PRIVACY PRINCIPLES OF THE TRUSTS

The Trusts are committed to maintaining the privacy of shareholders and to safeguarding their non-public personal information. The following information is provided to help you understand what personal information the Trusts collect, how we protect that information and why, in certain cases, we may share information with select other parties.

Generally, the Trusts do not receive any non-public personal information relating to their shareholders, although certain non-public personal information of shareholders may become available to the Trusts. The Trusts do not disclose any non-public personal information about their shareholders or former shareholders to anyone, except as permitted by law or as is necessary in order to service shareholder accounts (for example, to a transfer agent or third party administrator).

The Trusts restrict access to non-public personal information about their shareholders to BlackRock employees with a legitimate business need for the information. The Trusts maintain physical, electronic and procedural safeguards designed to protect the non-public personal information of their shareholders.

LETTER TO SHAREHOLDERS

October 31, 2003

Dear Shareholder:

We are pleased to report that during the annual period, the Trusts continued to provide monthly income, as well as the opportunity to invest in various portfolios of municipal securities. This report contains the Trusts' audited financial statements and a listing of the portfolios' holdings.

The portfolio management team continuously monitors the municipal bond market and adjusts the portfolios in order to gain exposure to various issuers, revenue sources and security types. This strategy enables the Trusts to move among different sectors, credits and coupons to capitalize on changing market conditions.

The following table shows the Trusts' current yields, tax-equivalent yields, closing market prices per share and net asset values ("NAV") per share as of October 31, 2003.

(1) Yields are based on closing market price. Tax-equivalent yield assumes the maximum Federal tax rate of 35%.

BlackRock, Inc. ("BlackRock"), a world leader in asset management, has a proven commitment to the municipal bond market. As of September 30, 2003, BlackRock managed over \$17 billion in municipal bonds, including six open-end and 37 closed-end municipal bond funds. BlackRock is recognized for its emphasis on risk management and proprietary analytics and for its reputation managing money for the world's largest institutional investors. BlackRock Advisors, Inc., which manages the Trusts, is a wholly owned subsidiary of BlackRock.

On behalf of BlackRock, we thank you for your continued trust and assure you that we remain committed to excellence in managing your assets.

Sincerely,

/s/ Laurence D. Fink

NOTES TO FINANCIAL STATEMENTS

NOTE 1. ORGANIZATION & ACCOUNTING POLICIES The BlackRock Investment Quality Municipal Trust Inc. ("Municipal Investment Quality") was organized as a Maryland corporation on November 19, 1992. The BlackRock California Investment Quality Municipal Trust Inc. ("California Investment Quality"), The BlackRock New Jersey Investment Quality Municipal Trust Inc. ("New Jersey Investment Quality") and The BlackRock New York Investment Quality Municipal Trust Inc. ("New York Investment Quality") were organized as Maryland corporations on April 12, 1993. The BlackRock Florida Investment Quality Municipal Trust ("Florida Investment Quality") was organized as a Massachusetts business trust on April 15, 1993. BlackRock Municipal Income Trust ("Municipal Income"), BlackRock California Municipal Income Trust ("California Income"), BlackRock Florida Municipal Income Trust ("Florida Income"), BlackRock New Jersey Municipal Income Trust ("New Jersey Income") and BlackRock New York Municipal Income Trust ("New York Income") (collectively the "Income Trusts") were organized as Delaware statuatory trusts on March 30, 2001. Municipal Investment Quality and Municipal Income are registered as diversified, closed-end management investment companies under the Investment Company Act of 1940, as amended. California Investment Quality, California Income, Florida Investment Quality, Florida Income, New Jersey Investment Quality, New Jersey Income, New York Investment Quality and New York Income are registered as non-diversified, closed-end management investment companies under the Investment Company Act of 1940, as amended. Municipal Investment Quality, California Investment Quality, Florida Investment Quality, New Jersey Investment Quality and New York Investment Quality are herein referred to as the Investment Quality Trusts. The ability of issuers of debt securities held by each Trust to meet their obligations may be affected by economic developments in a state, a specific industry or region.

