
| Accounting Standards  | impairment                 |
| Board                 |                            |
| FDIC: Federal Deposit | PCI: Purchased credit      |
| Insurance Corporation | impaired                   |
| FHLB: Federal Home    | SEC: Securities and        |
| Loan Bank             | Exchange Commission        |
| GAAP: U.S. generally  | CDO: Collateralized Debt   |
| accepted accounting   | Obligation                 |
| principles            |                            |

#### Organization and Principles of Consolidation

Chemung Financial Corporation (the "Corporation") is a bank holding company headquartered in Elmira, New York. The Corporation provides a wide range of financial and fiduciary services through its wholly-owned subsidiaries, Chemung Canal Trust Company (the "Bank"), a state chartered bank, and CFS Group, Inc., a non-bank financial services company. The Corporation and the Bank are subject to the regulation of certain federal and state agencies and undergo periodic examinations by those regulatory authorities. The unaudited consolidated financial statements include the accounts of the Corporation, the Bank and CFS Group, Inc. All significant intercompany accounts and transactions have been eliminated in consolidation. Certain reclassifications of prior period amounts have been made to conform with the current period presentation. These reclassifications had no impact on previously reported net income.

#### **Basis of Presentation**

The unaudited consolidated financial statements have been prepared pursuant to the rules and regulations of the SEC in Article 10 of Regulation S-X and in accordance with the instructions to Form 10-Q and GAAP for interim financial information. Certain information, accounting policies and footnote disclosures normally included in complete financial statements prepared in accordance with GAAP have been condensed or omitted in accordance with such rules and regulations. These unaudited consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Corporation's annual report on Form 10-K for the year ended December 31, 2012.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the unaudited consolidated financial statements and accompanying notes. Primary areas involving the use of estimates and assumptions include the allowance for loan losses, other-than-temporary impairment of securities, the carrying amount of goodwill and the amortization of other intangible assets. Actual results could differ from those estimates. In the opinion of management, all adjustments considered necessary, consisting of normal recurring items, have been included for a fair presentation of the accompanying unaudited consolidated financial statements. Operating results for the three and nine months ended September 30, 2013 are not necessarily indicative of the results that may be expected for the full year or

future periods.

#### **Subsequent Events**

The Corporation has evaluated events and transactions through the time the unaudited consolidated financial statements were issued. Financial statements are considered issued when they are widely distributed to all shareholders and other financial statement users, or filed with the SEC. In conjunction with applicable accounting standards, all material subsequent events have been either recognized in the unaudited consolidated financial statements or disclosed in the notes to the unaudited consolidated financial statements.

#### NOTE 2 EARNING PER COMMON SHARE

Basic earnings per share is net income divided by the weighted average number of common shares outstanding during the period. Issuable shares, including those related to directors' restricted stock units and directors' stock compensation, are considered outstanding and are included in the computation of basic earnings per share. All outstanding unvested share based payment awards that contain rights to nonforfeitable dividends are considered participating securities for this calculation. Restricted stock awards are grants of participating securities. The impact of the participating securities on earnings per share is not material. Earnings per share information is adjusted to present comparative results for stock splits and stock dividends that occur. Earnings per share were computed by dividing net income by 4,658,199 and 4,639,985 weighted average shares outstanding for the ninemonth periods ended September 30, 2013 and 2012, and 4,660,336 and 4,641,547 weighted average shares outstanding for the three-month periods ended September 30, 2013 and 2012, respectively. There were no dilutive common stock equivalents during the three or nine-month periods ended September 30, 2013 or 2012.

#### NOTE 3 ADOPTION OF NEW ACCOUNTING STANDARDS

In February 2013, the FASB issued Accounting Standards Update ("ASU") No. 2013-02, "Comprehensive Income (Topic 220) – Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income." ASU 2013-02 amends recent guidance related to the reporting of comprehensive income to enhance the transparency of the reporting of reclassifications out of accumulated other comprehensive income. ASU 2013-02 became effective for the Corporation on January 1, 2013 and did not have a material impact on the Corporation's financial statements. The additional disclosures are included in Note 8 Accumulated Other Comprehensive Income or Loss.

#### NOTE 4 SECURITIES

Amortized cost and estimated fair value of securities available for sale are as follows:

|                 |                | September    | 30, 2013   |                |

#### Other-Than-Temporary Impairment

As of September 30, 2013, the majority of the Corporation's unrealized losses in the investment securities portfolio related to obligations of U.S. Government and U.S. Government sponsored enterprises. Because the decline in fair value is attributable to changes in interest rates and not credit quality, and because the Corporation does not have the intent to sell these securities and it is likely that it will not be required to sell these securities before their anticipated recovery, the Corporation does not consider these securities to be other-than-temporarily impaired at September 30, 2013.

As of September 30, 2013, \$114,725 of the Corporation's unrealized losses in the investment securities portfolio related to a CDO consisting of a pool of trust preferred securities. The decline in fair value on this security is primarily attributable to the financial crisis and resulting credit deterioration and financial condition of the underlying issuers, all of which are financial institutions. This deterioration may affect the future receipt of both principal and interest payments on this security. This fact combined with the current illiquidity in the market makes it unlikely that the Corporation would be able to recover its investment in this security if it was sold at this time.

Our analysis of this investment includes a \$629,025 amortized cost of a CDO consisting of a pool of trust preferred securities. This security was rated high quality at inception, but at September 30, 2013 Moody's rated this security as Caa3, which is defined as substantial risk of default. The Corporation uses the OTTI evaluation model to compare the present value of expected cash flows to the previous estimate to determine if there are adverse changes in cash flows during each quarter. The OTTI model considers the structure and term of the CDO and the financial condition of the underlying issuers. Specifically, the model details interest rates, principal balances of note classes and underlying issuers, the timing and amount of interest and principal payments of the underlying issuers, and the allocation of the payments to the note classes. The current estimate of expected cash flows is based on the most recent trustee reports and any other relevant market information including

announcements of interest payment deferrals or defaults of underlying trust preferred securities. Assumptions used in the model include expected future default rates and prepayments. We assume no recoveries on defaults and treat all interest payment deferrals as defaults.

Upon completion of the September 30, 2013 analysis, our model indicated no additional OTTI on this CDO. This security remained classified as available for sale and quarterly interest payments continue to be made.

When conducting the September 30, 2013 analysis, the present value of expected future cash flows using a discount rate equal to the yield in effect at the time of purchase was compared to the previous quarters' analysis. The analysis indicated no further decline in value attributed to credit related factors stemming from further deterioration in the underlying collateral payment streams. Additionally, to estimate fair value the present value of the expected future cash flows was calculated using a current estimated discount rate that a willing market participant might use to value the security based on current market conditions and interest rates. Changes in credit quality may or may not correlate to changes in the overall fair value of the impaired securities as the change in credit quality is only one component in assessing the overall fair value of the impaired securities. Therefore, the recognition of additional credit related OTTI could result in a gain reported in other comprehensive income. Total OTTI recognized in accumulated other comprehensive income was \$74,482 and \$117,118, net of tax for securities available for sale at September 30, 2013 and December 31, 2012, respectively.

The tables below present a roll forward of the cumulative credit losses recognized in earnings for the three and nine-month periods ending September 30, 2013 and 2012:

The Corporation's concentrations of credit risk by loan type are reflected in the preceding table. The concentrations of credit risk with standby letters of credit, committed lines of credit and commitments to originate new loans generally follow the loan classifications in the table above.

The following tables present the activity in the allowance for loan losses by portfolio segment for the three and nine-month periods ending September 30, 2013 and 2012:

### Nine Months Ended September 30, 2013

#### Troubled Debt Restructurings:

As of September 30, 2013 and December 31, 2012, the Corporation has a recorded investment in troubled debt restructurings of \$7,245,570 and \$5,728,610, respectively. There were specific reserves of \$241,973 allocated for troubled debt restructurings at September 30, 2013 and no specific reserves allocated at December 31, 2012. As of September 30, 2013, troubled debt restructurings totaling \$6,152,581 were accruing interest under the modified terms and \$1,092,989 were on non-accrual status. As of December 31, 2012, troubled debt restructurings totaling \$5,363,712 were accruing interest under the modified terms and \$364,898 were on non-accrual status. The Corporation has committed to lend additional amounts totaling up to \$100,000 and \$130,000 as of September 30, 2013 and December 31, 2012, respectively, to customers with outstanding loans that are classified as troubled debt restructurings.

During the nine months ended September 30, 2013 and 2012, the terms of certain loans were modified as troubled debt restructurings. The modification of the terms of such loans included one or a combination of the following: reduced scheduled payments for greater than 3 months or an extension of the maturity date at a stated rate of interest lower than the current market rate for new debt with similar risk.

The following table presents loans by class modified as troubled debt restructurings that occurred during the nine months ended September 30, 2013 and September 30, 2012:

| Total 1 \$ 74,838 \$ 74,838  |        |

The troubled debt restructurings described above increased the allowance for loan losses by \$40,445 and resulted in no charge offs during the three months ending September 30, 2013. The troubled debt restructurings described above did not increase the allowance for loan losses and resulted in no charge-offs during the three months ending September 30, 2012.

