SFL – Sale of single hull VLCC

Press release from Ship Finance International Limited, March 11, 2008

Ship Finance International Limited (NYSE:SFL) (“Ship Finance” or the “Company”), today announced that it has agreed to sell the single-hull VLCC Front Sabang to a subsidiary of Taiwan Maritime Transportation Co., Ltd. (“TMT” or the “Buyer”). Concurrently, the Company informed that the previously announced sale of the single-hull VLCC Front Duchess has been cancelled.

The sale of Front Sabang will be in the form of a hire-purchase agreement, where the vessel will be chartered to the Buyer for a period of 3.5 years, with a purchase obligation at the end of the charter. We have previously entered into a similar hire-purchase agreement with TMT for the single-hull VLCC Front Vanadis.

There will be an upfront payment of approximately \$22 million from TMT, and the gross bareboat charter rate will be \$29,900 per day during the charter period. The purchase obligation at the end of the charter is \$3.9 million. In addition, the Buyer will have quarterly purchase options during the charter, starting at \$34.2 million, and reducing gradually over the term of the charter. Ship Finance has agreed to pay a compensation payment of approximately \$25 million to Frontline Ltd. (“Frontline”) for the termination of the current charter.

Delivery to TMT is expected in April 2008. During the term of the new charter, Ship Finance will receive on average more than \$22,000 more per day, net of operating expenses, compared to the base rate in the current charter agreement with Frontline.

In October 2007, the Company announced the agreement to sell the single-hull VLCC Front Duchess. The parties have now agreed to cancel the sales agreement, and the vessel will continue its current long-term charter to Frontline, including the profit share agreement.

Including newbuildings, the Company’s fleet consists of 70 vessels, essentially all on medium to long term charters. Excluding the two vessels sold on hire-purchase terms, there will be only seven crude oil tankers without double hull remaining in our fleet.

## About Ship Finance

Ship Finance is a major ship owning company listed on the New York Stock Exchange (NYSE: SFL). Including newbuildings and announced acquisitions/disposals, Ship Finance has a fleet consisting of 70 vessels, including 35 crude oil tankers (VLCC and Suezmax), 8 oil/bulk/ore vessels, 13 container vessels, 3 dry bulk carriers, 2 jack-up drilling rigs, 6 offshore supply vessels and 3 seismic vessels. The fleet is one of the largest in the world with a total cargo capacity of more than 11 million dwt. and most of the vessels are employed on long term charters.

More information can be found on the Company's website: [www.shipfinance.org](http://www.shipfinance.org)

## Cautionary Statement Regarding Forward Looking Statements

This press release may contain forward looking statements. These statements are based upon various assumptions, many of which are based, in turn, upon further assumptions, including Ship Finance management's examination of historical operating trends. Although Ship Finance believes that these assumptions were reasonable when made, because assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond its control, Ship Finance cannot give assurance that it will achieve or accomplish these expectations, beliefs or intentions.

Important factors that, in the Company's view, could cause actual results to differ materially from those discussed in this presentation include the strength of world economies and currencies, general market conditions including fluctuations in charter hire rates and vessel values, changes in demand in the tanker market as a result of changes in OPEC's petroleum production levels and world wide oil consumption and storage, changes in the Company's operating expenses including bunker prices, dry-docking and insurance costs, changes in governmental rules and regulations or actions taken by regulatory authorities, potential liability from pending or future litigation, general domestic and international political conditions, potential disruption of shipping routes due to accidents or political events, and other important factors described from time to time in the reports filed by the Company with the United States Securities and Exchange Commission.
