PROXY STATEMENT
2003 Annual Meeting of Stockholders

WHY YOU RECEIVED THIS PROXY STATEMENT

You received this proxy statement because the board of directors of CSS Industries, Inc. ("CSS") is soliciting your proxy to vote at the 2003 Annual Meeting of Stockholders ("Meeting") to be held at The Rittenhouse, 210 Rittenhouse Square, Philadelphia, Pennsylvania 19103 on Wednesday, August 6, 2003 at 9:30 a.m. local time. This proxy statement provides information that should assist you in voting on matters presented at the Meeting. You may vote in one of two ways: (i) in person, by attending the Meeting and casting your vote, or (ii) by proxy, by completing, signing and returning the enclosed proxy card. We are sending this proxy statement and the accompanying form of proxy to stockholders beginning on June 27, 2003.

WHO CAN VOTE

Stockholders of record at the close of business on June 10, 2003 may vote at the Meeting. On this record date, 7,777,487 shares of CSS common stock, par value \$.10 per share, were outstanding. Each share of common stock is entitled to one vote on any matter which is properly presented at the Meeting. On May 27, 2003, CSS approved a 3 for 2 common stock split distributable on July 10, 2003 to stockholders of record at the close of business on June 30, 2003. The share information in this proxy statement does not reflect this stock split.

WHO WILL PAY THE COSTS OF THIS PROXY SOLICITATION

We are paying for this solicitation of proxies. In addition to this mailing, proxies may be solicited by telephone by officers, directors or employees of CSS and its affiliated companies, who will not receive payment specifically for these services. We reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses in forwarding solicitation material to the beneficial owners of CSS shares.

HOW TO BE PART OF AN EFFECTIVE VOTE

In order to have an effective vote on any matter at the Meeting, there must

Edgar Filing: CSS INDUSTRIES INC - Form DEF 14A

be a quorum. A quorum exists when the holders of a majority of the shares entitled to vote are present in person or represented by proxy. Directors will be elected by a plurality of the votes cast at the Meeting. This means that the eight nominees receiving the most votes will be elected as directors. Approval of any other matter to be voted on at the Meeting requires the affirmative vote of the holders by a majority of the shares, present in person or represented by proxy at the Meeting.

You may vote at the Meeting by attending in person and submitting a ballot or by completing and properly submitting the enclosed proxy. The shares represented by each properly completed proxy card will be voted at the Meeting in accordance with each stockholder's choices. For the election of directors, votes may be cast in favor or withheld. Votes that are withheld will not be counted in the vote and will have no effect, other than to determine the presence of a quorum. Abstentions may not be specified for the election of directors. On all other matters, an abstention is counted as a vote against, and a broker "non-vote" generally is not counted on such matters. A "broker non-vote" occurs when a nominee (such as a broker) does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

If you do not indicate on the proxy card how you wish to have your shares voted, the shares will be voted as recommended by the board of directors. If any additional matters are properly presented to the Meeting, the proxy holders will vote in their discretion. This authority is given to the proxy holders in the enclosed form of proxy.

HOW YOU MAY REVOKE YOUR PROXY

You may revoke your proxy at any time before the vote is taken at the Meeting by filing with the Secretary of CSS a written revocation or another form of proxy bearing a date later than the date of the proxy that you submitted previously. You may also revoke your proxy by attending the Meeting and voting in person. Your attendance at the Meeting will not in and of itself constitute revocation of a proxy if you do not file a written revocation, submit a later-dated proxy or vote in person.

Your vote is important. We therefore invite and encourage you to complete, sign and return the accompanying proxy whether or not you plan to attend the Annual Meeting.

OUR INDEPENDENT ACCOUNTANTS, THEIR FEES AND THEIR ATTENDANCE AT THE ANNUAL MEETING

KPMG LLP ("KPMG") served as our independent public accountants for our fiscal year ended March 31, 2003. A representative of KPMG is expected to attend the Meeting. This representative will have an opportunity to make a statement, if he or she desires, and will be available to respond to your questions. Arthur Andersen LLP ("Andersen") served as our independent public accountants for our fiscal year ended March 31, 2002.