There were no payment defaults on any loans previously modified as troubled debt restructurings during the nine months ending September 30, 2013 or September 30, 2012, within twelve months following the modification. Additionally there were no payment defaults on any loans previously modified as troubled debt restructurings during the three months ending September 30, 2013 and September 30, 2012, within twelve months following the modification. A loan is considered to be in payment default once it is 90 days contractually past due under the modified terms.

#### **Credit Quality Indicators**

The Corporation establishes a risk rating at origination for all commercial loans. The main factors considered in assigning risk ratings include, but are not limited to: historic and future debt service coverage, collateral position, operating performance, liquidity, leverage, payment history, management ability, and the customer's industry. Commercial relationship managers monitor all loans in their respective portfolios for any changes in the

borrower's ability to service their debt and affirm the risk ratings for the loans at least annually.

For the retail loans, which include lines of credit, installment, mortgage, and home equity loans, once a loan is properly approved and closed, the Corporation evaluates credit quality based upon loan repayment.

The Corporation uses the risk rating system to identify criticized and classified loans. Commercial relationships within the criticized and classified risk ratings are analyzed quarterly. The Corporation uses the following definitions for criticized and classified loans (which are consistent with regulatory guidelines):

Special Mention – Loans classified as special mention have a potential weakness that deserves management's close attention. If left uncorrected, these potential weaknesses may result in deterioration of the repayment prospects for the loan or the institution's credit position at some future date.

Substandard – Loans classified as substandard are inadequately protected by the current net worth and paying capability of the obligor or of the collateral pledged, if any. Loans so classified have a well-defined weakness or weaknesses that jeopardize the liquidation of the debt. They are characterized by the distinct possibility that the institution will sustain some loss if the deficiencies are not corrected.

Doubtful – Loans classified as doubtful have all the weaknesses inherent in those classified as substandard, with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing facts, conditions, and values, highly questionable and improbable.

Loans not meeting the criteria above that are analyzed individually as part of the above described process are considered to be not rated loans. Based on the analyses performed as of September 30, 2013 and December 31, 2012, the risk category of the recorded investment of loans by class of loans is as follows:

|                           |               | •            | mber 30, 2013        |              |            |

The Corporation considers the performance of the loan portfolio and its impact on the allowance for loan losses. For residential and consumer loan classes, the Corporation also evaluates credit quality based on the aging status of the loan, which was previously presented, and by payment activity. The following table presents the recorded investment in residential and consumer loans based on payment activity as of September 30, 2013 and December 31, 2012:

| September | 30, | 2013 |

At the time of the merger with Fort Orange Financial Corp., the Corporation identified certain loans with evidence of deteriorated credit quality, and the probability that the Corporation would be unable to collect all contractually required payments from the borrower. These loans are classified as PCI loans. The Corporation adjusted its estimates of future expected losses, cash flows, and renewal assumptions on the PCI loans during the current year. These adjustments were made for changes in expected cash flows due to loans refinanced beyond original maturity dates, impairments recognized subsequent to the acquisition, advances made for taxes or insurance to protect collateral held and payments received in excess of amounts originally expected.

The table below summarizes the changes in total contractually required principal and interest cash payments, management's estimate of expected total cash payments and carrying value of the PCI loans from January 1, 2013 to September 30, 2013 and July 1, 2013 to September 30, 2013:

#### NOTE 6 FAIR VALUE

Fair value is the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The Corporation used the following methods and significant assumptions to estimate fair value:

Investment Securities: The fair values of securities available for sale are usually determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs), or matrix pricing, which is a mathematical technique widely used to value debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities (Level 2 inputs).

The Corporation's investment in collateralized debt obligations consisting of pooled trust preferred securities which are issued by financial institutions were historically priced using Level 2 inputs. The lack of observable inputs and market activity in this class of investments has been significant and resulted in unreliable external pricing. Broker pricing and bid/ask spreads, when available, have varied widely. The once active market has become comparatively inactive. As a result, these investments are now priced using Level 3 inputs.

The Corporation utilizes an external model for pricing these securities. This is the same model used in determining OTTI as further described in Note 4. Information such as historical and current performance of the underlying collateral, deferral/default rates, collateral coverage ratios, break in yield calculations, cash flow projections, liquidity and credit premiums required by a market participant, and financial trend analysis with respect to the individual issuing financial institutions, are utilized in determining individual security valuations. Discount rates were utilized along with the cash flow projections in order to calculate an appropriate fair value. These discount rates were calculated based on industry index rates and adjusted for various credit and liquidity factors. Due to current market conditions as well as the limited trading activity of these securities, the market value of the securities is highly sensitive to assumption changes and market volatility.

Trading Assets: Securities that are held to fund a deferred compensation plan are recorded at fair value with changes in fair value included in earnings. The fair values of trading assets are determined by quoted market prices (Level 1 inputs).

Impaired Loans: At the time a loan is considered impaired, it is valued at the lower of cost or fair value. Impaired loans carried at fair value have been partially charged-off or receive specific allocations as part of the allowance for loan loss accounting. For collateral dependent loans, fair value is commonly based on real estate appraisals. These appraisals may utilize a single valuation approach or a combination of approaches including comparable sales and the income approach. Adjustments are routinely made in the appraisal process by independent appraisers to adjust for differences between the comparable sales and income data available. Such adjustments are usually significant and typically result in a Level 3 classification of the inputs for determining fair value. Non-real estate collateral may be valued using an appraisal, net book value per the borrower's financial statements, or aging reports, adjusted or discounted based on management's historical knowledge, changes in market conditions from the time of the valuation, and management's expertise and knowledge of the client and client's business, typically resulting in a Level 3 fair value classification. Impaired loans are evaluated on a quarterly basis for additional impairment and adjusted accordingly.

Other Real Estate Owned: Assets acquired through or instead of loan foreclosures are initially recorded at fair value less costs to sell when acquired, establishing a new cost basis. These assets are subsequently accounted for at lower of cost or fair value less estimated costs to sell. Fair value is commonly based on recent real estate appraisals. These appraisals may utilize a single valuation approach or a combination of approaches including comparable sales and the income approach. Adjustments are routinely made in the appraisal process by independent appraisers to adjust for differences between the comparable sales and income data available. Such adjustments are usually significant and typically result in a Level 3 classification of the inputs for determining fair value.

Appraisals for both collateral-dependent impaired loans and other real estate owned ("OREO") are performed by certified general appraisers (for commercial properties) or certified residential appraisers (for residential properties) whose qualifications and licenses have been reviewed and verified by the Corporation. Once received, appraisals are reviewed for reasonableness of assumptions, approaches utilized, Uniform Standards of Professional Appraisal Practice and other regulatory compliance, as well as the overall resulting fair value in comparison with independent data sources such as recent market data or industry-wide statistics. Appraisals are generally completed within the previous 12-month period prior to a property being placed into OREO. On impaired loans, appraisal values are adjusted based on the age of the appraisal, the position of the lien, the type of the property and its condition.

Assets and liabilities measured at fair value on a recurring basis are summarized below:

|                   |               | Fair Value M   | leasurement at | September    |

There were no transfers between Level 1 and Level 2 during the nine-month period ending September 30, 2013 or the year ending December, 31, 2012.

The significant unobservable inputs used in the fair value measurement of the Corporation's collateralized debt obligations are probabilities of specific-issuer defaults and deferrals and specific-issuer recovery assumptions. Significant increases in specific-issuer default assumptions or decreases in specific-issuer recovery assumptions would result in a significantly lower fair value measurement. Conversely, decreases in specific-issuer default assumptions or increases in specific-issuer recovery assumptions would result in a higher fair value measurement. The Corporation treats all interest payment deferrals as defaults and assumes no recoveries on defaults.

The tables below present a reconciliation of all assets measured at fair value on a recurring basis using

significant unobservable inputs (Level 3) for the three and nine-month periods ending September 30, 2013 and 2012:

Impaired loans, which are measured for impairment using the fair value of the collateral for collateral dependent loans, had a principal balance of \$2,678,430 with a valuation allowance of \$1,081,337 as of September 30, 2013, resulting in \$311,110 and \$888,699 increase in the provision for loan losses for the three and nine-month periods ended September 30, 2013, respectively. Impaired loans had a principal balance of \$733,361, with a valuation allowance of \$192,638 as of December 31, 2012, resulting in no additional provision for loan losses for the year ending December 31, 2012.

OREO, which is measured by the lower of carrying or fair value less costs to sell, had a net carrying amount of \$563,800 at September 30, 2013. The net carrying amount reflects the outstanding balance of \$756,167, net of a valuation allowance of \$192,367, at September 30, 2013. There were no write downs for the three and nine-month periods ending September 30, 2013. OREO had a net carrying amount of \$564,581 at December 31, 2012. The net carrying amount reflects the outstanding balance of \$756,948, net of a valuation allowance of \$192,367, at December 31, 2012, which resulted in write downs of \$116,840 for the year ending December 31, 2012.