The following is a summary of significant accounting policies followed by the

SECURITIES VALUATION: Municipal securities (including commitments to purchase such securities on a "when-issued" basis) are valued on the basis of prices provided by dealers or pricing services selected under the supervision of each Trust's Board of Trustees or Board of Directors as the case may be (each, a "Board"). In determining the value of a particular security, pricing services may use certain information with respect to transactions in such securities, quotations from bond dealers, market transactions in comparable securities and various relationships between securities. Short-term investments may be valued at amortized cost. Investments in other investment companies are valued at net asset value. Any securities or other assets for which such current market quotations are not readily available are valued at fair value as determined in good faith under procedures established by, and under the general supervision and responsibility of, each Trust's Board.

SECURITIES TRANSACTIONS AND INVESTMENT INCOME: Securities transactions are recorded on trade date. Realized and unrealized gains and losses are calculated on the identified cost basis. Each Trust also records interest income on an accrual basis and amortizes premium and/or accretes discount on securities

purchased using the interest method.

FINANCIAL FUTURES CONTRACTS: A futures contract is an agreement between two parties to buy and sell a financial instrument for a set price on a future date. Initial margin deposits are made upon entering into futures contracts and can be either cash or securities. During the period the futures contract is open, changes in the value of the contract are recognized as unrealized gains or losses by "marking-to-market" on a daily basis to reflect the market value of the contract at the end of each day's trading. Variation margin payments are made or received, depending upon whether unrealized gains or losses are incurred. When the contract is closed, the Trust records a realized gain or loss equal to the difference between the proceeds from (or cost of) the closing transaction and the Trust's basis in the contract.

Financial futures contracts, when used by the Trusts, help in maintaining a targeted duration. Futures contracts can be sold to effectively shorten an otherwise longer duration portfolio. In the same sense, futures contracts can be purchased to lengthen a portfolio that is shorter than its duration target. Thus, by buying or selling futures contracts, the Trusts may attempt to manage the duration of positions so that changes in interest rates do not change the duration of the portfolio unexpectedly. At October 31, 2003, there were no open financial futures contracts in any of the Trusts.

SEGREGATION: In cases in which the Investment Company Act of 1940, as amended, and the interpretive positions of the Securities and Exchange Commission ("SEC") require that each Trust segregate assets in connection with certain investments (e.g., when issued securities, reverse repurchase agreements or futures contracts), each Trust will, consistent with certain interpretive letters issued by the SEC, designate on its books and records cash or other liquid debt securities having a market value at least equal to the amount that would otherwise be required to be physically segregated.

FEDERAL INCOME TAXES: It is each Trust's intention to continue to be treated as a regulated investment company under the Internal Revenue Code and to distribute sufficient net income to shareholders. For this reason and because substantially all of the gross income of each Trust consists of tax-exempt interest, no Federal income tax provisions are required.

DIVIDENDS AND DISTRIBUTIONS: Each Trust declares and pays dividends and distributions to common shareholders monthly from net investment income, net realized short-term capital gains and other sources, if necessary. Net long-term capital gains, if any, in excess of loss carryforwards may be distributed annually. Dividends and distributions are recorded on the ex-dividend date. Dividends and distributions to preferred shareholders are accrued and determined as described in Note 4.

ESTIMATES: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

50

DEFERRED COMPENSATION AND BLACKROCK CLOSED-END SHARE EQUIVALENT INVESTMENT PLAN: Under the revised deferred compensation plan approved by each Trust's Board, non-interested Trustees/Directors may elect to defer receipt of all or a portion of their annual compensation. As of January 1, 2003, the Board elected to require its non-interested members to defer a portion of their annual complex

compensation pursuant to the plan. Deferred amounts earn an approximate return as though equivalent dollar amounts had been invested in common shares of other BlackRock closed-end funds selected by the Trustees/Directors. This has the same economic effect for the Trustees/Directors as if the Trustees/Directors had invested the deferred amounts in such Trusts.