The following fees were billed by KPMG for services performed by KPMG during our fiscal year ended March 31, 2003 and by Andersen for services performed by Andersen during our fiscal year ended March 31, 2002:

Type of Fee	2003	2002
Audit Fees	\$491,000	\$ 326,500
Audit-Related Fees	47,511	232,900

Edgar Filing: CSS INDUSTRIES INC - Form DEF 14A

Tax Fees	46,000	75,200
All Other Fees	--	712,449
	-----	-----
	\$584,511	\$1,347,129
	=====	=====

The Audit Committee considered whether the provision of services other than financial statement audit and review services by KPMG was compatible with maintaining KPMG's independence.

Audit Fees

Audit fees were paid for the audit of CSS' annual consolidated financial statements and the reviews of CSS' consolidated financial statements included in CSS' Quarterly Reports on Form 10-Q.

Audit-Related Fees

Audit-related fees were paid for services that included due diligence services and closing balance sheet audits related to the acquisition of Crystal Creative Products, Inc. in 2003 and related primarily to the acquisition of certain assets of C. M. Offray and Son, Inc. in 2002.

Tax Fees

Tax fees were paid for tax compliance, tax advice and tax planning. Such services included assistance with tax return preparation and tax advice relating to acquisitions.

All Other Fees

There were no fees billed in 2003 for products and services provided by KPMG other than the services referred to above. In 2002, fees were billed by Andersen for professional services relating to the Company's financial information systems design and implementation.

On May 21, 2002, our Board of Directors, upon the recommendation of the Audit Committee, decided to no longer engage Andersen as the Company's independent public accountants effective June 11, 2002. Andersen's reports on our consolidated financial statements for our fiscal year ended December 31, 2000, the transition period of January 1, 2001 to March 31, 2001 (the "Transition Period") and our fiscal year ended March 31, 2002 (collectively "Accounting Periods") did not contain an adverse opinion or disclaimer of opinion, nor were they

2

qualified or modified as to uncertainty, audit scope or accounting principles. During each of the Accounting Periods and through the date of Andersen's dismissal, there were no disagreements with Andersen on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure which, if not resolved to Andersen's satisfaction, would have caused it to make reference to the subject matter of the disagreements in connection with its reports on our consolidated financial statements with respect to the Accounting Periods.

On July 3, 2002, our Board of Directors, upon the recommendation of the Audit Committee, engaged KPMG as its independent public accountants to audit our financial statements for our fiscal year ending March 31, 2003.

the CSS 2000 Stock Option Plan for Non-Employee Directors (the "2000 Plan"), consists of those members of the board of directors who are also our employees. We have no nominating committee.

EXECUTIVE COMMITTEE

The Executive Committee of the board of directors presently is composed of Messrs. Farber, Erskine and Sanyour. The Executive Committee may exercise all of the authority of the board of directors in our business and affairs to the extent permitted by law. The role of the Executive Committee is to take action on behalf of our Company at a time when action of the entire board is not feasible. The Executive Committee did not hold any meetings during our last fiscal year, but the Executive Committee did act four times by Unanimous Consent during our last fiscal year.

AUDIT COMMITTEE

The Audit Committee of the board of directors presently consists of Messrs. Bromley, Grossman and Ksansnak. The members of the Audit Committee are "independent" as that term is defined in the listing standards of the New York Stock Exchange. The board intends to elect at least three members of the Audit Committee following the Meeting, all of whom will be "independent." The Audit Committee held seven meetings and acted once by Unanimous Consent during our last fiscal year.

The primary responsibilities of the Audit Committee are to review our financial reporting process, select, oversee and approve the compensation of the independent accountants and, if necessary, the replacement of such accountants, to monitor the independence of such accountants, to pre-approve all auditing services and all allowable non-audit services to be provided by the independent accountants and to review and approve the audit plan and the results of the audit engagement.