The carrying amounts and estimated fair values of other financial instruments, at September 30, 2013 and December 31, 2012, are as follows (dollars in thousands):

(1) Fair value estimates are made at a specific point in time, based on relevant market information and information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

The methods and assumptions used to estimate fair value are described as follows:

Cash, Due From and Interest-Bearing Deposits in Other Financial Institutions

For those short-term instruments that generally mature in 90 days or less, the carrying value approximates fair value of which non interest-bearing deposits are classified as Level 1 and interest-bearing deposits with the Federal Home Loan Bank of New York ("FHLB") and Federal Reserve Bank of New York ("FRB") are classified as Level 1.

#### FHLB and FRB Stock

It is not practicable to determine the fair value of FHLB and FRB stock due to restrictions placed on its transferability.

#### Loans Receivable

For variable-rate loans that reprice frequently, fair values approximate carrying values. The fair values for other loans are estimated through discounted cash flow analysis using interest rates currently being offered for loans with similar terms and credit quality. Loans are classified as Level 3. The methods utilized to estimate the fair value of loans do not necessarily represent an exit price. Loans held for sale are classified as Level 2.

#### **Deposits**

The fair values disclosed for demand deposits, savings accounts and money market accounts are, by definition, equal to the amounts payable on demand at the reporting date (i.e., their carrying values) and classified as Level 1.

The fair value of certificates of deposits is estimated using a discounted cash flow approach that applies interest rates currently being offered on certificates to a schedule of the weighted-average expected monthly maturities and classified as Level 2.

Securities Sold Under Agreements to Repurchase (Repurchase Agreements)

These instruments bear both variable and fixed rates of interest. Therefore, the carrying value approximates fair value for the variable rate instruments and the fair value of fixed rate instruments is based on discounted cash flows to maturity. These are classified as Level 2.

#### Federal Home Loan Bank Advances

These instruments bear a stated rate of interest to maturity and, therefore, the fair value is based on discounted cash flows to maturity and classified as Level 2.

Accrued Interest Receivable and Payable

For these short-term instruments, the carrying value approximates fair value resulting in a classification of Level 1, Level 2 or Level 3 depending upon the classification of the asset/liability they are associated with.

## NOTE 7 GOODWILL AND INTANGIBLE ASSETS

The changes in goodwill included in the core banking segment during the periods ending September 30, 2013 and 2012 were as follows:

|               | 2013          | 2012          |
|---------------|---------------|---------------|
| Beginning of  |               |               |
| year          | \$ 21,824,443 | \$ 21,983,617 |
| Acquired      |               |               |

| intangibles  | \$ 3,819,798 | \$ 2,173,923 | \$ 3,819,798 | \$ 1,796,853 |  |  |  |
| Other        |              |              |              |              |  |  |  |
| customer     |              |              |              |              |  |  |  |
| relationship |              |              |              |              |  |  |  |
| intangibles  | 6,063,423    | 3,228,279    | 6,063,423    | 2,942,548    |  |  |  |
| Total        | \$ 9,883,221 | \$ 5,402,202 | \$ 9,883,221 | \$ 4,739,401 |  |  |  |

Aggregate amortization expense was \$662,801 and \$808,258 for the nine-month periods ended September 30, 2013 and 2012, respectively.

The remaining estimated aggregate amortization expense at September 30, 2013 is listed below:

|      | Estimated  |
|------|------------|
| Year | Expense    |
| 2013 | \$ 213,723 |
| 2014 | 777,801    |
| 2015 | 681,176    |
| 2016 | 607,713    |
| 2017 | 557,893    |
|      | 1,642,713  |

2018 and thereafter

Total \$ 4,481,019

## NOTE 8 ACCUMULATED OTHER COMPREHENSIVE INCOME OR LOSS

Accumulated other comprehensive income or loss represents the net unrealized holding gains or losses on securities available for sale and the funded status of the Corporation's defined benefit pension plan and other benefit plans, as of the consolidated balance sheet dates, net of the related tax effect.

The following is a summary of the changes in accumulated other comprehensive income or loss by component, net of tax, for the periods indicated:

|                  |    | Jnrealized Gains and Losses on Securities vailable for Sale | Defined<br>Benefit and<br>Other Benefit<br>Plans | Total         |

#### NOTE 9 COMMITMENTS AND CONTINGENCIES

The Corporation is a party to certain financial instruments with off-balance sheet risk such as commitments under standby letters of credit, unused portions of lines of credit, overdraft protection and commitments to fund new loans. In accordance with U.S. GAAP, these financial instruments are not recorded in the financial statements. The Corporation's policy is to record such instruments when funded. These transactions involve, to varying degrees, elements of credit, interest rate and liquidity risk. Such transactions are generally used by the Corporation to manage clients' requests for funding and other client needs.

The Bank is a party in two legal proceedings involving its Wealth Management Group Services. In both proceedings, the Bank, as trustee pursuant to written trust instruments, has sought judicial settlement of trust accounts in the New York Surrogate's Court for Chemung County. Individuals who are beneficiaries under the trusts have filed formal objections and/or demand letters with the Court in both of these accounting proceedings, objecting to the final settlement of the trust accounts. The objectants primarily assert that the Bank acted imprudently by failing to diversify the trusts' investments and they claim \$9.6 million and \$24.1 million, consisting of damages and disallowed trustee's commissions, plus unspecified legal fees in the respective proceedings. These proceedings are pending in the Surrogate's Court and are now in the discovery phase. While the outcome of litigation is not predictable the Bank believes that the claims are without merit and is vigorously defending them. As of September 30, 2013, no amount has been accrued for potential losses related to these proceedings as a potential loss is not considered probable or reasonably estimable in the opinion of management.

In the normal course of business, there are various outstanding claims and legal proceedings involving the Corporation or its subsidiaries. Except for the above matter, we believe that we are not a party to any pending legal, arbitration, or regulatory proceedings that could have a material adverse impact on our financial results or liquidity.

#### NOTE 11 SEGMENT REPORTING

The Corporation manages its operations through two primary business segments: core banking and wealth management group services. The core banking segment provides revenues by attracting deposits from the general public and using such funds to originate consumer, commercial, commercial real estate, and residential mortgage loans, primarily in the Corporation's local markets and to invest in securities. The wealth management group services segment provides revenues by providing trust and investment advisory services to clients.

Accounting policies for the segments are the same as those described in Note 1. Summarized financial information concerning the Corporation's reportable segments and the reconciliation to the Corporation's consolidated results are shown in the following table. Income taxes are allocated based on the separate taxable income of each entity and indirect overhead expenses are allocated based on reasonable and equitable allocations applicable to the reportable segment. Holding company amounts are the primary differences between segment amounts and consolidated totals, and are reflected in the Holding Company and Other column below, along with amounts to eliminate transactions between segments.

#### NOTE 12 STOCK BASED COMPENSATION

#### Board of Director's Stock Compensation

Members of the Board of Directors receive common shares of the Corporation equal in value to the amount of fees individually earned during the previous year for service as a director. The common shares are distributed to the Corporation's individual board members from treasury shares of the Corporation on or about January 15 following the calendar year of service.

Additionally, the President and Chief Executive Officer of the Corporation, who does not receive cash compensation as a member of the Board of Directors, is awarded common shares equal in value to the average of those awarded to board members not employed by the Corporation who have served for 12 months during the prior year.

During January 2013 and 2012, 7,969 and 10,238 shares, respectively, were re-issued from treasury to fund the stock component of directors' compensation. An expense of \$185,263 and \$156,863 related to this compensation was recognized during the nine month period ending September 30, 2013 and September 30, 2012, respectively. This expense is accrued as shares are earned.

#### Restricted Stock Plan

Pursuant to the Corporation's Restricted Stock Plan (the "Plan"), the Corporation may make discretionary grants of restricted stock to officers other than the Corporation's Chief Executive Officer. Compensation expense is recognized over the vesting period of the awards based on the fair value of the stock at issue date.

A summary of restricted stock activity from December 31, 2012 to September 30, 2013 is presented below:

|                            |        | Weighted- | -Average |
|----------------------------|--------|-----------|----------|
|                            |        | Grant D   | ate Fair |
|                            | Shares |           | Value    |
| Nonvested at December 31,  | 20,009 | \$        | 23.84    |
| 2012                       |        |           |          |
| Granted                    | -      |           | -        |
| Vested                     | 2,197  |           | 22.60    |
| Forfeited or Cancelled     | 1,797  |           | 25.04    |
| Nonvested at September 30, | 16,015 | \$        | 23.98    |
| 2013                       |        |           |          |

As of September 30, 2013, there was \$313,272 of total unrecognized compensation cost related to nonvested shares granted under the Plan. The cost is expected to be recognized over a weighted-average period of 3.60 years. The total fair value of shares vested during the nine months ended September 30, 2013 was \$66,780.