The deferred compensation plan is not funded and obligations thereunder represent general unsecured claims against the general assets of the Trust. Each Trust may, however, elect to invest in common shares of those Trusts selected by the Trustees/Directors in order to match its deferred compensation obligations.

RECLASSIFICATION OF CAPITAL ACCOUNTS: In order to present undistributed (distribution in excess of) net investment income ("UNII"), accumulated net realized gain ("Accumulated Gain") and paid-in capital ("PIC") more closely to its tax character the following accounts, for each Trust, were increased (decreased):

TRUST	UNII	ACCUMULATED GAIN	PIC
Municipal Investment Quality	(\$242,211)	\$242,211	\$
Municipal Income	(6,815)	6,815	
California Investment Quality	(1,136)	1,136

Florida Investment Quality	(32,493)	32,493	
Florida Income	(8)	8	
New Jersey Investment Quality	(222)	274,102	(273,880)
New Jersey Income	(1,256)	1,256	
New York Investment Quality	(33,901)	33,901	
New York Income	(15,137)	138	14,999

NOTE 2. AGREEMENTS Each Trust has an Investment Management Agreement with BlackRock Advisors, Inc. (the "Advisor"), which is a wholly owned subsidiary of BlackRock, Inc. BlackRock Financial Management, Inc., a wholly owned subsidiary of BlackRock, Inc., serves as sub-advisor to the Income Trusts. BlackRock, Inc. is an indirect, majority owned subsidiary of The PNC Financial Services Group, Inc. The investment management agreement on the Income Trusts covers both investment advisory and administration services. Municipal Investment Quality had an Administration Agreement with Princeton Administrators, L.P. ("Princeton"), an indirect wholly owned affiliate of Merrill Lynch & Co., Inc. California Investment Quality, Florida Investment Quality, New Jersey Investment Quality and New York Investment Quality had an Administration Agreement with Prudential Investments LLC ("Prudential"), an indirect wholly owned subsidiary of Prudential Financial, Inc.

Each Trust's investment advisory fee paid to the Advisor is computed weekly and payable monthly based on an annual rate, 0.35% for the Investment Quality Trusts and 0.60% for the Income Trusts, of the Trust's average weekly managed assets. The Advisor has voluntarily agreed to waive a portion of the investment advisory fee or other expenses on the Income Trusts as a percentage of managed assets as follows: 0.25% for the first five years of each of the Trust's operations, 0.20% in year six, 0.15% in year seven, 0.10% in year eight and 0.05% in year nine.

The administration fee paid to each Trust's respective administrator is computed weekly and payable monthly based on an annual rate, 0.15% to Princeton and 0.10% to Prudential, on other than the Income Trusts, of the Trust's average weekly managed assets. The administration fee paid to Princeton is subject to a minimum monthly fee of \$12,500.

On May 22, 2003, the Board approved the change of the current administrators to the Advisor. The new administration agreements became effective August 18, 2003. The administration fee structures for each Trust, as described above, will

remain unchanged under the new administration agreement.

Pursuant to the agreements, the Advisor provides continuous supervision of the investment portfolio and pays the compensation of officers of each Trust who are affiliated persons of the Advisor. The Advisor pays occupancy and certain clerical and accounting costs for Core Bond and Strategic Bond. Each Trust's respective administrator pays occupancy and certain clerical and accounting costs of their respective Trust(s). Each Trust bears all other costs and expenses, which include reimbursements to the Advisor for certain operational support services provided to each Trust.

Pursuant to the terms of the custody agreement, Municipal Investment Quality, Municipal Income, California Income, Florida Income, New Jersey Income and New York Income received earning credits from its custodian for positive cash balances maintained, which are used to offset custody fees.