In addition, the Committee is responsible for reviewing policies and guidelines regarding risk assessment, risk management, major financial risk exposures and the steps management has taken to monitor and control such risks. The Committee is also responsible for meeting periodically with the senior personnel performing the internal audit function, the general counsel's office, and the independent accountants to review the Company's policies and procedures regarding disclosures that may affect the financial statements, compliance with applicable laws and regulations and the Company's Code of Business Ethics and Internal Disclosure Procedures. The Committee is also responsible for overseeing the Company's internal controls and procedures.

The number of shares of common stock underlying grants made to these executive officers is

as follows: Mr. Erskine, 12,900; Mr. Dubin, 8,500; Mr. Cohen, 5,000; and Mr. Pietrafitta, 5,800. The exercise price of the options was \$35.75, which was the closing price per share reported by the New York Stock Exchange on the date preceding the grants. Options vest in equal increments on each of the first four anniversaries of the date of grant.

Supplemental Executive Retirement Benefits and Other Deferred Compensation Arrangements

Under applicable provisions of the Internal Revenue Code, we are required to disregard an employee's annual compensation in excess of a specified dollar amount (\$200,000 in 2003 and 2002) in determining the profit-sharing plan contribution that is made on behalf of such employee. We established our supplemental executive retirement plan ("SERP") to provide additional retirement benefits to eligible employees, with regard to compensation in excess of this dollar limit.

Under the CSS SERP, all eligible employees in the United States are entitled to have an amount credited for their benefit on our books equal to the product of (x) the percentage then used in deriving the dollar amount approved by the participating company's board of directors as the Company's profit sharing plan contribution for such calendar year and (y) the difference between the employee's total cash compensation for such calendar year and the dollar amount of the compensation limitation. Participant balances are adjusted by the investment performance of various investment benchmarks as selected by the participant. All amounts payable to any officer for whose benefit amounts have been credited represent an unsecured debt of CSS.

Under an agreement dated March 3, 1993, Mr. Dubin became eligible for certain unfunded non-qualified annual retirement benefits and death benefits. Benefits are payable upon termination of active employment. A pre-retirement death benefit is also available under this agreement. The annual retirement benefit if retirement occurs on or after age 65 is a fixed annual payment for fifteen years. Since Mr. Dubin has continued his employment with CSS beyond age 65, his annual benefits will be \$58,123 for fifteen years. Although we had no

obligation to fund the benefits provided by this agreement, we purchased a life insurance policy on the life of Mr. Dubin to provide funding for such benefits.

Prior to our merger with Philadelphia Industries on January 21, 1993, Mr. Farber was ineligible to participate in the Philadelphia Industries profit sharing plan. Thus, Mr. Farber entered into a deferred compensation agreement with Philadelphia Industries. We assumed this agreement upon the merger. It provided for benefits upon retirement or separation of service equal to what Mr. Farber would have received had he been eligible for participation in the profit sharing plan and SERP. In 1993, Mr. Farber became eligible to participate in the profit sharing plan in which CSS was participating and continues as a participant in CSS' current plan. In February 1999, our deferred compensation agreement with Mr. Farber was terminated, and at such time Mr. Farber became eligible to participate in our SERP.

In February 1999, we entered into an agreement with Mr. Farber under which we assumed an obligation to assist in funding a split dollar life insurance policy on Mr. Farber's life by paying up to five annual premium payments. At the time that we entered into this Agreement, the present value of the aggregate premium payments was approximately equal to the obligations we would have owed to Mr. Farber had the deferred compensation agreement not been terminated. The fifth annual premium payments were paid on December 10, 2002 and January 10, 2003.

AUDIT COMMITTEE REPORT

The Audit Committee is composed of three directors who are independent as defined by applicable New York Stock Exchange listing standards, and operates under a written charter adopted by the board of directors. On June 5, 2003, the Board of Directors adopted a revised charter for the Audit Committee, a copy of which is attached to this Proxy Statement as Appendix A.

Management is responsible for the Company's internal controls, financial reporting process and compliance with laws and regulations and ethical business standards. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report on them. The Committee's responsibility is to monitor and oversee these processes.