## NOTE 13 PENDING ACQUISITION

On July 10, 2013, the Bank, the wholly-owned banking subsidiary of the Corporation, entered into a Purchase and Assumption Agreement with Bank of America, National Association ("BOA") pursuant to which the Bank agreed to acquire certain assets and assume certain liabilities of six BOA branch offices located in Auburn, Cortland, Ithaca and Seneca Falls, New York. Subject to the terms of the Purchase Agreement, the Bank will acquire

approximately \$261,000,000 in deposits and \$1,600,000 in loans, for a purchase price equal to the sum of a deposit premium of 1.5% based on the 30-day average balances prior to the close of the transaction, the aggregate net book value of all assets and accrued interest on the loans acquired. The Bank will not receive any loans that are past due 30 days or more on the closing date. The transaction, which has received regulatory approval, is expected to close in the fourth quarter of 2013.

## Item 2: Management's Discussion and Analysis of Financial Condition and Results of Operations

The purpose of this review is to present information about the financial condition and results of operations of Chemung Financial Corporation (the "Corporation") for the three and nine-month periods ended September 30, 2013 and 2012. The following discussion and unaudited consolidated interim financial statements and related notes included in this report should be read in conjunction with our 2012 Annual Report on Form 10-K, which was filed with the Securities and Exchange Commission on March 15, 2013. The results for the periods presented are not necessarily indicative of results to be expected for the entire fiscal year or any other interim period.

To assist the reader, the Corporation has provided the following list of commonly used acronyms and abbreviations included in Management's Discussion and Analysis of Financial Condition and Results of Operations.

| CDO: Collateralized   | OTTI: Other-than-temporary |

#### Forward-looking Statements

This discussion contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. The Corporation intends its forward-looking statements to be covered by the safe harbor provisions for forward-looking statements in these sections. All statements regarding, among other things, the Corporation's expected financial condition and results of operations, the Corporation's business strategy, the Corporation's financial plans, forecasted demographic and economic trends relating to the Corporation's industry and similar matters are forward-looking statements. These statements can sometimes be identified by the Corporation's use of forward-looking words such as "may," "will," "anticipate," "estimate," "expect," "believe" or "intend." The Corporation cannot promise that its expectations in such forward-looking statements will turn out to be correct. The Corporation's actual results could be materially different from expectations because of various factors, including changes in economic conditions, including our local, state and national real estate markets and employment trends, or changes in interest rates, credit risk, difficulties in managing the Corporation's growth, competition, changes in law or the regulatory environment, including the Dodd-Frank Wall Street Reform and Consumer Protection Acts, the Jumpstart Our Business Startups Act, the capital ratios of Basel III, as adopted by the federal banking authorities, political instability and changes in general business and economic trends or demand for loans. Information concerning these and other factors can be found in the Corporation's periodic filings with the SEC, including in our 2012 Annual Report on Form 10-K. These filings are available publicly on the SEC's web site at http://www.sec.gov, on the Corporation's web site at http://www.chemungcanal.com or upon request from the Corporate Secretary at (607) 737-3746. Except as otherwise required by law, the Corporation undertakes no obligation to publicly update or revise its forward-looking statements, whether as a result of new information, future

events, or otherwise.

Critical Accounting Policies, Estimates and Risks and Uncertainties

Critical accounting policies include the areas where the Corporation has made what it considers to be particularly difficult, subjective or complex judgments concerning estimates, and where these estimates can significantly affect the Corporation's financial results under different assumptions and conditions. The Corporation prepares its financial statements in conformity with GAAP. As a result, the Corporation is required to make certain estimates, judgments and assumptions that it believes are reasonable based upon the information available at that time. These estimates, judgments and assumptions affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the periods presented. Actual results could be different from these estimates.

Management considers the accounting policy relating to the allowance for loan losses to be a critical accounting policy given the uncertainty in evaluating the level of the allowance required to cover probable incurred credit losses inherent in the loan portfolio, and the material effect that such judgments can have on the Corporation's results of operations. While management's current evaluation of the allowance for loan losses indicates that the allowance is adequate, under adversely different conditions or assumptions the allowance would need to be increased. For example, if historical loan loss experience significantly worsened or if current economic conditions significantly deteriorated, additional provisions for loan losses would be required to increase the allowance. In addition, the assumptions and estimates used in the internal reviews of the Corporation's non-performing loans and potential problem loans, and the associated evaluation of the related collateral coverage for these loans, has a significant impact on the overall analysis of the adequacy of the allowance for loan losses. Real estate values in the Corporation's market area did not increase dramatically in the prior several years, and, as a result, any declines in real estate values have been modest. While management has concluded that the current evaluation of collateral values is reasonable under the circumstances, if collateral evaluations were significantly lowered, the Corporation's allowance for loan losses policy would also require additional provisions for loan losses.

Management also considers the accounting policy relating to OTTI of investment securities to be a critical accounting policy. The determination of whether a decline in market value is other-than-temporary is necessarily a matter of subjective judgment. The timing and amount of any realized losses reported in the Corporation's financial statements could vary if management's conclusions were to change as to whether other-than-temporary impairment exists. The Corporation assesses whether it intends to sell, or it is more likely than not that it will be required to sell a security in an unrealized loss position before recovery of its amortized cost basis. If either of these criteria is met, the entire difference between amortized cost and fair value is recognized through a charge to earnings. For those securities that do not meet the aforementioned criteria, such as those that management has determined to be other-than-temporarily impaired, the amount of impairment charged to earnings is limited to the amount related to credit losses, while impairment related to other factors is recognized in other comprehensive income. The Corporation uses an OTTI evaluation model to compare the present value of expected cash flows to the previous estimate to determine if there are adverse changes in cash flows during the quarter. The OTTI model considers the structure and term of the CDO and the financial condition of the underlying issuers. Specifically, the model details interest rates, principal balances of note classes and underlying issuers, the timing and amount of interest and principal payments of the underlying issuers, and the allocation of the payments to the note classes.

The current estimate of expected cash flows is based on the most recent trustee reports and any other relevant market information including announcements of interest payment deferrals or defaults of underlying trust preferred securities. Assumptions used in the model include expected future default rates and prepayments. We assume no recoveries on defaults and treat all interest payment deferrals as defaults. Additional default assumptions were made based on credit quality ratios and performance measures of the remaining financial institutions in the pool, as well as overall default rates based on historical bank debt default rate averages.

Management also considers the accounting policy relating to the valuation of goodwill and other intangible assets to be a critical accounting policy. The initial carrying value of goodwill and other intangible assets is determined using estimated fair values developed from various sources and other generally accepted valuation techniques. Estimates are based upon financial, economic, market and other conditions as they existed as of the date of a particular acquisition. These estimates of fair value are the results of judgments made by the Corporation based upon estimates that are inherently uncertain and changes in the assumptions upon which the estimates were based may have a significant impact on the resulting estimates. In addition to the initial determination of the carrying value, on an ongoing basis management must assess whether there is any impairment of goodwill and other intangible assets that would require an adjustment in carrying value and recognition of a loss in the consolidated

statement of income.

#### **Financial Condition**

## Summary

Assets totaled \$1.341 billion at September 30, 2013 compared with \$1.248 at December 31, 2012, an increase of \$92.9 million, or 7.4%. The growth was due primarily to increases of \$74.1 million, or 8.3%, in total portfolio loans and \$22.4 million, or 9.0%, in investment securities. The increase in portfolio loans was due to strong growth of \$46.9 million in commercial loans and \$33.6 million in consumer loans.

Total liabilities were \$1.206 billion at September 30, 2013 compared with \$1.117 billion at December 31, 2012, an increase of \$89.2 million, or 8.0%. The increase was due primarily to increases of \$43.7 million in deposits and \$47.9 million in FHLB advances.

Total equity was \$134.8 million at September 30, 2013 compared with \$131.1 million at December 31, 2012. The increase was due primarily to net income of \$7.2 million for the nine months ended September 30, 2013, partially offset by dividends declared of \$3.6 million. The total equity to total assets ratio was 10.05% at September 30, 2013 compared with 10.50% at December 31, 2012. The tangible equity to tangible assets ratio was 8.25% at September 30, 2013 compared with 8.53% at December 31, 2012.

The market value of total assets under management or administration in the Corporation's Wealth Management Group was \$1.829 billion at September 30, 2013 compared with \$1.735 billion at December 31, 2012.

On July 12, 2013, the Corporation announced that its banking subsidiary, Chemung Canal Trust Company entered into an agreement with Bank of America to purchase six branch offices. See the heading under this Item 2 entitled "Pending Acquisition" for more information. Included in the acquisition process was management's decision to establish a pre-funding strategy based upon receiving \$260.9 million in deposits during the fourth quarter of 2013. The objective of the strategy was to maximize revenue before and during the funds deployment into new commercial and consumer loans. In the short term, funds would be used to purchase investment securities of varying maturities. Management started the strategy during the third quarter of 2013 which produced a \$22.4 million increase in investment securities and a \$49.1 million increase in short-term FHLB advances. The short-term FHLB advances will be paid off upon receipt of the deposits during the fourth quarter of 2013. The maturities and cash flows of the securities will be structured to provide funding for the anticipated deployment into new commercial and consumer loans originated in the near future.