NOTE 3. PORTFOLIO SECURITIES Purchases and sales of investment securities, other than short-term investments, for the year ended October 31, 2003, were as follows:

TRUST	PURCHASES	SALES	TRUST
Municipal Investment Quality	\$141 , 091 , 937	\$141 , 815 , 440	Florida Income
Municipal Income	524,386,011	560,341,635	New Jersey Investment Quality

Accordingly, no capital gain distributions are expected to be paid to shareholders of a Trust until that Trust has net realized capital gains in excess of its capital loss carryforward amounts. New York Income's tax year end is July 31st.

NOTE 4. CAPITAL There are 200 million of \$0.01 par value common shares authorized for each of the Investment Quality Trusts. There are an unlimited number of \$0.001 par value common shares authorized for the Income Trusts. Each Trust may classify or reclassify any unissued common shares into one or more series of preferred shares. At October 31, 2003, the common shares outstanding and the shares owned by affiliates of the Advisor of each Trust were as follows:

	COMMON SHARES	COMMON SHARES	
TRUST	OUTSTANDING	OWNED	TRUST
Municipal Investment Quality	16,707,093		Florida Income
Municipal Income	43,552,679		New Jersey Investment Quality
California Investment Quality	1,007,093	7,093	New Jersey Income
California Income	14,985,501		New York Investment Quality
Florida Investment Quality	1,127,093	7,093	New York Income

During the year ended October 31, 2003, Municipal Income issued additional shares under its dividend reinvestment plan of 69,968. During the year ended October 31, 2002, Municipal Income, California Municipal Income, Florida Municipal Income, New Jersey Municipal Income and New York Municipal Income issued additional shares under their dividend reinvestment plans of 171,937, 26,975, 28,015, 46,292, and 92,332, respectively.

52

As of October 31, 2003, each Trust had the following series of preferred shares outstanding as listed in the table below. The preferred shares have a liquidation value of \$25,000 per share plus any accumulated unpaid dividends.

TRUST	SERIES	SHARES	TRUST
Municipal Investment Quality	Т7	3,262	Florida Investment Quality
	T28	2,600	Florida Income

Dividends on seven-day preferred shares are cumulative at a rate which resets every seven days based on the results of an auction. Dividends on 28 day preferred shares are cumulative at a rate which resets every 28 days based on the results of an auction. The dividend ranges on the preferred shares for each of the Trusts for the year ended October 31, 2003, were as follows:

TRUST	LOW	HIGH	TRUST
Municipal Investment Quality	0.65%	1.76%	Florida Income
Municipal Income	0.40	1.75	New Jersey Investment Quality
California Investment Quality	0.40	1.52	New Jersey Income
California Income	0.40	1.67	New York Investment Quality
Florida Investment Quality	0.60	1.70	New York Income

A Trust may not declare dividends or make other distributions on common shares or purchase any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding preferred shares would be less than 200%.

The preferred shares are redeemable at the option of each Trust, in whole or in part, on any dividend payment date at \$25,000 per share plus any accumulated or unpaid dividends whether or not declared. The preferred shares are also

subject to mandatory redemption at \$25,000 per share plus any accumulated or unpaid dividends, whether or not declared, if certain requirements relating to the composition of the assets and liabilities of a Trust, as set forth in each Trust's Declaration of Trust, are not satisfied.

The holders of preferred shares have voting rights equal to the holders of common shares (one vote per share) and will vote together with holders of common shares as a single class. However, holders of preferred shares, voting as a separate class, are also entitled to elect two Trustees for each Trust. In addition, the Investment Company Act of 1940, as amended, requires that along with approval by shareholders that might otherwise be required, the approval of the holders of a majority of any outstanding preferred shares, voting separately as a class would be required to (a) adopt any plan of reorganization that would adversely affect the preferred shares, (b) change a Trust's subclassification as a closed-end investment company or change its fundamental investment restrictions and (c) change its business so as to cease to be an investment company.