In this context, the Committee has met and held discussions with management and the independent accountants. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 ("Communication with Audit Committee"). The Company's independent accountants also provided to the Committee the written disclosures required by Independence Standards Board Standard No. 1 ("Independence Discussions with Audit Committees"), and the Committee discussed with the independent accountants that firm's independence.

The Committee meets with the Company's internal audit staff and its independent accountants, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls, and the quality of the Company's financial reporting.

Edgar Filing: CSS INDUSTRIES INC - Form DEF 14A

Based upon the Committee's review of the consolidated financial statements and discussion with management, internal audit staff and the independent accountants described above, the Committee recommended that the board of directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2003 filed with the Securities and Exchange Commission.

HUMAN RESOURCES COMMITTEE REPORT

The Human Resources Committee is comprised of three non-employee directors, all of whom meet the listing standards relating to director independence currently proposed by the New York Stock Exchange.

On April 24, 2003, the Board of Directors of the Company adopted a charter for the Human Resources Committee, a copy of which is attached to this Proxy Statement as Appendix B. The Human Resources Committee oversees the development and implementation of compensation policies, plans and programs designed to encourage the enhancement of our profitability, and consequently stockholder value. These objectives are addressed by relating a substantial portion of the compensation of our senior management to our financial performance. In essence, this portion of compensation is "at-risk" incentive compensation that is tied in part to an executive's contribution to the Company's successful financial performance. The Human Resources Committee also administers and makes grants under the CSS 1994 Equity Compensation Plan. In addition to providing incentives for financial performance, annual and longer term incentive compensation is designed to attract, retain and reward members of senior management who possess outstanding abilities and to motivate them to perform to the full extent of their abilities.

Our compensation program for senior management consists of base salary, annual performance bonuses, and longer term incentive compensation in the form of stock options, restricted stock grants and stock appreciation rights, benefits available generally to our employees (including retirement benefits under profit sharing plans), and supplemental retirement plans or deferred compensation agreements. The "at-risk" portion of the compensation program is significant relative to overall compensation.

Base salary levels for our executive officers are reviewed on an annual basis by the Human Resources Committee and are set generally to be competitive with other companies of comparable size and geographic location, (which are different than the companies in our "peer group" defined in the performance graph in this proxy statement) utilizing in part compensation survey information and also taking into consideration the position's complexity, responsibility and need for special expertise. In this regard, salary levels for our 2003 fiscal year were based upon survey information indicating a projected average increase of 3.75% for the year. Base salaries also reflected individual experience and achievement of individual preset performance objectives. Such objectives include achievement of budget goals, improvement in reporting quality, license acquisition and corporate development. We considered the recommendations of the Company's President and Chief Executive Officer in determining the compensation levels of the other executive officers.

Edgar Filing: CSS INDUSTRIES INC - Form DEF 14A

Incentive compensation for our executive officers is based upon the achievement of certain threshold and target levels of diluted earnings per common share by CSS (constituting 60 percent of potential incentive compensation) and the level of achievement of individual preset performance objectives relating to their respective areas of responsibility, such as management of credit exposures, successful completion of internal audit projects and development of human resources related strategies (constituting 40 percent of the potential incentive award). At the beginning of each year, threshold target levels are established for CSS and its subsidiaries by the Human Resources Committee to be used in determining annual performance bonuses. The formulae permit discretion in determining the size of the bonus pool, subject to certain parameters based upon the achievement of these performance goals, and to a limited extent in allocating the bonus pool among participants. During the fiscal year ended March 31, 2003, the diluted earnings per common share exceeded the threshold level but did not reach the target level and the percentage of the remaining potential incentive award paid to the executive officers varied based on the Committee's determination of the achievement of the respective performance objectives.