#### Cash and Cash Equivalents

Total cash and cash equivalents decreased slightly since December 31, 2012, due primarily to a decrease of \$8.6 million in interest-bearing deposits in other financial institutions, partially offset by an increase of \$8.3 million in cash and due from financial institutions.

#### Securities

The Corporation's Funds Management Policy includes an investment policy that in general, requires debt securities purchased for the bond portfolio to carry a minimum agency rating of "A". After a credit analysis is performed, the policy also allows the Corporation to purchase local municipal obligations that are not rated. The Corporation intends to maintain a reasonable level of securities to provide adequate liquidity and in order to have securities available to pledge to secure public deposits, repurchase agreements and other types of transactions. Fluctuations in the fair value of the Corporation's securities relate primarily to changes in interest rates.

Marketable securities are classified as Available for Sale, while investments in local municipal obligations are generally classified as Held to Maturity. The composition of the available for sale segment of the securities portfolio is summarized as follows (in thousands of dollars):

|                            | Septe                | ember 30, 2                             | 013      | December 31, 2012    |           |          |  |

The available for sale segment of the securities portfolio totaled \$259.3 million at September 30, 2013, an increase of \$19.6 million, or 8.2%, from \$239.7 million at December 31, 2012. The increase in the securities portfolio was primarily related to a pre-funding strategy associated with the acquisition of six Bank of America branches, scheduled to close in the fourth quarter of 2013. The increase primarily consisted of purchases of \$69.9 million, partially offset by sales and calls of \$10.5 million, maturities and principal collected of \$36.2 million and a decrease of \$1.9 million in unrealized gains.

The held to maturity segment of the securities portfolio consists of obligations of political subdivisions in the Corporation's market areas. These securities totaled \$6.5 million at September 30, 2013, a net increase of \$0.8 million due primarily to the purchase of securities, from December 31, 2012.

#### Loans

The composition of the loan portfolio, net of deferred origination fees and costs, and unearned income is summarized as follows (in thousands of dollars):

Edgar Filing: Electromed, Inc. - Form PRER14A

|              | September |          | December |          |  |
|--------------|-----------|----------|----------|----------|--|
|              |           | 30, 2013 |          | 31, 2012 |  |
| Commercial   |           |          |          |          |  |
| and          |           |          |          |          |  |
| agricultural | \$        | 139,893  | \$       | 133,851  |  |
| Commercial   |           |          |          |          |  |
| mortgages    |           | 361,063  |          | 320,198  |  |
| Residential  |           |          |          |          |  |
| mortgages    |           | 194,042  |          | 200,475  |  |
| Consumer     |           |          |          |          |  |
| loans        |           | 272,636  |          | 238,993  |  |
| Total loans, |           |          |          |          |  |
| net          | \$        | 967,634  | \$       | 893,517  |  |

Portfolio loans totaled \$967.6 million at September 30, 2013, an increase of \$74.1 million, or 8.3%, from \$893.5 million at December 31, 2012. The increase in portfolio loans was due to strong growth of \$46.9 million, or 10.3%, in commercial loans and \$33.6 million in consumer loans. The growth in commercial loans was due primarily to an increase in commercial mortgages in the Albany, New York region, of the Corporation's Capital Bank division. The growth in consumer loans was primarily in indirect consumer loans as the Corporation extended into 2013 its loan program with reduced pricing on high quality indirect auto loans.

Residential mortgage loans totaled \$194.0 million at September 30, 2013, a decrease of \$6.4 million, or 3.2%, from December 31, 2012. In addition, during the nine months ended September 30, 2013, \$14.9 million of newly originated residential mortgages were sold in the secondary market to Federal Home Loan Mortgage Corporation and \$0.6 million in residential mortgages were sold to the State of New York Mortgage Agency. During the twelve months ended December 31, 2012, \$15.8 million of residential mortgages were sold in the secondary market.

The Corporation anticipates that future growth in portfolio loans will continue to be in commercial mortgages and indirect consumer loans.

#### Non-Performing Assets

Non-performing assets consist of non-accrual loans, non-accrual troubled debt restructurings and other real estate owned that has been acquired in partial or full satisfaction of loan obligations or upon foreclosure.

Past due status on all loans is based on the contractual terms of the loan. It is generally the Corporation's policy that a loan 90 days past due be placed in non-accrual status unless factors exist that would eliminate the need to place a loan in this status. A loan may also be designated as non-accrual at any time if payment of principal or interest in full is not expected due to deterioration in the financial condition of the borrower. At the time loans are placed in non-accrual status, the accrual of interest is discontinued and previously accrued interest is reversed. All payments received on non-accrual loans are applied to principal. Loans can be returned to accrual status when they become current as to principal and interest and remain current for a period of six consecutive months or when, in the opinion of management, the Corporation expects to receive all of its original principal and interest. In the case of non-accrual loans where a portion of the loan has been charged off, the remaining balance is kept in non-accrual status until the entire principal balance has been recovered.

The following table summarizes the Corporation's non-performing assets, excluding acquired PCI loans (in thousands of dollars):

|                              | -    | ember 30,<br>2013 | ember 31,<br>2012 |

#### Non-Performing Loans

The recorded investment in non-performing loans at September 30, 2013 totaled \$7.6 million compared to \$6.0

million at December 31, 2012, an increase of \$1.6 million. The increase in non-performing loans was due primarily to an increase of \$0.7 million in non-accrual commercial mortgages and \$0.7 million in commercial and industrial loans. In addition, non-accrual residential mortgages increased \$0.3 million while there was a slight increase in non-accrual consumer loans.

The recorded investment in accruing loans past due 90 days or more totaled \$1.5 million at September 30, 2013 compared with \$4.5 million at December 31, 2012. The decrease was due primarily to a \$3.0 million reduction in acquired construction loans not considered by management to be PCI loans, which for a variety of reasons are 90 days or more past their stated maturity dates. These loans totaled \$1.5 million at September 30, 2013. However, the borrowers continue to make required interest payments. Additionally, these loans carry third party credit enhancements, and based upon the strength of those credit enhancements, the Corporation has not identified these loans as PCI loans and expects to incur no losses on these loans.

Not included in non-performing loans at September 30, 2013 are \$9.2 million of acquired loans which the Corporation has identified as PCI loans. The PCI loans are accounted for under separate accounting guidance, Accounting Standards Codification ("ASC") Subtopic 310-30, "Receivables - Loans and Debt Securities Acquired with Deteriorated Credit Quality" as disclosed in "Note 5 Loans and Allowance for Loan Losses" to the unaudited interim financial statements.

#### **Troubled Debt Restructurings**

The Corporation works closely with borrowers that have financial difficulties to identify viable solutions that minimize the potential for loss. In that regard, the Corporation modified the terms of select loans to maximize their collectability. The modified loans are considered TDRs under current accounting guidance. Modifications generally involve short-term deferrals of principal and/or interest payments, reductions of scheduled payment amounts, interest rates or principal of the loan, and forgiveness of accrued interest. As of September 30, 2013, the Corporation had \$1.1 million of non-accrual TDRs compared with \$0.4 million as of December 31, 2012. As of September 30, 2013, the Corporation had \$6.2 million of accruing TDRs compared with \$5.4 million as of December 31, 2012. The increase in total TDRs was due primarily to restructuring the loans of four commercial borrowers that experienced financial difficulties during the second quarter of 2013.

#### **Impaired Loans**

Impaired loans at September 30, 2013 totaled \$11.9 million, including performing TDRs of \$6.2 million, compared to \$12.7 million, including performing TDRs of \$5.4 million, at December 31, 2012. The decrease in impaired loans was due primarily to a decrease of \$1.6 million in commercial mortgages, partially offset by an increase of \$0.7 million in commercial and industrial loans. Included in the impaired loan total at September 30, 2013 are loans totaling \$2.7 million for which impairment allowances of \$1.1 million have been specifically allocated to the allowance for loan losses. Included in the impaired loan total at December 31, 2012, are loans totaling \$0.8 million for which impairment allowances of \$0.2 million have been specifically allocated to the allowance for loan losses. Not included in the impaired loan totals are acquired loans identified as PCI loans.

The majority of the Corporation's impaired loans are secured and measured for impairment based on collateral evaluations. It is the Corporation's policy to obtain updated appraisals, by independent third parties, on loans secured by real estate at the time a loan is determined to be impaired. Prior to the receipt of the updated appraisal, an impairment measurement is performed based upon the most recent appraisal on file to determine the amount of any specific allocation or charge-off. In determining the amount of any specific allocation or charge-off, the Corporation will make adjustments to reflect the estimated costs to sell the property. Upon receipt and review of the updated appraisal, an additional measurement is performed to determine if any adjustments are necessary to reflect the proper provisioning or charge-off. Impaired loans are reviewed on a quarterly basis to determine if any changes in credit quality or market conditions would require any additional allocation or recognition of additional charge-offs. Real estate values in the Corporation's market area had not increased dramatically in the prior several years and, as a result, declines in real estate values have been modest. Non-real estate collateral may be valued using (i) an appraisal, (ii) net book value of the collateral per the borrower's financial statements, or (iii) aging reports, that may be adjusted based on management's knowledge of the client and client's business. If market conditions warrant, future appraisals are obtained for both real estate and non-real estate collateral.