NOTE 5. DIVIDENDS Subsequent to October 31, 2003, the Board of each Trust declared dividends from undistributed earnings per common share payable November 28, 2003, to shareholders of record on November 14, 2003. The per share common dividends declared were as follows:

	COMMON DIVIDEND	
TRUST	PER SHARE	TRUST
Municipal Investment Quality	\$0.076189	Florida Income
Municipal Income	0.081125	New Jersey Investment Quality
California Investment Quality	0.070600	New Jersey Income

NOTE 6. REIMBURSEMENTS Subsequent to October 31, 2003, the Advisor determined that each of the Municipal Investment Quality, California Investment Quality, Florida Investment Quality, New Jersey Investment Quality and New York Investment Quality had purchased high yield bonds in violation of a non-fundamental investment policy requiring their investments to be of investment grade quality at the time of purchase. The Advisor has reimbursed each of the Trusts for the realized and unrealized losses incurred from the date of purchase through December 18, 2003, as a result of these unauthorized purchases. The net realized and unrealized gains on these securities as of December 18, 2003 was \$167,280.00 for Municipal Investment Quality, \$10,779.26 for California Investment Quality, \$46,655.67 for Florida Investment Quality and \$4,284.00 for New York Investment Quality. The amount of the reimbursement for the losses was \$18,420.76 for California Investment Quality, \$86,481.10 for New Jersey Investment Quality and \$3,690.00 for New York Investment Quality. Such amounts have not been reflected in the accompanying financial statements for the year ended October 31, 2003.

NOTE 7. SUBSEQUENT EVENT On December 18, 2003, the Board approved a resolution for each of the Municipal Investment Quality, California Investment Quality, Florida Investment Quality, New Jersey Investment Quality and New York Investment Quality whereby each such Trust adopted a non-fundamental investment policy permitting each Trust to invest up to 20% of its managed assets, measured at the time of purchase, in securities rated BB/Ba or B by Moody's Investors Service, Inc., Standard & Poor's Ratings Group, a division of The McGraw-Hill Companies Inc., Fitch Ratings or another nationally recognized rating agency or, if unrated, deemed to be of comparable credit quality by BlackRock Advisors, Inc. or its affiliates.

We have audited the accompanying statements of assets and liabilities of each of the above mentioned Trusts (collectively, the "Trusts"), including the portfolios of investments, as of October 31, 2003, and the related statements of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the years in the five-year period then ended. These financial statements and financial highlights are the responsibility of the Trusts' management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a

test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of October 31, 2003, by correspondence with the custodian and brokers; where replies were not received from brokers, we performed other auditing procedures. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of each of the Trusts as of October 31, 2003, the results of their operations for the year then ended, the changes in their net assets for each of the two years in the period then ended, and the financial highlights for each of the years in the five-year period then ended, in conformity with accounting principles generally accepted in the United States of America.

DIVIDEND REINVESTMENT PLANS

Pursuant to each Trust's Dividend Reinvestment Plan (the "Plan"), common shareholders are automatically enrolled to have all distributions of dividends

and capital gains reinvested by EquiServe Trust Company, N.A. (the "Plan Agent") in the respective Trust's shares pursuant to the Plan. Shareholders who elect not to participate in the Plan will receive all distributions in cash paid by check and mailed directly to the shareholders of record (or if the shares are held in street or other nominee name, then to the nominee) by the Plan Agent, which serves as agent for the shareholders in administering the Plan.

After an Investment Quality Trust declares a dividend or determines to make a capital gain distribution, the Plan Agent will acquire shares for the participants' account, by the purchase of outstanding shares on the open market, on the Trust's primary exchange or elsewhere ("open market purchases"). The Investment Quality Trusts will not issue any new shares under the Plan.