In determining Mr. Erskine's base salary, the Human Resources Committee has taken into consideration pay levels of chief executive officers of other companies of comparable size, the base salary levels of other officers of CSS and Mr. Erskine's overall management strengths and achievement of preset performance objectives, including achievement of budgetary goals, integration of acquisitions and improvement of foreign sourcing as evidenced by CSS' financial results. The Human Resources Committee does not apply any specific weight to these factors. Mr. Erskine's incentive compensation was based upon the achievement of threshold and targeted levels of diluted earnings per common share of CSS and his level of achievement of preset performance goals relating to certain financial and operational improvements of a Company business unit, sourcing activities, selling

11

and marketing approaches and a major software system implementation project. Mr. Erskine was awarded incentive compensation relating to diluted earnings per share that exceeded the threshold level but did not reach the target level and was awarded a portion of the remaining potential executive compensation based on partial achievement of his performance goals.

The Human Resources Committee annually considers the desirability of granting to officers and certain other employees of CSS and CSS' principal operating subsidiaries stock options, restricted stock grants and stock appreciation rights under the 1994 Plan. The objective of the 1994 Plan is to align senior management and stockholder long-term interests by creating a strong link between the executive's accumulation of wealth and stockholder return as well as enabling executives to develop and maintain a significant, long-term stock ownership position in our common stock. The Human Resources Committee adopted a methodology for use beginning with 1998 stock option grants which relates the number of stock options granted to each optionee to the individual's position and salary level, provided that if circumstances warrant, the Human Resources Committee may from time to time depart from strict adherence to such methodology at its discretion. The Human Resources Committee believes that its past grants of stock options have focused our executive officers and other members of senior management on building profitability and stockholder value. No stock options were granted to executive officers during our fiscal year ended March 31, 2003 because the Committee determined that stock options for executive officers should be granted after the conclusion of the fiscal year, rather than in February, as was the case in 2002.

Edgar Filing: CSS INDUSTRIES INC - Form DEF 14A

Payments relating to the fiscal year ended March 31, 2003 to our senior management under the various programs discussed above were made following consideration of Section 162(m) of the Internal Revenue Code, which limits the deduction that may be claimed by a "public company" for total compensation in excess of \$1 million paid to the chief executive officer or to any of the other four most highly compensated officers unless the compensation qualifies as "performance-based compensation." The 1994 Plan was designed to enable stock options and stock appreciation rights granted under the 1994 Plan to qualify as "performance-based compensation."

Performance Graph

The graph below compares the cumulative total stockholders' return on our common stock for the period from April 1, 1998 through March 31, 2003, with (i) the cumulative total return on the Standard and Poors 500 ("S&P 500") Index and (ii) a peer group, as described below (assuming the investment of \$100 in common stock, the S&P 500 Index, and the peer group on April 1, 1998 and reinvestment of all dividends).

The peer group utilized consisted of American Greetings Corporation, Blyth, Inc., Department 56, Inc., Russ Berrie and Company Inc. and Enesco Group, Inc. We have selected this group as our peer group because they are engaged in businesses that are sometimes categorized with our business. However, our management believes that a comparison of our performance to this peer group will be flawed, because the businesses of the peer group companies are in large part different from ours. In this regard, we compete with only one relatively small division of American Greetings, Blyth is principally focused on fragranced candle products and related candle accessories, competing only with some of our products through two divisions, and the other companies principally sell collectible and/or giftware items.

CERTAIN TRANSACTIONS

On June 24, 2002, we purchased an aggregate of 1,100,000 shares of our common stock from our Chairman, Jack Farber, members of his family and trusts for members of his family. The purchase, which occurred prior to the opening of trading on the New York Stock Exchange, was made at a price of \$33.00 per share, which is \$1.75 per share (5.0%) lower than the closing price reported on the New York Stock Exchange on June 21, 2002, the previous trading day, and \$1.64 per share (4.7%) lower than the average closing price over the ten trading days prior to the date of purchase.