#### Allowance for Loan Losses

The allowance is an amount that management believes will be adequate to absorb probable incurred losses on existing loans. The allowance for loan losses is increased through a provision for loan losses charged to operations. Loans are charged against the allowance for loan losses when management believes that the collectability of all or a portion of the principal is unlikely. Management's evaluation of the adequacy of the allowance for loan losses is performed on a periodic basis and takes into consideration such factors as the credit risk grade assigned to the loan, historical loan loss experience (general component) and review of specific impaired loans (including evaluations of the underlying collateral and expected cash flows). Historical loss experience is adjusted by management based on their judgment as to the current impact of qualitative factors including changes in the composition and volume of the loan portfolio, overall portfolio quality, and current economic conditions that may affect the borrowers' ability to pay. Management believes that the allowance for loan losses is adequate to absorb probable incurred losses. While management uses available information to recognize losses on loans, future additions to the allowance may be necessary based on changes in economic conditions. In addition, various regulatory agencies, as an integral part of their examination process, periodically review the Corporation's allowance for loan losses. Such agencies may require the Corporation to recognize additions to the allowance based on their judgments about information available to them at the time of their examination.

Management, after considering current information and events regarding the borrower's ability to repay their obligations, classifies a loan as impaired when it is probable that the Corporation will be unable to collect all amounts due according to the contractual terms of the loan agreement. Factors considered by management in determining impairment include payment status, collateral value, and the probability of collecting scheduled principal and interest payments when due. Loans that experience insignificant payment delays and payment shortfalls generally are not classified as impaired. Management determines the significance of payment delays and payment shortfalls on a case-by-case basis, taking into consideration all of the circumstances surrounding the loan and the borrower, including the length of the delay, the reasons for the delay, the borrower's prior payment record, and the amount of the shortfall in relation to the principal and interest owed. If a loan is determined to be impaired and is placed on nonaccrual status, all future payments received are applied to principal.

If a loan is impaired, a portion of the allowance is allocated so that the loan is reported, net, at the present value of estimated future cash flows using the loan's existing rate or at the fair value of collateral if repayment is expected solely from the collateral. Troubled debt restructurings are impaired loans.

The general component covers non-impaired loans and is based on historical loss experience adjusted for current factors. Loans not impaired but classified as substandard and special mention use a historical loss factor on a rolling five year history of net losses. For all other unclassified loans, the historical loss experience is determined by portfolio class and is based on the actual loss history experienced by the Corporation over the most recent two years. This actual loss experience is supplemented with other economic factors based on the risks present for each portfolio class. These economic factors include consideration of the following: (1) lending policies and procedures, including underwriting standards and collection, charge-off and recovery policies, (2) national and local economic and business conditions and developments, including the condition of various market segments, (3) loan profiles and volume of the portfolio, (4) the experience, ability, and depth of lending management and staff, (5) the volume and severity of past due, classified and watch-list loans, non-accrual loans and troubled debt restructurings, (6) the quality of the Bank's loan review system and the degree of oversight by the Bank's Board of Directors, (7) collateral related issues: secured vs. unsecured, type, declining valuation environment and trend of other related factors, (8) the existence and effect of any concentrations of credit, and changes in the level of such concentrations, (9) the effect of external factors, such as competition and legal and regulatory requirements,

on the level of estimated credit losses in the Bank's current portfolio and (10) impact of the global economy.

The allowance for loan losses was \$11.9 million at September 30, 2013, up from \$10.4 million at December 31, 2012. The ratio of allowance for loan losses to total loans was 1.23% at September 30, 2013, up from 1.17% at December 31, 2012. The increase in the allowance for loan losses was due primarily to loan portfolio growth, including allowances for this growth after consideration of the factors discussed above and higher net charge-offs. Net charge-offs for the nine months ended September 30, 2013 were \$0.3 million compared with net recoveries of \$0.3 million for the prior year. The increase in net charge-offs was primarily in the consumer loan portfolio.

The following table summarizes the activity in the allowance for loan losses for the nine months ended September 30, 2013 and 2012 (in thousands of dollars, except ratio data):

|                  | Nine Months Ended |          |           |         |  |  |  |
|------------------|-------------------|----------|-----------|---------|--|--|--|

**Deposits** 

A summary of deposits at September 30, 2013 and December 31, 2012 is as follows (in thousands of dollars):

|                      | S  | September December |    |           | Dollar | Percent  |         |
|----------------------|----|--------------------|----|-----------|--------|----------|---------|
|                      |    | 30, 2013           |    | 31, 2012  | (      | Change   | Change  |
| Non-interest-bearing | g  |                    |    |           |        |          |         |
| demand deposits      | \$ | 297,053            | \$ | 300,610   | \$     | (3,557)  | (1.18)% |
| Interest-bearing     |    |                    |    |           |        |          |         |
| demand deposits      |    | 96,191             |    | 90,730    |        | 5,461    | 6.02 %  |
| Insured money        |    |                    |    |           |        |          |         |
| market accounts      |    | 289,459            |    | 243,115   |        | 46,344   | 19.06 % |
| Savings deposits     |    | 183,804            |    | 173,589   |        | 10,215   | 5.88 %  |
| Time deposits        |    | 221,938            |    | 236,690   | (      | (14,752) | (6.23)% |
| Total                | \$ | 1,088,445          | \$ | 1,044,734 | \$     | 43,711   | 4.18 %  |

The growth in deposits is a result of the Corporation's deposit strategy, which is to fund the Bank with stable, low-cost deposits, primarily checking account deposits and other low interest-bearing deposit accounts. A checking account is the driver of a banking relationship and consumers consider the bank where they have their checking account as their primary bank. These customers will typically turn to their primary bank first when in need of other financial services. Strategies that have been developed and implemented to generate these deposits include: (i) acquire deposits by entering new markets through de novo branching, (ii) an annual checking account marketing campaign, (iii) training branch employees to identify and meet client financial needs with Bank products and services, (iv) link business and consumer loans to primary checking account at the Bank, (v) aggressively promote direct deposit of client's payroll checks or benefit checks and (vi) constantly monitor the Corporation's pricing strategies to ensure competitive products and services.

Sorted by public, commercial and consumer sources, the \$43.7 million growth in deposits was due to an increase of \$49.7 million in public funds, partially offset by decreases of \$3.5 million in commercial deposits and \$2.5 million in consumer deposits. The growth in public funds was due primarily to increases of \$29.8 million in insured money market accounts and \$11.9 million in interest-bearing demand deposits. The Corporation had anticipated a decline in time deposits since its strategy was to focus on core checking accounts.

The Corporation also considers brokered deposits to be an element of its deposit strategy and anticipates that it will continue using brokered deposits as a secondary source of funding to support growth. The Corporation's use of brokered deposits as part of its funding strategy complies with the FDIC's guidance and regulations on the use of brokered deposits by insured banks. Brokered deposits include funds obtained through brokers, and the Bank's participation in the Certificate of Deposit Account Registry Service ("CDARS") program and Insured Cash Sweep ("ICS") service. The CDARS and ICS programs both involve a network of financial institutions that exchange funds among members in order to ensure FDIC insurance coverage on customer deposits above the single institution limit. Using a sophisticated matching system, funds are exchanged on a dollar-for-dollar basis, so that the equivalent of an original deposit comes back to the originating institution.

In the summary of deposits table above, ICS funds were included in insured money market accounts. Funds obtained through brokers or CDARS were included in time deposits. Deposits obtained through brokers were \$6.0 million as of September 30, 2013 compared with \$8.8 million as of December 31, 2012. Deposits obtained through CDARS and ICS were \$9.3 million and \$17.1 million, respectively, as of September 30, 2013. Deposits obtained through CDARS were \$8.1 million as of December 31, 2012.

# Borrowings

Both FHLB term advances and securities sold under agreements to repurchase decreased \$1.2 million and \$2.2 million, respectively, during the nine months ended September 30, 2013. The increase of \$49.1 million in FHLB overnight advances was related to a pre-funding strategy associated with the acquisition of six Bank of America branches, scheduled to close in the fourth quarter of 2013. The overnight FHLB advances will be paid off after the acquisition is closed.

## Shareholders' Equity

Total shareholders' equity was \$134.8 million at September 30, 2013 compared with \$131.1 million at December 31, 2012. The increase was due primarily to \$7.2 million in net income for 2013, partially offset by dividends declared of \$3.6 million. The total shareholders' equity to total assets ratio was 10.05% at September 30, 2013 compared with 10.50% at December 31, 2012. The tangible equity to tangible assets ratio was 8.25% at September 30, 2013 compared with 8.53% at December 31, 2012. Book value per share increased to \$28.93 at September 30, 2013 from \$28.20 at December 31, 2012.

