Item 5.02 Departure of Directors or Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

(1) Approval of Form of Performance Share Agreements

On January 15, 2008, the Compensation Committee of the Board of Directors (the Compensation Committee) of MarketAxess Holdings, Inc. (the Company), pursuant to the Company's 2004 Stock Incentive Plan (Amended and Restated Effective April 28, 2006) (the 2004 Plan), approved two forms of Performance Share Award Agreements for use under the 2004 Plan. The first form of Performance Share Award Agreement, a copy of which is attached hereto as Exhibit 10.1 and incorporated by reference herein, is for use in connection with grants of performance share awards to Richard M. McVey, the Company's Chief Executive Officer, and T. Kelley Millet, the Company's President. The second form of Performance Share Award Agreement, a copy of which is attached hereto as Exhibit 10.2 and incorporated by reference herein, is for use in connection with grants of performance share awards to all other individuals entitled to receive performance shares under the 2004 Plan.

Each Performance Share Award Agreement provides for the grant of a target number of performance shares. The performance shares will vest or be forfeited based on the Company's achievement, during the applicable performance period, of a level of pre-tax operating income per share of the Company's common stock (Common Stock) before payment of cash bonuses to the Company's employees during the performance period and expenses incurred in connection with the grant of all performance share awards for the performance period (the Performance Goal). Subject to a participant remaining employed by the Company during the performance period and through the date that the Compensation Committee certifies the level of achievement of the Performance Goal for the performance period (each such date, a Settlement Date), the participant may earn a specified percentage of the target number of performance shares awarded to the participant based upon the level of achievement of the Performance Goal for the performance period. For each performance share earned, a participant will be awarded an equal number of restricted shares of the Common Stock (as described below).

In the event of a participant's termination of employment due to death or Disability (as such term is defined in the 2004 Plan) prior to a Settlement Date, on the Settlement Date the participant will receive the shares of restricted stock the participant would have received had the participant been employed on the Settlement Date, based on the actual achievement of the Performance Goal. Fifty percent, or 100% in the case of Messrs. Millet and McVey, of these shares of restricted stock will immediately vest. Any remaining performance shares or unvested shares of restricted stock will be forfeited.

In addition, Messrs. McVey's and Millet's Performance Share Award Agreements provide that if their employment is terminated without Cause or for Good Reason (as such terms are defined in the 2004 Plan) prior to the Settlement Date, then on the Settlement Date they will receive the shares of restricted stock they would have received had they been employees on such Settlement Date, based on actual achievement of the Performance Goal and 50% of the total number of unvested shares of restricted stock will immediately vest. Any remaining performance shares or unvested shares of restricted stock will be forfeited.

In the event of a Change in Control (as such term is defined in the 2004 Plan) prior to the Settlement Date, the Compensation Committee will determine the treatment of the performance shares in a manner provided in the Performance Share Award Agreements.

Subject to continued service with the Company from the Settlement Date through each vesting date, other than as set forth below, any restricted stock awarded to the participant shall vest and cease to be restricted stock in equal 50% installments on each of the second and third anniversaries of the grant of the applicable performance share award.

In the event of a participant's termination of employment due to death or Disability after the Settlement Date, 50%, or 100% in the case of Messrs. Millet and McVey, of the total number of unvested shares of restricted stock will immediately vest. Any remaining unvested shares of restricted stock will be forfeited.

In addition, Messrs. McVey's and Millet's Performance Share Award Agreements provide that if employment is terminated without Cause or for Good Reason after the Settlement Date, 50% of the total number of unvested shares of restricted stock will immediately vest. Any remaining unvested shares of restricted stock will be forfeited.

In the event of a Change in Control after a Settlement Date, all restricted stock will immediately vest if a participant is terminated without Cause within 24 months following the Change in Control. For Messrs. McVey and Millet only, all restricted will also immediately vest if such Change in Control occurs within three months following a termination of employment for Good Reason. In addition, if immediately prior to the Change in Control the Compensation Committee determines that the restricted stock award will not be continued, assumed or have new rights substituted therefor, then immediately prior to the Change in Control all unvested shares of restricted stocks will immediately vest.

(2) Approval of Performance Share Awards for Fiscal Year 2008 Performance Period

On January 15, 2008, the Compensation Committee approved and awarded grants of performance shares under the 2004 Plan to eleven key officers and employees of the Company, including the named executive officers set forth in the chart below. The performance period for the awards will be the Company's fiscal year ending on December 31, 2008 (the 2008 Performance Period). Subject to remaining employed with the Company during the 2008 Performance Period and through the Settlement Date, each participant may earn between 50% and 150% of the target number of performance shares awarded to such participant based upon the level of achievement of the Performance Goal established by the Compensation Committee for the 2008 Performance Period. Participants will not earn any shares of restricted stock if the Company does not achieve at least 80% of the Performance Goal.

Set forth below is the target number of performance shares granted to the following named executive officers of the Company (i.e., the number of performance shares that would be earned based upon achievement of 100% of the performance goal):

Name of Executive Officer	Title	Target Number of Performance Shares
Richard M. McVey	Chief Executive Officer	68,600
T. Kelley Millet	President	27,400
James N. B. Rucker	Chief Financial Officer	8,920

McVey and Millet. A copy of the form of the New ISO Agreement is attached hereto as Exhibit 10.4 and incorporated by reference herein.

The New ISO Agreement is substantially identical to the form of incentive stock option agreement attached as Appendix B to the Company's Proxy Statement for its 2006 Annual Meeting of Stockholders, except the New ISO Agreement provides for the following additional terms:

upon the participant's death or Disability, 50% of any unvested portion of the stock option at the time of the participant's termination of employment will become fully vested and

exercisable until the earlier of one year from the employment termination date or the expiration of the stated term of the stock option; and in the event of a Change in Control, the stock option will be treated in accordance with the 2004 Plan, except that (i) immediately prior to the Change in Control, the Compensation Committee may determine that the stock option will not be continued, assumed or have new rights substituted therefor in accordance with the 2004 Plan, and immediately prior to the Change in Control, the stock option will become fully vested and exercisable, and (ii) if the participant incurs a termination of employment by the Company without Cause within 24 months after such Change in Control, the stock option will become fully vested and exercisable until the earlier of 90 days from the date of such termination or the expiration of the stated term of the stock option.