The terms of the purchase were negotiated on our behalf by a Special Committee of the Board of Directors consisting of three then independent directors: Michael L. Sanyour (Chairman), Richard G. Gilmore and James E. Ksansnak. The Special Committee retained an independent investment bank which rendered an opinion to the Special Committee that, subject to the qualifications expressed in the opinion, the consideration payable in connection with the purchase of the shares was fair to the Company from a financial point of view. A copy of the opinion is included with our Current Report on Form 8-K filed on June 25, 2002, which may be accessed through the SEC's web site at www.sec.gov. The Special Committee unanimously recommended that our Board of Directors authorize the purchase, and our Board of Directors, other than Mr. Farber who was not present at the meeting, unanimously authorized the purchase. Our reference to the SEC's website is intended to be an inactive textual reference only.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors and beneficial owners of more than ten percent of our common stock to file reports of ownership of our securities and changes in ownership with the SEC. Based on our review of Section 16(a) filings, we believe that all filings required to be made during the fiscal year ended March 31, 2003 were made on a timely basis, except as follows: Mr. Nucero filed a report after the applicable due date with respect to his acquisition of a fractional share interest of 0.719 shares as a result of the automatic reinvestment of a dividend received by him on shares of our common stock held in our Employee Stock Purchase Plan.

STOCKHOLDER PROPOSALS

Any stockholder proposal to be presented at the 2004 Annual Meeting of Stockholders must be received by us on or before February 28, 2004 in order to be considered for inclusion in the proxy statement relating to the meeting. If a stockholder does not seek to have a proposal included in the proxy statement, but nevertheless wishes to present a proper proposal at the 2004 Annual Meeting of Stockholders, and the proposal is received by us on or before May 13, 2004, we will provide information in the proxy statement relating to that meeting as to the nature of the proposal and how persons named in the proxy solicited by the board of directors intend to exercise their discretion to vote on the matter.

This discussion should include, where appropriate, a discussion about the Company's accounting principles, critical accounting estimates, financial statement presentation, significant financial reporting issues and judgments (including off-balance sheet structures and the use of pro forma or non-GAAP financial information), the adequacy of the Company's internal controls, and any regulatory and accounting initiatives, correspondence with regulators, or published reports that raise material issues with respect to, or that could have a significant effect on, the Company's financial statements.

3. The Committee shall oversee the Company's internal controls and procedures for financial reporting, and internal controls relating to the authorization of transactions and the safeguarding and control of assets, and, where applicable, shall oversee the changes in internal controls intended to address any significant deficiencies in the design or operation of internal controls or material weaknesses therein and any fraud involving management or other employees that are reported to the Committee. In addition, the Committee shall review and discuss the annual internal control report of management and the independent auditors' report on, and attestation of, management's evaluation of internal controls and procedures for financial reporting, when those reports are required by SEC rules.

C. Independent Auditors

1. The Committee shall have the sole authority to retain, set compensation and retention terms for, terminate, oversee (including the resolutions of any disagreements between the management of the Company and the independent auditors), and evaluate the activities of the Company's independent auditors. The independent auditors shall report directly to the Committee. The Company shall provide for appropriate funding, as determined by the Committee, for payment of compensation to the independent auditors.
2. The Committee shall review and approve in advance the retention of the independent auditors for the performance of all audit and lawfully permitted non-audit services and the fees for such services. E. Reports

The Committee shall make regular reports to the Board on its activities, including reviewing any issues that arise respecting the quality and integrity of the Company's public reporting, the Company's compliance with legal and regulatory requirements, the performance and independence of the Company's independent auditors, the performance of the Company's internal audit department, and the effectiveness of the Company's disclosure controls and procedures.

The Human Resources Committee ("Committee") of the Board of Directors of the Company oversees the development and implementation of compensation and benefit policies, plans and programs designed to encourage enhancement of the Company's profitability, and consequently stockholder value. The Committee evaluates the compensation of the senior management of the Company and its affiliates and seeks to assure that they are compensated in a manner designed to attract, retain and reward them consistent with the compensation strategy of the Company, internal equity considerations, competitive practice, and the requirements of the appropriate regulatory bodies and other duties relating to human resources matters as requested by the Chief Executive Officer of the Company or as otherwise deemed appropriate. The Committee also shall communicate to stockholders regarding the Company's compensation policies and the reasoning behind such policies as required by the Securities and Exchange Commission.