The Corporation and the Bank are subject to capital adequacy guidelines of the Federal Reserve and establish a framework for the classification of financial holding companies and financial institutions into five categories: well-capitalized, adequately capitalized, undercapitalized, significantly undercapitalized and critically undercapitalized. As of September 30, 2013, both the Corporation's and the Bank's capital ratios were in excess of those required to be considered well-capitalized under regulatory capital guidelines.

# **Results of Operations**

Comparison of Nine Months Ended September 30, 2013 and 2012

#### Net Income

Net income for the nine months ended September 30, 2013 was \$7.2 million, a decrease of \$1.7 million, or 18.5%, compared with \$8.9 million for the nine months ended September 30, 2012. Earnings per share for the nine months ended September 30, 2013 was \$1.56, compared with \$1.92 for the nine months ended September 30, 2012. Return on average assets and return on average equity for nine months ended September 30, 2013 were 0.76% and 7.25%, respectively, compared with 0.95% and 9.12%, respectively, for the same period in the prior year.

The decline in 2013 earnings was due primarily to a decrease of \$0.6 million in net interest income and reductions of \$0.3 million in net gain on securities transactions and \$0.8 million in pre-tax casualty gains from insurance reimbursements. In addition, the provision for loan losses increased \$1.0 million and non-interest expense increased \$0.8 million. These items were partially offset by an increase of \$0.9 million in the remaining non-interest income categories and a reduction of \$0.9 million in income taxes.

### Net Interest Income

Net interest income, which is the difference between income received on interest-earning assets, such as loans and securities, and interest paid on interest-bearing liabilities, such as deposits and borrowings, is the largest contributor to earnings.

Net interest income for the nine months ended September 30, 2013 totaled \$34.6 million, a decrease of \$0.6 million, or 1.8%, compared with \$35.2 million for the same period in the prior year. Net interest margin was 3.93% for the nine months ended September 30, 2013 compared with 4.10% for the same period in the prior year. The decline in net interest income was primarily due to a 31 basis point decrease in yield on interest-earning assets, partially offset by a 17 basis point decline in the cost of funds and an increase of \$30.6 million in average earning assets. The decline in net interest margin was due primarily to yields on interest-earning assets decreasing as a faster rate than the cost of interest-bearing liabilities. The decrease in yield on interest-earning assets was attributable to a 66 basis point decrease in yield on loans, a result of loans continuing to reprice at

current historically low market rates.

# Average Consolidated Balance Sheet and Interest Analysis

The following table sets forth certain information related to the Corporation's average consolidated balance sheets and its consolidated statements of income for the nine month periods ended September 30, 2013 and 2012. The table also reflects the average yield on assets and average cost of liabilities for the nine month periods ended September 30, 2013 and 2012. For the purpose of the table below, non-accruing loans are included in the daily average loan amounts outstanding. Daily balances were used for average balance computations. Investment securities are stated at amortized cost. No tax equivalent adjustments have been made in calculating yields on obligations of states and political subdivisions.

| (in thousands of dollars) | Nine Months Ended September 30, 2013 Nine Months Ended September 30, 2012 |           |           |       |    |           |           |        |

<sup>(1)</sup> Net interest rate spread is the difference in the yield received on earning assets less the rate paid on interest-bearing liabilities.

<sup>(2)</sup> Net interest margin is the ratio of net interest income divided by average earning assets

## Changes Due to Volume and Rate

Net interest income can be analyzed in terms of the impact of changes in rates and volumes. The following table illustrates the extent to which changes in interest rates and in the volume of average interest-earning assets and interest-bearing liabilities have affected the Corporation's interest income and interest expense during the periods indicated. Information is provided in each category with respect to (i) changes attributable to changes in volume (changes in volume multiplied by prior rate); (ii) changes attributable to changes in rates (changes in rates multiplied by prior volume); and (iii) the net changes. For purposes of this table, changes that are not due solely to volume or rate changes have been allocated to these categories based on the respective percentage changes in average volume and rate. Due to the numerous simultaneous volume and rate changes during the periods analyzed, it is not possible to precisely allocate changes between volume and rates. In addition, average earning assets include non-accrual loans and no tax equivalent adjustments were made.

## Provision for Loan Losses

The provision for loan losses for the nine months ended September 30, 2013 totaled \$1.8 million compared with \$0.8 million for the nine months ended September 30, 2012. The increase in the provision for loan losses was due primarily to one commercial and industrial loan, loan portfolio growth and higher net charge-offs.

### Non-Interest Income

Non-interest income for the nine months ended September 30, 2013 totaled \$12.8 million, a decrease of \$0.2 million, or 1.1%, compared with \$13.0 million for the same period in the prior year. The decline was due primarily to reductions of \$0.8 million in casualty gains from insurance reimbursements and \$0.3 million in net gain on securities transactions. These items were partially offset by increases \$0.3 million in Wealth Management Group fee income, \$0.2 million in service charges on deposit accounts and \$0.2 million in net gain on sales of loans held for sale.

## Non-Interest Expense

Non-interest expense for the nine months ended September 30, 2013 totaled \$34.9 million, an increase of \$0.7 million, or 2.3%, compared with \$34.2 million for the same period in the prior year. The increase was due primarily to increases of \$0.4 million in salaries and wages, \$0.2 million in acquisition expenses and \$0.2 million in data processing costs. These items were primarily offset by decreases of \$0.1 million in other real estate owned expenses and \$0.1 million in amortization of intangible assets. The increase in salaries and wages was due primarily to compensation related to merit increases and incentive plans.

#### **Income Taxes**

Income tax expense for the nine months ended September 30, 2013 totaled \$3.5 million, a decrease of \$0.9 million, compared with \$4.4 million for the same period in the prior year. Income tax expense reflects an effective tax rate of 32.4% for the nine months ended September 30, 2013 compared with 33.1% for the same period in the prior year. The decrease in the effective tax rate was due primarily to an increase in the relative percentage of tax exempt income to pre-tax income.

Comparison of Three Months Ended September 30, 2013 and 2012

### Net Income

Net income for the three months ended September 30, 2013 was \$2.2 million, a decrease of \$0.6 million, or 23.1%, compared with \$2.8 million for the three months ended September 30, 2012. Earnings per share for the three months ended September 30, 2013 was \$0.47 compared with \$0.61 for the three months ended September 30, 2012. Return on average assets and return on average equity for the three months ended September 30, 2013 were 0.67% and 6.45%, respectively, compared with 0.89% and 7.92%, respectively, for the same period in the prior year.

The decrease in net income for the three months ended September 30, 2013 was due primarily to a decline of \$0.3 million in net interest income and increases of \$0.6 million in the provision for loan losses and \$0.5 million in non-interest expense. These items were partially offset by an increase of \$0.4 million in non-interest income and a reduction of \$0.4 million in income taxes.

### Net Interest Income

Net interest income for the three months ended September 30, 2013 totaled \$11.5 million, a decrease of \$0.3 million, or 2.3%, compared with \$11.8 million for the same period in the prior year. Net interest margin was 3.84% for the three months ended September 30, 2013 compared with 4.04% for the same period in the prior year. The decline in net interest income was due primarily to a 29 basis point decrease in the yield on interest-earning assets, partially offset by a 12 basis point decline in the cost of funds and an increase of \$29.5 million in average earning assets. The decline in net interest margin was primarily due to yields on interest-earning assets decreasing at a faster rate than the cost of interest-bearing liabilities. The decrease in yield on interest-earning assets was attributable to a 52 basis point decrease in yield on loans, a result of loans continuing to reprice at current historically low market rates.

## Average Consolidated Balance Sheet and Interest Analysis

The following table sets forth certain information related to the Corporation's average consolidated balance sheets and its consolidated statements of income for the three month periods ended September 30, 2013 and 2012. The table also reflects the average yield on assets and average cost of liabilities for the three month periods ended September 30, 2013 and 2012. For the purpose of the table below, non-accruing loans are included in the daily average loan amounts outstanding. Daily balances were used for average balance computations. Investment securities are stated at amortized cost. No tax equivalent adjustments have been made in calculating yields on obligations of states and political subdivisions.

<sup>(1)</sup> Net interest rate spread is the difference in the yield received on earning assets less the rate paid on interest-bearing liabilities.

<sup>(2)</sup> Net interest margin is the ratio of net interest income divided by average earning assets

### Changes Due to Volume and Rate

Net interest income can be analyzed in terms of the impact of changes in rates and volumes. The following table illustrates the extent to which changes in interest rates and in the volume of average interest-earning assets and interest-bearing liabilities have affected the Corporation's interest income and interest expense during the three month periods ended September 30, 2013 and September 30, 2012. Information is provided in each category with respect to (i) changes attributable to changes in volume (changes in volume multiplied by prior rate); (ii) changes attributable to changes in rates (changes in rates multiplied by prior volume); and (iii) the net changes. For purposes of this table, changes that are not due solely to volume or rate changes have been allocated to these categories based on the respective percentage changes in average volume and rate. Due to the numerous simultaneous volume and rate changes during the periods analyzed, it is not possible to precisely allocate changes between volume and rates. In addition, average earning assets include non-accrual loans and no tax equivalent adjustments were made.