After an Income Trust declares a dividend or determines to make a capital gain distribution, the Plan Agent will acquire shares for the participants' account, depending upon the circumstances described below, either (i) through receipt of unissued but authorized shares from the Trust ("newly issued shares") or (ii) by open market purchases. If, on the dividend payment date, the net asset value per share ("NAV") is equal to or less than the market price per share plus estimated brokerage commissions (such condition being referred to herein as "market premium"), the Plan Agent will invest the dividend amount in newly issued shares on behalf of the participants. The number of newly issued shares to be credited to each participant's account will be determined by dividing the dollar amount of the dividend by the NAV on the date the shares are issued. However, if the NAV is less than 95% of the market price on the payment date, the dollar amount of the dividend will be divided by 95% of the market price on the payment date. If, on the dividend payment date, the NAV is greater than the market value per share plus estimated brokerage commissions (such condition being referred to herein as "market discount"), the Plan Agent will invest the dividend amount in shares acquired on behalf of the participants in open market purchases.

Participants in the Plan may withdraw from the Plan upon written notice to the Plan Agent and will receive certificates for whole Trust shares and a cash payment for any fraction of a Trust share.

The Plan Agent's fees for the handling of the reinvestment of dividends and distributions will be paid by each Trust. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and distributions. The automatic reinvestment of dividends and distributions will not relieve participants of any Federal income tax that may be payable on such dividends or distributions.

Each Trust reserves the right to amend or terminate the Plan. There is no direct service charge to participants in the Plan, however, each Trust reserves the right to amend the Plan to include a service charge payable by the participants. Participants that request a sale of shares through the Plan Agent are subject to a \$2.50 sales fee and a \$0.15 per share sold brokerage commission. All correspondence concerning the Plan should be directed to the Plan Agent at 150 Royall Street, Canton, MA 02021, or (800) 699-1BFM.

58

ADDITIONAL INFORMATION (UNAUDITED)

We are required by the Internal Revenue Code to advise you within 60 days of a Trust's tax year end as to the Federal tax status of dividends paid by the Trust during such tax year. Accordingly, during the tax year-ended October 31, 2003, all dividends paid by all of the Trusts (excluding New York Income, which has a July 31st, tax year end) were federally tax-exempt interest dividends.

INVESTMENT STRATEGIES

The Board of each Investment Quality Trust has adopted a non-fundamental policy permitting each Investment Quality Trust to invest up to 20% of its managed assets, measured at the time of investment, in securities rated BB/Ba or B by Moody's Investors Service, Inc, Standard & Poors' Ratings Group, a division of The McGraw Hill Companies, Inc., Fitch Ratings or another nationally recognized rating agency or, if unrated, deemed to be of comparable credit quality by BlackRock Advisors, Inc. Non-fundamental policies may be changed without shareholder approval.

Due to the adoption of this non-fundamental policy, each Investment Quality Trust will be subject to the following additional risk:

RISKS OF BELOW INVESTMENT GRADE SECURITIES. Each Investment Quality Trust may invest up to 20% of its $% \left(1\right) =\left(1\right) ^{2}$ managed assets in below investment grade securities commonly known as "junk bonds." As a result, each Investment Quality Trust is subject to the increased risks associated with lower grade securities. Lower grade securities are subject to greater risk of default. The prices of these lower grade securities are more sensitive to negative developments, such as a decline in the issuer's revenues or a general economic downturn, than are prices of higher grade securities. Adverse conditions could make it difficult at times for the Trust to sell certain of these securities or could result in lower prices for the securities. Lower grade securities tend to be less liquid than investment grade securities. The market value of lower grade securities tends to be more volatile than investment grade securities. Lower grade securities generally are regarded as having predominantly speculative characteristics with respect to the issuer's ability to pay interest and repay principal. They may face major ongoing uncertainties or exposure to adverse business, financial or economic conditions which could lead to inadequate capacity to meet timely interest and principal payments.

The Boards also clarified that each Investment Quality Trust's credit quality policy applies only at the time of purchase and that an Investment Quality Trust is not required to dispose of a security if a rating agency downgrades its assessment of the security's credit characteristics.