Three Months Ended September 30, 2013 vs. 2012 Increase/(Decrease)

Provision for Loan Losses

The provision for loan losses for the three months ended September 30, 2013 totaled \$0.9 million compared with \$0.2 million for the three months ended September 30, 2012. The increase in the provision for loan losses was due primarily to one commercial and industrial loan, loan portfolio growth and higher net charge-offs.

### Non-Interest Income

Non-interest income for the three months ended September 30, 2013 totaled \$4.4 million, an increase of \$0.4 million, or 9.0%, compared with \$4.0 million for the same period in the prior year. The increase was due primarily to increases of \$0.1 million in Wealth Management fee income, \$0.1 million in service charges on deposit accounts and \$0.1 million in net gain on sales of other real estate owned.

## Non-Interest Expense

Non-interest expense for the three months ended September 30, 2013 totaled \$11.8 million, an increase of \$0.5 million, or 4.2%, compared with \$11.3 million for the same period in the prior year. The decrease was due primarily to increases of \$0.2 million in data processing costs and \$0.2 million in acquisition expenses.

### Income Taxes

Income tax expense for the three months ended September 30, 2013 totaled \$1.0 million, a decrease of \$0.4 million, compared with \$1.4 million for the same period in the prior year. Income tax expense reflects an effective tax rate of 31.5% for the three months ended September 30, 2013 compared with 32.8% for the same period in the prior year. The decrease in the effective tax rate was due primarily to an increase in the relative percentage of tax exempt income to pre-tax income.

# Liquidity and Capital Resources

Liquidity management involves the ability to meet the cash flow requirements of deposit clients, borrowers, and the operating, investing, and financing activities of the Corporation. The Corporation uses a variety of resources to meet its liquidity needs. These include short term investments, cash flow from lending and investing activities, core deposit growth and non-core funding sources, such as time deposits of \$100,000 or more, securities sold under agreements to repurchase and other borrowings.

The Corporation is a member of the FHLB, which allows it to access borrowings that enhance management's ability to satisfy future liquidity needs. Based on available collateral and current advances outstanding, the Corporation was eligible to borrow up to a total of \$53.9 million and \$104.5 million at September 30, 2013 and December 31, 2012, respectively. The Corporation also had a total of \$28.0 million of unsecured lines of credit with four different financial institutions, all of which was available at September 30, 2013 and December 31, 2012.

During the nine months ended September 30, 2013, cash and cash equivalents decreased slightly. The major uses of cash included purchases of securities totaling \$76.1 million and a net increase of \$74.1 million in loans. These items were partially offset by proceeds from sales, maturities, calls and principal reductions on securities totaling \$52.1 million, net increases of \$47.9 million in borrowings and \$43.7 million in deposits, and \$14.9 million provided by operating activities.

As of September 30, 2013, the Bank's Tier I leverage ratio, Tier I and total risk-based capital ratios were 8.57%, 10.71% and 12.19%, respectively. All of the ratios were in excess of those required to be considered well-capitalized under regulatory capital standards.

During the nine months ended September 30, 2013, the Corporation declared cash dividends totaling \$0.78 per share compared with \$0.75 per share for the same period in the prior year.

# Interest Rate Risk

Management considers interest rate risk to be the most significant market risk for the Corporation. Market risk is the risk of loss from adverse changes in market prices and rates. Interest rate risk is the exposure to adverse changes in the net income of the Corporation as a result of changes in interest rates.

The Corporation's primary earnings source is net interest income, which is affected by changes in the level of interest rates, the relationship between rates, the impact of interest rate fluctuations on asset prepayments, the level and composition of deposits and liabilities, and credit quality of earning assets.

The Corporation's objectives in its asset and liability management are to maintain a strong, stable net interest margin, to utilize its capital effectively without taking undue risks, to maintain adequate liquidity, and to reduce vulnerability of its operations to changes in interest rates. The Corporation's Asset/Liability Committee ("ALCO") has the strategic responsibility for setting the policy guidelines on acceptable exposure to interest rate risk. These guidelines contain specific measures and limits regarding the risks, which are monitored on a regular basis. The ALCO is made up of the president and chief executive officer, the chief financial officer, the asset liability management officer, and other officers representing key functions.

Interest rate risk is the risk that net interest income will fluctuate as a result of a change in interest rates. It is the assumption of interest rate risk, along with credit risk, that drives the net interest margin of a financial institution. For that reason, the ALCO has established tolerance limits based upon a 200-basis point change in interest rates. At September 30, 2013, it is estimated that an immediate 200-basis point decrease in interest rates would negatively impact the next 12 months net interest income by 9.36% and an immediate 200-basis point increase would negatively impact the next 12 months net interest income by 10.33%. Both are within the Corporation's policy guideline of 15%. Given the overall low level of current interest rates and the unlikely event of a 200-basis point decline from this point, management additionally modeled an immediate 100-basis point decline and an immediate 300-basis point increase in interest rates. When applied, it is estimated these scenarios would result in negative impacts to net interest income of 4.10% and 15.44%, respectively.

A related component of interest rate risk is the expectation that the market value of the Corporation's capital account will fluctuate with changes in interest rates. This component is a direct corollary to the earnings-impact component: an institution exposed to earnings erosion is also exposed to shrinkage in market value. At September 30, 2013, it is estimated that an immediate 200-basis point decrease in interest rates would negatively impact the market value of the Corporation's capital account by 4.80% and an immediate 200-basis point increase in interest rates would negatively impact the market value by 6.01%. Both are within the Corporation's policy guideline of 15%. Management also modeled the impact to the market value of the Corporation's capital with an immediate 100-basis point decline and an immediate 300-basis point increase in interest rates, based on the current interest rate environment. When applied, it is estimated these scenarios would result in negative impacts to the market value of the Corporation's capital of 2.79% and 9.44%, respectively. Both are within the Corporation's policy guideline of 15%.

Management does recognize the need for certain hedging strategies during periods of anticipated higher fluctuations in interest rates and the Funds Management Policy provides for limited use of certain derivatives in asset liability management. These strategies were not employed during the nine months ended September 30, 2013.

## Pending Acquisition

On July 10, 2013, the Bank, the wholly-owned banking subsidiary of the Corporation entered into a Purchase and Assumption Agreement with Bank of America, National Association ("BOA") pursuant to which the Bank agreed to acquire certain assets and assume certain liabilities of six BOA branch offices located in Auburn, Cortland, Ithaca and Seneca Falls, New York. Subject to the terms of the Purchase Agreement, the Bank will acquire approximately \$261.0 million in deposits and \$1.6 million in loans, for a purchase price equal to the sum of a deposit premium of 1.5% based on the 30-day average balances prior to the close of the transaction, the aggregate net book value of all assets and accrued interest on the loans acquired. The Bank will not receive any loans that are past due 30 days or more on the closing date. The deposits acquired will initially be used to fund the purchase of investment securities of varying maturities. The maturities and cash flows of these securities will be structured

to provide funding for the anticipated deployment into new commercial and consumer loans originated in the near future. The transaction will close in the fourth quarter of 2013. Additional information concerning this transaction was included in the Corporation's Current Report on Form 8-K filed with the SEC on July 12, 2013.

## ITEM 3: QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Information required by this Item is set forth herein in Management's Discussion and Analysis of Financial Condition and Results of Operations under the heading "Interest Rate Risk."

### ITEM 4: CONTROLS AND PROCEDURES

The Corporation's management, with the participation of our President and Chief Executive Officer, who is the Corporation's principal executive officer, and our Chief Financial Officer and Treasurer, who is the Corporation's principal financial officer, has evaluated the effectiveness of the Corporation's disclosure controls and procedures as of September 30, 2013 pursuant to Rule 13a-15 of the Securities Exchange Act of 1934, as amended. Based upon that evaluation, the principal executive officer and principal financial officer have concluded that the Corporation's disclosure controls and procedures are effective as of September 30, 2013. In addition, there have been no changes in the Corporation's internal control over financial reporting during the most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Corporation's internal control over financial reporting.

## PART II. OTHER INFORMATION

| Period         | purchased | per  | share  | or programs         | programs           |
| 7/1/13-7/30/13 | -         | \$   | -      | -                   | 121,906            |
| 8/1/13-8/31/13 | -         | \$   | -      | -                   | 121,906            |
| 9/1/13-9/30/13 | -         | \$   | -      | -                   | 121,906            |
| Quarter ended  |           |      |        |                     |                    |
| 9/30/13        | -         | \$   | -      | -                   | 121,906            |
|                |           |      |        |                     |                    |

(1) On December 19, 2012, the Corporation's Board of Directors approved a stock repurchase plan authorizing the purchase of up to 125,000

shares of the Corporation's outstanding common stock. This plan replaces the plan approved on November 2009, which expired in November

2012. Purchases may be made from time to time on the open-market or in private negotiated transactions and will be at the discretion of

management. As of September 30, 2013, a total of 3,094 shares had been purchased under this plan.
